Its tough at the top, they say And so it proved at Cappoquin on Sunday last, when, after a run of eleven championship games without defeat during which we won two successive county titles we were beat-en by a fast and fit Tallow team who never allowed us to settle into the game This was a game in which nothing seem ed to go right for us and subsequently we were struggling

We had of course prepared well for the game but even though we were both physically and skillfully prepared we did not seem to possess the same zest and appetite which we had when we first set out on our double-title winning run back in May of '78 And so work for theirs was a job well being of a rather soft nature done We feel disappointed of course but we are just as graceful and dignified in defeat as we were humble in victory and we reflect on the penalty spot to leave the score at the break—Yourfuture happy in the knowledge that the club and parish will
