New Summer shoes

As those harbingers of Spring, the stately bluebell and the modest violet, prepare us for long and sunnier days, so milady's thoughts turn to 'something new' in costumes—and 'foot millinery' to

match. At the address below, she will find an

almost bewildering variety of Fashion's latest fancies, recently arrived from England's leading

shoe designers. Prominent amongst them are the

new 'Comac' styles, in which one-bar shoes, in

patent and brown willow, appear to predominate. No matter in which direction her tastes lie, madam

will surely find some styles to please her in the

new 'Comac' range. Elegant shoes of supreme comfort and flexibility are a special feature this season; ask for 'Comac-Flexible.' You are

cordially invited to call and inspect at your leisure.

REPORT OF THE CO. SURVEYOR T THE COUNTY COUNCIL OF WATER FORD FOR THEIR QUARTERL MEETING TO BE HELD ON TUESDAY NEXT.

Generally the weather was good wit! the exception of some beavy rain in May. Consequently most roads present a good appearance on the surface, but with heavy growth of weeds and briars on the sides. The cutting of briars and weedis in hands. The chief work of maintenance at present is the preparation of roken stone.

On contract roads very little work was done in the past quarter. Most of these roads show very little improvement, and generally there are only a few contractors who appear to be anxious to adhere to the terms of the specifications without compulsion. I should recommend greater care in the selection of contractors. It must be distinctly understood that money will are very badly needed. Of the existing not be certified except for work done pro- plant nearly all is in working order, but perly and at the proper time.

On the direct labour roads only essential work was done, as it was necessary to Any arrears that occur can be overtaken However, there are many lengths of important roads which are rapidly being lestroyed through heavy motor traffic. winter these roads will show very serious signs of depreciation, if not complete we shall endeavour to maintain the roads, but I wish it to be very clearly understood that as far as my knowledge goes there are not sufficient funds in sight from all The new large boat for Villierstown sources to keep pace with the destruction. much worse before any serious mileage can e constructed. I shall refer further to

have carried out a very large amount of within a fortnight. The new bridge to cpairs to bridges damaged or destroyed be creeted at Glenpatrick Ford has not laring 1921-1923. The work was done yet been commenced. When staff have chiefly by direct labour and at low cost. completed the bridge at Corrigina or Mill-Only a few bridges now remain to be vale they will be put on to the work at done, the chief of these being Cappoquin, l'allow and Knocklofty. The latter is an nter-county bridge, but an agreement was reached whereby the South Tipperary auhorities will repair Kilsheelan bridge and e repair Knocklofty, Sir Thomas's bridge eavy on me as I have to attend personally to a great deal of it, and I am anxious o know definitely whether I am to be paid for it. So far the Ministry have not approved of the council's resolution on and if at all possible this work should be this subject. Failing some satisfactory completed before the winter sets in. arrangement of this point I must suggest that the repairs of the remaining bridges be let to contractors. The total expendiare on war damaged bridges, walls, copings and obstructions up to 30th June is other damage or wear on your roads. is £30,015; and the amount refunded to

£11,868 14s. 11d.; the total estimated cost | while your share of the motor taxation is us to date by the Ministry is £11,542 ture. The damage by vehicles is increased The council should apply to the Minis-The council should apply the amount of the deouldrew bridge action, as this is conequential to the destruction of the bridge. race along fairly smashing the roads to Works of improvement under recent pieces. Your roads were not designed nor grant from the road fund of the Ministry | constructed to carry such traffic, and if re progressing as well as could be expected. The steam-rolling of the road traffic the cost will be so light that I can from Colligan to Dungarvan is completed. at present see no source from which the Stone is being prepared for the steam- necessary funds can be drawn. Hence rolling of the Waterford-Sweep road and in order to try to preserve what roads for the Ballymacarbry-Whitesfort road, we have the speed limits on lorries should Rollers are working on the latter two roads now. The surface tarring of the main road from Kilmacomma to Whites-HELAN fort has been completed, also the road to meet the cost of making good the damfrom Browne's Pike to Ballylemon. Tar- age to the roads. The proposed new ANNOUNCES TO THE PUBLIC THAT ring of the Dungarvan-Dalligan road is taxation on motor lorries is less than half HE IS SUPPLYING FIELD GATES in hands, and when completed the plant what it should be to pay for the damage AT REDUCED PRICES.

In Waterford the chief works are under In Waterford the chief works are under the grant, but stone is being quarried for ACT TO OFFER FOR SALE SOILED rolling of the road from City to Blenhiem Cross. A good deal of surface tarring and repairs have been done on the streets of Tramore. In the Youghal district the only heavy work on hands is the rolling CLEAN EGGS DELIVERED AT OUR of a small section near Piltown Cross, and this is nearing completion. It is hoped to have this section tarred at an early date If weather is favourable. In all districts a large quantity of stone for maintenance work is being prepared

rogramme of work for our plant and

s fast as the available plant can copewith it. It will be understood that the reakers we have at present can only andle a fraction of the stone used each ear, and a very large amount of stone ast continue to be broken by land. Tand breaking is not suitable for hard tone or where small sizes are required. The quantity of stone used in the county ast year was over 200,000 toos.

A special grant of £800 was obtained from the Ministry for the surface treatment of portion of the main road to Tramore. This was obtained on the personal polication of the county surrount. The material is already delivered on the ground, and the contractor will probably put the work in hands during the coming week. This treatment will consist of 'Spramex' and chippings, and should prove of lasting benefit to the road, which has to carry some of the heaviest and fastest traffic of the country.

Of the new plant on order one roller has been delivered, also one stouchreaker. one boiler, five water carts. Two living vans are practically completed. The two traction engines are due for delivery and some heavy repairs will have to be done on several of the engines as soon as we can get at them. The staff has been ocdivert most of the staff and plant to the cupied a good deal at bridge work in the heavy works of rolling and bridge repairs. past few months and consequently arrears of repairs have accrued. Some of the enlater on. A very large amount of stone gines and other machines are getting is being prepared for these roads. With rather old. Two engines and one small breaker have not been used for some time and are offered for sale. These should again be advertised. They are no longer suitable for our work. MPORTANT SCHEME PROJECTED.

For a considerable time the subject of mest eroision at Youghal has engaged the axious attention of public bodies and inividuals concerned with the progress and corporate of this most popular County Cork watering place, and the tide menace has become a very serious matter for a large number of farmers whose lands lieadjacent to the sea. Happily the representations that have been made for some time past to the Government departments encemed are likely to result in some definite and valuable action in the direction of checking the destruction, and on Thursday lest an important conference took place between a deputation of the armers and other parties interested and Mr. H. A. Hartford, B.A., B.A.I., A.M.I.C.E.I., Engineer to the Irish Land Commission, for the purpose of elaborating a actions to deal effectively with the pro-

Among those who met the Government's Engineer at the arene of the erosion damace were Messrs, W. Broderick, Vice-Chairman Cork Co. Council; Smith, P.C., ad. 1 D.C.: Bennett, Vice-Chairman Youghal lie P.D.C.; Michael Flavin, S. Fitzgerald, g the Hyde, P. White, D. Keniry, etc.

was The purpose of Mr. Hartford's visit un- was, as has been stated, to confer with the parties whose lands have suffered were through inundation by the sea, and to pre-DID- pure plant for the early erection of the of the necessary protective works. Emphasis MIT was hid by the farmers on the point that I two while the Government was insistent on silors the prompt payment of annuities by the r easy farmers, their lands were being either nome surpt away or rendered unworkable a bril- through lack of the necessary protection on of from tidal inreads. There was general Kill willingness to meet the Land Commise heat sim's rent demands, provided the Govern-Pe, ment enabled the helders to extract the d Was full value from their lands and gratificaagged the was therefore expressed that the authis shorities had decided to correct an anosoints makers attention, and had sent the engoals gineer to make all preparations for the earrying out of an argently needed

wore! Altogether apart from the inculculatscore; benefits which the projected works will aug- when complete, confer on the landholde, goal 1 in the affected district, the erection of the soun- purch-needed harriende will provide an es of amount of employment in a town and distriet where workers generally, and especially the local fishermen, have been expersoning very lean and lazdshipping

Mr. T. Lantry, who acted as spokes-Was man for the farmers of the locality. were pointed out to the engineer the various ir op- points of incursion, and indicated the prothey bable results from similar mandations in If the future unless the imprevements rethe quested were carried out. He cited the till case of one farmer who, as a result of a de- recent flooding, was unable to occupy his I ad- lowestead for a period of eight months, learn | during which time most of his land was

but. The landholder referred to confirmed the and statement of the spokesman, and several it others present supplemented the points Was enumerated by Mr. Lantry.

The engineer, accompanied by the depulation, went ever the entire area and made an exhaustive examination of the eads is to be built, elecidating as he procorded, by inquiries and otherwise, the

of note exact requirements of the situation.

The engineer, whose wide experience of tip this particular class of work extends to taken best hemispheres and both sides of the e he position, expressed his thanks to all conaised orned for the amount of valuable infod in mation supplied specially acknowledge The the assistance given by Mr. Smith, U.I. truly - and the deputationists departed.

and Subsequently, accompanied by Mr. 1. or con- try, Mr. Hartford examined the naturof the existing burricades, groynes and sinces in the neighbourhead of the front numly strand in order to observe their effective-HOW pess as erosion preventatives, and later Water- left by train for Dublin.

5th Aug., '24.

Dear Sir, I hag to inform you that I have been a first-class prize winner in Yeast Cakes at the two recent Shows held in Dungarvan and Lismore. In these Cakes I used your Flour "Snow Queen" bought by me from Mrs. A.

C. Walshe, High-Class Bakery, Lis-The manufacturers of "Snow Queen" may be pleased to know the good quality of this flour. It is splendid. As their Agent you can use my

opinion and results.

I am. Dear Sirs.

Yours faithfully,
(Signed) BRIDGET GEARY.

We congratulate Miss Geary on her success, and on her foresight in using "SNOW QUEEN" the Flour that can be relied upon to produce the best results.
