Shamrocks March On In Semi-Final Thriller

SHAMROCKS 2-12; FERRYBANK 2-9. There will be few if any, better championship games played within the county this year than this epic intermediate during semi-final at Frasher field last Saturday evening. The Shamrocks of Knockmore marched manfully into the county final after having defeated the under 16 hurlers of Frasher in a thrillingly balanced Dungarvan.

Shamrocks started well but when they were shot their second in the twentieth minute it was a lack of penetration that let them down. The second half Lismore had many chances to make the score a lot closer but their forward play was not up to the mark. Lismore's second half was a struggle from the start. The first half was a thriller with both sides showing individual performances of a high standard. The Shamrocks were well and truly worthy of their victory. The game was a thriller from start to finish. The Shamrocks were well and truly worthy of their victory. The game was a thriller from start to finish.

ABBESIDE ANGLING CLUB NOTES

Our qualifying event for the All-Ireland Master Angler (boat) took place on Monday evening, August 2nd. Fishing from three boats the 19 anglers taking part recorded 80 fish which included the following: conger, dogfish, bull-hus, pollock and ling. First was George Young with Bill Whelan in second place. Third was Pat Cullen. George Young was unable to make the trip to Westport. Co Mayo for the masters event so the honour was bestowed on Bill Whelan who was in second place. The masters event was scheduled for Saturday last August 7th and at the time writing no news had reached me as to the result.

The first in our series of juvenile competitions took place at Ballinacorney on Tuesday, August 3rd. No fish were recorded but the prizes were raffled. In the under ten category the winners were 1st, Brian Donovan; 2nd, Gerard McCarthy; 3rd, Allen McConnell.

BALLYDUFF FAIL IN DISAPPOINTING REPLAY

KILMATHOMAS 2-3 BALLYDUFF 0-6. This was a disappointing replay of the intermediate football championship and it was only by a stroke of luck that it was not another draw. A Peter Conaghan goal in the 55th minute gave Kilmathomas the assured victory. Ballyduff held out without Mollie and Michael Walsh. It was a disappointing game and Kilmathomas more than Ballyduff have very little to offer in football.

TALLOW WIN WELL AT CAPPOQUIN

TALLOW 3-4; LISMORE 3-5. Tallow to retain their West Waterford under-21 hurling title in the evidence of this convincing semi-final win over Lismore at Cappoquin. They were well served in every department and there were fine individual performances from Mick Beecher, John and Mike Geary and Paul Carlow. Lismore had their best moments in the second quarter when they recovered from a bad start to level the score at half-time 2-2 to 1-5, but the young side faded in the face of continuing second-half pressure from Tallow, inspired by a rampant Mick Beecher and the result was obvious well before the end.

CONGR KING'S ANGLING NOTES

DUNGARVAN S.A.C. This club's open boat — The Yoplait Gold Medal 3 Day International — will be fished on Saturday and Sunday, August 14 and 15. Boats leave punctually at 10 a.m. and lines up at 11 a.m. The fishing in these waters is rewarding. I.F.S.A. The Hon. Press Officer Hilga Clinton, has supplied 'The Messenger' with news of the Master Shore Anglers National Shore Championships, Kilmore Quay 2005 are books to these competitions on Saturday, August 28 at White Hole, Tonaghogue, Co. Wexford. Messrs. Flynn, the Show People, will sponsor the competition. This firm has been involved in sea angling sponsorships for the past 7 years. It is expected that over 100 anglers will participate between the hours of 16.00 and 20.00. After 20 years the Irish team succeeded in winning the I.F.S.A. Pacific International Championship, Westport. Results: 1. Ireland (6,187 points); 2. Scotland (5,598 points); 3. France (4,370 points). 24 species of fish were recorded and the total number of fish checked in was 6,823. The remainder of the placings were as follows: 4. Belgium; 5. England; 6. Luxembourg; 7. Austria; 8. Netherlands. On Sunday, August 22, the four provincial boat-angling teams will meet at Curragh, Achill, for the Ulster Bank trophy and team awards. SOME TROUT ANGLING ON THE LAKES Lough Sheelin — Fair hatches of buzzer in General. Good late-night fishing. 72 trout weighing 178 lbs. Best fish 41 lbs.3 reported taken by 13 rods. Lough Mask — Water conditions most unsuitable. Joe Sullivan had two trout weighing 22 lbs. in three hours fishing and A. Dodd, Dullau, had 3 trout weighing 31 lbs. on Friday. Lough Mask — Wrenit Cup Wet Fly Championship, fished between July 29 and August 2. There were four heats and a final. 447 anglers fished the competition over the five days and 184 trout weighing 1821 lbs. were taken in 453 rod days. Mr. Jim Stafford, Dundale, with 3 trout weighing 3 lbs. 7 ozs. won the World Cup, a Waterford Glass Trophy presented by Guinness (valued at £450 approximately), a boat presented by Burke's Boats, Ballyrobe (value £246 approximately) and £360 cash. Second came Michael Sweeney, Loughrea with 2 trout weighing 3 lbs. 5 ozs. winning the Neptune Boat Hire Cup, presented by Burke's Boats, a 5 hp. onboard engine (value £135 approximately) and a

VAGABONDS COME TO DUNGARVAN

The Vagabonds are coming to town in Dungarvan, a unique group of dingy sailors from Cork Harbour who have been invited to the County Waterford Harbour by the local sailors on Saturday, August 14 and Sunday, August 15. They will hold their annual Overseas Trophy and swap boats with the local fleet for a joint race in a total programme of four events over the 12 days. Vagabonds are a sturdy 12 foot dingy, sailed by both adults and children and found only in Cork Harbour where a fleet of more than 20 boats is based. They were mostly home-built and are unique to Monkslow, the only place they are found in Ireland. Last year, for the first time in the 12-year history of the Club they sailed outside Cork Harbour, when Cork solicitor Charlie Hennessy one of the stalwarts of the fleet put up a new OVERSEAS TROPHY which was sailed in Crookhaven in West Cork, to where the Vagabonds journeyed 80 miles. Many of them loaded into an articulated truck. This year they have been delighted with the invitation to Dungarvan, where sailing is a busy and popular sport and to the additional offer to swap boats and sail Petrels with the local Petrel sailors, take the helm of the Vagabonds. The Vagabonds are very distinctive with their yellow sails, topped by the club emblem of a leaved anchor. A good week-end's sailing is looked forward to in Dungarvan.

DUNGARVAN AND WEST WATERFORD KIDNEY CARE ASSOCIATION

Our grateful thanks to the helpers in the West Waterford region who made our church gate collection such a success on Sunday, August 1st. We are deeply grateful to anyone who helped in anyway and especially to the people who so generously contributed. Our next meeting will take place in Taylor's Hotel on Thursday, August 26th at 8.30 p.m. Looking forward to meeting you there.—P.R.O.

DUNGARVAN CABLEVISION FIRM AND CORK NEGOTIATIONS

While protracted negotiations are continuing between Cork Communications and the Dungarvan firm of Casey Cablevision on the provision of multi-channel television in Cork City, the managing director of the Casey company, Mr. Sean Casey, made it clear earlier this week that no final agreement had been reached between the parties. Mr. Casey said the negotiations were similar to those his company had last year with RTE. At that time RTE was an applicant for the licence to operate in the city and, in the event of the application being successful, planned to exclusively use his company's signal. At that time, Mr. Casey said, there was no question of his signal being used as a "back-up" operation rather it would have been the sole signal source.

Mr. Casey made it emphatically clear to the leader that whatever the outcome of the negotiations with Cork Communications, his signal could not, and would not, be made available as just a "back-up" service for a number of reasons — particularly from an engineering viewpoint. A switching arrangement between the Cork company's Knockmaddon signal and that of any system would be impractical. Mr. Casey continued. He also pointed out that any such arrangement would require the approval of the Minister for Posts and Telegraphs. He asked if the fact that the reduced power from the Presley Station in Wales, impaired the reception in Dungarvan, Mr. Casey said that it had not

affected in any way the high quality of the signal we get. Queried about his views on the availability of a satisfactory signal at the Knockmaddon site, Mr. Casey said his findings were that a wholly satisfactory signal was not available, and he pointed out that subsequent RTE tests had confirmed this. Our voters are brainwashed, myopic and dense. Our poor country is in shambles from greed and pretence. We have bank-benchers, front-benchers, plures and bank shares. With point-scoring trait opposing affairs. We have fat men and lean men, unwashed men and clean men. We have gaugers and gutties with no backgrounds at all. We have wheelers and dealers, gotters, ambitious and jet-setters. We have heart-throbs and spend-whiffs and womanisers and old. So next time when voting let's try some turn-coating. It's fashionable now in the ranks in the Dail. (Written by: J. Sullivan, Ballyard West, Tralee, Co. Kerry)

ADVICE

The Government would need to be wary of some dubious economic advice emanating from the Department of Agriculture, particularly if decisions on future levels of public expenditure in the agricultural sector are going to be based on this advice.

This was stated by Mr. Donald Cashman, IFA President, in a comment on the investment plan issued by the Taoiseach and Minister for Finance, Mr. Ray McSharry, at the recent Flanders Agricultural Seminar in Athlone.

Mr. Cashman said: "Over the past year there has been a concerted attempt to give the impression that public expenditure in agriculture is a waste of time and money. It is a selective and distorted manner. Mr. McSharry's recent speech was yet another step in the process of creating a political environment for further cutbacks in Government support for the agricultural sector."

It has been alleged that the farm output response to the increased farm inputs has been sluggish. Yet when one checks the figures it is seen that between 1970 and 1978 the volume of gross agricultural output in Ireland increased by 25 per cent. This is an average growth rate of almost 4 per cent per annum. This level of sustained growth rate has only been surpassed once by another country and that was by the Netherlands in 1975.

A 50 per cent increase in the volume of the main farm inputs, the feed and fertiliser, was required to obtain the increase in output. This is quite reasonable when account is taken of the favourable price-cost relationship in those years and also of course of the law of diminishing returns.

"Since 1978, the extreme price-cost squeeze, the high interest rates, and the unfavourable weather have inevitably taken their toll on Irish agriculture. Yet, even with the very modest recovery which is taking place in 1982, the volume of gross agricultural output is up by 2 per cent on the 1981 level and with a reduction in the volume of farm inputs, the volume of net agricultural output is likely to increase by about 6 per cent this year. These facts have carefully been avoided by the economic scribbled."

"The increased use of capital inputs in agriculture in recent years has also been criticised. Mr. McSharry should be remembered that up to EEC entry, Irish agriculture was totally uncapitalised. It is farmers who are undercapitalised in comparison with our EEC counterparts."

Mr. Cashman added: "In principle, IFA concurs with the Commission's report which goes a long way towards overcoming the public misconception about the policy which is being followed by the Government in relation to both income taxation and capital taxation and the need to make a final assessment."

Mr. Slattery added: "In principle, IFA concurs with the Commission's report which goes a long way towards overcoming the public misconception about the policy which is being followed by the Government in relation to both income taxation and capital taxation and the need to make a final assessment."

CATTLE SUPPLY SITUATION—AUGUST 1982

According to a review of the livestock and meat industry published by CAP, the Irish Livestock and Meat Board last Thursday, cattle supplies during the second half of this year are likely to be at moderately higher levels than during the same period of 1981. The relative importance of the two export channels is also likely to change in favour of meat export plants since there are indications that the live sector will not be as strong an influence in the trade. Consequently, a smaller share of available supplies is likely to be sold through meat plants.

The average reference price for all cattle in the period prior to 1981 has been 15% higher than in the same period last year. The rate of increase over 1981 has been slower, however, and while in the early months of the year cattle prices averaged over 15% higher than in the corresponding period of 1981, they have since fallen to 8% higher than in the corresponding 1981 period.

Cattle slaughtering at meat export plants during the first six months of 1982 continued at the relatively low levels recorded in 1981. Total throughput in the period January to June amounted to 311,000 head, 4% below the level of the corresponding period of 1981.

Within total slaughtering to date this year, however, there was an increase in the slaughter of male and female animals, particularly of culled cows and heifers, which has led to a higher level for several years, indicating that a certain amount of live retaining is underway.

Slaughtering of steers were 12% above corresponding 1981 throughout. This increase, at a time when stocks of male cattle are being reduced, is a reflection of the fact that at the beginning of 1982 were lower than one year earlier, suggests that cross-border slaughtering of steers in 1982, have greatly diminished from the scale of 1981.

Exports of live cattle to date in 1982 have amounted to 183,000 head, 12,000 head fewer than the volume recorded in the earlier part of 1981. The decline largely reflects a slowing in exports to Third Country destinations, especially in the trade to North African markets — a trend which became evident in the second quarter of this year. Nonetheless, total exports of live cattle to Third Countries in the first six months of this year amounted to 115,000 head and has accounted for over 62% of all live exports during the period.

CBP's Market Research and Planning Manager, Mr. Paddy Moore says: "The increase in the earlier part of this year can be attributed largely to the continuing shortages of cattle whereas the delay in introducing the BSC price package for 1982-83 until May 20th when cattle prices were already declining seasonally, led only to a stabilisation and temporary reverse this pattern."

"The higher intervention prices arising from the price package should have a greater impact, however, in underpinning the market this Autumn, particularly following the introduction of intervention buying-in of carcasses from August 1982. Similarly, the decision to introduce a special export refund on hindquarter bonless beef from mid-animals at a rate equivalent to that for the bone-in product from August 2nd completes the new range of differentials and non-differential information service to the citizen on Tuesdays and Wednesdays 7.30 pm to 9 p.m., Thursdays 4.30 pm to 6 p.m. and Saturdays 11.30 a.m. to 1 p.m.)"

NEWS FROM CAPPOQUIN

DEATH OF MR. EUGENE LALOR

Many old friends will join with his bereaved family to mourn the death of Mr. Eugene Lalor, 85, who died at his home, 10 Castle Street, which occurred at Lismore District Hospital on August 8. A native of Abbeystead he had lived in Cappoquin for fifty years, many of those being spent in the employ of J. O'Connor & Sons. His quiet retiring disposition made him a popular figure and he will be greatly missed.

WATERFORD SCHOOLBOYS LEAGUE

The great news on the schoolboys soccer scene is that our schoolboy team have been accepted in the Waterford Schoolboys League. The age groups will be under 12's, 14's and 16's. As of yet we have not received any fixtures for the coming season. We have decided to merge with Affane in these age groups and we will call ourselves Cappoquin/Affane. Training sessions have not been arranged yet by trainers Pat Kelly and Tom Browne but I am certain they will start in the near future.

RED HOUSE LEAGUE

On the under scene the club has applied for membership of the Red House League. We hope to have news of this very shortly.

COMMITTEE MEETING

The club will hold a committee meeting on this (Friday) evening, August 13th at 7 p.m. All members are asked to attend this important meeting in the Parish Hall.

OLD RESIDENT PASSES

Another old resident passed to her reward this week in the person of Mrs. M. James, 85, of Mill Street. Obituary will appear in next week's issue.

FIVE A-SIDE LEAGUE

It has been decided to defer the five-a-side league until September. Thirteen games remain to be played but it is proving impossible to complete the programme with so many members unavailable because of holidays and other causes. The league will resume on the second Sunday in September.

SHRINE CEREMONY

The annual ceremony in honour of Our Lady of Knock will take place at the Rex on Sunday, August 15th at 3 p.m. This year for the first time Mass will be celebrated.

NOVENA

The Miraculous Medal Novena will commence at St. Mary's Church on Monday, August 16th at 7.30 p.m.

WEDDING: LONERGAN-MCGRATH

The marriage has taken place at the Church of St. John the Baptist, Affane, of Mr. John Lonergan, 35, of Mill Street, and Mrs. Anne Lonergan, 35, of Mill Street, Cappoquin. The bride was accompanied by her sister, Mrs. Kathleen Lonergan, and the bridesmaids were Misses Mary and Kathleen Lonergan.

SPONSORED CYCLE

All cardholders are asked to hand in cards and money to secretary as soon as possible.

SENIORS DEFEATED

Affane went under to Dunhill in the championship on Sunday night last by 9-2 to 0-2. It was a poor game of football with both sides never playing to their full potential. In fairness to the defence they played well all through with the Derr brothers Lar and Sham particularly outstanding. We were well beaten at midfield until Mr. Hackett's arrival, but our attack failed miserably on the night, only Kieran O'Connor and Eugene McLoughlin making an impression. It is a game best forgotten by the team.

CAPOQUIN MACRA NOTES

A club meeting was held on Saturday night last at Affane. Items on the agenda were football training and National Sports Day.

RAILWAY ATHLETIC SOCCER NOTES

Word of Thanks - The club who to express their thanks to Mr. Jim Wall who has granted the use of his field for the coming season. Of course, we are hoping to enter our junior team in the local Red House League this season and we would like to thank Jim for making this possible.

SEMI-FINAL RESULTS

U/16 HURLING "A"

Dungarvan 7-7, Lios Mor 1-3

Played at Cappoquin on Monday night last, this game turned out very much one-sided, as Dungarvan gave a first class display of hurling and on the night Lios Mor were a well beaten side.

FIXTURES

U/16 Hurling Finals at Fraher Field - "A" Dungarvan v. Murphy's, "B" Stradbally v. St. Oliver's or Fournmilkwater at 8.00 p.m.

DEATH OF GARDA SERGEANT JOHN BROWNE

It is with much regret that we record the death of Garda Sergeant John Browne, who died on Tuesday, August 3rd, at his home, 10, West Park, Dungarvan. He was aged 39 years and had served for a number of years before coming to Dungarvan in the mid-1970s when he took up the post of sergeant. He was a devoted family man and a well-liked member of the community.

FINALS

Both finals, "A" and "B", will be played this Saturday night at the Fraher Field with a 9.00 p.m. start. The "A" final will be played at 7.15 p.m. If Dungarvan can reproduce the sensational performance they looked on for a place in the final.

ABBEYSIDE BALLINACOURTY G.A.A. NOTES

U/21 FOOTBALLERS PREPARE

Our U/21 footballers are presently preparing for our county final date with Ferybank to be played at Walsh Park on Sunday, 22nd August. This year's squad, having come through a tough divisional campaign, will face their steepest test to date from the star lined opposition.

CLUB GROUNDS TAKING SHAPE

The new club grounds at the Burgery are starting to take shape and are looking quite well at the moment. However, on recent visits to the field we learn that it will need a little while longer before it can be used on a regular basis. Nonetheless, it must be considered a major advancement to have our own "home ground" almost ready to move into and it gives welcome for the outstanding work carried out by the club development committee over the past number of years.

MINOR FOOTBALLERS ADVANCE

Abbeystead 2-6 Stradbally/Gaeltacht 1-5

Our minor footballers advanced to the divisional final after defeating Stradbally/Gaeltacht at the Fraher Field

DUNGARVAN G.A.A. NOTES

IN UNDER 16 HURLING FINAL

We are still well on course for the under 16 "A" championship final. At Cappoquin last Monday evening our hurlers scored a resounding 5-7 to 1-3 victory over Lismore to qualify for next Saturday's Western final against St. Patrick's at Fraher Field (7.30).

THE FINAL

All roads lead to Fraher Field on Saturday evening for the Western final against St. Patrick's. Favourites we may be though not placed on the night, nothing can ever be taken for granted, and St. Patrick's have enough quality players to ensure we will have it all to do.

M.M. FINAL

The Western minor hurling final against Lismore has been fixed for Cappoquin on Saturday, 21st inst. and, provided, of course, we beat St. Patrick's the under 16 hurling county final will be staged at Fraher Field on the following Saturday, August 28.

IN FOUR FINALS

These are hectic times for the club with no fewer than four Western finals looming. In under 16 football we play Clashmore in the semi-final and really have a strong sporting chance of the under 16 double.

MEETING

Our club committee meeting scheduled for the moment because of the holidays. However, a full and vital meeting will be held on Wednesday, 25th. More details anon.

CAMOGIE THANKS

The good ladies in the club who run the camogie section are deeply appreciative for the generous public support given to their annual flag day last Sunday.

DUNGARVAN - PRINTED AND PUBLISHED AT THE OFFICE AND WORKS, 78 O'CONNELL ST., DUNGARVAN, CO. WATERFORD.

FRUIT AND VEGETABLE IMPORTS

An Agricultural Institute study of fruit and vegetable imports shows that—

Total fruit and vegetable imports amounted to \$14 million in 1981 including 'exotic' and processed produce. \$18 million was for fresh vegetables (including potatoes worth \$1 million) of the kind that can be grown here. Of this out-of-season imports account for about \$2 million.

\$16 million worth of frozen and otherwise processed vegetables were imported of which potatoes account for \$9 million. Most of this produce can be grown here and apples and other fruits, which can be grown in this country, are imported.

The Institute points out that the 1981 import of \$14 million cannot be produced in this country because of the climate. The remaining \$24 million worth could be grown here and apples account for \$13 million.

Some production of fruit and vegetables is still very large. \$87.7 million including potatoes in 1981. In the case of mushrooms the industry exports an export trade valued at about \$5 million has been developed and these exports are expanding. The far fields as France, Italy and the Netherlands.

The reasons for the success of so much imports of fruit and vegetables into this country vary, depending on the crop chosen. In the case of potatoes for replacing the imports are good for some crops but very slight for others. A number of factors are at work for the main crops imported as follows:

Potatoes - Well stored, graded and presented imports are outstripping home produce particularly in May, June and July, but also during the marketing season. The Irish industry has been unprepared for the consumer's demand for high quality.

Extra acreage and yield this year, combined with a more favourable growing year, has reduced imports. While some growers are forming groups and improving facilities, a great deal more has to be done to give the consumer the quality required all year round.

Frozen Potatoes - The chip trade has been dominated by large multinationals who utilise every possible strategy to produce economically. The Irish industry is very difficult for the home producer, although economies in transport and packaging have reduced import costs.

Apples - Irish consumers' preference for a large, green, perfectly-shaped apple is not satisfied by Irish-grown Golden Delicious. Apple production in Ireland expanded in the late 1960s but has now declined in the face of French competition aided by French government support in marketing. A major expansion in acreage here to replace all imports is unlikely. However, there is scope for changeover of a proportion of existing Golden Delicious orchards to red-coloured varieties for which there is a reasonable demand.

The progressive and heavily invested Irish glasshouse industry may not be able to withstand the import competition until then without special assistance.

Carrots - A substantial portion of the \$19 million imports could be produced at home. A combination of carrots under glass and under polythene mulch and an expanded main crop acreage, protected with straw for overwintering, would provide Irish carrots every month except part of April, May and June. To compete successfully with foreign carrots, packing, grading and presentation must be improved.

Onions - Imports of onions in 1981 were valued at \$2.8 million. A rapidly developing home industry may mean that 1978 has declined sharply to low prices and a series of unfavourable seasons. There is considerable overproduction of onions in Holland. Some movement towards an expanded Irish acreage of autumn sown onions is already occurring.

The best hope for a major effort to replace imports, however, depends on the success and commercial adoption of new early planting techniques in combination with expanded storage facilities.

Cauliflowers - New improved varieties of cauliflower should replace much of the cauliflower imports of \$2.4 million. These winter varieties should only be grown in the milder parts of the country as they are susceptible to extreme cold.

The ease of importing with modern transport systems means that temporary shortages in local supplies are filled from imports. Consequently, there will always be some parts of almost all fresh vegetables.

LETTERS TO THE EDITOR

GENERAL REMEDIAL CLINIC

Dear Sir,

The Central Remedial Clinic is a non-residential medical rehabilitation centre providing a comprehensive range of medical, educational and vocational services for physically disabled children and adults. Despite being non-residential the Clinic regularly treats patients from every county in the country. The Clinic also undertakes research into the causes of specific disabilities, as well as into the development of new techniques for helping people overcome their disabilities.

Although generously funded by the Government, the Clinic remains dependent on voluntary support, not only for its research and capital programmes, but also for a portion of its day-to-day running costs. In order to assist us we are hoping to set up a network of local committees throughout the country and appeal to anyone interested to contact us at the Central Remedial Clinic, Ferns, Wick. Phone No. 332266.

THE LISMORE FESTIVAL

Please allow me some space in your widely read paper here and in England where I have been domiciled for the past 15 years. I wish to comment on the Lismore Festival which is to be held for the local GAA Club.

Before I had to take the emigrant ship I was deeply and actively involved in the Lismore Festival. Most events in it were for the family and the majority of the entertainment was provided by the Festival and its children. They have never won anything but like all the other children participating they got a bar of chocolate (sometimes two). I imagine my surprise this year when I read in the paper that the GAA is trying to make money on the Festival. What a statement in any child!

But this seemed the theme of the Festival all week-long. As I write this there has only been two nights' entertainment out of 8 days. Other nights it was the GAA field where there was always standing at the gate with a bag to collect, one or two collectors. However, in the old days there was plenty of enjoyment and fun every night and it was free. In that field each evening the Irish and the English were and this was entertainment. But I should have known it would be as this was organised by the "old hands" of the Festival.

Tom Murphy, John Sullivan, Paddy Pollard and Tony Bolger. What experience that four have of Festivals!

Now let me hasten to add I am not objecting to the Festival making money, but in this time of recession "visitors have not got the money for bronze days and surely to compete with the Lismore Festival and GAA we have to be better than what we are doing.

Yours faithfully,
TONY McDONNELL
