THE LOCAL PAPER Provincial Journalism in Ireland has a distinguished and glorious history. Today the local paper may be more important than ever. It is the local paper which makes a town or district a unit, and it is the local paper which sustains a sense of local pride and acting as a spur to local development. The Irish provincial papers in which are read by half a million people each week play a vital part in ensuring that the legitimate regional interests are aired and given proper consideration both locally and by the friends of the region.

The light which the Waterford Health Authority has put up for a 100 per cent grant towards the cost of repairing the roofs of the seven units of Ardkeen Hospital, originally estimated at £14,000, has been successful. This was disclosed at last Monday's meeting of the Health Authority in Dungarvan. Health Authority's Representations Succeed

When a delegation travelled to Dublin to discuss the matter with officials of the Department they were then told that their request for a full grant could not be considered and that the work would only rank for the ordinary Health Services grant of 50 per cent. Mr. Monday's meeting, the Secretary, Mr. J. Lynam, stated that while he had no official communication from the Department, he had read a Daily Report in which the Minister for Health, Mr. J. WAS SERIOUS

Cross-examined by Mr. Sheriff, Mr. Heskin said that he was serious about getting married and was keeping company with a girl in the County. He did not know whether he could describe himself as a Lismore man rather than a Ballyduff man, but his people originally came from Ardshin, Glencairn. When Mr. Heskin proceeded to develop this line of evidence, Judge Fawcett directed that the case be examined. Witness then said that the ownership of the house at Main Street had been handed over to him by his father.

Cork North, South and West were £14-10-0. Highest rates were levied in Waterford with a rate per head of £13-17-6. The lowest was the rate of £9-10-11. OBJECTION BY R.M.S.

Mr. Lynam then told the members that arising from the discussion on the matter at the last meeting the R.M.S. at Ardkeen, Dr. F. L. Corrigan had sent in a letter objecting to a remark made by one of the members. The letter which was then read by the Secretary stated: "At the last meeting of the Health Authority on the subject of the repairs to the roofs of the seven units of Ardkeen Hospital, a member stated that he was aware of the condition of the roofs of Ardkeen Hospital and in fact, the condition of the roofs. This member was not named and I am sorry that I was not able to identify him. The member's statement was in fact, a grossly untrue statement and I am sorry that it was made. I am sure that the member who made this statement was not aware of the condition of the roofs of Ardkeen Hospital and I am sure that he was not aware of the condition of the roofs of Ardkeen Hospital."
