S.F.-Affane To Beat Stradbally

Tallow and Ardmore to advance in Intermediate Championships

Fourmlewater and still lost one of the very best games of the championship.

Next Sunday Picking the winners of four of the five championship games listed for decision in the West on Sunday next is quite an intriguing problem and a feature likely to attract the biggest crowds of the season to date.

BEST PROGRAMME What should be the most attractive programme of the week-end will be staged at Cappoquin, where two very interesting intermediate games will be decided.

In the opening game Western champions, Tallow, set out to defend their title against Collihan, in hurling and in the second game football league champions and the runners-up in last year's championships, Ardmore take on Ring in the intermediate football championship.

Affane and Stradbally, both highly fancied for the senior title will clash at Lismore and the two games fixed for Abbeyfeale will be the most interesting clash in junior hurling and Clonsherr and Ballinacourty clash in junior football.

At Portlaoine, Geraldines will make their senior debut in the East when they travel to play An Ríocht in the first round of the hurlers' group in senior football.

Ardmore are the hottest favourites to win a championship this year and if they fail to win the intermediate title, it will be viewed as the wonder of the football season. But the wonder about the same team last year was how they managed to beat Ring and failed to beat the Nire. In their game against Ring they were beaten all over the place except on the score-board. In fact had Ring been able to show any reasonable amount of accuracy in attack that day they would have won the championship.

Now in the opinion of supporters of both camps, the teams have improved and between them they will decide the destiny of this year's title.

Costly Laugh—Whistler fishing with a friend near the stone bridge, Voughal, one evening last week, a fellow resident had occasion to laugh at his friends' joke when out on the water. The joke was that the sea and were inevitably lost. It was a rather costly laugh.

Ballydunnon Water Scheme—The Minister for Local Government has agreed to the water scheme for Ballydunnon. Mr. Waterford has been asked to make a statement on the matter. The Minister's reply was "I am not aware of any proposals for a water scheme for Ballydunnon. However, as I informed the Deputy on the 24th February, the local authority proposals for a public scheme to serve the area were approved by the Minister in October 1971. I understand that work on the scheme is now well advanced. The Department's notes are being read to record that the above work is now nearing completion."

History Of Tallow—We would be interested if anyone would have an old history of Tallow or part of would oblige by sending us a copy. We have an idea that somewhere a history of Tallow exists. With the death of the older residents of the town much of the history of the town passed into oblivion. We would like to reconstruct the history of the town and its incidents that happened in the town or districts.

An Industry Badly Needed—For a long time now, we have kept silent on the need for an industry for the town, but we are now bringing the matter up again. Of all small towns, Tallow has been the worst. We have had no industry, mainly made at election time and then the town would be pressed home, but as soon as the elections are over the talk of an industry is put into cold storage until the next time.

There is a small industry operating in the town but it is much too small to absorb all those available for employment. Failure to find a growing population and would be a long time before the town and Midlands many would be able to emigrate.

Tallow Development Committee have done their best to get an industry locally, with little result. Dungarvan is a town with a growing population and we are calculating about the establishment of a cheese factory in the area, but so far nothing has come of it and people cannot live on rumours.

Now with our entry in the E.E.C. and a Government promise that small factories would be established in the E.E.C. countries, to employ those who would not have full time employment in small holdings, Tallow's claim for an industry should receive serious consideration.

We understand that the Government cannot just tell an industry to go down to Tallow and start an industry there, but they could at least help in many ways. Let us hope they do.

Wed In Dublin—Congratulations to Mr. Thomas Hurley, Ballynagh, Inch, Killybegh and Intempele, Co. Cork, who was married last week. The bride is Miss Margaret Coughlan, Ballynagh, Co. Cork, who was married last week. The couple became engaged on a pilgrimage to Lourdes last year.

Mr. Hurley is a well known agricultural and horse breeder. We join in wishing Mr. and Mrs. Hurley the very best of good luck and happiness in the years ahead.

Imokilly Gymkhana—The Imokilly Hunt Club held a very successful evening at Mount Lourdes on Friday evening, June 16th. There was a grand dance followed in Inch Community Hall with the Zodiacs Showband supplying the music. The proceeds will go towards defraying the expenses of the new hall at Inch.

Films At The Arch—Even though the advent of television put paid to many cinemas in the country, large numbers are attending the weekly film shows at the Arch Cinema, Tallow.

Many attribute this to the hopelessness of television in recent times. Some of the films shown on the small screen, especially on Sunday nights are nearly fifty years old. Some of the films shown on the small screen, especially on Sunday nights are nearly fifty years old.

DUNGARVAN WILL BE A BETTER LIGHTED TOWN

PROPOSALS TO IMPROVE PRESENT STANDARDS APPROVED

In the course of a report submitted by Mr. C. A. O'Connor, County Manager to last Monday night's monthly meeting of Dungarvan Urban Council, it was stated that the standard of public lighting in the town at present was not satisfactory and the purpose of the report was to submit proposals which the Council might consider to improve the position.

The report went on to state that the Council were prepared in the current year to spend a sum of approximately £2,000 to provide (a) Traffic route lighting (the highest standard available on the Watford-Dunlop-Youghal Road between the 30 m.p.h. signs at each end of the town) by 3 additional lights on the New Line out to Duckpool, and (c) 10 new lights on the car park at Seanall's Yard.

These proposals, however, would be contingent on the Urban Council undertaking to provide annually for the maintenance of the lights.

The report then set out additional proposals which the Council might consider and the cost of all the proposals was summarised as follows: (1) Traffic route lighting (a) Watford-Dunlop-Youghal Road between the 30 m.p.h. signs at each end of the town (b) Seanall's Yard car park (do.) £1,193. (3) 8 new lights at New Line out to Duckpool, and (c) 10 new lights in Urban area above the car park (do.) £336. (6) Replace 34 existing lamps from traffic route (do.) £2,000. (7) Supply additional 11 lamps in Urban area in accordance with the survey carried out by the E.S.B. £660.

The County Manager's report concluded: "The total cost of the foregoing proposals for one year would be approximately £3,550. A sum of £740 is included in the current year's estimates for new lighting for one year only. There is, for consideration, an item on the agenda with regard to the replacement of the new effect of the position is that a sum of £2,200 over and above the £740 requirement from the State is required for Amenity Grants. The Council should consider that this sum should be diverted to public lighting. This making a total of £2,900 approximately available to meet the lighting, allowing for the fact that the

E.S.B. CHARGES

The E.S.B. District Manager has addressed the following letter to Mr. C. Curran, M.C.C.:

I appreciate that the terms for supply now offered to applicants in the Drum Hills area are exceptionally high. Indeed I am sure many of the present applicants would have obtained supply long ago if more favourable terms had been available.

Due to the somewhat scattered location of the present applicants the capital costs involved in extending supply are correspondingly high and the application of Special Capital Charges is therefore unavoidable.

As you are aware the present subsidy arrangement will be terminated in March, 1975, and my Board is committed to giving all unconnected households one last opportunity to obtain supply during that period.

The canvassing and resultant construction in all areas has been programmed to give complete coverage by that date. For this reason I cannot upset this programme now by extending subsidies to those applicants who are applying in individual areas to reach a decision on the terms offered, which in any case are the lowest possible in relation to the present level of Government subsidy.

While I appreciate your anxiety at inability of the people you represent to meet the terms offered I regret that there is no possibility within the present subsidy arrangements of reducing these terms. Furthermore, after the closure of the Drumhill area any terms offered must inevitably be very much higher in the absence of Government subsidy. This fact should not be overlooked by the time available for people to apply for supply in the area is very limited.

This situation is, of course, not unique to Co. Waterford, but can be found in practically every county in the State, but since the basis for the terms for supply under Government subsidy has been approved by Department of Power in relation to that subsidy, my Board is not empowered to vary these terms or to discriminate between applicants.

ARDMORE AND DISTRICT NOTES

Fire.—A dwelling house unoccupied at the time, on the Main Street, Ardmore, went on fire during the week.

Lifeboat.—The death of the former coxswain of the Ballycotton Lifeboat, Mr. Patrick Slincy, brings to mind the rescue of the crew of the Daunt Rock Lightship in 1936.

Co. Park.—Some time ago Ardmore Sea Anglers wrote to the County Council and suggested that they put a Car Park at the eastern end of Whiting Bay as one was badly needed there.

The County Council did not hesitate and at the moment a car park is being bulldozed into shape and protected at the seaward side by a row of sleepers.

Winners.—Amongst the winners at last Sunday's Beamish & Crawford Open Shore Angling Competition were: Mr. and Mrs. Desmond Conroy and Master Michael Dunne, of Ardmore S.A.C.

Angling.—Weather conditions were very bad for the competition organised by Ardmore S.A.C. on Saturday night.

Radio Show.—On Saturday, June 17, St. Declan's Hall, Ardmore was packed to capacity for the Joe Linnane Show "Take Me to the Sea-side."

This excellent programme was produced by Mr. P. J. O'Connor. The audience took an active part in the singing and Mrs. S. Lincoln was interviewed by Mr. Linnane.

and this should prove a most enjoyable day to the evening.

For sport and entertainment then, all roads should lead to Melleray on June 30.

Civil Defence.—The local members had a most enjoyable day on Sunday when they took part in a "camp" outing in Crosshaven.
