However, they should not forget that with spiralling costs etc. that being strong today does not guarantee strength for tomorrow unless they can improve their throughput of milk.

Mr. Maher said the policy of N.F.A. was that farmers should run their own business and be involved in all aspects of agricultural production, processing and marketing. Therefore, N.F.A. was extremely concerned about and indeed deplored the recent decision by the Minister for Agriculture in preventing the farmers getting control of processing their own product in Clare. This measure, was in effect giving a permanent hold to the Dairy Disposal Board, which was not up to dispose of this product until such time as farmers were ready to take them over.

"The Government should hand this over now to the farmers of Clare. It is deplorable that the Government is now going back on its word in this regard. I would urge Clare farmers to stand firm and support their own cause. There is adequate evidence to prove that the farmers of Clare have not been getting a fair return for their milk as could be seen from a progressive co-op enterprise.

"I would assure the farmers of Clare that the N.F.A. is fully behind them in their efforts to control their own destiny."

MR. LANE'S ADDRESS AT LIMERICK DISPLAY

The main purpose of today's display and parade is to highlight the rising expenses and static income in present-day farming, said Mr. Paddy Lane, Munster Vice-President of the N.F.A. when he spoke after the N.F.A. tractor parade through Limerick.

Mr. Lane said: "This is affecting the dairy industry far more than any other sector of farming. As can be seen from one of our posters during the 1969-70 period 15,000 farmers were forced to quit supplying creamy milk. These were forced out through lack of a progressive policy on the one hand and a regressive price structure on the other."

"At a time when both British and world markets for milk products were never better we find that in 1970 our total milk output has fallen by 12 million gallons. At the moment our output is on a downward trend.

"If corrective action is not taken immediately our dairy industry will not be in a position to recover. This corrective action will have to be taken in the April Budget. What we in N.F.A. now demand is a 3p increase of 3p per gallon to help all milk producers to supply quality milk."

"The present tiering system of payment will have to be abolished and replaced by aids to the small milk producers at the point of sale. This would mean a grant of £25 per cow to a man under £50 land valuation if he agreed to replace his cows with higher yielding ones."

"If our demands are not met then N.F.A. will have to reimpose its no purchase campaign and also seriously consider a total commodity strike."

Mr. Betty Fahy, Vice-Chairman of Kildare County Executive N.F.A. said that as a liquid farmer she felt very angry. Their demands for 24 new pence per gallon was modest and they could actually justify more.

"The farming problem is the same in Kildare as it is in Limerick, Cork, Kerry, Tipperary or Clare. The problem is the erosion of our incomes by ever increasing costs, costs which have spiralled in the last 2 years. Farmers are a responsible section of the Community. Our Organisation has protected within the law. Now our case is with the Government."

N.F.A. WEEKLY BULLETIN

N.F.A. DISAPPOINTED WITH CARCASS BEEF AND LAMB SUPPORT INCREASES

The N.F.A. is disappointed with the new measures announced this week by the Government to increase the rates of support for exports of carcass beef and lamb. The increases follow the recent increases in the British fatstock guaranteed prices. The new supports are intended to encourage greater marketing of fat cattle in Spring and early summer.

Mr. Joe Bruton, Chairman of the N.F.A. Livestock Committee expressed disappointment at the increases, pointing out that instead of accepting the Association's recommendation to eliminate the differential of 31 new pence per live cwt. between Irish and U.K. beef subsidy rates the Government proposed to allow this gap to widen to 56 new pence per live cwt. during certain periods of the year.

The increases to British farmers for 1971-72 are: £0.725 (14/6) per live cwt. for cattle and 2.2p (54d.) per lb. carcass weight for lamb.

The increases to Irish farmers are: carcass beef - from March 29 to June 27—£0.725 (14/6); from June 28 to September 26—£0.60 (12/5); from September 27 to December 5—£0.475 (9/6); from December 6 to March 5, 1972—£0.60 (12/5); and from March 6, 1972 to March 26, 1972—£0.725 (14/6). The increase in carcass lamb per lb. from March 29, 1971 to March 26, 1972 is to be 2.2p (54d.).

Mr. Bruton pointed out that the widening in the differential between the Irish and U.K. beef subsidy rates could seriously aggravate the difficulties already being experienced by our carcass beef export industry in competing for supplies of cattle with the Northern Ireland beef industry, which enjoys the benefits of the full U.K. subsidy plus special aids and incentives.

The N.F.A. disputed the Department's estimate of an additional cost of £2 million which the Government says the increases will cost the Irish Exchequer. With the British market levy scheme due to come into operation from July 1 market prices in Britain were expected to stay at a high level. This could well mean that this year's average rate of subsidy in the U.K. on which our subsidy is based would be somewhat lower than last year. In fact no subsidy was payable on carcass beef for the past two weeks due to the high level of market prices in Britain.

The N.F.A. shared the Department's view on the need to even out seasonality of supply, but felt that this should be done on similar lines to the Northern Ireland scheme of seasonal heidage payments over and above the carcass

beef subsidy during the February-June period.

HIGHLY SUCCESSFUL FARMERS' PUBLICITY DISPLAY IN LIMERICK

N.F.A. members from all the Munster counties were represented at a highly successful Farmers' Publicity Display held in Limerick on March 27. The display was part of the Association's campaign to improve the income of Irish farmers.

The display, which consisted of nine separate floats which laid particular emphasis on milk and dairy products, passed through the main thoroughfares of Limerick City after which a meeting was held. The meeting was addressed by the President of the N.F.A. Mr. T. J. Maher, and also by Munster Vice-President Mr. Paddy Lane and Mrs. Betty Fahy, Vice-Chairman of Kildare County Executive.

The display illustrated the position of farm prices and clearly illustrated the wide margin which exists between the prices which the primary producer receives and the price which the consumer pays.

The N.F.A. has been consistently demanding action on the part of Government for better milk prices, better grain prices, better pig prices, a realistic approach to sheep production and an effective overall policy for agriculture. The Association also demands a progressive structural policy and regional development policy in which smaller farmers will get special consideration.

Mr. Maher, in his address to the meeting said that the farming industry has suffered more from sudden changes in Government policy than from any other single cause. Plans had been made to expand agricultural production and then, for what looked like political reasons these plans were not implemented.

Mr. Maher instanced the setting up of a group a few years ago to look into the general price structure for creamy milk production. This group sat for nine months and recommended the adoption of an Incentive Scheme rather than the production of a tiering system. A year later another Minister for Agriculture rejected the group's policy and adopted a policy which they had rejected. Farmers were being continually frustrated that such groups should be set up and then have their findings totally disregarded.

He said that indications were that we can sell every gallon of milk, every lb. of beef and lamb that we produce in the country and the N.F.A. was advocating that the brakes should be taken off and expansion should be the key word, even if the money to generate this expansion had to be borrowed, by starting a plan today you did not get it tomorrow, and so investment in agricultural expansion would be on a long term basis. N.F.A. had continually advocated increased milk production and this could quite easily be achieved as our farms were under-stocked.

Mr. Maher continued: "We are in present under heavy pressure from traditional markets which we have built up. A Middle East con- sidered visited Ireland last week seeking good supplies of butter at good prices, but we were not able to supply them. We have had the unprecedented happening of Department of Agriculture Inspectors scouring the country seeking cows of butter. People involved in milk re-constitution are suspending operations to enable us to find an extra 2,500 tons of butter for the British market."

On the question of the small farmer Mr. Maher said that heavy emphasis should be placed on giving these small farmers a real financial uplift.

"For every cow the small man buys or wants to replace he should get 125 per cow. This does two things: not only does he get extra money but most important this extra money acts as a generator for extra productivity. This is in sharp contrast to the tiered system— which generates nothing."

Mr. Maher said we should not fail to see that it is within our scope to improve our own positions by making the right decisions over those parts of the industry where we exercise control.

"It is clearly evident that the creamery industry is in need of restructuring and this should not be done when we have reached a point of desperation. It should be done when we are able to cope with it from a position of strength."

"It would appear that some of the organisations in the creamery industry would not be prepared to go along with a restructuring policy because they are strong now."

Mr. Maher continued: "We are in present under heavy pressure from traditional markets which we have built up. A Middle East con- sidered visited Ireland last week seeking good supplies of butter at good prices, but we were not able to supply them. We have had the unprecedented happening of Department of Agriculture Inspectors scouring the country seeking cows of butter. "I would assure the farmers of Clare that the N.F.A. is fully behind them in their efforts to control their own destiny."

MR. LANE'S ADDRESS AT LIMERICK DISPLAY

The main purpose of today's display and parade is to highlight the rising expenses and static income

Farmers want fair prices, is outside Mr. Colley's office and the message being amplified out these days by the National Farmers' Association for the Minister for Finance Mr. George Colley.

This is the predominant slogan being carried on a trailer-tractor display of agricultural produce which parallels

country will man the tractor trailer display. The display, the first of its kind seen in Dublin, details the gap between what the consumer pays and what the farmer gets for his produce. Pictured here are (from right to left) Mr. Paddy Kihlana, Becher's, Chairman of N.F.A.'s

BLUE CROSS RATIIONS

THE NEW COARSE CATTLE FEED "RUMENAC 15" AT £37.25p PER TONNE DELIVERED FREE.

It is the best value for money containing high energy precisely balanced with blended proteins together with the ideal level of Vitamins, Minerals and Trace Elements.

DUNGARVAN BOATS WILL HAVE STRONG REPRESENTATION AT ROTTERDAM FISHING FESTIVAL

The third International Sport Fishing Festival (WISMA) will be held in Rotterdam from the 9th to 15th April, 1971.

The Board of Directors will be staffed by four Tuurler, B.A. personnel including Pat Macleod, Publicity Officer, South East Dublin. Last year the Festival was attended by 22,000 people, most of whom called it the Best of the Best.

During the course of the Festival Irish Specimen Fish Awards will be presented to twelve Dutch Anglers who caught specimen fish during their holiday in Ireland. It is interesting to note that eight of these fish were caught off Dungarvan, including the new record Honiton Ray, which was caught by Johan J. Koop of Rotterdam on the 12th August 1970.

Dungarvan Boats Ltd. will be represented in strength at the Festival by their General Manager, Mr. Patrick Hamann, the Senior Skipper Willie Harry and their Angling Advisor John Cassey. During 1970, Dungarvan Boats Ltd. provided sea-angling facilities for 1,116 Dutch Anglers.

These Dutch anglers came to Dungarvan on inclusive holidays offered by Bobby Lighthart of Peimair, Birsven, Holland. Dungarvan Boats Ltd. will be staging a very elaborate party in association with Peimair to attract further business to Dungarvan during 1971.

BEECHER'S FOR VALUE

AT HOME - WITH PAINT AND WALLPAPERS

I.C.I. Decorating Notes (Fourth Article)

Reading Lesson - It's a funny thing, but home painters who work on walls for text-books and magazines which tell them something about painting often can't be bothered to read the instructions on the paint can...

Quick Tips - Good news, there is no need to burn off old paint, that is in good condition. This is only necessary if the old paint is crazed, blistered, perished or flaking.

That Problem: The Sealer - You go into the paint shop feeling a little bit worried. You want a drop of gloss to paint a gutter or downpipe...

Do not think the sealer is just the paint manufacturer's way of getting you to buy more paint. The sealer was designed to play a vital part in several different paint systems.

The Colour Adviser Said - A final lecture in the series of lectures on the Co-operative movement organised by Waterford Co-Op.

CONGRATULATIONS FOR NEW SECRETARY OF DEPARTMENT On the proposal of Mr. K. O'Ryan, Chairman, the members of the Co. Waterford Committee of Agriculture at their monthly meeting in Dungarvan last Monday congratulated Mr. Michael Barry on his recent appointment as Secretary of the Department of Agriculture and Fisheries...

ing there is some to be had can also cause the same defects. To put things right, allow the paint to harden thoroughly then rub down with glasspaper and water and recoat.

Mistake: Wrinkles - If your paint dries with a wrinkled or shrivelled surface you can usually remedy the defect by quickly applying paint to the full glare of the sun...

SHOCK RESULT SEEMED PROBABLE

Late Scores See Dungarvan Through

For a long period in their minor hurling clash with Fourmiletwater at the C.B.S. Ground, Dungarvan on Sunday night last Dungarvan, it seemed would have to make their bid for county honours via the losers group.

For despite being hot favourites in last Sunday's clash it took them quite a time to shake off the shackles of mediocrity in an attack which disappointed with the result that a shock result was well nigh probable up to the final quarter.

They were best served by goalkeeper Patsy Hackett, centre-back Pádraic Flynn (one of the best defenders on view) and Jimmy Curran and Seanie McGuire also in defence.

Waterford Dairy Queen Chosen The County Final of the Macra na Feirme Dairy Queen Competition was held in conjunction with a very successful dance at Lawlor's Hotel, Dungarvan, on Wednesday, March 31st.

The winner was: Miss Sheila Hallahan, Ballinaceta. Second: Miss Olive Betts, Kilmacomas. Third: Miss B. Vickers, Kilmacomas.

There were entries from most of the twenty branches, Sheila represented Waterford in this competition last year and was one of the six Dairy Princesses who contested the National Final, she will again represent Waterford in future rounds of this competition.

Mr. Finbar Power, County Chairman, presented her with the County Executive Cup and a miniature.

The adjudicators were: Mr. Stephen O'Connor, General Manager Dairy Division Waterford Co-Op; Mr. George Fraw, C.A.O.; Miss Marianne Kieran, County Competitions Secretary.
