Scecial Masses

I have to say the Pope passed on it 2140 (840 pm our time)

Only on the previous Tuesday the first pontiff who had suffered for years from painful arthritis said that death for us commot be far away

Thousands of Italians and foreign visitors immediately went to St Peter's Basilica and to the little town of Castelgan dolfo to mourne the man who succeeded Pope John XXIII and carred out the sweeping reforts of the 1962 1965 Second

This approaching death is approached to the 15th anniversary of his election in June he said his pontificate was almost completed and only last Tuesday said that death for us could not be far away.

Tributes to Pope Paul began pouring in shortly after his death was announced Italian Prime Minister Gulho Andreotti declared. We will remember him with unbreakable affection with admiration and with nos talgia.
