BOOT'S DISCO

AT DEVONSHIRE ARMS HOTEL, DUNGARVAN-THIS SATURDAY NIGHT, SEPT. 25

If your attic isn't properly insulated you could be losing as much as a quarter of your heat.

And that doesn't make sense—especially when there's a grant available for attic insulation. If you haven't attready done so, you can get details of the Department of Industry and Energy's grant scheme by telephoning Dublin 715233 or by returning the attached coupon. So insulate now, not when the coid comes.

There are many other things you can do to cut down on your fuel bills. Simple things like draught-proofing doors and windows, tagging your hot water cylinder and lovering thermostate by a degree or two all add up to a worthwhile saving in a short time.

For energy saving advice ring the Energy Hotline at Dublin 376666 or 375107.
