Something new is desperately needed to shake the senior championships into more interesting competitions and maybe this is it

An Rinn are interested in having group teams back in the championships and their senior motion is aimed at winning support for this change NO LOSERS GROUP

Something that is very diffi-cult to understand about the vention is that no motion has been tabled seeking to have a losers group made legal for the minor hurling and football championship. The discovery that no such bye-law existed was made last year but County Convention authorised County Board to allow a losers group system to operate for one year only on the understanding that the matter would be out right by way of a motion at the 1980 Convention Despite the fact that several clubs were made aware of the position in time no such motion was submitted so there goes the losers group in minor

A QUIET YULETIDE ON THE ROADS

The Christmas and New Year holiday period of 1979 was gen erally quiet in all areas This was particularly so on the roads as motorists, heeding the repeated pre-Christmas warnings to exercise care and caution and "to think before you drink before you drive" were further inhibited by the extremely icy conditions which made driving a most hazardous exercise on many

A spokesman at Dungaryan Garda Station told the Leader on Monday morning that the Christmas holiday was excep-tionally quiet and that there had been no accidents of any serious kinds reported

Questioned as to the number of drunk drivers arrested over the period the Garda spokesman replied that there had been none adding that because of the dangerous condition of the roads discretion was used in alyser People generally he said seemed to take more care and responded to the appeal not to mix their drinking and driving

DRUGS STOLEN

The only serious crime reported over the holiday in Dungar van involved a raid on the chemist shop of Mr A J (Austin) Hallahan at the Square where thieves got away with a quantity of hard drugs estimated to be worth £30

Mr Hallahan closed his shop on Christmas Eve and when he re-opened it on Thursday Dec ember 27 he found that a locked cabinet where the drugs were cept had been broken open and the drugs stolen Nothing else was taken by the thieves Gardai investigating the raid
