The principa participants in the picturesque procession were the members of the Sodality of the Children of Mary, the members of the Confraternity of the Sacred Heart, the school children, and the First Communi cants. The children were beautifully and apporpriately dressed, presenting a very delightful spectacle. Hymns in consonance with the devotion peculiar to the day were chanted as the procession wound its way over the selected route to the High-Altar, where Benediction of the Blessed Sacrament was imparted by the parish

> The Pair.-The penal monthly fair was held on last Tuesday. It was a small eattle fair, composed chiefly of first and second-class borned stock. Bayers were not too numerous, and only the best animals on offer were cashed, prices showing a slightly downward tendency. Springers and mileh cows were scarce and not quite as dear as of late. The supply of sheep was on the small side; the majority were bought for local requirements at easier figures. Good store pigs changed hands briskly at current rates, nearly all the exhibits being sold.

CHANGE OF PROCEDURE

CALLED FOR. Government Department to the impossi- O'Neill as temporary M.O. of Ringville exening a welcome sun appeared. Albility of effecting local economies under district. tive powers should be delegated immedi- trict on the 7th ult. ately to the County Hospital Committee without altering the constitution of the Board of Health. The case of the contract for 200 tons of coal for the County Hospital demonstrates forcibly our reason for the proposed change. A tender, unenimously recommended for acceptance, of double-screened coal at 42/11 per ton was turned down by members of the Board of Health in favour of a lower tender for inferior coal at 41/11 per ton. The Co. Hospital Committee were thus prevented from effecting a saving of £70."

Ald. Connoity seconded. The Chairman said he thoroughly agreed with the matter then and now. Mr. Murphy-Much the same thing was done in the Asylum.

Ald. Connolly-The double screened coal was accepted.

Mr. Murphy-The dearer coal. Mr. Kirwan-I was at the Committee of the County Hospital, and I understood that the difference between the double screen coal and the coal that would be supplied was 1s. I thought by recom-mending the acceptance of the higher tender we were effecting a big economy, as the double screen coal would be practically 7s. per ton dearer than the ordinary coal which you have been receiving. By accepting it I thought we were effecting a hig economy. Afterwards the recomtion. I don't think that the County Board Austrian houses.

Chairman-You can see that the meetcontention is that they should not interfere with our business at all.

Mr. Kirwan-We should point out to were turned down.

Ald. Connolly said he was of the opinion that the Committee should get full administrative power-that was, control over their own expenditure, and always, of course, subject to the auditor. The Chairman said the lowest tender

might be dirt. dly-We were taking a persons' interest, and how are we to have any enthusiasm to carry on the work if all our efforts are frustrated by men in the county who know nothing about the circumstances of the County Hospital here? We were not parties to what was done in Dungarvan.

Mrs. White said she would dissent from

Mr. Kirwan's resolution was passed, Mrs. White dissenting.

Ald. Connolly referred to the telephone arrangements at the County Hospital and proposed that the telephone be installed in the porter's office. The present arrangement was that if a person

there is a telephone is in the hospital.
