A STUPID DECISION

The decision of the Government, acting through the Minister for the Marine, to introduce rod angling licences was correctly described as stupid by Cllr. C. O Riain at last week's meeting of Waterford County Council. At a previous meeting the Council had passed a resolution calling on the Minister to withdraw this order but Minister Daly replied that as Exchequer funding for Inland Fisheries had to be restricted because of the need to restore order to public finances, the new licensing regulations were needed to provide the Fisheries Boards with an alternative source of revenue.

This, of course, is the correct reason why the £15 trout and coarse angling licence fee has been introduced and it was only a red herring for the Government protagonists and indeed the Minister himself to say that the money was required to finance the re-stocking of the rivers and lakes throughout the country.

We were enthusiastic river anglers ourselves at one period but with the encroaching years our interest in this absorbing sport waned to the extent that it is several seasons now since we cast a line into a river. None-the-less we do not agree with trout licences and in particular we do not agree with the manner in which the regulation was introduced and ushered through a sparsely attended Dail sitting.

As we understand it, the evening that the order to enforce trout and coarse fishing licences was passed, only about five or six Deputies were present in the Dail. Not a whisper was heard but since then there has been quite a hullabulloo. However, the Minister for the Marine, Mr. Daly was put on notice well in advance that if this rod licence regulation was introduced it would create havoc among Angling Clubs, Guest House owners and Hoteliers. The Taoiseach, Mr. Haughey, even said one night on TV that it would pay us to fly in the Germans and French free to this country and despite this, the decision to introduce the regulation was taken and is still being stubbornly pursued.

As a result we all became aware "through the meejia" last week of the German visitor to the West of Ireland who was caught by Fishery Officers with two trout and had them and his gear confiscated because he held no trout licence although he was the holder of a salmon licence! What benefit to Irish tourism will the experience of this German promote when he goes home and tells this story?

An opinion poll published on Tuesday of this week gave Charles Haughey his highest ever rating as Taoiseach while it indicated that 42 per cent of the country's 2.4 million voters were satisfied with the way the Fianna Fail minority administration is running the country. It could, however, also indicate that they are the best of a poor choice but whatever, we doubt

it will make much difference. Without doubt the cuts in public expenditure made by Fianna Fail have brought about the restoration of some order to public finances but we think that the enforcement of the new £15 rod licences to fill the gap created by the cutback in the allocation for Inland Fisheries should be withdrawn as it will do more harm than good. By doing this the Government would be displaying the kind of common-sense all good governments should always show!

DRIVING STANDARDS HAVE DROPPED

In the course of comments which he made during the hearing of a Road Traffic case at Dungarvan Court last week, District Justice W. F. O'Connell said that while driving around the country to attend his various courts he had found, on the overall, that the standard of driving had deteriorated in recent years.

He said that the "crashing" of red lights at traffic light controlled junctions was now becoming an all too regular occurrence while the sounding of horns, or as they are technically referred to, "advance warning signals," was something which had now almost gone completely out of fashion.

He attributed the lowering of the driving standards to general carelessness on the part of a big number of drivers and said that the propensity to commit petty driving offences was all due to a lack of courtesy and care.

We do not think that District Justice O'Connell was exaggerating when he made these comments as we have, from our own experience around Dungarvan, become well aware of the growing tendency among drivers to ignore certain traffic signs and signals.

Not long ago we saw a car driving at speed through a red light at the Abbeyside traffic lights. However let me say at once that the car appeared to be a "stranger" or indeed at any rate, one which we had not previously noted in the locality. However there are drivers who are obviously always ready to take a chance in breaking the lights while many will take a gamble while the colour is amber. Of course, it seems that the bulk of cyclists, and these include a big number of senior school students, believe that traffic lights are not meant for them at all.

Then there are the impatient motorists who pay no attention to "yield" signs and just motor on or should we say bulldoze their way into a main stream of traffic. This is something that occurs quite often at the Abbeyside Bridge roundabout with cars coming up from the Shandon Road taking absolutely no notice of the "yield" sign against them there. If the drivers of these vehicles want to take the chance of risking their lives by barging into a

DUNGARVAN HARBOUR REPORT

We're Shooting Ourselves In The Foot Claims Cllr. Kyne

While some members of Dungarvan Urban Council felt that many of the findings in the Report on the Water Quality in Dungarvan Harbour in 1986 were "shocking" and "disgraceful" Cllr. B. Kyne claimed that "we're shooting ourselves in the foot with this report," when the report was considered by the members at their April monthly meeting last Monday night.

The report which has already been widely published states among other things, that the total organic waste (BOD) loading from domestic and industrial sources being discharged to the harbour was equivalent to that from a population of 7,000. It also found that a significant quantity of ammonia was being discharged daily from Dungarvan Leathers while large quantities of chromium and significant amounts of lead and copper were found. The report concluded that, "because of the high chromium levels in mussels from Dungarvan harbour their suitability or otherwise for human consumption would be a matter for the health authorities."

Mr. O'Flynn said that there were different types of pollution involved with the dominant contribution under one head coming from Waterford Co-op while the Tannery was next with the remainder of the industrial effluent negligible. He added that when the town's new sewerage was completed it would solve most of the problem.

Cllr. T. Wright described the report as "disgraceful." "The problem is a major one and we should try to ascertain the causes of the pollution and decide what can be done to remedy it," he said.

Cllr. Kyne thought that if the report was to be fully discussed they would have to have a solicitor on one side and a stenographer on the other. He said that the report gave no reasons for the situation and on that basis he felt that it was not really truthful.

Mr. O'Flynn said that the general strategy should be aimed at giving all industries a fair share of the cake as far as the capacity of the harbour to accommodate organic matter was concerned so as to provide for expansion by the next generation. The effluents would have to be collected and discharged at one point and if treatment was found to be necessary in the future it would be necessary to decide where this should then be located.

Cllr. A. Hallahan asked if the report meant that the harbour was becoming more polluted as years go on. "Can we now allow it to go any further," he said, adding, "are those firms with licences to discharge effluents into the harbour carrying out the conditions laid down and are there any checks on this?"

The Co. Engineer said that it was not becoming more polluted as far as organic waste was concerned but, it was in regard to heavy metals including chromium. He said that as far as those with licences to discharge were concerned there was regular monitoring of the position.

The Town Clerk Mr. Bertie White then explained that the Co. Council was the responsible body dealing with discharges

into the harbour. The role of the Urban Council in the matter was that it made a request to the Co. Council to produce a report on the position and anything that, now had to be done to control any discharges into the harbour was the responsibility of the Co. Council.

Finally the discussion ended when it was agreed to keep the matter under review.

Cllr. C. O Riain proposed at the April monthly meeting of Waterford Co. Council that the Council pass a resolution requesting the European Parliament to direct regional grants to local authorities including all grants for roads both national and primary.

Cllr. O Riain said that as things stood at present there was not a shovel full of material available to fill even a single pot-hole and he felt that all EC regional grants should in future be channelled directly to local authorities and that copies of this resolution be circulated to all councils.

"The morale of road-workers," continued Cllr. O Riain. "was never at a lower ebb in the past 25 years and there doesn't seem to be any hope in the distant future that things will improve. It appears that as long as the roads around Dublin and the other principal cities are looked after then everything is alright but we, as local representatives, will not take this lying down and we should see to it that in future these regional grants are channelled direct to local councils."

The proposal was seconded by Cllr. G. O'Halloran. Supporting the resolution Cllr. J. A. Walsh said he believed a system could be worked out under which local authorities could receive substantial allocations from these E.C. Regional grants in order to carry out necessary repairs to the roads.

Cllr. P. Coffey said that they were addressing the resolution to the wrong body as it was to the Department of Finance and not to the European Parliament it should be sent. He added that the Minister had recently informed the General Council of Co. Councils that if and when

Bus Agency Move In Dungarvan

In the course of a letter to Dungarvan Urban Council which was considered by the members at their April monthly meeting Mr. Frank King, District Manager, Bus Eireann, Plunkett Station, Waterford stated that it was intended to move the Bus Agency in Dungarvan from its present location in O'Connell Street to that of the Central News Agency at the Square. The date of the proposed transfer is May 1. "This new location," the letter stated, "will provide the people of Dungarvan with a more central point for joining our services and perhaps you will please confirm that I have the Council's permission to relocate our agency at the Square."

Cllr. Mary Dixon who has always advocated a move away from O'Connell Street welcomed the decision and said that the new location would be better and more central for people.

The Town Clerk, Mr. Bertie White stated that they would have to take up the matter of parking arrangements for the

buses at the Square, with the County Council in the event of the relocation.

Cllr. Dixon said that while she had nothing against the lady who ran the bus agency in O'Connell Street she felt that the location was unsuitable due to traffic jams and also because there was a need for proper waiting accommodation.

Cllr. T. Wright said that while the new location might not be the ideal situation he thought it would be a major advancement on what they had at present.

Cllr. B. Kyne however said that he was not convinced that the disruption of traffic would be less by removing the agency from O'Connell Street. He thought it should be located at the Quay where a sheltered waiting place could be provided for passengers.

BITTER COMPLAINT

Cllr. P. Power then made a bitter complaint about the activities of the Town Traffic Warden in regard to the parking of lorries and asked for clarification as to what was and was not permissible for lorries to do while delivering. He said

that the lorry of the firm which he worked for had been given a parking ticket while delivering goods and he alleged that they were being pin-pointed for attention while others were being given preferential treatment. "If we are now going to allow the buses to park at the Square we will be crucified altogether in trying to make deliveries," he said.

Cllr. T. Wright supported the complaint made by Cllr. Power and instanced a case where a lorry driver from Kildare had been given a parking ticket while delivering goods in Dungarvan but when he appeared at Dungarvan Court and explained the situation the Justice dismissed the case. "This man should never have been given a parking ticket and it was a fright that he had to come all the way from Kildare to the Court," he said, adding that he understood that delivery trucks and vehicles were entitled to park while loading or off-loading goods.

The Town Clerk said that the matter of the bus location at the Square and the parking problems involved would be discussed with the Co. Council and he would report back on the matter.

PUBLICAN OFFERS £10,000 REWARD FOR GANG RAID INFO

A publican whose family and staff were terrorised by a four-man armed gang, last week-end offered a £10,000 reward for information leading to the conviction of the raiders.

Brian Barton, an Englishman, who took over the pub (formerly Hayes), at the Pike, Dungarvan, last year, said that the incident in January had not only left irreparable mental damage on the victims, but had split up his family, with his wife and four-year-old daughter now refusing to return to Ireland.

During the raid which took place just after closing time on Saturday night, January 16, Mrs. Mena Barton and her daughter Sarah, were taken from their beds and forced at gun-point to lie on a mattress on the floor of the bar.

The balaclava-clad gang hand-cuffed everyone and stole more than £15,000.

"They never hit us, but they shattered all our lives. My little daughter now has nightmares, she won't go anywhere on her own. I can't sleep, my wife doesn't want to come back here, and my staff are still suffering from the trauma," said Mr. Barton.

The reward is now being offered, and anyone with information is asked to contact the gardai in Dungarvan at 058-42370.

"I'm convinced that more people know about the robbery than the four involved, and I am hopeful that the money will convince one of them to come forward," said Mr. Barton. But he stressed that the money would not be paid to anyone found to have conspired in the robbery.

In spite of the traumatic experience, he is determined to remain in Ireland, running his pub. "I left London to get away from the violence and I have made good friends here. I enjoy the hospitality and I'm going to stay."

LISMORE AND DISTRICT NOTES

MISS MOLLY MORRISSEY
The death has occurred recently in Dungarvan Hospital of Miss Molly Morrissey, late of Glencairn. Aged 84, she was the last surviving member of the Morrissey family in Glencairn. Her remains were removed to the Church of the Immaculate Conception, Tallow where they were received by Very Rev. M. Walsh, P.P., and her burial took place in the adjoining cemetery. She is survived by her nieces and nephews. She is sadly missed by her neighbours and many friends. May she rest in peace.

MRS. BINA SHERIDAN
It is with deep regret we record the death of Mrs. Bina Sheridan, 2 Church Street, Lismore which occurred on Saturday 9th April at Ardeen Hospital, after a long illness. She was in her 69th year.

Her remains were removed to St. Carthage's Church, Lismore on Sunday, 10th April and were received by Fr. O'Gorman, C.C., assisted by Fr. Madden, C.C. Her interment took place in St. Carthage's cemetery. Canon Power, Fr. Madden and Fr. O'Gorman officiated.

She is survived by her loving son Michael, Youghal, sisters Hannah Landers, Lismore, Bridget Koenig, Boston, U.S.A. brothers Bill and Michael Landers, Lismore, grand-children, nephews, nieces, sisters-in-law, brothers-in-law, cousins, relatives and friends.

Bina was a cheerful kindly neighbour and will be sadly missed. To all we extend our sincere sympathy.

MRS. SHEILA HEFFERNAN
The death has occurred of Mrs. Sheila Heffernan, Chapel Street, Lismore. Full report next issue.

LISMORE F.C. NOTES
Last Sunday in Ballyduff, Lismore's final chance of staying in the 1st Division of the Red House League disappeared when Ardmore secured the points they needed to stay in the premier division and send Lismore into the 2nd division.

Ardmore drew with Ballyduff, 3 goals each.

This is the first time in the history of Lismore F.C. that the club has been relegated. In the many years of the Waterford League Lismore were always able to finish in a favourable position and likewise in the early days of the West Waterford/East Cork League (now The Red House League). In fact Lismore were the first club to win the inaugural league when they defeated Youghal in the final league game in the late 1970's in Youghal.

Lismore this season had a young side and the experience they gained should stand to them next season in the 2nd division.

Finally congratulations to neighbours Affane who clinched the Red House League last Sunday morning when they defeated Bride View in a cracker by 4 goals to 3. This was Affane's second championship in six years.

LISMORE AND CAPPOQUIN CREDIT UNION
A monthly meeting of the board was held at the offices in Lismore last week. Paddy Lawton, chairman, presided. The report of the treasurer, Mrs. Eleanor Burns, showed the liquidity situation to be very satisfactory.

Mrs. Mary Hickey gave the Credit Committee report, while Tom Hackett presented the Supervisory Report. Field Officer Mr. Tony Burke, met the Board last Thursday night and his report showed the Lismore & Cappoquin Credit Union to be thriving.

GOLF CLUB NOTES
Between the inclement weather on Sunday 17th and the exodus of Aghern Society members to Kerry, there was a relatively small field for the First National qualifier. Those who though, it might be easily won were in for a surprise with the very good score of 6 up by Alf Barden, proving too good for the rest.

CAPPOQUIN NOTES

SOCCER: AFFANE ARE LEAGUE CHAMPIONS
Affane 4; Bride View United 3

This week we offer sincere congratulations to Affane who crowned an arduous League by deservedly taking their second title at Tallow on Sunday. This was a notable achievement by a basically young side and on Sunday they had to call on all their reserves of courage and commitment when the challenge to win at the final hurdle became almost too much for them. It was surely a fitting climax to the campaign that they had fought so hard to provide the final opposition and from the kick-off it was evident that Bride View were taking the game on its merits and onlooking contenders Pinewood would only benefit, coincidentally, if they were to make a long time to come to life. For 30 minutes there was total aimless midfield activity with neither side creating a real scoring chance. It became a contest when Affane were awarded a penalty for a foul trip in the area, but those final nerves which had been so evident, were still not overcome and Ray Flynn shot over and wide from the spot. But strangely this miss seemed to be the spur for a prodigious effort, for three minutes from half time they went in front. The first of Tallow's defensive errors occurred as they failed to clear from a goalmouth melee and Fintan Veale nipped in to push the ball home. Affane deservedly rejoiced but the advantage was unbelievably shortlived. Straight from the kick-off Stephen Curley was sent clear down the Bride View left, and his low shot beat a diving Michael O'Dowd. So it was 1-1 at the break with all to play for and wind advantage would be with Affane in the second half.

They were quickly into their stride and Eamon O'Shea scored the second when Kevin Tobin could only push out a long range shot. Sham Denn converted a hotly disputed Affane penalty award to make it 2-1 and the win Affane needed looked certain. But Affane seemed faded not to capitalise on the breaks which were going their way — and which any title winning side must need — and no pressure they were back in the game when Philly Curley converted a penalty for hands. Ray Flynn won a fifty-fifty ball from the goalkeeper to put Affane two up again in the 75th minute from the edge of it. Seven minutes from time Paul Curley made ground down the Bride View right wing and his angled shot beat Michael O'Dowd for the best score of the game. But Bride View were not to be deterred and Rod Rogers final whistle was greeted joyously by Affane players and their big number of supporters.

Overall it was a game to satisfy and entertain another very big attendance. Immense credit to Affane for surmounting Bride View's all out challenge and a similar commendation to the Tallow players for a splendid challenge when the League points were of no value to them. Affane will be first to admit that it was not their best display of the season and final nerves could almost have been their undoing. The experience will be an immense gain to them and followers will look forward to seeing them step into the shoes of their title in the 1988-89 season.

All players made an equal contribution and the eleven who won Affane's second League title were, for the record — Michael O'Dowd, John Killigrew, Liam Costin, Larynne, Sham Denn, Michael Killigrew, James Crotty, Eamon O'Shea, Ray Flynn, Eddie McGrath, Fintan Veale.

Bride View United panel — K. Tobin, G. Sice, K. Murphy, P. Curley, D. Sheehan, P. Curley, G. Hogan, T. McCarthy, D. Henley, Phil Curley, S. Curley, J. J. Henley.

Rod Rogers refereed and the linesmen were Leonard Fraser and Tom Murray and M. Byrne.

We cannot conclude without a word of commiseration for beaten title contenders Pine-wood who led the race for so long, only to falter at the final hurdle.

While Affane were taking the title, by a one point margin, the relegation issue in Division 1 was also being decided. Ardmore travelled to Ballyduff needing one point to survive the drop and duly secured a 3-3 draw but had to come from 3-0 down to do it. This result, dooms Lismore to a season in Division 2, but surely they will not be long in making a return.

Only one loose end now remains to be cleared in the '87-88 Murphy League competition and that is the championship issue in Division 2 where Youghal and Piltown have finished level. We understand this players' will be at Tallow on Sunday, May 1st.

At the end of this our final game report for this season it is right that we acknowledge the generous and unfailing cooperation of League officials, referees and club officials, particularly to Liam Fraser, referees and club officials, who not have been brought to you. We look forward to providing the same service in 1988-89.

ROWING
The '88 Regatta season got under way last week-end with Neptune Regatta at Islandbridge. With only two senior members in training and one member rowing in the Clonmel Elite Four we decided to make a representative entry in the senior grade. In our heat we were unfortunately not drawn against our neighbours Clonmel who are highly fancied to gain selection for the Olympics in Seoul. However as the race progressed and rowing very poorly, it became clear that the Clonmel International Four were not going to have it all. They were down half a length in the first quarter and then recovered to go a canvas up but with only 200 metres to go they caught a crab and stalled the boat. The deficit got going again but the deficit was recovered in the short distance and they were only 5 feet down at the finish. This proved to be a great boost as the times were 7 seconds behind the National Squad "A" crew.

The novice four proper were entered at Commercial Regatta the following day. In the Senior "C" event, they encountered a highly fancied U.C.C. crew which they took care of comfortably. In the final against Waterford they also had a very convincing win.

Fines And Costs Of £1,550 In Illegal Fishing Charges

Fines totalling £950 together with costs amounting to £500 were imposed on eight defendants at Dungarvan Court who pleaded guilty to charges of illegally fishing for salmon with monofilament nets and/or during the close season in the Helvick area on dates between June and September, 1987. A number of the defendants who had previous convictions recorded against them were also disqualified from holding fishing licences for three years.

Mr. George Power, Solr., was for the Southern Fishery Board which brought the prosecutions and Mr. J. P. Gordon, Solr. and Mr. N. King, Solr., appeared for the defendants.

Nicholas and Patrick Walsh, Helvick, were charged on a number of counts including one of impeding Fishery Officer Edward Casey, in respect of offences stated to have occurred on August 24.

Mr. Power told the Court that on the day in question the Fishery patrol boat was at sea in the Helvick area and the two defendants were observed in two fishing punts with a monofilament net. He said that they had no fishing licence and that as Nicholas Walsh had a previous conviction for fishery offences he must now be disqualified for three years from holding a licence.

District Justice O'Connell finding that Nicholas Walsh was the principal of the operation convicted him on five counts and imposed fines totalling £140 with £75 costs. He also convicted Patrick Walsh on all counts but imposed reduced fines totalling £30 with £25 costs on him.

MOST MALIGNED OFFICERS

Nicholas Paul, Ballinagool, Ring and Liam Kelly, The Caravan, Helvick were charged on a number of counts including one of impeding Fishery Officer Edward Casey, in respect of offences stated to have occurred on August 24.

Mr. Power for the prosecution stated that this was during the close season and when Fishery Officer Casey called on the motor boat with the defendants aboard to stop they refused and told him that they weren't going to stop or to let the net be seized. It was a monofilament net, he said.

Mr. Gordon told the court that Nicholas Paul had in fact provided a sample of the net to the Fishery Officers on the occasion and that as the result of an accident he had been out of work for the past five months. Kelly, he said, was only a part-time fisherman and neither had previous convictions.

District Justice O'Connell said that when called on the defendants should have stopped to allow the Fishery Officers to inspect their boat as that was the job which the fishery officers had to do. "I can't condone or excuse that," he said and added, "because of the job they have to do, Fishery Officers are the most maligned officers, next to Traffic Wardens, in the country."

Convicting both defendants he imposed fines totalling £110 with £75 costs on each of them.

ALLEGATIONS DENIED

Liam Ronayne, Ballinagool, Ring was charged with five counts including one of impeding a fishery officer on September 2.

Mr. Power said that the offence in this case occurred during the close season. The Fishery patrol boat was operating in the Helvick area and saw a trawler with monofilament salmon net. The defendant was identified by the Fishery Officer and called on by name to stop but ignored the call. Two other men on board then put balaclavas over their heads and the defendant tried to put his pullover over his head but he had been recognised at that time.

Mr. Power went on to say that flares were pointed towards the fishery patrol boat and another trawler which came along had threatened to ram a second patrol boat which had also come on the scene. He said that there were two previous convictions against the defendant for assault and obstruction of fishery officers.

Mr. Gordon for the defendant said that while they were leading to the charge of impeding officer Casey, there was absolutely no question of any crewmen wearing balaclavas or of pointing flares. "We acknowledge that we didn't stop when requested but we flatly contravene the other allegations now made for the first time by Mr. Power," he said.

NOT PROFESSIONALS

Maurice Whelan and his brother John Paul both of Cathal Brugha Place, Dungarvan were charged on five counts in respect of offences on September 2.

Mr. Power stated that in this instance the two defendants were observed in a punt off Helvick Head. It was during the close season and the Fishery Officers saw an illegal monofilament salmon net on board. When first asked for their names the defendants refused but they were then recognised. Both had previous convictions for fishery offences.

Mr. King, for the defendants, said that neither of them were professional fishermen and on the occasion they just went out in a punt. He pointed out that the previous convictions in their case were in respect of river fishing.

TRAVELLED FROM LONDON

Richard Tobin, Ballinagool, Ring, who was stated by Mr. King to be now working in London but who had travelled back to meet the charges was charged on 5 counts in respect of offences stated to have occurred on August 24.

He was fined a total of £120 with £100 costs.

RECOGNISANCES

District Justice O'Connell said that he looked on all these as serious offences but he fixed recognisances for all the defendants in the event of appeals against the fines imposed.

ABBEYSIDE SCOUT NOTES

TROOP MEETING

We opened this week's meeting with the scout prayer. While the monies were being collected the patrols revised in theory the square, diagonal and figure of eight lashings.

After the subs. the patrol leaders carried out a very stringent inspection when they deemed the Austrian Patrol of Claran Walsh and John Paul Cosgrave the tidiest with the Italian Patrol a close second.

Our first game tonight was an enjoyable run of hot potato. New scouts Ollie and Mossie Keith and Theo Dorman-Kade were very contented with the proceedings here.

For tonight's instruction we broke into three groups. Groups one and two, who were comprised of ordinary scouts were instructed on the various lashings by Kieran and Michael, while the third group of P.L.s, A.P.I.s and Eoin Clancy had a session on menus and cooking.

Our next set of games included backwards tunnel crawl and horse and jockey. In the tunnel crawl Cian O'Donovan and Martin Whelan were always struggling while in the horse and jockey our two "jocks" Brendan Flynn and Eloy O'Mahoney seemed to enjoy their spins.

For tonight's patrol activity our revision and instruction were put into operation as each patrol had to construct a tower.

The meeting closed with notices and the prayer. After the meeting the P.L.s were busy with their pens and paper again as they judged the towers. After a lot of scrutiny on structure, neatness, etc. they once again deemed the Austrian patrol as winners with Michael Sheehan's Italian patrol once again in the runners-up spot.

N.L.B. UPDATE
Last week saw the posting of the latest set of marks for our Nugent-Lanigan-Burke inter-patrol competition. The good news is the gap at the top of the leaderboard is after closing dramatically with a lot of changes occurring down the line. For the period of March-be-

ginning of April it was the Italian Patrol of Michael Sheehan and Liam Moore who dominated proceedings, finally stamping their presence on this year's competition. The monthly results were — 1st, Italy 303; 2nd, Austria 295; 3rd, Switzerland 259; 4th, Eire 202; 5th, Ireland 190.

On the overall situation, Alan Beatty and his Swiss Patrol still lead the way with the Austrians moving to second and the Italians moving into third position.

Overall standings—1st, Swiss Patrol (P.L. Alan Beatty) 615; 2nd, Austrian Patrol (P.L. Claran Walsh) 590; 3rd, Italian Patrol (P.L. Michael Sheehan) 566; 4th, Eire Patrol (P.L. Michael Verling) 499; 5th, Ireland Patrol (P.L. Gerard Mullen) 365.

Questions To Ponder On — Will the Swiss efforts melt as the hot weather comes and will the Italians shine through? Or will Claran keep Austria cool to claim the crown? All will be answered in October.

PATROL ACTIVITIES

Over the Easter holidays all Patrols in the troop carried out their own activities and below is a brief account of each patrol's travels:—

Austrian Patrol — Under the leadership of Claran Walsh departed on their bikes with the first stop at Durrow where they walked through the Old Railway tunnel. From here it was on to the Scout Den in Stradbally where we stayed overnight. Other activities included squash, badminton and visiting Stradbally Cove.

Swiss And Italy Patrols — Both these patrols joined forces for an overnight in Mt. Melle-

ray Scout Centre. While cycling on our way we stopped off in the Glen where we practiced some scouting skills. Eventually we arrived in the Centre and got the deep fat fries in action. On day two numerous events like, superstars, quizzes and basketball were organised.

Eire And Ireland Patrols — Another joint effort from some of our younger members, who visited Colligan Woods. Some trails were set and followed. After lunch some simple camp gadgets were constructed and then some wide games played. Overnight was spent back in the den where we had plenty of visitors.

Finally the Patrol Leaders training course was held over the Easter weekend. The double bill locations were, Kinsale, Co. Cork and Killarney, Co. Kerry. Besides all the different training sessions, we all played the 18 hole golf course in Killarney. Our guest leaders were impressed with P.L.s and Leaders night activities which ensured a shortage of sleep, some mountain climbing was also organised, with the star of the weekend Rover climbing in his bare feet.

Vital Win for Lismore

Lismore scored a vital win in the inaugural game in this year's senior hurling championship when they beat last year's runners-up Roanmore, in atrocious conditions at Fraher Field, Dungarvan, on Sunday night last.

Although four points separated the sides, Lismore's win was hard earned. With the rain bucketing down and driven by a strong wind, the winners played with the advantage of the elements in the first half. It was a total one way thirty minute period as Lismore dominated completely and they were worth every bit of their 0-8 to 0-2 interval lead.

Indeed Lismore might have been further ahead at the break but the heroic hurling of Roanmore full back John Ryan and some good saves by keeper Ray Sheridan denied them certain goals on a few occasions.

Two early points from Roanmore after the change over cut the arrears to 0-3 to 0-4 but Paul Prendergast pointed a free in reply. Then the same player broke through for a great solo

LISMORE 1-10; ROANMORE 0-9

goal to put Lismore in a commanding position with a 1-9 to 0-4 lead.

A minor incident occurred in the Roanmore goal area following the scoring of the major which resulted in a Roanmore defender being sent off. Shortly after at the other end of the field there was another incident which resulted in a player from

each side being given marching orders.

It was after this that the city side got their act together and Noel Crowley who had by now been fit for long periods came thundering into the game. With Crowley in the ascendancy at midfield, Roanmore piled on the pressure and had five points to leave Lismore ahead 1-9 to 0-9.

Crowley, however, had an opportunity to level from a 20 metre free but missed and it was Lismore, having weathered the storm who finished the stronger.

Fittingly it was their star player Paul Prendergast who lifted the siege with a point from a free to secure two vital points for Lismore from a hard earned win.

DUNGARVAN SCOUT NOTES

HIKE TO CRUACHAN

We left the Den at 10.00. Since it was a nice day, clear blue sky we took the long way round. We went out by Master McGrath, down by Colligan, out to Kilmuck, and long rest. Pádraig Flynn led the way to the base of the mountain and it was then a quick walk to the top. When we reached the top we noted the inscription on it "The Cross of Hope and Peace," erected on the 15th August, in the Marian Year, 1987, for the 21st Century.

We were delighted to see some of the younger scouts were able for the cycle, as it is probably one of the toughest up hill cycles they are ever going to do. The following day we had a short hike to Colligan where we had some activities, such as soccer with Eoin Cunningham and Pádraig Flynn as the two captains. Their a commando course was set up and Cormac was showing some of the lads how to do a pro job with a jump, roll, and jump Johnny Sheehan was climbing across a rope, tied between two trees, everything was going okay until the rope began to sway, so did Johnny, but third time lucky. We then departed for home.

On our hike on Wednesday, we were absolutely appalled by the amount of litter bags of rubbish, barrels, wrecks of cars, dumped along the Comeragh drive. Obviously some people have no respect for nature. These things may not be visible to people in cars, but for those that cycle, it is very sad to see one of the finest beauty spots being treated so badly.

KNOCKANORE, GLENDINE AND KILWATERMOY NOTES

On Sunday night week the Community Council & Women's Club organised a Senior Citizens' Party at the Mountain View Lounge, Knockanore. There was a very large attendance and we were very pleased that so many from St. Catherine's House, Lismore were present. Thanks to everybody for making the night such a wonderful success. A special word of thanks to Bridget and Paul Atkinson for putting the lounge at our disposal.

It was the best result that the club had this year. Close on 100 riders lined up outside Kilkenny Castle for the start of the O'Gorman Memorial. The race was run over a distance of 90 miles. On the first of three laps, things were quiet enough with the big field staying together. Then on the second lap a group of seven went clear. Included were Stephen Delaney and Raymond Power. Near the end of the lap another group escaped the bunch and made contact with the first group outside Kilkenny on the final circuit. Cidona now had six riders in a group of 16.

Court Sequel To High Speed Garda Chase

A high speed chase after a young motor cyclist by a Garda Patrol car had a sequel at Dungarvan Court last week when Thomas Feenell, 20, of Dungarvan appeared before the Court on six separate charges of dangerous driving.

Supt. M. English who prosecuted stated that at 2.25 a.m. on Saturday, January 16, Garda Dunne who was on duty in the patrol car saw a motor cyclist going through a red light at the traffic lights at the Square. He followed and the motor cyclist drove across the Causeway at a very high speed. It went through the red light at the Abbeyside traffic lights, and then went on out the Burgery towards Tarr's Bridge. The Garda car followed with the blue beacon light flashing at a very fast speed, but then Garda Dunne decided to let the motor cyclist go. Feenell was prosecuted at such a very high speed were too great.

Mr. Gordon then said that the defendant had never been in any trouble before and he pointed out that although the defendant admitted to the speeding and falling to stop offences, there had been no collision and no traffic had been in danger on the occasion.

District Justice O'Connell said that nonetheless there had been a series of dangerous driving offences involved. He said that "crashing" traffic lights was an offence which was now becoming all too regular and that on the overall standard of driving had deteriorated in recent years. "It is all due to a lack of care, courtesy and general carelessness," he said.

Convicting the defendant of dangerous driving at Coolagh Road on the occasion he imposed a fine of £50 with an endorsement with a further £10 fine for failing to stop at the red light at the Square. The remaining charges were struck out.

The reply which was considered by members of the Co. Council at their April monthly meeting held in Dungarvan last week stated that there had been a long discussion on the matter at the Board meeting and while members felt that there was a gap in the procedures for local discussions of health and welfare matters, they felt that the system proposed would not be a satisfactory solution of it. "Accordingly," the CEO's letter then stated, "they (the Board members) unanimously passed a resolution calling on the Minister for Health to re-establish the local health committees and this resolution has now been forwarded to the Minister for his attention."

POPE JOHN PAUL SPEAKS ABOUT KNOCK SHRINE

On "Laetare" Sunday, 13 March, the Holy Father addressed the pilgrims gathered in St. Peter's Square for the recitation of the "Angelus," continuing his series of spiritual pilgrimages to Marian shrines throughout the world on the occasion of the Marian Year, he stated:—

1. The goal of our spiritual pilgrimage today is the Marian shrine at Knock in Ireland, the land of that great apostle St. Patrick whose liturgical memorial we shall celebrate this Thursday.

The Lord granted me to visit that sanctuary so dear to the Irish people, on 30 September 1979, during my pastoral visit in that beloved nation of deep Christian traditions. My visit coincided with the celebration of the first centenary of the apparition of Our Lady Queen of Ireland with St. Joseph and St. John the Apostle, on the southern wall of the humble parish church of the village of Knock, in a rural area in the western part of the country. From that day on, 21 August, 1879, Knock has become a place of pilgrimage and a point of reference for the deep-rooted Marian devotion of the Irish people.

2. Two aspects of the apparition of Knock attract our attention. First of all, the apparition lasted long enough to allow the first persons who passing near the little village church, saw the heavenly figures, to go and call the inhabitants of the houses scattered throughout the countryside, thus about 18 persons in all, men, women and young people, were witnesses to the event.

Secondly, there were no words spoken during the apparition at Knock. Mary Most Holy had a golden crown on her head—

Queen of Peace—and her hands were raised in an attitude of supplication; by their gestures, she and the other heavenly protagonists of the apparition invite us to prayer, to meditation on the Sacred Scriptures, to reconciliation with God obtained by Christ, the Lamb that was slain for our ransom. Indeed, characteristic elements of the pilgrimage to Knock, where in 1876 a new church was dedicated to welcome the growing number of visitors, have been prayer, especially the Rosary, penance and sacramental reconciliation as well as the blessing of the sick.

3. I invite all who are listening to me to pray with me to our Lady of Knock, Queen of Peace, for the beloved land of Ireland, that her people may always remain faithful to their Christian vocation which has so deeply permeated her history. I invite you to pray that the political violence and terrorism which has been causing death and suffering for twenty years now in the Catholic and Protestant communities, may come to an end in that land of St. Patrick.

Today I repeat the words which I addressed to the Blessed Virgin on the occasion of my visit to the sanctuary of Knock:

"Queen of Ireland, Mary Mother of the heavenly and earthly Church, maintain, keep Ireland true to her spiritual tradition and her Christian heritage. Help her to respond to her historic mission of bringing the light of Christ to the nations... We entrust to your motherly care the land of Ireland, where you have been and are so much loved. Help this land to stay true to you and your Son always."

HEALTH BOARD OFFICIALS NOT TO ATTEND COUNCIL MEETINGS

Mr. P. G. McQuillan, Chief Executive Officer, South Eastern Health Board, replying to a resolution passed by Waterford County Council requesting that officials of the Board attend quarterly meetings of the Council convened to deal with health matters within the county said that the request had been brought to the attention of the members of the Board at their March monthly meeting.

The letter added that the Board members appreciated the interest of the members of the Council in the health and welfare affairs of Co. Waterford and valued the co-operation between the two authorities which had always existed in the past. A position they looked forward to maintaining in the future.

Mr. J. Carey expressed his dissatisfaction with the letter remarking that it was just the reply they expected.

Mr. B. Kynne, one of the Council's two representatives on the Health Board, said that in the circumstances any other reply could be dangerous. He pointed out that a Health Board official could be placed in a very awkward position in attending Council meetings and trying to explain decisions taken by the Board. "It could be more frustrating than productive," he added.

Mr. J. A. Walsh said that they should support the call to the Minister to re-establish the local health committees. "The important role which they filled has been well proved since they were established," he said.

Deputy Jackie Fahey castigated the Health Board for their dictatorial attitude. It was almost impossible to get replies to representations made to them and in some cases they just ignored them altogether, he said. "Although they have now refused to come to Council meetings on a regular basis I think that they should come on odd occasions to hear what the Councilors have to say," he said.

REMEMBERING OTHER DAYS

Our picture for "Remembering Other Days" this week shows the members of the St. Mary's Choral Society, Dungarvan, taken when they visited Carriglea Convent to give a performance in August 1952. Included front (right) is Fr. Dan Byrne who was then a curate at St. Mary's Parish Church (now Canon Byrne) and (left) Bro. Kenny, CBS who trained the choir. The group included the late Jim Patterson and the late Mrs. Biddy Cody (waters) who were well-known soloists as well as many of the leading singers in the town at the time.

RE: IRELAND'S FIRST DAFFODIL DAY

Dear Sir, Ireland's First Daffodil Day on March 25 has been a superb success but it would not have been possible without the support of the media. I would like to thank you personally and all of the staff of the newspaper for your excellent coverage in helping to make Ireland's First Daffodil Day a day to remember.

Best wishes,
Yours sincerely,
VIOLET COLLINS, P.R. Campaign Organiser, Ireland's First Daffodil Day, April 8, 1988.

CREDIT UNIONS CONVENTION FOR SALTHILL

Credit Union is probably the most important socio-economic success story in Ireland during this last 30 years. It started in the late 1950's and developed with extraordinary vigour. Today there are 493 League affiliated credit unions with a total membership of 844,000. This represents a membership penetration of one in five of the population in all Ireland. The annual turnover for the Credit Union Movement is now in excess of £120,000,000.

It is the largest Convention of its kind held in Ireland. Up to 2,000 credit union representatives will attend. The main business of the meeting will focus on the unveiling of the proposals for a Credit Union Savings Protection Scheme. It is proposed that the Savings Protection Scheme will be set up for all League

affiliated credit unions. It will be underpinned by a fund of money equal to at least 1% of the total savings in the Movement. It is intended that the scheme will be administered within the structure of the League with a separate Trust Company being set up to hold the funds. Over recent years the administration of credit

unions has been strengthened through training courses and seminars. A new computerised monitoring system has been developed at League Office to track the financial performance of credit unions. Convention will also consider withdrawing the existing legislation submission from the Department of Industry & Commerce so as to clear the way for new demands for major changes in legislation governing credit unions.

DUNGARVAN LIONS CLUB NOTES

We are fast moving into 1988, and various Lions Projects are on the horizon. We will be sending our usual quota of senior citizens to Mosney Holiday Camp in the last week in August. Our forthcoming event will be our annual cycle tour, which will be held in May—15 May is the provisional date. This will be confirmed later. The format will be more or less the same as last year: Starting at 2.30 in the Square, by O'Connell Street, Shandon, Ballinamuck to the Wooden Bridge area of Colligan.

P. Veale's Cross, then on to the final check point at the Cattle Mart. More details re definite date, sponsorship cards, etc. later.

The other project coming up is our summer event. This year we are pleased to announce that we have secured the Band of the Garda Síochána to play in concert. We have not had this wonderful band in Dungarvan for quite some time. Their many fans in the area, and indeed all good music lovers, will be looking forward to this treat. A definite date has not been fixed yet. Final arrangements for this musical extravaganza will be announced in good time.

Catering for everyone as you can see, our club is quite busy, looking after the welfare of our senior citizens and providing entertainment and enjoyment for the general public. — PRO

Delegates will debate over 50 motions in all, relating to a wide range of credit union matters from insurance, promotional videos, standardisation of computer systems to community enterprise development.

NATIONAL LOTTERY LAUNCH LOTTO

LOTTO, the world's most popular lottery game, was launched on Sunday, 10 April by the National Lottery at a gala event in the Royal Hospital, Kilmalnam, the National Centre for Culture and the Arts.

The Minister for Finance, Mr. Ray MacSharry TD, purchased the first LOTTO ticket. After wards he was joined by celebrities and press guests in playing the new game for the first time in Ireland.

LOTTO tickets went on sale nationwide on Monday, April 11 at 1,000 National Lottery authorised agents around the country, equipped with the special LOTTO terminals that will be used to draw the winning numbers. The distinctive LOTTO logo is displayed outside each agency.

Every weekly draw will be broadcast live on RTE TV 2 at 8.05 p.m. after Nuacht, starting with the first draw on Saturday last, April 16.

Like the instant games, which will continue alongside LOTTO, players must be 18 years or older. All prizes are tax free.

HOW TO PLAY LOTTO

LOTTO is easy to play. All a player has to do is go to one of the 1,000 authorised National Lottery LOTTO agents nationwide and pick up a playslip. The playslip contains eight "play panels" or boxes from which to select six numbers from 1 to 36. The player simply marks on individual panels his or her selection of six numbers and pays the agent a minimum of £1 which entitles the player to two plays. Each subsequent play costs 50p.

The player then hands the marked playslip to the LOTTO agent who passes it through the LOTTO terminal. It sends the numbers selected to the National Lottery central computer which records them. The terminal then prints out a ticket with the player's chosen numbers on it, together with a unique security code.

The player is then in that week's LOTTO game. The ticket is his or her entry for the weekly televised draw. It should be kept safely as it shows the numbers chosen by the players and must be produced when claiming a prize.

DUNGARVAN INQUEST VERDICT

At an inquest, held at the Courthouse, Dungarvan last Friday by Dr. Dermot Cantillon, Deputy Coroner, a verdict in accordance with the medical evidence that death was due to a brain haemorrhage was returned on Mr. Richard Hurley, Granite Lodge, Abbeyside, Dungarvan, who died on August 29 last.

In a deposition Mr. Michael O'Farrell stated that he had been with the deceased on August 27 when he accidentally tripped over the tow-bar of a car and fell heavily injuring his left leg and sustaining a cut over the left eye.

Dr. J. Murphy, Pathologist, Ardkeen Hospital, deposed that he performed a post mortem on the deceased and in his opinion death was due to a brain haemorrhage, the injury being consistent with fall.

Dr. Cantillon then returned a verdict in accordance with the medical evidence and joined with Supt. M. English in extending sincere sympathy to the widow and family of the deceased.

HIGH RAINFALL TOTALS

Totals for the first twelve days showed a distinct north-south gradient, with 38 millimetres (mm) at Malin Head, 18mm at Mullingar and 3mm at Roche's Point. Indeed parts of the southwest escaped the heavy rain of the period 13th to 15th, with Cahirciveen, having a three day total of 3mm at Cork Airport had 28mm.

Amounts of rain on the 16th were small but St. Patrick's Day as well as being dull and cool was the wettest day of the month at six of our fifteen stations: the rain reached the southwest, early in the morning and spread slowly north and east to reach Galway about noon. Dublin about 3 p.m. and Belfast about 7 p.m. but Malin Head remained dry throughout. The period 18th to 23rd was humid with rain at times and even in the fresher weather which followed there was a good deal of showery activity. On the 29th a depression passed close by the south coast and Roche's Point recorded 27mm of rain while Rosslare remained dry. On Wednesday, the 30th there were scattered showers, some of hail but on 31st shower activity was low as a trough approached the country from the Atlantic.

TO ATTEND AT ALL-IRELAND SHEEP DIPPING MEETINGS

On the proposal of Cllr. James A. Walsh, seconded by Cllr. O. Coffey it was unanimously agreed at the April monthly meeting of Waterford County Council to approve of the attendance of Cllr. W. McDonnell at All-Ireland Sheep Dipping Meetings.

Thanking the members for their approval, Cllr. McDonnell said that sheep breeding was now a very important industry in the country and in that regard he thought that the Council should appoint two members to attend at these meetings. He added that Waterford was now one of the few counties who only had one representative at the meetings and he suggested that a member from the Fianna Fáil side of the house should be appointed to accompany him.

The suggestion was seconded by Cllr. S. Dunphy and passed and Cllr. C. O'Riain was then nominated as the second member to attend such meetings.

MONTHLY WEATHER BULLETIN Wet And Dull But The Mildest March For Five Years

According to the official bulletin of the Meteorological Office the beginning of the month of March was cool with northerly winds and scattered showers, some of hail or sleet. Over the period 6th-7th winds became westerly, temperatures rose and remained above normal until the 12th. On the 9th there was some heavy rain as a cold frontal rainbelt moved slowly southwards over the country, but otherwise rainfall amounts, between 6th and 12th were small. Unfortunately between 13th and 25th there were heavy falls of rain in all areas which made ground conditions quite heavy.

Between 18th and 23rd winds were southerly or southwesterly and most areas recorded their highest temperatures of the month. It was very blustery on the 24th as winds again shifted to a westerly direction and this remained the predominant wind direction until the end of the month.

TEMPERATURES ABOVE NORMAL

Both daytime and nighttime temperature means for March were above normal. It was the mildest March for five to seven years but then March temperatures have been below normal for each of the last four years. Mean maximum temperature ranged from 0.1°C above normal at Cahirciveen to 1.1°C above normal at Rosslare. Mean minimum temperatures were more than 1°C above normal in many areas but varied between 0.4°C above normal at Rosslare and 1.9°C above normal at Shannon Airport. Air frost was recorded at some stations between 1st and 5th, on 10th, 17th and 29th but these low temperatures were more than offset by high nighttime temperatures in the periods 6th to 8th, 11th to 14th and 16th to 22nd. Lowest temperature of the month was -3.8°C, recorded at Casement Aerodrome (Baldonnel) on Friday the 4th while the highest was 14.0°C recorded at Shannon Airport on the 19th.

DULL MONTH

Sunshine totals ranged from 63.6 hours at Claremorris to 105.2 hours at Rosslare while percentages of a drier month were between 9% at Dublin Airport and 63% at Malin Head. It was the dullest March since 1983 at a number of stations. The sunniest days of the month were 21st, 25th, 26th and the last three days of the month. Between 1st and 20th there were very few days with widespread sunshine but particularly dull days were 2nd, 13th, 14th, 17th and 18th. The highest daily total was 9.9 hours recorded at Rosslare on the 26th when the maximum possible sunshine was about 12 hours.

WINDY ON 24th

For the first three days of the month northerly winds gusted to gale force at times, chiefly near northern and western coasts. On the 6th and again on the 15th westerly winds gusted from 25 to 50 knots over the country. The windiest spell of the month occurred between 23rd and 26th when winds gusted 40 to 55 knots generally but on 24th winds gusted from 50 to 71 knots and each station had its highest gust of the month.

FOG

Most reports of fog were in the early hours of the 17th and some hill and coastal fog during the period 18th to 22nd but in general it was not a significant feature of the months weather.

SNOW, HAIL AND THUNDER

In the cool northerlies between 1st and 5th there were showers of hail, sleet and snow which were fairly widespread on 3rd and 4th. Some northern areas reported sleet or snow for a time on Sunday the 13th. Hail showers were again reported between 24th and 26th and again on the 28th to the 30th.

SET CLUB NEWS!

Senior Scoor — At this time of year we usually bring you news of how our senior set dancers would be getting on. As you know this year we didn't have much luck in this area but we must be one of the proudest clubs at the moment and rightly so. In Connolly Hall, Cork, recently we represented our club and our county in the Novice Set Club section. We knew we were in there with a good chance but also knew and we were proven right, that our team would be up against good novelty acts from Cork, Tipperary and Kerry. Our team consisting of Monnie and Diarmuid Hallahan, Mossie Cliffe and James Cotter, presented their Novelty Act, "The Card Game/Or Who's Fooling Who," with a standard of acting that would shame the best of professional actors. It wasn't a scene that was full of distractions or elaborate props, but one which demanded pure acting.

When it came to results we knew we had to be in there with every chance and we were not disappointed — Slighbh eCua Set Club have just become Scoor Munster Champions in the Novelty Act section — this surely must be a healthy sign of any club and proves that if you are dedicated you can succeed.

The Novelty Act is now bound for the National Stadium, Dublin, for the All-Ireland Finals which will be held at the end of the month. Even if we don't have luck in Dublin we should be proud to have come this far and once again the Set Club has managed to keep our county flag flying in an All-Ireland final. Hopefully we will have all the support possible for the final — the lads certainly deserve support and it must be remembered that they carry with them the name of their Slighbh eCua Club and that of Co. Waterford — so it's up to us to show how much we value these. Congratulations to the lads and we will hang in there with them to the last — let's have a positive outlook going to Dublin and hopefully we will be able to prove that our brains don't stop at our feet!

CONGRATULATIONS

We would like to extend congratulations to Monnie and Breda Hallahan who recently celebrated their 25th Wedding Anniversary. Any amount of words cannot express what they have done for the club and we would like to tell them that this work is very much appreciated. We wish them many more years of happiness.

heavy traffic flow that's their business but when they put the lives of other drivers on the line then that's a different question altogether. As the District Justice stated, most of these petty offences which could, unfortunately, have serious consequences for others, arise mainly from a lack of courtesy and consideration for other users of the road. What a terrible pity it would be then, should anyone lose his or her life because of such a lack of care.

Olympics. He proved this in the Great Boston Marathon last Monday when he finished third in an outstanding field of runners and in the process smashed his own Irish record for the classic distance by more than forty seconds.

The race was won by Ibrahim Hussein of Kenya in 2hrs. 8m. 43secs, and he took the top prize of 80,000 dollars. John Treacy's time was 2.9.45 and he got 15,000 dollars as his third prize.

If there were any doubts about Treacy gaining the one automatic selection on the 3-man Irish marathon squad for the Olympics, these have now been totally and absolutely dispelled. No other Irish runner has broken 2.12 for the distance.

A total of 30 competitors took part in the "Brain of Ireland 88" Quiz hosted last week-end by Laois Macra na Feirme. The winner was Co. Laois man, Paddy Moore. The highest placed Munster competitor was John Kiely, Dungarvan who finished in fifth place.

In the semi-finals of the Macra na Feirme talent competition held last week-end in Premier Hall, Thurles, the Set Dancing competition was won by the dancers from the Ballyduff Upper Macra Club. Congratulations to all concerned.

THE GREEN GRASS OF HOME

We have received a request for the words of "The Green Grass Of Home," and although it does not fit the usual type of ballad selected for this corner of the column we will make this song, made famous by the evergreen Tom Jones, our choice for this week. Incidentally the Welsh pop star was featured on two major TV programmes last week-end, on RTV on Saturday night and on RTE 1 on Sunday night and showed that the passing years are lying very lightly on his broad shoulders and that he is singing with as much verve as ever.

A PELICAN CROSSING

While on this topic of traffic problems we note that Dungarvan Urban Council has been informed by Chief Supt. T. A. Sloyan, Waterford that formal consent has been obtained from the Garda Commissioner for the provision of a "Pelican" pedestrian crossing to be located at the new Bypass Road at Strandside North (Old Hospital Road), Abbeyside.

A "Pelican" crossing is, according to the official description, "an on demand electronically operated pedestrian crossing, incorporating red, green and amber phases with appropriate roadway markings."

It will be installed under the supervision of the County Council which is the Road Authority for the Urban Area. The new facility will be heartily welcomed by the many residents in the area who have to pass through this dangerous staggered junction threatened by a great deal of high speed traffic but more especially by the parents in the Monang area whose children go to school at Abbeyside and who have to pass through it two or maybe three times daily.

Committee meeting in the Hotel on Saturday, April 23 at 8.0. All committee members please note.

Recently at Ballynoe Gaelic Grounds the above teams met in the Paddy Cooney Cup competition. In excellent conditions this game was fought, hard and furious and equal to championship standard to the very last puck of the ball.

The team was - Willie Murphy, Pad Joe Lonergan, Shane O'Connell, Maurice Hartnett, Seamus Neville, Pat Sullivan, Sean Buckley, Christy Clancy, Denis Walsh, Pat Clancy, Cathal Casey, Mike Mellerick, Kevin Barry, Barry Regan, Denis Buckner, Subs. - J. Sarsfields 1-5: St. Catherine's 0-4 - At the Ballynoe venue on Saturday week the above teams met in the first round of the current league in minor hurling and served up a lively exhibition of the code. Tho' the local side were rather young and light their chances were slim against this strong experienced team from Riverstown, but nevertheless they produced a commendable effort only to be defeated on the above score in the end.

Catherine's lined up as follows - M. Hartnett, P. Fitzgerald, M. Walsh, J. Scanlon, C. O'Keefe, J. Sheehan, M. Spillane, D. O'Leary, D. O'Keefe, D. Dineen, S. Hickey, G. Morrisson, M. McAuliffe, E. O'Brien, P. O'Leary, Sub. - P. Higgins.

Junior Hurling League: St. Catherine's 1-7: Castlemartyr 5 points - Ballynoe was again the venue on the following Monday when St. Catherine's scored a good 1-7 to 0-5 win over Castlemartyr in the junior hurling league.

Walsh, Pat Murphy, Barry Sheehan, John McCarthy, James Spillane, Edmond Sheehan, Mike Mangin, John Sice, Anthony Clancy, Billy Neville, Pat Lane, Paddy Aherne, Pat Leahy, Joseph Hartnett, Subs. - John Hennessy, Frank Hayes.

Cloyne 3-10: St. Catherine's 4-9 - By a two point margin, St. Catherine's eclipsed Cloyne's chances in this intermediate hurling league tie at the latter's home ground on the same Sunday afternoon.

The ladies ladder was won by Fiona Fitzgerald, making it a family double, with Rita Moore and Josephine O'Riordan taking 2nd and 3rd places.

Many thanks to Joe Mulcahy who did an excellent job in running the ladder throughout the season. This particular job is one of the most difficult in the club and Joe carried it out at all times with fairness and firm control. Many thanks Joe from all the members and in particular from the sponsor Mr. Pearse Moloney of the "All-Rounder" Sports Shop.

The FCF handicapped singles tournament, kindly sponsored by Mr. Fred Forsey, goes into action this week and some superb games are expected. As this is the last tournament of the season, please come along and give support. Full report along with some of the writer's observations on the entire season in the coming few weeks.

BRIDE VIEW UNITED A.F.C. NOTES

Bride View Utd. 3: Affane 4 - This was without doubt one of the best league games seen in Tallo for some time. United who won the cup the previous week were now in the position of deciding on where the league championship went - either to Affane or Pinewood.

The game itself was a thriller, seven goals, three penalties, plenty of goalmouth thrills and good open football that kept the good sized crowd on its toes right up to the final whistle. The game began at a frantic pace with both sides anxious to open the scoring. Michael Killgrew in the 4th minute went close for Affane while Philly Curley, Dermot Henley and Stephen Curley came close for United. Affane were awarded a penalty in the 30th minute but the usually reliable Ray Flynn shot wide from the spot. Four minutes later Affane were almost through but Kieran Murphy cleared off the line. It was all action now with chances falling to both sides. Kevin Tobin saved well from Ray Flynn in the 40th minute. Eddie McGrath's header just grazed the crossbar a minute later. At the other end a Stephen Curley shot was well saved by O'Dowd. A goal had to come and it did in the 43rd minute when Eoin Lead scored for Affane. United replied immediately and a defensive error left in Stephen Curley to equalise for United. At the break both sides were level at a goal apiece.

The second half was only 2 minutes old when a Philly Curley shot was brilliantly saved by O'Dowd. Affane took the lead in the 50th minute when United's keeper failed to hold the ball and the rushing Eamonn O'Shea scored from close range. O'Shea was unlucky four minutes later when he headed over from close range. Affane stretched their lead to two goals in the 55th minute when Sham Denn scored from the penalty spot. United fought back and Philly Curley scored again from the penalty spot in the 62nd minute. John Joe Henley almost had the equaliser in the 65th minute but it was put out for a corner. Ray Flynn restored Affane's lead to two goals in the 69th minute when his header went all the way to the net. United again stormed back and a Gerald Hogan goal was sent over the top by Stephen Curley when a goal looked certain. A Pascal Prescod header was saved by O'Dowd in the 78th minute. United's third goal came in the 83rd minute when Paul Curley beat two defenders before striking a tremendous shot that went all the way to the net. The final eight minutes were played at a hectic pace with United going all out for the equaliser. But it never came and Affane became league champions.

Our congratulations to them. They were lying in second place for so long but they came to the top when it mattered. Hard to believe that the boys so long headed the league table.

United - K. Robin, G. Sice, P. Prescod, P. Sheehan, K. Murphy, G. Hogan, P. Curley, T. McCarthy, S. Curley, P. Curley and D. Henley. Res. J. J. Henley, used. E. Henley.

The presentation of the League Cup was made by the league's sponsor, Mr. Michael O'Leary (prop. of the Red House Bar), Lismore, to Affane's captain, Lar Lenn.

Minnies Squash Club TSB Final A Classic

The final of the Trustee Savings Bank tournament took place last week and turned out to be a classic. First on court were the no. 5's Joe O'Riordan and Pat Cullinan. Pat played superb squash to race into a 2-0 lead. Joe, who was getting plenty of advice from his team mates, looked a different player when he came out for the third set and won the next two sets 9-1, 9-0! This set the scene for a thrilling climax. We do not know what team capt. Ray Moore said to Pat but he ran all over the court in the last set. However, Joe, whose competitive spirit is well known on the soccer pitch, finally ran out a 9-7 winner to clinch the first game. A really magnificent game and well done to both players. Next on court were Cait Mulcahy and John Coad. Cait is having a great season this year and is playing excellent squash. She did not let her side down as she played her heart out in a very tough match. However, John, who is also Manager of Trustee Savings Bank (sponsors) proved too strong and ran out a 3-0 winner. The no. 1's, Brian Barnes and Ray Moore were next to do battle and it promised to be a tough match as these two have had some great battles over the years. Brian eventually won 3-0 but that, in no way reflects the tough game it turned out to be. Ray was 8-6 up in the first, only to lose 10-8. The second game was 9-4, and Brian raced to a 7-2 lead in the third only for Ray to show his fighting spirit to level it at 8-8. Both players served a couple of times for the game before Brian clinched it 10-9. Without doubt a match of high quality squash worthy of

no. 1 players in the tournament. Special mention has to be given to the winner of the next match, Donal Verling. Without doubt Donal was the back bone of the team throughout the tournament, winning vital matches in every round. In the final he was up against the in-form Ray Dwyer. Ray's fitness was a key factor but Donal called on all his experience and natural ability to eventually win 3-2 in a marathon struggle. At this stage team captain Tony Lonergan only needed one set from the up and coming Pat O'Brien. Tony raced into a 7-0 lead in the first set, but Pat showed all his fighting ability to claw his way back before finally losing 9-7. Well done to Tony, Brian, Joe, Cait and Donal.

The prizes were presented by John Coad of the TSB and also present were John McGrath and Philip Pericho. Many thanks to the TSB. The prizes were superb and much appreciated.

Before we leave the final I must relate to you a comment made to me by one of the spectators who saw the winning team in all their matches. He said although the team did not look the strongest on paper, there was an exceptional team spirit with all members present from the first game and every one rooting for each other. He said it was like the old days in Minnies, perhaps we'll see more of it next year.

Once again many thanks to the catering committee who once again did an excellent job and also to club president Francis Power, respondent as ever, who was master of ceremonies. Rory Wyley took the photographs.
