Although even at this stage, there seems to be no positive information about the new chairman, I believe that either Paddy Kenneally or Padraigh O Fainin, will occupy the post, surer is also difficult to predict and while the situation seems to leave delegates with a choice between the two Divisional to honour the agreement, will be discussed at a meeting on an Colsde Gnotha at wateriord, on tonight it is expected that we consider the two Divisional to honour the agreement, will be discussed at a meeting on an incomplete that the consideration of County Treation in the constant of the constant of the constant of the constant of the county of the county Treation in the constant of the county Treation is also difficult to predict the constant of the county Treation is also difficult to predict ional treasurers Paddy Fitz-gerald and Davy Power, the possibility of having Paddy Kenneally back for a year is by no means out of the question Noel Dalton remains adamant that he will not seek

Seamus Grant will be un-opposed as County Secretary and the election for County Registrar will again be resolved in a contest between John Fraher, Cappoquin, and Mick Dowling from the East. No contest for the Munster Council Representatives is expected, because of the satisfaction given by the two outgoing Tom Cunningham and

#### WORRYING OF LIVESTOCK BY DOGS

Every year there are numerous cases of killing savaging and worrying of sheep and other ivestock by dogs People who take dogs into the countryside and dog owners who ive in or near the country should keep their dogs under control at all times and on a lead when farm animals are about If these simple precautions are taken the losses to farmers and the suffering and injury caused to sheep and other livestock through attacks by dogs can be avoided or at least considerably reduced Owners and persons in charge of dogs are reminded that there are severe penalties for allowing a dog to stray and worry livestock
