CAPOQUIN NOTES.

FAVOURABLE RECORDS.

Serjt. Navin and Garda Hehr and Seaton, of the Cappoquin Civil Guard Station, have recently been awarded substantial money grants and favourable reports from the Garda Authorities in Dublin for efficient detective work and also general police efficiency in connection with the armed raid and subsequent activities following the recent attack on the Ballinacallit Civil Guard Barracks in the Cappoquin Civil Guard district. Sergeant Navin and Garda Hehr and Seaton have been stationed in Cappoquin for a considerable period, and apart from this incident altogether, have always proved themselves most capable and efficient officers in the discharge of their ordinary police duties.

LOCAL DRAMATIC TALENT.

Look out for the splendid performance of Mr. Sean O'Casey's famous Irish play, "Juno and the Paycock," which will be produced in the Beathome Hall on Tuesday night, 20th inst. by the talented members of the Cappoquin Hoving Club Dramatic Class, who have been carefully rehearsing the piece for some weeks past. Mr. F. X. O'Leary is in charge of the production, and under his capable tutelage we have no doubt that the various artists concerned will be able to acquit themselves with the same brilliancy and efficiency which have characterized all previous performances by them.

THE STORM.

The fierce storm which swept with such intensity over the South of Ireland in the early hours of last Thursday morning and far into the middle of Friday fortunately did very little serious damage in this district, as our inland and sheltered position here saved us from the serious results recorded from more open and unprotected parts of Munster. A few trees were uprooted, an old hayrack belonging to Miss Shanley in Barrack street was blown down and a few slates and tiles left their moorings on some houses, but no serious minor accidents, no further casualties have to be reported from the Cappoquin district.

A MUSICAL TREAT.

At last Mass on Sunday the large congregation was afforded a rare musical treat when Mr. Eric James, principal tenor in the Boyer Westwood Grand Opera Co., sang the music of the Mass, and proved a welcome addition to the local choir on the occasion. After the elevation he sang a beautiful sacred hymn, "Be it Right" ("Though They Have Sinned") from the opera, "La Juive" ("The Jewess") by Halévy, his fine resonant voice filling the sacred edifice with great musical effect, and adding immensely to the impressiveness of the Mass service. On Sunday night the same talented artist sang the Benediction in the Parish Church, Dungarvan, where he also created the most favourable impression.

A WEEK'S GRAND OPERA.

The celebrated Boyer Westwood Grand Opera Co., which held the boards in the Beathome Hall for six nights last week, had a remarkable run of success, but not a bit more than this exceedingly clever and talented combination of first-class operatic artists fully deserved. Following their successful visit to Dungarvan the previous week, when they had a splendid reception, crowded houses were also the order in Cappoquin during last week, large numbers of patrons flocking in from within a radius of ten or twelve miles to reinforce the big crowd of townspeople who were determined not to miss a single night of the engagement. The company made a great impression on all on the opening night when Verdi's opera, "Il Trovatore," was produced on a good scale. The beautiful duet, "Home To Our Mountains," by Mr. Albert Boyer and Miss Olive Westwood was the outstanding feature of the production, and won a loud and insistent encore, while Mr. Michael Kemble also received a great ovation for his masterly rendering of the popular baritone number, "Tempest of the Heart." On Tuesday night there was a scene standing room in the large hall when Wallace's romantic opera, "Marta," was given, the title role being filled by Miss Barbara Plummer, whose graceful acting and wonderfully sweet soprano voice at once established her as a firm favorite with all. Mr. Tom Griffith made a shining and imposing "Don Jose," while the singing of "In Happy Moments" was a splendid contribution while in the prison scene Miss Westwood, as "Lazarillo," and Mr. Boyer as "Don Cesar de Bazan," won fresh laurels for their beautiful rendering of "Alas, Those Chimes," and "Let Me Like a Soldier Fall," respectively. "The Bohemian Girl" on Wednesday night proved a brilliant success, Miss Olive Westwood as the "Gipsy Queen," Miss Plummer as

BACK TO NORMAL.

At Lismore the coal supply is getting back to normal again, and due to competition the price is now 2s. 11d. per cwt.

FAT PIGS.

63d per cwt. live weight was the price paid at Wednesday's market, and a large number of pigs were purchased.

O.L.L.

In Gaelic circles matters are very quiet locally, and not since last summer has there been any activity. Although but a few short months, many changes will, we expect, take place in the hurling team this year, due to many causes, chiefly to emigration. However, we hope to hear of the Club holding their annual meeting shortly and getting into practice.

HOCKEY.

Bad weather was probably the cause of the lull in the Bolster Cup Hockey Tournament in progress, but now as Mal-low and Macrae teams have signified their intention of re-joining, interest will be again aroused. The date of this contest has not as yet been fixed, but in all probability Wednesday week will be arranged.

FISHING.

The opening night for nets on the river Blackwater is stated to be splendid, and something like 50 salmon found their way into the nets from a swollen river.

ENTERPRISE.

Since Tuesday last the Devonshire Arms Hotel under new management has been re-opened for business. Mr. Thomas O'Donnell, Main street, well known in commercial circles, is the proprietor, and his legion of friends wish him success in his enterprising efforts. Already two English gentlemen have taken rooms there and will remain for two months, having taken the risk of fishing on the Blackwater. Mr. O'Donnell is well known in the district, and his patrons can rest assured of home comforts at this well-established and up-to-date premises.

THE DUKE.

The Duke of Devonshire and party have arrived at Careyville, Clondra, for the fishing there, and it is understood that they will take up residence at Dr. Montgomery's in that district the same as they had done last year. So far Lismore Castle is unoccupied, but probably by the end of the month the Duchess and members of the family will visit their Irish seat. For very many months back a great number of hands are busily employed—even on overtime—at the Castle, and improvements on an extensive scale have been carried out there at enormous expense.

THE CHAIR.

Mr. Thomas Crotty and Mr. Andrew Hickey, P.C., were re-elected unanimously as chairman and vice-chairman of Lismore Town Commissioners at the statutory meeting held on Monday night last. It must be said that between the members of this body nothing but pleasant relations exist, and one and all strive hard during their term of office for the advancement of the town, and the little powers vested in them have been used to the very best advantage for the ratepayers and the town generally.

CHAIRMANSHIP OF CARICK-ONSUR URBAN COUNCIL.

At the statutory meeting of Carick-on-Suir Urban Council on Monday evening Messrs. Richard Cleary, chairman (outgoing) and Thos. F. Morrissey, vice-chairman (outgoing) were unanimously re-elected to these positions. The council placed on record their deep sense of loss and regret at the death of Dr. Stephenson, M.O.H., and expressed their sympathy with Mrs. Stephenson and the other members of the family. The council also recorded regret at the death of Mr. Maurice Davin, the world-renowned athlete, and expressed sympathy with his nephew (Mr. M. F. Davin), who is a member of the council, with Mr. P. Davin, solr. (brother), and other relatives.

DEATH OF MR. J. FOLEY, RING.

A well-known and most respected farmer has passed away to his eternal reward in the person of Mr. J. Foley, brother of our respected citizen, Mr. Patrick Foley, Main street. He had reached a good age, and was held in the highest esteem by all who knew him. The interment took place in the family burial ground, Ring, on Thursday in the presence of a large gathering of relatives, friends and the general public. R.I.P.

## A BAD LAW.

FAILURE TO STAMP CARDS.

At Cappoquin District Court, Mr. Gerald P. Farrell, B.L., District Justice, heard the adjourned case against Edward McGrath, farmer, of Lackanilla, Aglish, Cappoquin, for failure to stamp insurance cards with respect to five employees. Mr. E. A. Ryan, State Solicitor, for complainants.

Francis Flanagan, Inspector, gave evidence of visiting the defendant on February 26th, 1926, when he (McGrath) admitted that five employees whose cards were stamped. Witness advised him to comply with the regulations, but he refused until such time as witness would give an explanation as to what happened the National Health stamps from 1912 onwards and asked witness where he was in 1920, 1921 and 1922 (laughter). He (Mr. Flanagan) left the defendant's house to be stamped, and returned to him, but, to the knowledge of witness, they were never stamped. On 26th of August, 1926, witness again visited the defendant, and nothing was done, and he refused to stamp. The Inspector then interviewed the employees, and the defendant told the Inspector that he would make no statements, and give no information. Witness got two statements from the men, which were signed, and read in court.

McGrath, the defendant, stated he never refused to stamp, but it was a busy time of the year with the harvest; he was anxious to comply with the law. He (McGrath) now produced a Press report, which showed a surplus of 230,000 from one Society, and asked what was the surplus of the Societies which his men joined.

Justice—I am not here to answer that. McGrath was asking further questions regarding Insurance Societies.

Justice—I am not a legislator. There is no use in addressing me those questions.

Witness—It is a bad law so far.

Mr. Ryan (to witness)—You should stand for the Dail as an Independent candidate at the next election, and you would be surely returned by all those who hate this Insurance Act (laughter).

Witness—When you tried it before, Mr. Ryan, you failed.

Mr. Ryan—I did, thanks be to God.

Witness—It's a bad law anyway, and the Farmers' Union.

Justice—That's not a matter for me. After going into the question of arrears on the road, and leaving the evidence on the road, the Justice said in the case of the employee, McGrath, he would dismiss, and in the remaining four cases, together with 20s. costs in each case also, which made a total, fines and costs, of 48s.

GRAND CONCERT IN DUNGARVAN.

On Wednesday next, February 9th, one of the most attractive concert programmes ever witnessed will be given in the Town Hall, Dungarvan. It promises to eclipse anything heretofore seen or heard, and will be a veritable feast of song and melody. Mr. P. J. B. McManus, Ireland's Premier Tenor, winner of the last Grand Prix, and Gold O'Meara Cup, Feis Ceoil, 1926, and Gold Medalist, Feis Ceoil, 1926, has been specially engaged, as also the inimitable Danny Hobbs, whose very smile (apart from his jokes), provokes unending laughter. The Dungarvan Choral Union will figure in operatic and choral items, while several local favourites will also contribute to what will be undoubtedly the night of nights. Concert begins at 8 p.m. sharp. Popular prices. In connection with this grand musical event we have received the following—

LETTER TO THE EDITOR.

Dear Mr. Obs, I see that Hobbs is coming to "Old Borough" with simple face and mild grimace. To someone trouble's turmoil.

And Paddy Mac—the Tenor Crack, Who led all Ireland singing, In Dublin Town—is coming down, His dainty ditties bringing.

But—that's not all—at all—at all, For there's the new D.C.U. Oh, not the Urban D—you see, But a local Choral Men.

And some duets and minnets, With orchestra prodigious, Sure every mind, content will find, No matter how fastidious.

If Wednesday night be dark or bright, It doesn't matter, clearly, The price is low, and good the show, Believe me, yours sincerely,

P.S.—The above may be sung (without question of psychological complexity) not later than the 9th inst., without fee or licence, in any public place or thoroughfare. Air—"The Young May Moon," the last verse being sung ad lib. as chorus, the third line of which is rilled in double forte, with a pause over low and slow. The effect will, no doubt, be moving.

## Kilmacthomas News.

THE BEST INDUSTRY.

For the past two weeks enormous quantities of beet root have been conveyed to the local railway station for consignment to the Beet Factory at Carlow. The roads leading to the terminus present the appearance of the harvesting season, as upwards of as many as thirty vehicles laden with the previous produce can be seen regularly on the thoroughfare. The growers express themselves in glowing terms at the influx of money which the newly-established industry has so happily brought about. Irish sugar seems to be appreciably sweet to all tastes.

MRS. FINN, ENGLISHTOWN, STRABALLY.

The death of the above-named lady occurred at her home on Monday last. Her rather long illness was borne with resignation, and in her last moments she was consoled with the rites of the Catholic Church, of which she was a devout member.

The deceased, who was relict of the late Mr. Jeremiah Finn, was a lady whose disposition and character deserved for her the friendship and esteem of all with whom she came in contact. She had reached a ripe age. Her demise has occasioned keen regret, and the deepest sympathy is felt with her sorrowing daughter and other relatives in their bereavement. May she rest in peace. On Tuesday evening the remains were removed to Kilmacthomas Parish Church where they rested overnight, and on Wednesday morning Solemn Office and Requiem High Mass was celebrated for the repose of her soul. The interment took place subsequently in the adjoining cemetery in the presence of a big muster of mourners and sympathizers.

WHIST.

The Whist Drive Committee in Kilmacthomas brought off a very enjoyable night on Sunday last, several tables being set on Sunday evening. A series of twenty games were played and a unit of specially appointed stewards (non-players) marked the scoring cards at the conclusion of each game.

Mr. Joseph Barron, N.E., acted as master of ceremonies. Very valuable prizes were put up. The names of the winners were: Mr. P. J. B. McManus, 1st; Mr. P. J. B. McManus, 2nd; Mr. P. J. B. McManus, 3rd; Mr. P. J. B. McManus, 4th; Mr. P. J. B. McManus, 5th; Mr. P. J. B. McManus, 6th; Mr. P. J. B. McManus, 7th; Mr. P. J. B. McManus, 8th; Mr. P. J. B. McManus, 9th; Mr. P. J. B. McManus, 10th.

At the close of each game there was considerable applause.

Mr. Casey, on behalf of Waterford, thanked the Dungarvan men for their kindness and their really pleasant evening. Mr. Boyle and Mr. Keenan explained that to a bereavement in a family of one of the members they would not have their usual entertainment. The utmost cordiality and good feeling prevailed throughout, and all were delighted with the very interesting evening they had witnessed.

Do not miss the big Whist Drive and Cinderella Dance coming off at Durrus Hall on to-morrow (Sunday) evening, commencing at 7.15. A half-crown is the full admission charge. Patrons will be provided with rich refreshments gratis.

The recent heavy storms experienced practically throughout the whole of Europe happily passed away from our midst without causing any damage of a serious nature.

DUNGARVAN BRANCH OF THE BRITISH LEGION.

At a recent committee meeting of the above branch the following resolution was passed unanimously and copies sent to land trustees and Legion Area Conference: "That we, the members of Dungarvan Branch of British Legion, respectfully request the trustees of land to expedite the building of suitable houses to meet requirements of ex-servicemen. We are of the opinion that the present scheme is most unsuitable for the poorer classes, and if smaller houses were built in or around the urban area (without land) at 3s. weekly it would benefit and be much appreciated by all ex-servicemen."

VILLAGE GOES WEST.

Almost the whole of the population of the village of Gourin, France, has emigrated to America during the past few months. It is all true, it is said, to the fact that the whole of the country over the sea by a certain M. During the past four months an average of 15 Guineas have departed each month, and the "wanderlust" is understood to have attacked other neighbouring villages. The cost of farm land is said to be one reason for the peasants' departure.

CHINESE TROUBLES.

Out in China the people are shouting "China for the Chinese," and included in that cry they proceeded to seize the trading concessions of the British valued at some hundred millions. The British refused to surrender to the Chinese, with the result that big drafts of military with war equipment, aeroplanes, etc., have gone out to see what is up with John Chinaman and to straighten up the dispute. The spokesman of China on the question is Eugene Chen, who they say speaks English with an Irish accent, while a Mr. O'Malley is the negotiator for the British. The cause of the trouble is money in China as well as here at home.

## BILLIARD TOURNAMENT AT DUNGARVAN.

On Sunday, at the rooms of the National and Commercial Club, Dungarvan a series of interesting and closely-contested billiard matches were played. Each team comprised six players, representative of the National and Commercial Club, Mary street, Dungarvan, and six players of the Drapers' Club, Lady Lane, Waterford. The Waterford gentlemen travelled to Dungarvan by motor, and play began at about one o'clock. There were to be six games of 250 each; the total score to be the winners. The matches created considerable interest, and during the day and afternoon the spacious room was filled with friends of both sides. The first game was played by T. Casey, Waterford, against T. Butler, Dungarvan, and resulted in a win for the Waterford man by 38 points. Next T. B. Boyle, Dungarvan, beat Laurence Casey, Waterford the score being—Boyle, 204; Casey, 147. In this game Mr. Boyle played in his usual excellent form, though making no large breaks, showed nice execution and judgment. Mr. Fitzgibbon, Waterford, beat Rev. L. Egan, C.C., Dungarvan, by the close margin of 33 points. The game was closely contested throughout, but at the close the winner got a nice run. Fisher Egan played brilliantly. J. C. Keenan, Dungarvan, beat D. Veale, Waterford, to 182. The game was a nice one to watch, and Keenan made the highest break of the day, 85. Then M. Puge, Dungarvan had an exciting tussle with P. Barrett, Waterford. This was a neck-and-neck game all through, and exciting when the game was called—Barrett, 244; Puge, 236. Puge got position and won amid tremendous applause. E. Keenan, Dungarvan, then played M. McDonald, Waterford. The Dungarvan man won rather easily, making the 250 in his opponent's 54. The total scores were then counted up and Dungarvan leads by 256 points. The return matches will be played at the Drapers' Club, Waterford, on next Sunday week, when it is expected the Waterford men on their own table will do considerably better.

At the close of each game there was considerable applause.

Mr. Casey, on behalf of Waterford, thanked the Dungarvan men for their kindness and their really pleasant evening. Mr. Boyle and Mr. Keenan explained that to a bereavement in a family of one of the members they would not have their usual entertainment. ## MILK PROSECUTION AT CAPOQUIN COURT.

At Cappoquin District Court, before Mr. G. P. Farrell, B.L., D.J.,

James Neill, Ballygallane, Lismore, was summoned by Serjt. Navin, Cappoquin, Inspector of Food and Drugs, for having sold milk deficient in fat. Mr. J. W. O'Gorman, Lismore, for defendant.

Serjt. Navin gave evidence that the certificate received from the analyst showed the milk contained 2.46 of fatty solids and non-fatty solids 8.38, and deficiency 18 per cent. 17 per cent. of this 18 per cent. was due to 16 abstraction and 1 per cent. to dilution, added witness.

Cross-examined—He had previously taken samples of this milk and it was not satisfactory. There was never a conviction though. The milk came from the churn by means of a tap.

Mr. O'Gorman—We have nothing to say to the analyst's certificate, but Mr. Neill will prove that the milk has not been diluted, and will explain how the deficiency occurred through the milk coming through this tap.

The defendant stated he supplied milk at Lismore and Cappoquin. The nine gallons of milk he had left over in the morning after delivery Lismore went to Cappoquin in the evening with other milk. The cows were milked at 7 a.m., and there was no water added, but the milk after the morning went first into the can with the evening's milk on top, and this caused a thick cream to come up on top of the churn. Witness himself tested the milk and found 14 degrees in the bottom, and when the position of morning and evening's milk were reversed in the churn the 14 degrees were vice versa.

Justice—Who got the milk at the top of the can then? Possibly the last customer. We have 89 customers in Cappoquin, and we never had a complaint in Lismore or Cappoquin.

Cross-examined—The milk has to come over two miles in a spring cart, which causes vibration. He would not say that his milk was inferior to other milk. His cows were fed on roots four times a day.

To the Justice—I have two glasses at home by which I test the milk, as I got them from the workhouse when I was supplying them.

In reply to Serjt. Navin, the witness stated there was not a sun of water on his land at the time the sample was taken, but to-day there were 5 feet of water over 70 acres of it, and he invited the sergeant out to his dairy to test the milk.

Mr. O'Gorman said this very small percentage of water was caused by the manner in which he dealt with the two milks and the feeding of cows with roots four times daily.

Justice—But why mix the milk morning and evening?

Defendant—We only sell nine gallons in Lismore, and nearly three times that in Cappoquin.

Justice—The milk is deficient in two respects—non-fatty as well as the 18 per cent., and there is a double presumption against you.

Serjt. Navin said that seeing this question is so important to the infant life of the town, he asked for a conviction.

The Justice imposed a fine of 10s. and costs.

SIR JOHN KEANE AND STRIKING RATES.

In the Senate on Wednesday Sir John Keane drew attention to the difficulty which had arisen in the working out of the Public Bodies Order with regard to the striking of the rate for any financial year. Under the Order the estimate for expenditure on roads had to be considered and decided at least one month before the end of the year when the councils had no knowledge of their charges. Yet they were asked to strike a rate for road expenditure without any knowledge of their liabilities. That was grotesque from the financial point of view and he would like some assurance from the Minister that the matter would have his consideration. He (Sir John Keane) said also that as present the Government grants were distributed on proportionate lines with no regard to the wealth of a district, and it was only just that regard should be had to the wealth of districts in distributing these grants from the Central Fund. The Minister for Local Government said there was justification for a revision of the whole policy in regard to the agricultural grant.

Dated the 1st day of February 1927. Signed, MAURICE J. HICKEY, Secretary to the Dungarvan Club. JOHN F. WILLIAMS AND SON, Solicitor for said Club, Dungarvan.

CAPPOQUIN G.A.A. G.A.A. followers in West Waterford will be pleased to learn that the Cappoquin Gaelic Club has been re-organised and remodelled on an efficient basis. An ideal playing pitch, under the sole control of the Club, has been acquired at Kiltree, and is just on the outskirts of the town, and is to be known as Kiltree Gaelic Park, Cappoquin. It is the intention of the Club to run two teams this year—a senior hurling team and a junior football. Now that the thorny problem of a suitable playing pitch, directly under the control of the Club, has been satisfactorily adjusted, it is to be hoped that the G.A.A. games in this area will progress rapidly. If the enthusiasm of the youth is any indication, the Cappoquin Hurling and Football Club may be expected to figure prominently in the Gaelic activities of 1927.

BROKEN LAW OR BROKEN LEG. "I prefer breaking the law, riding on the footpath, to riding on slippery roads and breaking your horse's leg or your neck." "I quite agree with you," said Col. TROUT FISHING. In order to be a successful angler, it is necessary that one should pay particular attention to the selection of his fishing tackle. One of the most important items is the artificial fly. We devote a special department to the care and selection of Trout Flies, which are all handled from carefully selected materials. The gut is particularly fine drawn and selected, and the wings are matched so as to be exactly the same as the real fly. Every hook is made from the finest steel and will stand the hardest strain. We have over 250 varieties of stock, and every fly is guaranteed true to name. We sell them at the lowest possible price consistent with quality, namely, 2s. per dozen, post free.

Late Mr. Maurice Dwyer, the Chairman, before signing with the business, had a resolution to propose that the members of the Waterford County Convention should, before the meeting of the late Mr. McKeown, one of the founders of the our sincere sympathy in great loss they have sustained. The resolution was passed, all present standing.

Statement of Accounts. The statement of accounts for the year was then given, which showed a loss of the working capital.

After a protracted discussion on the proposition of Mr. E. Spry, the balance sheet statement of accounts were read.

Report With Balance Sheet. Arising out of the balance sheet, Mr. Whelan, Dungarvan, said he thought it would be advisable in future to have a report from one of the officials sent to the balance sheet regarding progress for the year, etc. He had nothing before them now a mass of figures.

Mr. Ormonde agreed and it would be advisable and a help to the Clubs.

Mr. Whelan said he was referring to the finance part of the report particularly. He would like to see the number of affiliated whether it was less than the previous year, number of matches played.

After further discussion, O'Donnell proposed, and was seconded, that a report be sent in future with the balance sheet.

Election of Chairman. Mr. D. Fraher was unanimously elected Chairman for coming year. Mr. Frank Dwyer was elected treasurer, and P. A. Walsh, hon. registrar secretary.

Munster Council Representatives. The following were nominated to represent Waterford on the Munster Council: P. Fraher, Hogan, Wm. Power, A. Dwyer, Wm. Walsh and Whelan.

Messrs. Fraher, Hogan, Madders having withdrawn their names were then taken with the following result—Walsh, Whelan, 57; Power, 17. Messrs. Walsh and Whelan were declared elected.

Annual Congress. A long discussion took place as to whether the County Board would send any representatives to the above. A show of hands taken when 27 voted for sending representatives and 19 against. Messrs. Connors, Spry, O'Connell and Wm. Murphy were appointed to represent the county.

Nomination of Officers to Munster Council. Messrs. J. O'Brien, chairman, A. Quinlan, treasurer, and M. O'Donnell, secretary, were unanimously nominated.

Reg. and Secretary, were also present.

Late Mr. Maurice Davin. The Chairman, before proceeding with the business, said he had a resolution to propose. He then moved the following—That we, the members of the Waterford County Convention assembled, beg to tender to the relatives of the late Mr. Moe Davin, one of the founders of the G.A.A., our sincere sympathy in the great loss they have sustained. The resolution was passed in silence, all present standing.

Statement of Accounts. The statement of accounts for the year was then gone into which showed a loss on the year's working. After a protracted discussion, on the proposition of Mr. O'Donnell, Lismore, seconded by Mr. E. Spratt, the balance sheet and statement of accounts were adopted.

Report With Balance Sheet. Arising out of the balance sheet, Mr. Whelan, Dungarvan, said he thought it would be advisable in future to have a report from one of the officials sent with the balance sheet regarding the progress for the year, etc. They had nothing before them now but a mass of figures.

Mr. Ormonde agreed and said it would be advisable and a great help to the Clubs. Mr. Whelan said he was not referring to the finance part of the work particularly. He would like to see the number of Clubs affiliated whether it was more or less than the previous year, the number of matches played, etc. After further discussion, Mr. O'Donnell proposed, and Mr. Ross seconded, that a report be sent in future with the balance sheet.

Election of Chairman. Mr. D. Fraher was unanimously elected Chairman for the coming year. Mr. Frank Drohan was elected treasurer, and Mr. P. A. Walsh, hon. registrar and secretary.

Munster Council Representatives. The following were nominated to represent Waterford on the Munster Council—D. Fraher, S. Hogan, Wm. Power, A. Madders, Wm. Walsh and P. Whelan.

Messrs. Fraher, Hogan and Madders having withdrawn, a vote was then taken with the following result—Walsh, 41; Whelan, 37; Power, 17. Messrs. Walsh and Whelan were declared elected.

Annual Congress. A long discussion took place as to whether the County Board would send any representative to the above. A show of hands was taken when 27 voted for sending representatives and 19 against. Messrs. Connors, Spratt, Cragh and Wm. Murphy were appointed to represent the county.

Nomination of Officers to Munster Council. Messrs. J. O'Brien, chairman; A. Quinnlan, treasurer, and P. McGraith, secretary, were unanimously nominated.

Nomination of Officers to Central Council. Mr. Whelan proposed, and Mr. Ormonde seconded, that Mr. J. Shanley, Kenyran, Mr. J. McCarthy, Cork, and Mr. Frank McGraith, Tipperary, be nominated. Mr. Heffernan proposed, and

Dungarvan Urban Council

The weekly meeting of the above was held on Friday last. M. Brennock, chairman, presided. Also present—Messrs. W. O'Donnell, vice-chairman, James Hackett, J. Moore, T. McCarthy, P. Craig, P. J. McGrath, J. Curran, M. J. Keane and T. Power.

Expenditure. The pay sheet for the week, which was passed, amounted to £10 15s.

Retention Money. Mr. D. V. Stokes, contractor for the new housing scheme, made application for half the retention money in respect of St. Garvan's Terrace houses.

The Borough Surveyor having given a certificate, a cheque for half the retention money (£30) was passed to the contractor.

Fair Lane. Mr. Hackett again called attention to the condition of the roadway and footpaths of Fair lane, and said an order was made before Christmas to have gravel put on the footpaths. The condition of the place was a scandal.

Mr. McCarthy—I agree with Mr. Hackett that the place is a disgrace. I reported here some time ago about a woman who was nearly killed there over the paving stones which were thrown there.

Borough Surveyor—They are to pave the channel, but we cannot start the work yet.

Mr. McCarthy—They should be removed until the paving is going to be done. We are finding fault with the County Council and the way they do their work, but we should first do our own.

Mr. Craig—There are several orders on the books which are not carried out. After further discussion it was decided to remove the stones from Fair lane until work could be started there.

Railing for Sheare's Street Houses. Mr. Craig asked the Borough Surveyor when the contractor was going to erect the railings at the Sheare's street houses. As spring was now coming on the tenants wanted to do something to their gardens, which would be useless to them until the railings were up. He asked when the lavatories would be put into the houses. The tenants of those houses were paying their rent as well as the other tenants and they should be treated in the same way.

Borough Surveyor—The contractor has the stuff ready at present.

Mr. McCarthy—Then it should be done at once.

It was decided to call the contractor's attention to the matter.

Light at Shandon. Mr. Curran proposed, and Mr. Keane seconded, that an extra light be put at the top of Shandon.

Several members agreed it was badly needed there, and the proposition was passed.

Dangerous Chimney. Mr. Wm. Power wrote re the condition of the chimney at his house on the Square.

The matter was referred to the Borough Surveyor to inspect.

Repairs to Houses. Mr. Moloney, Manager of the Electric Light Co., appeared before the meeting re the condition of his house at St. Garvan's Terrace. The walls were damp, some slates were blown off, and the range was practically useless.

Chairman—We are very unfortunate with our houses. Mr. McCarthy—The repairs should be carried out.

Chairman—It is a serious state of affairs to have the wall damp after 12 months. How do you suggest to remedy it, Mr. McCarthy? Mr. McCarthy—I suppose it must be plastered.

Chairman—There is something very wrong when the water is percolating through the walls after 12 months.

Mr. Keane—It is a deplorable state of affairs, especially in view of the rent those tenants are paying.

Borough Surveyor—Rough casting is not suitable. Mr. Keane—You should have stood up here and told us that we were building.

Borough Surveyor—It was done for the sake of economy, and it was false economy.

After further discussion the Borough Surveyor was directed to inspect the house and report for next meeting, the slates which were blown off to be replaced next day.

Telephone for Ring. Mr. Keane proposed, and Mr. Power seconded, that the Minister for Posts and Telegraphs be requested to install a public telephone service at Ring in view of

Dungarvan Urban Council

The promised development of the fishing industry at Helvick. Such a service is in the opinion of this council a very urgent business necessity.

Mr. Butler, T.D. The following letter was read from Mr. Butler, T.D.—Mr. Chairman and Gentlemen—Since the passing of your resolution of the 7th inst. re your request that I should contest the next General Election in the interests of the whole town and county. I have been approached by many friends and supporters in Dungarvan and the county who expressed surprise and regret at my decision not to seek re-election and requested with you that I should go forward again.

I have been considering these proposals, and after having seriously thought over the matter, I have agreed to contest the coming Election. I shall go forward as an Independent Candidate because I consider I shall be better able to represent the people of County Waterford untrammelled by any Party ties.

In the past, I think it will be generally admitted, I have always worked, both as a member of local public bodies, viz.—County Council Urban Council, County Board of Public Health and County Board of Public Assistance, as well as a member of the Dail, in the interests of all sections of my constituents, giving at all times particular attention to the wants of the poor. I shall continue to do so in the future if elected.

In arriving at this I was not unmindful of the fact that elections are expensive undertakings. To carry out my resolve to stand for re-election to the Dail, as a Waterford man desirous of being elected to represent all the Waterford people, I realise because of having no Party funds behind me, I must get financial support. Therefore I take this opportunity of asking my friends and supporters to be good enough to set up an Election Committee as soon as possible, who will receive subscriptions for the campaign, which may be on us very soon.

I look forward confidently to the support, both financially and at the polls, of all in whose interests to be worked during my time as a public representative, and I feel sure, from what I know of the people of the County Waterford that I shall not be disappointed.

In conclusion I wish to express my appreciation of all that had been said by the members of the council when the resolution was before them, and it gives me great pleasure to know that on my third Election Campaign you are prepared to re-appoint me, and can assure you the interest of the council will always be uppermost in my mind.

Mr. McCarthy said he was delighted that Mr. Butler had decided to go forward again. He believed Dungarvan could not have a better representative in the Dail. As we are all aware, he got a lot of grants which helped greatly to relieve unemployment as well as getting the dangerous portion of the quay repaired, the water supply considerably improved, as well as the most of our roads steam-rolled. Being a fellow-member of his on the Assistance Committee, he could safely say that the poor were always looked after by him. As Mr. Butler has decided to go forward again he (Mr. McCarthy) hoped the labourers of Dungarvan would not forget him, as he had done more for Dungarvan than any man.

Mr. Hackett agreed and said it was not alone what he did for Dungarvan, but for the county at large.

Mr. O'Donnell said he was very glad to know Mr. Butler was going forward. There was no more fitting man to be found than Mr. Butler. He was a most useful member of the Dail.

Mr. McCarthy said he was in thorough agreement with all that was said about Mr. Butler.

The Chairman said he was also glad that Mr. Butler was going forward. They could give a long time talking of his good qualities. There was only one thing to do now, and that was to have his supporters buckle on their armour and prepare for the election.

Water Analysis. The analyst's report on the samples of water taken from Kilmacdonagh, Glendine and St. Brigid's Well supplies, which was read, stated that all supplies were safe drinking water.

The report was considered very satisfactory.

Harbour Dues Increase. A further application was received from the Ministry of Industry and Commerce for expenses incurred in connection with the inquiry held re increase of the harbour dues.

The matter was adjourned.

In connection with the inquiry the Clerk was granted £15 and the Harbour-master £10 as remuneration for extra work prepared for the inquiry subject to sanction.

Acknowledgments. Letters of thanks to the council for resolution of sympathy passed by them were received from the following—Michael Clancy, U.D.C.; Kate and Thos. Clancy, Michl. Clancy, Main st., and Miss May Meade, Square.

Sympathy. Mr. McCarthy proposed, and Mr. Craig seconded, a vote of sympathy with Mr. Jas. Hennessey on the death of his brother.

Town Hall. The Hall was granted to the following—Wasps Club, Monday, 31st January; Mrs. Greene, on behalf of the ladies of the town, Wednesday, 2nd February; Badminton Club on Thursday, 3rd February.

A Reminder. Mr. Bowen, county surveyor, wrote reminding the council that his account for £20 furnished by the Jny. last was still outstanding, and stating he would be obliged for an early settlement.

Payment of the account was ordered.

ANNUAL MEETING. MR. BRENNOCK RE-ELECTED CHAIRMAN.

The annual statutory meeting was held in the Town Hall on Monday. The following members attended—Messrs. M. Brennock, Wm. O'Donnell, J. Curran, J. Moore, M. Griffin, P. J. McGrath and T. McCarthy.

Mr. Wm. O'Meara, Clerk to the Council, took the chair and said he was now open to take nominations for the Chairmanship for the coming year.

Mr. Moore proposed, and Mr. Griffin seconded, that the outgoing Chairman (Mr. Brennock) be re-appointed.

Messrs. McGrath, Curran, O'Donnell and McCarthy having spoken in glowing terms of the work done by Mr. Brennock as Chairman, the Clerk declared Mr. Brennock unanimously elected.

Mr. Brennock returned thanks for the honour done him in again electing him as Chairman, and said he knew that all the members would co-operate with him in the coming year as in the past to work for the best interests of the town.

Vice-Chairman. On the proposition of Mr. McCarthy, seconded by Mr. Griffin, the outgoing vice-chairman (Mr. O'Donnell) was unanimously re-elected.

Mr. O'Donnell, in returning thanks, said his duties as vice-chairman in the past were very small (and the smaller the better he liked it) owing to the good attendance of the Chairman.

at Deerpark testify to the wonderful athletic feats of the late Mr. Davin. He was a modest and retiring man, and shrank from the limelight and publicity. If one induced him to talk about his athletic feats and his travels, he made it a condition of talk that there was to be nothing in the newspapers about him or his doings in the athletic arena. He was a most hospitable and entertaining host, and one could spend a most enjoyable and interesting time with him. He enjoyed excellent health up to a few months ago, and his straight and well-knit figure was a familiar sight on the road between Carrick and Deerpark.

The late Mr. Davin was a brother of Mr. Pat Davin, solr., Carrick-on-Suir (once the world's high and long jump champion), of the late Mr. Thomas Davin, solr. (who was father of Mr. Moe F. Davin, the well-known courser judge), and of Mr. Denis Davin, now in Australia. The late Mr. Maurice Davin never married. His death has removed from our midst a splendid type of Irishman, and one who was, in the best sense of the word, a manly man, and an upright and charitable gentleman.

The remains were taken from Deerpark to St. Nicholas's Church, Carrick-on-Suir, on Thursday evening week, and the funeral took place on Friday. Ven. Archbishop Sheehy, D.D., V.F., presided at the Solemn Requiem Mass, of which Rev. J. M. O'Shea, C.C., was celebrant. The coffin was borne to the hearse by T. F. Kiely and Larry Kiely, the famous athletes; Capt. Leahy, Tipperary Hurling Club; Widger Meagher, Secretary, Tipperary County Board, G.A.A.; Joe Moleghney, treasurer, do., and Daniel Fraher Dungarvan. The funeral was large and representative. The chief mourners were—Mr. P. Davin, solr. (brother); Mr. F. Davin (nephew); Miss Harding (cousin), and the County G.A.A. Clubs.

Late Mr. M. Davin. LIFE SKETCH OF FAMOUS CARRICK-ONSUIR MAN.

The death of Mr. Maurice Davin, Deerpark, Carrick-on-Suir, in his 84th year, has removed from our midst one of the most noted and most beloved and respected figures in Irish athletic circles. The late Mr. Davin was born at Deerpark, Carrick-on-Suir, in 1843. While still quite a young man he joined the Fenian Movement, and took an active part in the work of that organisation in the years 1865-1867. An athlete from his boyhood, Mr. Davin was one of the first to respond, in 1884, to the call of Mr. Michael Cusack, one of the founders of the G.A.A., and he was present at the historic meeting in Thurles with Archbishop Croke and Michael Cusack. When the G.A.A. was established, 44 years ago, he was its first president, and one of its inspiring and guiding spirits for many years. He was largely responsible for the great popularity of Gaelic games at home and abroad following the establishment of the G.A.A., and was the leading figure in the memorable Gaelic invasion of America in 1887. As an athlete, in his own sphere of skill and strength, he stood unrivalled up to the day he retired from active participation in athletics. In throwing the hammer, the 56 lbs. weight and the shot, he made world's records in Ireland, Great Britain and America, and won renown and respect for Ireland and his sons as athletes. His feat of throwing the 56 lb. weight over a ten feet high bar, catching the weight as it fell, and throwing it back again over the bar, and his throwing the hammer 123 feet were always his noted performances. He held the World's Championship from 1875 to 1880 in throwing the hammer, the 56 lb. weight and the shot. The numerous and valuable trophies

### Blackwater Fishery Conservators.

The usual monthly meeting of the No. 4 Lismore Fishery Conservators was held at Tallow. There attended—Messrs. J. Kennedy, chairman; Ed. Rice, solr., vice-chairman; Sir John Godfrey, Capt. Holroyd Smyth, H. P. Maxwell, H. Lucas, Jervase Power, T. Stafford, Capt. P. Dunne, W. O'Brien, T. Murphy, H. G. Annesley, Rev. P. C. Brown, Carey Joyce, J. Kent.

Capt. Spicer, Inspector of Department, and Messrs. T. Drohan, Inspector, and R. Buckle—Assistant Inspector, were also in attendance.

**Standing Orders.**  
Rev. Mr. Brown asked what were the exact rules regarding motions brought forward and what notice was required.

The Chairman said that resolutions standing on the books required notice.

Capt. Spicer inquired about Standing Orders.

The Secretary said he had no knowledge of any Standing Orders.

Capt. Spicer said there were Standing Orders in force in 1877, but they would require to be brought up-to-date.

In the proposition of Rev. Mr. Brown seconded by Mr. Annesley, Messrs. Rice, Lucas and Sir J. Godfrey were appointed a committee to draw up a list of Standing Orders.

**Trout Anglers.**  
A resolution was received from the Mallow Salmon and Trout Anglers' Association commending the resolution of the All-Ireland Board of Conservators a recommendation of the Ministry of Fisheries the imposition of a 5s. license on trout rods, being of opinion that the best interests would not be served by so doing, and that it would tend to entirely destroy the years of patient work done by Trout Angling Societies throughout the country.

Furthermore, they asked the Board in the event of such license being imposed to send Sir J. Godfrey to Lismore No. 4 District.

Capt. Dunne asked what had the Association done for the benefit of the river.

Mr. Lucas said the Association took an interest in fishing and in the preservation of the river.

Capt. Dunne said he heard that a trout fly was often shifted into a salmon fly in a couple of minutes.

Mr. Rice—He must have a license to do that.

Capt. Dunne—There are a good many fishing without licenses.

The Rev. Mr. Brown said they were in sympathy with that resolution.

The Chairman said there were a good many poor people fishing for trout.

Mr. Stafford—And the poor men deserve consideration.

Ultimately, on the proposition of Mr. Rice, seconded by Rev. Mr. Brown, approving of the resolution.

**The Bride.**  
A letter was received from Mr. J. W. O'Gorman, solicitor, Lismore, on behalf of Mr. J. Mangin, Briddane, renewing his application for a draft net license on the Bride.

Mr. Murphy proposed, and Capt. Dunne seconded, that they come before the Board.

On a poll Mr. Rice's proposition was carried by 10 to 4.

Capt. Dunne said that some time ago a largely and influential signed memorial had been sent to the Ministry of Fisheries asking for an inquiry to the opening date of the fishing on the Blackwater with a view to having the date changed from February 1st to January 15th. They had heard nothing about it since. Had it been turned down by the Board of Fisheries?

Capt. Spicer said he understood that the Inquiry would probably be held some time that year.

Capt. Dunne said that in England and in parts of Ireland the season opened earlier than on the Blackwater. They had a run of fish in December and January and practically none in July. The Ministry were ruining the fishery.

Capt. Spicer—You want to kill the goose with the golden eggs (laughter).

The Chairman said Captain Spicer's reply met the question and they could not discuss the matter any further then.

Rev. Mr. Brown asked should not the bailiffs work more in conjunction with the Civic Guards. Certain Guards were posted for fishery duties, but there was no conjunction between them.

Chairman—Do the Guards desire conjunction?

Rev. Mr. Brown—They were never asked. It would be much better for the fishery if they worked together.

Mr. Rice said they recently had an instance where Guards and

bailiffs went together and were fired on. That showed they worked together.

**Draft Nets in Bride.**  
Rev. Mr. Brown said that was only one case. Bailiffs should report their presence to the Superintendent of the Guards.

Sir J. Godfrey said that in Lismore and Tallow the Guards were most energetic in those cases.

Mr. Stafford—it would be a good thing for the fishery if it were the same all round.

Capt. Dunne said he had much pleasure in proposing a vote of thanks to the Guards from Youghal to Kerry for all the good work they had done to preserve the spawning fish.

Rev. Mr. Brown seconded. On a former occasion they had censured them.

The proposition was passed unanimously.

**The Estimates.**  
The meeting then took up the estimates for the coming year, in connection with which the Department pointed out that their estimated expenditure exceeded their revenue by over £300.

A suggestion was made that this might be met by reducing the staff of bailiffs, but it was unanimously decided not to do this, on the proposition of Rev. Mr. Brown, seconded by Sir J. Godfrey.

**Fermy Weir.**  
Mr. Rice asked what about the Fermy weir? There was no free pass for fish there.

Mr. Annesley said an engineer from the Department had inspected it last May, but they had heard nothing since.

Capt. Dunne—Why don't someone break it down?

Mr. Rice—With a sledge and hammer.

It was ultimately decided to ask the Department for their engineer's report and estimate.

### Annual Meeting of Youghal Ex-Servicemen.

At the annual general meeting held in the Club Rooms, Mr. J. Irwin, chairman, presided. The yearly report and balance sheet were read, which showed the Club in a sound financial position.

Mr. T. Murphy, in moving the adoption of the report, congratulated Mr. Harrington on the work he had done during his connection with the Club. To show the appreciation in which he was held a presentation was made to him at Christmas. Mr. Harrington's qualifications made him a secretary of outstanding ability. An untiring worker, his example was a lesson they should all take to heart, and his principles might safely be adopted by all who wished the Legion well (applause).

Mr. J. Webster, seconding, said Mr. Harrington took office with the advantage of fully understanding the practical difficulties of work in all departments. He was conversant with all matters relating to the work and organisation of the Legion, as well as with the inner working of the United Services Fund, of which he was the representative. The best compliment that could be paid him was to elect him permanent secretary. He did not gain a penny for himself, but did the work for charity's sake (hear, hear). Everyone should admire the charitable work of the branch. They had helped over seven hundred persons during the year, and disbursed over five hundred pounds, and all that was due no doubt to the untiring efforts of Mr. Harrington, who was an asset to the community (applause).

Mr. T. Harrington, U.D.C., thanked Messrs. Murphy and Webster for their kind remarks concerning him. They were all naturally proud of the things they had done well, but they would critically mark those things which they might have done better. In every Society they would find members who pretended never to feel satisfied that their organisation was of any use to them, and who with an automatic frequency asked what is the organisation doing. The object of that organisation was to protect them from tyranny, and to win for them collectively the full produce of their labours (applause).

The Chairman having thanked the members for their loyal support during the year, said in view of the amount of work done by the Secretary the highest praise was due to him for the able manner in which he had handled the affairs of the branch since its formation. A little team work and a pulling together and he had no doubt that in a short time they would be one of the finest branches of the organisation (applause).

Notes of thanks to the Chairman for presiding and to Dr. Kevin for his services to the branch were unanimously passed. Both gentlemen suitably replied.

The following officers and committee were elected—Vice-President—Dr. H. K. N. Nevin, Chairman—J. Irwin, Vice-Chairman—G. Dickenson, Treasurer—J. Webster, Secretary—T. Harrington, U.D.C., Assistant Secretary—H. Brooker, Committee—Messrs. J. Mulvey, P. Owens, Jas. Troy, R. McGrath, J. Revis, J. Casey, J. J. Higgins, J. Lynch.

### DEATH OF MRS. MARY CUNNINGHAM, DROMROE, CAPPOQUIN.

We regret to announce the death of the above well-known lady, which occurred at her residence, Dromroe East, on the 27th January. Deceased, who had reached the age of 68 years, was relict of the late Mr. John Cunningham, and was mother of Mr. Michael Cunningham and Misses Madge and Nellie Cunningham, the latter of whom is the courtly and efficient manageress of the Co-operative Society's Stores at Cappagh.

The late Mrs. Cunningham was a native of Rathcormack, Co. Cork, and belonged to one of the oldest and best known families in the locality, and resided for many years in Tallow, where she was extremely popular with all classes. She came to reside in Dromroe East nearly 20 years ago, and during her long residence there she was always noted for her genial, kindly and unselfish manner, her well-known hospitality towards all being an outstanding feature. She was a most interesting conversationalist, whose loss will not only be deeply mourned, but also by the members of her family, but also by all those who had the pleasure of her acquaintance.

Requiem Masses for the repose of her soul having been offered up on Friday and Saturday mornings by the Very Rev. Fr. Canon Burke, P.P., Modeligo, and the Rev. J. Dwan, C.C., do, the funeral took place to the family burial place in the Old Cemetery, Lismore, on Saturday afternoon and was a wonderful demonstration of public sympathy and respect from all parts. Very Rev. Canon Burke, P.P., Lismore, met the funeral as it approached Lismore and headed the cortege to the cemetery, where he read the final prayers at the graveside.

The chief mourners were—Michael Cunningham (son); Misses Madge and Nellie Cunningham (daughters); W. and J. Cotter, Rathcormack (nephews); Miss M. Hogan, Fermoy; Patk. and Miss Maria Cotter, Rathcormack; Misses Katie, Bridget, Peggy and Lily Cotter, do.; Thos. and Mrs. Kenry, do.; Mrs. Castlelyon, Martin and Mrs. Riordan, Conna; Dan O'Keefe, do.; Jack and James Cotter, Rathcormack; Jeremiah Geary, Fermoy; Michael and Mrs. Power, Newcastle; James and Wm. Power, Lismore; W. Power, do.; Mrs. O'Flaherty, Clashmore, etc., etc. (cousins and relatives).

Several beautiful floral tributes were laid on the grave. R.I.P.

**WATERFORD FACTORY TO CLOSE.**  
McDonnell's Margarine Factory closed down on Saturday. Some time it was understood that the factory would continue work for three months or such time as the Tariff Commission reported on the subject of a tariff on margarine. Quite recently the price of margarine has been reduced from 6d. per lb., and the firm state they do not produce margarine at such an economic figure. The action of the Tariff Commission has been a relief to business, but had no political significance. The closing of the factory will throw about 70 out of employment.

### CAUSE AND EFFECT.

Why so many of our factories are closing down altogether and others are merely dragging along that for some time were a question for thought by all who love their country. In the past our industrial and commercial life has been very good, but without ever being subsidised. We are competitors in the open market for all tariffs, and in most things more hold our own. The position occupies the commercial world today by Messrs. Jacob and then the position of our industrial concerns smaller scale, and while the factories and unaided are more than their own, most of the latter have out of business. That gives the idea something more than protection is and if we may be permitted to say the cause will be found when our factories are run on the principle of efficiency. By hard work we can make that any man should kill in a herculean effort to do two days' work in one, but rather that whatever it is well and carefully done, and the particular manufacture can stand the test of efficiency and competition. If a standard become the rule rather than the exception throughout the Free State results would be far more lasting than the establishment of a system of subsidies and tariffs, which in so far as it has been tried up to the present has been a failure in reaching the desired end.

### A NEW INDUSTRY.

Within the past few months a new industry has been started in the eastern district of Lismore and Paris, and if it develops may have a big interest in the minds of our Irish dairy farmers. The industry is for the manufacture of a special kind of cheese, and refers to the price being paid by farmers for milk to be manufactured into ladies' cheese. On the Riviera coast manufactured cheese called Casu is the top of the list at the moment, and they are catching at a fast rate, and as all the other red, red and white, black and brown equally popular. It is quite possible at no distant date dropped prices on market will fetch higher prices than do at the moment. Should such a development it would be seriously affecting grazing ranches.

### DUNGARVAN MARKETS.

Henry Ford has refused an offer of £500,000,000 for his motor business, must not want money very badly.  
Wheat (feed fine), 2s.; middling, 1s. 10d.; flour, 27s. per 100 lb. sack, 12s. 6d.; butter (retail), 1s. 10d. per cwt.; 4s. 6d. per tin; eggs, 1s. 3d. dozen.  
**RELATED JUSTICE.**  
We understand that the L.G. Department has ordered the sale of 50 of Dungarvan, including footballs, by the order of the County Council. Hereafter the County Council only with the trunk road running through Square leaving the rest of the town to be under the Urban Council, the ownership the creation being made satisfactory to all. We hope that an early date the Square will be opened and tarred and that some generous factor will in his will provide for all to-date market house and clock tower replace the antiquated, dilapidated structure which has for quite a long time an eye to the aesthetic taste of citizens and tourists.

### REPAIRS AND REPAIRS.

After unloading our cargo of high quality Basic Slag and Super XXX ex the "Southwick" we have now about 500 tons of each in stock. McDonnell's Margarine Factory is to close down on Saturday. Some time ago it was understood that the factory would continue work for three months or until such time as the Tariff Commission had reported on the subject of a tariff for margarine. Quite recently the price of margarine has been reduced from 8d. to 6d. per lb., and the firm state they could not produce margarine at such an un-economic figure. CAUSE AND EFFECT.
Why so many of our factories should be closing down together and others should be merely dragging along that formerly were prosperous is a question for serious thought by all who love their country. In the past our industrial and manufacturing concerns did very good business without ever being subsidised. We met our competitor in the open market free of all tariffs, and in most things more than held our own. The position occupied in the commercial world today by Guinness and Jacob was then the position of numerous other industrial concerns on a smaller scale, and while the first-named ones stand and are more than holding their own, most of the latter have gone out of business. That gives the idea that something more than protection is needed, and if we may be permitted to say so, the cause will be found when our industries are run on the principle of hard work and efficiency. By hard work we do not mean that any man should kill himself in a herculean effort to do two days' work in one, but rather that whatever is done is well and carefully done, and that the particular manufacture can stand the test of efficiency and competition. If such a standard becomes the rule rather than the exception throughout the Free State, the results would be far more lasting than the establishment of a system of spoon-feeding and tariffs, which in so far as has been tried up to the present has been only waiting in reaching the desired goal.

RAVAGES OF THE STORM.
Last week a terrible storm broke over this country, but fortunately it did the minimum of harm in these parts barring knocking down trees and loose slates. In other parts of the country much damage was done and valuable lives lost. A man had his head cut off with a sheet of corrugated iron blown off a roof. In Glasgow a tenement house was blown down and seven persons were killed. The storm was general over all these islands and the Continent and was followed by severe frost and snow.

CUTTEEN, KILROSSANTY.
IMPORTANT SALE OF GRAZING LANDS AND MOUNTAIN FOR TERMS OF ELEVEN MONTHS.
E. FLEMING WILL SELL BY PUBLIC AUCTION, ON THE LANDS, AT CUTTEEN, KILROSSANTY, ON MONDAY, 14th FEBRUARY, At Two o'clock. The Grazing of the following Lots—HOUSE QUARTER—21a, 1r., statute measure.

A NEW INDUSTRY.
Within the past few months a new industry has been started in the aristocratic districts of London and Paris, which if it develops may have a big interest for Irish dairy farmers. The industry we refer to has so far been only in the experimental stage, and refers to the large quantities being paid by farmers for calf skins to be manufactured into ladies' coats, etc. The Biviers coats manufactured from these calf skins are the top of the fashion at the moment, and they are catching on at a fast rate, and as all the coloured, red and white, black and brown, are equally popular, it is quite possible that at no distant date dropped calves on the market will fetch higher prices than they do at the moment. Should such a trade develop it would later seriously affect the grazing ranches.

200,000 OFFER.
Henry Ford has refused an offer of 200,000,000 for his motor business. He must not want money very badly.

DUNGARVAN MARKETS.
Meal (best fine), 22s.; middling, 21s.; flour, 27s. per 100lb.; pollard, 12s. per cwt.; butter (retail), 1s. 10d. per lb.; coal, 47s. 6d. per ton; eggs, 1s. 2d. per dozen.

RELATED JUSTICE.
We understand that the L.G. Department has ordered that the whole Square of Dungarvan, including footpaths, be put under the care of the County Council. Heretofore the County Council only dealt with the trunk road running through the Square leaving the rest of the thoroughfare under the Urban Council, the deal ownership thus created being most unsatisfactory to all. We hope that at an early date the Square will be municipalised and that some generous benefactor will in his will provide for an up-to-date market house and clock tower to replace the antiquated, dilapidated structure which has for quite a long time been an eyesore to the aesthetic taste of the citizens and tourists.

BASIC SLAG AND SUPER.
After unloading our cargo of high-grade Basic Slag and Super XXX at the s.s. "Southwick" we have now about 30 tons of each in stock. This lot will be sold at reduced prices to give an efficient storage for our next cargo of Super XXX due end of this month. Ask for special prices before going elsewhere.—Crotty's, Manure and Seed Merchants, Dungarvan.

MCLONEY'S STOCKTAKING SALE.
Look out for Mcloney's Great Annual Stocktaking Sale opening Monday, 14th February. Wonderful bargains will be offered.

FORD AGENT.
D. Power, O'Connell Street, Dungarvan, has been appointed authorised Ford Agent for Dungarvan and district. He is specialising in a Single Motor Car, carrying a complete Stock of Spare Parts, so as to eliminate the delays usually associated with repairs and replacements. Keeping Overhead Expenses down to the lowest possible figure by running my Spare Parts and Repair Departments on a strictly cash basis.

CINEMA NEWS.
On Sunday and Thursday nights two outstanding super productions will be screened at the Cinema. For all particulars see notices.

WHIST DRIVE.
A grand Whist Drive will be held in the Magistrate's Room, Courthouse, Dungarvan, on Tuesday next, 8th inst., at 8 o'clock. Valuable prizes will be given. Light refreshments. A most enjoyable time assured.

NEW ROAD SIGNS.
New sign-posts are being erected at the various cross-roads throughout the county at present. They are printed in Irish and English, but give little or no information beyond stating that a certain town is so many miles away. Sure the milestones tell you that and also your school teacher. It would be a good thing if when erecting these sign-posts a short descriptive account of particular beauty spots were also put up. Take a sign-board stating—Cross 2 miles. Now we would suggest that the charms of Cross town is so marvellous; lovely bathing; attractive hotel, etc. Then you have another—Bodadon 4 miles. That conveys very little to the tourist. Why not print a picture in words of the exquisite panoramas; invigorating ozone and splendid shooting to be had, coupled with home comforts, etc. That would appeal to the tourist to visit the place. Mere place names convey nothing in the absence of particulars, and we hope to see the charms of our scenery nicely described for the edification of the traveller and the profit of the hostellers.

COUNTY COMMITTEE OF AGRICULTURE.

PREMIUMS TO BULLS.

BIG ALLOCATION THIS YEAR. Mr. N. Fitzgerald, chairman, presided. Also present—Messrs. P. Sheridan, Thos. Flynn, Michl. Curran, M. McGrath, John Curran, P. Mulcahy and D. Coughlan. All the officials were in attendance.

More Money for Bulls. The Department wrote placing at the disposal of the committee £280 for additional premiums for bulls. This was only granted on the condition that it would be used for providing additional premium bulls in the county. The Department also asked that the committee should make special efforts to secure as many applications as practicable for bulls from any district in the county where such animals are scarce.

Mr. Flynn—Is that in addition to the money we have at present?

Secretary—Yes. Mr. Flynn—How much have you at present? Secretary—£147 is available from the Joint Fund.

Mr. Flynn—How many premiums would that allow for the whole county? Secretary—33 additional premiums to the 18 premium bulls already in the county.

Mr. O'Keefe—The number of new premiums will depend on the breeds. If you get applications for pure-bred dairy bulls you can award fewer premiums.

Chairman—The number would not vary very much. It would take away about five.

The Department of Agriculture also wrote with regard to the desirability of having premium bulls secured for each district in the county, and stating provided the County Committee were satisfied that an additional premium was required for any district they would be prepared to consider the relaxation of the 3-mile limit in such cases.

The Department could not undertake to select the bulls for selected county applicants, who should purchase suitable animals themselves.

Chairman—At the end of the year you will have farmers saying they did not know of this, and now they cannot say it. A man may come here from one of the outlying districts next year and say that his district is neglected, but if they don't come forward now the time will be gone. If you don't get applications from the outlying districts the 3-mile limit goes.

Mr. M. Curran—What is the last day for considering applications? Secretary—19th February.

Mr. Curran—There is no premium bull in my district, and in other districts there are 3 or 4 of them.

Mr. O'Keefe—Mr. Curran's district was canvassed personally last year and the year before and we failed to get a premium bull in there. A premium bull is required there as you have a number of small farmers.

The committee then proceeded to consider the applications for premium bulls received and awarded the following—Mrs. Gough, Ballykerogue, Stradbally; T. P. Killy, Fruhill, Dungarvan; D. Dempsey, Shaughan, do.; Thomas Walsh, Ardeonogue, Kilmadden; Kilmadden Cow-Testing Association, Thos. Power, Kiltiride, Tramore; Jas. Power, Kiltbeg, Kilmachomas; Alan McGabe, Dromore, Patrick Mansfield, Ballintlea, Old Parish; James Flahavan, Kilmachomas; Thos. Connors, Faha; B. Murray, Dunmoon, Tallow; Thos. Prendergast, Kealfoun, Kilmachomas. All the foregoing are for dairy bulls.

The applications of Thomas Walsh, Ballykerogue, Stradbally, and Richard Walsh, Fews, for premiums for dairy bulls were held over.

The applications of the following farmers were held over to the meeting on February 19th—Mr. Godfrey J. Greene, Knocknareha, Carrick-on-Suir, Aberdeen Angus; Mr. E. Power, Glen, Kilmachomas, Aberdeen Angus or Hereford; Mr. John Connors, Furrareigh, Hereford; Mr. E. Murphy, Ballybrennock, Dunhill, Aberdeen Angus; Mr. E. Casey, Tallacole, Aberdeen Angus; Mrs. Morrissey, Ballinskeha, Aberdeen Angus.

Chairman—We have had no application from Dunmore East or Ballymacarby.

The Department wrote approving of the winter agricultural classes being held at Glenbeg and Knockanore.

Judging Cottages, Etc. In connection with the Prize Scheme of cottages and small farms, 1927, the Department wrote that in the future marks would not be awarded in respect of the interior of dwelling-houses and cottages.

The Chairman said it would be a bad thing to give first prize

to a cottage the inside of which was not well kept. The members agreed that the interior of the houses should be examined as well as the exterior.

The following order was made:—This committee considers that the inside of dwellings and cottages should be up to a reasonable standard.

The Department also wrote submitting a new scale of subsistence allowance for officials when away from home on business. The new scale is based on the basic salary, and the lower the salary the less expenses you get in future.

The committee disagreed with the discrepancy made by the Department on the basic salary.

Beet Conference. Mr. O'Keefe, A.I., was deputed to attend a Conference at the Beet Factory, Carlow, on 5th February.

Fianna Fail. A letter was read from the Secretary of Fianna Fail asking the committee to appoint delegates to a Conference in Dublin at an early date to consider the whole economic question, especially agriculture, tariffs, collective buying and selling, insurance, land annuities, etc.

Chairman—Does anyone want a trip? Mr. Flynn—At their own expense? I don't think they do. What about sending Mr. O'Keefe? If anyone wants to go we will send them.

Chairman—I will not be available. Mr. Coughlan—They have a lot of subjects to deal with. Chairman—The worst of it is there is nothing ever done at these Conferences. This programme would require a week to deal with it.

Bigger Rate Wanted. In connection with the rate for agriculture levied in the County, Waterford, and which is the smallest in the Free State, the Secretary said at the request of the Chairman he had made inquiries from each of the 26 counties in the Free State and found that the County Waterford contribution of 1/2 in the £ was far the lowest anywhere.

The following are some of the figures secured—Co. Cork—1d. in the £ for Agriculture and 1d. in the £ for Cow-Testing. Mayo—1d. in the £ for Agriculture. Limerick—1d. in the £. Kilkenny—1d. in the £. Roscommon—1d. in the £. Westmeath—1d. in the £. Kerry—1/2d. in the £. Galway—1/2d. in the £. South Tipperary—2/3d. in the £.

The committee were unanimously of the opinion that the Co. Waterford rate was too low, and as the Department's grants are in proportion to the amount levied locally, it was agreed that they should ask the County Council to strike a higher rate this year so as to enable the various schemes to be properly financed and developed. It was also maintained that the rate for agriculture differed from all other levies in so far as the amount raised went back again to the people under the various schemes.

On the motion of Mr. Flynn, seconded by Mr. Sheridan, the following resolution was unanimously passed:—"That we, the members of the County Waterford Agricultural Committee, request the County Council to levy an additional rate of 1d. in the £ for the purpose of agricultural instruction and development, particularly for the improvement of Live Stock. We would point out that at present we have the lowest rate in the Free State for agricultural purposes. We have been compelled to drop valuable schemes and curtail others, and without the additional rate we will have to further reduce our activities in the coming financial year."

Milk Supply. The committee on milk supply appointed to advise on the sufficiency of the existing provisions dealing with the cleanliness and wholesomeness of the new milk supply and on the administrative or other measures acquired for the better attainment of those objects, wrote asking the committee for answers to certain queries re how the average dairy farmers would be affected by a strict enforcement of the Dairies, Cowsheds and Milkshops Order, 1908; the existing conditions of the average small farmers as regards condition of cow Sheds, etc., and re milk production, etc.

Mr. Flynn said if they were to enforce the Order strictly they should build cow-houses for half the county.

WELL-KNOWN GAELIC FOOTBALLER DEAD. The death has occurred of Mr. Wm. Shee, Glinshower, Carrick-on-Suir, who was a well-known All-Ireland footballer up to a few years ago. The funeral took place on Saturday at Ballynaalea, where there was Office and High Mass for the repose of the soul of deceased.

OVERLAND-WHIPPET.

"OURS, TODAY" (TAX-£10).

A high-grade closed Car for £220, with luxurious coachwork, affording ample accommodation and leg room for five passengers. A product of modern engineering, the WHIPPET embodies all the latest chassis improvements evolved from recent Motor Car building experience in Europe and America.

The powerful, smooth-running engine offers comfortable, trouble-free motoring at an unequalled price and on the most economical lines. With a speed range of 5 to 55 miles per hour "on top," it is still a miser on fuel and lubricant. Its 35 miles per gallon of petrol makes old style engines extravagant and wasteful luxuries. Its perfect pressure-feed oiling system delivers 1,500 miles of delightful motoring with every gallon of oil consumed.

The OVERLAND WHIPPET has all of the engine refinements characteristic of the most expensive cars, and greater accessibility for inspection and adjustment is an outstanding feature of the power plant.

TOURER, £185. COUPE, £220. Demonstration Cars are now available. May we have your enquiries?

Fixed 5s. and costs.

EXCEEDING THE SPEED. Guard Sweeney presented a petition with driving a motor car at a dangerous speed. Mr. T. C. Williams, solicitor, for the defendant. Complainant deposed on the question he was on plain clothes when cycling in by Kilkenny. He deposed going in the direction of the town and he was driving at a speed of 20 miles per hour. By Mr. Williams—He was in town and defendant was wearing Capponis. He would be if there was anyone in the street. The road is very straight there, but there is a 100 yards further on. He would what speed defendant was travelling. There were a lot of people about. There were women with children and girls from the college. To run in off the road. To the Justice, complainant deposed about it defendant as being out Kilkenny that day. By Mr. Williams—Defendant knows witness as he was in play. He would not consider 30 miles per hour on that road. He could not see speed defendant was travelling. He would think that he was doing 20 miles per hour. He never had a complaint against defendant. There was a witness on the road there and defendant's own side of the road. To the Justice—Defendant was 100 yards from the bend when he met him. The people on the road were the people who were in the park. John Fenney deposed, in answer to Williams, on Sunday, 29th January, was driving Mr. Hayes, another Colligan. He was travelling at a speed of 20 miles per hour. All the witnesses were on the footpaths that day. The case was dismissed.

PREMIUMS TO BULLS.  
BIG ALLOCATION THIS YEAR.

Mr. N. Fitzgerald, chairman, presided. Also present—Messrs. P. Sheridan, Thos. Flynn, Mr. H. Curran, M. McGrath, John Curran, P. Mulcahy and D. Coughlan. All the officials were in attendance.

More Money for Bulls.

The Department wrote placing at the disposal of the Committee £280 for additional premiums for bulls. This was only granted on the condition that it would be used for providing additional premium bulls in the county. The Department also asked that the committee should make special efforts to secure as many applications as practicable for bulls from any district in the county where such animals are scarce.

Mr. Flynn—Is that in addition to the money we have at present? Secretary—Yes.

Mr. Flynn—How much have you at present? Secretary—£147 is available from the Joint Fund.

Mr. Flynn—How many premiums would that allow for the whole county? Secretary—23 additional premiums to the 13 premium bulls already in the county.

Mr. O'Keefe—The number of new premiums will depend on the breeds. If you get applications for pure-bred dairy bulls you can award fewer premiums. Chairman—The number would not vary very much. It would take away about five.

The Department of Agriculture also wrote with regard to the desirability of having premium bulls secured for each district in the county, and stating provided the County Committee were satisfied that an additional premium was required for any district they would be prepared to consider the relaxation of the 3-mile limit in such cases. The Department could not undertake to select the bulls for selected county applicants, who should purchase suitable animals themselves.

Chairman—At the end of the year you will have farmers saying they did not know all this year they cannot say it. A man may come here from one of the outlying districts next year and say that his district is neglected, but if they don't come forward now the time will be gone. If you don't get applications from the outlying districts the 3-mile limit goes.

Mr. M. Curran—What is the last day for considering applications? Secretary—19th February.

Mr. Curran—There is no premium bull in my district, and in other districts there are 3 or 4 of them.

Mr. O'Keefe—Mr. Curran's district was canvassed personally last year and the year before and we failed to get a premium bull in there. A premium bull is required there as you have a number of small farmers.

The committee then proceeded to consider the applications for premium bulls received and awarded the following—Mrs. Gough, Ballykerogue, Stradally; T. F. Kieley, Fruhill, Dungarvan; D. Dempsey, Shanlon, do.; Thomas Walsh, Ardeelenounne, Kilmadden; Kilmeaden Cow-Testing Association, Thos. Power, Kilbride, Tramore; Jas. Power, Kilbeg, Kilmachomas; Alan McCabe, Droonana, Patrick Mansfield, Ballintea, Old Parish; James Flahavan, Kilmachomas; Thos. Connors, Faha; B. Murray, Dunmoon, Tallow; Thos. Prendergast, Kealfour, Kilmachomas. All the foregoing are for dairy bulls.

The applications of Thomas Walsh, Ballykerogue, Stradally, and Richard Walsh, Fewes, for premiums for dairy bulls were held over.

The applications of the following farmers were held over to the meeting on February 19th:—Mr. Godfrey J. Greene, Knocknacreeha, Carrick-on-Suir, Aberdeen Angus; Mr. E. Power, Glen, Kilmachomas, Aberdeen Angus or Hereford; Mr. John Connors, Furraleigh, Hereford; Mr. E. Dunphy, Ballybrenock, Dunhill, Aberdeen Angus; Mr. E. Casey, Tallacoe, Aberdeen Angus; Mrs. Morrissey, Ballinacul, Aberdeen Angus.

Chairman—We have had no application from Dunmore East or Ballymacartry.

The Department wrote approving of the winter agricultural classes being held at Glenbeg and Knocknaree.

Judging Cottages, Etc.

In connection with the Prize Scheme of cottages and small farms, 1927, the Department wrote that in the future marks would not be awarded in respect of the interior of dwellings-houses and cottages.

The Chairman said it would be a bad thing to give first prize

to a cottage the inside of which was not well kept.

The members agreed that the interior of the houses should be examined as well as the exterior. The following order was made:—"This committee considers that the inside of dwellings and cottages should be up to a reasonable standard."

The Department also wrote submitting a new scale of subsistence allowance for officials when away from home on business. The new scale is based on the basic salary, and the lower the salary the less expenses you get in future.

The committee disagreed with the discrepancy made by the Department on the basic salary.

Beet Conference.

Mr. O'Keefe, A.I., was deputed to attend a Conference at the Beet Factory, Carlow, on 5th February.

Fianna Fail.

A letter was read from the Secretary of Fianna Fail asking the committee to appoint delegates to a Conference in Dublin at an early date to consider the whole economic question, especially agriculture, tariffs, collective buying and selling, insurance, land annuities, etc.

Chairman—Does anyone want a trip?  
Mr. Flynn—At their own expense? I don't think they do.  
What about sending Mr. O'Keefe? If anyone wants to go we will send them.

Chairman—I will not be available.

Mr. Coughlan—They have a lot of subjects to deal with.

Chairman—The worst of it is there is nothing ever done at these Conferences. The programme would require a week to deal with it.

Bigger Rate Wanted.

In connection with the rate for agriculture levied in the County Waterford, and which is the smallest in the Free State, the Secretary said at the request of the Chairman he had made inquiries from each of the 26 counties in the Free State and found that the County Waterford contribution of 2d. in the £ was far the lowest anywhere.

The following are some of the figures secured—Co. Cork—1d. in the £ for Agriculture and 1d. in the £ for Cow-Testing. Mayo—1 1/2d. in the £ for Agriculture. Limerick—1d. in the £. Kilkenny—1d. in the £. Roscommon—1d. in the £. Westmeath—1d. in the £. Kerry—1 1/2d. in the £. Galway—1 1/2d. in the £. South Tipperary—2 1/2d. in the £.

The committee were unanimously of the opinion that the County Waterford rate was too low, and as the Department's grants are in proportion to the rate levied locally, it was agreed that they should ask the County Council to strike a higher rate this year so as to enable the various schemes to be properly financed and developed. It was also maintained that the rate for agriculture differed from all other levies in so far as the amount raised went back again to the people under the various schemes.

On the motion of Mr. Flynn, seconded by Mr. Sheridan, the following resolution was unanimously passed:—"That we, the members of the County Waterford Agricultural Committee, request the County Council to levy an additional rate of 1d. in the £ for the purpose of agricultural instruction and development, particularly for the improvement of Live Stock. We would point out that at present we have the lowest rate in the Free State for agricultural purposes. We have been compelled to drop valuable schemes and curtail others, and without the additional rate we will have to further reduce our activities in the coming financial year."

Milk Supply.

The committee on milk supply appointed to advise on the sufficiency of the existing provision, and the cleanliness and wholesomeness of the new milk supply and on the administrative or other measures acquired for the better attainment of those objects, wrote asking the committee for answers to certain queries re how the average dairy farmers would be affected by a strict enforcement of the Dairies, Cowsheeds and Milkshops Order, 1908; the existing conditions of the average small farmers as regards the condition of cow sheds, etc., and re milk production, etc.

Mr. Flynn said if they were to enforce the Order strictly they should build cow-houses for half the county.

WELL-KNOWN GAELE FOOT-BALLER DEAD.

The death has occurred of Mr. Wm. Sheehy, Glenlough, Carrick-on-Suir, who was a well-known All-Ireland footballer up to a few years ago. The funeral took place on Saturday at Ballyneale, where there was Office and High Mass for the repose of the soul of deceased.

**OVERLAND-WHIPPET.**

"OURS, TODAY"  
(TAX—£16).

A high-grade closed Car for £220, with luxurious coachwork, affording ample accommodation and leg room for five passengers.

A product of modern engineering, the WHIPPET embodies all the latest chassis improvements evolved from recent Motor Car building experience in Europe and America.

The powerful, smooth-running engine offers comfortable, trouble-free motoring at an unequalled price and on the most economical lines. With a speed range of 5 to 55 miles per hour "on top," it is still a miser on fuel and lubricant. Its 35 miles per gallon of petrol makes old style engines extravagant and wasteful luxuries. Its perfect pressure-feed oiling system delivers 1,500 miles of delightful motoring with every gallon of oil consumed.

The OVERLAND WHIPPET has all of the engine refinements characteristic of the most expensive cars, and greater accessibility for inspection and adjustment is an outstanding feature of the power plant.

Guard Sweeney presented for driving a motor car at a speed of 30 m.p.h. Fined 5s. and costs.

Complainant deposed on the question he was on plain clothes was cycling in Kilkenny. He defendant going in the direction of Kilkenny and he was driving at a speed of 30 m.p.h.

By Mr. Williams—He was to town and defendant was wards Cappoquin. He would not say where he was on the day. The road is very straight there, but there is a 100 yards further on. He was what speed defendant was travelling. There were a lot of people about and girls from the college. To the Justice—Defendant was 100 yards from the head when he met him. The people on the road were not on the road.

John Feeney deposed, in answer to Williams, on Sunday, 2nd Jan. was driving Mr. Hayes, Justice Colligan. He was travelling at 30 miles an hour. All the people were on the footpaths that day.

Complainant—Why did you not call Kilkenny that day?  
Defendant—I was out on three journeys that day and forgot the moment. I would like to see did not meet the Garda at Kilkenny that day.

Complainant—That is important is a quarter of a mile away from we were.

Defendant—You were standing Hackett's gate and I nodded my head to you.

Complainant—That could not be right as they were cycling in the street. James Hayes deposed he did not like fast driving and they were only going at a normal speed. He did not see the Garda at all.

The case was dismissed.

NO LIGHT.  
Guard Sweeney presented for driving a motor car at a speed of 30 m.p.h. Fined 5s. and costs.

Mr. T. C. Williams, sct., deposed.

Complainant gave evidence of the car. He cautioned Dr. Crotty he said he would not put the witness there summoned him.

By Mr. Williams—There is a light standard opposite the place the car was. It was the first car brought by witness. Defendant admitted it was only a light.

Justice—Is the custom in this car is near a standard that the need not be put on.

Superintendent—I really could not say. Mr. Williams—That was just a question. The defendant was presented that the Superintendent's left in the street.

Dr. Crotty deposed that on the question he left his car in the position as he left it for the past 10 years. Regarding the question of cars being left in the street, he said on the night of the 1st inst.
