NEW HEALTH BOARDS
By the Health Bill, 1969, it is proposed to transfer the administration of the health services to make the beath services to make the beath Boards. Under the make the beath Boards. Under the make the beath Boards under the services and certain state those which at larger units that those which at larger units that those which at larger units that propose. For each group of counties there will be a health board, the amenhership of which will be made up of representatives of the county and county borough councils in the area concerned, persons elected by the medical and related professions, and some ministerial appointers.
One of the principal reasons, put forward by the Minister for Health for the proposed change is that for many of the services provided in hospitals, and for the general organisation of hospital services, the county is too small a unit. By co-ordinating the hospitals for a group of counties and by concentrating expensive specialised faultines in the larger units, a much more effective and economical faultines in the larger units, a much more effective and economical faultines in the larger units, a much more effective and economical faultines in the larger units, a much more effective and economical faultines in the larger units, a much more effective and economical faultines in the larger units, a much more effective and economical faultines in the larger units such regulations. Before making such regulations. Before making such regulations the Minister will consult formally with each county and county given as £54 million.

The formal consultation where Waterford is concented will take place on next Monday.

The Bill proposes to set up cipic group boards and the South Fastern Hearth Board to which Waterford Is concented will take place on next Monday.

The following is the proposed constitution of this regional board. Waterford County and City will be affiliated will also include boarders willers making a total local surfority expresentation of 16 members. There will be 8 Doc

They had 2 temporary Instructors in Farm Home Management and the fact of braving at entire temporary for the constylent of the popular of the popular staff. In the view of the Department this was not a desirable position and he suggested that the Committee should make one of these positions permanent at the cartiest possible apportunity. There was plenty of work for 2 instructors in the country, he said. Mr. Cadogan in referring to the field of horticulture said that the Committee find 2 permanent and one temporary Instructor who was as yet to be appointed. This was a field in which they expected much development as besides the room for tremendous increase in smensity horticulture there was finended.
