

DS MUNSTER TO
IAL HONOURS
S OUTSTANDING YEAR

Dungarvan A.C. and Kinsalebeg
amary 3rd, the Munster New
Waterford scene, added the title
to their novice championship—de-
beating Dungarvan by two points.
The absence of S. Fox was the de-
ciding factor. Winner of the indi-
vidual title was P. Burns (Water-
ford A.C.), while a feature of the
race was the return of the one-time
ace, Pat Tobin. Pat finished third
and can be quite pleased with
his performance. This week-end
he is off to Gormanston for the
special coaching course organ-
ised by the Bears club. Others to
take advantage of the course are
Elizabeth Mountain, Joe Grady,
Andy O'Regan and Gerry Finn-
gerald (Dungarvan A.C.), and
Michael O'Brien, Christine
F'Shea and Merion Moore
Friary A.C.).

A MASS OF CONTRADICTIONS
As I write this I have before me
a drawing showing the network of
major roads in County Waterford
under the heading "Reclassification
of Roads: Circular R.A. 241/13
of 23/7/69." The accompanying
legend at the foot of the drawing
states that roads classified as
"National Primary" are indicated
on the drawing by a thick black
line; "National Secondary" are in-
dicated by a red line; "Regional
Primary" are indicated by a yellow
line and "Regional Secondary"
are indicated by a blue line.

On the drawing there is one
thick black line indicating that the
only "National Primary" road in
the county as classified at that time
is the main highway running from
Waterford city on to Dungarvan
and then to Youghal. The only
"National Secondary" road runs
from Talloch through Lisnore and
Cappoquin and on to Tarr's Bridge
outside Dungarvan where it links
up with the National Primary road
between Waterford and Dun-
garvan. There are a number of
Regional Primary and Sec-
ondary roads indicated on
the drawing by yellow and blue
lines the only one of which I will
refer to is the road from Clomeel
which joins the Cappoquin road at
Ballymacumogue, Dungarvan and
which is classed as a regional
primary, a lower classification than
the road from Cappoquin.

I refer to this drawing because
of the mess which the road junction
at Tarr's Bridge has been left in
by the Road and Traffic
Authorities whose respon-
sibility it is to erect adequate and
clear road signs at the junction for
the benefit of all road users.

Last year the Road Authority
which in this case is Waterford
County Council, decided, for rea-
sons best known to themselves, to
change the classifications of the
roads which come together at this
junction. The portion of the
"National Primary" road leading
up to the junction from the Dun-
garvan side was reduced to national
secondary status and that portion
of the road from the Cappoquin
and Clomeel side was increased in
status to national primary impor-
tance. The junction was given a
fresh crop of signs which was sup-
posed to indicate these changes and
new road markings showing cer-
tain areas of "no man" land were
also placed on the road.

This decision gave rise to a con-
troversy in which the Urban Coun-
cil of Dungarvan and Youghal
took issue with Waterford County
Council in which they claimed that
the reclassification of the roads at
the Tarr's Bridge junction down-
graded the towns of Dungarvan
and Youghal where tourists coming
from Roslare were concerned.
The County Council action was

Details of the new pigeon
control scheme as advertised
in the local papers were re-
ferred to at the monthly meet-
ing of the County Waterford
Committee of Agriculture in
Dungarvan last Monday.
Mr. G. Frost, C.A.O., said that
under the scheme which was
aimed at reducing the pigeon
menace in the county, shot
birds would be purchased by
Mr. Carr, Curraghless, Talloch,
at agreed centres on three days
each week. He said that they
agreed to co-operate with the
Committee. Mr. Carr, he added
should be grateful to Mr. Carr
for the manner in which he had
agreed to co-operate with the
Committee's subsidy (2d. per bird)
making a total of 2/- on the
spot and by arrangement the
Committee would collect the sub-
sidy payments from the Com-
mittee later. This would obviate
the payment of individual cheques
by the Committee.

**AGED MODELIGO MAN'S
TERRIFYING ORDEAL**

ROBBED AND IMPRISONED IN LONELY DWELLING
Recovering in Dungarvan hospital from shock after a
night of terror is 83 year old bachelor, Mr. James Lyons, who
was subjected to a terrifying ordeal when he was attacked,
robbed and tied up in his home on last Sunday night by two
young men. An intensive Garda search throughout the area
was mounted following the attack but although a Garda
spokesman stated that they were following a definite line of
inquiry, no arrests have so far been made.

ROAD MARKINGS

During the past week, stop signs
were marked on road surfaces at a
number of road junctions in the
Dungarvan Urban area. An excel-
lent job was done in each case. I
have no grouse about what was
done but I have a grouse because
of what was not done. I refer to
what I believe to be one of the
most dangerous crossings in the
town which was left unmarked.
This is the crossing on the quayside
of the Causeway bridge. It
would be well if the approach to
this cross, especially from the
Courtthouse side, was properly
demarcated as this would, once and
for all, remove a great deal of the
confusion and the ever possible
danger which exists here.

**AN IRISHMAN'S DREAM
OF HOME**

Having met many of the
exiles home for Christmas from
England and the States and
hearing them talk of how much
they miss the old haunts, I
think that we could have no
more appropriate ballad this
week than "An Irishman's
Dream of Home."
I've rummaged the wild world
over.
And of all the lands I've seen
There's no place I'd rather
dwell in.
Than the little Isle of Green.
Only last night I was gazing
On a sign that thrilled me
thro'.
For what I saw I'll see no
more.
It was too good to be true.
Chorus:
Sure the shamrocks were
growing on Broadway.
Every girl was an Irish
colleen.
And the town of New York
Was the County of Cork.
All the buildings were painted
green.
And the Hudson was just like
the Shannon.
So good and so real it did
seem.
I could hear mother singing
sweet Shandon-bells ringing.
It was only an Irishman's
dream.

Mr. H. R. Dowd raised a matter concerning the vaccination against brucellosis of in-calf heifers at the monthly meeting of the Co. Waterford Committee of Agriculture in Dungarvan last Monday...

Mr. G. T. Frost, C.A.O. said that this was a veterinary matter. He did not know that vaccine was 100% successful but he said he would obtain a veterinary opinion on the point raised by Mr. Dowd for the next meeting.

In reply to a question by Mr. G. Heskin, the C.A.O. said it was usual to have in-calf heifers vaccinated in the early stages of pregnancy and he had received no similar complaints.

Unexpected Death Of Dean Of Diocese

REGRETTED PASSING OF MGR. BARRON, P.P., V.G.

Mr. Rev. Mgr. Michael Barron, P.P., V.G., Tramore, Dean of Waterford and Lismore, died suddenly on last Saturday night in a continental box at the Church of the Holy Cross, Tramore, aged 73.

After the death of Most Rev. Dr. Daniel Cohalan, and before the consecration of the present Bishop, Most Rev. Dr. Michael Russell, four years ago, the late Dean Barron acted as Vicar-Capitular of the Diocese and the following year was made Domestic Prelate.

He was closely associated with vocational education in Waterford and was Chairman of the Waterford City Vocational Education Committee for many years.

A native of Knockree, Ballinacorney, he was educated at Waterpark College, Waterford, St. John's College, Waterford, and was ordained in St. Patrick's College, Maynooth, in 1922.

He is survived by his brothers, Thomas Barron, Raheny, Dublin, retired Manager of the National Bank, Kilkenny; Patrick Barron, Chartered Accountant, Limerick; Richard Barron, a former member of the Waterford Co. Council and Co. Committee of Agriculture and Mr. John Barron (both of Knockree) and by his sister, Miss D. Barron, Raheny, Dublin.

ADJOURNED AS MARK OF RESPECT

On the proposal of the Chairman, Mr. K. O'Kyan, the monthly meeting of the Co. Waterford Committee of Agriculture in Dungarvan last Monday was adjourned for a short period as a mark of respect to the memory of the late Dean Barron whose brother, Mr. Richard Barron was a member of the Committee for a number of years.

The formal resolution of sympathy for his Lordship the Bishop and Clergy of the diocese and to the bereaved relatives was proposed by Mr. O'Ryan, seconded by Mr. N. Walsh and passed unanimously.

MANY YOUNG IRISH CATHOLICS ARE LAPSING

Between 20 and 30 per cent of Irish Catholics, teenagers and newly-wed—the generation about to move into positions of power and influence—must be counted as "lapsed" or in danger of "lapsing".

This estimate is given by Louis McRedmond, former editor of the "Irish Independent" in an article on the present state of the Irish Church in the January issue of "The Word" magazine.

While every effort would be made by the N.F.A. to see that a just basic price was paid for milk and that the tying payment would be wiped out, it was essential to supply members for the creamery industry was carried out in the very immediate future.

What many producers of dairy products are inclined to forget is that when we enter E.E.C. that there will no longer be any Government subsidy and that the full price we will then be getting will be the price ruling in the market place," he said.

He pointed out that two of the most progressive dairymaking countries in Europe, Holland and Denmark, had over the years shown how they had improved their grip on the market by way of creamery streamlining. Ten years ago Holland and Denmark had over the years shown how they had improved their grip on the market by way of creamery streamlining.

FARMERS TO HOLD MAJOR PROTEST MEETING

Petitionation Of Incomes Position

Farmers from Munster and South Leinster who are any in arms with the Government over the widening income gap between farmers and workers in other sectors of the community, are to hold a major protest meeting next Saturday (January 9th).

The spokesman for the National Farmers' Association, which is organising the meeting for 2 p.m. at Cahir, Co. Tipperary, said: "There is little need to remind farmers of the very size of increases in production costs over the past year for which they have not been compensated."

"Milk prices in 1967 have been lower than in 1967 and this is one of the main areas in which my Association is looking for positive Government action."

He said the Association was very much alive and concerned about the serious deterioration of the income position of farmers. The N.F.A. had considered the vital question of farmer income at a number of County, Provincial and National Council meetings over the past month.

These meetings were followed by a joint meeting with the Minister for Agriculture and Fisheries, Mr. Gibbons, where after a three hour discussion, Mr. T. J. Maher, President of the N.F.A. and other delegates laid strong emphasis on the urgency for positive action by Government to narrow the ever increasing widening of the gap between farm and workers in other sectors.

However the spokesman said the delegation there was no extra money available for agriculture, although a few days previously money could be found to grant ten per cent increase to other sectors.

The spokesman added: "Our Association is not prepared to accept this line at a time when so many in the non-agricultural sector are receiving increases in their income which are already considerably higher than the income of farmers. Many people outside of agriculture do not realise there is now a difference of £8 a week between the average income of farmers and that of workers in other sectors."

CLUB STANDS DANGEROUSLY AT CROSS ROADS

Dungarvan G.A.A. Clubs A.G.M.

One of the biggest attendances for years turned up at the A.G.M. on Saturday night last for the Annual General Meeting of the Dungarvan G.A.A. club. Mr. Michael Curran, presided.

The Secretary Jim Mullins, in reviewing one of the best successful years in the club's history certainly didn't pull any punches and laid out the line for those who would do more than buy membership cards to help the club.

In a well delivered address he said the club now stood with the choice open of either a very simple one. They either had to put Dungarvan back firmly on its feet again or allow the present slide to continue. He inevitably one of the greatest clubs in the county went out of existence.

RAY OF HOPE

There is a ray of hope, however, he continued. 'Dungarvan has in greater abundance than any other club one vital asset—tradition, and everyone knows tradition dies hard...'

That the better days of Dungarvan could be revived is no doubt, he went on. 'That we have the right type of players available to us is no doubt, and we are working together with a common aim and confident we can do it all out effort on our present facilities...'

FINANCES IN BAD STATE

The report of the Treasurer in Dungarvan could be revived is no doubt, he went on. 'That we have the right type of players available to us is no doubt, and we are working together with a common aim and confident we can do it all out effort on our present facilities...'

Another step in the right direction was taken at the meeting with the decision to set up a special committee responsible solely for the running of the under age teams...

SECRETARY'S REPORT

In the course of his annual report to the Convention, the Secretary, Mr. Seamus O'Brien stated that the year 1970 was a year of change and development for the club...

BRUCELOSIS VACCINATION OF IN-CALF HEIFERS

Point Raised At Agricultural Meeting

Mr. H. R. Dowd raised a matter concerning the vaccination against brucellosis of in-calf heifers at the monthly meeting of the Co. Waterford Committee of Agriculture in Dungarvan last Monday...

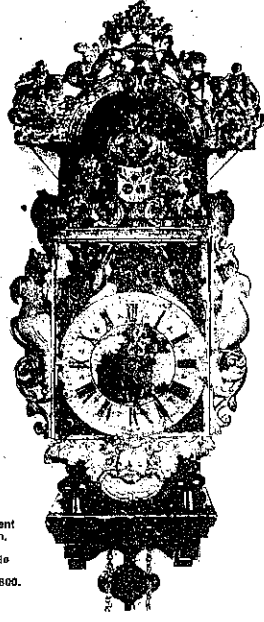

Mr. G. T. Frost, C.A.O. said that this was a veterinary matter. He did not know that vaccine was 100% successful but he said he would obtain a veterinary opinion on the point raised by Mr. Dowd for the next meeting.

In reply to a question by Mr. G. Heskin, the C.A.O. said it was usual to have in-calf heifers vaccinated in the early stages of pregnancy and he had received no similar complaints.

MANY YOUNG IRISH CATHOLICS ARE LAPSING

Between 20 and 30 per cent of Irish Catholics, teenagers and newly-wed—the generation about to move into positions of power and influence—must be counted as "lapsed" or in danger of "lapsing".

This estimate is given by Louis McRedmond, former editor of the "Irish Independent" in an article on the present state of the Irish Church in the January issue of "The Word" magazine.

Tallow and Round About Notes

(Continued from page six)

Wall Removed—The old wall at the foot of Tallow Hill which obscured the view of traffic coming from the Fermoy direction has been recently removed. Thanks is due to Mr. James Quirke, M.C.C. Ballyduff, on whose representation the wall was carried out by the County Council.

Post Office—At Tallow Post Office, under the capable supervision of Mrs. O'Sullivan, Postmistress, the indoor and outdoor staff expeditiously dealt with a heavy Christmas mail. The usual Christmas cards reached a million many due to the exorbitant postage charges and the fact that many view it as a festive season to carry greetings. It is apparent that the Department is being run in the golden age of this direction.

The Late Mr. T. Hurley, Ballynoe—The much regretted death took place at his residence, Strand Street, Ballynoe on December 28th of Mr. Timothy Hurley, deceased was a highly respected member of the community. He was husband of the late Margaret Hurley and left behind him two daughters and other relatives, to whom we extend our deepest sympathy.

There was a large attendance at the removal of the remains and at the interment in the local cemetery.

Youghal Man's Unexpected Death—The death occurred at his residence, Strand Street, Youghal, on December 27th, of Mr. Florence Kennedy, Member of a very old and highly popular Youghal family, his death came as a great shock to his brothers, relatives and friends. The remains, accompanied by a large cortege were removed to St. Mary's Church, Youghal and the interment took place in the North Abbey Cemetery.

The Recent Christmas Card Controversy—If Labour are so bereft of policy that they can find nothing better to do than start a smear campaign against a Parliamentary Secretary who sent a Christmas card to his friends, then they have come to a sorry pass. Indeed some of their own supporters whom we have been speaking to in recent weeks did not think a great deal of it. The Parliamentary Secretary in question must be one of the most hard working in Dail Eireann and is certainly a very conscientious Deputy. We feel sure that if those who complain about the sending of cards were in his position they would have done likewise. We feel it was a mean form of attack and that it should never have been made. We are fully aware that Chairman and Secretaries of Fianna Fail Cumtinn in this area did not receive a Christmas card from the Deputy in question this Christmas.

More Gardaí Needed—There is no doubt but the Garda Síochána method of dealing with robberies has proven a failure. Rural areas are the scene of the most serious crimes and are gone before the Gardaí can arrive on the scene. In East Cork recently there were at least ten robberies. No one so far has been apprehended. This is an area of the Garda Síochána which cannot be in many places at the one time. But it is established in small villages and towns throughout the country and the Minister for Justice should insist on the severity of complaints made by T.D.s in the matter and not to the top brass of his Department, who are clearly out of touch with rural Ireland.

Kilcogh Had Walk Over—Kilcogh Macra Na Feirme team had a walk over at Shanary recently in the second round of the Inokilly Regional Final of the Novice Debating Competition. They were to meet Dunmore Branch and oppose the motion "That Television is an invention to be regretted". Dunmore, however, failed to put in an appearance and Kilcogh had a walk over and now go forward to the next round.

Obituary

Mr. William O'Grady
We regret to record the death of Mr. William O'Grady, late of Skeehens, Ballymacarthy, which occurred on Sunday night, December 27th, at St. Joseph's hospital, Dungarvan, after a period of illness and at an advanced age. He was a native of the Mre Valley area and a member of a most esteemed family.

Mr. Thomas Keane
The death of Mr. Thomas Keane, which occurred at his residence, Ballymullala, Cappoquin, on Friday, January 8th, evoked feelings of deep regret in the area where he was well known. He had been ill for some time and had reached an advanced age.

Mr. Patrick Walsh
Sincere sympathy was expressed at the news of the death of Mr. Patrick Walsh, late of Lakkendarra Lower, Dungarvan, which occurred unexpectedly after a short illness on Tuesday night, December 29th, at Ardara hospital.

The deceased was a member of a widely connected and most esteemed family who are attached to the farming community. He was a gentleman possessed of many outstanding qualities which won for him the esteem of a very large circle of friends who deeply regret his passing.

His remains were removed on Wednesday evening to St. Mary's Parish Church, Touraneena and were blessed and received by Rev. Sean Nugent, C.C. assisted by Very Rev. P. Walsh, P.P. and Rev. P. Harney, C.C., Yorkshire, in the presence of a large number of relatives and friends.

Large and representative corteges were present on both occasions. Chief mourners—Mrs. Catherine Keane, Ballymullala (wife); John J. Keane, Canada; Maurice Noel Keane, Ballymullala; Thomas Patrick Keane, do. (sons); Mrs. Eileen McGormack, Birmingham; Mrs. Joan Cartwright, Birmingham; Miss Mary Keane, Ballymullala, (daughters); and a large circle of grand-children, nieces, nephews, sons-in-law, daughters-in-law, cousins, etc.

Funeral arrangements were carried out by James Kieley & Sons, Undertakers, Dungarvan.

TOURANEENA NOTEBOOK

Our School Master—Mr. Joseph Devoy is just one year in Touraneena. What an impact he has made on the people of the parish in that length of time.

As a teacher there is no barrier between himself and the school-children. No longer do our children fear the master; instead they have confidence in him and respect him.

Mr. Devoy has a genuine interest in children. For him every child in his care is a separate problem. He treats his pupils as individual persons. His work is not confined to the classroom. He realises that it is necessary to prepare the youth of to-day for the demands of the 20th century and not just for passing examinations.

He knows he spends much of his spare time in training our children for the sportsfield, as well as for the stage of life.

But not only that. It is only right to mention that the master and his wife play a very active part in all club activities in the Parish. In fact, Teresa is one of our outstanding badminton players.

Yes— for a man who has been one year amongst us— what an impact he has made.

Joe and Teresa— you are welcome to St. Joseph's G.C. and may you remain with us for many a long year.

Welcome Back—To Jim Quilty—Tom Donohue from their tour of Ireland and Cistercian Abbots. We hoped you enjoyed your stay in the monasteries. Jim, since you have toured all Ireland now— where will you go on your honeymoon?

Our Condolence—To the O'Grady family, Skeehens, on the death of their father, our sympathy also goes to the wife, son and daughters of Patrick Walsh, Lakkendarra, who died last week.

The Badminton Club held their annual party last Monday night. All members attended and everybody enjoyed themselves.

From Skeehens To The Moon—Michael—Well lads, what did you think of those Americans who landed on the moon?

Non-Shure nobody knows for certain whether they ever got there. The people of Dyrick say that the moon is like a football and yet these Yanks claim it is bigger than this earth.

Rody—And do you know lads, the people of Dyrick should know, because they are second to it. Michael—They say it cost them a few million dollars to get there.

Non—What a waste! And all the pins and "large ones" we could have bought for that much. Michael—J—s—we could and it would have paid for a few "drops" and "small ones" as well. No wonder one half of the world is hungry and the other half is thirsty.

Rody—Begor den—his me for you—Mike. Johnny—And they had to bring their "grub" with them. They must have no meat up there.

Non—So it must not be like Lagg. They have so much meat in that part of the world that a deep freeze is necessary to keep it from rising from the dead and walking again.

Michael—Well the meat in Renadappan never reaches that stage of maturity.

Rody—Honestly Johnny, how long did that 145 lb. lamb last for you?

Johnny—Two days, three minutes and four seconds.

Michael—So there is no use in boiling deep freezes by the dozen in this area.

Rody—And the men of Apollo Al better buy their meat in some other place, when they are taking off from Dyrick.

Johnny—This is how the meat went so fast. The lads came on that Sunday night, when the pub closed. So we not only had the best of Monday, but "soft drink" as well, to wash it down.

And Michael if you were sick the woman next door would have made lovely soup from the bones for you.

Rody—Begor den, she would shore!

Badminton—The Lismore team has done very well in the first half of the South Eastern League. An understrength team gave league leaders Ballymacarby a very close match before losing 3 games to 2. Playing well in the first half, the Lismore team were defeated on equal terms following a dubious penalty award everything Dungarvan fought back once more and in the dying seconds of the game Morrissey broke through to win the match.

PROVED THEIR ABILITY—The local side certainly proved in this game that their ability to win this Division, provided they get the breaks, cannot be in doubt. Their defence in particular, apart for the one lapse, showed up well with Michael Donnellan being especially competent at centre, every where by the assistance of the back line. Dungarvan's defence through the middle was nullified.

In and around the centre of the field Pat Morrissey and an improved Billy Kyne held their own in the defence while up front the condition of the pitch which made ball control difficult frustrated some of their best attempts.

Dungarvan (4-3-1) Callaghan, M. Sandford, M. Donnelly, Michael Donnellan, B. Kyne, T. Flynn, P. Morrissey, T. Mountain, M. Brett, M. Sheridan.

Dungarvan now hold second position in the league table with six points and are playing the top three being as follows—

P	W	D	L
Portlaw	7	0	14
Dungarvan	7	0	13
Monaghan	7	0	12

On Sunday next Dungarvan travel to Co. Kilkenny where the "ban" assembly does not exist to face Monaghan. This undoubtedly will be the local's most stern task to date and they will need to be in top form if they are to return with full points.

N.F.A. WEEKLY BULLETIN

SYMPOSIUM DISCUSSES THE FARMER AND THE ADVISOR OF THE FUTURE

The farmer of today and more especially the farmer of tomorrow need for specialist advisers of a different type of advisory service and possibly a different type of advisory service from the present one. This was the subject of a recent symposium on professional education for the agricultural industry in Ireland.

Emphasising during the symposium was given to the University training of graduates in agriculture and it was obvious from the direct speakers that an overhaul of the subjects presently being taught in the schools and colleges was badly needed.

Almost every speaker in turn referred to the farmer of the future and the demands of the industry while being well able to grant the demands of other sectors of the community was essential. Mr. J. Maher, President of the National Farmers' Association when he spoke at the Kilkenny N.F.A. County Executive dinner.

Mr. Maher stated that when he entered the EEC the demands of the industry were essential, apart from the demands of the industry, a week ago that there should be a planning in the EEC to give the farmer the opportunity of investing in the industry so that he could be a professional person in the industry.

The President of the N.F.A., Mr. T. J. Maher spoke at the symposium and said that "even though the level of the agricultural industry is holding out high hopes for this country in the EEC it was holding out high hopes for the agricultural industry the required financial assistance to the farmer in the EEC was not being consistent. He had outlined in a position where a national wage agreement has been completed and the Government must be able to interpret complex trends on the national and international fronts."

Mr. Maher also referred to a matter which is causing the education section of the N.F.A., and others for that matter, great concern, and that is the dissemination of knowledge to farmers. There is little point in achieving research results, he said, unless these results are communicated to and applied by farmers. The adviser must act as a liaison officer between the parties involved. To achieve this however a proper structure in the advisory service must exist.

Mr. M. Hassel, C.A.O. for Co. Offaly said: "Without the ability of continuing self-study the B.Sc. degree becomes a mere certificate and such an advisor has nothing to offer to the development of farming."

It was also who summed up rather nicely what the advisory service will be facing in the years ahead. He said farmers with a high standard of education, (b) farmers with greater business like attitudes, (c) new family type farms, (d) farmers specialising to a much greater degree, (e) an increasing number of part-time farmers, and (f) rural and agricultural business development.

MALTING BARLEY GROWERS CALLED ON TO ATTEND SPECIAL MEETINGS

A call to all malting barley growers in the country to attend the special meetings which have been arranged for them by N.F.A. County Executives during the first half of next month was made this week by the President of the N.F.A., Mr. T. J. Maher.

He said that at these meetings members of the N.F.A., B.V.A. Malting Barley Committee will present a full report on the negotiations to date with Guinness, Dublin, Ltd. on the price of the 1971 malting barley crop.

The Committee was most anxious, Mr. Maher said, that growers should avail of this opportunity of getting their hand information on the negotiations. Only in this way could they ensure that the views expressed had the decision or recommendations coming in this series of meetings, would truly reflect the informed attitude of malting barley growers in general.

Mr. Maher said: "If there is any malting barley grower who does not share the Malting Barley Committee's view on the unfairness of the Guinness Company's present offer of a minimum price of 70/- per bar-
