The confrontation between the members of the Waterford Committee of Agriculture on the one hand and the Local Government Auditor and the Minister for Agriculture on the other concerning the payment by the Committee

f travelling expenses and ubsistance allowances to a 6-man deputation from the Com mittee which travelled to Dub-lin in December 1975 to dis-cuss fishery problems with the then Parliamentary Secretary to the Minister, Mr Michael Pat Murphy, TD, would appear to be nearing its end.

Following representations to the Minister for the Environment at the Committee's October meeting to have the decision of the Auditor reversed and to allow the payments totalling £144.20 which had been made to the members of the deputation the CAO Mr George T Frost informed the members at their monthly meeting in Duntheir monthly meeting in Dun-garvan last Monday that a re py from the DeDt of the Enironment to their representations stated that a formal order for surcharge had now been made against the members con cerned by the Local Government Auditor and if the Committee now wished to appeal against this decision and wanted the Minister to examine the position they would be required to sign the special form provided showing reasons why the posi-

tion should be changed Mr K O Ryan, Chainman then read out a statement from the Department outlining the sequence of events up to the present This showed that despate warnings from the De-partment that the payment of the expenses involved could not approved, they were paid by the Committee It pointed out that this payment was illegal and contrary to the sanction of the members of the Committee were guilty of misconduct COULD NOT SEEK RE ELECTION

The CAO said that technically the position now was that if the money was not paid back t could mean that the members would not be entitled to seek re-election at the next Local Elections

The Chairman said that it would be as well for the mem bers to bear that in mind now Mr P Wall pointed out and was supported by Mr Curran that it was agreed in principle 31st 1979 and application forms by the Committee that in the for the scheme may be obtained from Community Welfare of the Minister refusing to sanction the payment, the members would share the payment throughout Waterfold city and county with the county among them.

October the first '78 being the year In the football county final two fine teams did appear We marched in our thousands

Three-thirty being the time the ball was thrown in And there in their glory our boys looked so trim They played shoulder to shoulder with Clashmore in

full flight, But I never once doubted the green and the white

Full back Micheal Flynn as solid as a rock And likewise Pat Enright was always midst the flock, He played some great football we sure did admire Hard luck there Pat you had to retire

Rodgie Cashin first sub then he answered the call And when he came on he went through with the ball ut it wasn't to be thought us unworthy But still we kept cheering our men Ballmacourty

We had Nicky and Ritchie and Michael so strong And brave John Moloney he went like a bomb They sprang and they jumped to everyones delight

They gave the Clashmore men a terrible fright

he never did tire He proved on that day he s a And super John Dwyer he was a real star Three cheers for John he sends them over the bar

Dungarvan who won their first county hurling title just seventy years ago (1908) have captured more adult hurling titles than any other club in the West and can boast of six senfor and four junior county tit-les. They eventually regraded to juni; status and won the title in 1975 Since then they have gone very close to winning at intermediate level only to fail twice at the Western final stage This year they came out more determined than ever to go the fun distance Their training has been more organised and complete more professional and more dedicated than before Their victories over Geraldines and Tourin have been decisive but unfortunately injuries have taken their toll and now the news that a number of their best payers Thomas Duggan Eddie Sheenan and Michael Donnelly Will be out for this vital game, must certainly in ably on their county final per vital game, must certainly in terfere with their chances of terfere with their chances of winning Also there are some doubts about John Moyans fitness but there are hopes that need to the busy but there are hopes that need to the busy will likely have to the busy will likely have to rely on players like Timmy and J mmy Healy Dob Long, Pat Terry Pa Meehan Martin Sandford, Michael Naris Noel Sheehan, Patsy Hackett, Sean the Elipherary champions Fet.
