MINISTER DEASY—FOR AND AGAINST

Agriculture Minister Austin Deasy has, without doubt, been the man of the moment throughout the country since the conclusion of the milk super-levy issue in Brussels in the early hours of last Saturday morning. The outcome of the negotiations has been hailed both as a victory and as a disaster—depending on the view from which side of the fence the verdicts are pronounced.

Deputy Deasy was warmly welcomed home from Brussels on Saturday afternoon by the Taoiseach who showered compliments on his Agriculture Minister for the tenacious manner in which he had stuck to his guns in the face of almost total opposition to achieve such a good result. There, too to join in the welcome were several of Mr Deasy's cabinet colleagues, including Gemma Hussey who showed her approval of Minister Deasy's good work by a great big hug.

On the other hand, the Sunna Fall Ard Fheis which was in session in Dublin at the week-end availed of the occasion to brand the outcome of the negotiations as a disaster for the farmers and for the country as a whole.

And so it has gone on throughout the week since, here at home there was a repeat of the hero-villain attitudes at a meeting of the Agriculture Committee of the Fianna Fail held in Dungarvan last Monday. The Fianna Fail members of the Committee euphorically proposed that Minister Deasy be congratulated on the outstanding deal which he had achieved in Brussels. On the other hand, some of the opposition members could find no one word so say in his favour claiming that what Minister Deasy had accepted was nothing short of a body blow to every Irish farmer who would put many of them out of business.

Looking at the entire affair in an objective manner as possible I find myself in a similar position as the IFA representative at the Agriculture Committee meeting. The political points scoring contest which was going on between the political parties—the government on the one hand and the Fianna Fail opposition on the other—in relation to this very serious issue, the flag-waving and criticisms as indulged in at the meeting were absolutely deplorable.

While the result of the negotiations may be far from the level which was expected or hoped for, it should be accepted, looking at the overall situation in a realistic manner, as the best that could be got in the circumstances.

The whole affair and the wrangling and opposition which has seen so many EEC "summits" end in deadlock in recent years shows that the concept of an integrated European Community which was the dream and aspiration of the founder members is still a long way off. The European Economic Community remains a conglomerate of ten countries, for each of which national interests come first and foremost. That was primarily the reason why Irish farmers were unable to obtain the kind of deal which they hoped for last week-end—because the farmers of Denmark, U.K., Germany, France and the other countries involved were also looking for concessions which were just not forthcoming—and did not go to them.

And then despite his long weary hours of negotiating in Brussels, which must have left him both mentally and physically deflated, Minister Deasy was still present at the

Deasy Gets It Both Ways On Milk Levy From His Former Colleagues

It was a case of compliments and brick-bats for Minister for Agriculture Austin Deasy from many of his former colleagues on Waterford County Council when his achievement in the EEC milk Super Levy was discussed at a meeting of the County Waterford Committee of Agriculture in Dungarvan last Monday. In the end, a non-elected member of the Committee IFA representative Pierce Casey said that what had gone on at the meeting was absolutely deplorable.

It was Cllr. W. McDonnell (FF) who set the ball rolling when he proposed that the Committee pass a vote of congratulations to Mr Deasy on the deal which he had achieved for Irish farmers in the matter of the Milk Super Levy at the week-end. As a result of Mr Deasy's negotiations Ireland was the only country in the EEC which had now got an increase as all the others had got none. He said that they all should be quite pleased with the result. Most farmers to whom I spoke said Cllr. McDonnell was as good as could have been achieved in view of the negotiations which had gone on about the problem for the past six months.

Cllr. O. Coffey (IC) seconding said that the deal was as good as could possibly have been got in the circumstances.

The first brick-bat for the Minister came from Cllr. T. Cunningham (FF) who declared "this was a bad deal for Irish farmers. He went on to say that they should call on the IFA and ICMSA leaders Joe Roa and Sean Kelly to now come together to try to recover what had been lost to Irish farmers by the Minister and the deal he had accepted. He pointed out that throughout the preliminary negotiations Irish farmers were led to believe that there would be total derogation allowed to Ireland. As a result of what had now happened, Irish farmers were depressed and had lost confidence in the Minister and in the Government.

It was at this stage that Mr. Pierce Casey made his comments. He said that apart from the agreement, the most regrettable thing he saw in the whole matter was the points scoring which had been going on since the week-end by the Government on the one hand and the Opposition on the other. He said that the Minister should have done a lot better and if the ally had been handled in a different manner we might have fared better. But there was nothing about the agreement and he added "what has gone on here today about it is absolutely deplorable."

Cllr. McDonnell said in proposing the vote of congratulations to Mr Deasy he was only speaking on behalf of the farmers of West Waterford whom he represented. "I can say that I am not flag waving now nor have I ever done any flag waving," he said.

Cllr. J. Quinke (FF) interjected to say "that's not what I heard from the farmers I was talking to."

TONGUE IN CHECK

Cllr. J. A. Walsh (FG) said that a lot of those who were now criticising were in opposition to the Minister and were speaking with their tongues in their cheeks. He thought what the Minister had done was a wonderful achievement and any independent source had accepted the outcome as a good agreement.

PAYE WORKERS IN FORCE AT NAPPE RALLY IN DUNGARVAN

The National Association for the Protection of the PAYE Employee (NAPPE) held their first meeting in Dungarvan at the Courthouse on last Wednesday night and there was a house full for the meeting showing the strong feelings which the PAYE employees have of the manner in which they are being discriminated against.

Mr. Joe Foley (Dungarvan Crystal) presided and the platform group also included Mr. Johnny Organ (Waterford Co-op) who organised the meeting. Mr. Michael Kerwick, representing Clonmel and Carrick-on-Seir groups and Mr. Vincent Manning, Chairman of NAPPE who travelled down from Dublin for the meeting.

Mr. Foley told those present that the purpose of the rally was to form branches of the Association in Dungarvan and the surrounding areas where PAYE workers could unite in their own interests and with the branches in other parts of the country to demand justice in taxation.

Mr. Manning said that NAPPE was an independent, non-political organisation set up to ensure that the burden of taxation was spread equitably across the community and to monitor the spending of taxpayers money.

A very lively question and answer session followed and those present were generally critical of the manner in which the PAYE system discriminated against workers.

At the conclusion of the meeting a large number joined the Association adding to the couple of hundred recruited in Dungarvan in the weeks prior to the meeting.

A local branch was formed and the following officers and committee were elected: Chairman, Mr. Johnny Organ; Secretary, Mr. Tony Colbert (Dungarvan Crystal); Treasurer, Mr. Coim Whelan (Stafford Miller); Committee - Mr. Joe Foley, Mr. J. Byrne (Dungarvan Leathers); Mr. T. Mahoney (Central Districts); Mr. Lar Harte (Radley Engineering); Mr. P. Power (Power's Brewery); Miss Ann Fielding (Waterford Co-op); Mr. Mattie Power (do.).

On Sunday morning next at least 100 members of the Dungarvan Macra Na Feirme branch will be taking to the road and all very much in the charitable cause of the Children's Leukaemia Association.

INVOLVED WITH GIRLS

Giving evidence in his own defence the defendant married with two children but was now separated. When he came to Dungarvan he planned to stay about eight days but got involved with some girls and stayed longer than he intended. He said that he had between £500 and £600 before he went but that he was trying to arrange to have money sent on to pay the money he owed and mentioned that he had been in Dungarvan on two previous occasions some years ago and knew some people locally.

COMMITTEE MEETING

There was a near full attendance at our club committee meeting last week when a number of important matters were dealt with. Hopefully the present top rate momentum will be maintained throughout the all important year that's in it.

OUR OWN CENTENARY

There is considerable emphasis on the Association's Centenary Year, but within the club it may not be overlooked that next year we will be celebrating our own Centenary. Shortly we hope to set up a special sub-committee to plan and prepare for this momentous milestone, and to ensure that our celebrations are as fitting as they should—and must—be.

RECENT DEATHS

Mr. Nicholas Cleary It is with profound and sincere regret that we record the death of Mr. Nicholas Cleary which took place at his residence on Skehanogue, Abbeyside, Dungarvan on Tuesday, March 27 after an illness borne with courage and fortitude.

A native of Wexford, he was a man of staunch republican ideals whose aspirations were for a free, united Irish Ireland and these ideals were always dear to his heart and remained part of his character throughout his entire life.

A gentleman always, he was by nature quiet, retiring and assuming but always resolute where matters of principle were concerned. He was blessed with an outlook on life which enabled him to reduce a mountain to a molehill and his readiness and willingness to help others in trouble or in need were other traits in his unique character.

He loved the sea and was enthusiastically involved with the local sailing and sea angling activities and when he retired some years ago he found a new interest in golf which provided him with immense pleasure and more steadfast friends.

Although he had passed the allotted span of three score and ten, Nicky Cleary always remained young at heart and his jovial manner and charming wit made him a person much sought after by his friends.

The widower and the popular respect which he gained for himself and his family during his life was left in no doubt by the immense cortege which attended the removal of his remains to Abbeyside Parish Church on Wednesday evening where they were received by Very Rev. M. Canon Fagan, Very Rev. M. Brennan, O.S.A., Prior, Very Rev. M. Russell, P.P., Modligo, Rev. P. Ahearne, C.C., Abbeyside and Rev. J. Flynn, C.C., Ardmore. Mass was then celebrated by Canon Farrell.

Celebrant of the Requiem Mass on Thursday morning was Very Rev. Canon Farrell, Rev. Fr. Russell and Rev. Fr. Hughes, O.S.A., Abbeyside. Fr. Hughes was crowded to the door with mourning family relatives and friends who then accompanied the remains to St. Laurence's Cemetery, Ballinacree, where the interment took place. The immediate chief mourners were: Mrs. Eileen Cleary (wife), Paddy, Philip and Seamus (sons); Mrs. Ailís O'Donnell (daughter-in-law); Andy O'Donnell (son-in-law); Mrs. Philip Cleary (daughter-in-law); Joseph Cleary (brother); Kathleen (sister); grandchildren, relatives and friends.

Interment on bhliathain i bhFiainthias De go raib se.

Mrs. Josephine Wade It is with deep regret that we record the death of Mrs. Josephine Wade, Friary Street, Dungarvan which occurred at her residence on Wednesday, March 28. A kind and gentle woman who also proved a good neighbour, the late Mrs. Wade had not enjoyed the best of health for some time and her passing now has been the source of widespread regret.

Always remembered by her loving daughter Eileen, son-in-law James and grandchildren Jackie and James, London.

SULLIVAN - Third Anniversary - In loving memory of Tom, late of 70 Murphy Place, Abbeyside, who died on 5th April, 1981.

A mass a prayer are all we can give. These you will have as long as we live. (Always remembered by your loving wife and family).

FOCUS ON ARCHAEOLOGY
By BILL DALY
THE BRONZE AGE IN IRELAND
After the establishment of agriculture as a way of life and the subsequent building of the megalithic tombs, the next most important event in our prehistory was the development of metalworking in the Bronze Age period. By 2000 B.C. metalworking was taking place in Ireland and it wasn't long before Ireland was caught up in the general trend of the Bronze Age. These people are called beaker people because they used distinctive drinking vessels which were decorated with highly decorated works of pottery. Of course some of these people did come to Ireland, but the majority of the beaker people who lived in Ireland were descended from the beaker people who lived in the British Isles.

YOUTH UNEMPLOYMENT AT CAPPOQUIN
The problem of youth unemployment in the area was the main item considered at a special meeting of Cappoquin Towna Council on Monday last. The meeting was held in the Towna Hall and was attended by the Mayor, Councillors and the public. The Mayor, Mr. J. O'Connell, opened the meeting by pointing out that the problem of youth unemployment was a serious one in the area. He said that the Council was aware of the problem and was doing all it could to help. He said that the Council was considering various measures to help the young people in the area. He said that the Council was considering the possibility of setting up a youth centre, which would provide a place where the young people could meet and talk to each other.
