As I write this no definite

As I write this no definite steps have been taken to select condidates but I trust that this procedure will be followed and that at least two condidates will be presented to enable the people to make their choice on December 188 which has been fixed as polling day. The democratic process must not be tampered.

The article then states in the cost of producing water to town to town in the cost of producing water to the polling to the polling the cost of producing water to the town to town in the cost of producing water to state from town to town in Dungarvan there would be no pumping charges.

EXCELLENT PRODUCTION BY **DUNGARVAN** DRAMATIC CLUB

In these days when we are daily bombarded from our television screens, radios and newspapers with news of murders

This is an extremely funny play full of hilarious and at times almost hysterical humour and the nine members of the cast gave top-class performances getting full value for every line and action Much of the credit for this must go to producer Brendan Breen who kept the play maying at a line dedication, and lovelty of

whether big or small, was an extremely strong one with outstanding performances by all selectors. Eddie Cunningham, nine Particularly outstanding were the lead players Elleen O Mahony who, as usual, seem-od to take the vary demanding day. ed to take the very demanding part of Penelope Toop the Vicar's wife in her stride, Gloria Binions who had the audience stretched almost to tears as the old maid who got tears as the old

MacShane as Sergeant Towers (and what a typical BA Sergeant he really was) were wonderful in their support

The stage set and lighting were up to the usual high standards The play has been running since last Sunday might with a final performance to night (Thursday) and if you have not seen at yet and ground the standard of the standard standar have not seen it yet and want a good laugh then you should not miss it to-night

REGAIN SENIOR

Last week due to pressure of time I could not deal in full with the Castlelyons match won by Minnies by 5 matches

Shane Pender played in the role of no 1 for Minnies and after a lengthy game with John Crowley just managed to stay a "nose" in front at the finish Ned Keane reversed the result with Florence Waters who had won easily in Castlelyons and once again Seamie OBrien "played five" with Seamus Carey, who proved a tough nut

span of years which goes back to the early 1930's Last Sun-day at Walsh Park Waterford to the early 1930's Last Sunday at Walsh Park Waterford they regained their senior status by defeating Ring in the intermediate football county final by just one point. Their winning margin however, in no way reflects their superiority in a game in which they held control for long periods Yet five minutes from time they were still battling for the winner as the scores stood.

After the match from 9 pm to 11 pm, in the function room attached to the courts a very enjoyed by all with Toni to the fore, ably assisted by Jim and Angela, to name but a few Of course the Corkmen didn't leave us without a rendering of the Banks of the Lee 'We look forward to future matches with the East Cork club After the match from 9 pm

May I conclude this week by extending my deepest sympathy and that of all club members to the relatives of the late Paddy Collins of the Celtic Club Waterford who passed from this life recently Paddy, a well-known PT Instructor played squash at Minnies on several occasions and was a great friend to all who had the Vol 2 on LP, Gassette or 8 track now in stock which in cludes "DUNGARVAN MY HOMETOWN" and 20 other Irish Ballads by various Artists pleasure of knowing him May he rest in peace

COMPLUCHT SILICRE EIREANN, TEO

COMHLUCHT SIUICRE EIREANN, TEO.

NOTICE TO SUGAR BEET GROWERS

The offer hereunder has been made by Comhlucht Siniere Eireann, Teo to the Beet and Vegetable Section of the Irish Farmers' Association for the 1975/76 sugar beet crop Because this offer contains a number of different elements we consider it essential to set it out in detail for the benefit of growers in order to avoid any

A MINIMUM GUARANTEED PRICE FOR BEET

We have offered a Minimum Guaranteed Price of £1425 per ton of beet at 16% sugar content for next year's crop (Corresponding price in the current year £945 before interim increase and Green Pound £1032 after it) For growers who do not wish to take up their contractual pulp allowance—which goes with the above offer—we will pay a minimum guaranteed price of £1627 per ton at 160% sugar content

Because of the EEC situation there are a number of unknown factors at this stage and when these are decided upon in Brussels it is possible that the guaranteed prices given above may be further increased As we must operate for the price of both beet and sugar in the EEC situation, the price of beet in Ireland must be related to the basic EEC

But since any alteration of that basic EEC price for the 1975/76 crop may not be made until well into 1975, we have deemed it desirable to make our offer known to Irish farmers at this stage in order that they have time to plan their rotation and thus take advantage of the opportunities afforded the industry under the new in creased sugar quota secured recently for this country

THE FORMULA

The formula which we have arrived at and which gives Irish growers guaranteed minimum prices of £1425 or £1627 a ton is composed as follows

(a) The basic price to be decided by Brussels which will include any increases granted by the EEC

(b) 79p per ton of beet for each £1 differential between the Irish sugar place and the EEC intervention price

PLUS

(c) A further premium of £104, a figure we calculate to be the equivalent of the transport disadvantage our nearest EEC partner may have in supplying sugar into Ireland

GROWERS' COSTS

FURTHERMORE, the growers' representatives have already been informed by us of the costs of seeds

herbecides and beet compound for the coming year

and they have been guaranteed that, irrespective of cost inflation or any other circumstances arising these prices will NOT be varied upwards by us This offer is contingent on early signing of contracts to afford us the opportunity of forward buying and economical distribution

Price per ton Current year

AND AGAIN, should there be any adjustment in the valuation of the Green Pound or any midterm increases granted during the 1975/76 season our formula has been designed to cater for this and will automatically be added to the basic price in (a) above

We have also offered to undertake with growers a joint research and development programme for beet production to be funded by growers contributing 4p per ton to which we would add a further 6p per ton

THE PRICE OF PULP FOR **NEXT SEASON**

Growers will be given the same allocation 12 cwt per ton) of contractual pulp as last year. The price will be £26 per ton, ex factory keeping it in lipe with drying costs in EEC countries and which is our actual drying

We would like to make clear that such a high pulp allowance at such a low pulp price is nowhere else avail

As an alternative to the above we have offered a free wet pulp allocation in accordance with the EEC regulations

We are also guaranteeing to pay an additional £2 92 per ton of beet—as in 1974—to growers who do not take up their allocation (This represents £16 27 per ton of

We are confident that the formula, as outlined in this advertisement, will cover growers' costs and give increased margins. In the event of the growers' representatives substantiating that this is not so in May 1975—when anv unknown factor may have emerged—we are prepared to submit the matter to arbitration to fix the price We have suggested that the arbitrator be nominated by the Council of the Agricultural Institute We have informed the growers' representatives of this additional condition

THIS ADVERTISEMENT IS BEING PUBLISHED IN ORDER TO ASSIST GROWERS TO UNDERSTAND FULLY THE REAL EXTENT OF THE OFFER WHICH WE HAVE MADE TO THE BEET AND VEGETABLE SECTION OF THE IRISH FARMERS ASSOCIATION IT IS HOPED IT WILL ASSIST FARMERS IN PLANNING THEIR 1975 '75
