CAN YOU IMAGINE IT? COLLAPSE IN BIAFRA

When the County Engineer was asked to task by Councillor Austin Deasy to say that in his opinion there was no need for any drastic action. The drastic action he referred to was the spreading of grit and sand on the road surfaces that morning.

Before the matter was ever discussed at the Council meeting, I felt obliged to refer to the dangers of a road surface that was not gritted and sand on the road surfaces that morning.

In the circumstances I must fully agree with Councillor Deasy's description of conditions as they existed and can express nothing but surprise at the County Engineer's declaration that nothing out of the ordinary which would warrant emergency action existed that morning.

During the discussion that took place on the matter at the Council meeting it is worthy of note that Councillors from both east and west of the county all voiced praise and compliments for the men who came out in their respective areas on the same morning and covered the ice-bound roads and streets with gravel and grit.

Of course nothing could be further from the truth than that no action was called for. There was plenty of need for action and nothing that the County Engineer now says can get away from that.

We understand the plight and fears of the people there after the miseries of a civil war which we too experienced here. We can understand the terrible bitterness that can exist and the inhuman things that can be done.

We hope then that the warning and fear expressed by Our Holy Father, the Pope, for the welfare of Biafra and Nigeria will not fall on deaf ears and that the nations of the world, several of whom must have guilty consciences for the parts they have played in the terrible conflict up to this (not least in this respect Britain) will step in without delay and ensure that any intentions of the victorious Federal forces to completely wipe out the Biafran Iboes are halted at once.

Our prayers are with these unhappy people now in their desperate plight and the great new catastrophe which has come upon them.

COULD THIS EVER HAPPEN?

I was struck by the following news item which appeared lately and wondered as I read it whether the forecast made in it could ever come to pass. The item is as follows: "Milk from the cow will be a thing of the past in 20 years."

"I would forecast that there will be very little liquid milk sold in Britain in 10 years time," he said. "There can be few more wasteful occupations than carting enormous volumes of liquid around the country, putting it in bottles and delivering it to every doorstep, when 87 per cent of it is water."

Once powder milk was established, he added, it would open the door completely to a truly artificial product.

Mr. Leyburn's forecasts would tend to indicate that within the next decade or two the cow would become an obsolete animal. Even if there was a scintilla of truth in what he says what a bleak prospect for this country.

THE DRIPSEY AMBUSH

I do not think the words of this ballad ever appeared in our ballad corner before but I was asked about them lately and think it is time that they were included in our collection.

One Friday morning in January, The boys from far and near Assembled down at Godfrey's Cross

COUNTY COUNCIL APPROVES HEALTH AUTHORITY ESTIMATE

REFERENCES TO UNFAIR CRITICISM IN WATERFORD CITY PAPER

Reference to what he called complete misrepresentation and criticism in bad taste of members of the Council on the Health Authority contained in an article published in a Waterford City newspaper was made by Mr. C. Curran, Chairman, at the monthly meeting of Waterford County Council in Dungarvan last Monday. Other members of the Council also took issue with the criticisms contained in the article.

The matter arose when the annual provisional estimate and draft demand of the Waterford Health Authority came before the Council for approval. The estimate provides for a gross expenditure on the health services for the county and city of £2,061,070 for the coming year and in its original form called for an increase of approximately 5/3 in the £ on the County Rate and 2/10 in the £ in the City Rate.

Mr. Curran said that the Health Authority at their meeting decided to reduce the estimate by £12,000 which would mean a reduction of 3d. in the proposed 1970 county rate. This included a cut of £5,000 in the £10,000 included in the estimate for proposed repairs at the Holy Ghost Hospital, Waterford. Because of this decision the members of the County Council on the Health Authority had come under a lot of criticism in an article published in one of the Waterford City papers.

Mr. Curran said that the decision merely meant that £5,000 of the £10,000 included in the estimate for the repairs at the Holy Ghost Hospital would be withheld.

REPRESENTATIVES OF RATEPAYERS

Mr. S. Whelan said that he could not agree with Mr. Cahill's suggestion as he felt sure that the decision of the Health Authority was not going to affect anyone.

Mr. Whelan went on to say that the members of the Council on the Health Authority did know what they were doing at the meeting.

MANAGER'S STATEMENT

Mr. O'Connor, County Manager, pointed out that the Holy Ghost Hospital in Waterford was in existence for several centuries and in 1958 the County Council decided to make a major repair scheme and made application to the Health Authority for a grant of £10,000.

Mr. O'Connor said that the grant which was sanctioned by the Department but the £10,000 was never collected as the Govern-

ment of the hospital found they were not in a position to go ahead with the overall scheme which was estimated to cost £90,000.

Mr. O'Connor went on to say that later when a loan was being considered he submitted a report on the position as he was not happy that all the expenditure would be of a health nature and he suggested that the housing aspect of the proposals should be considered.

Mr. J. Quicke agreed that the article contained very unfair criticism of the Health Authority Vice-Chairman as it was.

Mr. K. O'Ryan said that he received a copy of the paper through the post and the report of the meeting it contained was completely inaccurate.

Mr. M. Harty said that contrary to what the article alleged, there was no question whatever of depriving the poor of anything as the Health Authority had earlier agreed on the question of taking over the hospital.

Mr. P. Cahill thought that the £5,000 cut from this part of the estimate should be restored and he agreed with the article when it stated that the cut meant a black day for the poor.

When Mr. Cahill said that he would propose that the £5,000 be restored, the Co. Manager, Mr. C. O'Connor, said that such a proposal would not be in order as all the Council could do at that stage was to recommend the matter back to the Health Authority.

Mr. W. Kennelly, T.D., said that as a member of the Board of the Holy Ghost Hospital he would not accept the Manager's statement as the Board were in a position to go ahead with their scheme and they were only waiting for the green light from the Department to go ahead with the work proposed for the front block of the hospital.

Mr. Curran, Chairman, then said that the man who wrote the article criticising the members had a confounded cheek as it tried to set them up as amateur people who were against the poor. He felt that the Board of the Holy Ghost Hospital should disassociate themselves from the attack made on the Council.

Mr. Harty said that he felt intensely about this attack on members of the Council as it was the County Council which looked after the needs of the people of the city when they had no hospital.

Mr. Curran — We don't want to see any county and city split over this.

In view of the statement made by the County Manager that the

reduction was only a temporary measure, the Council, on the proposal of Mr. P. Kennelly, seconded by Mr. M. J. Shalloo, agreed to approve of the estimate and draft as submitted with Mr. K. O'Ryan dissenting.

TO PROVIDE HOUSING GRANT

At a later stage the Manager informed the Council that it was proposed to build 40 new units (bed sitters with toilets etc.) at the hospital for old people.

He told Mr. P. Coffey that at present there were 20 old people from the city and 13 from the county in the hospital.

On the proposal of Mr. P. Cahill, seconded by Mr. M. Shalloo, the Council then unanimously agreed to provide supplementary housing grants towards the building of these new units at the hospital on condition that all units, if needed, 13 of the units would be reserved for people from the county.

WESTERN CONVENTION PROVIDED LITTLE CONTROVERSY

SURPRISE IN ELECTION FOR COUNTY BOARD REPRESENTATIVES

One hundred and nineteen delegates attended the Annual Convention of the Western Divisional G.A.A. Board held at the C.B.S. Hall, Dungarvan, on Sunday last. This was a Convention which provided stimulating discussion on some of the motions put forward, yet provided little in the way of controversy and the business of Convention presided over by Chairman Nicolas Mac Craith was completed within 2 1/2 hours.

The only surprise result came in the elections for County Board representatives when E. Power, Tallow, was ousted and another outgoing representative John McKenna, Brickey Rangers, did not seek re-election.

Two new comers were elected at their very first attempt. John A. Murphy, Dungarvan, who topped the poll with 18 first preference votes in the first count, and S. Tobin, Shamrocks, with an extra outgoing representative Tom Drumney, Eire Óge, also being re-elected. Eleven delegates contested the election. Total poll was 114, the quota was 31 and the three were declared elected after the count with the following number of votes—Tobin 34, Murphy 30, Drumney 27.

UNOPPOSED
The Chairman, Nicolas Mac Craith (Brickey Rangers), Secretary, Seamus O'Brien and Treasurer, Tom Walsh, were all returned unopposed. Outgoing Vice-Chairman, Kieran O'Ryan, was re-elected with 90 votes in a contest with Paddy Kennolly, Geraldines, who polled 13 votes and Ronan O'Donnell, Lismore, 11 votes.

MOTIONS
Of the fifteen motions put forward three were lost, three put out of order and the following nine were passed.

"That a trophy of some kind be awarded for all Western Board championships."
"That a schedule embracing all games to be played in the league be drawn up before the commencement of the next leagues." (Eire Óge).

"That a hard and fast rule be introduced to ensure that each fixture be completed not later than two weeks after original date." (Lismore).

"That teams successful in the West Waterford junior football championships and subsequently beaten in the county final shall have the option of remaining in the junior grade in the following year's championship." (Kilgobnet).

"That the officers of the new Board meet before Draws and Fixtures meeting to consider number, form and management, phasing, grouping and grading of championship and other competitions."
"That the officers of the incoming Board hold a special meeting to consider how the national aims of the association be implemented."

"That the incoming Board consider playing an adult groups competition." (Brickey Rangers).

"That all under-age championships be played in enclosed and properly stewarded venues—Abbeyside).

"That a plan, to include all games up to the concluding stages of each championship, be devised immediately following the draws for the new championships and that this plan be strictly adhered to." (Strabally).

SECRETARY'S REPORT
In his comprehensive report to Convention the Secretary, Seamus O'Brien, stated: "Alliances showed a decrease of two from 1968, but this was due to the amalgamation of four clubs and it did not therefore affect the number of teams taking part in the championships, which was one hundred and fourteen—as in 1968."

"The number of matches played under the jurisdiction of the Board showed an increase of fourteen over all other years, and this was due to the fact that a losers group was introduced in the minor championships and the winter competitions were played on a semi-league basis."

"The struggle to finish the championships is becoming a bigger problem in each succeeding year and this year it became almost impossible to do so. On a number of occasions the Board found it necessary to have attractive fixtures clashing and to insist on games being played in very bad weather conditions in order to ensure that they would finish within the season."

"The introduction of a losers group in the senior football championship had an effect on the adult divisional championships, which had already been well stretched by the playing of a new losers group in both minor championships."

"I believe that there is now an urgent need for the setting up of a committee to make a searching investigation into all aspects of our activities. Not alone to consider an overhaul of our championship structure, but to consider how best our power and influence can be utilised to develop the Association within the county. Greater involvement by members of the Association within the division in the running of some of our board activities must be of primary consideration. More members sharing in the work of the board would result in greater efficiency and would allow the board officers more time to carry out the plans made annually at Convention."

BOARD ACTIVITIES
Dealing with activities of the Board during the year the Secretary expressed regret that clubs, having been knocked out of the championships seemed to lose interest in Board meetings and other affairs of the Board.

The report went on: "Two meetings of the referees panel were held and there was a satisfactory attendance at both. As a result of these meetings three new referees came on to the panel, but apart from this, the meetings produced nothing worthwhile and unless we find some better way of arousing interest in these gatherings holding them is almost a waste of time."

"During the year the Board organised the 'Puck Fodda' championship which was run at two venues in the division. The response was disappointing and only a fraction of the eligible players took part. Three players were selected to represent the division in the county final, which was won by Liam O'Toibin, Na Seamroga, who then went on to take the All-Ireland Trophy, with N. de Paor, De La Salle, second. A highly commendable performance that deserves our sincere congratulations."

CHAMPIONSHIPS
The report gave a detailed account of all the championships and leagues run by the Board during the year. While the Secretary did report good sportsmanship all-round, despite occasional incidents and misconduct which he said did not give cause for anxiety, he saw fit to castigate teams for their unpunctuality. Some clubs, he said, found it impossible to field on time for their engagements, despite warnings given by the Board. In this connection, he said, referees were slow to report clubs and as a result it was difficult for the Board to take action.

This unpunctuality the Secretary maintained showed poor organisation and lack of consideration for the Board, gave a poor image to the Association and invited much criticism from their patrons.

REFEREES
With regard to referees the Secretary had this to say: "During the season several new referees came onto the panel and helped to ease the problem that had beset the Board for several years. Together with regular referees these men did wonderful work and enabled the championships to run smoothly."

"Unfortunately too many of our players do not appreciate the importance of the services that these men render to the Association and the lack of respect shown to them in many of our games is still giving cause for concern. Again it was necessary during the season to take action against players reported for indecent to referees and their subordinate officials."

MEN OF COURAGE
"Fortunately," the report stated "the majority of our referees are men of courage and competence, and do not hesitate to report on all matters of misconduct. It is unfortunate, however, that in far too many cases, Board members do not accept their responsibilities in dealing with offenders and are satisfied to leave the matter as the sole responsibility of the Chairman at the Board meetings."

"During the coming season it is planned to recruit more men to the panel which will meet before the commencement of the championships to decide on a hard and fast application of the rules."
SHOULD PROVIDE FACILITIES
The Chairman, Nicolas Mac Craith in a rather brief address said that the day of the one man club was gone. This was a good thing, he said, because it encour-

aged more people to become engaged in the work of the club. They should not, he said, cater for the playing of games alone but should provide facilities such as their own playing fields and halls for clubs. Indoor games should be provided and these he said would help to keep players fit in the winter season.

If, the Chairman said, the running of a club was left to one man then if he failed the club would fail.

There was, he continued, only four clubs in the division being properly run. Some clubs, he said were well ahead of others, Abbeyside and Tallow who had their own fields and Cappoquin who were starting a major scheme for the development of their own field. The Chairman also mentioned Ballysaggart who had now acquired their own field. Great credit was due to them and they were giving a great lead to the division by purchasing their own field.

Mr. Mac Craith suggested that meetings should be held to enlighten clubs of the facilities and aids available for acquiring and developing their own pitches.

FINANCE
The statement of accounts and balance sheet showed the financial position of the Board remained safe. Gate receipts at £1,302 showed an increase over 1968 while the Board made a profit of £35-3-1 on the year's working. The total assets of the Board amount to £309-13-1.

CREDIT SCHEME
The new Central Council Credit Scheme for Club Development was explained to the Convention by Central Council Representative Donal Whelan.

The Scheme envisages having 500 member-units, (individual clubs or firms), investing £100 per month or £2 per week.

The issued certificates would be repayable at any time after the first five years or in certain circumstances, on demand.

As an added incentive to prospective investors each £100 share entitles the holder to participate in a confined monthly draw for £500, the draw commencing in July and continuing each month for 20 years.

The result of the scheme means that money will be available for clubs for development on a low interest basis.

DO IT NOW
Strike the iron while it's hot. Do not wait too long. Form good habits in your youth. And you won't go wrong.

OUTSTANDING TRIBUTES BY COUNTY COUNCIL TO MR. E. J. KEYES

HOUSING OFFICER ATTENDS LAST MEETING OF COUNCIL

Mr. E. J. Keyes, who for the past ten years has been Staff Officer in charge of the Housing Section, Waterford County Council, and who is about to retire, on reaching the age limit, attended his last meeting of the Council in that capacity in Dungarvan last Monday. All members of the Council availed of the occasion to pay outstanding and well-deserved tributes to Mr. Keyes for the wonderful work he performed as a public official since he first joined the public services in the County over 42 years ago.

Mr. C. Curran, Chairman, said that as this was the last meeting of the Council which Mr. Keyes would attend before his impending retirement he would like to pay tribute to him and would like to thank him for the services he had rendered to the Council and to the people of the County during the long number of years he was with them. He referred to the wonderful national background Mr. Keyes had and wished him every happiness in his retirement.

All the members of the Council present at the meeting joined in paying similar tributes to Mr. Keyes.

Mr. C. A. O'Connor, County Manager, associating himself with the remarks made by the Chairman and members said that these were very well-deserved tributes to a dedicated and loyal official of the Council. He said that Mr. Keyes had been in charge of the housing section of the Council for many years and since he came to Waterford as County Manager he was struck by his great understanding of human problems in regard to housing.

On his own behalf and on behalf of the other officials, Mr. Dowling said that he also wished to pay tribute to Mr. Keyes as a loyal and efficient colleague and to convey to Mr. and Mrs. Keyes their very good wishes on his retirement.

OVATION
Mr. Keyes thanking the Council members and the Co. Manager and Co. Secretary for their very kind remarks, said that they made him feel proud as he had always tried very hard to meet all the requests for information made by the members and he always had very happy relations with them. He was most thankful for that.

Referring to his colleagues on the staff and to his superiors, Mr. Keyes paid a tribute to all for their help, understanding, kindness and co-operation shown him by all and in particular by some who had now gone from amongst them. Amongst the latter he made special mention of the late Michael Flynn, Secretary of the former Board of Health under whom he trained and also the late County Manager, Mr. S. J. Moylan, whom he described as one of nature's gentlemen.

When Mr. Keyes resumed his seat he was given a spontaneous ovation by those at the meeting.

SEWERAGE EXTENSION TO LISMORE SCHOOL

Co. Council Approves Cost

On the proposal of Mr. H. R. Dowd, seconded by Mr. J. Quirk, Waterford County Council at their monthly meeting in Dungarvan last Monday without discussion, unanimously approved a proposal to borrow £2,500 from the Council's Treasurers to meet the cost of the proposed extension in the sewerage for the Christian Brothers School, Lismore.

TO SEEK HIGHER HEALTH GRANT
On the proposal of Mr. D. Curran, seconded by Mr. K. O'Ryan, the Council unanimously agreed to call on the Government to increase the Health Services Grant for 1970-71 to 75 per cent.

Mr. A. Doasy pointed out that the Council had passed a similar resolution last year but they only got 56.5 per cent this year. Mr. O'Ryan said that now that the Health Services were going to be reorganised the Department should agree to bear three-quarters of the cost of these services.

NO LAUGH
"You are the only gentleman in the room," said a stranger. "In what way, sir?" asked a guest. "When I tripped in the dance, (saying my partner's dress, you were the only one in the room who did not laugh.)" "The lady is my wife and I paid ten pounds for that dress yesterday."

The EBS goes decimal

Equal to almost 8.5% gross Paid on Shares by the **EDUCATIONAL BUILDING SOCIETY** ASSETS £17.5M

More about decimals
Knowing that .5 means a half, how do we find the decimal for a quarter and for three quarters? A quarter is, of course, half of a half. Divide .5 by 2 and we find it. The answer is .25. Remember the point and the fact that you can add ciphers after any decimal. For instance .5 or 10/- can be written as .50 as it will be in our new money system—meaning fifty pence. Three quarters or 15/- can be got by multiplying .25—a quarter—by three. I.e., .75. Thus £1.5s will be written £1.25 £1.10s, will be written £1.50 and £1.15s, £1.75 the .25 .50 and .75 in each case standing respectively for 25, 50 and 75 new pence.

DUNGARVAN I.C.A. - The first monthly meeting of the newly elected officers will take place at Lawlor's Hotel on Tuesday night, January 20th, at 8.30 pm. The meeting was ably chaired by our new President Mrs. O'Keefe. A large number of guild members were present.

DEISE BRIDGE CLUB. Results - Monday, 12th January - Section A: 1st, Mr. E. P. and Mrs. P. McCarthy; 2nd, Mr. and Mrs. J. McCarthy; 3rd, Mr. and Mrs. J. McCarthy; 4th, Mr. and Mrs. J. McCarthy; 5th, Mr. and Mrs. J. McCarthy; 6th, Mr. and Mrs. J. McCarthy; 7th, Mr. and Mrs. J. McCarthy; 8th, Mr. and Mrs. J. McCarthy; 9th, Mr. and Mrs. J. McCarthy; 10th, Mr. and Mrs. J. McCarthy.

CONRADH NA GAELGE - As a special mark of respect to the memory of the late Thomas Power, R.I.P., Grattan Square, Dungarvan, who died on 14th January 1962, the "Tionol Caidrimh" scheduled for Ostan Devonshire on Saturday, 20th January 1970, has been cancelled. Sean Diring, Cathairleach, Social and Entertainment Sub-Committee.

N.B. Next "Tionol" Ostan Lawlor 24th Jan. 1970. DUNGARVAN DAIRY LEAGUE. P.W.D. P. House 7 7 0 14; Ducey's 7 2 0 12; Anchor 7 2 0 12; Poley's 7 2 1 5; Crofty's 6 0 0 2; Eassey's 0 0 1 1.

ALMAGAMATED TRANSPORT WORKERS UNION. The Bi-ennial general meeting of the Dungarvan Branch will be held in the Court House, Dungarvan on Saturday 17th inst. at 7.30 pm. sharp. All members are earnestly requested to attend.

RUGBY NEWS - Dungarvan are at home to Cashel at Clonon on Sunday next in the second round of the Munster Cup. Kick-off is at 3 o'clock. Admission is free.

Ardmore And District Notes - The Late Mr. James Lacey - Sincere sympathy is extended to the brothers, sisters, nieces and nephews of Mr. James Lacey, who died recently. Mr. Lacey, who farmed extensively at Renclogheen, Old Parish, was a well-known sportsman. His death was preceded by a long illness.

Returned to England - Mr. and Mrs. Alfred Black and their daughter, Margaret, have returned to England after having spent Christmas at the home of Mrs. Black's mother, Mrs. Margaret Corbett at Curragh, Ardmore. The "Fiu" - The "Fiu" has hit the whole district badly, especially Monarney. Ardmore school has had to remain closed. The secondary schools in Youghal re-opened on Monday. There is, however, large scale absenteeism as is shown by the fact that the school bus, which takes pupils from Ardmore to Youghal, has been able to bring all its passengers home in one run, instead of the customary two.

Damage By High Seas - Rough seas, whipped up by recent gales, have seriously damaged the protective barrier along Ardmore strand. This barrier, which consisted of railway sleepers, was begun several years ago by a student work-camp. Any spaces which were left behind the sleepers had been filled in and steps provided to allow free access to the strand from the caravan park which overlooks it. Whole sections of this barrier have now been destroyed by the sea, and the land behind seems in danger of being speedily eroded.

DUNGARVAN DISTRICT COURT CASES

DRIVING LICENCE RESTORED - On the application of L. B. Skinner who is at present indisposed, Mr. B. J. Carroll, D.J. sat at Dungarvan District Court on Wednesday.

DANGEROUS PARKING - A fine of 20/- was imposed on Joan Coughlan, Aglish, when she was summoned by Garda T. McDermott for parking a car without lights at Mapstown at 9.15 pm. on October 26.

NO LIGHTS - Fines of 15/- were imposed on Patrick Fitzgerald, Ballinacorney, for cycling a bicycle with no front or rear lights at Kilmilly on November 1.

CHANGE OF OWNERSHIP - A fine of 40/- was imposed on Patrick Lannon, Ballynacorney, Kilmacshamus, who was summoned by Garda T. O'Donovan for failing to notify a change of ownership of a car to the Registration Authority.

NO TAX - A fine of £61-17-6 mitigated to £8 was imposed on Michael Hearne, Killeton, Stradbally, in respect of an untaxed car at the Pike on August 31.

CHARGES DISMISSED - Following an application by Mr. E. P. King, Solicitor, the Justice dismissed charges against Thomas Kirby, 18, Cathal Brugha Place, Dungarvan, and Joseph Cummins, 16, Cathal Brugha Place.

Kirby was charged that on July 5/6 last at Caseyville, Dungarvan, he stole a car battery value £10 the property of David Reynolds. Cummins was charged with receiving the battery knowing that it was stolen.

Both defendants pleaded not guilty to the charges. David Reynolds in evidence stated that at about 10.30 p.m. he parked his car in his house at Caseyville on Saturday, July 5. The following morning he found that the battery had been removed from it. Later a battery was produced to him by a member of the Gardaí but it was not the battery which had been taken from his car.

Sergeant T. Garry said that he investigated the complaint made by Mr. Reynolds on Saturday, July 5. July 26 he went to the house of Joseph Cummins and found a battery in an old car at the back. Cummins denied that it was a stolen battery or that he had received it knowing it was stolen. He took the battery and later showed it to Reynolds who stated that it was not his.

Garda P. Noctor gave evidence of taking statements after caution from both defendants. Mr. King at this stage stated that there was not a shred of evidence to prove the charges made against either Kirby or Cummins.

The Justice said that he would look at the case in the kindest light but defendant should have reported the accident when it occurred and not wait until the following morning. He imposed a fine of 40/- for failing to remain at the scene of the accident and dismissed the other charges.

COLLISION SEQUEL - A collision between two cars at Tarr's Bridge, Dungarvan, on April 9, last had a sequel when Noel P. Phelan, N.T., "Auteven", Luke Wadding Street, Waterford, claimed £47-2-7 damages against Thomas E. Lynch, farmer, Ballyliscann, Dungarvan. There was a counter-claim for £10.

Plaintiff in evidence said that he was driving from Waterford towards Dungarvan and at Tarr's Bridge he was travelling at between 40 and 50 m.p.h. He saw a car which appeared to be stopped but it then pulled straight across in front of him. There was a trailer on the car and witness said the passenger wing on his car struck the trailer.

Defendant in evidence said that he was driving his car with a trailer from Dungarvan and at Tarr's Bridge he decided to get petrol and indicated that he was pulling to his right and kept going. He was almost across when he saw the other car coming against him. He did not stop before he pulled over as there was a lorry behind him. At that stage he saw no traffic coming against him. The first he saw of the other car was when it came very fast around the corner.

The Justice said that the main responsibility on the occasion rested on Mr. Lynch and he should not have crossed the road until he knew that he was well clear of traffic. He fixed responsibility for the accident as to 75% on Mr. Lynch and 25% on Mr. Phelan and granted a decree for £27 to Mr. Lynch in his counter-claim.

BROTHERS FINED - Arising from a collision at the junction of Mary Street and the Square on November 1, two brothers, Michael Hennehy, Lackendarra, Ballynacorney and Thomas Hennehy, Rockfield, Cappagh, appeared on a number of charges. Michael was charged with dangerous driving on the occasion and with driving without insurance, Thomas as owner of the vehicle was charged with allowing it to be used while it was not properly covered by insurance.

Garda Sleator in evidence said that he was on duty at the Square at 1.15 a.m. on November 1, and saw a car driven by John Murray, King Street, Abbeyside, travelling at about 15 m.p.h. across the Square towards Mary Street. Another car then came down O'Connell Street, at about 20 m.p.h. partly on its wrong side and collided with it. Both cars were slightly damaged. The insurance which the driver of the other car, Michael Hennehy, produced was closed and only covered the owner Thomas Hennehy.

Thomas Hennehy gave evidence that he thought the insurance he had covered open driving. He was sure his brother was covered to drive the car. The Justice said that he was prepared to accept what Hennehy said otherwise he would suspend them both as it was very serious to put a car on the road without proper insurance.

He fined Thomas Hennehy £5 on the insurance charge and fined Michael £1 on the same charge with an additional 20/- with £4 expenses on the driving charges. He allowed defendants two months to pay.

DANGEROUS DRIVING - A fine of 40/- on a reduced charge of careless driving was imposed on John Lyons, 2, Park's Arch, Gerald Griffin Street, Cork, who was charged with dangerous driving at Mary Street, Mitchel Street and Springmount on November 28. Supt. English said that the defendant drove the car in an erratic manner and went in a different direction than he was indicating. He was followed by the official car and did not appear to have any control over his car when he was stopped.

Mr. E. P. King, Solicitor, for defendant said that he was working at the factory at Ballinacorney and was only a learner driver. HIT AND RUN - A hit and run accident had a sequel when Michael Moroney, Ballycullane, Dungarvan, was charged with failing to remain at the scene of an accident which occurred at Mitchell Street on September 16.

Supt. English said that on the night of September 16 there was a hit and run accident in which a car owned by Edmund Fraher, Mitchell Street, was extensively damaged. Garda enquiries followed and they discovered the defendant. The Gardaí were on the way to his house when Moroney called into the Barracks the following morning.

Mr. M. J. Lavan, Solicitor for defendant said that Moroney was going home at about 11.30 p.m. The lights in Mitchell Street were poor and he did not see the parked car and struck it. It was so late he decided to do nothing and came in the next morning to report it. He had paid for the damage caused.

The Justice said that he would look at the case in the kindest light but defendant should have reported the accident when it occurred and not wait until the following morning. He imposed a fine of 40/- for failing to remain at the scene of the accident and dismissed the other charges.

DUNGARVAN GOLF CLUB. Results - Saturday Golfers - Saturday 10th - K. Green (14) 64. Sunday 11th - N. D. O'Kennedy (4) 5 up, with the excellent score of 70 gross (66 net) - par of the course is 72. Fixtures - Saturday Golfers - Saturday 17th - Composition; Sunday 18th - Club Competition 18 H.S.
