MULCAHY'S, 3 and 4 Main Street, DUNGARVAN.

Dungarvan Urban Council

The weekly meeting of the above was held in the Town Hall, Dungarvan, on Friday last. Mr. M. Brennock, P.C., chairman, presided. Also present were—Messrs. J. Butler, J. Hackett, P. J. McGrath, M. Clancy, T. Power, M. J. Keane, J. Curran, Mee. Griffin and T. McCarthy.

EXPENDITURE.
The pay sheet for the week was as follows—General account, £7 16s. 8d.; new road account, £11 0s. 10d.

Mr. Keane—What is the balance on the new road? Clerk—About £20.

Mr. Keane—How do you intend to spend the balance?
Borough Surveyor—We have an account for cement, etc., which must be paid.

Mr. Clancy—How much cement was used?
Borough Surveyor—I don't know yet until I get the dockets and compare with books.

Mr. Clancy—Was there a contract taken for that?
Borough Surveyor—We continued the contract which we had accepted for the sewers in Main street.

Mr. Clancy—All the merchants should have got an opportunity of tendering.
Chairman—I agree with Mr. Clancy.

Mr. Keane—Is there an order on the books that anything over £2 be put up for tenders?
Chairman—Yes.

Borough Surveyor—Every other job will be tendered for separately.

Mr. Keane—I would like to know will there be anything left when the cement is paid for.
Borough Surveyor—I will know that at next meeting.

Mr. Clancy—Every account in connection with that road should be set in and cleared off and not have us in debt when it is all spent.

Borough Surveyor—I don't think anything will be forgotten. The pay sheets were passed.

NEW HOUSES ACCOUNT.
Mrs. D. V. Stokes, O'Connell street, applied to the council for £200 on account of the above

scheme. That would leave a balance for any small repairs which might yet be required.

Chairman—Well, Mr. McGrath, what have you to say to that?
Borough Surveyor—There are a few small defects, which would be covered by a £10 note.

Payment was passed.

DANGEROUS FLAGWAYS.
Mr. Clancy called attention to a dangerous hole at the corner of Mary street.

Mr. Butler—Refer it to the County Surveyor.

Mr. Clancy—I will propose a resolution on this matter. "That the Town Inspector give a report at next meeting of the condition of the different footpaths in the town."

Mr. Hackett seconded.

Mr. Power—What are the Town Inspector's duties. I hold that it should not be the duty of members to bring up these little matters. To my mind it is throwing discredit on the Town Inspector, as I think he should have reported that himself.

Mr. Griffin—Is there any such position as Town Inspector?
Clerk—There is.

Mr. Clancy said he agreed with Mr. Power that it should be the duty of the Town Inspector to report on things like that. He would add to the resolution—"That a fortnightly report be received from the Town Inspector."

The resolution was then passed.

OPENING ROAD.
Mr. Clancy, Main street, was granted permission to open the road in Castle street in connection with a sewer on the usual condition.

HURLING IN PARK.

A letter was received from the Civic Guards acknowledging receipt of letter from the council re hurling in the Abbesside Park. The letter was marked "noted."

HARBOUR-MASTER'S REPORT.

I beg to report that the following are the harbour dues from 1st April to week ending June 10th, 1927.—Import dues, £164 4s. 5d.; export dues, £23 13s. 11d. Total, £187 18s. 4d. This amount is collected and lodged. The follow-

ing is a list of arrivals and sailings since June 25th—ss. Cargan, 236 tons maize; June 25th, ss. Lochaber, 244 tons coal; June 27th, ss. Cargan, 225 tons coal; June 27th, ss. Lady Belle, 320 tons coal; June 27th, ss. Lady Belle, 338 tons coal. All buoys and moorings were in good order.

Mr. McGrath—That is satisfactory.

PAINTING OF BUOYS.
Mr. Butler asked if it is not usual to paint the buoys every year?

Harbour-master—Yes, about the 1st September. The idea is to give the fishermen a chance of tendering when the fishing season is over.

Mr. Butler—But would not this be a better time of the year for the work?
Harbour-master—Yes, it would.

The council decided to invite tenders for the work now instead of September.

SYMPATHY.
Resolutions of sympathy were passed to the families and relatives of the following—The late Mrs. Quann, O'Connell street, Mrs. Fives, Burgery; Mr. Stokes, Abbesside, and Mrs. O'Connell, Thomas street.

The resolutions were passed in silence.

THANKS.
Letters of thanks for resolution of sympathy passed to them on the death of their mother (Mrs. Flood) were read from Mrs. Sims, Granite Lodge, Abbesside, and from Mr. Freddy Flood.

LETTERS ON FRANCISCAN MONASTERY.

At the July meeting of Carrick-on-Suir Urban Council, the Clerk reported that the rate collector had been unable to collect the £29 rates due on the Franciscan Monastery, Carrick-on-Suir, as the Fathers there have no money.

Mr. McGrath said he thought convents and monasteries should pay rates as well as poor people living in small houses and struggling shopkeepers and others.

Mr. Banks—If a poor man living in a hotel will not pay his rates his bed and table would be taken. I understand the local convents pay no rates.

Clerk—The premises are not valued for rates and are marked "exempt."

Mr. Dowley—I do not see how we can make any exceptions.

Mr. Morrissey—I think we should tell the rate collector to try again for these rates.

The collector was directed to make another effort to get the £29 rates from the Franciscan Fathers.

A 14s. IN THE £ RATE IN CARRICK-ON-SUIR.

The date for Carrick-on-Suir Urban District for 1927-28 has been fixed at 14s. in the £, being 1s. more than last year.

The Clerk said he could not possibly do on a rate less than 14s.

In reply to Mr. Carroll, the Clerk said the irrecoverable rates amounted to £700 a year.

TROUT FISHING.
In order to be a successful angler, it is necessary that one should pay particular attention to the selection of his fishing tackle. One of the most important items is the artificial fly. We devote a special department to the care and selection of Trout Flies, which are all hand-tied from carefully selected materials. The gut is particularly fine drawn and selected, and the wings are matched so as to be exactly the same as the real fly.

Every hook is made from the finest steel and will stand the hardest strain. We have over 300 varieties in stock, and every fly is guaranteed true to name. We sell them at the lowest possible price consistent with quality, namely, 2s. per dozen, post free.

NO RATE FOR IRISH IN CARRICK.

Carrick-on-Suir Urban Council has decided to discontinue the rate of 1d. in the £ for Irish teaching. Some of the members expressed the view that the results in attendance at the classes do not justify the expenditure.

Mr. Banks, Mr. Babbington, Mr. Neill and Mr. Norris supported the striking of the rate for Irish.

Mr. Carroll, Mr. Dowley, Mr. T. P. Morrissey, Mr. Galvin and others opposed it and said no one attends the classes provided out of the money.

Mr. Carroll said all the money does is to provide jobs for Irish teachers who have no pupils.
