GERALDINES TO WIN J.H. COUNTY TITLE ON SUNDAY

(Bu Commentator)

NEXT BUNDAY Sunday next will be a day of finals in both Divisions and was of a very high quality and while supporters of the various teams engaged will flock to the that there will be many more.

A new record of continuer attraction. Much credit is due for this continued success of Scor to Paddy Fitzgerald and his hard working committee and also to the many testing who have provided the high standard of entertainment.

GERALDINES TO WIN It is quite an achievemen for Portlaw to have reached county final with a second team in the adult championships for the second year running In that club there is tremendous confidence that the side who lost to Dungarvan in last year's junior county final. will succeed at the second atprinciples in the minds of the tempt Certainly Portlaw -e children in her care The success of her efforts may be with a very well balanced team of skilled hurlers who have the advantage of two good games against Rathgormack in the last two Sundays They looked very good at Dunhill on Sun-day last when beating Rath-gormack deservedly on the score of 3-8 to 1-6 The club

are currently riding on the crest of the hurling wave and things were never better for them now that they have al ready taken the county senior The Western Geraldines, are also confident

They are enjoying their best season in more than a decade of years even though they began rather disappointingly by losing to Ardmore in the first damages together with costs round A resurgence of inter- and expenses was awarded to est brought them over the next round in which they beat Clashmore They showed further improvement when they surprisingly beat the championship favourites St Mary's (2-8 to 1-8) and then they

shocked all the hurling judges by accounting for Colligan in a memorable Western final on Council the score 1-9 to 1-4

The club has certainly come from rags to riches' in a matter of months and if they can reproduce their best Western form in this one they should he crowned champions of the county on Sunday afternoon They are a far more experienced side than Portlaw and many of their side, including Awarding decrees on each of disposition his witty remarks Kiely too are all playing well title enough to expect that they will After the game Club Chair not be found wanting when the man John Woods presented the enough to expect that they will chips are down, My view is that the Aglish of plaques while the runners uo

first championship The Hon Secretary Mr Mi Quann in the course of a comprehensive report said that they could look back with pride on a memorable year in the long and distinguished his-

tory of our club the year in which dreams of championship glory became a reality with that tremendous victory in the Maiden 4 Championship at Cork City Regatta was a fitting climax to a most successful season on the water

Having reviewed the activitives of the year and having thanked all who had so generously supported them Mr Quann concluded his report by expressing concern at the falling off in revenue from hire of the hall. There was a clear tendency by clubs and organisations to take their functions earned a place in the Western elsewhere and the incoming final against Ballyduff committee would have to give serious consideration to the need for the modernisation of

SVP ANNUAL CHRISTMAS ID APPEAL

The local branches of the E G. Vincent de Paul Society in Bangarvan and Abbeyside and se in the other areas of the w county where bronches of the or Society exist have launched to their annual Christmas Appeal for funds and the general th public has been asked to re- au spond with their usual generosity at the church gate collections which will be taken re for the purpose next th Sunday.

Funds are urgently required by the Society to c mable at to continue to help if those in need in common with la everybody else, the Society in finds that inflation is having o big effect on its spending st power while the overall picture ich shows that more demands than ever are being made on to the Society's resources lit is indeed a strange con- b tradiction that in our affluent is

age there are people here who b at this moment are genuinely poor and in need of help the kind of help which the St Vincent de Paul Society are best geared to give in most cases people are poor through concurrentances outside their control and they cannot be blamed for the plight in which they find themselves In many instances it is difficult to recognise where poverty Generally speaking poverty is measurable in the sense that people recognise # m the less well-off or deprived but where people do not seem to be deprived they are not regarded as being poor or in need This of course is not

always so and riobady, knows this better than the members of the SVP So on Sunday next remember when you meet the collectors, be as generous as you can for in this way you will be helping them to help the many who are old and lonely or who are in need or are deprived in some way You will be helping the Society to provide for them some of the things which we take for granted ourselves — heating

and food, companionship and contentment Every penny subscribed to the Society goes directly to help the needy as the menibers' own subscriptions cover

all administration expenses TO SPEND CHRISTMAS
