PENSMAN TAKES YOU behind the SPOTLIGHT

TO MAKE COMPONENTS FOR COMPUTER INDUSTRY

There was a happy occasion in Cappoquin last Monday afternoon when a reception was held at Walsh's Hotel to mark the handing over of the keys of the IDA Advance Factory at Cappoquin to Mr. Clarence D. Flanagan, Managing Director, Calmark-Killeen (Ireland) Ltd., by Mr. Frank Burke, Regional Manager, IDA, Waterford.

Accompanying Mr. Flanagan at the function was his charming wife Carlene and there to meet them and to welcome them to Cappoquin were members of the local Development Committee, Cllr. James A. Walsh, Chairman, Mr. W. O'Donoghue, Secretary, Mr. Jim Wall, Mr. Sean Moyinhan, N.T., Mr. Tom Kerston, Mr. John Fraher and Mrs. Sigley. The attendance also included Cllr. Pat Coffey, Chairman, County Council, Mr. B. J. McNally, Deputy County Manager, Mr. Maurice McHugh, County Development Officer, Mr. Pat Loftus, Assistant Regional Manager IDA and Garda O. Croke, Cappoquin.

Following brief speeches by Mr. Burke, Cllr. Coffey and Walsh and Mr. McNally, Mr. Flanagan replied and said that he and his wife were absolutely overwhelmed by the welcome they had been given to Cappoquin, the extent of which they had not expected. He said that he and Mrs. Flanagan were glad to now be part of the local community and he added that they hoped to start production of components for the computer industry in the plant by the end of November with about six operatives. He said that as they developed, more local people would be trained by one of their own staff who was to come from the parent company in California.

Cllr. Walsh speaking on behalf of the Cappoquin Development Committee which has been so active in promoting Cappoquin since the closure of the Bacon Factory, assured Mr. and Mrs. Flanagan that they were coming amongst good people who would provide a responsible workforce for the project.

We understand that Mr. and Mrs. Flanagan plan to remain in Cappoquin for some considerable time to see their new project launched and developed.

A LARGE OIL FIND?

The three oil companies which have made the oil find off the Waterford coast believe that a large field by North Sea standards may have been discovered but they continue to caution that confirmation must await further appraisal drilling due to begin in about a month.

Discussions on how much oil the field might contain took place last week between Atlantic Resources Ltd., with a one-third stake in the field, and three banks, among them Rothschilds of London, with a view to producing a financial package to enable Atlantic to fund its share of the field's development cost. The talks centred on plans by the three oil companies, Gulf, Union Oil of California and Atlantic, to start production on a limited basis next year.

It is now understood that senior analysts with Gulf think that very large reserves could exist in the field off Waterford if the run of luck which culminated in the oil find in July, is sustained. Recoverable reserves of 700 million barrels or more of oil are said possibly to exist in the field. Figures of this magnitude were described by one reliable source, however, as being only "the intelligent projection of an individual of what they might be looking at".

A field of such proportions would take many years to develop, especially as the three oil companies involved intend to proceed with a step-by-step development, starting on a small basis and proving up their reserves as they proceed.

If the field does turn out to be large, the sustainable daily output would have a major impact on the Government's finances and the country would become an oil exporter just on the strength of this one field off County Waterford alone.

I understand that one prominent firm in Dungarvan at present looking very seriously into how they might become involved in the action that will follow once a public announcement is made that the find is a commercially viable one but more about that later.

THANK YOU
Our thanks to the County Council for, at last, rectifying the Cappoquin signpost at the Square in Dungarvan. We signed during the week that this is now pointing in the right direction.

ON COMING HOME
A correspondent who wishes to remain anonymous called to the "Leader" Office during the week and asked us to publish the following little story which refers to herself, under the caption "On Coming Home".

"The night before I went away to seek my fortune, I went to the 'local', the known as John Kitti's Pub but now better known as the 'Seanchie'. I was standing there with another girl, a Ring girl, and we were talking about going away. The landlord had got just two packets of fags on the shelf, ten of Players and ten of Woodbines. He said: 'here you are, girls, as you're going away, take these.' And he chuckled 'em over and I happened to get the Players and the other girl got the Woodbines.

"Anyhow, next time I went in that pub, it was 22 years later. I'd been all through North America, Europe, Britain and North Africa. There's an old boy sitting on the bench. He looks up at me when I go in and says, 'I know you, you're the one as got the Players. Our local girl only got the bloody Woodbines.' I thought: that's it, that just about sums you up Ring... Cheers."

ANTE-NATAL CLINIC IN DUNGARVAN
The Minister for Agriculture, Mr. Austin Deasy, T.D., has learned from the South Eastern Health Board that the ante-natal clinic will open in St. Joseph's Hospital, Dungarvan in early November.

A consultant gynaecologist from Waterford with staff will attend twice a month.

The Minister understands that plans are going ahead, too, for the Psychiatric Day Hospital also in St. Joseph's. It is envisaged that when opened next year it will have 40 places and that the attached hostel will cater for 20 discharged patients. This will relieve the congestion in St. Otteran's.

HEEDLESS DRIVERS
I think that I referred previously in this column to drivers who completely ignore traffic signs and drive on as if they never saw them and I do so now again following what I saw while travelling through West Waterford last Monday.

On the approach road to Tallow from Lismore there is a short-cut at the Sweep which I understand is locally called 'Ballinabourra'. This short-cut has a rather steep gradient and as a result the County Council has erected warning signs in bold, very legible letters, at the top and bottom entrances which declare "Road not suitable for heavy traffic." A second sign

at each end indicates that "heavy traffic" should follow the sweep road.

Last Monday when almost half-way down the short-cut I was confronted by a huge articulated oil tanker which was slowly lumbering up the steep hill. Obviously the driver ignored the warning sign and took his own course.

There was a small car parked on the hill and another coming up behind the tanker at the time and I shuddered to think what might have happened if the tanker's engine died and its braking system failed.

Of course this is not the first occasion on which I have met other heavy lorries being driven on this short cut but it just goes to show that there is not much point in the County Council going to the expense of securing these and other similar signs and having them erected when they are almost totally ignored in this fashion.

Mr. Frank Burke, Regional Manager IDA, hands over the keys to Mr. C. D. Flanagan. Included are Mrs. Flanagan, Mr. B. J. McNally, Deputy County Manager, Mr. P. Loftus, Assistant Regional Manager IDA, Mr. Maurice McHugh, County Development Officer.

Computer Components Project To Go Ahead In Cappoquin

Mr. Frank Burke, Regional Manager, IDA, Waterford, speaking at the reception held at Walsh's Hotel, Cappoquin last Monday to introduce Mr. and Mrs. C. D. Flanagan, Managing Director of the Calmark-Killeen (IRE) Limited project which is currently setting up in the IDA Advance Factory, Cappoquin, expressed his pleasure at meeting the Flanagans and welcomed them to Cappoquin on behalf of the IDA. He also paid tribute to the assistance given by local industrialists notably John Stevenson, M.D. of Cypfas (Ireland), Limited in assisting the company during the critical start up phase.

Mr. Burke acknowledged the role of the Cappoquin Action Committee, chaired by Cllr. J. A. Walsh and Waterford County Development Team in their assistance in securing this project for Cappoquin.

Mr. Burke explained that Calmark-Killeen (Ireland) Limited is a joint venture between Calmark Corporation of California and Killeen Investments (Ireland) Limited, they will produce a range of components for the computer industry and expect to employ up to 50 people over the next four or five years. He expected production to commence towards the end of the month.

2,000 APPLICANTS FOR 30 NURSING POSTS AT ARDKEEN

Sixty-six to one against. Those are the odds applicants for students nursing posts at Ardkeen Hospital, Waterford, could expect to be quoted by a bookmaker were they to fancy a "winner" on their chances of landing one of them.

Thirty posts in all are "up for grabs" but the difficulties facing the applicants are put into proper perspective by the disclosure that more than 2,000 applications have been received by the South Eastern Health Board.

The "little and large" statistics have been given by the Health Board's Community Care Programme Manager, Mr. Vincent Millett, and it is now the Board's intention to draw up a short list from the applications received, and the final 30 placements at the hospital will then be allocated following interviews.

Mr. Millett said it just would not be possible for them to conduct 2,000 or more interviews, and the short list would be based on the applicants Leaving Certificate results.

The applications have come flooding in from practically every county, and never before has the South Eastern Health Board experienced such an overwhelming response to student nurse vacancies at any of the hospitals in the five-county jurisdiction.

Flanna, Full Dail Deputy Dr. Donald Ormonde, who himself is engaged in a professional capacity at Ardkeen Hospital, commenting on the 30/2,000 ratio, said: "Only a fraction highlighted today's jobs plight in the country."

"The situation at Ardkeen, however, can be translated to the four corners of the land," Dr. Ormonde told the Press. "For the applicants themselves," he said, "there must be a feeling of hopelessness about it all."

The tedious task of "weeding out" the Ardkeen applications is expected to begin shortly but it could be several months yet before the "privileged 30" are known.

Mr. Burke also referred to other developments in the West Waterford area notably M. D. O'Connor & Sons who have recently been approved grant assistance by the IDA towards planned fixed asset investment of over five hundred thousand pounds involving the extension of their existing premises and an additional 25 jobs in the manufacture of Battered Fresh Family Portions, Cooked Chickens and Chicken Pate. This will bring total manufacturing employment to 138. In Tallow the Bramor Framemaker (Ireland) Limited have begun production of picture frames in the former Joven factory, employment in this company is expected to reach former level of 140 at full production.

CYPLAS LAY-OFFS ONLY TEMPORARY

Mr. Burke referred to the recent layoffs in the Cypfas factory and pointed out that these were purely temporary lay-offs and the company expected to be "back" in full production shortly.

When the teams met on Sept. 11th they finished level at 0-11 to 1-8. It took a Ritchie Walsh point to force Ballyduff to a replay on force Sunday's replay. A total of fifteen wides, even allowing for the windy conditions on that day is something Ballyduff will have to improve on.

I expect that the team will be along the same lines as in the drawn game. The game is timed for 8.30 p.m. and arrangements will be finalised at training during the week.

Following the game players and members will return to Ballyduff's Hotel, Dungarvan and should arrive back in Ballyduff at 8.30 p.m. approx. Good Win For Waterford

Waterford 1-10; Wexford 2-4

Waterford faced a daunting task when they travelled to Ennis to take on Wexford in the opening game of the National Hurling League on Sunday last. With only five of last year's Munster final side in action the Decies side lined out with more hope than great expectation but the team and the newcomers in particular, rose magnificently to the challenge to take two very valuable points.

The game was played in a downpour but Waterford, displaying rare courage and total commitment overcame the conditions and in truth they were in no way flattered by their three points winning margin.

They completely outplayed the home side for much of the hour and in a vain attempt to come to grips with the gain, Wexford made wholesale switches including the introduction

of Tony Doran and Mick Jacob midway through the second half.

But nothing could steer Waterford from the victory trail and they could have and should have had the game well beyond Wexford's reach but for some very poor finishing in the final ten minutes.

With the strong wind at their backs the visitors piled on the pressure from the start. They were three points in front when newcomer Tom Larkin, who had an excellent game, got their lone goal. They were 1-6 to 1-2 up at the interval but this lead looked anything but safe as they faced the strong breeze in the second moiety.

The Wexford threat man-

and Tom Larkin were best in attack.

Scorers: Waterford—P. Bennett 0-7, T. Larkin 1-3, E. Breen 0-1, Wexford—S. Kinsella 1-1, J. Walker 1-0, E. Mythen 0-3.

Waterford: J. Power, F. O'Coherly, M. Ryan, M. Beecher, J. Henchy, P. Hally, E. Rockett, G. Maguire, B. Power, E. Nolan, S. Breen, S. Aherne, T. Larkin, P. Bennett, P. Curran, Sub. — S. Harnedy for Maguire.

Wexford—J. Nolan, T. Walsh, J. O'Connor, P. Kenny, J. Furlong, J. O'Connor, S. Walker, J. Murphy, P. Courtney, J. Walker, J. McDonald, B. Byrne, E. Mythen, S. Kinsella, T. Harrington, Sub. J. Conran for Furlong, T. Doran for Byrne, M. Jacob for Courtney.

Young Dungarvan Driver In Fatal Van Crash

A fatal traffic accident which occurred on Saturday, January 29 last on the Dungarvan side of the Fintisk Bridge, a short distance beyond Cappagh Creamery, in which a cyclist sustained fatal injuries when struck by a van, was recalled at Dungarvan Court last week when the driver of the van and also the owner appeared on charges arising from the collision.

William Drumme (48), Clonecty Villas, Dungarvan, a lorry helper, was charged with dangerous driving at Ballinamengra, Cappagh on the day of the crash. He was charged with driving without insurance and with taking the van without the owner's consent.

Anthony Tony Bones, also of Clonecty Villas, owner of the van and also owner of a small supermarket was charged with driving the van to be driven on that date by an uninsured person.

Mr. E. P. King, Supt. was for Drumme, Mr. J. P. Gordon, Supt. was for Bones and Supt. M. English presided.

William Drumme giving evidence on this said that on that Saturday morning between 10.20 and 10.40 he went to Tony Bones at the shop and asked him if he could take the van. He said that Bones had replied 'yes' and told him to get the van keys from his wife who was at the cash counter. He got the keys and took the van. He had got the van on previous occasions and used it to go to Kenneally's bus depot at Tarr's Bridge to clean out the pigeon transport.

Witness then said that after the accident Mr. Bones had asked the District Justice to call a special meeting of Waterford Co. Council in Dungarvan that a request be made to the Department of Posts & Telegraphs to provide additional public telephone facilities for Ardmore in light of the huge demand for such facilities by the influx of summer holiday-makers to the resort.

Clr. John O'Halloran said that while the population of the parish of Ardmore was 1,500, this number of people there was at present, only one telephone in the village when there should be at least five or six in a seaside resort of this kind. As a result the position was chaotic every summer and the lack of adequate phone facilities was the cause of much frustration to visitors.

Clr. John O'Brien seconded said that the position had become so bad in the past summer that many of the visitors came in to make phone calls. He often saw cars queued up there with people waiting to make calls.

The proposal was passed unanimously.

INTEREST RATES STILL TOO HIGH

CO. WATERFORD SHEEPBREEDERS ASSOC. RAM SHOW AND SALE

CONGRUENT ANGLING NOTES

The reduction in bank interest rates will be welcomed by farmers. However, real interest rates to borrowers in Ireland are still too high. This was stated by Mr. Hugh Ryan, I.F.A. Deputy President recently.

Mr. Ryan said: "When interest rates were increased suddenly last March, prior to the EMS realignment, it was expected that they would fall back to their previous levels in a matter of a few weeks. The slow rate of the decline in interest rates since then is a cause of great concern and must be a reflection of the excessive levels of Government and semi-state borrowing."

The downward trend in interest rates is at least encouraging. However, for those farmers in severe financial difficulties much more substantial measures are necessary to ensure their future in farming."

The Annual Show and Sale of Blackface Mountain Rams was held at Dungarvan Mart on Wednesday and Thursday, Sept. 21st and 22nd.

The Minister for Agriculture, Mr. Austin Deasy, was present at the judging of rams and addressed members.

He was thanked by the Chairman of the group, Mr. James O'Grady for his efforts in re-introducing the special term lease ram scheme.

The judges were Mr. Connell Boyle and Mr. Eilap Griffith from Co. Donegal. The Department of Agriculture officers present were Mr. Oliver Ryan and Mr. Kevin O'Donoghue.

The overall quality and standard of the rams was praised by the judges and was considered to be of a very high standard.

Tributes were paid to deceased members of the society who had died during the year, namely, Mr. John Harrington, President of the Society, Mr. Tom Fahey, former Chairman, Mr. Tom Fitzgerald, Mr. Wm. Prendergast and Mr. John Healy.

LISMORE TIDY TOWNS REPORT

The following are the adjudicators' comments on Lismore's Competition in 1983 year's Tidy Towns Competition. It was awarded 15% out of a possible 150.

Effort: There has been no change in the overall appearance of Lismore this year. The main problem of derelict and vacant buildings still remains to be looked. This requires continued community effort which appears to have been forthcoming. Other points and suggestions are made below which should be acted upon during the coming year. The contents of this report should be circulated among all concerned.

Appearance of Approach Roads — The approach from Cappagh looks very well with the many trees and well kept vacant buildings. The roadside presentation of the other major approach roads was similarly very good. There are no weeds or grass to be seen along road edges in the central areas of the town. However, the deterioration was noted in the road presentation along side roads.

Presentation and Appearance of Residential Areas — Again, private residences are well presented and in a manner sympathetic to the architecture of the buildings, for example the houses on either side of "Alaska". The cottages around the Catholic Church look quite well, particularly those with the attractive flower displays in front.

Appearance of Buildings — Lismore is lucky to have so many buildings of fine architectural standard and design. It is encouraging to see that these are being well cared for.

Presentation of Buildings — Lismore is lucky to have so many buildings of fine architectural standard and design. It is encouraging to see that these are being well cared for.

Presentation of Street Furniture — There is a need for name plates on all streets and residential areas throughout Lismore. It is good to note that the graffiti has been removed. The circular stone water trough is a charming amenity in the town. Some seats require painting and broken litter bins should be replaced and perhaps more provided. Other litter bins were noted to be overflowing and these should be taken to have these emptied regularly.

Presentation of Natural Amenities — The area around the Castle with the river and the many mature trees combine to make this scene one of the most attractive in the country. The driveway to St. Carthage's Cathedral was being cut during the judging which was helping its appearance greatly. The litter around here should

ASSURANCES ON COUNTY LIBRARIES MOBILE SERVICE AND SCHOOL VISITS

Abandonment of some mobile routes in the county and drastic curtailment of the school services are just some of the recommended alterations presented by the County Librarian, Donal Brady to the recent meeting of the County Libraries Committee.

The erection of a new branch library in Dunmore East will, in the opinion of Mr. Brady, render the Ballinroo/Ealinnacourty/Clonea service unnecessary.

At the same meeting in the Courthouse, Dungarvan on Sept. 15 last, the County Manager reported on the progress to date. He stated that improvements had been made structurally and the grounds were cleared and ready for planting.

As regards the report on the mobile service, the Co. Manager went on to say that there would be a replacement to other work. The changes involved will only happen to the mobile service when the branches come into existence in Dunmore and Dungarvan.

When Mr. C. Casey asked why reference was made to the 35 vans not being considered necessary on the smaller routes and what was proposed instead, the County Librarian explained that it was necessary to use the smaller schools vans instead.

DUNGARVAN ATHLETIC CLUB NOTES

Dungarvan Athletic Club's annual general meeting was held in Lawlor's Hotel on Tuesday, September 20.

The Chairman pointed out that Dungarvan A.C. was one of the most successful clubs in the county in terms of both senior and juvenile events.

The Secretary's Report was very detailed and we heard about our athletes winning county medals and international honours during the past year.

After the Treasurer's Report the meeting went on to elect officers and committee for the coming year, which are as follows: President, Mr. Con Roche; Chairman, Mr. Eddie Moore; Vice-Chairman, Rev. Br. Patrick O'S.A.; Joint Secretary, Mrs. Christine Mulcahy and Miss Mary McKiernan; FRO, Jim Sheehan.

The club would like to congratulate our athlete Michael O'Brien who has been awarded the Munster BLOE award for 1982.

In the last competition of the present season, which was held in Ferrybank, we had athletes competing in girls U-9 300m. which we won comfortably with a very strong run from M. Delaney. In the girls U-11 500m. we had prize winners in M. Maloney and M. Foley. In the girls U-13 100m. we had a good run and she collected her prize. Miss Moore was our only prizewinner in the boys but all the rest of the boys and girls who ran for us did their best and their aura will come soon.

FOOD PRODUCTION IN THIRD WORLD COUNTRIES

In a debate on the proposals linking the EEC and the developing countries at the first session following the Summer recess of the European Parliament, Mr. T. Maher (Ind. Dep.) said that in regard to food production in these countries, the lessons learned in Europe should be applied.

It was only when farmers organised themselves through co-operatives and other kinds of organisations that they succeeded in controlling their own destiny. At the moment they were embracing the European consumers with food and the European consumers did not appreciate that embarrassment.

The policies which had been used in Europe and which had been successful could also appeal to Africans, Asians and others. There was a wealth of experience to help these people to organise themselves better, to be better educated, to control their own destiny.

Mr. Maher said they should not try too rapidly to force modern technology in relation to agricultural production on people who were not ready for that technology. He had seen himself in travelling through African countries, modern equipment made in Europe rusting in the fields because a weeding job was required but there was no electricity in the area to do it.

CO. COUNCIL VOTES SYMPATHY

On the proposal of Cllr. C. O'Riain seconded by Cllr. J. A. Walsh, Waterford Co. Council at a special meeting in Dungarvan unanimously passed a vote of sympathy to the widow, family and other relatives of the late John Harrington, Barrackree, Ballinacorney.

LETTERS TO THE EDITOR

LATE STEPHEN CURRAN
Dear Editor,
I would like to thank Joe Curran for your paper for "A Tribute To Stephen Curran" which appeared on a local paper. I would also like to thank Mrs. Margaret Gee for her kindness and thoughtfulness in sending me the cutting from the paper.

My sister and I were still mourning the sudden death of our youngest brother when this "tribute" arrived. These words, so beautifully put together, gave us great comfort and consolation. Thank you Joe for sharing your great talents with us. We haven't the pleasure of knowing you, but you certainly know Stephen Curran as your words show. We have read them over and over again and so have many others in this country who knew Stephen.

REMEMBERING OTHER DAYS

The photograph in our 'Remembering Other Days' feature this week was taken by photographer Tom Tobin way back in the 1950's and shows a group of youngsters from Dungarvan and district attending a coaching course at Dungarvan Swimming Pool conducted by Scottish Swimming Coach Francis Riach. At top left of the picture is the late Ned Kirby, Caseyville whose regretted death occurred recently and who, at that time, was the caretaker/attendant at the pool.

We would be pleased to receive any old photographs of interest and suitable for reproduction in this series from any reader. The photographs will be returned carefully after publication.

PLANS FOR DUNGARVAN ITINERANT 'HALL' RUN INTO TROUBLE

A plan evolved by the Co. Manager, Mr. Dan Hurley and senior officials of Dungarvan Urban Council and approved by members of the Council to locate an itinerant 'hall' within the urban area appears to be headed for at least some difficulty and trouble.

Having carried out a survey of the urban area it was decided that the 'hall' should be located at the Shannon Road beyond the Frater Field and close to the Dungarvan Mari complex on land owned by the Misses Nora and Kathleen Kelly. Moves to acquire the site chosen, by Compulsory Purchase Order, were initiated and the legal requirements towards this end had been commenced.

The first opposition to the move surfaced last week at a special meeting of Waterford County Council in Dungarvan when Cllr. Jim Hartly of Ring warned that the proposal to acquire this site for the purpose of an itinerant 'hall' would be heavily opposed by farmers because of its proximity to the Mart.

"Over the years," said Cllr. Hartly, "the Mart has been subjected to an unacceptable high level of vandalism from itinerants who were allowed to camp in the area and if this 'hall' is now allowed to be located next door to the Mart, there could be thousands of pounds worth of more damage take place."

Cllr. Hartly said that while there was no objection to the provision of such a facility he did not think a location beside the Mart was suitable for it. Let there be no doubt but that farmers will fight this proposal and I can say without fear of contradiction that they will totally oppose such a development at the site proposed for it," he said.

Mr. B. J. McNally Deputy Co. Manager said that the matter was one for the Dungarvan Urban Council as it was within the Urban boundary.

STEALING CHARGE DISMISSED BECAUSE EVIDENCE WAS "TOO SLENDER"

The evidence is too slender to warrant a conviction on an indictable charge, District Justice W. F. O'Connell stated in Dungarvan Court when he acquitted 35-year old James Power of St. Cathal Brugha Place, Dungarvan, of a charge of stealing galvanised sheeting valued €55 the property of William Hartly.

Power was also found guilty on a second charge of relieving the property knowing it to have been stolen. Garda told the court that the sheeting was found in the home of Power's home and one of them was identified as his by Mr. Hartly.

Power however claimed that he had found the galvanised sheeting in the local Urban Council dump and corroborative evidence was given by Mr. Gerald Moylan, also of Cathal Brugha Place. District Justice O'Connell said he must, in all the circumstances, dismiss both charges against Power.

THREE FOR NATIONAL CONFERENCE

On the proposal of Senator Buiúla it was unanimously agreed at a special meeting of Waterford Co. Council in Dungarvan to send three delegates (two representing each political party on the Council) to the National Conference on "Planning Prosperity Through Partnership" to be held in Kilkenny on October 26 and 27.

Cllrs. D. Goode (P.P.), O. Corley (F.G.) and B. Kyne (Lab.) were then named as the delegates. It was also decided that the Chairman Cllr. P. Coffey should attend.

BROTHERS OF CHARITY - CENTENARY SEMINAR IN WATERFORD

The Congregation of the Brothers of Charity - which was founded in Ghent, Belgium in 1807, established its first Religious Community in Ireland at Belmont Park Hospital, Waterford in 1883. To mark the hundredth anniversary of its establishment, Belmont Park Hospital will host an International Seminar at the Ardara Hotel, Waterford, from the 13th to the 16th October, 1983.

The Seminar will include renowned speakers from a variety of countries and will cover aspects of both alcoholism and general psychiatry. Speakers include experts from the United Kingdom, the Addiction Research Institute, Ontario, Canada, the Finnish Foundation for Alcohol Studies in Helsinki, the International Council for Alcohol and Addictions in Lausanne, Switzerland, and one of them was identified as his by Mr. Hartly.

Alcohol represents the single most serious problem of drug abuse in Ireland and it is widespread throughout the country. It adversely affects directly or indirectly other persons including members of his/her family and one of them was identified as his by Mr. Hartly.

USEFUL FORUM

This Seminar will provide a very useful forum in which general medical practitioners and consultants from this country can exchange views in clinical matters with specialists from other countries.

The Brothers of Charity at Belmont Park who are acting as hosts for the Seminar have made a very significant contribution to general psychiatry and especially in the treatment of alcoholism in Ireland. In 1983 the Brothers of Charity have been awarded a special centre at the hospital for the treatment of alcoholics and have been actively involved in public education on schemes for the public awareness of the dangers of the abuse of alcohol.

Belmont Park Hospital has been awarded full accreditation by the Royal College of Psychiatrists for Post Graduate training in Psychiatry. Earlier this year in association with the Radhaar Team the Brothers premiered a new film in alcoholism entitled "Diving for a Drink" which will be shown during the Seminar and which is now available through the usual distribution channels.

In addition to their services the Brothers of Charity at Belmont Park Hospital and in three other Health Centres operate a wide range of services for Mentally Handicapped people.

THIS WEEK ACOT CO. WATERFORD SAYS

DAIRING
Spring calvers should be milking 21 calves daily now. Supplementing cows at grass with silage or meal is necessary to maintain milk yield and cow condition. Cows at the end of their first lactation are prone to rapid loss of condition. These should receive particular attention.

Abortion occurs at this time of the year. It is important to determine the cause. Always assume brucellosis until proved otherwise.
CATTLE
Stocking rate must be adjusted if animals are to be kept driving. Overstocking can lead to loss of liveweight.
FARM HOME MANAGEMENT
During the winter months condensation becomes a greater problem in houses for the following reasons:
a) - We tend to close windows and doors to conserve heat.
b) - Cooking meals, drying of clothes, Oil/Gas Boilers, appliances all cause moisture. It is estimated that the average household produces between 20 and 30 pints of water per day in a vapour form from carrying out these activities. He will also discuss conditions.

SCORE NA DÓC
 The club juvenile Scór will be held shortly. Further details later.

LISMORE F.C. NOTES
 Last Sunday saw us play the first of three away games when we travelled to Killeagh and lost by the odd goal of five. Goals were scored by Brian Gahan and Paddy O'Brien. Understrength for this game we could with a little luck, have scored and taken two points.
 Brian Gahan kept a very steady hand in the first half and Billy Landers late in the second half were our scorers.
 As I said last week, with the panel of players we have, Lismore should be very strong candidates to win the league. But it will take a lot of commitment by everyone, officials and selectors of the club as well as that shown by the players over a period of twenty-two games. If we are to emerge as champions, Team last Sunday — C. Whelan (goal), P. Fitzgerald, B. Landers, D. O'Donnell, D. Landers, J. Ryan, B. Hunter, E. Shanahan.
 Next Sunday we travel to league champions Valley Rangers and will hopefully get back on the winning trail. Kick-off 11.30 a.m. — (P.R.O.)

CORRECTION
 Some weeks ago a news item in this column dealing with IDA grants to the two Lismore industries, named the industries as Ardie Kitchens and Blackwater Turning. The latter should have read Industrial Tanning, which same industry is thriving in Villierstown. With apologies to the management of the Villierstown concern.

LISMORE CAMOQUE NOTES
 Due to the atrocious weather conditions over the weekend none of the tournament matches were played. We now hope to play the 1/16 on the 10th of next week and the senior game on the following Sunday.
 This Sunday, the 8th, is National Camoque Day and our junior team have been invited to play in a four-team tournament in honour of the day. The game will be played in Touraneena, with Rigg, Dungarvan and Touraneena providing the opposition. We are hoping to send some of our past players together for this day to play in these games, as the aim of National Camoque Day is to provide a many players as possible.
 Because of this tournament and the hurling county on Sunday we have not yet decided what events we can arrange in Lismore. As soon as we have decided what will be posted up around town.

G.A.A. NOTES:
1/16 FOOTBALLERS BEATEN IN COUNTY FINAL
 On Saturday last the under 16 players failed in their bid for a county under 16 double by being defeated by St. Saviour's of their county.
 The St. Saviour's side dominated the opening period of the game but it was Lismore who were first to score. They were ahead by three points to nil before the city side opened their scoring account and Lismore were still in front at half-time 1-3 to 1-2.
 At the start of the second half St. Saviour's equalised. Lismore were again in front but for some near misses could have been further ahead. These missed chances were to prove costly in the closing stages because when St. Saviour's struck with two goals in the final ten minutes Lismore were nil to nil. Final score Lismore 1-6; St. Saviour's 3-7.
 Team—Anthony Bolger; Seamus Prendergast, Brendan Crowley, Martin O'Brien, Gerard MacCarthy, Pat Roche, Richard Ronayne, Frank Power, Brendan Lawton, Dan Geoghegan, Michael Twomey, Brian O'Garra, Eamon Aitrian, Meagher, Mark Feeley, Stephen Kennedy, Sub. Owen Madden for Martin O'Brien. Also—Niall Sower, John Barry, John Tobin, Kieran Lawton, Michael Coughlan, John Madden and Paul Prendergast.

COLEMAN
 The wedding has taken place at St. Catharine's Church, Lismore, on Monday, October 6, between Mr. Thomas O'Sullivan, Cappoquin and Miss Cathy Coleman, Coleman, Parks Road, Lismore.
