## Peace Overtures.

It is not a fact that we have made Peace Overtures to our enemis. The rumours about Conscription, Flags, etc. have been satisfactorily exposed, and now we are awaiting the next attack. We admit that last week the situation was most serious; we had to withdraw-in good orderfrom Millstreet, Dungarvan, Ballymacarbry, Knockanore, Tallow, Aglish, Cappoquin and Ballynoe, with the loss of practically the whole of our supplies.

The retreat which commenced on Monday was not arrested until Saturday, when our Allies in Fermoy came to the rescue, with results that surprised the enemy.

The "morale" of our forces in Lismore was never higher, and if the enemy anticipated holding the ground they have won, against our counter-attacks, they will have to show better generalship in future than they have displayed in the past. From all fronts we are now receiving very satisfactory reports.

Our correspondent states that it is getting more widely known than ever, that PAXMAN & CO are the firm that send out buyers who do not "settle prices" with the buyers of their competitors If farmers want a free market for their butter, let them support a firm who is prepared to pay the VERY HIGHEST PRIJE FOR BEST QUALITY BUTTER. Never mind about the Proprietor being an Englishman; he was not consulted in the matter. Our buyers will not enquire whether their customers are Sinn Feiners, Nationalists, Unionists, or South Sea Islanders,
