1 P.O.E.U. Member Honoured

Tyers was Bernard honour d last week by the Irish Post Office Engineering Union when he was presented with a gold badge for his 43 years membership of their union The presentation was made to Mr Ty rs by the local branch chairman Micheal O hUallachain who on behalf of all the IPOEU members congratulated Beranrd on completing 43 years membership and wished him many more years of mem-bership of the Union

Larry Cliff., the local secretary also congratulated Mr Tyers and spoke of the help and assistance that Bernard had always given to his fellow workers

ter receiving this honour Mr Tyers thanked the branch for the pres ntation He said that he would be proud and honoured to wear the gold badge He then went on to say that he remembered when hentered the Union in 1936 there were only 4 members in the Wai rford area which also included Waterford City

Mr Tom Collins the Dungar-van Post Master was also on hand to congratulate Bernard and said that he was honoured to be associated with him for so many years He spoke of him as being a gentleman of unique

Mr Tyers is the first member of the Dungarvan branch to receive such an honour

I C.M.S.A. Demand 8% Increase

The Irish Creamery Milk Suppliers Association last Frinight demanded a basic 8 per cent price increase for all dairy farmers to maintain their incomes This would mean a price increase of approximately 4p per gallon

Making the demand at the annual dinner of the North Cork Executive ICMSA in Mallow the President of the organ isation Mr Anthony Leddy de-I firmly believe that Irish dairy farmers require this increase to put them in a position where they can meet family and development commit-

Stating that farm incomes in general had reached crisis proportions the ICMSA leader pointed out that even in 1978 which was a good year relative to last year the Farm Management Survey showed that 40 per cent of full-time farmers below 50 acres made less than £2,000 and only 10 per cent made over

He continued "The affect of 1980 is the high level of inflathe price reduction last year tion in Ireland Up to 1979 farm ans that these farmers are on the poverty line and they cannot continue to be at the receiving end of proposals that could put them out of exist-

crease in the co-responsibility levy to 15 per cent and the imposition of a 3 per cent supplementary levy and the continuation of a price freeze pol-icy—dairy farmers would without doubt see their incomes fall again by a massive 40 per cent in real terms in 1986 when true account was taken of inflation He went on It is hypocrisy for the EEC Commission to re peatedly state in its proposals that it was conscious of the difficulties that would have to be faced by small full-time producers as a result of measures de-

signed to restore the balance in I have heard this over the last number of years and yet th Commission still has not come up with concrete proposals to help the small milk producer who has no alternative

Mr Leddy called on the Minister for Agriculture public reent tives farmers and nonfarmers to unite to oppose any measures that would out the famil larm out of business He referred to the proposed supplementary levy which he consid red_would have catasfarmers incomes this year if implemented in the wake of a poor vear last year

GREAT CUP WIN

Dungarvan 6, Thurles 0 Dungarvan defeated Thurles

The home side started very well and were camped in the Thuries half for most of the first half and they got their reward when Tom Considine land ed a very fine penalty from near the line to give them a 3-0 lead which they held until half-time Early in the second half Dungarvan increased their lead when Tom Considine kicked an-other penalty to put them 6-0 ahead But it was only after this that Thurles really came to life and Dungarvan had to withstand very strong pressure for the last fifteen minutes But

their lead to the end A Thurles player got the line five minutes from time and had the referee done this earlier the

This was by far Dungarvan's mess no peeling apart and there best display and the team show is £3 00 off until the end of this ed real character and spirit month

Our pack were all "heroes" our front row of Dec Dower Pat Morrissey and John Considine were rock solid, while our second row of Tony Clarke and Michael O Halloran were seen to very good effect especially in the line-outs while our back row of Tony Shalloe Bill Cash-man and Ned Heffernan all played like terriers

Our backs gave the best display of the season with our half backs Frank and Johnny Lynch in brilliant form while our centres of Tom Lyons and P J Kin-dergan were very effective Our two wingers Noel and Kieran O Connor handled everything that came their way and were both unlucky not to score while our full-back Tom Considine was the hero of the day' with his two great penalties and his safe

handling

The Chairman of the Residents Association Mr John O Connor referred to the swiftness or the decision to grant planning permission for what he termed 'this massive quarry development ' It had all been finalised in a matter of ten days and the residents felt the decision to grant full planning per-mission for this monstrous development was taken in total disregard for the residents of the area and also for nearby Tramore as a tourist resort
