The above scoreline tells the story. Clashmore are champions for 1980 and we congratulate them on having won the title. They were the more experienced side, having also played in the final last year, but make no mistake about this they were also a very lucky side because with half a minute left to play Ardmore were leading 6-2 to be and it was a last gasp goal that carned them their victory in fairness it was a goal that should never have come as it was a the result of a tactical error by the Ardmore defence, and Clathmore who were expertly coached, took full advantage of the situation

Every one of the Ardmore lads played their hearts out We are all very proud of you you will be back—in fact you are still at the top as far as we are concerned Your conduction the field and the manner in which you accepted this heart-breaking defeat ensures a very bright future for our games in the parish of St Declan Weil done lads.

As regards the Vice-Chairman ship. I doubt Councillor Kyne's succerity in voting with Fianna Fail In his long number of years on the Council he has never once supported Fianna Fail in similar circumstances I would infer from remarks attributed to Councillors Curran and Kenneally that they were unaware of Mr Fahey's illness I find this bard from the current of the line of the li and this hard to accept as the general public are well aware from the National papers that Mr Fahev had a serious operation previously As a regular tisher to his house and seeing the many other Public Representatives from as for as Kerif tatives from as far as Kernicatives from Lagrangian from hospital Mr Fahey has been confined to home lying on bern confined to home lying on plank bed and eating lying

When I visited Mr Fahey las night I found him in such depressed condition because the impression created that i decided to write this letter in decided to write this letter in defence of defence of a man who has given 30 wars loyal and dedicated ser tice to Waterford County Count

NEWS FROM LISMORE

*Cricket — Lismore cricketers had a great win over Waterford in Newtown on Sunday week last in the Senior Cup and by virtue of this win are in two semi-finals. This was a good win for the visitors as the home side are an experienced one but thanks to D Edwards and G Kingston who scored a total of 82—Edwards being the top scorer with 43 and Kingston 29 out of Lismore s total of 120 followed by some splendid bowling from Pollard and Flynn when Waterford batted, Pollard taking four wickets for 31 runs and Flynn five wickets for 20 runs, Lismore ran out winners by 34 runs G Kennedy also impressed for Lismore, scoring 17 runs not out

> The most recent move by the Department is a letter stating that they might consider metal work if the school sacked one of its existing teachers This is hardly on! The position is that because of extra subjects being provided at Leaving Certificate level separate classes for honorganisation physics in addition to the core programme of religion Irish, English history geography French chemistrymany extra teaching hours are

be examined from the very beg

Finally the people of this area - an industrially deprived area-have as much right to metalwork as people in other neighbouring areas There is no alternative vocational school in They left Lismore after 800 population for an extra post m Mass and arrived in Thur primary school What seems more natural than to provide the needed technical subjects on a co-operative scheme between the VEC and the school ly when buildings are available

At the moment some pupils from this catchment area are travelling out under their own private arrangement to attend Vocational Schools in Fermor and Mitchelstown While one does not deny for a moment the rights of parents to send child ren to any school of their choice yet one feels that the natural centre for the provision of the technical subjects 50 badly needed is here in their own county Waterford and in
