Had the convention not decided at the outset to select three candidates instead of two as the directive by the Party's National Executive instructed, then Mr. Fahey's political career could well have been in jeopardy.

Cllr. T. Wright attacked the recent decision of the Minister for the Environment. Mr. John Boland, to hand over the control of rents of Council houses to local authorities at the monthly meeting of Dungarvan Urban Council As a result of this decision he said that the rent increases imposed in Dungarvan were savage and shocking and in some cases up to 300 per cent.

The amounts collected in those years should be refunded. "An average of £88 is due to each of these people in refunds," he said.

Mr. Dan Hurley, Cq. Managef said that the supreme Court decision was concerned only with procedural irregularities and had nothing to do with the actual charges. From the legal advice which he had obtained in the matter he was quite satched that the procedure ad-

Having read Vincent Mulligan's very fine report one is immediately reminded of the limited these most in the line of the line enjoyable functions. This year's function held at Clonea Hotel, was, once again, another senior citizens special. We need never wonder how or why our parish has such a special tradition and quality of life. That very tradition, of which we are so proud, was formed and handed down to us by way of those who attend at these senior citizens occasions. The manner in which those folk enjoy themselves and appreciate the help given to them, gives an inkling as to how our parish tradition was formed. As always we were the transport men. Club Chairman, Greg Fives had a fleet of cars, involving some twenty five club members and friends, on the members and friends, on the move and had the entire operation flowing freely during the drive-time. ## CONVENTION MOTIONS

As published here last week, there are only fifteen motions listed for discussion at County - F.-Trp. SCRIBE ion this year. A record low number for the last quarter

low number for the last quarter of a century.

What surprised me quite a bit was that following the severe criticism of the Australian games that there was no motion from a club in this county to have the idea abandoned. I believe that the vast majority of the clubs in the County are in favour of having this type of competition abolished and personally I would favour such a policy. It's a matter that the County Board should discuss in the very near future, since the County will have an opportunions.

MR. PATRICK McCarthy

It is with deep sorrow and regret we record the death of Mr. Patrick McCarthy, Churchquarter, Waterford on Friday last, Jan. 16. Deceased was a member of a very old, highly respected and widely connected family and was held in high esteem by all sections of the community over a wide area. A quiet and gentle person, Patie will be sadly missed.

ford next March. The tramore motion seeking to have the senior football championship run on a league system, similar to the hurling assurance as championships is no surprise, as their chief spokesman, Patsy Playing achievements in the past year were notably confined to the Juvenile Section and there was a very encouraging report from the Juvenile Secretary, P. J. Kiely.

A significant improvement in the club finances was noted. their chief spokesman, Patsy Flanagan gave warning of this last year when he expressed disappointment that the Mount Sion motion did not include football. Had it been before convention last year, I have no doubt but that it would have been passed. I am not too sure that the clubs will agree as readily now as a number of the views expressed to me on the subject, seem to favour the 'knock-out' arrangement with the leagues kept intact and run as directed by bye-law.

Mass of sunday, interment was made in the family burial plot in the adjoining cemetery. R.I.P.

SYMPATHY

Sincere sympathy is also extended to the family and relatives of the late Mrs. Kathleen Morrissey. Sliabh Na Man, Clonmel, whose death took place last week. Burial took place in St. Mary's Cemetery, Touraneena.

YOUTH CLUB MEETING

A very important meeting of club finances was noted with great satisfaction princi-pally due to the success of the recent draw in which the work of promotion by very many Jim Joe Landers paid due tri-bute to the memory of their late great member, Paddy Wall, whose death had occurred duras directed by bye-law.

SENIOR FOOTBALL

Despite the very bad underfoot conditions, the challenge against a Tipperary side went about the relegation clause in the senior hurling champions ship. It could mean that they wish to abolish the relegation clause or change the formula for deciding which team goes down to intermediate. WATERFORD v. KILKENNY

Kilkenny have published their team in good time for this AIB tournament game, which will be the first for both themselves and Waterford in 1987. Kilkenny are obviously taking this game very seriously and have named their best team in an effort to get off to a good start for the new season.

Waterford had a splendid turn-out for their training stint at Fraher Field on Sunday morning and afterwards the selectors named their side to play

ment whereby the participants in the County senior finals will be able to dine together after both finals and Ballinacourty and Brickeys have motions re-lating to the running of the football leagues in accordance with bye-law.

### SECRETARY'S REPORT

County Secretary, Seamus Grant, was recently honoured by the Association for having by the Association for having the best county secretary's report to a County Convention and his report for this Convention is well up to that standard. Nothing happened in the county last year, that is not mentioned in this exhaustive account of our activities.

### BAD LANGUAGE

Listening to a report on Conventions held throughout the country ever the week-end. I heard at least a couple of country chairmen openly condemning the use of bad landon the sideline during games. One chairman instructed referees to report all such cases that came to their notice and another throughout the country ever the week-end. I have yet to read a more detailed report to a club meeting and in his twelve page document, Jimmy O'Gorman referred to the club's involvement in all eleven championships from under 10, up to senior. He said it was their most successful sea-

their efforts.

Listening to these convention reports, I was reminded of the Western Bord na nOg Convention in December, when chairman, John Kiely very strongly condemned the use of bad language and informed the meeting that he will instruct all referees under his control to impose 'on the spot' penalties for any defaulter.

The tremendous interest in G.A.A. affairs in Lismore was fully illustrated on Sunday last when almost 90 members turned up for the best attended annual general meeting ever held by

this club.

One of the delightful features of the meeting was the number of people who showed an inter-

of people who showed an interest in taking part in the discussions and the willingness of members to become part of the many committees which were elected for the coming year.

Chairman Donie Coughlan welcomed the members and spoke at length about the achievements of the club and the wonderful co-operation given to the hard working committee during the year. He said that the huge attendance here was an indication of the great inan indication of the great in-terest in the well being of the

This ugly practice is certainly not peculiar to the GAA, or to any particularl club in our county. It's a modern trend that is indecent and undignified and if players, etc., have little respect for their own reputations then they should be made to consider their colleagues on the team who are often embarrassed when one or two foul-mouthed individuals engage in the use of dirty language.

Clubs have a duty to discipning players and members who in are intemperate in their use of all language and referees also have a responsibility in the matter and should report such matter and

# Confidence Must Be Restored

"Attempts to undermine the seriousness of these latest statistics with excuses such as seasonal adjustment and greater equality in social welfare for women can only be treated with utmost contempt for this appalling administration. The truth is that the unemployment figure — of 257,000 — is far worse than revealed. This figure does not include the numbers of Indsh people forced to leave this country to find employment abroad. The true figure is far closer to 300,000. Every family in the country must now be affected with Waterford particularly hit, in spite of two Ministers from this area for three and a half years.

REMEMBERING OTHER DAYS

The photo for our "Remembering Other Days" this week is a real gem and reaches back to the very dawn of the present century. Taken in 1904 it shows the Square and Mary Street in Dungarvan as they were in those times with the old Weigh-house in the centre of the Square. It was the occasion of the annual procession and it will be noted that the processionists in those days walked in the opposite direction to that now followed. Note the "Lifebuoy Soap" sign on the gable at Walsh's corner shop and the names over the other shops to the left and right of it. An article in the Spotlight column of the "Leader" published on August 15, 1959 (to which reference was made in last week's issue) stated: "In olden days . . . the Weigh-house was a timber building with a corrugated shed. In front of it was a water-trough and nearby a lamp standard. Except for a "roadway" which ran through it from Bridge Street to Mary Street the rest of the Square had a clay and cobblestone surface which on wet days turned into a thick muddy puddle . . . Old photos of the Square (such as the above) showed women in their long black dresses, shawls or capes and the men with the wide-brimmed shallow-crowned hats and three-quarter length coats, while the youths in knickerbockers and skull caps moved around the untackled carts . . ." The description aptly fits the above photo which has very kindly been loaned to us by Andy Kelly, Railway View, Kilmacthomas.

Dungarvan Urban Council at their January monthly meeting approved in principle of a plan to demolish one of their oldest housing estates and to replace it with a scheme of new modern dwellings.

The 61-house Cathal Brugha Place housing scheme was built in 1939 but the cost of repairing the near half century old houses has now proved a big headache for the Council. In recent years £200,000 was spent to the houses but the Council has now agreed to a plan to

ST. CATHERINE'S G.A.A.

Despite inclement weather conditions the Sale of Work in aid of St. Catherine's Juvenile G.A.A. at the Hall, Ballynoe last Saturday night was a tremendous success. Books, confection-ery, vegetables, clothes, etc., were in plentiful supply and our thanks is due to everybody who supported it in any way.
