THE GENEVA TRIP

Next week three members of Waterford County Council will leave for Geneva where from September 3 to September 10, they will ottend the International Conference on Housing and Planning cost to the ratepayers has been publicly estimated at £300 each but I have a feeling that it will run to a much higher figure before it is all

The manner in which the matter was approached and the decision taken did no credit to the parent public body in the county It was evident that the decision to send the representatives to Geneva was made outside the Council and it was then intro duced in an apparently innocuous manner and steamroll ed through The end result was that three members of one party are to get a holi day on the continent with the expense tab being taken up

An effort to justify the decision to send three was made by the Chairman who pointed out that practically all bodies in the country sent delegates to various centres in Europe from time to time but that Waterford County Council had hever done so before Now Waterford has joined in and will help to spend a little the ratepayers' more of

year this conference was held in Helsinki and Ire land was represented by sixty Councillors from all over the gauged from the fact that the who composed the merrier!
