HERRING BAN TO REMAIN

As I forecast last week the ban on herring fishing in the Celtic Sea is to continue but in addition the law will be strengthened to stop the small fisherman along the south east coast selling their fish.

This has been the outcome of the meeting of representatives of the fishermen and the Minister for Fisheries, Mr. Leman, in Dublin last Monday.

The Minister said that he had taken the decision to continue the ban after consulting scientific advisers who promised the fishermen when he first met them in Cork last week. My expert advice is that the ban which is absolutely essential if the herring are to survive at all.

Mr. Leman said at a press conference after meeting the fishermen that the herring stocks are so low in the area that any relaxation in the ban which allowed fish to be caught could wipe out herring "altogether", he said.

However as a sop to the aggrieved fishermen who have been actively existing the ban in recent weeks Mr. Leman announced that he intends to seek the abolition of the limited fishing rights for netting by trawlers from EEC countries in the Celtic Sea.

Up to now German Dutch French and British trawlers could take herring as 5 per cent of their total catch when fishing for mackerel," he explained. Now the position is so serious that I will ask for the abolition of the herring catch for these foreign trawlers at a meeting of Community Fisheries Ministers next week in Luxembourg," he added.

He stressed the seriousness of the position when he said it should be clearly understood by everyone that the choice is either close fishing now for a limited period or fish now and wipe out the fishery forever," and backed this up by pointing out that stocks in the area had declined from over 120,000 tonnes in 1970 to only about 300 tonnes at present.

The only consolation the Minister could offer the fishermen of the south east for this total ban on their fishing activities at this time was that he would ask Bord Iascaigh

THE VERY ADOUS CONDITIONS

that prevailed. Perhaps in the first instance I did not make the point clear enough as to why I found fault with CIE. This was centred in the fact that by arrangement, CIE was given the monopoly of ferrying all pilgrims from Claremorris to the exclusion of the private buses. The latter had travelled hundreds of miles with their groups of pilgrims but when they reached Claremorris they found they could go no further and passengers had then to alight and get into the CIE buses to cover the last 8 miles to Knock. Had the private buses been allowed to travel on to Knock they could have parked in areas in the vicinity of the Shrine and I have been informed from more than one source that many of these parking areas (fields made available by local farmers) were left unoccupied.

Perhaps the chaos that followed the departure of the Pope might not have been avoided even if the private buses were allowed to travel closer to Knock but from the accounts I have received things could not have been worse and could possibly have been better had this been done.

I.D.A. Very Hopeful For Prospects In West Waterford

Mr Frank Burke Regional Manager Industrial Development Authority speaking at a press conference in Waterford on Monday had in conjunction with the I.D.A. Small Industries First Annual Report said that the I.D.A.'s target for the creation of 6,000 jobs in small firms in 1979 had already been exceeded by the end of September.

He said that small industries were proving to be a most dynamic source of job creation and in 1978 they accounted for 5,713 job approvals a 73 per cent increase on the I.D.A.'s performance in the previous year.

Mr Burke pointed out that a small industry was defined by I.D.A. as a company employing up to 50 persons and fixed asset investment of less than £100,000. He said that in 1978 agricultural engineering was the dominant small industry growth sector throughout the region — a direct "spin-off" from the growing requirements of a strong agricultural base throughout the region requiring an expanding range of new products and services. He confirmed that a bigger number of projects had already been approved in 1979 in this sector.

GREAT ASSISTANCE

Referring to County Waterford the Annual Report stated that the I.D.A. committed grant assistance totalling £153,878 to the establishment of the following seven new small industries in the county: Electrical Engineering Services Ltd, Dungarvan; Barlo Marine Ltd, Dunmore East; Melba Ware (Ireland) Ltd, Lismore; Engineering and Design, Tramore; Morriac Ltd, Bulk Milk Tank Washers.

MORE TRAFFIC CHAOS AND LITTER

The street traders again created traffic chaos in Dungarvan on Wednesday of last week when they once more invaded the town centre and set up their stalls and parked their mobile shops on the Square.

Throughout the day there were long traffic jams stretching along O'Connell Street and Mary Street from the Square where the "free" way was practically blocked by pedestrians moving from one stall to another.

One particular trader was responsible for most of the traffic congestion in these areas. He had a huge van parked at the O'Connell Street-Mary Street corner of the Square and complete with a public address system he conducted a series of "dutch auctions" from the van around which huge crowds gathered. When he left in the evening he left a mountain of litter behind him which when added to that left behind by the other street traders transformed the Square into something more like a refuse dump.

If there are no bye-laws under which this trading on the Square can be stopped surely action can be taken against anyone who creates an obstruction to the extent that it happened last week.

A SUGGESTION

It must be more than a year ago now since a resident in the Ballinroad area of Dungarvan made a suggestion to me about the need to re-align the wall on the sea side of the Clonca Road at Duckspool Cross. It slipped my mind then but in recent months having travelled over the road several times the suggestion was revived.

It is not a major problem but it could bring about a big improvement in the road. The suggestion was carried out. The point in question is where there was an old entrance from the road to the adjoining slobland probably put there in the first instance to enable local farmers to draw seaweed. This is no longer needed and its removal would serve a double purpose as it is now being utilised only for dumping which makes the area most unsightly.

The need for the realignment of the wall is more obvious when viewed on the approach from the Ballinroad side. It would, I feel sure, if done widen the roadway that little bit more at the cross and make the road much safer to drive on.

I pass on the suggestion for what it is worth.

THE SITUATION AT KNOCK

I find I must go back again to the complaints about the failure of CIE to provide some kind of transport for pilgrims from Claremorris to Knock on the occasion of the Pappal visit to the Marian Shrine because of the letter from "A Pilgrim to Knock" published in last week's issue of the "Leader". The writer takes me to task for blaming CIE and finds me remiss in not giving due credit to the overworked drivers for the long hours they worked in

Man Found Dead In Motor Car

Following a Garda search which had been conducted for a number of days Thomas Foley (30) Ballydoona Lismore was discovered dead in his car at 130 pm last Saturday evening.

The discovery was made in a secluded cul-de-sac in a forestry district at Comeragh Mountain near Mahon Falls.

The deceased who was employed at the glass factory in Dungarvan was last seen alive on Tuesday night October 16 at a local licensed premises and when he had not returned home the alarm was raised the following day.

The body was taken to the morgue in Waterford where a post mortem examination was carried out on Monday. An inquest will be held in Waterford.

A Garda spokesman said that foul play was not suspected.

Herring Skippers Elect For Trial By Jury

Dungarvan Courthouse was crowded on Wednesday when 12 skippers of boats involved in fishing for herring in the banned area of the Celtic Sea in recent weeks appeared on charges arising from incidents that occurred off Helvic Head on Thursday October 11.

Charged by the Attorney-General on two counts of fishing for herring and having herring on board their boats on the occasion were Padraig O'Ceallaigh skipper of the Sinead Tomas O'Ceallaigh skipper of the Tron, Earholowm Morrice skipper of the Slaney, Star Tony Gallagher skipper of the "Maria Anne", John D'Alton skipper of the Shirley Anne, Maurice McGrath skipper of the "Loyalty", Sean Whelan skipper of the Violet, Richard Tobin skipper of the Naomh Niolas, James Hayes skipper of the Rosgal, Sean Kelly skipper of the Patricia Anne, John Harty skipper of the "Ceann Heibhne" and Liam Kelly skipper of the Vega.

At the outset Mr A V Maher State Solicitor who acted for the Attorney-General stated that under Section 2 of the 1978 Fisheries Act the cases against the defendants named could only be heard at the District Court if the defendants raised no objection. He understood that this was not so as all the defendants were seeking a trial by jury.

Mr E P King Solicitor who appeared for all the skippers confirmed that this was so. Each of the defendants was then charged separately and in reply to the charges each elected to go for trial by judge and jury in the Circuit Court.

He then said that books of evidence would now have to be prepared and District Justice O'Connell adjourning all the cases to November 14 said that they would see what the post-

Report From Waterford Five

Acres of print have appeared since the historic pastoral visit to Ireland of Pope Paul II but for enthusiasm simplicity and the joie de vivre it expresses a little booklet called Report From Waterford Five would be difficult to surpass.

It has been written and illustrated by Mary Colette Wyley and is the report of the group that travelled in the bus named Waterford Five in the convoy that transported the youth group from the diocese for the great Youth Rally which greeted the Pope at Ballybrit racecourse Galway on Sunday September 29.

Miss Wyley is daughter of the well-known photographer Rory Wyley and Mrs Wyley Dungarvan.

WHERE THE SHANNON RIVER MEETS THE SEA

Our choice for the ballad corner this week has been made in deference to a request from a reader in Liverpool for the words of the well-known and loved "Where The Shannon River Meets The Sea".

Tho' my feet are planted in a far-off land
 There is somewhere they would rather be,
 Faith, it's planted firmly in the dark brown sand
 Where the Shannon River meets the sea.

My heart is e'er returning to my darling
 Where blue eyes mean all the world to me,
 Oh, tis heaven and someone's placed an angel there
 Where the Shannon River meets the sea.

Tho' my father told me other lands were fair
 I'm afraid with him I can't agree,
 For I always long to greet the scented air
 Where the Shannon River meets the sea.

There are no lips so sweet and so beguiling
 As those lips I hope belong to me,
 Tho' I go on roaming sure my heart remains
 Where the Shannon River meets the sea.

MINISTER'S ATTITUDE DEPLORED

The Constituency Council of the Irish Labour Party at their meeting in Dungarvan on Sunday October 21 deplored the attitude of the Minister for Fisheries towards Irish fishermen whilst allowing foreign trawlers to fish the grounds that rightfully belong to Irish fishermen and the equipment being used by the foreign trawlers is not only reducing fish stocks but destroying the fishing beds thereby ensuring that herring in the Irish seas will eventually become extinct

G.A.A. NOTES

Sliabh gCua To Take Western Title

NEXT SUNDAY All going well on Sunday afternoon the Western Board will write finish to another season of adult championships...

Sliabh gCua who were pipped on the post by Ballinameela last year began the season as favourites...

Their players Ned and Tom Power, John Fraher, Albert Burke, John Dalton, Declan and John Fitzpatrick...

For the result I expect to see Sliabh gCua come out on top but not before they have been given a great contest.

CURTAIN-RAISER Cappoquin who have already beaten Lismore and whose side includes a big number of last season's minor title winning team...

WATERFORD v CARLOW This National Football League game at Carlow will be the county football team's first official outing since the team were well beaten by Tipperary in the Munster championship...

Selection Committee have gone to great pains to ensure that the best available footballers will be in action to begin a new campaign.

Thirteen football clubs are represented on the twenty-one man panel announced over the week-end and the actual team looks quite good.

TEAM T Hunt, D O Murchu, S Flavin, N Hayes, J Keane, E Rockett, M Doffey, S Breen, D Conway, L Power, P McGrath, L Murphy, J Dwyer, M Hanrahan, (A N Other).

On the face of the results it would appear that the Ballinacorney v Mitchels match was the only one that produced any kind of contest - the others were mere formalities.

SARGENT CUP FINAL Portlaw were made travel all the way and into the bargain were given a big fight by Shamrocks...

Shamrocks began very well and were four points in the lead in a short time.

long to settle down and they did not have the ability to knock back Stradbally's big lead.

On Sunday last Ballyduff surprised Abbeystown and will now fancy their chances of beating Tallow in the quarter-final on next Sunday at Lismore.

WATERFORD v LIMERICK Waterford senior hurlers travel to Limerick on Sunday next to play the home side in a challenge in preparation for our first round National League game against Laois at Dungarvan on the following Sunday.

County champions Dunhill are through to the Munster Club championship semi-final as a result of their splendid victory over the Clare champions.

Our 2nd XV put up a fine performance against a strong Youghal side (who are unbeaten this season) in a friendly game at Ballyrandle on Sunday last.

Our half backs M Shalloe and J McGrath (in his first game) played well despite poor support from the ball while Power T Scanlan and G Ryan also played well.

On Sunday next Dungarvan have a double fixture with Fermoy with our 1st XV at home and our 2nd XV away both games at 3 p.m.

ABBEYSIDE PATTERN NOTES

AGM
Our A.G.M. was held in Monday 15th October and had to relate the attendance was not the best. However the optimistic spirit of the meeting prevailed and a new Chairman Secretary and Committee were elected as follows:
Chairman - Michael Daly
Secretary - Christopher Power
Treasurer - Paddy Smith
PRO - Donal Power
Committee members - Ion B. O'Brien, John O'Brien, John O'Brien, Paddy O'Brien, Michael O'Brien, Michael O'Brien

NOMINATION
The committee I delibed to note that the Dungarvan Urban Council has agreed following the nomination of Councilor Billy Kane to enter the Pattern Committee for the UDT Frigate Award. We feel that no honour is this an honour for the town and we are sure that it will be a tribute to those people who down through the years have worked hard to ensure a continued success of the Pattern 80.
Our thoughts now turn to next year's Pattern. A date will be given for our next committee meeting and I can tell you that the festival will be run over an eight day period and will contain many new novelty events.

ST LAURENCE'S YOUTH CLUB

On last Friday night we had a most enjoyable club night. We began with the usual games followed by a very interesting talk by Supp. English about the Garda. While it was very informative covering a wide range of topics it was also very entertaining.
This was followed by a discussion with tea and biscuits laid on by Ann and Geraldine. After that Johnny took groups to get suggestions for activities from club members. The suggestions were very varied - from discussions to building a spaceship and Brian asked to go to the zoo.
We finished off with some crazy games which everyone seemed to enjoy.
I would like to suggest to anyone who may be thinking of coming down on Friday nights to the club night that they can be assured of a good night's entertainment with plenty to do for everyone.
On Sunday the 28th October we will hold a party and disco for local children under thirteen years. This will commence at 9 o'clock in the afternoon. Admission 30p.
There will also be a senior disco held on 31st October.

WATERFORD COMMUNITY GAMES

IN FINANCIAL DIFFICULTIES
As the date for the annual grant but that it fell short of what was expected. The organization is indeed grateful for the grants to date. The biggest grant to date is almost £1000- comes from the areas affiliation fees and county finals.
Friday November 26 will see the first of a series of discos held in St. Paul's Community Hall, the Town Hall, Dungarvan and the Keaneland Hotel, Lismore for the purpose of assisting in raising funds for the County Board.
The outgoing treasurer Mr Denis Fitch, from Abbeyside is confident that this is how children will help finance their own organization from which they have hours of enjoyment and not alone that but also made new friends from county to county level. This is what the games are all about. The charge for all the discos is only 50p and this is well within the budget of the children. All that is needed is your support for your organization.
Notice has been forwarded to the 25 areas of the forthcoming annual general meeting which will be held in the Courthouse, Dungarvan on November 14 at 8.30 p.m. All applications and nominations must be sent to the Co. Louth and Ulster Bank and Secretary Mr John Fitzgerald, Friars Walk, Abbeyside on November 8th. One interested in these games is very welcome to attend.

FUNDS BADLY NEEDED
The outgoing treasurer in his report is at pains to explain why his committee never did and never will charge children to participate in County Games. He thanks the Co. Louth and Ulster Bank and Secretary Mr John Fitzgerald, Friars Walk, Abbeyside on November 8th. One interested in these games is very welcome to attend.

Tallow G.A.A. NOTES
Sunday last proved to be a bright dry day with just sufficient nip in the air to remind us that October was approaching. The end of a day ideally suited to football it provided us with all the trappings essential for the staging of a double-decker programme at Tallow Gaelic Field where Silverdale Blackrock were welcome visitors. Two games were played under 11 and under 14 and both were keenly contested.
The younger lads played a really fine game with never more than a score or two between them. The Blackrock lads won eventually 6-2 to 5-1 but it was always the prospect of a winning surge by the locals.
Trailing by 1-1 to nil after ten minutes Tallow swept into the attack for a Kieran Murphy point and a great Martin McCarthy goal to level the match. The Corkmen hit back with a goal to lead 2-1 to 1-1 at half time.
Exchanges were fast and furious in the second half with play switching from end to end in exciting fashion. Kieran Murphy got two more goals and Paul Curry one to keep hopes alive up to the end. The visitors were undoubtedly the better team and fully deserved to come out on top.
J. Barry, J. O'Brien, M. Henley, G. Sice, M. Cummins, S. O'Brien, S. Aherne, J. Henley, M. McCarthy, P. Cunningham, D. Wade, D. Henley, E. Barry, K. Murphy, P. Aherne, Subs — M. Sheehan, K. Allen, P. Wade, J. McGrath, L. O'Hara.
Tallow were nearly always in command in the under 14 end. Once they raced into a 4-3 to nil lead early on, much of the excitement went from the game and their 7-1 to 1-3 half time lead didn't flatter them.
To the credit of the Cork boys they refused to concede defeat and kept chipping away at a complacent Tallow throughout the second half to narrow the margin to just five points in the end with Tallow bettering them 9-2 to 6-3.
Michael Tobin, Frank Ryan, Kieran O'Brien, Ian Barry, Paul Curry, and Martin McCarthy were most prominent for the home side.
Tallow — S. O'Brien, M. Allen, J. O'Gorman, M. Henley, E. Clivett, M. Tobin, B. Henley, K. O'Brien, F. Ryan, J. Henley, I. Barry, P. Curry, M. McCarthy, G. Beecher, T. O'Hanlon, Subs — M. Cunningham, K. Murphy, G. Sice.
Both teams were entertained by Tallow G.A.A. at the Community Centre later in the afternoon bringing to a pleasant end what has been a most enjoyable afternoon. Hopefully similar games can be arranged in the future.
