DUNGARVAN CIRCUIT COURT

Before Mr. Justice Sealy, K.C. COLEMAN v. WADE.

This was an action brought by Miss Kate Coleman, Gurrane, against Mr. M. Wade, Kilmacreehan, for compensation for the use and occupation of a house and farm at Kilmacreehan, her property. There was a counter-claim by Miss Wade for £130 for improvements, etc., to the place.

Mr. Wade deposed the place was put up for auction for grazing and something over £100 was bid for it. He was not the highest bidder at the auction. Miss Power sent for witness and said she would rather he had it than anyone, and if he came and lived with them he could have it. He went to live there and he paid her £130 the first two years and £100 for the remainder of the time he was there.

Mr. Wade deposed he was a mason and was employed by M. Wade to build and thatch a house. Mary Power was then around, and one day she asked witness how much Wade had paid him as a solicitor was coming and Wade would have to be paid back. The place was in a bad state before he went there. The work was still to be seen there—windows, doors, etc.

HOURIGAN v. DUNGARVAN CO-OPERATIVE CREAMERY.

Mr. Lennon, B.L. (instructed by Mr. Thornton and Son) for applicant. Mr. Esmonde, B.L. (instructed by Mr. E. A. Ryan, solr.) for defendant. This was an action for injuries received while in the employment of the defendants by being burned as a result of which pneumonia set in.

Michael Hourigan deposed he worked for the Co-operative Creamery as a stoker. On October 18th a live coal jumped out and hit him on the arms and burned him between wrist and elbow. He got pneumonia in November and was in bed for three weeks. He felt weak and was not able to work yet. His fingers were still numb. During the time his hand was burned he suffered from sleeplessness.

By Mr. Lennon—He was attended for the burn by Dr. Moloney and he told me the last time I was in I would be fit for work in a fortnight. By Mr. Esmonde—He went to Dr. Moloney as a private patient and paid him £20. Dr. McCarthy deposed that he was called and inspected the applicant. He thought as a result of the burn that pneumonia was brought on.

By Mr. Lennon—He could not say definitely that pneumonia was caused by the burn, but the burn made him more susceptible to the pneumonia. Dr. Moloney deposed he examined the applicant on the 18th October for a burn. The burn got septic. He subsequently came in and witness thought he would be able to work in 14 days. He didn't see the man from that date to now and he would say now he was in a very low condition.

WATTS v. VEALE.

This was an ejectment order brought by Mary Watts, Bannahan, against Stephen Veale in respect of a house known as the Copper House, Bannahan. Mr. Lennon, B.L. (instructed by Messrs. Thornton and Son) for applicant. Mr. E. A. Ryan, solr., for defendant. Mrs. Mary Watts deposed she was married in 1903. She sent the notice to quit to defendant. Veale was always working with them. She always deducted 1s. per week as rent for the Copper House. Part of the premises were used by witness as a store. The rate receipts (produced) were for these premises.

Continuing, witness said the rent was always paid by deduction of 1s. a week from Veale. In connection with the copper works, when they started a man named Jackson bought the house and partly paid for it. This Jackson had a man named Nugent, whom he left as caretaker. He refused to leave as Jackson owed him money, so her husband gave him some money to leave the house. By Mr. Ryan—She did not know what was her husband got from the Mining Co. It would be hundreds of pounds. When the Mining Company left a man named Nugent was looking the house. They paid money to get him out. She knew Dalton's house, but did not know how he bought it. Michael Foley deposed he was employed by Watts for 35 years, mostly in the creamery. He had control of the books lately. He remembered Veale going into the Copper House in 1915. He had not possession of all the house as his employers stored artificial manure, etc., there. He used to go to the house

signs of giddiness, but not to the extent that Dr. Moloney did. He did not think the man was fit for work owing to old age.

To his Lordship—He considered he would be fit for a limited amount of work either on the ground or up on a roof. John Christopher, managing director of K. Williams and Co., Ltd., deposed that the applicant was on and off in his employment. Immediately after the accident he visited and found him in bed and could not see anything wrong with him. He subsequently went to see him and told him to get up. Witness was of opinion he was dressed in bed. Defendant was a very slow worker, but was indispensable to him.

His Lordship said he would make the usual declaration of liability. Applicant was still suffering and he found he was completely incapacitated and would allow 2s. 6d. per week up to-day and 15s. a week until further order.

By Mr. Lennon—He remembered the sale of the estate. He attended the sale of the Copper House and made no objection at the sale. The auctioneer was Mr. Palmer and the auction was in Nagle's yard. He never saw a poster about the sale of the Copper House as he could not read. Foley wanted me to sign possession over to Mr. Curran and I refused. He was 40 years with Watts and they were very good people. His relatives helped him while he was getting Dalton's cottage ready. He never lived in it as Mr. Watts exchanged with him before he went there. The receipt (produced) he got a few months ago from Mr. Curran. Mr. Watts used to use the Copper House as a store before witness went there, but not after. The Copper House might be worth a lot of money.

Mrs. Veale deposed in 1914 she remembered her husband bought the house from Kirwan. She was present when Mr. Watts told her husband he would give the Copper House for Dalton's cottage. Witness always took the goods in the shop. There was never a word about money. She never knew they were keeping back anything for rent.

By Mr. Lennon—There was never anything stored there since they went into it. It was a 9-roomed house. Witness never questioned the wages. She was often helped by her relatives up to this day. Mr. James Kirwan deposed he carried on business in Bannahan. He remembered the Mining Syndicate buying of property. They took over the Copper House. He sold Veale a house for £2. He gave Veale the receipt (produced).

By Mr. Lennon—The receipt was not in his writing but it is his signature. He read the document before he signed it. He did not know who wrote it. He signed it about October, 1915. He bought Dalton's cottage for 30s. His Lordship said he never listened to two such witnesses before as Veale and Kirwan, and said he could place very little reliance on anything they said. If Kirwan could show him he sold the fee-simple to Veale and then the swap with Watts he would decide in favour of defendant. It was quite likely that Kirwan sold the tenant's interest. He was satisfied on the evidence there was a tenancy at 1s., and the plaintiffs were entitled to possession and would get a decree.

RATE APPEAL.

In the appeal case of Mr. Jas. Kent, Magdala, against the decision of the District Justice at Tallow in fixing a decree against him for rates out of Waterpark Fishery at the suit of Mr. O'Donnell, rate collector for Cork County Council. Mr. Carroll, solr., appeared for the appellant (defendant), and Mr. Lennon, B.L. (instructed by Mr. Skinner) for the respondent.

After hearing the respondent, his Lordship said the case fell through want of proof, and he gave a decree with 2s expenses and costs against the respondent. In connection with the new roadway beside Mr. O'Neill, Mr. Munster and Leinster witness stating that he saw the loan would be subject to sanction by the L.G.B.

A meeting of the ab held on Friday. Mr. nock, chairman, president—Messrs. J. Bull, P. McGrath, T. McGar, Keane, M. Clancy, W. O. M. Griffin, J. Moore, J. J. Hackett and R. Craig.

Expenditure. The pay sheet for the amounted to £12 15s. 6d. ment was passed.

Old Hospital Road. Chairman—At the last some members asked Old Hospital Road. stand that the contractor out 30 loads of stones but as these have not measured, they will not of the 100 loads that are out before November.

Borough Surveyor— would not give credit stones but those I mean Chairman—Indeed I mean he is a very generous

General. Mr. O'Donnell—What done about the gate at yan's Terrace?

Borough Surveyor—The made and the blocks for are cattle. I told the co that he could begin the soon as he liked.

Mr. O'Donnell—The was favourable for the work Borough Surveyor—I is going to start as he the blocks from the yard Mr. O'Donnell—Did anything about Patrick sewer?

Borough Surveyor—The sewer to be put down the Mr. O'Donnell—Several bers have brought the m from time to time and it been done yet. It is on fting thing.

Borough Surveyor—It a few pounds. Our two m at other work this week. Mr. Craig—How much cost?

Borough Surveyor—I w you an estimate for next Mr. Craig—There are pipes needed at St. Aug Terrace.

Borough Surveyor—The be done. There is also ter of a boundary between Foley's site and Mr. Stokes' property. There was no made for it, but some should be put up.

Mr. Clancy—There should boundary wall. Mr. Griffin—The wall Stokes' site and Mr. Stokes' and the public can see the backs of the houses.

Borough Surveyor—The Mr. Stokes' property and nothing to do with it. Mr. Griffin—Compel the to build a wall.

Borough Surveyor—The owners wish to leave the party open they can do so. Mr. Craig—There is on key to the gateway at Don plot, and there are eight to build.

Mr. Butler—Give each key. This was decided to be

Houses for Ex-Servicemen The Secretary of the Legion Dungarvan Branch to the council asking them all they could in bringing matter of houses for ex-servicemen before the proper authority.

Chairman—I have a re here in regard to the which I ask you to pass. I understand that there is a S and Sailors' Fund in ex for the purpose of building houses for the ex-servicemen.

The resolution proposed Chairman and seconded McGrath protesting against treatment meted out to mess British Legion in this area Irish Land Trust was passed.

It was ordered to send of the resolution to the Irish Trust, Mr. Desmond Fitz and Mr. Kevin O'Higgins. Mr. Butler—Was there application made to the Irish Trust?

Chairman—I understand were several applications they were all averted by me I also suggest that Mr. Butler deputed by us to call on Mr. Desmond Fitzgerald and thras matter out.

It was decided that Mr. get all the particulars from British Legion's Secretary and see what move he could make the matter.

Loan. In connection with the £500 for the new roadway beside Mr. O'Neill, Mr. Munster and Leinster witness stating that he saw the loan would be subject to sanction by the L.G.B.

Town Hall Chairs to be Ca for. The G.A.A. Club were ted the use of the Hall for derella Dance on March 13. Mr. Clancy—Was there chree made for the chairs?

Dungarvan Urban Council

concern. Mr. Glancy—I thought it was suggested that it would not be fair to give the use of the chairs free. Mr. McCarthy—The reason the chairs were got was because the setting was bad. Mr. Glancy—We must get revenue if we wish to get the hall up to modern requirements. Mr. Butler—I agree that we should get revenue, but it is the wrong way to go about it. Increase the charge for the Hall it would be the best way. Mr. McGrath—I agree with Mr. Clancy that a charge should be made for the chairs. Mr. Glancy—A Penny a chair would not be much. Clerk—The feeling of people that pay 30s. a night for the hall there are some cases in which more might be charged. Mr. Clancy—The charge to locals is very low. Mr. Keane—We should not be afraid to charge enough. Mr. Clancy's proposition that a penny a chair be charged in future was seconded by Mr. McGrath. Mr. McCarthy said that he did not agree with the proposition and asked that a vote be taken. On a vote the proposition was carried by one vote.

Auditor. The auditor's report for the last three years was before the meeting. The report criticised the unbusinesslike methods pursued by the Council, and also the understating of works which it stated made things harder for the ratepayers. It further stated that the Trunk Road Account had been overdrawn, and that the building of the Quay Wall exceeded the estimate by £94 as a result of the Harbour Account was in debt. Attention was drawn to the fact that a big amount of rent was uncollected. Mr. McGrath (B.S.)—There is one part of that report referring to me, that is the procedure followed in making payments. All I say is that I have followed the procedure that was before me for the last 40 years. Since the auditor suggested the new way I have followed it. Mr. Butler—Seeing that this is a three years' audit and passing the times we have passed through, I think the report is very satisfactory. The auditor only draws our attention to a few small matters, which since the audit have been made all right. Chairman—We have every reason to be proud of our clerk for considering the amount of work he had to do during the last three years, everything was kept as it should. A few small matters may be commented on, but on the whole the report is satisfactory. The council have kept themselves right before the public. Mr. McGrath—I have experience of auditing and I think the report is very pleasing. Clerk—I confess that I am very disappointed with the report. The management of things for the last three years has been very difficult. You had grants and different accounts to keep and I think the auditor pays me a very poor compliment after the hard time I went through. Thank goodness there was nothing wrong. Mr. O'Donnell—No doubt it is anything was wrong we would have it before us, and I think that the report is very satisfactory. Mr. Butler—There is no need for the clerk to be put out; the only fault is with our system, otherwise everything is right. New Member to be Co-opted. Mr. Butler handed in notice of motion that the vacancy caused by the resignation of Capt. Foley be filled by co-opting a member.

Secretary for Ex-Servicemen. The Secretary of the British Legion Dungarvan Branch wrote to the council asking them to do all they could in bringing the matter of houses for ex-servicemen before the proper authority. Chairman—I have a resolution here in regard to the matter which I ask you to pass. I understand that there is a Soldiers' and Sailors' Fund in existence for the purpose of building houses for the ex-servicemen. The resolution proposed by Mr. McGrath protesting against the treatment meted out to men of the British Legion in this area by the Irish Land Trust was passed. It was ordered to send copies of the resolution to the Irish Land Trust, Mr. Desmond Fitzgerald and Mr. Kevin O'Higgins. Mr. Butler—Was there any application made to the Irish Land Trust? Chairman—I understand there were several applications, but they were all averted by excuses. I also suggest that Mr. Butler be deputed by us to call on Mr. Desmond Fitzgerald and thrash the matter out.

Loan. In connection with the loan of £500 for the new roadway at Abbeystead, Mr. O'Neill, Manager Munster and Leinster Bank, wrote stating that he assumed the loan would be subject to sanction by the L.G.B. Town Hall Chairs to be Charged. The G.A.A. Club were granted the use of the Hall for a Cinderella Dance on March 1st. Mr. Clancy—Was there any charge made for the chairs at the concert?

Youghal Urban Council.

Gerrical Changes. The Chairman said that during the week they had heard with mingled feelings of the removal from amongst them of three zealous priests—Father Scannell, Thornhill and Rice—who since their coming to Youghal had discharged their sacred duties faithfully and zealously. A special word of praise was due to Father Scannell for the very successful manner in which he managed the League of the Cross, which had been such a great boon and blessing to Youghal for many years. He certainly had done a man's part in making it what it was. They all regretted to hear that he was leaving them. Mr. W. Broderick and Scannell cordially endorsed the Chairman's remarks. It was with great regret that they had learned of the removal of those good priests, and especially Fr. Scannell. As representing the townspeople Mr. Broderick and Scannell were very successful in their new spheres of duty. Mr. Coughlan and other councillors and the Town Clerk desired to express their hearty concurrence on the remarks of the Chairman and Mr. Broderick.

Youghal District Court. Before Mr. G. P. Farrell, D.J. Having disposed of a number of civil bills, Licensing Case. Mr. P. Murray was charged with a breach of the Licensing Act on 25th ult. and Richard Aberne, Ballyknock, was charged with being on the premises. Guard Flanagan deposed that on the day in question he entered the premises and found the second defendant drinking a small quantity of whiskey. His daughter-in-law was getting some necessaries at the grocery side. Mr. Hodnett said his client had been in business 33 years, and that was the first charge against him. Aberne was in the habit of leaving his pony and cart in the yard when he went to Mass. He was nearly 85 years old, and the morning being very cold he asked for a drop of whiskey, which he got. There was no payment made or intended. Evidence having been given by the defendants in corroboration, the case was adjourned to next court.

Emigration. Messrs. J. E. Farrell, town collector, and J. C. Condon, poor rate collector, obtained decrees against a number of rate defaulters. Dispute About Stream. Denis Mahony, Park, farmer, charged John Walsh, labourer, with abusive and threatening language. The same defendant was charged by Jas. Mahony (son) with a similar offence. Mary Mahony (daughter) charged Kate Walsh (wife) with the same, and there was a cross-charge by Kate Walsh against Denis Mahony. Mr. J. L. Keane appeared for the Mahonys. Mrs. Walsh, who produced a medical certificate to the effect that her husband suffered from chronic rheumatism and neuritis and was unable to attend, said she would appear for him. Mr. Keane said that about 12 years ago John Walsh got a cottage and plot on Mr. Mahony's land. There was a passage through the plot with a stream from the road on to the land, and Mr. Mahony's cattle were driven over it, sometimes drinking from the stream. There was no opposition on the part of defendants till quite recently. While James Mahony was driving the cattle through on the 26th ult. the defendant, John Walsh, threatened him with a billhook, and on the 20th he threatened Mary Mahony. Replying to the Justice, Mrs. Walsh said Mahony's cattle had no right to the water in the passage. On the proposition of Mr. Keane, seconded by Mr. McMahon, a cheque for £500, the balance of the amount retained, was passed to Messrs. Murray and Sons, the contractors.

Water Waste. The water curator reported that the meter at the military barracks recorded 59,000. As there were only 20 men in the premises there must be either a big leak or a great waste of water. He had notified the officer in charge, who said he could not account for it. The curator was directed to examine the pipes on the grounds, and if a leak or leaks were found to call on the Military Authorities to have the necessary repairs done at once, otherwise the water would be cut off.

Cinemas. The Clerk said that Mr. R. Hurst, proprietor of the Picture Palace, had been asked to submit in writing his proposals as an alternative to the committee's suggestion. He proposed making a large entrance door 6ft. wide opening outwards. He contemplated extending and improving the Palace, and he would duly submit the plans, etc., for the council's consideration. Mr. McMahon said as one member of the committee he considered there was a necessity for an additional exit on the north side. The Town Surveyor, called in, said he was of opinion that an additional exit was required. Mr. Farrell said the front entrance was not considered an exit. It was decided to grant a provisional license, Mr. Hurst to enlarge the main entrance, remove the pay box to the side, and provide the additional exit as suggested by the committee.

Acrobatics. Mr. Henry Hayes applied for the use of the Ballroom, Town Hall, to hold an acrobatic variety entertainment on the 26th. The application was granted on the usual conditions. Water Waste. The water curator reported that the meter at the military barracks recorded 59,000. As there were only 20 men in the premises there must be either a big leak or a great waste of water. He had notified the officer in charge, who said he could not account for it. The curator was directed to examine the pipes on the grounds, and if a leak or leaks were found to call on the Military Authorities to have the necessary repairs done at once, otherwise the water would be cut off.

Condolence. A resolution of sympathy with Mr. Hasset on the death of his wife was proposed by Mr. O'Donnell, and seconded by the Chairman. The resolution was passed in silence. The council then adjourned.

7. Creamery Butter at per lb. about 70lbs. per week.
8. One Ton Carlow Sugar at per lb.
9. Cleaning of Chimneys in the County Home and District Hospital for 12 Months, ending 31st March, 1928.
10. Winding and Repairing Clocks, for 12 Months, ending 31st March, 1928.
11. Supply of Coffins (Large, Middle, and Small), covered and mounted, for 12 months, ending 31st March, 1928.
12. Pure New Milk—(1) For 12 Months, ending 31st March, 1928; (2) For 6 Months, ending 30th September, 1928. To be delivered at 9.30 and 3.30 daily.

The Committee will be prepared to accept one Tender for the entire supply of Milk or to divide the supply between two or more contractors as they may deem advisable. If a person tendering is unable to supply the entire quantity of milk required, he should state in his Tender the number of gallons which he undertakes to supply daily.

The Milk supplied must contain over 3 per cent. of fat, and the Storekeeper, in order to satisfy himself in this respect, will forward samples from time to time for analysis.

The average number of gallons of Milk required daily is about 60, but this does not limit the future supply that may be required. The Contractor, or Contractors, for Milk are hereby required to agree to the following further conditions, viz.—That in the event of the supply being at any time short, or being rejected owing to its not being up to the standard, that the storekeeper provide such substitute as the Medical Officer may approve at the Contractor's expense.

Tenders on a prescribed Form, containing the names of Two Solvent Sureties, who are willing to join the person tendering in a Bond for the due performance of the Contract, must be lodged with me not later than 12 o'clock (noon), on 8th March, 1927. The lowest or any Tender not necessarily accepted.

Signed, EDMOND KIELY, Clerk to Committee, Clerk's Office, County Home, Dungarvan, 23rd Feb., 1927.

Vol. 16. Dungarvan Urban Co

A meeting of the above was Friday last. Mr. M. Brennan chair. Also present—Messrs. J. Hackett, P. McGrath, M. J. Curran, J. Moore, T. McCarthy, O'Donnell, M. Griffin, R. O'Connell. Expenditure. The pay sheet for the week to 21st Dec. 6d. Payment was Mr. McGrath—The pay sheet should be given. Mr. Hackett—If possible should be given. Borough Surveyor—We have not yet. Mr. McGrath—I would like to be employed.

County Council's Action. Mr. Hackett—Have we any complaint the County Council to put ways under their control in respect of them are very dangerous. Chairman—We have no power to do that. At the same time if a complaint is needed, the Council will see in the same position as the County Council's Action.

Mr. O'Donnell—I read the County Council meeting on Tuesday and I must say I have sympathy for the County Surveyor's suggestion about a loan for the Square in order, but it is down. I do not share the view of the County Council for taking the loan for the County Surveyor get from anyone. The suggestion was a vote, and with the exception of dissenting, no member said anything in favour. Our Chairman, Mr. and Mr. Moloney did nothing to suggest carried, and Mr. Brennan dissented. When we went to the Council as a deputation some of us were received in a most manner. We sent the Chairman, Butler to Dublin to interview the most regarding the Square. In the County Council meeting, the County Council should be satisfied with the suggestion as regards the Square, Mr. Stack and our Chairman had a big debate on a trifling thing was not worth while splitting the County Council on a trifling matter, and Mr. Stack, Mr. Brennan, our Chairman made no effort to doubt if the County Council's proposal have any effect.

Chairman—Perhaps Mr. O'Donnell's things from an angle similar to what I consider the debate with the County Council, and I think I consider a debate below contempt of very much importance than even the Square. The County Surveyor was down as was also the direction Minister. What then can you expect had occasion to leave the meeting, the discussion came on, and the explanation I give. Half of me I could do no more than Mr. Brennan's experience after last Tuesday's is that things are pre-arranged. It is thought that the Urban District Council does not contribute to the County Council think they pay for themselves, and that no one else has to derive any benefit from them would be an absurd thing to vote loaded die. You will all agree been present I would dissent. The County Council is in being this day the same. They will drive the who pay them there to despair, day may not be far off when they have to pay dearly for their own. Mr. McGrath—We contribute to County Council rate and to every they launch. Mr. Clancy—I want the people farmers to know that we pay 10s. to the County Council. Chairman—The poorest man who tributes more proportionally to than the largest farmer. They are parasites. They also refused to pay a rate for the tourist traffic that tourists would require their eggs, bacon, milk, etc. It is a of the necessities of men on the Council. Mr. O'Donnell—I am satisfied with Chairman's explanation. Mr. McGrath—I want to convey public that we paid 8s. 6d. last year are paying 7s. 4d. this year for the upkeep of adames under Council. Mr. Clancy—I agree with Mr. Brennan that the members of the Council, who should have an job the town, did nothing and only showed disagreement. I hold that responsibility rests with the County Council. He started to ride with council. Nothing was his duty, he refused to do footways or clean a time, so the County Council are together to blame. While we have on the County Council report the level they should offer a price at least show the people that it
