WE MEAN WHAT WE SAY!

We have deliberately chosen the words **WHOLESOME, NOURISHING, REFRESHING**, to convey exactly to you the excellence of our O-K Mineral Waters.

WHOLESOME
because they do NOT contain the least trace of any substance that could cause unpleasant after effects (such as saccharine, artificial flavour or colour).

NOURISHING
because they DO contain REAL FRUIT JUICE and PURE SUGAR in generous quantities.

REFRESHING
because every stage in the process of their manufacture is personally supervised to ensure that each bottle of O-K MINERAL WATERS comes to you in 'just perfect' condition.

WATERFORD IN DUBLIN
Tomorrow the trek to Dublin for the final will commence and a record Waterford following will be seen on the streets of the Metropolis tomorrow.

On Saturday the tempo will be raised and the Waterford contingent will be seen in the Capital. The great influx of course will be from the city, but the special teams from the city, Duroy, Dungarvan and Cappanagh will represent thousands to Dublin and the local pictures will only be visualised when all are gathered at the headquarters of Gaelic in the afternoon to see the pulsating game which will decide who are to be champions of Ireland for 1959.

THE MASTER MCGRAH
Remember what I wrote about the great greyhound, Master McGrath, here a few weeks ago and the absence of the master of the dog to who the sculptor of his memorial was. Well, Mr. McGrath has returned to the city and has informed me that the man responsible for the master McGrath monument was Joseph Holland of Belfast. Mr. McGrath was unable to quote any authority but said that he remembered reading about it many years ago.

A LYING JADE
With commendable enthusiasm a member of the local Red Cross Life-Saving team advised the last Urban Council meeting in Dungarvan that the swimming pool was being kept. The Council in answer to the Red Cross Life-Saver was not very complimentary as the swimming pool was the Council are fulfilling their duties as the Health Authority of the town.

HOLIDAY REQUEST
At the suggestion of Mr. T. A. Ryan, T.D., Chairman, Dungarvan Urban Council at its meeting on last Friday night agreed to request the traders and business concerns of the town to close on next Monday to facilitate their employees who would be on holiday. The Council had agreed to give their employees a free day, but public bodies, with the exception of the police and fire departments, are one thing and private enterprises who have to pay staff themselves are another. The idea of closing is most laudable but there are a number of concerns which of necessity, just as at Christmas and other busy periods, must remain open. It is understood that at least one major concern has agreed to give all its employees a free day but at the workers' own expense and this appears to be a reasonable satisfactory way of meeting the matter.

POST OFFICE SITE IN DUNGARVAN
The Department of Posts & Telegraphs are looking for a site in Dungarvan and in other parts of the county for a new office building. It is located on the site of the old Post Office on the corner of the old Cinema, a site also in the ownership of the Council. The suggestion of course is only in the form of a request and it remains an optional matter for the executives of the various firms to decide for themselves what course they will follow.

I do not know what the traders in the town, Lismore, Tallow, Ballyduff, Ardmore, and those other towns and villages throughout the county are going to do, but I feel sure that employers will deal leniently if not with a completely blind eye, with the suggestions which may occur on Monday.

A SONG FOR DEISE FOLLOWERS
On All-Ireland Days it is customary to sing a song in honour of the various counties. It is also a feature of the programme to have one song for each county printed on it.

Peculiarly enough Waterford has never had a song which has to get to know it in the parade on Croke Park. It is also a feature of the programme to have one song for each county printed on it.

CONDITION OF DUNGARVAN SWIMMING POOL
Allegations By Deputation

A one-man deputation attended Dungarvan Urban Council on last Friday night to complain about the condition of the local swimming pool. It was Johnny Butler, a Red Cross Life-Saving Instructor, who said that the pool was in a very poor state of repair and that the water was very dirty. He also said that the pool was not properly maintained and that the water was very dirty.

Knockanore Priory Returns.—Knockanore Priory returned from U.S. vacation. Rev. Fr. Denis, who was in America for a year, returned to the priory on Friday August 28th. He was accompanied by his wife and children. The priory was very busy during his absence.

by chance . . .

Some of the world's great discoveries we owe to chance. In the 18th century Benjamin Franklin, the famous American scientist and philosopher, with the help of a boy's kite proved that lightning and electricity were one and the same thing, and it is to him that we owe lightning conductors on church steeples and high buildings. This was only the beginning of the many electrical discoveries. He experimented all his life and believed that electricity could be harnessed and put to man's use.

So next time you switch on your radio or television set, the pleasure you get is in no small measure due to Benjamin Franklin, a boy's kite and chance.

Why not buy a chance in the Cambridgeshire Sweep? You might be one of the many winners of £50,000.
