Labour Party Ratifies Local Elections Candidates

A Convention of the County and City branches of the Labour Party was held in the Courthouse, Dungarvan on Sunday last.

Mr. Sean Treacy, T.D., Chairman, presided and over eighty delegates from the County and City Branches attended.

Deputy Treacy in his opening speech said he was very honoured and delighted to be asked to preside at the Convention because he felt a special interest in the result of the local elections in County Waterford because of the fact that a large part of the County had been transferred to the South.

Deputy Treacy went on to deal with the importance of the Labour Party in the coming years when Ireland might be faced with the competition of huge industrial firms from Western Europe and Great Britain.

Deputy Treacy spoke of the importance of good representation in the Local Authorities. He said that even with a Labour Government in office there would be a danger of having strong Labour representation in the benefits that a Labour Government would enact to be available by the Local Authorities.
