

Dungarvan District Court.

Hold on Wednesday, before Mr. Troy, D.J.

UNLICENSED DOGS.

Sergeant Keogh, Cappagh, charged Michael Healy with having three unlicensed dogs. The case was adjourned until next court to enable defendant to take out the license.

The same complaint charged Stephen Healy with having two unlicensed dogs. The same order was made.

Guard Navin charged John Shea with having one unlicensed dog.

A fine of 4s mitigated to 2s, was imposed.

Guard O'Connor charged David Hally with having two unlicensed dogs.

Defendant said they were greyhound pups six months old.

The case was adjourned to allow defendant to take out a license.

The same complaint charged Denis O'Mara with having one unlicensed dog.

Defendant, who said he had no dog now, was ordered to take out a license, and the case was adjourned to next court.

WANDERING ANIMALS.

Guard Sweeney charged Wm. Croxey and James Downey with allowing animals to wander on the public road.

Croxey was fined 2s. and costs and the case against Downey was marked D.W.P. as the wrong man was served.

NO LIGHT.

Guard O'Connor charged Thos. O'Donnell with using a jammed car without a light. Fined 5s. and costs.

OCCASIONAL LICENSE.

Mrs. Mary Egan, Hibernian Hotel, was granted an occasional license for January 4th in connection with the Dungarvan Farmers' Union Dance.

ASSAULT CASES.

Bridget O'Connor, Thompson's lane, charged James Lannon, Dan Donovan and Mrs. Donovan with (1) assault and (2) damage to her window and delph, etc.

There was a cross-case by Lannon against plaintiff for assault.

Mr. Spears, solicitor, appeared for the plaintiff, and Mr. Ryan, solicitor, for Lannon.

John Finger, defendant, next gave his evidence in Irish.

Mr. Murphy—Sit down and answer me in English.

Witness—Have you any Irish? Mr. Murphy—No.

Witness—Then you ought (laughter). By Mr. Murphy—Witness, saw plaintiff taking stones out of a gap, but could not remember the date. Witness did not use any threatening language to plaintiff and never put his stick in plaintiff's mouth.

There was no cow belonging to witness found on plaintiff's land on October 15th.

The Justice dismissed the charge of assault and fined the defendant 5s. and costs for trespass.

LICENSING PROSECUTION.

Supt. Murray charged Mr. P. Wall, O'Connell street, with a breach of the Licensing Act on October 30th. A man named Dunphy was summoned for being on the premises.

Mr. Murphy (Williams and Son) defended.

Guard Sweeney deposed he was on public-house duty on October 30th at 9.45 p.m. He entered the premises of Mr. Wall. He asked Mr. Wall if he had any one on the premises and at the same time Guard Navin, who accompanied witness, opened the door of the snug and Dunphy came out. He asked Mr. Wall to account for him and Mr. Wall said it was not closing time yet. It was 9.45 by witness's watch and 9.40 by the clock in the bar.

Mr. Wall said the drink was served before 9.30 and Dunphy said he was finishing his drink.

Witness, cross-examined by Mr. Murphy, said there was no attempt by Mr. Wall to evade his questions. To witness's knowledge Dunphy was never a prosecution defendant.

Guard Navin corroborated.

Patrick Wall deposed on the night in question he served the last drinks at 9.30 minutes past 9. He asked the customers to leave at 9.30. There were two men in the snug whom he asked to leave also. One man left and Dunphy said he should go to the yard and he went. He just came in from the yard and witness told him to finish his drink. At the same time the Guards came in. His clock was only 94 minutes past 9 when the Guards entered.

To the Superintendent—John Dunphy and a man named Morrissey were in the snug. At 9.30 Morrissey went out and Dunphy said he had to go to the yard. His clock was right by the chapel bell from which he always took the time.

John Dunphy deposed he went into the shop with Morrissey. He was caught at 9.30 minutes to 10. He thought he could have five minutes' grace. His watch was 9.35 to 10 when the Guards were there.

To the Superintendent—He went to the back to get his overcoat. He did not produce his watch to the Guards, as he was not asked. He could be right as well as

Kilmacthomas News.

G.A.A.

Two hurling contests in connection with the gold medal tournament promoted under the auspices of the Kilmacthomas Hurling Club in aid of the Duroo Handball Club were billed for the local Sportsfield on Sunday last. The day was fine and a fairly large crowd lined the arena. Part-law and Dungarvan were to have met in the opening match, but the latter failed to field owing to the fact that a number of their leading players were imprisoned without trial.

Erin's Own (Waterford) and Kilmacthomas Seniors were set in motion by Mr. F. Drohan, and the onlookers were treated to an hour's exhibition of fast, clean, scientific hurling, appreciably exciting from start to finish. Playing with the wind in the first half, the visitors registered 1 goal 1 point against a virgin sheet for the homesters. In the second period the city men hoisted the green flag on three occasions. Kilmacthomas set wide repeatedly, the forwards proving exceedingly erratic marksmen. These were few and far between, but the best they could do was to notch 1 goal 1 point. The final score was—Erin's Own, 4 goals 1 point; Kilmacthomas, 1 goal 1 point.

For the winners the Bro. Vane, Rodgers, Vardy, Roche and Cunningham played best; while the home lot were admirably served by Power, Kierney, Healy, McCormack, Barry and Kirwan.

The Bonmahon Fife and Drum Band discoursed a choice selection of National airs during the evening.

Further matches in connection with the tournament will be announced in due course.

BREVITIES.

At a Whist Drive brought off in Newtown National School on Sunday night the prize-winners were—Mrs. Maloney, Ballyduff; Miss Maher, Kilmacthomas; Miss Cummins, Newtown; Mr. Harney, Ballyduff; Mr. Lawler, Kilmacthomas; and Mr. Cunningham, Carrigrohane. There were 120 players present. The top score was 191 tricks.

The Temperance Hall, Kilmacthomas, is now supplied with electric light from Mr. Ed. Hill's dynamo.

DEATH OF A PRESENTATION NUN IN DUNGARVAN.

The death of Sister M. Baptist Dowdy occurred at the Presentation Convent, Dungarvan, on Monday last. She entered the convent in 1861—56 years ago—at the age of 16 years. Her death, which was very holy and edifying, is deeply regretted by the community. On Tuesday there was Office and High Mass, for the repose of her soul at which the following priests attended—Very Rev. Canon Furlong, P.P., V.F., Dungarvan, presided. Also present—Very Rev. Canon Burke, P.P., V.F., Lismore; Rev. J. Walsh, C.C., do.; Rev. F. C. Prendergast, P.P., Talloir; Rev. J. Lannon, P.P., Stradbally (stephen); Rev. J. A. Kirwan, P.P., Kilmacthomas; Rev. P. Cusack, P.P., Fowinstown (cousin); Rev. W. J. Walsh, P.P., Abbeystead; Rev. J. Cullinan, C.C., do.; Rev. J. Nugent, P.P., Ring; Rev. J. Foley, P.P., Kilmobinet; Rev. D. Power, C.C., do.; Rev. P. Meskill, Adam, Cappoquin; Rev. J. Crutty, C.C., do.; Rev. M. Power, Carrigrohane; Rev. L. Egan, C.C.; Rev. M. F. Heane, C.C.; Rev. P. P. McGrath, C.C., Dungarvan; Rev. J. Gleeson, P.P., Aghlish; Very Rev. T. Conlon, O.S.A.; Very Rev. R. Walsh, O.S.A.; Rev. P. Donagan, O.S.A.; Rev. Fr. Butler, G.S.A., Dungarvan. The celebrant of the Mass was Rev. P. F. McGrath, C.C.; deacon, Rev. J. Walsh, C.C.; sub-deacon, Rev. D. Power, C.C.; master of ceremonies, Very Rev. J. A. Kirwan, P.P.; chanters, Rev. L. Egan, C.C., and Rev. M. Heam, C.C.

The interment took place in the cemetery attached to the Convent in the presence of a large concourse of relatives and friends. R.I.P.

the Guards, but they are going in your eyes.

Mr. Murphy said the offence, if any, was very trivial. There was no attempt to evade the law. He would ask the Justice to apply the Probation of Offenders Act in the case.

Supt. Murray said they did not wish to press the case, but Mr. Murphy, who had an opportunity of proving the time, did not do so.

The Justice said as regards the Probation of Offenders Act, under the recent decision of the High Courts he was tied by that in this case. He thought Dunphy succeeded in wiping out the defence.

He would impose a fine of 5s. and costs on the publican and 10s. and costs in the case of Dunphy.

OPENING OF CINEMAS ON SUNDAYS.

INTERESTING DISCUSSION AT LISMORE.

At the monthly meeting of the Lismore Town Commissioners held in the Carnegie Free Library on Monday night, Mr. Thomas Croxey (chairman) presided, and the other members present were—Messrs. J. C. Heelan, D. Noonan, M.I.A.A.; E. Shea, Timothy Dugan, J. Keyes and E. Murphy.

Some routine business having been disposed of, the Mayor, Mr. Croxey, presided and read a letter from Mrs. E. Hynes, on behalf of the Lismore Cinema Co., asking to be informed under what Act or Statute the cinema license which they had originally held for seven days each week had been restricted to six nights only, thereby depriving them of the right to open their cinema in Lismore on Sunday nights as previously enjoyed.

The Clerk explained that this matter had been raised at a previous meeting, and in consequence of the points then raised, he had written to the Minister of Justice asking what powers the Commissioners had in the matter. At the last meeting he had read a letter from the Minister of Justice stating that he "had been advised" that the Local Authority had power to restrict licenses as regards opening the cinema on Sunday nights.

The Chairman said that should have finished the matter so far as the powers of the Commissioners were concerned.

Mr. Heelan said he did not agree with the Chairman's view, as that letter simply said the Minister of Justice "had been advised," etc., but he did not specify under what Act or Statute they had the power to restrict licenses for the opening of cinemas, already granted by them. He maintained that the Town Commissioners should give full information to the Lismore Cinema Co., and show them fully under what particular Act they were now curtailing the 7-day license previously held by them. This matter may yet lead to costly litigation, and were they prepared to squander the money of the ratepayers by facing such costs now?

Chairman—No, we are not prepared to face the costs, but in any opinion the matter is finished with us.

The Clerk said the license fee of £1 had been paid.

Mr. Heelan—The Minister for Justice says "he is advised," and that is not an authority surely. He contended that the Commissioners had no power to curtail a 7-day license to six days.

Mr. Murphy—You may as well say we had no power to grant a license for a month, and we granted an unconditional license for one month.

Mr. O'Shea asked the Clerk to again read the letter from the Minister of Justice read at the previous meeting, and this having been done, Mr. O'Shea said that letter would save the Commissioners from any financial responsibility in the matter.

Mr. Heelan—The Minister of Justice says he is advised, but the County Council have granted numerous licenses throughout the country and they have not curtailed any of them, and we appear to be the only party who have made a 7-day license into 6 days.

Messrs. Noonan, Murphy and the Chairman together exclaimed "We are not. See the Limerick Corporation."

Mr. Murphy—And Youghal.

Mr. Heelan—Youghal hold their alter devotions.

Mr. O'Shea said the Waterford County Council had on the agenda a notice of motion on the subject from Mr. McNeill for the last meeting asking that all future cinema licenses should be granted for 6 weeks only, and that was adjourned for the attendance of Mr. McNeill.

Mr. Heelan—Mrs. Hynes enjoyed a 7-day license and only asked for a renewal of that, and you have no power to curtail it.

Chairman—You think so.

Mr. Heelan—You take Tallow, Dungarvan and Kilmacthomas.

Chairman—The Act gives us power to do as we have done.

Mr. Heelan—Show me the Act? I would like to see it, and I would like very much to hear the Clerk's opinion on the matter. Clerk—I would only have a lay opinion to give.

Mr. Heelan—The Minister of Justice is too diplomatic altogether when he only states "he is advised."

Mr. D. Noonan said the matter had been raised that night, he would like to explain his position, as he had been questioned by certain parties as regards his action in voting against the opening of the cinema on Sunday nights at the last meeting. He then referred to the remarks made by the Bishop on the occasion of his last visitation to Lismore when he appealed to all good Catholics to set their faces against the opening of the cinema on Sunday nights, and it was strictly in compliance with the Bishop's appeal that he had voted against a Sunday license being granted at the last meeting. He had no excuse or apology to offer to anybody for his action on that occasion, and if a similar question came before them again he would vote exactly the same way, even if his own brother were the applicant for

STRADBALLY COURSE MEETING.

The members of the Stradbally Coursing Club were very fortunate in the matter of weather at their annual meeting held at Mr. George Crowley's farm (by kind permission of the owner) on Thursday week, as from the start to the finish of the proceedings the climatical conditions were ideal. The attendance was large and the pretty little seaside hamlet presented an animated scene throughout the afternoon. Perhaps the best tribute we can pay to the energetic committee and their staff in charge of the day's programme is to state that the meeting was a tremendous success in every shape and form; but Mr. Thomas Cashin, the general secretary, is deserving of special mention since it was upon his shoulders fell the major portion of the work of organizing and carrying out of the fixture, and right well indeed he filled the heavy part allotted to him. The hares were in rattling form and provided tip-top trials. Mr. James Hally acted as judge, and Mr. Thomas Hally was slipper. The first brace of dogs were in slips at 1.30 p.m. Details—

CARRICK-ON-SUIR URBAN COUNCIL.

Mr. R. Clary, chairman, presided.

On the proposition of Mr. Davin, seconded by Mr. Galvan, it was decided to ask the South Tipperary County Board of Health to pay each person in receipt of Home Assistance double the weekly amount on Xmas Eve.

It was decided to make it known to the public that the fire hose is kept at the Town Hall and the key of the place in which it is kept at the Civic Guard Station.

It was decided, on the proposition of Mr. Davin, to approach the L.G. Ministry for a grant for road work in Carrick-on-Suir.

The council, in reply to a report from the L.G. Medical Inspector (Dr. McCormack) to direct the Clerk to inform the L.G.D. that the council have no money to carry out a sewerage scheme or pay a qualified Veterinary Inspector.

The council decided to ask the Civic Guard authorities to direct the local Food and Drugs Inspector to take samples of milk more frequently.

Mr. Davin complained of the disgraceful state of the streets.

Mr. Morrissey, S.S.O., said since the County Council took over the main roads and the Urban Council's staff of men was reduced to three, it is impossible to keep the streets in proper condition.

The S.S.O. was authorized to employ extra men to keep the streets clear during the winter.

YOUGHAL LADIES' CLOTHING SOCIETY.

At the usual weekly meeting of the Youghal Ladies' Clothing Society for the Poor, a remittance for £7 16s. 1d. was received from Misses R. Davis and Miss Madge Wall, being the proceeds of a recent entertainment.

The treasurer was directed to convey to those ladies the cordial thanks of the Society for their gracious and charitable action.

THE TALE OF A BADGER AT LISMORE.

The killing of a badger may seem a simple incident; the killing of a magnificent badger something more important; but when over the dead body of the badger is built an organization embracing both Great Britain and Ireland is initiated a great & unprecedented daring, when, indeed, the village incident has assumed international importance, then it is time for the Press to take notice.

We refer to the great Mounted Badger Drawing (Optional Prize £3 10s.) in the Harrington Hall, Lismore, on December 30th. Already tickets have been sold in places so far distant as Chicago, Manchester and Dublin. Blocks have been returned with names representative of all classes. There is no club organization behind the scheme; no charitable appeal. It is purely enterprise from beginning to end.

The drawing, supervised by an influential and representative local committee, will be followed by a Cinderella Dance, which promises to be one of the most brilliant functions in the social life of Lismore for many years—an event to be spoken of for years to come, an episode in the life of all present, both young and old. (See advt. columns).

MOTOR LICENSES.

Under the Finance Act of 1926 the new duties in respect of motor cars and lorries, etc., come into force on January 1st, and already the Local Taxation Officer has issued application forms to all owners of vehicles registered and licensed in 1926. The declaration forms, refer to private cars, motor cycles, motor bath chairs, commercial goods vehicles, road locomotives, agricultural engines, motor ploughs, motor tractors, motor hackneys, etc. All heavy vehicles must be weighed. With the exception of Road-rollers, 65 per cent of weight were made in Cork and for which the license duty is £10, the tax on all other cars is increased under the B.A.C. rating, which is now being put in force. All steam engines and trailers, hauliers, etc., must be licensed and duty paid up before they can take to the road. Even a motor plough must be licensed, even though it will be used almost exclusively in the fields. Further, all the engines, breakers, rollers, tractors, vans, etc., used by the County Councils in the making of the public roads have to be licensed except that exemption forms may be applied for in the case of steamrollers. To levy a motor tax on the County Council gear is scarcely fair to the ratepayers at large, who will thus be called upon to face another huge bill. The new taxes on steam wagons will be £105 with £12 for each trailer, and the tax on motor cars will vary from £47 down to £10 for the new Ford. The result will be that the road fund intended to raise in a big sum over that levied in the past. But while the heavy motor lorries and steam wagons do most of the destruction on the highways, their owners can recoup the tax from the public which they serve, the private motor owner, whose tax is increased, and who used very little of the road, has got to suffer. Anyhow there is no chance for anybody trying to use the road without a license, and the sooner all cars, vans, lorries, etc., are duly licensed in the new year the greater will be the peace of mind of their owners, as we understand the law will be strictly enforced. All information can be had on the subject from T. Casey, Local Taxation Officer, Dungarvan.

CINEMA NEWS.

A very attractive programme will be screened at the Cinema on Sunday night. The music will be a special feature under the direction of Herman Goble (late leading violinist at the Conservatoire, Frankfurt) at the piano, Madama Debrae Cusack (the brilliant solo pianist of Queen's Hall and Royal Academy of Music, London). On Thursday night a thrilling super drama entitled Winds of Change will be screened. The story is adapted from the popular novel by Rex Beach and features an all-star cast, including Don Lyon, Viola Dana, Anna Q. Nilsson, Victor MacLagen and thousands of others. "Winds of Change" is another "See Hawk." The production is as big, as thrilling, as brilliant, as spectacular and marvellous. In 10 reels. For further particulars, see posters.

RING MURDER CHARGE.

At Dungarvan District Court on Wednesday, before Mr. Troy, D.J., the case of the Attorney-General v. Patrick Troy, Moonrack, Ring, for the murder of his brother at Moonrack, Ring, in 1924, was called. Troy had been in custody for a few weeks.

Mr. Ryan, State Solicitor, said that the evidence in connection with the case was submitted to him. He went into it very fully and he now took the responsibility of asking to have the accused discharged. The accused was then discharged by the Justice.

IRISH DAIRY PRODUCE.

INTERESTING LECTURE.

At the University College, Cork, an interesting address on "The Improvement of the Irish Dairy Industry" was delivered by Mr. Poole Wilson, Chief Inspector of Dairying in the Free State.

Mr. A. Poole Wilson spoke to them as a student to students. It was about 30 years ago that he first came to Cork to teach a class of creamery managers in the Munster Institute. That was a long time ago, and many changes had taken place since then.

The remedy lay in adopting Cow-Testing Associations and in the formation of Cow-Testing Associations, and by the use of the knowledge to be obtained from them.

The first Cow-Testing Association in Ireland was formed in Lisarda, County Cork, about 1907 or 1909, and from that single Association had sprung up the 208 Associations they had to-day, and that were still growing, with 4,670 members and over 55,000 cows under test.

Every creamery manager should know how to groom a cow, how to milk a cow, and clean out a byre, so that they could demonstrate to the suppliers, who sent in dirty milk, how to remedy the defects on the farm.

It was for the student to study and preach, in season and out of season, the value of cow-testing to those supplying milk to the premises they might be employed in or managing.

Youghal District Court.

Before Mr. G. P. Farrell, D.J.

FITZGERALD v. DUNNE.

This was a civil bill for £10 by Mr. Laurence Fitzgerald, Lismore, against Capt. Dunne, Cork Hill, Youghal, for damage by breach of covenant in connection with a house let to plaintiff by defendant. There was also a counterclaim for £18 15s.

Mr. J. L. Keane for plaintiff, and Mr. Wm. R. Hodnett for defendant. Mr. Keane said the case was rendered interesting by reason of the counterclaim, of which they had heard nothing till after the service of the civil bill.

From the very lengthened evidence given it appeared that the house was let under an agreement dated 1/11/24. The previous rent was £25, but as the house required some repairs, and as the defendant undertook to repair and keep it in repair, the new rent was fixed at £25.

After a very protracted hearing the court disallowed the claim for the restoration of the glass case, £8 10s., for the broken glass, £2, and granted a decree for £1 10s. for the repairs to the bathroom. The counterclaim was dismissed.

AHERNE v. CHRISTOPHER.

This was a claim for £10 damages caused by defendant knocking down and injuring plaintiff by a bicycle.

Mr. Wm. R. Hodnett for plaintiff and Mr. J. L. Keane for defendant. The plaintiff, aged 75, deposed she was going home from Mass on the morning of the occurrence, when opposite the College the defendant on a bicycle came suddenly on her, without ringing her bell or other notice and knocked her down.

The defence was that plaintiff was right in the centre of the road. There was a motor in front. Defendant had to go around it and having done so, plaintiff struck up against the bicycle and knocked defendant down, falling herself also. She deposed defendant up and called some days subsequently to inquire how she was. She didn't reply to the letters sent by plaintiff or Mr. Keane, because she believed she was not responsible.

A decree for £25 was given. A number of persons were charged with having milked dogs and were all fined £5 each, mitigated to 25s. for each dog, licenses to be taken out in all cases.

The Justice said he wished it to be clearly understood that it was incumbent on him to impose those penalties in such cases. All he could do was, where the circumstances justified, to mitigate the fine.

NO LIGHTS.

Guard Roche charged Timothy Broderick with using an unlighted vehicle after hours. Fined 7s.

The same complainant charged Bast Hartnett, Glenties, with a like offence. Fined 7s.

Guard Maligan charged Richard Long with using an unlighted bicycle. Fined 1s.

Thomas Long was charged with using a motor lorry without a tail light. Fined 1s.

Youghal Notes.

CHRISTMAS.

Christmas is rushing at us at a fast and furious rate. This day fortnight, in spite of all the risks it may mean to carry, the rule will be to "let go" by "tucking in" and hang the consequences—Mr. So & Co. etc. It usually is a time for "tips" and troubles. Strange that it should be thus.

At present many people who have previously left money with their bankers are seeking investments, consequently good securities which have been depressed during the latter days of the coal strike are rapidly recovering, so the fortunate investors who buy at once will not be sorry.

Reliable Stockbrokers make it their business to indicate bonds, debentures and other Securities, with fixed rates of interest, yielding good rates and quoted at prices that leave room for appreciation in value.

Two Irish Investments which will give a good return at their present prices are Great Southern Debentures at 60, and Guinness's Ordinary (which last week touched 54, lowest point touched this year).

PRISONERS MAKE SIXTY MILE JOURNEY.

UNUSUAL PROCEDURE.

District Justice Farrell held a special court in Youghal on Friday night in connection with charges arising out of the recent raid on Ballinacorney barracks.

The proceedings started at 1 a.m., the following answering their names—Thos. Finn, Michael Moroney, Michael Gleeson, John Crehan, Thomas Hickey, Ed. Ryan, John Whelan and Henry O'Keefe.

WATERFORD BOHEMIANS V. LISMORE AT DUNGARVAN.

On Saturday week, at the Dungarvan Hockey Field, Waterford (Bohemians) met the Lismore Hockey Team in a contest for the first round of the Challenge Cup.

The field was in fine condition, but somewhat on the soft side. Waterford were the first to attack, but Lismore quickly relieved, and the ball was sent to the Bohemians' goal, but no result followed.

WATERFORD—2 goals. LISMORE—Nil.

In the evening the visitors were hospitably entertained at Egan's Hotel, where speeches were delivered, followed by music and a dance.

FEAST OF ST. NICHOLAS.

The Feast of St. Nicholas, Patron Saint of Carrick-on-Quill, was celebrated in the town with fitting solemnity. There was Quarent One at St. Nicholas' Church and Solemn High Mass. Very large numbers visited the church during the Quarent One devotions.

INVESTMENTS FOR FARMERS.

SECOND ARTICLE.

In my last article I endeavoured to point out the folly of allowing money to remain on deposit receipt in a bank at 2 or 2½ per cent, when the money can earn from 5 to 8 per cent, by judicious investment and in perfect safety.

In this article I will go further and point out a concrete example of increase of capital. Take Free State National Loan, which a year ago could be bought for 91½ per cent, giving a yield of 6½ per cent, but as it now stands at 100, the investor of 1916 would have increased his capital by 8½ per cent; in other words he would for his 1916 5s. have received dividends amounting to 25 and capital appreciation 49, making 74 as against 49 5s. 6d. from the bank, and in addition would have had Government Security for his money.

At present many people who have previously left money with their bankers are seeking investments, consequently good securities which have been depressed during the latter days of the coal strike are rapidly recovering, so the fortunate investors who buy at once will not be sorry.

Reliable Stockbrokers make it their business to indicate bonds, debentures and other Securities, with fixed rates of interest, yielding good rates and quoted at prices that leave room for appreciation in value.

Two Irish Investments which will give a good return at their present prices are Great Southern Debentures at 60, and Guinness's Ordinary (which last week touched 54, lowest point touched this year).

CAPPOQUIN NOTES.

CRUELTY TO ANIMALS.

At the Last District Court, before Mr. G. P. Farrell, D.J., Sergt. Navin summoned Patrick Lynch, Lismore, for cruelty to a donkey by repeatedly beating it with a heavy stick (produced). Defendant did not appear, and the sergeant stated that defendant gave a wrong name on the occasion, and it was only when he brought over two of the Lismore Guards at 1.30 in the morning that his real name and address could be ascertained. Defendant was fined 30s. and costs of court.

CRUELTY TO ANIMALS.

At the Last District Court, before Mr. G. P. Farrell, D.J., Sergt. Navin summoned Patrick Lynch, Lismore, for cruelty to a donkey by repeatedly beating it with a heavy stick (produced). Defendant did not appear, and the sergeant stated that defendant gave a wrong name on the occasion, and it was only when he brought over two of the Lismore Guards at 1.30 in the morning that his real name and address could be ascertained. Defendant was fined 30s. and costs of court.

Youghal Urban Council.

REGRET.

The many friends of the late Mr. Mortimer McIlwenny were sorry to hear of his demise recently at Liverpool where he was manager of a large drapery establishment. Mr. McIlwenny was a native of Bantay, Co. Cork, and was for a number of years manager at O'Shea's drapery establishment, Main street, Lismore, where he was most popular. He was a most interesting gentleman, full of anecdote.

RUNAWAY.

About 5.30 p.m. on Saturday week a hunter, the property of Mrs. Pery Smyth, Canphire, took fright at the eastern end of the town and dashed wildly through the Main street, and coming in contact with a gas lamp outside O'Shea's drapery establishment was precipitated with great force to the flagway and received injuries which, it is understood, are rather serious. The animal on the occasion was attached to a dog trap and was driven by Simon Sweeney, the point-to-point rider, who was accompanied by the owner. Shortly after entering the Derapark road the animal shied at a postman and suddenly backed into the ditch plucking both occupants to the ground. Having extricated himself from the trap and with harness only on, this spirited hunter madly galloped back into town and through East Main street and Main street at a furious pace until stopped, as stated above, by coming in contact with the lamp-post. Were it not for this collision the animal was right through the window of the drapery establishment. It was fortunate that with the exception of the damage to the animal and the lamp that no further damage is recorded.

WAGES.

A cheque for £91 9s. 6d. wages for the week was passed unanimously. The Clerk said the amount was over the average weekly bill owing to cartage of the trees at Green Park.

VACCINATION DEFAULTERS.

A letter was read from the Department regarding a resolution passed by the council on the subject of a notification, stating that the question of promoting forestry legislation dealing, inter alia, with the felling of privately-owned trees was at present under consideration.

GENEROUS WATERFORD FAMILY.

Mr. Kennally called attention to the fact that Capt. and Mrs. Holroyd Smyth had given permission to the poor of the town to cut timber on their demesne for fuel. He proposed that they as representing the people of the town should tender Capt. and Mrs. Smyth their best thanks for their best thanks for their kind and generous action.

REFUND TO RATE COLLECTOR.

A report of the Finance Committee was read recommending that Mr. J. E. Farrell be refunded a sum of £118 deducted from his poundage by the predecessors of the present council during the troubles.

WORK ON NEW FILM STOPPED.

Dungarvan Urban Council

A meeting of the above was held on Friday last.

Mr. O'Donnell presided. Also present—Messrs. M. Clancy, M. Keane, P. McGrath, J. Moore, J. Hackett, R. Craig, M. Griffin, J. Curran, T. Power.

BURGERY SEWER. Mr. McGrath—As regards the Burgery sewer, we should get it done as little expense as possible, that is if we are bound to do it.

Mr. Craig—Did the solicitor advise against it? Mr. Clancy—No.

An important matter is the letter in the Press from Mr. Keohan. It is a terrible attack on this council. I agree that things should be settled amicably if at all possible, and members should not sling mud on unfounded charges.

It is in this kind of thing that put people's backs up. In this case it seems that the council did not know its position. There are other cases which will hang on this case, and I fear serious trouble. People should not be allowed to throw any kind of sewerage matter in the open channel. There are several cases of sewerage matter going into the open channel in the town and it should be stopped.

Mr. McGrath—In the opinion of Mr. Troy, D.J., the channel at the Burgery is a sewer.

Mr. Clancy—I don't care about Mr. Troy. Many D.J.'s decisions were reversed.

Mr. Craig—I am informed that when the public water fountain was there a drain pipe was laid across the centre of the road and the water was taken towards Williams' place. The steam-rolling did away with it and it was not made good.

I believe this is the cause of all the trouble. Chairman—If that would remedy the matter, it is very easy.

Mr. Power—Who advised to prosecute? Mr. McGrath—The council did.

Mr. Power—Had they legal advice? Mr. McGrath—The solicitor was instructed by the S.S.O., and if he is not fit to be an authority he is not fit to be an official of the council.

Mr. Power—Did the solicitor act on his own? Chairman—He was instructed by Mr. Walsh, S.S.O.

Mr. Keane—Mr. Clancy made some remarks about Mr. Keohan, and I do not agree with him. In fact I think the council should apologise to the three people in question. It is not fair at all. I wish to dissociate myself with Mr. Clancy's remarks.

Mr. Power—If the case is coming on again it is better to let the matter rest. Can Mr. Walsh tell us anything about it? Borough Surveyor (to Mr. Walsh)—Don't say anything about it. The case is pending.

Mr. Walsh—The case is pending. Mr. Keane—I hold Mr. Keohan was perfectly justified in writing the letter.

Mr. McGrath—We agree he was. Mr. Clancy—He made an attack on the Borough Surveyor.

Mr. Craig—Mr. Keohan is right to have his opinion. Mr. Keane—Every member of this council is bad and rotten.

Mr. Clancy—Then you condemn yourself? Mr. Keane—I do.

Mr. McGrath—The case is pending and it is better nothing was said. Mr. Keane—We made a channel in a certain road and no one objected.

Mr. Clancy—I did and I said it was a disgrace to allow it. Mr. Keane—One thing is certain—we can do things for some and nothing for others. It is fish of one and flesh of another.

Mr. Clancy—Don't misrepresent me. I never agreed to the channel at Rice's street. This ended the discussion.

STREETS. Mr. McGrath—I wish to draw attention to the state of the street at the Commercial Hotel and Bridge street. There is stuff left there since the fair day.

Borough Surveyor—There is some stuff swept out of the Shannon Dairy and we get it taken away from time to time. I will get it shifted now.

Mr. Power—There is a big hole in the channel at Mary street and a donkey was nearly hurt there recently.

Borough Surveyor—My attention was called to that and I got a barrel put over it.

Mr. Power—Who is responsible for the channel? Borough Surveyor—I suppose we are responsible for the sewer.

SEWER. A discussion took place regarding a nuisance existing in a house at Mary street. It appears the owner of the house cannot be served.

The council decided to find out their responsibilities in the matter.

ROAD LET BY CONTRACT. Mr. John Flynn tendered to repair the Old Hospital road for three years at £38 per year.

Mr. Curran—How much was spent there the other day? Borough Surveyor—From £12 to £15.

Mr. Clancy—Was there enough publicity given to the tenders? Clerk—We had posters out.

Mr. Griffin—I know people who did not know anything about it. The matter should be deferred.

Mr. Power—I don't think so. I propose we accept the tender.

Chairman—The only thing I see wrong in deferring it is we have opened the tender.

Mr. Power—What would be the cost of carting 100 yards of stones to the Old Hospital road? Borough Surveyor—About £27.

Mr. Craig seconded Mr. Power's proposition that the tender be accepted.

A vote was taken and the proposition was passed.

Mr. McGrath and Mr. Hackett did not vote and Mr. Clancy and Mr. Curran voted against.

DAVIS STREET. On Mr. Moore proposing, and Mr. Hackett seconding, the board decided to repair the channel at Davis and Patrick street.

THE SQUARE. A letter was read from the County Council, which stated that the letter of the Urban Council re Mr. Bowen's duty was referred to Mr. Bowen by the council.

Borough Surveyor—I was speaking to Mr. Bowen and he told me his position was clear. He said he had nothing to do with the footpaths or channels on the Square. He also said that he had his solicitor's advice on the matter.

CLERK—You have the opinion of the L.G.B. Mr. McGrath—Who has to repair the flags in O'Connell street?

Mr. Clancy—Mr. Bowen, of course. Chairman—We referred the matter to the Department and we got no reply.

Mr. Keane—Can we force a reply? Mr. Clancy—A very pointed resolution proposed by Mr. Keane was sent to Mr. McCarron and he had not the courtesy to reply. The only thing is to leave it there.

Nothing was done in the matter.

PARK. The Town Inspector reported that one of the bathing box doors had been broken and that he was taking steps to prevent two youngsters who he found on the trees from going there again.

The board also decided to call on the Guards to patrol the Park.

CONDOLENCE. Mr. McGrath proposed, and Mr. Hackett seconded, a resolution of sympathy with Mr. McCarthy on the death of his child. Passed in silence.

COST OF INQUIRY. The council's solicitor as requested sent in the approximate cost of the council incurred at the Inquiry into the harbour dues.

The amount was £40 to £50. Mr. Curran—That is about £120 altogether.

The matter was adjourned.

QUAY ACCIDENT. Mr. Crofty had the following letter before the council—

40 Grattan Square, Dungarvan, December 4th, 1926.

Dear Sir—With reference to my contract for cement with the Urban Council, I now wish to put the following facts before the council—

In the first place the Borough Surveyor and Mr. Greany stated two weeks ago that there were 21 tons short, and now it appears that there is only a shortage of 7 1/2 bags. I need not comment on the foregoing.

At the meeting on Monday night I asked Mr. Greany if there was any quantity of cement given out of the Shambles by Mr. McGrath's own private use.

Mr. Greany denied this, but on producing my books and showing him the entry he admitted that my statement was correct and that Mr. McGrath did get half a ton of cement. Mr. McGrath, of course, paid me for it when it was reported to me some time after, but it again shows that the council officials did not keep an accurate record of the dealings with this cement, and that their statements are not correct.

Small quantities of this cement were from time to time used for works of the council other than the quay job.

On the 21st inst. I received a list from the Borough Surveyor of the quantity supplied to him, and which shows a shortage of 7 1/2 bags. I find that he has got no entry of 15 bags supplied on the 16th of March and also of 24 bags supplied on the 12th of March.

Up to the 10th March Mr. McGrath's list shows having received 12 bags to that date, and my books show that he received only 9 bags to the 14th. The next entry on Mr. McGrath's list is 12 bags on the 25th March. The 15 bags were delivered to an employee for the council—Condon—and the 24 bags were delivered off lorry by the council's workmen.

It looks very unlikely that the work proceeded from the 1st to the 25th March on 12 bags of cement.

On the 28th of August (St. Augustine's Day) there is an item of 4 tons, which the council's officials state that they did not receive. On that morning I had not got cement, and Mr. Greany required some urgently. I borrowed 9 bags of cement from the Shannon Dairy Co. and 3 bags from Reps' of Maurice Flynn to keep him going until a lorry load arrived from Waterford that evening, which it did on that afternoon. The 4 tons were delivered on the spot of this lorry.

On the 29th of August 5 tons arrived by lorry from Waterford to the quay, and only 1 ton was delivered off that consignment owing to the fact that there was no room for it. It was usual that when a lorry load arrived as much as possible was taken off it to save double handling.

Your foreman, Mr. Greany, only took on the 29th one ton as he had got the 4 tons from the day before in the Shambles and had not got room for any more, and he admitted that he had not got space. On his own statement I consider that it is reasonable to assume that he had got 4 tons on the 28th August.

From time to time I told Mr. Greany the amount supplied and he never disputed same. The work had proceeded for a couple of months when Mr. Greany informed my assistant, Mr. Allen, that he had not got a proper list of the quantities supplied, or words to that effect, and I supplied him with same. During that period there is a discrepancy of about 41 bags. Mr. Greany should have reported the discrepancy between the two lists at once when he saw that they did not tally.

I have put the facts before you as clearly as possible, and I have shown all the entries, etc., to the members deputed to go into the matter. I feel sure that these gentlemen were satisfied that my account is correct.

I am able to account for every item, and have the names of those to whom each lot was supplied. The council can see that their own officials had no proper check when they change the amount from 11 tons to 7 tons 5 bags in two weeks.

I will be glad to have cheque for the amount due, as I cannot see my way to make any compromise in the matter, the full amount being justly due.—Yours truly,

JOHN J. CROTTY.

Borough Surveyor—I will only comment on one part of the letter, that is the reference to the half ton of cement. Mr. Crofty got the half ton of cement from the quay as he had none in stock. I did not know where it came from until Mr. Crofty mentioned the matter here. Mr. Crofty wants it to go abroad that he took the cement from you. I did not know where it came from.

Mr. Keane—Mr. Crofty does not want to infer that he says you paid for it. Mr. Craig—He only meant stuff taken from the yard.

Borough Surveyor—That would not interfere with the correct account.

Mr. Curran—What about the five tons that were unchanged? Borough Surveyor—There was no question of five tons.

Mr. Curran—Was it four tons? Borough Surveyor—On the 28th August, Mr. Crofty says he delivered four tons. We say he did not. On that day he got nine bags at the Shannon Dairy and three bags from Reps. Mes. Flynn. We got one ton on the 29th and two tons on the 31st. If we got four tons on the 28th we would not need more on the 29th and 31st.

Mr. Griffin—This matter was referred to a deputation and an agreement was

RUSSELL'S

Old-established Wine and Grocery Emporium. MAIN ST., CAPPOQUIN.

was supplied. The council can see that their own officials had no proper check when they change the amount from 11 tons to 7 tons 5 bags in two weeks.

I will be glad to have cheque for the amount due, as I cannot see my way to make any compromise in the matter, the full amount being justly due.—Yours truly,

JOHN J. CROTTY.

Borough Surveyor—I will only comment on one part of the letter, that is the reference to the half ton of cement. Mr. Crofty got the half ton of cement from the quay as he had none in stock. I did not know where it came from until Mr. Crofty mentioned the matter here. Mr. Crofty wants it to go abroad that he took the cement from you. I did not know where it came from.

Mr. Keane—Mr. Crofty does not want to infer that he says you paid for it. Mr. Craig—He only meant stuff taken from the yard.

Borough Surveyor—That would not interfere with the correct account.

Mr. Curran—What about the five tons that were unchanged? Borough Surveyor—There was no question of five tons.

Mr. Curran—Was it four tons? Borough Surveyor—On the 28th August, Mr. Crofty says he delivered four tons. We say he did not. On that day he got nine bags at the Shannon Dairy and three bags from Reps. Mes. Flynn. We got one ton on the 29th and two tons on the 31st. If we got four tons on the 28th we would not need more on the 29th and 31st.

Mr. Griffin—This

SEVENTH ANNIVERSARY. In fond and loving memory of Mrs. Alice Fraser, Co. Wick, who died on 14th December, 1919.

We loved her, ah, no tongue can tell, How deeply, fondly and how well, God loved her, too, and thought it best, To take her home with Him to rest.

Inserted by her loving husband, mother and children.

GRAPHIC STORY OF FIGHT IN GALWAY BAY.

At a special court at Killoigan, Martin King and Bartley King were charged with being in possession of illicit spirits. Martin King was also charged with assault on two Civic Guards.

Sergeant Wynne said he and Guards D. Cassidy and T. Ryan were on revenue duty the previous night near the ruins of Tyrone Castle, which are situated on the shores of Galway Bay, when at nine o'clock one of them saw a light glimmering on the bay, about 80 yards distant. They procured a small boat and rowed in the direction of the light, where they discovered a sailing boat anchored. They went on board the sailing boat, and a head appeared out of the cabin, but was immediately withdrawn. There followed the noise of breaking bottles down below, and shortly afterwards Almon appeared on deck. He was immediately seized by the Guards, and handcuffed.

The Guards then went below and found that the floor of the cabin was saturated with poison. Lying behind a table was another man, whom they endeavoured to seize. This man, however, violently resisted when Guard Ryan endeavoured to hold him. He alleged he was bitten on the hand and the sergeant alleged that he also was bitten.

After some minutes the man endeavoured to jump overboard. Witness caught him and pulled him back on the deck. The man rolled round the deck and again ran for the cabin, but he was caught before he could reach it, overpowered and handcuffed. He and the other man and a boy of 12 who was also an occupant of the boat, were got into the small boat. There were found in one of the bunks a bag containing diluted poison, a half gallon measure, a tumbler funnel, and a taphole means of separating some bags in the cabin another half pint of poison is stated to have been obtained.

A warrant in custody was granted and they were brought to Galway Jail.
