2—Ther is no point in quoting pay figures for Post Office would put figures in their pro-

per prospective

3—The article did not take mo consideration the long incremental scale in all grades ie a male clerk aged 18 commencing at £45 15 per week will not reach maximum pay of £80 59 until he is 34 years of age. The incremental scale of postmen is roughly the sare but in his case the maximum is £62 After income tay and other deductions a post nans pay would be about £50.
