CAN DUNGARVAN HELP THE BOAT PEOPLE ?

Dear Sir The world has by now learned a lot about the boat refugees while a parish Donegal has agreed to

What can the people of Dunners were always in control garvan do to help with the except for a short man control problem? For a start an even In Ireland in this papal year

our willingness to house and re settle refugees should be a primary concern as Bishop casey pointed out recently Can the people of Dungarvan find a house or raise funds to purchase a house and offer a job to a refugee in this part of Co Waterford? That would be the type of response a town like yours could make to help alleviate their plight People interested are welcome
