RUBBER STAMPS

Fears were expressed at last Monday's meeting of Waterford County Council in Dungarvan that the same was not far distant when public representatives would be little more than just rubber stamps to approve decisions made by officials. The views were expressed during a discussion on the establishment of the new Regional Health Boards which under the Health Act, 1970, will shortly take over the administration of the Health Services for the various regions defined in the Act.

One of the Boards to be established will be the South-Eastern Health Board which will function for the areas at present administered by the Health Authorities of Waterford, Carlow, Kilkenny, South Tipperary and Westford.

There will be thirty-one members of this South-Eastern Board made up of (a) two members appointed by the Corporation of Waterford, three members appointed by each of the Councils of Carlow, Kilkenny, Westford and South Tipperary and two members appointed by Waterford County Council and (b) fifteen persons appointed in the first instance by the Minister for Health.

In the subsequent appointments of the latter group the members to be appointed are: (i) eight persons appointed by election by registered doctors practising in the functional area of the board; (ii) one person appointed by election by registered dentists practising in the functional area; (iii) one elected by registered nurses; (iv) one elected by registered physiotherapists; (v) one elected by registered chemists and (vi) three appointed by the Minister.

Of the doctors to be appointed to the Board not less than one shall be a consultant in a general hospital with the same proviso in regard to consultant psychiatrists, a general practitioner and a general practitioner with special experience in preventive medicine. This means that the Board will consist of sixteen elected representatives and fifteen professional people drawn from the field of medicine and nursing.

In meetings which the Minister has had autumn with local authorities, representatives were made among other things that local authority representation should be increased to 60% of the membership of the Boards; that only local authority representatives should have voting rights and that representation from local authorities would be proportionate to populations. The Minister has now indicated that he has not found it possible to accede to these requests and has made the point that, having regard to the State's increasing commitment to the financing of the Health Services, it would not be reasonable for him to give the local authority representatives a majority on the Board.

It would now appear to be too late to make any real progress as the Minister proposes that the new Boards should be set up in October and it certainly looks as if the powers of the local representatives, first eroded by the County and City Management Act, almost thirty years ago, are now to be further diminished and that we will eventually find ourselves at the mercy of a totally bureaucratic administration with no means of publicly airing complaints.

In regard to the latter point it is also of more than passing interest to note that the Minister informed Waterford County Council some time ago that the admission of press representatives to meetings of these new regional boards "will be a matter for each health board to decide when it is established." If it should happen that the press are to be excluded from such meetings then a bad situation will certainly be made a thousand times worse. Democracy is surely giving way to bureaucracy.

QUITE A MAN

Mr. Jim Cullinan, Clonca Road, Abbeystead, has sent me a number of poems composed by Mr. John P. (Sam) Dunne who now resides in San Francisco, California. Mr. Cullinan, now retired, spent many years in the United States himself and knows a great deal about America and the political life of

New Regional Health Boards A Negation Of Democracy

PUBLIC REPRESENTATIVES BECOMING MERE RUBBER STAMPS

Members of Waterford County Council at their monthly meeting in Dungarvan last Monday expressed strong criticisms of the manner in which the new Regional Health Boards to be established under the Health Act, 1970, are to be constituted. The procedure was stipulated to be a negation of democracy and a travesty of justice by which elected representatives would eventually become mere rubber stamps. The criticisms were made during a discussion on a request from the Minister for Health for the Council's views on the draft regulations proposed to be made by him for the establishment of such Boards.

Mr. N. Walsh said that he could not understand from the time these proposals were first made why the ordinary man in the street and members of such organisations as the N.F.A., Macra Na Feirme, I.C.A., and others had not objected to them. This was the most important item on the agenda for the meeting as far as he was concerned as he felt that this move towards regionalisation was the introduction to bureaucratic control of the Health Services of the country which to him was most undesirable.

"It will," said Mr. Walsh, "be a big economic thorn in the side of the country and will be the death knell for local representatives in Ireland as we know them today. We should object in principle to the very idea itself as it is going to mean economic ruin for the country. I am gravely disappointed that the people I have selected to be on the Board now to do anything about it but there is no harm in saying it and

up with a six-point scheme, many of which points already have been covered. Surely if the pigeon menace is as serious as farmers say, and I have no reason to doubt this, I have seen gardens in and around Dungarvan absolutely destroyed by pigeons. I should like to see a simple matter for those concerned to get together and hammer out a solution. Press controversies will certainly not get rid of the winged menace.

PICTURE OF A POLICEMAN

A cutting from a New York paper has been passed on to me showing a picture of a uniformed policeman with a whistle in his mouth standing under a public street clock showing the time as 12 o'clock. The cutting states: "When the clock at 4th St. and Fifth Ave. struck noon yesterday, a Waterford man, Joseph Nugent of Dungarvan—and also Riverside, Bronx and the Police Dept.—blew a green whistle, beginning the St. Patrick's Day Parade. Then the pipes began to shriek and the annual march up Fifth Ave. began. It was a fine day in the long tradition begun in 1756."

My correspondent has been wondering who New York policeman Nugent is and whether he has any relatives now living in Dungarvan.

THE CASTLE OF DROMORE

The choice for our ballad corner this week is "The Castle of Dromore":
October winds lament around
The Castle of Dromore,
Yet peace is in its lofty halls,
Phasidic ban a stor,
Though autumn winds may
droop and die, a bud of spring
are you,
Sing hushaby lul, lul, loo lo lan,
Sing hushaby lul, loo lo lan.

Bring no ill wind to hinder us,
My helpless babe and me,
Dread spirit of the Blackwater,
Clan Eoin's wild banishes,
And Holy Mary praying us
in Heaven for grace, doh sun,
Sing hushaby lul, lul, loo lo lan,
Sing hushaby lul, loo lo lan.

Take time to thrive, my Rose of
hope, in the garden of Dromore,
Take heed young eagles, fill your
wings are feathered fit to soar,
A little time and then the world
is full of things to do,
Sing hushaby lul, lul, loo lo lan,
Sing hushaby lul, loo lo lan.

Notification had been received from the Department of Local Government that the total of Road Fund Grants for the coming year would be £229,832. Mr. F. J. O'Leary, County Accountant to members of Waterford County Council at their monthly meeting in Dungarvan last Monday.

The total allocated included a grant of £28,800 for special works on the Waterford-Youghal road. Grants included a sum of £50,000 in respect of works on the Dungarvan-Ballyduff Upper road, resulting from the closure of the railway line and £5,000 for Traffic Management.

Mr. O'Leary added that Cork County Council had been notified of a similar Road Closing Grant of £20,000 to cover the cost of the road as far as Malinbeg.

Mr. J. D. Hall, County Engineer said that the Road Closing Grant was "only slightly better than a drop in the ocean." The estimate to do the entire job on this road was £250,000.

SYMPATHY
The Council adjourned for a short period as a mark of respect and passed a vote of sympathy to Mr. Gerald Boland on the recent death of his wife and mother of Mr. Kevin Boland, Minister for Local Government.

**INQUEST VERDICT
ON AGED FARMER**

A verdict in accordance with the medical evidence was returned at an inquest held at the Court House, Dungarvan, on the body of an 81-year-old farmer, Michael Coleman, who was found dead at his home at Knockacaharra, Ballynamult, on Friday, March 6. Deceased was a farmer, well known in the area, and was found lying in the kitchen fire.

Michael Coleman, a native of Dungarvan, was found on his farm. He had been there for 63 years. On March 5, he was seen by Miss Glavinville and deceased then appeared to be all right. At about 3 p.m. the following day he met some neighbours and as he went to what he was told to be a well to be all right. Among the practical results of the course was the drawing up of a programme of inter-club events for the summer months, which is being submitted to a meeting of the District Council this week for the approval of clubs who are to organise the events concerned, and also a decision on the part of the clubs from outside the Waterford city area to participate in this year's "TOPS OF THE CLUBS" competition, to be held next month under the auspices of the District Council.

I.D.A. Chief Warns About INDUSTRIAL STRIFE

SUCCESSFUL J.C. DUNGARVAN ANNUAL DINNER

A warning that if their dismal industrial relations record of the past few years continued into the 1970s the sort of success they had enjoyed in the past decade would not continue, was given by Mr. B. J. (Bunny) Carr, former R.T.E. personality and now Promotions Manager of the Industrial Development Authority of Ireland when he addressed the Annual Dinner of Dungarvan Junior Chamber of Commerce in the Devonshire Arms Hotel on Friday night.

The function was presided over by the Chapter's outgoing president, Mr. Austin Hallahan who was performing one of his last official duties before handing over to his successor, Mr. Thomas Ryan, at the end of this month.

Mr. Carr in his address said there was often far too much emphasis being placed on industrial failures and this often tended to cloud the efforts of many dedicated people and to obscure the very high standard that was expected of them.

AN IMPRESSIVE DECADE Mr. Carr said if he became a nation fearing chronic failure then it was very much on the cards that they would become a nation of non-triers. They had an impressive ten years behind them, a decade that saw tremendous industrial growth and advancement, but it would be wrong to paint too rosy a picture of the decade.

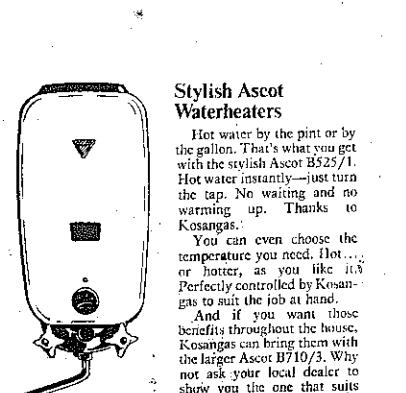

CHALLENGING AND GRATIFYING Mr. Carr said that industrial strife in the 1970s was not necessarily a bad thing. It was a challenge to the industrial relations position in the past few years.

PRESENTATIONS During the function two presentations were made. The first was the President's trophy, presented by Mr. Hallahan to Mr. Paddy Hartnett, chosen by the Chapter as the "member of the year" during the past twelve months.

SOCIAL A most enjoyable social evening followed with music being provided by the Beaumont-Michael Power-Wilke White Trio. Mr. Val Fitzpatrick, vocalist, and comedian, was guest artist.

COUNTY COUNCIL TRIBUTES TO MR. T. KYNE ON RETIREMENT FROM T.U. MOVEMENT

Members of Waterford County Council joined in paying tribute to their colleague, Mr. T. A. Kyne, at their monthly meeting in Dungarvan last Monday on the occasion of his retirement from active service as a Trade Union Official.

Mr. C. Durran, Chairman, said that they could do nothing but look to say for what he had done on behalf of the workers in the county during his long and distinguished career. He had shown himself to be a great champion with wonderful human feelings and he wished him and his wife every blessing in his retirement.

Mr. S. Whelan said that as a Dail Deputy, Mr. Kyne had done everything for everyone, irrespective of his politics and he hoped he would now enjoy many years of happiness in his retirement.

Mr. M. Hartly said that even before his election as Dail Deputy, Mr. Kyne worked hard and conscientiously for the people of the county. He was ever available to help those who needed his help and he never turned his back on anyone.

Mr. G. Heskin, Mr. M. J. Shanley and Mr. P. Cahill also paid tribute to Mr. Kyne for the great work he had always done for the county.

Mr. M. Walsh said that it was only as a Trade Union Official that Mr. Kyne was retiring and he would still be a member of the Local Authority field. He always knew Mr. Kyne as a gentleman and he was a great asset to the county.

Mr. K. O'Ryan said that although he had often crossed swords with Mr. Kyne he knew that Mr. Kyne had worked unflinchingly on his behalf. In the years to come, said Mr. O'Ryan, the people of the county will remember the work done for them by Tom Kyne.

THEMENDOUS HELP Mr. G. O'Connor, County Manager, said that during the past four years since he came to the County, he had worked in close collaboration with Mr. Kyne and he would now like to place on record the tremendous help and co-operation which he had always received from him.

Mr. Kyne returning thanks said that he had always tried to do the job he had to do and he was proud to have been a member of the County Council. He said that he would continue to get things done for those who had been elevated on the shoulders of others as Dail Deputies.

Branch of Waterford Glass Industry in Dungarvan. They will be particularly interested in the availability of boys and girls of Intermediate Certificate and Leaving Certificate standard, who are suitable and adaptable for training in this highly skilled and very lucrative industry in the Dungarvan and surrounding rural area.

Waterford Glass Personnel Manager hopes to interview applicants in the near future and advance notice will be given in the press.

Subject to an adequate number of suitable employees being available and one of the sites examined today being accepted as satisfactory it seems likely that this industry will become a reality and will therefore add significantly to the economy of the town and hence to its future.

In view of the fact that this industry will take some time to establish boys and girls of 14 years onwards will be interviewed and assessed for training in this highly skilled and very lucrative industry in the Dungarvan and surrounding rural area.

The representatives of the Board of Waterford Glass expressed satisfaction at the co-operation they received from the County Manager, Chairman and Officials of the Dungarvan Urban District Council.

New Waterford Bridge May Cost £1.6 Million

COUNTY COUNCIL TO SUPPORT CORPORATION IN BRIDGE ORDER APPLICATION

Plans for the erection of a new high level bridge over the river Suir at Waterford City at a probable cost of £1.6 million were referred to at the monthly meeting of Waterford County Council in Dungarvan last Monday.

Mr. K. O'Ryan thought that the bridge would cost a fantastic amount of money. While he saw a need for it, they could, if it was in fact what the City Manager stated, refer to it "as the golden gate bridge."

Mr. J. D. Hally, County Engineer, said he had no doubt but that the bridge was needed and he fully supported the idea. At the moment, he said, if anything happened to the existing bridge, the whole region would be in great difficulty as the next bridge across the river was at Carrick-on-Suir.

Mr. C. A. O'Connor, County Manager, suggested that in their application for the Bridge Order, the Corporation should include the cost of the approach roads.

Finally on the proposal of Mr. P. Cahill, seconded by Mr. M. J. Shanley, the Council unanimously agreed to support the application of the Corporation for a Bridge Order subject to the Council's prior agreement being obtained to the financial provisions to be included in such order before it was made.

The Mayor then thanked the Council for their support and co-operation, remarking that this was a project which would benefit not only the city, but the county as well.

TO APPOINT CONSULTANT The Minister, said the Mayor, "has now given consent to the engagement of a Consultant to appraise the project generally and to make a report on all the aspects based on actual physical investigation. The Minister also enquired whether the neighbouring local authorities had any views to express in the matter."

Mr. Cassidy, City Manager, said that it was very roughly estimated that the new bridge would cost £1.6 million. No detailed estimate for the work had yet been obtained and their immediate task was to alert the minds of the local authorities concerned to get the building of the bridge under way.

Mr. Cassidy went on to say that the exact location of the new bridge had not yet been decided but there were two points under consideration, the most likely being on the Carrick-on-Suir side of the existing bridge which was the only way at the moment by which traffic could get out of Waterford for Dublin. He asked the Council for their full support in the matter of the Corporation's application to the Minister for a Bridge Order.

Mr. N. Walsh said that he had no slightest doubt but that the Corporation would receive the whole-hearted support of the County Council in this matter as the members knew the economic need of such a bridge for the entire region. At the same time he would be interested in the cost of the project and while he was sure the Council would not fight shy of their commitment, they would like to know this.

Mr. Cassidy assured Mr. Walsh that as soon as they got an estimate of the cost and would know what the local contributions would likely be the County Council would be first to be so informed.

Mr. C. Curran, Chairman, said that the local authorities concerned besides Waterford Corporation would be County Councils of Waterford, Wexford, Kilkenny, Carlow and South Tipperary.

Mr. T. A. Kyne said that he fully realised the vital need for such a second bridge as the existing bridge was now the only connection out of Waterford with Dublin. He felt that the Council should accept in principle the suggestion of the Mayor and City Manager and press on the Minister the need to make the necessary Bridge Order. It was a matter of tremendous importance in view of the build up of the potential in tourism in the region and it was vital that they should not be confined to one bridge over the Suir in Waterford.

Mr. Curran warned the Council to move with caution in the matter and said that they should be consulted about their financial

Knowing that 5 means a half, how do we find the decimal for a quarter and for three quarters? A quarter is, of course, half of a half. Divide 5 by 2 and we find it. The answer is .25. Remember the point and the fact that you can add ciphers after any decimal. For instance .5 or 10/- can be written as .50 as it will be in our new money system — meaning fifty pence. Three quarters or 15/- can be got by multiplying .25 — a quarter — by three, i.e., .75. Thus £1.55 will be written £1.25 £1.10s. will be written £1.50 and £1.15s. £1.75 the .25 .50 and .75 in each case standing respectively for 25, 50 and 75 new pence.

MOTORISTS FINED AT TALLOW COURT At Tallow District Court John Curley, West Street, Tallow; John Geoghegan, Kiltree, Lismore; and John McGrath, Ballymuddy, Knocknacree, were charged with careless driving at Barrack Street, Tallow on February 10 last.

Patrick Prendergast, Bridane, Lismore, said he stopped his car at a "yield right of way" sign on a Middletem road as he approached Barrack Street. He saw two cars approaching and suddenly one of them came across the road and struck his car, driving it against a wall. His car was a total write-off.

William Foley, Parks Road, Lismore, a passenger in Geoghegan's car, said Geoghegan was overtaking Curley's car when another defendant, McGrath, pulled out from a parked position without giving any indication, and struck Geoghegan's car. Curley's car also crashed into the rear of Geoghegan's car and was on to collide with another car stopped at the junction.

District Justice J. J. Carroll said he had come to the conclusion that McGrath was the one who had set up the train of events that occurred. He convicted him of careless driving and imposed a fine of 20/-, with £5 expenses. He also fined him 20/- for being unaccompanied by a qualified driver while the holder of only a provisional licence.

The Justice dismissed the careless driving charges against Geoghegan and Curley, but fined each defendant 20/- for driving without a qualified driver while the holders of provisional licences.

William Fitzgerald, Carrigmore, Conna, was fined £5 for allowing his motor car to be driven by an uninsured person at Conna on September 14 last. When the defendant told the District Justice that he was unaware that the insurance cover on the car did not allow anyone else to drive it, the Justice warned on the importance of people reading their insurance policies.

The driver of the car on the occasion, Michael Byrne, Knockmounie, Conna, was given the P.O.A.

Martin Mannion, Athy, Co. Kildare, was also fined £5 for driving an untaxed car at Convent Street, Tallow, on November 23 last.

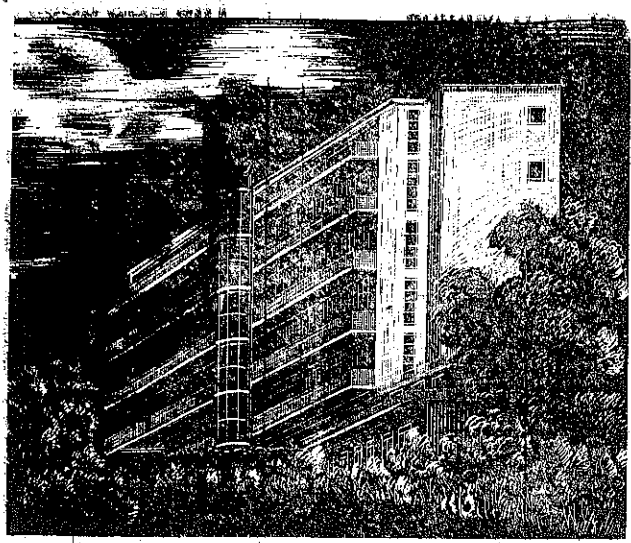

Two Co. Cork girls were each fined 20/- for being drunk and disorderly in Tallow. They were Noreen Bradley, Carriganasa, Youghal, and Ann Troy, Park, Youghal.

Thomas Dalton, Lisfinny, Tallow, was fined 10/- for being drunk and disorderly at Convent Street on December 23 last. Three similar charges against the defendant on subsequent dates were marked "proven."

Mr. Curran warned the Council to move with caution in the matter and said that they should be consulted about their financial

THE GAP WIDENS STILL FURTHER

The gap between farm incomes and incomes in other sectors widened further during 1969, said the President of the N.F.A., Mr. T. J. Maher in New Ross.

This showed, said Mr. Maher, the absolute necessity of the Government ensuring in the Budget that farm incomes advance in line with other incomes.

Mr. Maher, who was addressing the annual dinner of South Kilkenny N.F.A., said that the outlook for 1970 was that unless concrete action was taken farm incomes would fall even further behind.

The N.F.A. has proposed a series of measures, covering all the main agricultural products and certain farm costs, which are designed to achieve a 10 per cent increase in farm incomes.

The amount of the increase for each family member employed in agriculture would amount to the equivalent of an 6 per cent increase for industrial workers.

"The basis of our claim on behalf of the farming community was not disputed during the pre-Budget talks with the Minister and the Department of Agriculture.

Mrs. May Gough Widespread sympathy was occasioned at the death of Mrs. May Gough (nee Gody), which occurred at the residence of her sister at Blundown, Dungarvan, on Saturday, April 11th.

HOME HOLIDAYS CAMPAIGN LAUNCHED BY SOUTH-EAST TOURISM ORGANISATION

"This year spend your holidays in the Sunny South East." This is the theme of a large scale "Home Holiday Campaign" which was launched in Dublin on Thursday last by the South Eastern Regional Tourism Organisation.

The campaign takes the form of In-Store promotions in Dublin—(Winstons of George's Street), Limerick—(Winstons of William Street), Cork—(Cash & Co., Patrick Street), and lasts three days in each centre.

SEE IRELAND FIRST

At a reception in Dublin for the Travel Trade and Press, Mr. P. J. Breen, Chairman of South East Tourism, said: "Many of you will no doubt remember that, when the tourist industry in this country was in its infancy, the slogan was 'See Ireland First'."

"Over the past five years and with the assistance of Bord Fáilte, many amenities such as horse riding, pony trekking, golf, shooting, fishing and even gliding, to name a few, have been developed, not only for the overseas visitor but also for the use of our own people.

EIRE OGE'S EASY WIN

Eire Oge 8-4: Kilgobinet 2-1. Kilgobinet were never in the junior hurling Winter League game played at Dungarvan on Sunday last with a chance. For Eire Oge, who dominated the exchanges for the hour, gave more of their intermediate side a "real" and consequently the power and experience of the Dungarvan combination proved too much for a gaunt but outclassed Kilgobinet fifteen.

From the start Eire Oge stamped their authority on a game, the final outcome of which was never in doubt.

With Michael Keyes making his debut with the side in goal Eire Oge were full value for their 5-1 (four of their first half goals came from Keyes) to 1-2 interval lead, and this again the strong wind.

John Woods added a point free and even though Kilgobinet fought back with a goal and then a point, Eire Oge finished the game in rampant mood, notching a further 2-2 before the finish.

WATERFORD & LIMERICK MUST MEET AGAIN

Waterford 0-5 Limerick 0-4. A point in the last minute ended a replay for Waterford in the Munster under 21 football championship game at Kilmallick on Sunday. It was a game that Limerick could have easily won.

Then Waterford rallied and after some ragged work by the Limerick defence Waterford won through for a goal to level the scoring. Limerick took the lead again with a point but Waterford came back to level in the last minute.

THE OGE FOOTBALL CLUB—The above club will hold a house-to-house collection in Dungarvan and district during the week-end of April 24th/25th in aid of club funds. Due to the fact that this season the Oge club will field at least six teams including a newly formed camogie club there is no need to stress the fact that Oge have kept the flag flying in the West and their record speaks for itself. The youth of the area are not being forgotten, nor are the younger members for whom a league is under way at the moment. Speaking of this, it is worth waiting the Friary field every Sunday morning to see these lads togged out and taking part in the activities of the club. It is a fact that the whole future of the game depends on these youngsters as they will be the men of tomorrow.
