## Dungarvan Urban Council

A meeting of the above was held on Friday night. Mr. M. Brennock, P.C., chairman, presided. Also present—Messrs. M. J. Keane, J. Curran, J. Hackett, W. O'Donnell, J. Moore, M. Griffin, M. Clancy, R. Craig, P. J. McGrath, J. Butler, T.D., J. J. Power.

**Expenditure.**  
The expenditure for the week was—General account, £85; waterworks account, £23 6s. 11d.; harbour account, £3 2s. 6d.

**Filler Beds?**  
Mr. O'Donnell asked how was work on the filler beds progressing.

**Borough Surveyor.**—Mr. Brennan called here and said we were not carrying out the condition on which the grant was got. That was on Monday last, and he took it upon himself to stop the men. The men were since signing on at the Exchange.

**Chairman.**—I consider that condition rather cruel. The poor men who have no dole and are practically starving should get the work.

**Mr. Clancy.**—The men who are most needy should get preference.

**Borough Surveyor.**—I think the policy of the Government is to put men who have neither dole nor work on the rates.

**Mr. Clancy.**—That would be a good policy from the Government point of view, but not from the ratepayers.

**Chairman.**—This work was very far advanced when that order came along to employ through the Labour Exchange.

**Mr. Keane.**—Yes. It would be well to let the Government know that.

**Mr. Curran.**—How much of the grant is expended now?

**Clerk.**—Including to-night's pay sheet £197 18s. 10d.

After further discussion the Borough Surveyor was directed to sign on more men through the Labour Exchange on Monday.

**Message at Kilmish.**  
A letter was read from Wm. O'Donnell, Kilmish, stating that twice during the past week his premises had been flooded and damage done to his potatoes and oats to the extent of £10. Mr. O'Donnell appeared before the board.

**Borough Surveyor.**—I was there to-day and saw the place, and except for the trunking Mr. O'Donnell had against his gate it would be worse.

**Chairman.**—I think Mr. O'Donnell made a very reasonable suggestion before the meeting started to me, and that was to deepen the water-table so as to get the water over the hill there.

**Borough Surveyor.**—I was looking at that to-day, and you should have a cut about 4 ft. deep to carry the water. A cut so deep could not be left open. It should be piped. The probable cost would be £100.

**Mr. O'Donnell.**—Would you tell me, Mr. McGrath, why did you get your foreman to fill in the hole in Sheridan's field, which was to draw away the water?

**Borough Surveyor.**—I did not. Mr. O'Donnell—you did. The horses went down there with leads. I drew Mr. Butler's attention to it and he spoke to the foreman and got it stopped.

**Borough Surveyor.**—Do you mean to say a horse went down into the hole with stuff?

**Mr. O'Donnell.**—I do. Didn't I see them there? I can prove it. Mr. Butler can prove it, too.

**Borough Surveyor.**—Nonsense. Mr. O'Donnell—I'll bet you £10. Mr. P. J. McGrath—When was the place flooded before?

**Mr. O'Donnell.**—About 20 years ago.

**Mr. P. J. McGrath.**—If a deputation went to see it and meet Mr. O'Donnell there.

A deputation consisting of Messrs. McGrath, Butler, Borough Surveyor and the Chairman were appointed to examine the place on Sunday.

**A Further Grant.**  
Mr. Butler.—The council asked me some time ago to try and obtain a grant for the provision of meals to necessitous school children. He tried and found there was no money available for such a grant. He then asked for a further grant on the waterworks scheme and he got a promise of some more. He was sure the clerk would have received notification to-night meeting. He thought the money should be ex-

ended in the cleaning of water pipes, etc. He was very disappointed about the grant for the Children's Health Committee.

**Chairman.**—We should be very thankful to Mr. Butler for the interest he is taking in the town and the good work he was doing and has done for the council.

**Mr. Curran.**—He is a good man up there.

**Mr. Butler.**—I would recommend that the section of pipes leading to the Mercy Convent be taken up and cleaned with this grant.

**Mr. Craig.**—There is a promise if any money was available Abbeyside should be attended to.

**Mr. Butler.**—What would be the probable cost of the work to the Mercy Convent? Borough Surveyor—About £40.

**Mr. Butler.**—Then you can go on with the Abbeyside pipes at the same time.

The Clerk, in answer to a member, said it was a definite condition of the grant that all the money should go as wages, the council to supply the material.

**Mr. P. J. McGrath.**—How many tons of cement will be required at the filler beds.

**Borough Surveyor.**—Roughly about 20 tons.

**To Mr. Curran,** the Borough Surveyor said he would employ about 24 men on Monday.

**Mr. Griffin.**—Will the work go on in Abbeyside at the same time?

**Borough Surveyor.**—Yes.

**Mr. Griffin.**—I would suggest that you give a new supply to King's street, Abbeyside.

**Chairman.**—That would be laying on a new supply and would not come under the grant.

**Borough Surveyor.**—Make a practicable suggestion of where the repairs are wanted at Abbeyside.

**Mr. Griffin.**—Connect Abbeyside with the Glendine supply.

**Main Roads.**  
The following resolution was read from the Athy Urban Council—"That we learn with amazement the refusal of the Department to make an order empowering the Urban Council to maintain the main roads of the urban district. These roads have been maintained by the Urban Council for the past 23 years and have been brought to enormous expense to the council from a state of starvation to perfection. After our heavy expenditure on these roads we are now commanded to hand them over in their perfect condition and contribute to the upkeep of all the main roads in the county. We strongly protest against this high-handed and unjustifiable action of the Department, and we invite the co-operation of Naas, Carlow and other Urban Councils similarly circumstanced to test the legality of the Government's action, as we consider that the power given the Department to refuse to make an order was not such as to give them power to refuse in all cases, but that each case should be treated on its merits."

**Mr. P. J. McGrath.**—All our main roads are now rolled and we should protest.

**Mr. Curran.**—That amounts to a vote of censure on the Government's action, as we consider that the power given the Department to refuse to make an order was not such as to give them power to refuse in all cases, but that each case should be treated on its merits."

**Mr. Butler.**—The Minister has power to change the Order. After the County Council meeting on Tuesday last our position is that we will be paying £1,000 for our five miles of main roads. I protested against that. The proposal to reduce the estimate submitted to the County Council I also opposed, as what will be saved this year will be lost on the double in a year or two.

**Mr. Curran.**—The people can't afford to pay.

**Chairman.**—Why should we pay £1,000 when only £800 will be expended on our roads?

**Clerk.**—Will the County Council take over responsibility for the money raised to steamroll the town?

**Mr. Butler.**—I propose that we approve of the Athy resolution.

**Mr. P. J. McGrath.** seconded. Mr. Keane.—We should be thankful for the grants we got.

**Mr. Power.**—It could be possible to amend the Act re the main roads being taken over by the County Council.

**Mr. Butler.**—We passed unanimously a resolution before asking the Minister to give the Urban District Council power to maintain their own roads.

**Mr. Clancy.**—Not unanimously, dissented from it.

**Mr. Butler.**—I thought it was unanimous. However, we passed it with one dissident.

**Mr. Keane.**—We don't know how those councils were treated with regard to grants, etc.

**Mr. Clancy.**—He held the County Council could do the roads more economically than the Urban Council as they had the plant, etc.

**Mr. Craig.**—Would the adoption of the resolution commit the council to any expenditure in contesting the case?

**Mr. McGrath.**—I don't think so. There is another point. The Urban Council will employ local labour. Will the County Council do that?

**Mr. Butler.**—Put the resolution, Chairman—You have heard the resolution condemning the Government. I will now put it to the meeting.

On a vote being taken there voted—  
For—Messrs. Butler, Hackett, Moore, McGrath, Power—5.  
Against—Messrs. Craig, Griffin, Clancy, Keane, Curran and the Chairman—7.

**Mr. O'Donnell.**—I did not vote. The resolution was declared lost.

**Mr. Griffin.**—I proposed that the Old Hospital Road be put on a stone put on it for years.

**Chairman.**—Well, whether it is stone or furze bushes will be put on the Shannon road, something should be put there.

**Mr. Griffin.**—I added the Shannon road to his resolution, which was passed.

**Flooding at Abbeyside.**  
Mr. P. J. McGrath asked where there any chance of relieving the flooding at Abbeyside.

**Borough Surveyor.**—I was speaking to some of the residents about the matter.

**Mr. Craig.**—Was there a sewer closed up when the new houses were built near Mr. E. A. Ryan's house? Borough Surveyor—No.

**Mr. Craig.**—Mr. Conway's house is being flooded ever since they were built.

**Mr. Griffin.**—The road by Hermitage is in a shocking state.

**Mr. Craig.**—What reply will you send to Capt. Donoghue?

**Mr. Clancy.**—We were to consider it to-night and it should be gone on with.

The Clerk, in answer to a member, said all the money on the special housing account would go towards the plastering of the houses. On the general housing account there is at present a balance of £28.

**Mr. Clancy.**—We ought to go on with the sewer.

After further discussion, on the proposition of Mr. Clancy, the clerk decided to advertise for tenders for the construction of a sewer at Shear's street, Abbeyside, tenders to be considered on next Friday week.

**Mitchell Street Houses.**  
Mr. O'Donnell proposed, and Mr. Butler seconded, that the council proceed with the construction of the new houses at Mitchell street. He did not mean to harm the Abbeyside scheme.

**Mr. P. J. McGrath.**—I am against that until we can go on with the whole scheme.

On a poll being taken there voted for the proposition: Messrs. O'Donnell, Hackett, Moore, Butler, Power and Chairman—9.  
Against—Messrs. Clancy, Curran and Keane—3.  
Messrs. Craig, Griffin and McGrath did not vote.

**Tourists Development.**  
Chairman.—At a meeting of the above branch during the week I was asked to get the opinion of the council on the matter of striking a rate, say, of 2d. in the £ for advertising the attractions, etc., of Dungarvan.

**Mr. Keane.**—Won't that come up in the estimate?

**Chairman.**—Yes. But the branch would like to have the opinion of the council now to enable them to make the necessary preparations. He understood the advertising would take the form of folders, which would give all information as well as displaying views of the natural attraction and advantages of the town as a seaside resort.

**Mr. Keane.**—My opinion is it would not be a good investment if we put a money advertisement in the "Clonmel Nationalist" and papers it would be more effective as those were the people who always came and will come to Dungarvan.

**Chairman.**—We were asked to bring it before the council.

**Mr. Clancy.**—It was the council who brought on this first.

**Mr. Craig.**—It would be better employed if put cleaning up the town.

**Mr. Keane.**—And getting up bathing boxes.

**Chairman.**—You will get many people to tell you this and that, but you can't do anything without the money.

**Mr. Curran.**—I moved that a rate of 1d. in the £ be struck. Mr. P. J. McGrath seconded.

**Mr. Butler.**—If this resolution is passed it can be reduced, increased or abolished when the estimate comes before us? Chairman—Yes.

**Mr. Clancy.**—It is for the benefit of the town and I am sure the council would do their part.

**Mr. Butler.**—I submit it is out of order, as some members are absent, and it was brought on without notice of motion.

**Chairman.**—There are only two members absent.

**Mr. Keane.**—I agreed with Mr. Butler and said they should hold their hand.

**Mr. Power.** suggested adjourning the matter for a week and see what a voluntary subscription would realise.

**Mr. P. J. McGrath.**—I am surprised that some members of the council should take up this attitude.

**Chairman.**—If Mr. Curran will put his proposition in the form of a resolution and bring it on this night fortnight. This was agreed to.

**Sympathy.**  
Mr. Hackett proposed, and Mr. Moore seconded, a vote of sympathy to Mr. Patk. Hackett, O'Connell street, on the death of his wife, which was passed in silence.

Letters were received from Mr. R. Healy, Cook, James Morrissey, O'Connell street, and R. H. Knowles, Abbeyside, thanking the council for resolutions of sympathy passed by them in their recent bereavements.

**STATUTORY MEETING.**  
**ELECTION OF CHAIRMAN.**  
The annual statutory meeting of the Dungarvan Urban Council was held on Saturday last. Mr. M. Brennock, P.C., outgoing chairman, presided. Also present—Messrs. Wm. O'Donnell, vice-chairman; J. Butler, T.D.; R. Craig, P. J. McGrath, J. Moore, T. McCarthy and Mee. Griffin.

The outgoing Chairman and Vice-chairman were unanimously re-elected.

**SPECIAL MEETING.**  
A special meeting of the Urban Council, which was called by requisition, was held on Monday night last. Mr. M. Brennock presided. Also present—Messrs. T. Power, T. McCarthy, J. Moore, M. Griffin, R. Craig, P. J. McGrath, Wm. O'Donnell, J. Butler, T.D., and M. Clancy.

**Flooding at Abbeyside.**  
The Clerk said the meeting was called with reference to the flooding at Abbeyside.

After considerable discussion the Borough Surveyor was instructed to open all drains and sewers in the flooded area, and a deputation of the council were appointed to go and see the place on the following day.

**Supplemental Grant.**  
The L.G.B. wrote that the grant allocated for the relief of unemployment in the urban district be expended on the water supply improvement, and stated that in view of the extent of unemployment in the area that the sum spent by 25th March. Re the report made by Mr. Bowen on the water supply in which it was stated that 56 per cent. of the supply was lost by waste or leakage mainly through defective mains and pipes in the streets, Mr. Bowen recommended relaying the pipes in certain lengths of streets at an additional cost of £1,100. If the Urban Council take that question into consideration in addition to the repairs to filter beds and are prepared to bear the cost of the necessary materials for the work, the Ministry will be prepared to authorise a supplemental grant to be applied to payment of wages to men employed. The Urban Council should arrange to finance the scheme temporarily out of their own funds pending recoupment of the grant.

After some discussion the Clerk was directed to interview the treasurer with a view to getting a loan of £750 for the purpose of providing pipes, steel, cement, etc.

## G. A. A.

### ANNUAL CONVENTION.

The annual Convention of the Waterford County Board G.A.A. was held in the Town Hall, Dungarvan, on Sunday last. Mr. D. Fraher, chairman, presided. Delegates attended from Tallow, Ballyduff, Lismore, Cappoquin, Villerstown, Kinsalebeg, Ring, Brickey Rangers, Dungarvan, Kilrossney, Bonmahon, Ballycliff, Gaultier, T. F. Meaghers, Erin's Own, St. Joseph's, De La Salle, P. H. Pearse, Perrybank, Ballyruary, Young Ireland, Isle of the Sea, Graecidin, Portlaw, Republican, O'Rourke's, Garra.

**Mr. F. Drohan,** treasurer, and **Mr. P. A. Walsh,** secretary, were in attendance.

**Mr. Daly.**—Are the officials of the East Division Board entitled to vote?

**Mr. Hogan.**—Certainly they are. **Mr. Madders.**—The Secretary of the Eastern Board is here and is entitled to a vote.

**Chairman.**—No, he is not. **Mr. L. O'Donoghue.**—The Secretary of the Eastern Board did not disqualify him from a vote.

**Chairman.**—Not if you are here as representing a club. **Supt. Murray.**—I am in accordance with the Chairman's ruling.

**Mr. Hogan.**—I did not think it was fair as the secretary had already voted at County Board meetings.

**Supt. Murray.**—If a mistake was made once that is no reason why it should be made again. He held the Chairman should rule on it according to the rule on the book.

**Chairman.**—The only members outside club representatives who are entitled to vote are the two representatives on the Munster Council.

**Supt. Murray.**—I asked that only clubs who actually played in the championship be allowed to vote. This was agreed on.

**Balance Sheet.**  
Mr. Hogan asked why the balance sheet was not available before that day.

**Secretary.**—On 11th January I received a note from Mr. Ward, treasurer East Board, stating he would take up the cash balance on hands on day of Convention. He replied telling him to send on 30 or 40 copies of East balance sheet and also to send on the cash on hand, as the money was required to pay for medals. On Thursday, 21st, he received the balance and handed both balance sheets to the "Observer" Office. They were unable to do them within the time. They were then sent to Waterford and could not be done there either.

**Supt. Murray.**—Was it necessary for you to have a copy of the East balance sheet before you got the County Board balance sheet printed? Secretary—Yes.

**Mr. Ormonde.**—I see nothing for it but to adjourn consideration of the balance sheet and to have each club supplied with a copy of the East Board balance sheet. At present they had nothing before them from the East Board only a few figures.

**Mr. Hogan.**—I would agree with that.

**Mr. Ormonde.**—It is not the fault of our Secretary that the balance sheet is not available before this.

**Supt. Murray.** proposed that consideration of the balance sheet be adjourned until Sunday, 21st, and that a copy of the East Board balance sheet be sent to all clubs in the meantime.

**Mr. Ormonde.** seconded the proposition, which was passed.

**Munster Hurling Final.**  
Training of Waterford Team.

**Secretary.**—Arising out of the statement of accounts sent me by the secretary of the committee appointed in connection with the training of Waterford team to meet Tipperary in the Munster final, there is one account for £44 due to the Devonshire Arms Hotel, which should be paid.

**Mr. Ormonde.**—On whose authority was the debt incurred? **Mr. Mason.**—The members of the Lismore Club who were on the team were guaranteed, therefore wages for the week, but they got nothing.

**Mr. Ormonde.**—Everyone knows that the thing was got up by some kind of committee. He would like to know if the County Board had anything to do with it, and if they had they should be very careful not to leave it occur again, as things like that only help to drag

the G.A.A. in the mire. **Mr. Murphy.**—There were certain negotiations going on at the time. A circular was issued and some names signed to it.

**Mr. Hogan.**—I was one of those whose name was signed to the circular, but I had not hand, act or part on the committee, only to give a subscription.

**Supt. Murray.**—I was present at the County Board meeting when the matter was brought up. I have no doubt but the T. F. Meaghers Club took full responsibility. My name was to the circular also, but it was there without my permission.

**Mr. Hogan.**—Did the receipts of the collection cover the cost of training?

The Secretary at this point read out the items of the collection, which amounted to £307 7s. 6d.

**Mr. Hogan.**—Is my name on that list? Secretary—No.

**Mr. Hogan.**—I gave £1 to that collection. What is the debit balance? Secretary—About £8.

**Chairman.**—At the Co. Board meeting on that particular day Lismore waived their claim in favour of T. F. Meaghers Club to represent the county against Tipperary. The County Board did not take responsibility for the training of the team. He personally gave them all the help he could in the matter. He signed his name to the circular sent out. When the team came to Dunne's Hotel Mr. Dunne asked him who was responsible, and he told him it was the T. F. Meaghers Club. Mr. Dunne would not take the team then, and he then told Mr. Dunne that he would see to it that he got paid.

**Mr. Hogan.**—The County Board should send a copy of that statement to Mr. King, who was secretary of this committee.

**Mr. Madders.** said he attended at the Waterford v. Kilkenny match and he would like to know what the gate realised as there was a big crowd there.

**Mr. Crowley.**—We would not get our train fare back after playing that match.

**Mr. Spratt.** held that the County Board was responsible.

**Supt. Murray.**—No. The T. F. Meagher Club took full responsibility and only asked the cooperation of the other clubs.

**Mr. Ormonde.**—The County Board could not assume responsibility, but could relieve the parties who were responsible by getting up matches, etc.

**Mr. Hogan.**—I am on that committee and so is Supt. Murray, and they could not get away from that.

**Mr. Madders.** proposed, and Supt. Murray seconded—"That the balance sheet supplied in connection with the Waterford-Tipperary match be referred to the Meaghers Club for further particulars as to matches played at the Sportsfield between Waterford, Kilkenny and Leix."

**Election of Chairman.**  
Two nominations were received for the chairmanship for the year, viz.—D. Fraher, outgoing, and Sean Hogan.

**Chairman.**—Gentlemen—Every delegate here know what to do. I find one of the motions on the agenda from East Waterford Board is—that in consideration of Mr. Fraher's long association with the G.A.A. in Co. Waterford he be elected an hon. life president of the Association. He was very thankful to East Waterford for the compliment, but he did not want to be on the fence. That was a position he would not have.

**Mr. Ormonde,** speaking on behalf of the Lismore Club, said they were astounded at the very poor compliment to Mr. Fraher after his life's work on behalf of the G.A.A.

**Mr. D. Hogan.**—That motion should never have been sent in as it was never dealt with at the East Board.

**Supt. Murray.**—Then how did it come on the agenda.

**Chairman.**—Every delegate know what to do, so we will have a vote on the matter.

On a poll being taken the voting was—Fraher, 30; Hogan, 20. Mr. Fraher, who was greeted with cheers, thanked the delegates for again electing him to the chair.

**Election of Treasurer.**  
Two nominations were received for the treasurership of the Co. Board—Mr. F. Drohan, outgoing, and Mr. J. Duggan.

**Mr. Hogan,** speaking on behalf of Mr. Duggan, asked that his name be withdrawn. They were perfectly satisfied with Mr. Drohan, and could not get a better man.

**Mr. Drohan.** was then declared elected.

**Election of Secretary.**  
Mr. P. A. Walsh was unanimously elected secretary for the coming year.

**Representatives on Munster Council.**

Cattle Stealing near Cappoquin.

ACCUSED RETURNED FOR TRIAL.

At Cappoquin District Court on Thursday three men named John Flynn, Owen Sullivan and P. Moriarty, farm labourers at Kilbre...

Paik Morrissey, caretaker of the farm at Dromroe, was also charged in custody with aiding and abetting the other two accused.

Mr. E. A. Ryan, State Solicitor, prosecuted, and the defendants were not professionally represented.

Michael McGrath, victualler, Lismore, deposed that he had about 80 head of cattle grazing on his farm at Dromroe on January 17th.

Neither of the accused asked witness any questions.

Edward Barry, labourer, Bawnmore, deposed that he remembered Sunday, January 17th.

Witness was hunting rabbits on the boundary fence between Walsh's farm and while walking the two farms he came to a gap and looked into Mr. McGrath's land.

Witness was asked to point out the men whom he saw, and now identified both Moriarty and Sullivan in the dock.

Continuing, witness said: "Bad luck to it, I don't know what drove me there at all that day hunting the God d— rabbits."

Patrick Doran, farmer, Kilbre, deposed that on Sunday, 17th January, he had a man named Owen Sullivan in his employ as a labourer.

Continuing, witness said—Sullivan did not turn up to work on that Monday, although he was hired by the week and there was work for him to do.

Witness last saw Sullivan about 6 o'clock on Sunday evening, and he did not then say anything about not coming to work on the following day.

Witness—He said it was for a call, but I heard since it was a horse (loud laughter).

Michael Keane, Kilbre, said he was a farmer, and had John Flynn (accused) employed as a labourer up to Sunday, January 17th.

Cappoquin, stated that on Saturday evening, January 16th, about 7.30 p.m. two of the accused men (Owen Sullivan and Patrick Moriarty) came into his licensed premises.

J. Foley, cattle dealer, stated he was at Youghal fair on Monday, 18th January. His brother was with him.

Witness eventually bought the cattle at £13 each. There were six head of cattle in the bunch. The price he paid was the price prevailing that day.

Witness was now asked by Mr. Ryan, solr., if he knew the men who sold him the cattle, and he pointed out the accused, Owen Sullivan, as the man he bought the cattle from, and John Flynn as the man who was with him.

Witness—Do you swear that I was with the man who sold you the cattle? Witness—I am on my oath now and I swear you were.

Witness—What hour of the morning was it then? Witness—About 7 o'clock.

Witness—It was between daylight and dark.

Witness—Did you pay me for the cattle? Witness—No.

Witness—That's all I have to ask, sir.

Thomas Carlton deposed he was employed at the motor garage of Mr. Michl. Sheehan, Devonshire Square, Youghal.

Witness pulled up at Mr. Dan Cooney's on the Square, where they had a drink, for which the smaller man (Sullivan) paid.

Witness—Did I pay you for the car? No, it was the other man who paid my boss.

Thos. Foley, publican, Cappoquin, stated that he knew Owen Sullivan and John Flynn (two of the accused). He remembered the night of Monday, 18th January.

Witness—What was the raffle? Witness—He said it was for a call, but I heard since it was a horse (loud laughter).

Michael Keane, Kilbre, said he was a farmer, and had John Flynn (accused) employed as a labourer up to Sunday, January 17th.

Patrick Colender, publican, Cappoquin, stated that on Monday night, January 18th, the accused, John Flynn, brought him a suit length which he wanted to have made into a suit.

When asked if he had any questions to ask witness, Flynn said: "No, sir; that is quite correct. I brought him the suit all right."

Edmond Loney, assistant in Messrs. Hadden's drapery establishment, Dungarvan, said that about 3 o'clock on Monday, January 18th, two men came into the shop.

Witness now asked by Mr. Ryan, solr., said this finished the depositions, with the exception of a short deposition which he proposed to put in from Sergt. Navin, who had taken a statement from the accused, Paik Moriarty.

Sergt. Navin then deposed that in the course of his investigations into this case he interviewed Paik Moriarty in the barrack on January 20th.

The statement was now handed in and identified by Sergt. Navin, and it described the movements of Moriarty on Saturday night, January 16th; Sunday, 17th, and Monday, 18th.

Witness—Did you ever see me before that day? No, I did not.

Youghal Notes.

The Chairmanship.—As was adumbrated in last week's "Notes," there was no fuss or fury in connection with the election of the Chairman of the Urban Council at last Saturday's statutory meeting.

Mr. M. Whelan, was unanimously re-elected to the position of chairman and Mr. Jas. Bennett, representing Labour, was also unanimously re-elected to the vice-chair.

Mr. W. J. Broderick—who is some authority on the subject—seems to be "ruralist" every area in the country.

Mr. Ryan, solr., said this finished the depositions, with the exception of a short deposition which he proposed to put in from Sergt. Navin, who had taken a statement from the accused, Paik Moriarty.

Sergt. Navin then deposed that in the course of his investigations into this case he interviewed Paik Moriarty in the barrack on January 20th.

The statement was now handed in and identified by Sergt. Navin, and it described the movements of Moriarty on Saturday night, January 16th; Sunday, 17th, and Monday, 18th.

Youghal District Court. Before Mr. G. P. Farrell, B.L. Guard Charles charged Mrs. K. Walsh with selling whiskey not of the nature and quality demanded.

Complainant having given evidence at length, said that the sample was 29 under proof, 25 being the standard.

Mr. Keane said that the whiskey in question was not for sale, being merely the dregs of the cask, but the defendant's daughter thought she was compelled to give it to the Guard as he insisted on it.

Miss Walsh having given evidence in support of Mr. Keane's statement, Complainant, in reply to the bench, said the character of the house was good.

The Justice, in dealing with the case under the Probation of Offenders Act, said the record of the house weighed with him, and he believed the evidence for the defence, the defendant to pay the costs.

Death of Villiersstown Lady in New York.—The following is taken from a New York paper to hand—Walsh—On 12th December, Hannah, widow of John, mother of Thomas, Mary and John Walsh; native of Villiersstown, Co. Waterford, Ireland.

Miss Kathleen Daly deposed that on January 25th she missed a bottle of whiskey similar to the one produced. It was full and value for 16s. 8d.

Sergt. O'Sullivan charged a man named Patrick Byrne with making a violent attack on a dwelling-house known as the Hollies, Strand, and with being guilty of disorderly behaviour and putting the inmates in dread and fear.

After hearing the evidence, the Justice refused informations, but bound the accused to the peace himself in £50 and one surety of £50.

ENJOYABLE WHIST DRIVE IN CAPPOQUIN. The Whist Drive held in the Boathouse Hall under the popular auspices of the Rowing Club on last Sunday week was largely attended and proved a most enjoyable and successful event.

Sullivan and Flynn were then returned for trial in custody to the Waterford Circuit Court to be held on February 16th, and Moriarty was also returned for trial, but allowed out on his own recognisances in the sum of £50, and was therefore discharged from custody.

**CRITICISM OF GOVERNMENT.**

Present—Messrs. M. Whelan,  
chairman; W. Coughlan, P. Ken-  
nally, M.D. Broderick, A. W. D.  
Murphy, T. Harrington, A. J.  
Fowkes, T. Curran, P. J. O'Gor-  
man, P.C.; S. A. Little Merrick,  
R. C. Farrell, P. J. McMahon,  
P.C.; W. J. Broderick.

**Case Against Council.**

The following letter was read:  
"Youghal, 28th January, 1926.  
Dear Sir—As instructed we ap-  
peared for you in the hearing of  
this summons at the District  
Court on Friday last. You were  
fined 2s. A technical offence  
had been committed and we  
could therefore make no  
defence from a legal point of  
view. At the same time we have  
no hesitation in saying that, in  
our opinion, the complaint was  
one which ought not to have been  
made.—Yours faithfully—J. Hod-  
nett and Son."

**Coast Erosion.**

The following letter was read:  
"Redbarn, Youghal, January 28th,  
1926. Dear Sir—We, the under-  
signed farmers on the foreshore  
from Ceam na mBrother to the  
end of the Youghal Promenade,  
desire to call the attention of  
the Urban Council to a question  
appearing in the Cork Examiner  
of January 28th, put by Deputy Hen-  
nessy to the Minister of Finance,  
and to ask the council to take  
what steps they may deem to be  
essential in the general interest  
attended to at once. At the present  
moment the greater portion  
of the foreshore is completely  
flooded, and should the present  
state of affairs continue, thou-  
sands of acres of most valuable  
land will be rendered useless, if  
not completely lost, as a result  
of the encroachments of the sea.  
There are 11 townlands at the  
moment endangered, represent-  
ing in valuation alone the huge  
sum of over £2,000, the yield from  
which the point of view of local  
taxation is considerable. We un-  
derstand that numerous letters  
on the subject of the foreshore  
have passed between your council  
and several Government De-  
partments, and as a result the  
place has been repeatedly ex-  
amined and surveyed by Govern-  
ment engineers, but so far no  
definite appears to have been  
done in connection with the mat-  
ter. We respectfully ask your  
council to make further representa-  
tions to the proper Government  
Departments, and we further sug-  
gest in view of the fact that a de-  
putation from your council is  
about to visit Dublin in connec-  
tion with another matter, that the  
deputation be instructed to call  
on the Land Commission, the  
L.G. Department and the Depart-  
ment of Industry and Commerce,  
as well as on the Ministry of De-  
fence, so that these Departments  
may be informed of the actual  
conditions of affairs. Trusting  
that this important matter will  
get from your council the consid-  
eration it deserves. Signed on  
behalf of the 11 townlands re-  
ferred to—R. Forrest, Flavin, T.  
Langtry, S. Fitzgerald, W. Cunn-  
ingham.

Mr. O'Gorman said the Govern-  
ment were acting against the  
wishes of the people in that busi-  
ness as was shown by the  
opinions expressed by the various  
Urban Councils throughout the  
country. They should put their  
views in plain language before  
the Minister. If the Urban Coun-  
cils were unanimous no Govern-  
ment could compel them to do as  
they wanted in the matter. They  
were the elected representatives  
of the people and had hitherto  
done the business honestly and  
well.

**Proposed Lecture by Minister.**

Mr. McMahon, in supporting  
the suggestion, said they might  
at the same time invite Mr.  
Burke, the Minister of L.G., to  
give a lecture on road-making  
(loud laughter).

**The Town Clerk—Why take it lying  
down? There is a remedy if the  
County Council take over the con-  
trol under duress.**

Mr. W. Broderick—The County  
Council are not consenting par-  
ties at all.  
Mr. M. Broderick—If the  
County Council refuse to take  
over the roads and if the urban  
refuse to give them up, where are  
they?

Mr. O'Gorman said the Govern-  
ment were acting against the  
wishes of the people in that busi-  
ness as was shown by the  
opinions expressed by the various  
Urban Councils throughout the  
country. They should put their  
views in plain language before  
the Minister. If the Urban Coun-  
cils were unanimous no Govern-  
ment could compel them to do as  
they wanted in the matter. They  
were the elected representatives  
of the people and had hitherto  
done the business honestly and  
well.

Mr. Kenneally—We should re-  
sist them sternly.  
The Clerk said the Minister  
would not receive any further  
representations.  
Mr. O'Gorman asked were they  
not requested to send in their ob-  
servations?

The Clerk said they were sent  
on, but there was no reply from  
the Minister.

Mr. M. Broderick said that  
was the way the Government was  
going to govern they would not  
be long there. Were the people  
going to be slaves paying heavy  
rates going in big salaries in  
America and Honolulu and the  
Lord knows where to fellows  
keeping up the dignity of the  
country in expensive hotel suites  
(laughter). If the present Govern-  
ment went on in that way they  
would soon find themselves in  
the muck. They might claim that  
they brought the people out of slavery,  
but the people were not fools and  
would not be driven by them.

Chairman—The door is barred  
and bolted as far as the Urban  
Council is concerned, but the  
council should stand firmly in its  
own house. We have done our  
work fairly, squarely and econ-  
omically, and no County Council  
in Ireland can do it better (hear,  
hear).

Mr. McMahon—We had a fine  
Government, but we were not  
satisfied (laughter).  
Cries of "too late."  
Mr. O'Gorman said the Minister  
asked for their opinions and then  
he hung them back in their faces.  
The councils throughout the  
country had promised to co-operate  
with them.

Chairman—With one exception.  
Mr. O'Gorman—And still he  
persists in refusing to hear them.  
Chairman—He is on "Dick Tur-  
pin's horse."  
Mr. O'Gorman said it was most  
tyrannical. It was the duty of  
the Urban Councils to fight him  
tooth and nail.  
Mr. W. Broderick said they had  
to face the fact that the Govern-  
ment were determined to ab-  
solutely ruralise the country in  
every area. Let the County and  
Urban Council send in their case.  
All the Urban Councils were with  
them except Queensdown, which

had no urban authority.  
Mr. M. Broderick—the Minis-  
ter is in a most unenviable posi-  
tion and is afraid to allow the  
facts come before him. If he had  
a case to stand by he would not  
be afraid to meet the representa-  
tives of the people. He is acting  
in a cowardly way by shutting  
and bolting the door.

Mr. W. Broderick said the prin-  
cipal objection Mr. Quigley, who  
was the Government Authority  
on road-making, had to the pre-  
sent arrangement was that the  
Urban Councils had not sufficient  
capital to procure the necessary  
plant, but the County Council  
were prepared to hire it out at a  
small price.

Chairman—They are only looking  
for excuses.  
The Chairman said they framed  
a L.G. Bill full of errors which  
was about to go to the country  
and now they were winding  
up with a huge one.

Mr. Broderick's suggestion was  
finally adopted.  
The Clerk read letters from Fer-  
roy, Malloy and Skibbereen,  
promising to co-operate with the  
Council. The only exception was  
Cionakilly.  
The Clerk was directed to com-  
municate with the various bodies  
concerned.

**Army Band.**  
Mr. Coughlan said he under-  
stood that the No. 1 Army Band  
was about to tour the country  
again. Last year they passed by  
Youghal on their way to Water-  
ford, and he suggested that the  
council should write to Colonel  
Brace asking him to visit Youghal.

Mr. Harrington—Would "un-  
day night suit" (laughter).  
Mr. O'Gorman approved of the  
suggestion Youghal contained a  
large number of lovers of good  
music, who would gladly avail of  
the occasion.

**Proposed Lecture by Minister.**  
Mr. McMahon, in supporting  
the suggestion, said they might  
at the same time invite Mr.  
Burke, the Minister of L.G., to  
give a lecture on road-making  
(loud laughter).

The Clerk was directed to in-  
vite the band to visit the town.

**Mr. M. Moloney, Solicitor.**

Mr. McMahon said as his es-  
teemed colleague Mr. Moloney,  
solicitor, was leaving them, he  
proposed that the council tender  
him their heartiest congratula-  
tions on his appointment to the  
important position of junior solicitor  
to the Provincial Bank.

Mr. O'Gorman seconded the  
proposition with great pleasure.  
Mr. Moloney had proved himself  
an able administrator, and they  
would miss his genial personal-  
ity, his sane counsel and sound  
legal knowledge, which he was  
always at their service. The  
council would be sorry to lose  
him. They wished him well and  
hoped his present change would  
be a stepping stone to a more im-  
portant position in the years to  
come.

Mr. W. Broderick endorsed all  
that had been said of Mr. Moloney  
by his well-deserved promotion.  
During his time amongst them he  
had endeared himself to all the  
council.

The Chairman said they all re-  
gretted his departure, but at the  
same time they were delighted  
with his promotion. He had proved  
himself a good, energetic and far-  
seeing administrator.

The Town Clerk, Mr. Merrick  
and other members asked to be  
associated with the proposition,  
which was duly passed.

**New Garage.**  
Mr. H. Spreadborough, C.E.,  
town surveyor, submitted amend-  
ed plans of the garage proposed  
to be erected in the North Main  
Street by Messrs. Donovan Bros.  
They now complied with the by-  
laws.

On the proposition of Mr.  
McMahon, seconded by Mr.  
Broderick, the plans were unani-  
mously approved.

**Water Supply.**  
The water curator reported that  
the height in the town reservoir  
was 7ft. 9ins. He had to shut off  
the main on a few occasions.  
Chairman—There is plenty of  
water now.

Mr. Farrell—It is a very good  
complaint.

**New Trouble.**  
Mr. M. Broderick—We have  
got rid of the water trouble; now  
it is the Government.  
Chairman—There is a General  
Election coming on. Maybe they  
will mend their hand and show  
more common sense.

Mr. O'Gorman said although he  
did not agree with many actions  
of the Government, it was only  
fair to say that they would not  
have had the present splendid  
supply only for the aid given by  
the Government.

The Chairman said they were  
grateful for the help given, but  
that was no reason for disband-  
ing them now and shoving them  
into a noke.

Mr. O'Gorman—It will be a sad  
severance to you after your 30  
years' service, Mr. Chairman.  
Chairman—I'll fight as long as  
my.

Mr. McMahon—We are not  
frightened of them anyway.  
**Main Road Repairs.**  
Mr. Farrell asked what had  
happened to the road from  
MacCurlainstown out—it was all  
breaking up.

Mr. M. Broderick—That was  
done by the county—a nice pros-  
pect for the future of our roads  
under the new dispensation  
(laughter).

Mr. Kenneally—That road was  
never finished.  
Mr. Coughlan said the materi-  
als used didn't suit.

Mr. Farrell said it would have  
to receive some attention before  
the spring.

**Election of Chairman.**  
Mr. Kenneally, referring to the  
forthcoming election of chair-  
man, asked was there any need  
for the election, as they would  
have nothing to do for 12 months.

Chairman—The whole 21 will  
soon be going out.  
Mr. McMahon—We'll be very  
sorry after it (laughter).

**ELECTION OF CHAIRMAN.**  
The statutory meeting for the  
election of Chairman of the Youg-  
hal Urban Council was held on  
Saturday last, there being pres-  
ent—Messrs. M. Whelan (out-  
going chairman); J. R. Smyth,  
P.C.; P. Kenneally, T. Curran,  
M. D. Broderick, Wm. J. Broder-  
ick, T. Harrington, J. Troy, Wm.  
Coughlan, P. J. McMahon, P.C.,  
and P. J. O'Gorman, P.C., and A.  
W. D. Murphy.

On the proposition of Mr.  
Whelan, seconded by Mr. Smyth,  
Mr. M. H. Walsh, Town Clerk,  
took the chair.

Mr. McMahon having compli-  
mented Mr. Whelan on the excel-  
lent manner in which he had pre-  
sided at their meetings since his  
election to the position, said he  
had much pleasure in proposing  
his re-election.

Mr. Smyth, seconding the pro-  
position, said Mr. Whelan had  
given satisfaction all round dur-  
ing his tenure of office.

Messrs. Broderick, O'Gorman  
and others having supported the  
proposition, it was passed unani-  
mously.

On the proposition of Mr. Har-  
rington, seconded by Mr. Smyth,  
Mr. James Bennett, outgoing  
vice-chairman, was also unani-  
mously re-elected.

The Town Clerk thereupon  
vacated the chair, which was  
taken by Mr. Whelan amid ap-  
plause.

The Chairman said his first  
pleasing duty was to thank the  
council for their unanimous vote  
of confidence in him. He had  
done his best in the interest of  
the town and endeavoured to be  
just and impartial to all while  
in the chair hitherto, and he would  
continue to do so in the future.

Having briefly reviewed what  
had been done by the council  
since the people had elected them  
to their representatives, he said  
he had no hesitation in saying  
that practically all the credit  
achieved was due to the fact that  
they had a most capable and  
painstaking Town Clerk in the  
person of Mr. M. H. Walsh, who  
never stinted his efforts to guide  
them safely through all the diffi-  
culties of municipal administra-  
tion obtaining under the new re-  
gime. He had therefore great  
pleasure in proposing a warm  
vote of thanks to Mr. Walsh. As  
long as he was there to steer the  
ship they need have no fear (hear,  
hear).

Mr. Smyth cordially endorsed  
the Chairman's remarks. He was  
perhaps in a better position than  
many other members to appre-  
ciate the great work done by Mr.  
Walsh, and he had therefore great  
pleasure in seconding the pro-  
position.

Messrs. Broderick, O'Gorman  
and others having warmly sup-  
ported the proposition, it was  
passed unanimously.

The Town Clerk returned his  
sincere thanks to the council for  
the compliment, which he very  
highly appreciated, but which  
was utterly undeserved ("No,  
no.") He had, he merely said,  
endeavoured to do his duty, and it  
was a real privilege to work  
under and for such a capable  
body of public men. It would be,  
in the future as in the past, a  
great pleasure to work with them  
for the benefit of the old town and  
its people.

**GENEROUS SPORTSMEN.**  
Messrs. M. J. Sargent, Cappaquin,  
and J. Young, dentist, Lis-  
more, have very kindly presented  
a valuable set of silver medals to  
be put up for either a hurling or  
football tournament in Cappoquin  
on an early date, and their  
generosity and sportsmanlike  
action have been greatly appre-  
ciated by all Gaels in the town  
and district. The members of  
the Sportsfield Committee also in-  
tend to offer a valuable silver cup  
and a set of medals for another  
tournament, when the weather  
conditions prove favourable for  
same, so that everything points  
to a busy sporting season being  
in store for Cappoquin this year.

**Tourists' Development  
Association.**

**DUNGARVAN BRANCH.**

A largely attended meeting of  
the above newly-formed branch  
was held in the Town Hall on  
Thursday week. Very Rev. Canon  
Furlong, P.P., occupied the  
chair, and opening the meeting  
said they were there to listen  
to an address from Mr. Barry,  
a representative of the Tourist As-  
sociation of Ireland. By making  
a success of the Tourist Develop-  
ment Association they would  
also. He then introduced Mr.  
Barry.

Mr. Barry, on coming forward,  
said he was pleased to attend and  
give an outline of the work that  
was being done by the Associa-  
tion. Ireland held everything for  
the tourist—hunting, fishing and  
sport of every description, and it  
was surprising that these things  
were not known generally, and  
one of the principal objects of the  
Association was to make it known  
to all. The Association was started  
about a year ago. The object of  
the Association was to let the world  
know about the beauties of  
Ireland. Switzerland, France,  
Italy and the Isle of Man were  
making large revenues out of  
tourists. Ireland must organise  
and bring things up-to-date, so  
that visitors can enjoy themselves  
here as elsewhere. The country  
must be advertised and hotels  
brought up-to-date. In order to  
advertise you must create a fund  
as we could not get on without  
money. Since the start of the As-  
sociation a Bill was passed  
through the Dail to empower  
councils, etc., to strike a rate of  
3d. in the £. A good many coun-  
cils did not avail of that as they  
thought the rates too high already,  
but it would be money well spent  
if it would bring in more money.  
If not advertised people will not  
knw of the attractions of the  
place. He gave instances of ad-  
vertising in England. He believed  
it would triple the number of  
tourists to Dungarvan if the town  
was properly advertised. He  
noticed that a committee had al-  
ready been formed here and he  
was very glad of that. Their first  
duty would be to approach the  
council about the striking of a  
rate. He advocated folders, post-  
er displays at railways, and ad-  
vertising through the Press as the  
best means of advertising the  
place. Advertising was expensive,  
but, when it was done through  
the National Association it  
would be cheaper, as the Associa-  
tion was in touch with Rail-  
way Companies, Shipping Com-  
panies, etc. The main thing was  
to strike the rate, and it was for  
the committee to decide what to  
do with it. Several places had  
taken over the advertising them-  
selves. Take the "Daily Mail."  
The front page cost £1,000 for  
one day. One district could not  
afford that, but when several dis-  
tricts combine they could get be-  
ter terms, etc. Apart from ad-  
vertising, they must give satisfac-  
tion. If a man comes to Dun-  
garvan and has a good time there  
he will go home and tell it to his  
friends. We can compete with  
any country in the world for  
beauty spots, games, fishing,  
hunting, etc. It was the Associa-  
tion's intention to establish all  
over the world information  
bureaus, where tourists would  
get all information required. The  
question of hotels was very im-  
portant. Through the country  
there were places called hotels  
which were in reality only glorified  
public-houses, and a stranger  
would not know the difference  
until he was in. It was the Associa-  
tion's intention to establish all  
over the world information  
bureaus, where tourists would  
get all information required. The  
question of hotels was very im-  
portant. Through the country

which were in reality only glorified  
public-houses, and a stranger  
would not know the difference  
until he was in. It was the Associa-  
tion's intention to establish all

portant. Through the country

which were in reality only glorified  
public-houses, and a stranger  
would not know the difference  
until he was in.

Mr. Barry—There is no affilia-  
tion. It is for the committee to  
decide as to the way they dispose  
of the money, but he said it was  
the duty of the Association to try  
and make the committee see it  
would be to their advantage to  
join the Association.

As regards the question of pro-  
viding a fund for improvement  
Mr. Barry said he had no doubt  
but an energetic committee would  
get over that by raising a fund  
through hurling matches or local  
whist drives, concerts, etc., and if  
the rev. chairman would not ob-  
ject, a few dances (laughter). He  
spoke of Bundoran, where the  
committee themselves go out  
with spade or shovel clearing up  
before the season starts.

Chairman—I know the hotels  
and motor people would look  
after their own interests. He  
agreed with Mr. Barry that the  
money could be raised. There  
would be no use advertising Dun-  
garvan if we have not certain con-  
ditions, and the first is absolute  
cleanliness. It is the first thing  
everyone will look to. The  
papers have done a lot for this  
movement, especially the "Inde-  
pendent," but there is no use in  
advertising if the tourists don't  
get comfort. My own experience  
of Dungarvan was good. We  
must be thorough about the mat-  
ter if we are to go on.

Mr. Phelan—One thing I  
will say, any stranger coming  
through the town must pass  
through the Square, and there is  
a Market House there that would  
not be found in a broken-down  
farmers' haggard (laughter).

Mr. Brennock said complaints  
were made even through the  
Urban Council about the charges  
made by boarding houses last  
season.

Mr. Barry—On the question of  
charges, we have got practically  
every hotel in the country to put  
their charges in black and white.  
It was a matter for the committee  
to get around and ask for the  
charges and get them printed in  
leaflet form. That is the way  
they do it in England, and they  
have made a success of it as every-  
one knows.

Chairman—I see Egan's and the  
Devonshire Arms were the only  
hotels on the list last year who  
published their tariffs from Dun-  
garvan area.

Mr. Brennock—That is a small  
proportion.

Chairman—Very small.  
Mr. Keenan thought they  
should try to improve the condi-  
tions they had. When the band  
was out last summer their beau-  
tiful music was lost by the yell-  
ing and tearing around of young-  
sters, and if a stranger saw that  
he would get the impression that  
there was nobody there to see that  
order was kept. He saw no diffi-  
culty in going on and making a  
success of the Association. He  
proposed they proceed with the  
work.

Mr. Lanigan said he would sug-  
gest to the committee if they had  
power to add to their number to  
include the stationmaster (Mr.  
Hartnett) on the committee. He  
was speaking to him recently and  
he told him that the time the Sun-  
day evening visitors from Fer-  
roy were going to catch the train  
back last season was the very  
time the band was coming out.  
He was also speaking of the time  
some years ago when he had to  
turn the ladies' waiting room at  
the station into a cloak room to  
hold visitors' trunks, etc., until  
they made sure if they could re-  
turn in town, which very often  
they failed to get, and had to  
go off again to Tramore or some  
other place.

Mrs. M. Griffin—Those were  
the people who were looking for  
cheap digs (laughter).

Mr. T. Power, seconding Mr.  
Keenan's resolution, said he  
thought the charges, etc., could  
be very easily arranged. He re-  
ferred to the beauty spots such as  
Colligan and Clonagh, and thought  
that if a charabanc service was es-  
tablished which would give vis-  
itors a chance of seeing those  
places, it would be a very good  
idea, besides being in his  
opinion a paying proposition.

The meeting terminated by a  
vote of thanks to Mr. Barry,  
which was proposed by the Rev.  
Canon Furlong, and seconded by  
Mr. Brennock, to which Mr. Barry  
suitably replied.

**CAPPOQUIN CATHOLIC  
YOUNG MEN'S SOCIETY.**

At the annual meeting of the  
body held in the Hall in Mill  
street for the election of officers  
and committee for the coming  
year, Mr. R. J. Collender, N.T.,  
and Mr. T. F. Olden were re-  
elected, respectively. Messrs. R. J.  
Curran and M. F. Walsh (out-  
going treasurer) not seeking re-  
election, Messrs. P. Galvin and P.  
Cahill were elected joint treasurers,  
and Mr. J. Crowe was elected sec-

As it would be impossible to reply individually, they respectfully request this acknowledgment to be accepted as sufficient.

LOCAL HAPPENINGS.

Fatality at McGrath's Cross.—In the High Courts, Dublin, this week, before Mr. Justice Byrne, The Pover and Mrs. Power, McGrath's Cross, Kilmachomas, sued T. Moloney, Abbey Garage, Limerick, for damages for the loss of their son, James, who was killed while opening the railway gates at McGrath's Cross when a motor car driven by defendant knocked him. The jury awarded £100 damages to the father and £50 to the mother. Mr. Fitzgerald, K.C., and Mr. Mooney, B.L. (instructed by Mr. E. A. Ryan, solicitor) for the plaintiff. Defendant appeared in his own defence.

Clergy and Technical Committee.—We understand that in consequence of the insult offered to the clergy at the last meeting of the County Council in regard to co-optation of an illustrious and distinguished Churchman on the Technical Committee, the sitting clergy on the committee have tendered their resignations.

Floods.—Floods and flooding seem to be the order of the day. In town and country there has been wholesale swamping due to the abnormal rains of the past few weeks, and big numbers have had to vacate their homes. Rivers have originated in most unexpected places and caused devastation all round, rendering thousands homeless.

Attention!—We would direct the special attention of the general public to the announcements in our advertising columns to-day from that go-ahead firm—Reps. M. Flynn, Dungarvan.

Value of Land.—On Wednesday last at Clonmel, Messrs. Stokes and Quirk, auctioneers, put up for sale for Mrs. Sadlier the well-known Ballyneale Castle farm containing 1914 acres statute held at an annuity of £127 10s. P.L.V. 2183. Mr. Whelan, Waterford, was the purchaser at £7,000 and fees.

Tō Motor Car Owners and Garage Proprietors.—We have been appointed stockists for the wonderful Kobballic enamel for motor cars and bicycles. A big range of colours in stock, including undecorating Roballic and transparent finish. Special terms to the trade. Colour cards on application—Moloney, Wholesale and Retail Stores, Dungarvan.

Developing Dungarvan.—The establishment of a branch of the Tourist Development Association in Dungarvan is a good move and should fill a long-felt want, as too long have our native charms and unrivalled scenery been allowed to waste their sweetness on the desert air. The striking of a route for the development of the town is sound business, but we do not think this money should be spent in advertising Dungarvan in the U.S.A., Riviera, Paris and London. Rather do we think it would be better spent in beautifying the parks and bathing boxes, providing seats, shelters, etc., and generally improving the attractiveness of the town. Then a sum could be earmarked for inviting amongst us our ever faithful friends from Carrick streets to Shannon shores, plus visitors from Kilkenny and Limerick counties. If that were well done the town was bound to gain immensely.

Sympathy with Fr. McGrath, C.C.—The sincere sympathy of the citizens of Dungarvan is extended to our esteemed curate, Rev. P. F. McGrath, C.C., on the great loss he has sustained by the death of his mother, which occurred on Tuesday last. The interment took place on Thursday Mass for the repose of her soul at Ballybricken Church at which there was a large attendance of clergy and laity present. R.I.P.

Bull Show and Sale.—The third annual Show and Sale of pedigree and non-pedigree registered dairy bulls and dairy heifers will be held at Waterford on March 25th. This Show is approved by the Department for the granting of premiums, and as the Co. Waterford has now the best quality in dairy bulls, there should be a record attendance of buyers. From information we have had there will be a very large entry of dairy bulls at this Show and Sale, and farmers will have a unique opportunity of securing the very best animals to meet their requirements. Mr. J. D. Palmer has been appointed auctioneer. Prize lists, entry forms and all particulars can be had from M. J. Kennedy, Stonehouse, Kilmeehan, hon. sec.

Trout Fishing.—Come and see our stocks of hand-tied flies, silk lines, etc.—Reps. M. Flynn, Dungarvan.

Salt.—As direct importers of all kinds of best quality British salt, we are in a position to offer better terms wholesale and retail than any city firm.—Reps. M. Flynn, Dungarvan.

Poultry Rearing and Keeping.—On Sunday last a very interesting meeting was held at Cappagh Hall under the auspices of the Phinisk Co-operative Society, at which Col. Poor O'Shea delivered an instructive address on the poultry industry and the profit that could be made therefrom. A branch of the Irish Poultry Keepers' Association was formed. Mrs. Usher presided. Full report of Col. O'Shea's address will appear next issue.

Mare Shows.—The shows for the nominations to mares will open in Dungarvan on Tuesday next and be continued at the various centres during the week. Mr. J. Hickey, Thurles, is judge, and Mr. J. F. Healy, Middleton, is V.S. Mr. J. O'Dwyer, the able secretary of the County Committee of Agriculture, has all the arrangements perfect.

Style.—We are now showing some very smart model spring millinery, which indicates the trend of the coming season's fashion.—Mulcahy's, Main street, Dungarvan.

DEATH OF MR. M. O'DONNELL, SHANAVOOLA, LISIMORE.

After a brief illness and in the fulness of years, death has removed from our midst one of the most respected and popular members of the farming community in the person of Mr. Michael O'Donnell, Shanavoola, Lisimore. Deceased had enjoyed good health during his life, and was present at the Lisimore January fair pursuing his avocation in life when he contracted a chill which, despite the best attention and skill, proved fatal. During his long span of years he made many friends, who recognised the excellent qualities he possessed, and this fact was fully exemplified by the large attendance at the funeral. Requiem Masses were celebrated for the repose of the soul of deceased on Friday and Saturday mornings, and on Saturday the interment took place to the family burial ground in the cemetery attached to St. Carthage's Cathedral.

Amongst the relatives notified at the graveside were Mrs. M. A. Gough, Dungarvan (daughter); Mrs. O'Donnell (daughter-in-law); Mich. O'Donnell (son); Misses Kier, Kathleen, Alice and Mary O'Donnell (nieces); Master Paddy O'Donnell (nephew); Mr. T. Connolly, Dungarvan; Michael and Alice Donovan, Carrigan; Laurence and Jack O'Donnell, P. and M. Dunne, Coole; J. Dunne and Mrs. Dunne, Bridane; Hugh and Mrs. Dunne, Miss Colender, Nicholasstown; Mr. and Mrs. Prendergast, Poullahia (relatives), etc.

Very Rev. W. P. Burke, P.P., V.P., and Rev. Thomas O'Gorman, C.C., recited the final prayers at the graveside.

Kilmachomas News. Death.—The sad intelligence of the death, at a comparatively early age, of Mrs. Josephine Nugent, who over the last 13 years has been a resident of New York, reached here a few days ago, as a great shock to her parents, Mr. and Mrs. Michael Drohan, Carrigan, and the other members of their esteemed family, with all of whom the sincere sympathy of the community is felt in their bereavement. The deceased young lady leaves four little children with her husband (who is a native of Dungarvan) to mourn her untimely demise. May she rest in peace.

East Waterford Hounds.—Followers of this pack met on the Square, Kilmachomas, on Monday last, when, under fairly fine skies (in existing circumstances) and attended by the largest party of riders seen here this season, another pleasantly enjoyed, really capital day's sport was brought off, and adds to the club's excellent records.

St. Brigid's Day was, in accordance with a praiseworthy, time-honoured custom, observed as a holiday in the Parish of Kilrossanty. This parish is specially dedicated to St. Brigid and its faithful sons and daughters passed her festive day with well-becoming solemnity and piety.

We learn that the Kilmeehan Co-operative Creamery Society, Ltd., are about to proceed with the erection of a branch dairy in the neighbourhood of Ballydurn, Kilmachomas. This progressive company has already successfully established branches at Carroll's Cross and Kilibeg.

An Irishman Invents New Uses for Peat.—Count Louis Hamon, stated to be an Irishman, claims to have perfected processes for the utilisation of peat which will prove of immense value to industry. He has succeeded in turning out fuel which is equal to coal in heat value, and he can produce it at a much lower cost than coal. He has further evolved a process for obtaining activated carbon for the refining of sugar, oils, and dyes and for purifying chemicals. One of the great uses of carbon will be the refining of vegetable oils, which are the basis of margarine. Other by-products are a disinfectant 40 per cent. stronger than carbolic acid, sulphur ammonia and paraffin wax. There are excellent peat bogs in parts of mid-Waterford, as in fact there are in most every one of the 26 counties. In face of the value of the above invention, the powers that be would do well by encouraging a peat industry along with the beet industry presently under way.
