LA018 Waterford scored a compre-hensive win over Laois in a very one-sided and rather boring National Hurling League Div 1B tie at Walsh Park on Sunday

Their new look forward division seemed to have at last found a winning formula and in contrast to their game v Limerck when they only scored 1-1 they were in rampant form in H last Sunday's clash against a M Laois defence which could find no answer to stave off an aval-anche of second half Waterford

Waterford, who were missing Martin Kirwan and Kieran Ryan from the original lineout played newcomer Pierce Ahearne at right full back and recalled Pat McGrath to fill his customary centre back berth They had a quiet opening and did not score until the 7th minute They gradually stepped up the pace after this and were 1-9 to 0-2 ahead at the interval John Galvin playing in the

unaccustomed role of centreforward began to make his presence felt early in the second half and his goal and three points in the opening ten min-utes opened the floodgates in an

DUNGARVAN G.A.A. NOTES WE ARE THE CHAMPIONS

November 16th 1975, will long be remembered by those I of us who journeyed to Walsh I Park for the jumor hurling (county final against fanced (Portlaw It was a day when our magnificent hurlers rose to challenge in tremendous fashion and carved out a 2-11 to 0-7 victory that left us limp with excitement at the end of the day

Yes this was an occasion we had waited for over many (years But the waiting was Fr well worthwhile and our men did us proud as they swept to a memorable victory against worthy opponents. Just as against Tourin we played some sparkling hurling Fast determined and above all

skilful we took the game to Portlaw, led them four points at the break and then consolicated our position with a great second half display In the end we could, indeed should have had a bigger winning No doubt some played better

than others last Sunday but for me this was a team effort all the way Every man including our two substitutes Lar-Cummins and Peter Hayes con-tributed immensely to this historic Win

The victory too was some thing of a personal triumph took them in hand when many was beyond their compass and moulded them into a title winning side of which we are justifiably proud

The selectors and officials too played a big part in the vic-tory and to all of them we say SUPPORTERS

SUPPORTERS
And what of our wonderful win supporters? They were great car thou wonderful win supporters? They were great that they were great they was a supporter of the support the Western final against Tourin and were even better on Sunday week. Gaily bedecked in the blue and white colours they roared and chanted encourage-ment from start to finish The boys of the C.BS under Tony Ryan were an immense help in the fashioning of this win

Promoters are reminded that the second of our monthly '150' draws will take place on Saturday night, December 6th It is pable that some new names will be required so we are hoping that supporters not yet in the draw will join It is only £1 per month and is important to the running of our club

DERELICT SITES ARDMORE

CALL TO REMOVE

How many dereliet sites are there in the seaside village of Ardmore? This was a ques-tion which remained unresolved at a meeting of Waterford County Council in Dungarvan last Monday when the Chair-man Mr C. Curran, moved a motion asking that immediate steps be taken to remove derelict sites in Ardmore Mr Curran held that there was a big number of derelict buildings in the Main Street and that the position was so bad that no town in the council when a brief report from the Town buildings in the Main Street and that the position was so bad that no town in the council when a brief report from the Town the Town that the balance of the land and one was fined the would accommodate only one aspect to emerge from the at a meeting of Waterford County Council in Dungaryan unsightly objects. He said that a public meeting had been would accommodate only one held recently in Ardmore at which the position was discus-

sed and the people had expressed themselves as fed-up with the whole thing as nothing was being done.

Mr C O'Connor Co Manager, did not accept what the Chairman said. The Council had made progress in removing the derelict sites and this was proved by the fact that work a few years ago there were 5 or 6 in the Main Street but now only one remained there

VICIOUS PO INCREASES

The increases announced by the Minister for Posts and Telegraphs in the various postal and telephone charges last week can only be described as vicious At a time when efforts are being made to beat inflation the government seems hell bent on bringing the country to its! knees As one critic aptly put it on the morning the increases were announced "they (the government) are really coming the hound on it now '

The Minister trotted out! the old excuse for the in-1 creases by saying that unless they were applied, there would be redundancies and a poorer service What an awful lot of hogwash The postal! services, such as they are, 1 connot get much worse than they are

The action of the Minister can only be described as irresponsible and while it is in keeping with the similar attitudes of the various other departments it goes to show the great hypocrisy of the Government from the Taoiseach down when they call for restroint and tightening Why don't they proctace some of these things themselves?

IF YOU CARE - SHARE Christmas is just around! the corner and plans to make it as happy and enjoyable as possible are by now well advanced in most households Cakes have been baked and plum puddings prepared whilst among the children the princapal topic of conversation is beginning to centre more and more on Santa Claus and what he will bring them in that seeming mexhaustible

sack of his But not all households can look forward to Christmas as a pleasant time for giving and the stark simple reason is that they will not have what it takes to fully partake of the joys of the festive season Peculiarly enough in this time ex of great social welfare benefits we still have in our communities many families who

are in dire need On Sunday, December 14, we that is the Sunday after next the Society of St. Vincent de Paul in Dungarvan will take up their annual Christmas collection and they have issued an appeal to the general public for financial support By subscribing generously you will be helping the them to help the many cic people in the community who are old and lonely or who are Bi deprived of the good things cor of life which so many of us Fa take for granted - heating and food, companionship and

contentment The extent of the deprivation which exists in Dungarvan may be gauged from the of the that the Sanata fact that the Society is of spending at the rate of pr £5,000 a year on the needy ba poor of the town It shows, which too, how difficult it must be for them to gather sufficient funds to meet the many calls We which are mode on them

I can put the position in no better way than what the Society says in their appeal circular as follows "In most cases, the less fortunate cannot be blamed for their plight but you and we can be blamed if we do not fulfil our l moral obligation to help them If you care—Share "

would add my voice to this appeal not only where Dungarvan is concerned but in all areas where, in the coming weeks, these Christmas collections are being taken up for the needy poor Let there be no bounds to your charity in this regard PS-An earnest of your goodwill towards the Society's fund raising compaign would

be a visit to their rooms in Dungarvan on Wednesday next, December 10 where people will be asked to take a bowl of soup or two and rolls instead of their usual mid-day meal and to contribute the cost of a full lunch to the Society
