

Dungarvan Urban Council

Mr. M. Brennan, P.C., chairman, presided. Also present—Messrs. J. Curran, M. J. Keane, J. Hackett, J. Moore, M. Clancy, M. Griffin, R. Craig, Wm. O'Donnell, P. J. McGrath, T. Power and T. McCarthy.

**Expenditure.**  
The expenditure for the week was as follows—General account, £14 10s. 1d.; waterworks grant account, £47 14s. 6d. Payments were passed.

Mr. Clancy called attention to the fact that some men were sent to clean up the lashing place some time ago. They gathered the stuff in heaps and it was left there and is now being washed away again.

**Sites at Abbeyville.**  
A letter was read from Mr. J. F. Williams, solicitor to the council, stating the title to Mr. O'Donoghue's plot was in order. As regards Capt. Foley's plot, some details had yet to be arranged.

Mr. McGrath—That is satisfactory. How long will it take to complete Captain Foley's title?

Mr. Foley (who appeared before the board in connection with the matter) said it would be complete in a few days.

Mr. Craig—There is no great hurry with Capt. Foley. The contractor can start on O'Donoghue's.

Chairman—He intends to start the two together.

Mr. Clancy—We should complete the purchase of Capt. O'Donoghue's plot now that the title is all right to allow the contractor to start work. The matter then ended.

**Filter Beds.**  
A discussion took place on when the work at the above would be finished, and in the absence of the borough surveyor the council decided to send a deputation consisting of Messrs. Clancy, McGrath, O'Donnell, Griffin, Chairman and Borough Surveyor, so that they would be in a position to know exactly if the money available in the grant would complete the work.

Mr. Griffin asked if the cost of changing the hydrants at Abbeyville would come out of the grant.

Chairman—No. That would be an independent job.

Mr. Craig—There is an order made to put a sign at the Burgage, and as some of the plumbers are now on site could it not be carried out?

After a discussion on the most suitable place to erect it, the council decided to get the work done.

**The Watering Cart.**  
Mr. McGrath—Is the watering cart repaired yet? S.S.O.—Not yet.

Mr. O'Donnell—We heard nothing about the watering cart since the election (laughter).

Mr. Keane—I wonder if anything will be done with it?

Mr. Clancy suggested as the County Council would be watering the main roads through the town they should ask them to do the whole work.

Mr. Craig—Give them the maintenance of the watering cart there and they should be made repair it.

Chairman—We may be able to come to terms with the County Council re watering of the streets.

Mr. O'Donnell—The watering cart could be ready in one hour.

Mr. Clancy—Ask the borough surveyor to see the county surveyor on the matter.

**The Look-Out.**  
Mr. McCarthy called attention to the number of vans and ginders left on the Look-Out by the County Council and said there was an order made by the council asking to have them removed. There was more stuff there now than when the order was made.

Mr. Clancy agreed and said there were more vans there now than when the order was made. The County Council must be trying to humbug this council. We are trying to clean up the place and prepare for visitors and the place is full of waggon and ashes, etc.

Mr. McCarthy—It was one of their vans broke the lavatory there and they should be made repair it.

Chairman—There is a lot of loquacious taking place in the Look-Out recently and the residents there are complaining.

Mr. Keane—The residents down there are annoyed.

Chairman—We should ask the Superintendent of the Guards to adopt some means to capture the people who are the cause of the nuisance, and if that fail we must find other means.

Mr. Clancy—Also write to Mr. Bowen and ask him to remove the vans and discontinue throwing ashes there.

**Dumping Grounds.**  
Mr. Clancy—There are three dumping grounds in the town for refuse, and instead of dumping the stuff over the top people leave it thrown around everywhere. He suggested a notice be put up warning people of prosecution who did not dump it over. He heard it took six men nearly a month to level off the ground at Conroy's Lane lately. Those six men could be employed elsewhere if people could be made dump it over.

Chairman—It is a disgrace the amount of broken bottles thrown around there.

Tallow District Court.

Before Mr. G. P. Farrell, B.L.  
The Guards had a large number of persons charged with allowing animals wander on the public roads and fines up to 5s. were imposed. In some cases the defendants admitted that they turned the animals out to graze for a few hours, and in these the heavier penalties were imposed.

A number of persons were charged with using unlighted vehicles, and the usual fines were inflicted.

Mrs. Helena Barry, Ballybride, Co. Wick, charged John Turner, Co. Wick, with abusive and threatening language.

Mr. Skinner, solicitor, Mitchellstown, defended.

Complainant deposed that defendant came to her yard looking for her husband and using abusive language.

Cross-examined by Mr. Skinner, witness said the only one present on the occasion besides herself was a girl named Killy. She was not in court. Why didn't you bring her—didn't you know it would be a case of oath against oath? No. Did you suggest to your aunt, Mrs. O'Brien, that if you got the wages he was overpaid there would be no more said about it? No. Did he speak to you? He didn't see me, but I saw him. Whom was he speaking to? To himself. Did you hear him ask the girl where was Mrs. Barry? No. Where were you—up the chimney? I was outside the door, behind a bush. And listening? I wasn't listening; I could hear him. How could you hear him if you were not listening? I was listening, of course. Not so very long ago he was a great favourite? He was. You never tried to bob his hair? (Laughter).

John Turner deposed that he had been employed by the Barry's up to the time of the unfortunate incident charged against him. He went to the place regarding the money he had overpaid. They were always friendly. He used no threatening language towards the lady.

Mrs. O'Brien deposed that Mrs. Barry visited and wrote to her about the money due by her nephew, the defendant. Witness got a terrible shock when told the ugly story about him and he had always been such a favourite. Mrs. Barry said that if money gave her the money there would be nothing more about the matter. She didn't know that it was to get him arrested. She told her nephew about Mrs. Barry's visit and that was what brought him to the house.

The Justice said he would adjourn the case for three months. If he thought there was any likelihood of defendants going there again he would bind him to the peace.

A respectable-looking young man named John Turner, Co. Wick, was charged with indecent assault.

Supt. Reynolds, Fermoy presented, and Mr. J. G. Skinner defended.

A young woman named Ellen Casey deposed that she had been employed at Mr. Barry's, Ballybride, for nearly 5 years. The accused, John Turner, was also employed there. On 9th July last he assaulted her in the cow-house. She didn't complain of the assault to anybody because she was afraid she would not be kept in the house. About a month after he assaulted her again.

Mr. Skinner objected to anything later than 9th July.

Mr. Skinner said he had had some experience of cases of the kind and he had never heard of one going beyond the first charge.

The court ruled against the objection, and evidence was given of incidents on three subsequent occasions.

After hearing further evidence the Justice said—I don't think that there is a case for a jury.

Informations were refused.

Lismore District Court

Before Mr. Farrell, B.L., D.J.  
John Campion, New Street, Lismore, brought a civil bill for £8 damages against John F. O'Donnell, Lismore, arising out of injuries done to a bicycle, the property of plaintiff, in a collision with defendant's motor at Lismore Bridge on the 30th April, 1925.

Mr. Ryan, solicitor, for plaintiff, and defendant conducted his own case in the absence of Mr. Williams, solicitor.

Plaintiff in evidence produced a rough sketch map he had drawn where the accident took place near the turn to the Ferry road. He stated he was cycling at a slow pace and saw a motor car come round the turn and the occupants seemed a jolly party, and it turned out they were a wedding party. The car driven by defendant was second and no horn was blown and the car was driven very fast, and witness was six inches from the kerb when the motor was about to strike him, and he (Campion) jumped off and went clear over the mudguard. Defendant himself was driving and no horn or sound whatever was given that a motor was coming. The bicycle had cost him £7 or £8 10s. as the two wheels were not one month on it. The bit of salvage, added witness, would be about £3. After the accident defendant stopped the car 30 or 40 yards further on and came back and asked was he (witness) hurt. Witness answered no only the bicycle, and defendant said: "To be with that, Jack, I'll repair that." Coming from the station later defendant said: "We will say fix up the bike." He had not as yet done so, and I don't want any damages or anything like that. All I want is the bike settled.

Cross-examined—It was about 14 yards from the turn when you hit me.

To the Justice, the witness said—The frame, chain, pedal and saddle are bad.

Defendant (to witness)—You swear I was driving very fast, and Mr. Ryan has stated the turn was so dangerous I had to go slow, so you or Mr. Ryan must be wrong.

To the Justice—Campion said Lord Hartington was his witness and he was away in England and could not attend.

Defendant, examined, stated he had been engaged with a wedding party from Ballysaggart to Lismore. He was doing roughly 12 miles an hour and saw Campion coming on the bicycle down the bridge and did not blow a horn in consequence. Feeney's car was ahead and Campion looked around when the car passed apparently to see who was in the car and this caused plaintiff to turn to the right. In doing so Campion almost cannoned off the footpath and wobbled across the road, and if I were stopped there, Campion would stop.

To the Justice—Defendant said without knowing who was in the right or wrong (witness) told Campion could have the frame and handle bars of a bike which he happened to have at home. Anyone handy could assemble a bicycle.

In cross-examination defendant said he was within 18 inches of the wall at the other side of the road at the time of the accident. Campion jumped backwards off the bike and this propelled the bike most quickly into the motor. He only went 30 yards after the accident.

Thos. Sullivan, one of the passengers, corroborated.

Cross-examined—He was a guest at the wedding. There was no time fixed for the wedding (laughter). It was his sister was getting married.

Mr. Ryan—Were you all in good form? Witness (abruptly)—What do you mean by good form (laughter).

Mr. Ryan—Sure it wasn't a funeral you were at?

Witness in further cross-examination admitted no one said to Campion: "You are very 'wobbly' this morning."

Jas. Feeney was also examined for the defence.

The Justice now questioned plaintiff regarding the evidence given of wobbling on the bicycle.

Campion (emphatically)—I swear I did not wobble a half yard, and there was plenty room for another car to pass where the accident took place. Witness was not six inches from the kerb, and I went clear over the mudguard of the motor as if it were for a film I was acting. I am sorry I could not have the Marquis here.

Justice—I give a decree for £8 10s. in this case.

**A License.**  
The application for an ad interim transfer of a 7-day license made by Mr. A. Carroll, solicitor, on behalf of Miss Christina O'Donnell, Lismore, from Mr. D. Keniry, deceased, was further adjourned, it being stated Probate was being taken out.

**Purposive Driving.**  
Guard Doran summoned Patrick McGrath, Campfire (1) for furiously driving a pony and trap through Main Street, Lismore, on the night of Lismore Races, and (2) for not having a light in accordance with the Lighting of Vehicles Act.

Defendant did not appear.

Complainant, in proving the charges, stated a good many people were over the street at the time.

To the Justice—Sergeant Daly stated there were two patrols out and the South Mall corner McGrath whipped the

CAPPOQUIN NOTES.

**Successful Whist Drive.**—The Whist Drive held in the G.Y.M.S. Hall in Mill Street on Sunday week in aid of the Minor Football Club was attended by close on 120 players, and both from a social and financial point of view proved a great success. Much of its success was undoubtedly due to the great personality and popularity of the Rev. J. Crotty, C.C., who has taken the Minor Football Club under his aegis, and who is sparing no effort to develop the athletic talent undoubtedly possessed by the many promising and enthusiastic young Gael in Cappoquin at present.

When the senior Gael thought fit, Achilles like, to "ankle in their best" and refused to make any effort to uphold the honour of the team in the football arena it was fortunate that we had a number of the younger generation ready to step into the breach and take their places, and under the able guidance and assistance of Fr. Crotty these young Gaels are now being rapidly moulded into first-class football players, who may be depended on to render a good account of themselves in the near future.

The object of Sunday night's Whist Drive accordingly made a strong appeal to all classes for support, and in order that the cost of the necessary prizes may be saved for the funds of the Football Club, several kind friends quickly came to the rescue and presented the valuable prizes for the occasion. These generous donors, who included the Sisters of Mercy, Cappoquin; Mrs. J. V. Conway, Morrissey's Hotel; Messrs. M. J. and J. B. Sargent, Jas. Lincoln and Park, J. J. Crowley, Jas. O'Connell, N.T.; J. Crotty, T. Cahill, P. Mason and J. Singleton, hon. sec. of the Minor Football Club, and everyone was delighted at the smoothness and good-humoured manner in which everything was carried out. The lucky winners in the ladies' class were as follows—1st prize, a silver-mounted epergne Mrs. E. Spillane, Cappoquin; 2nd, fancy tea tray, Miss M. Kerfoot, do.; 3rd, number prize, silver-mounted butter dish, Miss Winnie Dempsey, do.; 4th, booby prize, pair of fancy vases, Mrs. J. Lacey. In the gentlemen's class the winners were—1st, a large ham (presented by Mr. J. Lincoln, Cappoquin; 2nd, a silver-mounted epergne, Mrs. J. Crotty, Cappoquin; 3rd, safety razor (in case), Mr. T. P. O'Leary, do.; 4th, number prize, tin of 50 Players' cigarettes, Mr. J. Corbett, Lismore; 5th, booby prize, Mr. P. Cahill, Cappoquin. The prizes were distributed by Fr. Crotty, who in the course of a graceful little speech, suitably thanked all the ladies and gentlemen who had so kindly attended that night and helped to make the event such a success and contribute such a welcome addition to the funds of the Minor Football Club, which was richly deserving of the support of all classes in the community (applause).

**The Draw.**—The draw took place subsequently for the Minor Football Tournament to be held in Cappoquin for the value of silver medals kindly presented able Mr. B. McMillan Banker, Manager Munster and Limerick Bank, Lismore, and while it was found that entries had been received from such remote places as Clonmel and Youghal, some surprise was expressed that not a single entry for the event had been received from either Lismore, Tallow or Ballyduff, which displays a bad spirit of sportsmanship on the part of the districts concerned. The draw, which was presided over by Fr. Crotty, resulted as follows—"Wm. O'Brien" (Ballinacorney), v. Cappoquin, Youghal v. Clonmel, Waterford v. Aghish, Dungarvan v. Filtown. The fixing of dates for the above matches having been discussed, it was decided to fix the match, Ballinacorney v. Cappoquin, for Sunday, June 6th, and Youghal v. Clonmel for Sunday, July 11th, these being the only vacant dates available on which no county championship matches are to be played. These dates are only provisional, however, subject to the sanction of the Town Park and Athletic Club, but as we understand this body has no objection to the above dates, they may be safely taken as final fixtures as regards the two matches in question.

**The Popular Ford Cars.**—The substantial reduction in the yearly tax on Ford motor cars from £13 to £10 should have the effect of not only giving a great fillip to Ford's thriving factory in Cork, but should also help to restore these cheap and successful

pony through the Guards and witness would have followed on a bicycle only one of the Guards knew defendant.

A fine of 15s. and costs and 5s. and costs was imposed.

"A Tinker's Think."  
Guard Rita summoned John Connors, Church Street, for allowing an ass to wander at Ballynelligan.

Justice—What is this man? Witness—A tinker, I think, sir. Fined 1s. and costs.

For a similar offence a fine of 6d. and costs was imposed on Pat. Dooley.

**Transferred.**—Last weekend Rev. J. Kennedy, C.C., Strabally, was transferred to the Parish of Graungmuckler. Fr. Kennedy was a general favourite with all classes in these parts, and his departure is universally regretted. The good wishes of the community at large accompany the worthy shepherd to his present address. He is replaced by Rev. Fr. Barrow, who has been recalled from Glasgow.

**Recovered.**—It affords us the greatest possible pleasure to record the happy fact that the widely-esteemed pastor of Strabally and Ballynemon, Very Rev. John Lennon, is now fully recovered from the effects of his recent heavy illness. The while he was illagedged Fr. Lennon's residence was daily besieged by his beloved parishioners and other friends, anxiously inquiring as to the progress of the good father's health. Thank God he seems none the worse after the very trying ordeal he has endured.

**Rowing.**—As we predicted some time ago, Mr. A. J. Sargent, the newly-elected vice-captain of the Rowing Club, has lost no time in starting to get crews in strict training for the county rowing season, and every evening, whether it rains or snows, he can be seen rapidly getting some promising young crews into proper shape on the splendid stretch of the Blackwater between Dromana Rock and the town. An energetic vice-captain like this can do much to knock the rust and cobwebs caused by several years' idleness in aquatic matters, out of the heads of the young members of the club, and both this gentleman and the crews who are responding so readily to his training and instruction, are now to be congratulated on the serious effort being made to revive some of the vanished glories of Cappoquin in the rowing annals of the South of Ireland.

**CLONMEL STRAND IMPROVEMENTS.**  
When its situation and possibilities are considered, it is surprising that Clonmel has not long ere now attained the popularity it deserves as one of the most beautiful and attractive of Irish seaside resorts. At the southern end of the historic Decies country and facing the broad Atlantic, with the Comeragh Mountains to the North and the Knockmealdown range with its easy distance to the West, a climate unusually mild, even in the winter, and health-giving and invigorating breezes all the year round, which not even Brighton can surpass, Clonmel ought to be the most popular seaside resort in the South-east of Ireland. Some three miles from the town of Dungarvan its beautiful strand is visible from Durruss Station on the Great Southern Railway line, which connects it with Waterford, Youghal and Dublin on the North, and with Youghal, Lismore, Cork and Killarney on the South and West. It has long been a favourite resort of a select number of holiday-makers from the Southern counties, who have appreciated its advantages for health and enjoyment, but it is as yet practically unknown to the Irish people generally or to visitors to our country during the holiday season. Its strand is unique for extent and beauty. Safe and secure bathing and boating are possible, both at low and high tides, whilst there is first-class fishing, salt and fresh water, to be obtained at the minimum of cost and exertion. The scenery is hardly to be surpassed in any part of the country. Clonmel is an ideal centre for the motorist, the cyclist and the pedestrian. Days might be spent in exploring the beauty of the Comeragh Mountains, with their numerous lakes, one of which, Combsinn, is the grandest mountain lake in Ireland. Running to half a mile in length, and with unplumbed depths, one side of it is flanked by a wall of mountain rock, which rises nearly a thousand feet sheer from the water's edge. The Decies country, of which Clonmel is the gem, is rich in natural beauty, in old and picturesque ruins, and in historic memories; but it is richer still in being the home of a kindly and hospitable people, amongst whom the stranger and the sojourner are always sure of a generous Irish welcome. To the West are the famous high-pass Coach Road, one of the grandest mountain routes in Ireland, and on the mountain slopes may be seen the well-known Trappist Monastery of Mount Mellory, whose monks have literally "made the desert bloom like the rose," and whose name is familiar wherever the Irish exiles have found a home. And then there is the river Blackwater, a poem in itself, with Lismore, famous in peace and in war, at its head, and Youghal, with its memories of Raleigh and Spenser, at its foot. One of the first necessities of a place like Clonmel is adequate hotel accommodation, and this is very satisfactory to Clonmel with one of the finest and best equipped hotels in the South. It will, we learn, be up-to-date and modern in every sense of the terms, and will be under the most expert and efficient management. Visitors will be able to reckon on hotel accommodation second to none at reasonable cost, and without any fear of extortionate charges. The scheme in hand includes additional provision for bathing and those who enjoy dancing and music will find that their requirements have received more than adequate attention. We hope to recur to this subject later on, but we feel sure that our readers will be gratified beyond measure to know that Irish enterprise and ability are engaged in an undertaking so full of promise for Clonmel and for our country generally.

**G.A.A.**—There was a good attendance at Kilmessany on Sunday when a friendly football encounter took place between Leamynbrien selected and a local pick. The victors showed superiority from the outset, and the match, which was a spirited struggle throughout, ended by Leamynbrien winning rather comfortably, the score standing: Leamynbrien, 3 goals 2 points; Kilmessany, 3 points. Mr. Paddy McGrath was a strictly impartial referee. For the winners P. Power (capt.), M. Ryan, P. Purdie, P. Cunningham and J. Lonsigan played a telling game. On the Leamynbrien side A. Coopers, M. Walsh, M. Keating and Sept. O'Donnell gave a rattling exhibition of the code. Both groups played a draw on the previous Sunday.

**Sunday at Kilmessany.**—All roads—sly and all Mass-paths and terraces as well—lead to Kilmessany on to-morrow (Sunday) where a capital programme is in store for all lovers of our national pastimes. The local senior hurlers will clash blades with Erin's Own (Waterford) in their first round in the county championships. Both sides are fielding their best fifteens and a ding-dong exhibition is assured. Mr. W. Walsh, Waterford, will hold the whistle. Also Kilmessany and Windgap junior footballers will line out in a friendly encounter. These players are well versed in the fine points of the game, and a scientific display should mark their meeting. Mr. P. Drohan, P.C., will referee. A grand venue has been procured through the kindness of Mr. J. Shanahan, Fermoy, and grandly favourable weather the day will be a record one in the annals of old Kilmessany.

**FALSE PRETENCES CHARGE.**  
**NO JURISDICTION.**

At Lismore District Court, before Mr. Farrell, B.L., Daniel Lawton, Townparks, Lismore, summoned Jas. Dawson, South Mall, under 24 and 25 Vic., Cap. 96, Section 88, with obtaining £8 10s. by false pretences arising out of the sale of a shed by defendant to complainant. Mr. Magnier, solicitor, Fermoy, appeared.

The case had been adjourned from the January Court for the attendance of a solicitor.

Justice—This may interest you, Mr. Ryan.

Continuing, the Justice said—This is an indictable offence and I have a certain doubt as to my jurisdiction on the form of this summons before me. I think it is for the Attorney-General.

Mr. Ryan, State Solicitor, said he was fully conversant with the facts of this case about the sale of the shed. The complainant was an ex-sergeant R.I.C. and should know he could not proceed in that form, but with civil bill. The law had been changed since his time.

The case was marked "no jurisdiction."

**Uncertainty.**—He's a Wise Man Who Knows His Own Mind.—But it's really surprising the number of people there are who will delay a definite decision on an important point just because they are "not quite sure." And it's that "not quite sure" feeling which has been responsible for so many of the leading agriculturists adopting the wise policy of consulting us with regard to the leading and most efficient machine to buy. At the moment we have numerous inquiries calling for the Best Separator. Well, naturally we will recommend the machine that will give the least trouble and the best possible results. This recommendation is backed by long, practical experience of the various types and makes on the market. So that we have no hesitation in saying that the new improved "Alpha Level" is the most complete machinery on sale to-day. We will prove this by giving a free demonstration. —Moloney's, Agricultural Engineers, Dungarvan.

## TENNIS CLUB FOR CAPPOQUIN.

Following the laying down of a new Tennis Court in the Sportsfield at Cappoquin, as briefly announced some weeks ago, a public meeting was summoned by the Town Park and Athletic Club for last Monday night in the Carnegie Free Library for the purpose of forming a Tennis Club for Cappoquin and district. There was a very generous response on the part of the ladies and gentlemen of the town, as about 100 attended, and judging by the great interest and enthusiasm displayed in the proceedings, the tennis movement is bound to catch on very warmly in the town.

The members of the Town Park and Athletic Club deserve well of the townspeople owing to the great enterprise and sportsmanlike spirit which they have displayed in every respect in providing ample opportunities for the townspeople to enjoy themselves thoroughly on the splendid Sportsfield during the summer months, and the public are very fortunate in having such a fine body of sportsmen and keen business gentlemen at the head of affairs in the town.

Amongst those present at Monday night's meeting were—Mrs. P. Ryan, Mrs. G. J. Colleder, Mrs. M. F. Walsh, Mrs. Aidan Walsh, Mrs. T. Ebrill, Mrs. A. Dunne, Mrs. J. J. Smith, Miss L. Lacey, Miss M. Healy, the Misses P. and W. Dempsey, the Misses A. and M. Fraber, Miss M. Kerfoot, Miss M. Lincoln, Mrs. J. Crowe, Mrs. E. Spillane, Miss J. Lincoln, the Misses B. and M. Morrissey, Miss Hester Barron, Miss Kelleher, Messrs. T. Ebrill, J. V. Conway, M. F. Walsh, J. J. Carron, Jas. Lincoln, Jas. Donovan, R. J. Colleder, N.T.; Frank Meade, stationmaster; Aidan Walsh, A. Dawson, Dromana; J. J. Smith, R. Bell, Jas. McGrath, A. J. Sargent, etc.

On the motion of Mr. Colleder seconded by Mr. Conway, Mr. T. Ebrill was moved to the chair amidst applause. The Chairman said as this meeting had been summoned by the Town Park Committee, he suggested that Mr. M. F. Walsh, who was hon. sec. of the meeting, and this was unanimously agreed to.

Mr. Ebrill then explained in detail the present status of the newly-registered Town Park and Athletic Club and that seven members had already been registered as Directors of same, but they were acting only as temporary Directors for the time being, as according to the Articles of Association a full meeting of the shareholders should be held not later than June 26th for the election of a new Board of Directors. In the meantime, however, the primary object of the present Directors and the 27 guarantors was to provide a suitable Sportsfield for the benefit of the town, and he was glad to be able to say that so far all had worked most loyally and harmoniously towards securing that desirable object. With that end in view the Directors had now set aside portion of the Sportsfield to be used as a Tennis Court so as to give the ladies and gents of the town a full opportunity of enjoying themselves during the summer months, and the object of calling that meeting was to give them a chance to form a Tennis Club for themselves, as they felt that the interests of the ladies had been rather neglected so far. He said the Tennis Club when formed would be conducted entirely by its own members, as the members of the Town Park Committee desired to have no control or authority whatever in the conduct of the club, but would render every possible assistance in their power, and when it came to arranging terms as regards renting and other details, the Tennis Club would not find them unreasonable in the matter. He thought it only right to refute a malicious rumour which had been circulated recently to the effect that the Tennis Club would be confined exclusively to Catholic members, as there was nothing further than the thoughts of the promoters than that there should be any distinction as regards class or creed, and it was well that it should be known that everyone was welcome to join as it was intended to have the club run on purely non-sectarian and non-political grounds, and purely as a sporting institution and nothing else. He then outlined the programme which he suggested should be adopted, and that was the election of an entirely independent committee to manage the Tennis Club, and said such a committee could always rely on the whole-hearted support and co-operation of the members of the Town Park Committee, who were only too anxious to make the club a success.

The Chairman said the first thing to be done now was for somebody to propose that a Tennis Club be formed for Cappoquin, and having done that, they could then elect their own committee and officers, and he would now hear any proposal to that effect.

Mr. J. J. Barron then proposed, and Mrs. P. Ryan seconded, that a Tennis Club be formed for the town, and this was carried unanimously. Mr. Conway said he would like to know how many members it was proposed to have on the committee. The Chairman said this was a matter for the meeting to decide, and after a short discussion it was agreed to elect a committee of 13—8 ladies and 5 gentlemen—and the election of same was then proceeded with, and resulted as follows—Mrs. Conway, Mrs. Spillane, Miss Lacey, Miss Lincoln, Miss P. Dempsey, Miss M. Kerfoot, Messrs. Frank Meade, R. Bell, Geo. F. Healy, A. Dawson, J. J. Smith and Jas. McGrath.

Mr. J. J. Smith was originally elected on the committee, but Mr. Smith asked to have her name taken off, as she knew little or nothing about the game, and he proposed that Mrs. Conway, who was an expert player and knew everything about tennis, should be substituted instead.

Mr. Conway at that proposed to give the amount of subscription if they had some idea as to the number of members who would join, and he asked those present to signify their intention of joining by holding up their hands, which all present immediately did, and the Chairman said that was a very satisfactory response. Several matters of detail having been dealt with by Mr. Conway proposed a vote of thanks to Mr. Dawson, Dromana, and others who had come some distance to support the movement, and this having been carried, Mr. Meade proposed a cordial vote of thanks to Mr. Ebrill for so ably presiding, and this was seconded by Mr. Smith and passed with enthusiasm, which concluded a highly successful and harmonious meeting.

A meeting of the committee was subsequently held when Mr. Smith was elected chairman; Mr. Bell, treasurer, and Miss Kerfoot and Mr. Meade joint hon. secs., and the scale of membership fees and other details decided on, all these matters to be submitted to a full meeting of all the members for ratification later on.

### YOUGHAL URBAN COUNCIL.

Present—Messrs. M. Whelan, chairman; W. J. Broderick, A. J. Fowkes, P. Kennelly, T. Harrington, B. A. Little Merrick, R. C. Farrell, M. J. Broderick, A. W. D. Murphy, P. J. O'Gorman, P. C.; J. Troy, P. J. McMahon, P.C.

On the proposition of Mr. Harrington, seconded by Mr. Kennelly, a cheque for £100 was passed for the week's wages.

Mr. D. Broderick—that is small. It is counting down.

**Ferry Service**

The following letter was read:—"Irish Tourist Association, Cork, 10 May, 1926. Dear Sir—While sincerely congratulating the council on the great improvement effected in re-establishing a motor ferry, I would be obliged if you could inform me whether the existing Charter comprises, or can be extended to comprise, the embarkment of passengers at Youghal Strand. I have mentioned the matter to the lessee, and he appears to approve of the idea. He informs me that a slipway would not be absolutely necessary, but merely a cable and a shallow, or pontoon, boat to transfer the passengers. The route could be—Strand, Market Slip, Ferry Point and the return would be Ferry Point, Market Slip Strand. This service would undoubtedly be welcomed by all your visitors, and would prove a genuine attraction. It should also be a success financially. It would lead to a development in the letting of boats and launches for hire, and the organisation of little pleasure trips round the bay and harbour. In my opinion some beginning should be made in the interests of Youghal and of your visitors. As secretary of this important Association, I have constantly to listen to what appears to me to be well-grounded complaints of dullness of Youghal Strand from the adults' point of view. Speaking commercially I need hardly point out to you that every insistent demand should be dealt with on its merits and I look to the Improvements Committee of the Urban Council to give a lead.—Yours truly—C. Flynn."

The Clerk asked that the Charter of the Ferry didn't preclude the council from running a boat from any other point that it thought suitable as well as the Ferry Slip, but the boat must land at the Ferry Point and the Ferry Slip.

Mr. W. Broderick would not favour any change till they saw how the scheme worked.

The Chairman said the boat was not yet running. When she was they could consider the matter.

Mr. O'Gorman pointed out that it was a good distance from the terminus to the Ferry Slip, and it would therefore be a great convenience to visitors if they could start from the Strand. He heard many complaints on that point in past years. There was no good putting it on the long finger.

The Chairman said they could not decide finally that night. It would not be put on the long finger.

Mr. W. Broderick said he was not hostile to the proposed change, but there were times when landing outside was impossible.

Mr. McMahon—Has the lessee's bond been signed? Clerk—No. Mr. McMahon—Then we can't deal with the matter now. The question was ultimately adjourned.

A letter was read from the L.G. asking for the grounds on which the council had extended the rates for the collection of the rates (laughter).

Mr. McMahon—Tell them that we don't agree with the statement that the country is booming; we haven't all big jobs.

Chairman—We haven't £1,000 or £2,000 a year and a bonus. The Clerk said he had replied that the reason for granting the extension was the extreme depression prevailing in trade in general.

The council expressed approval of the clerk's reply.

The Market House. The Collector wrote stating that Mr. Murphy had promised at first to ask the council for an extension of time to vacate the Market House, but he now refused to give up possession. He (the collector) had placed the matter in the hands of the board's solicitors (Messrs. Hodnett) with instructions to take proceedings for the recovery of the premises.

Mr. McMahon—Hear, hear. If Mr. Murphy is going to fight the council he is up against a tough proposition.

The Clerk said a letter from the Department, in connection with the remuneration made to those engaged in counting the votes at the last Urban Elections. The Department allowed for 500 votes where there were actually 568, the clerk calculating at 600.

Chairman—I do hope they will exercise a similar economy in all Government Departments (hear, hear).

vengeance. The order says 4/10 per 100, and surely one is justified in dealing with 568 votes as 600.

The Chairman said that was mean chattering. If they force economy like that all round the country would soon be on the pig's back.

The council unanimously approved of the clerk's action.

**Technical Classes.**  
The following letter was read:—"Gentlemen—As Secretary of Youghal Technical Instruction Committee, it is my duty to correct an inaccurate and misleading statement in regard to the attendance at the classes made at your meeting of April, 1926. According to the Press report, a statement was made that the average attendance at the classes last session was only 6. That statement is not in accordance with facts. The average attendance at last year's classes was over 60. The average at one particular class may have been only 5. What about the other classes? Anyone reading the Press report would be led to believe that only 6 students attended the classes. Apparently the council took that view judging by their remarks. I have not now in my possession, but can procure them if necessary, last session's figures. I have, however, the numbers for the present session. You can see that there is a vast difference between actual and average attendances. Owing to the long evenings there now is and will be for the remainder of the session a large falling off in the attendance, and it is quite possible that when returns are made out at the end of the average at "A" Class for the whole session may not be more than 6. It is not my intention to write anything of a contentious nature, but to give the council necessary information. That information is always at the disposal of the members of the Technical Committee. Some of the council members may not be aware of the disadvantages under which the classes have been conducted in the past. The only room we had was the manual instruction room in the Christian Brothers Schools, the size of which was about 30ft. by 15ft. Originally equipped for 16 boys, and being small even for that purpose. Yet we had to fit 16 adults to work there. As well as benches and equipment, it had to suffice as store room for timber, for the articles made by the students for coal and all other requisites in connection with the classes. The art class was equally handicapped and had to manage as best it could with the ordinary school desks and makeshift appliances. The wonder is that students had the patience and perseverance to attend year after year. With all these disadvantages the students of the classes, and especially of the art class, took first prizes in competition against Cork, Dublin, Belfast and other art schools at the Cork and Dublin Shows. The work done in the Youghal Art Class has been recognised for its excellence and artistic refinement in all parts of Ireland. I am not praising the work. I am simply stating facts. The remarks about waste of money and no return for the expenditure is apparently based on the same misunderstanding. I leave the work of the students to answer that point. I am really thankful for the accurate statement that the members of the Technical Committee generally take no interest in their duty. That is quite true. With the exception of the chairman (Very Rev. Canon O'Donoghue), Mr. O'Gorman and Mr. Kennelly, the committee have taken no interest whatever in the work of the classes. I would respectfully ask the council to consider their responsibility in the matter. The majority of the committee have not acted and apparently will not act. Are the council satisfied? You have now got a Technical School. It is your school. For the first time there is an opportunity of developing and extending the scope of the school and of getting classes in any subject you consider desirable for the district. The success or failure of the scheme will depend on a large measure to the committee you appoint. The teachers will do their part, but they cannot do the work of the committee. It has been asserted that neither parents nor students take any interest in the classes. The fact that between October 1st and May 1st there has been a total of 1968 attendances at the classes is, I think, sufficient reply to the statement. I now tender to the council collectively and individually a general invitation to visit the classes at any time and judge for themselves if we are performing useful work. We want publicity. We want work to be seen and made known. We believe that the more it is known about our work the better it will be appreciated.—Yours etc.—E. Ryall."

Mr. Kennelly said he adhered to the opinion he expressed at the last meeting. The members of

the Technical Committee had neglected their duty and the classes were not availed of to such an extent as would justify the expenditure of them.

Chairman—When the new school starts fully equipped you will have greater interest taken in the classes and there will be a big increase in the number of students.

Mr. O'Gorman said the statement they had heard read would go a long way to clear up any misunderstanding, and he thought that the figures taken as a whole were satisfactory.

Some discussion having taken place regarding the secretaryship, the Clerk was directed to obtain information on certain details from the County Technical Committee.

**Gas and Electricity.**  
An application was received from a resident on the Upper Strand for the erection of an additional gas lamp.

Mr. McMahon proposed that they adjourn the matter till the completion of the Shannon Scheme (laughter). No action was taken.

**WATERFORD COUNTY COMMITTEE OF TECHNICAL EDUCATION.**

**ELECTION OF CHAIRMAN.**  
A special meeting of the above was held on Monday last. Mr. Bremock, P.C., vice-chairman, in the chair. Also present—Messrs. J. Curran, T. Power, Wm. Stack, D. Coughlan, J. Walsh, M. Griffin, E. O'Brien, M. J. Keane and J. Butler, T.D.

The Secretary said the first item on the agenda was the election of a chairman, as since the resignation of Rev. L. Egan, C.C., the committee were without a chairman.

Mr. Frater—I propose Mr. Power for the chair. Mr. Curran seconded.

Mr. Walsh proposed that Mr. Bremock be elected chairman. Mr. Griffin seconded.

On a poll being taken the voting was—For Mr. Bremock—Messrs. Griffin and Walsh—2. For Mr. Power—Messrs. Frater, Coughlan, Stack and Curran—4. Messrs. Keane, Power, O'Brien and Bremock did not vote.

The Chairman declared Mr. Power elected.

Mr. Power, on taking the chair, returned thanks for being elected to the position, and said he would do his best to follow in the footsteps of the late chairman (Rev. Fr. Egan).

**Irish Classes.—Reduced Rates.—Schemes for 1926-27.**  
The Secretary submitted a scheme for the teaching of Irish for the 1926-27 session. He explained that the reduction of the rate for Irish by the County Council resulted in a curtailment of the funds available last year by £452. The committee had an accumulated fund of about £1,000. Of that roughly £800 was received from Irish classes and the balance from other subjects. The scheme submitted could be carried through by the addition of £260 out of the accumulated fund, whereas to carry through the same scheme as was in operation last year would require about £700 out of that fund.

The scheme provides for the abolition of 13 part-time teachers.

After a lengthy discussion Mr. Keane proposed, and Mr. Stack seconded, that the scheme be adopted.

Mr. Bremock protested against the curtailment of the classes.

**Irish Examiners.**  
The appointment of examiners for this year's examination in Irish was then proposed. The Secretary said that last year the examiners were Rev. Fr. Walsh, Lismore; An Fear Mór, Ring; Mr. W. Meenan and Mr. D. Cullen, Grange.

The committee decided to have the same examiners this year.

**Incements.**  
The Secretary stated that he had received from the Department a letter to the effect that the Manual Instructor (Mr. Halpin) and the Instructor in Domestic Economy (Miss O'Neill) stated that both were entitled to an annual increment of £8 until the salaries reached £200 and £180, respectively.

Mr. Bremock—that is as regards length of service, and both are well entitled to it.

**Delegates to Annual Congress at Kilmaree.**  
On the proposition of Mr. Curran, seconded by Mr. Frater, the Chairman and Mr. Stack were appointed as delegates to the annual Congress.

Mr. Butler suggested that the delegates raise the question of increasing the value of the day trade scholarships from £20 to £40, which the committee had previously decided to do.

**Dungarvan Show.**  
The Secretary said at the last meeting the committee decided to have an exhibition of the work done at the several classes throughout the county at the forthcoming show. As the Show Committee were unable to provide a covered stand, he had got quotations for tents for that day. He would require a tent 40ft. x 30ft. and the price would be £3 15s. for three days or £5 for one week.

Mr. Keane said the committee should approve of getting the tent. He would propose they get it for three days. Mr. Griffin seconded the proposition, which was passed.

No Reduction in Salaries—The L.G.B. has notified the County Council that they could not sanction the proposal to reduce the salaries of officials. On the question of reduction in rate collectors' pay, the Minister would not sanction the reduction proposed, but agreed to the following conditions for the future—Funding at 75% in the 2nd year, 80% in the 3rd year, and 85% in the 4th year.

At Wool Repp, very nice quality in the season's newest shades, suitable for two-piece frocks, etc. 5/6 and 6/6. W. and G. Hadden, Ltd., Drapers, Dungarvan.

yield of Major Yates' dairy Shorthorn cow Clara's Beauty, that gave 4lbs. 10oz. of butter to win the tests at the London Dairy Show of 1923, on which occasion her season's milk—another Shorthorn—gave 4lbs. 4oz.

"Beauty" was purchased as a heifer by Mr. Paul Duns, Shannon Dairy, Dungarvan, from the late Mr. Ed. Phelan, Kilmacshoma. Subsequently Mr. Duns sold her to Mr. Thomas Connors, Faha, who sold her to the Agricultural Students' Department, Mount Malerray. On the 23rd March last she gave birth to twin bull calves by the Mount Malerray Stock Bull—"Drumstair Star"—whose dam, "Orphan Princess," was Ireland's first 2,000-gallon cow. Her milk yield has been certified by the officials of the Department of Agriculture.

It has been already admitted that the best dairy cows in Ireland are in the Co. Waterford, and the excellent performance of "Beauty" are conclusive proof of how excellent is the stock produced locally. We have no reason to doubt that there are plenty more in this county that if properly treated and duly tested would prove worthy of the class from which "Beauty" is sprung.

CHAMPION DAIRY COW. MOUNT MELLERAY RECORD-BREAKER. BRED IN KILMACHOMAS. The London Correspondent of the "Cook Examiner" writes as follows—Widely-read fame has fallen on a cow called Beauty, owned by the Community of Mount Mellerray, owing to the circulation by the Dairy Shorthorn Association of a record of her achievements. Beauty, it should be explained, is a registered dairy Shorthorn. In a period of seven days her milk, which was separated and churned separately, produced 28lbs. 5 ozs. of butter, an average of over 4lbs. a day. Beauty's daily average of milk at present is stated to be 10 gallons of 4 per cent. fat. The Dairy Association gives the following comparisons to show the value of Beauty's achievement. "At the Chester Royal Show in 1923 the highest yield in the 24 hours' test was 21lbs. 13ozs.; at the 1924 show, held at Leicester, 31bs. 4ozs. was not exceeded. The best production in the butter tests at the London Dairy Show of 1925 was 31bs. 3ozs., while at the 1924 show the highest yield was no more than 21bs. 13ozs. Beauty's performance eclipses the notable

TROUT FISHING. In order to be a successful angler, it is necessary that one should pay particular attention to the selection of his fishing tackle. One of the most important items is the artificial fly. We devote a special department to the care and selection of trout flies, which are all handled from carefully selected materials. The gut is particularly fine drawn and selected, and the wings are matched so as to be exactly the same as the real fly. Every hook is made from the finest steel, and will stand the heaviest work. We have over 200 varieties in stock, and every fly is guaranteed true to name. We sell them at the lowest possible price consistent with quality, namely, 1s. 6d. per dozen, post free. Address: HARFUR BROS., Wholesale Fishing Tackle Merchants, Waterford.

A Stitch in Time

Don't let your Cough or Cold develop. Save yourself unnecessary suffering and expenditure by using Pectorine Cough Balsam. For Coughs, Colds, Influenza, Bronchitis and all Chest and Lung Affections. It soothes the chest and softens the hacking cough. It cures the phlegm and carries it away painlessly, thus clearing the respiratory passages and making the breathing easier. Remember the best time to treat a cold is in its beginning, yet Pectorine is particularly good in the treatment of coughs of long standing. For ASTHMA—A double dose at night lessens or altogether prevents the attack. INFLUENZA AND COLD IN THE HEAD—One dose of Pectorine repeated every three hours will neutralise the influenza poison in the blood, and protect the Chest and Lungs against Pneumonia or Pleurisy. Price 6d. and 2s. 6d. per Bottle, or Post Free 2s. and 2s. 3d. Obtainable only at—The PHARMACY, Ltd., Bridge St., DUNGARVAN.

The quarterly meeting of the County Council was held in the Town Hall, on Tuesday, 18th inst., and was presided over by Mr. J. Sheehan, T.P., Mayor. Present: Messrs. J. Sheehan, T.P., Mayor, M. Brennan, P.P., Mr. M. McGrath, P.P., Mr. N. Fitzgerald, P.P., Mr. J. D. Walsh, B. S. O'Donnell, W. A. Walsh, D. Heskin, L. Walsh.

Mr. Sheehan, in the absence of Mr. E. Beary, T.D.C. of Glenties, presided over the meeting. The Mayor, in his opening remarks, stated that the County Council had a very busy session ahead of it, and that he hoped the members would be able to give their full attention to the business of the Council. He then referred to the report of the County Surveyor, which was read by Mr. J. D. Walsh. The Surveyor's report dealt with the maintenance of the roads, the drainage system, and the water supply. He stated that the roads were in a satisfactory condition, and that the drainage system was working well. He also mentioned that the water supply was adequate for the needs of the County. The Mayor thanked the Surveyor for his report, and expressed his confidence in the County Council's ability to deal with the various matters mentioned in it.
