## 2nd ANNUAL DANCE in the BOATHOUSE BALLROOM, Cappoquin

MUSIC BY PAT McNAMARA AND HIS ORCHESTRA  
SUNDAY, 5th SEPTEMBER. 8.30 — 1.30  
ADMISSION 6/-. (ROAD SAFETY STARTS WITH YOU)

### U.D.C. TAKE FIRST STEPS TO BAN ITINERANTS

#### Are A Constant Nuisance States Letter

Dungarvan Urban Council has taken the first steps in a new move to ban itinerants from camping on the outskirts of the town. Action was taken at a meeting of the Council following a series of complaints by farmers and residents over the past few months.

Mr. P. Doyle, Town Clerk, told the Council it had power to make an order prohibiting the erection of temporary dwellings on any land in the Urban area if they were satisfied it would have a prejudicial effect on public health in the area or interfere to an unreasonable extent with traffic.

The Council decided to get reports from the County Medical Officer and the Garda and discuss the matter at the next meeting.

The matter was raised when a letter from the residents of Shandon, Dungarvan, was read complaining of the inconvenience and nuisance being caused by itinerants in the area as a camping site.

From the landowners point of view the letter states that itinerants were a constant nuisance. They broke down trees, cut wires, opened gates and put horses into fields. On the Gaeltacht side of Shandon the parked caravans prevented orderly parking on the roadway which was urgently needed for sales at the Mart a few days a week and for Gaeltacht sales on Saturdays.

Up to recently the area was one of the most popular walks for tourists and day-trippers, alike and it has now been turned into a shambles since it had now become practically a permanent camping site. On top of this it must be a hazard from the public health point of view.

On the proposal of Mr. T. A. Kynne, T.D., Chairman, it was decided to place the matter on the agenda for the next meeting.

At their monthly meeting at Dungarvan last Friday the Council, having discussed the matter, decided not to make any definite arrangements for a while.

Mr. T. A. Kynne, T.D., Chairman, explained that for some years past they had been represented at this Annual Conference because of the high expenditure involved but he felt that as the Conference was being held in Cobh it might be feasible to send a representative.

Some months ago there was much play on the high prices which the housewife had to pay to feed her family. By an insidious implication the finger was levelled at the farmer. This week I did a little cross-check on some of the consumer and farm prices which were prevailing last November (the latest available). They make interesting reading. Take eggs. While the farmer was getting 4.5d. for his dozen eggs, the housewife was paying 5.9d. What about milk? I have more recent figures for that commodity. At present the Dublin housewife is paying 7d. per pint for the bottled milk left on her doorstep in the morning. How much of that does the farmer get, 6d. 4d? No, the answer is 3d. I think that the above illustrations reveal one thing at least. . . . While the farmer is doing the work somebody else is "making hay."

### HELVICK

Each day I rise, before my eyes  
This lovely view I see,  
Those distant hills that touch the sky  
And a wide expanse of sea,  
I see the pier below,  
The coloured boats, and the  
The fishermen take out these  
And earn their living thus.  
Good men they are, who  
To catch supplies of fish,  
And braver still, the lobster  
men  
Who risk their lives to save  
A ship distressed on a stormy  
sea,  
When the tempests roar and  
rave,  
Yonder the sea gulls rise and  
dip  
Like a shower of white snow  
flakes,  
They scream as they hover  
over  
Or ride the crest of the  
waves,  
As I walk, the many paths  
above  
I can see the rocky shore,  
And the cliffs so steep, while  
I hold my breath,  
I shall see them, evermore,  
Across the bay, serene it lays,  
The boathouse at Ballinacourty.

It gleams so bright in the  
dip  
Like a ghost-ship there  
reposing,  
And further on, as I scramble  
up  
Where the sloping hillside lies,  
I see the ruins of the old  
Walled-Tower.  
A sentinel against the sky,  
The "Slisphobus" is there at  
work  
I can hear its throbbing  
motion,  
They say this dredger is very  
form.

And yet it sails the ocean  
The little boats at anchor the  
Sheltered along the shore,  
The "Blue-bird" and the  
"Sea-Kal."  
At eventide when the sun  
sinks  
In a ball of fire so gurg,  
Its rays reflect in the water's  
blue,  
As it sinks in a blaze of glory,  
How peaceful here, the tide is  
in,  
The ship and the waters  
Kindly and courteous to  
the people here,  
And friendly is their greeting,  
Back to work again,  
Back to the same routine,  
Back to the seven-day week,  
The holidays but a dream,  
No more the sea-gulls' call —  
To wake us up at dawn,  
No longer will we see,  
That lovely view each morn,  
No little boats will see,  
Or hear its lapping sound,  
No fishermen to greet,  
Or bid the time of day,  
We go our separate ways.

At eventide when the sun  
sinks  
In a ball of fire so gurg,  
Its rays reflect in the water's  
blue,

### Moss Covered Roofs And Water Chutes Present Ugly Sight

Shaded roofs which were covered with moss and water chutes clogged with grass were topics which came in for some uncomplimentary comments from the members at the monthly meeting of Dungarvan U.D.C. last Friday night.

A number of the smaller houses in St. Michael's Terrace, which had slated roofs, were stated to be covered with moss and presented an ugly sight.

Mr. R. Walsh said that this covering of moss should be cleared as it would eventually have a damaging effect on the roofs.

Mr. P. Doyle, Town Clerk, said that a number of the residents had swept the moss from their roofs themselves.

Enquiring if spraying would be the remedy for the moss, Mr. J. Lee, also drew attention to the water chutes on some of the buildings in this area, which were almost completely clogged with grass.

Mr. T. A. Kynne, T.D., said it would not take very long to clear the roofs and stated that a few of the Council's workers should complete the job in less than a day.

### Warble Fly Eradication Scheme 1965.

A nation-wide scheme for the eradication of the Warble Fly will be operated by the Department of Agriculture and Fisheries in the period 1st September to 30th November 1965. It will be based on the dressing of cattle with organic phosphorus compounds. These are the new systemic preparations "Dyvon" in oil and "Kleminol" which were found to be so effective in the pilot scheme operated in 1963 and the nation-wide value-

The new scheme is very similar in many ways to that of 1964. Dressing is not compulsory but it is proposed to make an order under the Diseases of Animals Act effective as from 1st December, 1965, making it an offence to offer cattle for sale, export or slaughter unless they can be shown to have been treated under the scheme.

While therefore a herd-owner is not bound to have his cattle treated and is free to treat them himself, he will be unable to sell them after 1st December, 1965, unless they have been certified as having been treated under the scheme.

The way in which the treatment is to be provided forms another point of difference from previous years. Thus, some herd-owners obtained certificates of dressing, others did not. This year the Department is supplying a standard form of certificate which must be given for every animal treated and which will accompany the animal's Blue Card when it is being sold.

Mr. Walsh said that it was the intention of the Department that the scheme should be operated on a voluntary basis while he was stopped at the "Stop" sign he was passed by another vehicle.

Mr. Walsh suggested that they should investigate the possibility of erecting a "Zebra Crossing" somewhere near this junction. He added "Zebra Crossings are the most effective way of controlling traffic."

Mr. P. Doyle, Town Clerk, explained that the erection of such a crossing would involve considerable expense. It was decided that the cost of erecting a "Zebra Crossing."

### £1,800 ALLOCATED FOR RELIEF OF UNEMPLOYMENT

A total of £1,800 has been allocated for the relief of unemployment in the Dungarvan district during the coming Christmas season.

When the Employment and Emergency Scheme 1965 got under way on 1st September, the monthly meeting of Dungarvan U.D.C. last Friday night the members were informed by the Town Clerk (Mr. P. Doyle) that the annual grant this year amounted to £1,800, but added that this sum was subject to a local contribution of £200 making it a total of £2,000.

Mr. Doyle explained that the amount made available this year exceeded last year's figure by 25%.

It was unanimously decided by the members that the money should be spent for the completion of work at the sea wall and roadway at the promenade which had been brought to its present stage of repair under last year's scheme.

Mr. T. A. Kynne, T.D., Chairman, referred to the roadway stated that the stones on the road had become very loose. He added he discussed this matter before and had drawn the matter to the attention of the Council.

Town Clerk Mr. Doyle said that the roadway steamroller had the stones become loose shortly afterwards again.

Mr. J. Kennelly said that the cars were responsible for the loosening of the stones and suggested that these vehicles should be prohibited from using it.

Mr. T. A. Kynne, T.D., explained that it had been originally decided that the roadway should be completed by the end of the month and that the cars should be prohibited from using the roadway.

### Clr. Complain Glass Littered The Roadway For Three Days After A Collision

A complaint that fragments of glass littered the roadway for three days after a collision was made at the monthly meeting of Dungarvan Urban District Council last Friday night.

The matter arose when Mr. H. Walsh claimed that the sign-posting approaching the junction of Main Street (Grattan Square) was incorrect and should be altered. Mr. Walsh complained that pieces of glass were strewn around the roadway at this junction for three days following a collision.

But his reference to the glass on the road drew a prompt reply from the Chairman Mr. T. A. Kynne, T.D., who told him that he should have phoned the Town Clerk and then the roadway would have been cleared.

The Chairman subsequently admitted that he himself actually drove over the fragments of glass and did not even notice it.

Mr. Walsh said that it was the intention of the Department that the scheme should be operated on a voluntary basis while he was stopped at the "Stop" sign he was passed by another vehicle.

Mr. Walsh suggested that they should investigate the possibility of erecting a "Zebra Crossing" somewhere near this junction. He added "Zebra Crossings are the most effective way of controlling traffic."

Mr. P. Doyle, Town Clerk, explained that the erection of such a crossing would involve considerable expense. It was decided that the cost of erecting a "Zebra Crossing."

### Cappoquin News

Fortunate Escape—Mr. John Healy, Ballyhane, while driving his car through an "accommodation crossing" was involved in a collision with an express train, but a providential escape from injury. The fortunate young man, who is one of the stalwarts of the Alliance football team, has received many expressions of congratulation on his narrow escape.

Home From U.S.A.—Mr. Joseph Flynn, formerly of Glencairn, accompanied by his wife, Mrs. Flynn, and their two children, arrived here on vacation from the U.S.A. last Saturday. Hosts of old friends had a hearty welcome for the popular pair.

Rowing Success—At water sports sponsored by the Credit Corporation of Ireland and held in Waterford on Saturday two crews from the Cappoquin Club took the honours. The competition for the strangely named "Flapper" Championship of Ireland, the Senior Four from the station trained the personnel of the four was Conny McCreath, M.K., A. O'Keefe, J. J. O'Connell, M. Brady, and M. Gannon, Cox.

The trophies were a handsome cup and tankards for the individual rowers and a coat of arms for the crew. A Capt. O'Connell (M. Brady) and R. Brennan (T. O'Sullivan) were the winners of the four against two crews from Waterford B.C.

Good News—Good news regarding Thomas Hickey, who was seriously injured in an accident at work some weeks ago, has been received from Keshigo, Yorkshire. While still hospitalized he is making satisfactory progress.

Wedding—Gollins—Purcell—The marriage has taken place at St. Finbar's, Cappoquin, of Miss Margaret Gollins, daughter of Mr. and Mrs. M. Purcell, of Cappoquin, to Mr. James Purcell, of Cappoquin. The ceremony was performed by Rev. D. Hourihane, C.C., Dungarvan, assisted by Very Rev. J. Hally, P.P., Modelbeg. The bride was Miss Margaret Gollins, daughter of Mr. and Mrs. M. Purcell, of Cappoquin. The groom was Mr. James Purcell, of Cappoquin. The ceremony was performed by Rev. D. Hourihane, C.C., Dungarvan, assisted by Very Rev. J. Hally, P.P., Modelbeg.

Miss Purcell, who attended the National University of Ireland, U.C.D., has been awarded a B.Sc. in the Department of Chemistry. She is currently employed in the Chemistry Dept. of the College before joining the staff of the Sligo Laboratory. Dublin as an analytical chemist.

### NEW "BUY IRISH" DRIVE LAUNCHED

An intensive "Buy Irish Made" drive is currently being launched by the National Committee for the Buy Irish Movement. Planned to reach its peak during the vital business months of the year, the drive will avail of normal publicity media and the various local organising committees which have already been set up.

It will be remembered that the present Campaign has its roots in the British Import Levy imposed by the Labour Government last October. Although it got under way very quickly, it was backed by a firm, unprecedented public support. It came sharply against one of the factors in business life. While November and December may be the time of year when shop sales boom, the buyer is busy months before. So the position was that, while there was a great demand for, and insistence on, Irish made goods, the customer, willing to answer the call of Buy Irish Made, found he had to make do with what was in stock.

This year the National Committee would remind shopkeepers to expect a demand of at least equal proportions and to prepare to meet it. The build up of a steady home market secures the position of Irish industries. It ensures that they enter free Trade on a firm competitive basis, and, if the Buy Irish outlook is really absorbed, Irish made goods get built in advantage for the future.

Agish Supporters Club ANNUAL DANCE

Dancing 8.30 to 1.30 Admission 6/-

For the Future BUY IRISH

### HEADS IN THE SAND

New Attitude Towards Cancer Needed

Dipping heads out of the sand might seem an odd proposition, but it is a most rewarding one, particularly when the sand is made of fear and when we realize we are in a fight with a most serious illness, and more so with cancer. We don't want to hear about it. "It doesn't apply to me." "There's no need to be worried." These are phrases we all recognise.

Many people who come out with this kind of response do not think of themselves as ostriches. And they'd be the first to agree that "not knowing" never cured anything. So perhaps it's time we tried another attitude.

Looking after our health sometimes calls for a bit more information than comes to us in day to day experience. It might mean doing a little bit of reading perhaps no more than reading a poster card, or a leaflet, or a book, or a magazine. This is information we get to work.

This is information of cancer than perhaps, most other ailments. The picture is not all that black. It is not as bleak as many others—when we take a close look at it.

Not many people realise that most forms of cancer can be cured if caught in time. Not many people realise that for some very serious forms of cancer there is a tremendous amount which doctors can do.

Lismore and District News

Wedding The marriage took place at St. Carthage's Lismore of Mr. Patrick Gerard O'Connor youngest son of Mr. and Mrs. J. O'Connor Station House Lismore and Miss Mary Ryan, only daughter of Mr. Patrick Ryan, Townpark, and the late Mrs. B. Ryan. The ceremony with Nuptial Mass and Papat Blessing was performed by Very Rev. Fr. William Ryan, M.P. Lismore. The best man was Mr. Edward O'Connor brother of the groom and the bridesmaid was Miss Maura Redmond. The bride who was given away by her brother, Mr. William Ryan, wore a full-length gown of white lace over nylon and carried a bouquet of red roses and maidenhair fern, while the bridesmaid wore a full-length gown of blue satin and carried a bouquet of pink roses. The reception was held at Kieran Lodge Hotel, Chair and the honeymoon being spent in Jersey. May we wish Mr. and Mrs. O'Connor every success and happiness in their married life.
