Ed. Casey deposed he lived at Tallacoole. He

knew Daniel Carney. He came on February 25th as a farm labourer. Witness knew him about two years previously and he employed him. On the night of 16th March or morning of 17th witness got up at 7 a.m. He saw the donkey trap pulled out of the shed, and going to the shed he found the pony trap gone. He then went to the stable and found the cob and set of donkey harness gone. 'The value of the mare would be £40, trap about £30 and harness £2. Witness then inquired for Daniel Carney, but could not find him. He inquired along the road to know if he was seen. He came to the Guards barrack and reported the matter. Witness was taken to Waterford that evening and at Manor street barrack he identified the cob, trap and harness. Witness also saw accused there. Ac.

In consequence of a complaint made to him he arrested the accused and took him to Dungarvan on March 17th, On March 18th witness after giving accused the usual legal caution charged him. Accused said he did not intend to keep the pony, and that he was under the influence of drink at the time. When witness saw the accused at Manor street about 7.30 p.m. on the 17th March he was perfectly sober. He did not appear to have been drinking. He looked quite normal.

John Elsted Ballinacourty, said on the night of March 16th he saw accused at about 8.10 p.m. He came to witness's premises. Witness served him with two pints of porter and four packets of cigarettes. That was all the drink accused had there. He was perfectly sober leaving his premises. He did not stay long.

In answer to the District Justice, accuse he had nothing to say.

Accused was then returned for trial to the next

Circuit Court at Waterford in custody.

ENJOYABLE DANCE IN TOURIN.

On St. Patrick's Night a very enjyable allnight dance was given in Tourin Schoolhouse by Miss Dorothy Musgrave, the popular Master of the West Waterford Hounds, which afforded this estimable young lady a much-desired opportunity of showing what she is capable of doing in the matter of genuine Ir.sh hospitality. Some months ago, in response to her request, the Cappoguin Rowing Club Players gave a most successful benefit performance of "Paul Twyning" in aid of the funds of the West Waterford Hunt, and it was to show her gratitude towards the players that this complimentary dance was held. All of them were cordially invited, as well as their friends, and what with this big Cappoquin week relief. WATERFORD COUNTY CHAMPIONSHIPS.

MATCHES AT KILMACTHOMAS.

Two junior contests in the opening round of the Waterford County Championships, 1928, were decided at Mr. J. Shanahan's Field at Kilmac. thomas on last Sunday afternoon. The weather was fine, but owing to an extra attractive programme at Waterford Sportsfield on the same date, the attendance at the local venue was on the small side. Showing splendid form all round, and maintaining their neat and natty field-craft of last season, Kilrossanty won their tie with Ballylaneen by 3 goals 2 points to 1 point. The losers must be given credit for much good football and a spirited fight, which serves o emphasise how skilful were the Comeragh combination. Higgins and Harris registered for the victors while Dick Doran shot Bally's solitary score. Unbiassed onlookers of the caman contest between Durrow and Kilmacthomas would agree that it was distinctly hard luck for the visitors to sustain a 1-point defeat under such strokes of fortune as were meted out to them. Kilmacthomas were first away, and Scurry raised the white flag early. Durrow replied with a major, slapped through from Higgins's blade, Durrow forwards, showing well in cohesion, swang the sphere about to such purpose that the homesters' defence was many times Waterford and East Cork, have been entered for rattled. Keane, Kiely and Ryan got across a number of good centres that ought to have been turned to account, but generally speaking the inside marksmen were not quick enough for backs Connell, P. Kiely and Mce. Power. Durrow notched two points and Kilmacthomas one goal (per T. Scurry) ere short blast. On the change over the home forwards combined cleverly and Davey Power and Tom Scurry added two points. Both bunches attacked in turn, and goalie Hayes (Kilmacthomas) was responsible for three topping saves. Michael Morrissey, who was the "star" player of the whole thirty placed quite a good share of the play into the Kilmacthomas forward line; but, before Paddy Ryan (Durrow), the finishing efforts of Kilmac. thomas were weak, and Aylesberry (in Durrow goal) was very sound. A stubbornly fought out battle resulted at the "cease fire" peal as under KILMACTHOMAS-1 goal 3 points

DURROW-1 goal 2 points.

Mr. Frank Drohan refereed both contests, and his decisions were satisfactory to all concerned

BIG DISPLAY OF HIGH-CLASS ANIMALS.

HIGH PRICES REALISED.

The 5th Annual Show and Sale of Pedigree and Non-Pedigree Registered Dairy and other Bulls and Registered Dairy Heifers was held at the Saleyard, Parnell street, Waterford on Thursday last, and was the greatest possible success from every point of view. The entries reached the huge total of 180, and the quality of the exhibits was never excelled. A cursory examination of the young bulls as they went round the rings showed how great is the care and attention bestowed by our breeders on producing the very best and developing the fine points of the animals. Indeed, the wonder was how yearlings could be brought to such a stage of perfection and turned out for exhibition as to win the admiration of all. The attendance was

SUDDEN DEATH.

At a late hour on Tuesday night Mr. Edward Sullivan, Old road, Kilmacthomas, called at the house of his neighbour, Mr. John Donovan, whom he discovered prone on the kitchen floor.

Inow yearlings could be brought to such a stage of perfection and turned out for exhibition as to win the admiration of all. The attendance was very large and representative of all the adjacent counties as also those outside. Owing to the restrictions many bulls from Wexford were absent to the ring and for premiums by the Department Inspectors, and so perfect were the arrangements that not a moment was lost, and everything worked with clock-like precision. Mr. Tim Sullivan and his colleague had a very difficult task in awarding the prizes in the several classes of the counties as also those outside. Alleged Larceny of Timber. Michael Beston, Aglish, had a summons entered against Margaret Whelan, Coolroe, for the alleged lar-ceny of timber, but when the case was called there was no appearance on behalf of the complainant, and it was cordingly marked "No appearance" and struck out.

Cycling Without Light.
Guard Lee, Cappoquin, summoned Jas. McGrath for cycling without a

light after lighting-up time.
The Guard said defendant had a cart lamp on his bicycle, but it was not lighted. Fined 2s. 6d. Guard O'Brien, Cappoquin v. John

Madden, same offence. Fined 2s. Charge of Drunkenness. Sergt. Navin, Cappoquin, summoned Michael McGrath, fisherman. Okyle, for being drunk on the public street in Cappoquin on February

The sergeant stated that defendant was drunk and staggering when passing by the barrack, and he had to arrest him.

Defendant appeared and denied that he was drunk on the occasion. Addressing the Justice he said-"I was only just the same as I am now, sir, when the sergeant chucked me into the barrack and said: 'Sit down there for a while'" (laughter),

Continuing, defendant said-"I had 11 shots fired at me once, your worship, but they didn't frighten me half as much as the sergeant did when he ganising the lectures. chucked me into the barrack" (renewed laughter).

In reply to the Justice, the sergean said the defendant was wrong in saying he was sober at the time. He was very drunk and staggering about the street, and it was more for his own safety than anything else that he arrested him.

A fine of 2s. 6d. was imposed. Guard Shanahan, Cappoquin, sum- date. moned Cornelius O'Brien, Lismore, for being drunk and incapable on the public street at Cappoquin.
Defendant did not appear, and the

Justice asked was there anything proposition of Mr. Brennock, ordered known about him? Sergt. Navin-He is a journeyman tailor, and I understand he has been

already convicted in Lismore for drunkenness. Fined 5s. Guard Lee v. Thos. Collins, Affane for a similar offence on the public

road. Fined 2s. 6d. In the adjourned case of Guard O'Mahony, School Attendance Inspector, Cappoquin, against Patrick examined the sewer and gave as his Kirby for not having sent his child regularly to school, complainant said the child had been attending regularly since last court-day, and the case

was accordingly withdrawn. Guard Fallon, Villierstown, summoned Francis Kiely. Carey's lane, Youghal, for using a motor lorry on February 20th without having any identification plate or number dis

played. Complainant stated that defendant told him that owing to a break-down the lorry had to be pushed by an en-gine, which had knocked off the plate. Fined 2s. 6d.

Driving at Excessive Speed. Sergt. Navin, Cappoquin, summoned Steve Revins, Dun Laoghaire, for having driven a motor car at an excessive speed through the streets of

Cappoquin. The sergeant said the defendant flew through the town at a speed of between 30 and 40 miles an hour, and he passed the barrack at such a pace that witness could not hold him up, so he had to telephone to Lismore where the Guards held him up and got his name and address. He thought it only fair to mention that defendant called on him next day and was very apologetic about having driven at such an excessive speed. Mr. Farrell-Was there much traffic on the street at the time?

Complainant-Well, there was not much traffic at the moment, but two streets are joining at the point near the barrack where I saw him, and it is always dangerous to drive at such a speed through the town.

Mr. Farrell said the defendant had

written a letter of apology to him, and stated that he had motored 50,000 miles without an accident. Defendant, who did not appear, was fined 40s.

Rate Defaulters. Mr. Patrick McGrath, rate collector, Cappoquin district, obtained decrees against a number of town residents for rates due, while several other cases were marked "Settled."

Mr. John J. The first year he was paid all right for the manures he supplied, but for last year's man-ures £40 was unpaid. The sugar people's reply was that sufficient beet was not sent in to pay for the manures. He did not intend to give manure on credit to beet growers this year as he had no guarantee from the Sugar Co. that he would be paid. would ask that a resolution be sent to the Sugar Co. asking them to give no advance to growers until the manures were paid for first.

Mr. O'Donoghue-Is it your case that advances were made by the factory to farmers out of their beet crop and your account was left over?

Mr. Crotty—It means that I am not protected in any way and I may as well give the manure out to the local farmers.

Mr. O'Donoghue-Advances are limited to £5 an acre, and there would be a good margin left to meet the manure charges unless the crop is an absolute failure.

Mr. Crotty—I have written to the factory about it. It was stated that a circular was issued that morning setting out that the cost of manures would come this year before advances were made.

Mr. O'Donoghue-In a few districts the factory had to engage men to pull the beet.

Mr. O'Donoghue (perusing the letter handed to him by Mr. Dennehy on the matter)—That letter binds the factory to refund anything over 6s. per ton freight to the County Waterford growers and they cannot go behind it. Secretary-Last year the Railway Co. agreed to carry the beet whether less or more than 6-ton waggons at the special rate, but this year they refused to do that on the grounds that the special freights they decided to give only applied to 6-ton lots and over, and they refused where the waggons only contained 4 tons to carry it at the special beet rate. That is a question for the Railway Co., and their argument is that the special rate only applied to 6-ton lots and over, and they never agreed to carry 4-ton lots at the special rate. The matter had been taken up with them, but they refused to give way so far with beet delivered after 1st January. They say the special rate should be given during the whole campaign. In the Co. Waterford the beet growers are entitled to get back anything they paid over 6s. a ton.

LISMORE NOTES.

THE ELECTIONS.

We would not be surprised if we had a contest for the Lismore Town the moment we cannot say whether the outgoing nine members will again seek office or not, but in the event of they so doing, a tenth candidate will be on the field, it is stated, and from what we know of the vagaries of the P.R. system would probably be returned also. It would, however, be much better if he were a resident at the other end of the town boroughhis chances then would be rosy of being placed in the first three at the head of the poll. We cannot say whether Messrs. P. O'Gorman or Wm. Ahearne will again contest munici-pal honours or not; they did not do so on the last occasion, but for years both of the above-named gentlemen were members of the Lismore Town Commissioners body. From what we learn for the "small handicap" there will be sufficient runners, but no talk whatever is heard of the County Council contest up to the present. During their term the local T.C.'s did all they possibly could do to improve the town, and even made representation to the proper authorities to have the courthouse re-built. Perhaps they would again renew their application while their Graces are resident in our midst. The courthouse in its present state is an eyesore, and nothing will be gained by dwelling on the past. We would be glad, therefore, if public bodies got going in this matter, as the present may be the opportune moment.

SEMI-FINAL

On Saturday next. 31st inst., at 4 p.m. Waterfora (Behemians) and the Bolster Cup in the Hockey Tournament. Enthusiasts of the code inform us that the game should be a first-class one judging by the form displayed by both the above teams in the opening round. The Waterford team vanquished Lismore on that oc-casion by 2 goals to 1, and granted a continuance of fine weather now promising, we are confident that a large crowd will be in attendance at the above match.

The Duchess of Devonshire and Lady Anne Cavendish and two visi-tors are the present occupants of Lis-more Castle and his Grace the Duke has not as yet returned.

G.A.A.

On Sunday last at the grounds of the Lismore H. and F. Club, excellently laid out, the Lismore C.B.S. hurling team defeated the St. Augustine's hurling team by 3 points and 2 points to 2 points. The contest was connection with the Schools League Competition. Mr. V. O'Donoghue, Cappoquin, was the referee.

HELMET FOUND AT BALLYCURREEN

A few days ago James Fitzgerald, Ballycurreen Ring, picked up at the foot of Ballycur. reen cliff a helmet marked-J. McPherson 86, I.G.O.F., B.H., etc., 1924; also a life jacket. Both helinet and jacket were handed over to Mr. O'Sullivan, Customs Officer, Dungarvan. It was thought at first that the helmet belonged to an airman, who came to grief, but that is hardly probable, and more likely it was part of the kit of a soldier on foreign service.

COMPLAINT ABOUT A ROAD.

Mr. Philip Cullinan, on behalf of the rate. payers of the Ross division, writes complaining of the grave injustice done to the ratepayers of the area by striking out the repairs to Ross-Curralandy road at the County Council meeting. The road was badly cut up, was filled with potholes and was a danger to life. Children going to school had to wade knee deep in water and remain with wer feet until evening. He asked the County Council to reconsider their decision and remedy what is nothing short of a public scandal. The ratepavers of the district were worthy of better consideration, and care should be taken by the guardians of the public purse that the health and other interests of the community were not injured by injudicious or misplaced economy

Now that the County Council has generously RYEGRASSES. and justly agreed to contribute £400 towards the purchase of an X-ray apparatus for the County and City Infirmary, we hope the County Board of Public Assistance will take action to provide X-rays for the Dungarvan Hospital at the earliest moment. Unquestionably no hospital in the Free State has a more brilliant surgeon than Dr. J. C. Hackett, and his successful and scientitic work in the operation theatre has won him the highest appreciation and fame in the world of surgery. In an age of progress it is ab. solutely necessary to keep up with the advance of science and for that end an X-ray apparatus terests not of any class, but of the public at

URBAN COUNCIL LOAN REFUSED.

A special meeting of the Dungarvan Urban Council on Monday night last, Mr. M. Brennock, chairman, presiding, was held to consider letters from the Directors of the Munster and Leinster Bank and from the L.G. Department regarding the loan for the relief of unemployment. The following letter was read from Mr. O'Neill, Manager Munster and Leinster Bank, Dungarvan:—Referring to your application on behalf of the Urban District Council for an advance of £1 050, I am to say that the Directors regret their inability to sanction this advance. The Department wrote:—I am directed by the Minister to state that he has sanctioned a loan of £1.050 proposed to be raised by the Urban Council to defray portion of the cost of sewerage and waterworks scheme for the Urban District, the loan to be obtained from the Munster and Leinster Bank, Ltd., to be repayable over a period of 10 years with interest at ½ per cent. under Irish bank discount rate subject to a min.mum of 4 per cent. Owing to the refusal of the bank to grant the loan, the council decided to wire the Department for instructions, the proposed work being already started.

COUNTY COUNCIL AND UNIVERSITY SCHOLARSHIPS.

To the Editor of the "Observer." Sir-It was with much regret I read your recent report of the discussion of the County Council when considering the question of grant.

I sincerely believe no broadminded man could be found who would say that any argument that was advanced against giving Scholarships would

hold water. Can it be denied that there never was a time when education was more necessary or required more encouragement than the present.

The attitude of the County Council would be quite defensible if the idea of Scholarships were new or merely an experiment. But, as pointed cess was assured, both for the benefit to the individual, and the stimulus it gave to children and their parents, and brought home to them the value of education in the journey through

I can well remember with what pride at being a Lismore man one of my ancestors, who, by the way, had made a reputation for him-1'4: '22, Her est Che: 650, Pongo: 700, Tp. self in learning, told me the story of the fame of Lismore as a seat of learning in the long ago, and how learned men came from afar to compete with those of Lismore and meeting a man tending sheep asked him the way. He RESULT OF KILMACTHOMAS GRAND replied in Latin, again meeting another he answered in Hebrew, a third in Greek. The learned men were astonished and said to each other that when those shepherds were such scholars what must the great men be, and they turned back home.

By the irony of Fate the chief opposition in the County Council came apparently from a Lismore man and his great concern on behalf of the ratepayers was economy. It's not many weeks since this member proposed to give a salary of £80 a year for work that is now being done for £20. But, of course, this member is a "Man of Opulence," as he was once pleased to style himself, and consequently not on all fours with more humble people.

Shades of Pat Walsh, Alec Heskin, Tom Power, John Greene, Ned Nugent and the other far-seeing men, who were entrusted with the management of public affairs in the past, and who had no experience but their judgment to guide them, and, if they had any enemies, which I doubt, even they will give them credit, I venture to say, for having done their part like men and in a big way.

I had a talk to-day with one of the best thinkers of those veterans, and I asked his opinion of the action of the County Council. He

simply said "Disgraceful."

Dungaryan Urban Council.

The weekly meeting of the above was held in the Town Hall, Dungarvan, on Friday last. Mr. M. Brennock, chairman, presided. Also present—Messrs. Wm. O'Donnell, J. Butler, J. Hackett, P. McGrath, T. Power, T. McCarthy, M. J. Keane and J. Guran.

Present—Messrs. P. J. McMahon, P.C., moved to the chair; P. J. O'Gorman, P.C.; T. Beausang, P. Kenneally, T. Harrington, J. Troy, J. Kennedy, M. J. Fleming, M. D. Broderick, R. C. Farrell.

Expenditure. The pay sheet for the week, which was passed, amounted to £22 4s. 2d. Fair Lane.

Mr. Curran asked the Borough Surveyor what was the cause of the delay in filling in the cut which was opened

in Fair Lane. Borough Surveyor—We could have it filled in during the week, but owing to the wet weather it would be useless to fill it in as if it was filled in wet it would not set for months, so I took the men from it and got them opening the trench out towards the cination defaulters to secure their County Home.

In answer to Mr. Power, the Borough Surveyor said that the M.O.H. amont spent up to date in Fair lane was £43 17s. 2d.

Kiladangan Caretaker.

Mr. P. Lynch, caretaker of the Kiladangas waterworks, appeared before performed by him as caretaker, which but got over the difficulty by adopting had been drawn up by the engineer, viz.—(1) The caretaker was not a whole-time officer. (2) He was to inspect the place at least once a day. (3) Report to the Clerk any defects which he is unable to put light.

Keep all drains leading to and from supply cleaned whether council's property or not. (5) Clean filtering property or not. (5) Clean filtering of their solicitors. Messrs. Hodnett, supported by counsel's opinion to the support which he is unable to put right. (4) material and bed at least once a week.
Mr. Lynch (caretaker)—The Shannon Scheme is only trotting after that. Mr. Hackett-It is a very drastic document. The caretaker should be

there always to comply with it. Chairman—I don't think so. Mr. Lynch (caretaker)—The man who drew up that has a salary to get, but I have no salary. There are cuts and dykes there that were not cleaned

for 20 years, and it would take a good few pounds to clean them. In answer to Mr. Butler, the Boro' Surveyor said that all the cuts and dykes and the whole scheme would be put in order and then handed over to the caretaker to keep in order.

Mr. Lynch then signed the agree ment, and in answer to Mr. McGrath,

failure of the council's officials to include Abbeyside in the sewerage scheme prepared by them in connection with the grant which is pending for the relief of unemployment. The council had asked Mr. Griffin to re-consider his decision. Mr. Griffin in his letters stated he saw no reason for altering his decision.

Mr. McGrath-We all regret the de cision of Mr. Griffin. Mr. Keane-Yes. Mr. Griffin was

a very useful member here and took a very keen interest in the ratepayers. The council decided to again ask Mr. Griffin to reconsider his decision.

Tenders for Range. Reps. of Mce. Flynn, being the lowest tender received for a Stanley lange, was accepted.

Market House.

The Clerk explained that he had only received one tender for the market house, viz.-Mr. Wm. Condon, Blackpool, for the sum of £16.

On the proposition of Mr.

McCarthy, seconded by Mr. Hackett,

the tender was accepted.

Chairman—One thing is certain we can't do any better. We have tried often enough.

Water Supply.
A letter was read from the Shandon Dairy Co. asking the council for a better supply of water to their premises, and pointing out that if the council would supply the pipes which they understand are in stock they would carry out the work with their own men and at their own expense.

Mr. McGrath-It seems a reasonable request. We should refer this to the Water Inspector.

A Member—Would the connecting of a 3-inch main at Crotty's affect the

supply to the town? The matter was referred to the Water Inspector to report on.

St. Brigid's Well. A letter was read from Messrs. Thos. Power and Co . drawing the council's attention to the report of Mr. Hickie, L.G.B. Engineer, on the nuisance existing at their premises, and asking to be informed if any action was been taken to abate the nuisance, as now that the summer months are approaching, it would be a serious matter if we are going to have a repetition of what occurred

last summer. The Clerk was directed to reply to Messrs. Power and point out about the grant they were negotiating.

Unsanitary Houses.

Arising out of the report of the S.S.O., which stated that nine houses in Cross Strand street were unfit for human habitation and a danger to life, the council after a discussion, on the recommendation of the S.S.O..

Mr. O'Gorman said he didn't want to get into conflict with either Free Trade or Tariff Reform. If the Government thought it advisable they

would probably put a tariff on.

After further discussion it was unanimously decided that as the question was sub judice in the Dail, they would leave it in the hands of their legislators.

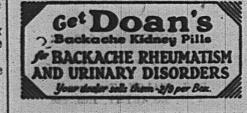

Miss Meade's Application. A letter was read from Messrs. Hodnett and Son, solicitors, stating that the council could not legally grant Miss Meade's application for permission to erect an ornamental arch with a lamp at the side of the Pacific

After a lengthened discussion the matter was adjourned for a week, a committee of the council to visit the place in the meantime to see if some arrangement could not be come to.

Wanton Damage. A report was read to the effect that the lavatory at the Lighthouse was de-liberately blocked by a number of

IRISH CONCERT AT THE

An Irish Concert, under the auspices of the Gaelic League, was held in the Halfway Hall on St. Patrick's Night. The attendance was not very large, but this was owing to the heavy rain which fell during the day and evening, and which made it impossible for many people to venture out. A splendid programme of singing, music and step-dancing was arranged for the evening, and was carried through in a satisfactory manner. Every item was loudly applauded, and everybody went home well pleased with the entertainment which was

provided for them. It has often been argued that money spent on Irish Classes is wasted, but the Halfway Concert on St. Patrick's Night gave practical proof of the futility of such arguments. With the exception of Miss O'Mara's pupils from Clonmel, who gave some excellent exhibitions of step-dancing, all the items on the programme were provided by the local Irish Classes,

The concert opened with a chorus, "Tir Na nGaedheal," written by Padraig O'Milleadha, and sung by members of the Irish Classes. TALE OF A THERMOS FLASK.

At the Cappoquin District Court, before Mr. Farrell, B.L., a case which proved unusually interesting, and far above the ordinary routine of District tions to ask the witness Court cases, was heard when a man named Michael Carroll, described as a tramp, was put forward in custody on a charge of having stolen a thermos flask, valu 2s. 6d., the property statem

The usual custom was that when the porter brought him his lunch each day he took away the empty thermos flask lying over since the previous day, and left it in the porch of witness's house where it was later taken in by the maid and Scanlan brought his lunch as usual on the 7th March and took away an empty flask, which was later reported to him as missing, and he did not see it again until the following who had made nothing but a "Cosmo-Saturday, March 10th, when the ser-politan and International tramp" of geant brought it to him. That "cop" was looking for trouble that night, which he got all right, but he didn't get half enough, as I meant to kill him outright, and was only sorry that I couldn't finish the job. In the course of a long and voluble statement prisoner strongly repudiated the charge that he had stolen the thermos flask bought it in Tallow from a "poor devil who was down and out" whom he met in a public-house and who asked him to buy the flask from him. CONCERT IN BALLINAMEELA.

Despite a continuous downpour of rain, a most successful concert and variety entertainment was held in Ballinameela school-house on St. Patrick's Night, in aid of the local Parochial Fund. Several talented artistes from the district contributed to the programme provided, and everything passed off in a manner highly creditable to the Very Rev. J. Gleeson, P.P., and the local clergy, and especially to Mrs. M. McGrath, N.T., and Mr. Patrick Condon, N.T., who were mainly responsible for the general organisation. A special feature of the programme was the appearance of the talented Rowing Club Players from Cappoquin, who staged the well-known comedy, "Dispensary Day," or "Cough Water," in which the parts of the Doctor and "Mike Doran," his handyman, were filled by Messrs. W. Cullinane and P. Mason, respectively, the other characters bein ably represented by the Misses E. and B. Nugent, Miss Eily Mullins, and Messrs. W. J. McCarthy, "Moss" Whelan, M. V. O'Donoghue, and T. O'Kasasa. O'Keeffe. The Comedy was produced without a blemish, Mr. P. Mason as the Doctor's substitute, creating roars of laughter by the liberal way in which he supplied "cough water" to all the dispensary patients as a cure for every disease from which they suffered. Mr. Cullinane was also very effective as the Doctor, while the various "patients" were represented in a side-splitting manner by the other artistes already named. The programme was opened by the very appropriate chorus, "The Dear Little Shamrock," which was rendered in a sweet and well-harmonised manner by the Cappoquin Players, assisted by Mr. P. Condon, N.T., and the same vocalists scored another notable success by their rendering of "Erin The Tear" as a final chorus.

The programme was replete with comic and sentimental songs, and Irish step-dancing in all its phases, and in the latter respect the school children of the Villierstown National School acquitted themselves brilliantly by their finished and graceful dancing of Irish reels and jigs which reflected great credit on their talented teacher, Mrs. O'Keeffe, N.T., Villiersgreat success by his humorous singing of one of Harry Lauder's favourites, "The Boss of the House," which put the audience in the best of humour, and in reply to the inevitable encore which followed, he sang, "Molly Brannigan" in his own inimitable style which won him fresh rounds of applause. Mr. P. Condon. N.T., proved very effective in his sweet and tuneful rendering of a couple of popular songs of Irish sentiment, but the "hit" of the night undoubtedly was the beautiful duet, "Home to Our Mountains,' from the opera "Il Trovatore," which was sung with exquisite tenderness and feeling by Miss Synnott, N.T., Aglish, and Mr. Connery, N.T., Villiestown, whose well-trained and flexible soprano and tenor voices blended beautifully, and showed them to be vocalists of more than ordinary talent and artistic merit. Several other songs and dances having followed, Father Gleeson, P.P., suitably thanked both the artistes and the audience for having so kindly assisted in making the entertainment such a great success as it had proved to be on such a wet night, and he specially thanked the Cappoquin Artists for their services. The accompaniments for the various vocal items were briliantly played on the piano by Miss Eily Mullins, Cappoquin, while the music for the Irish Dances was provided on the violing Dances was provided on the violin by Mrs. M. McGrath, N.T., Ballina-meela, in that highly-accomplished manner which won for her high praise in the past.

CLONMEL FLOODS.

Very heavy rain fell here for the past week and has caused a big flood in the Suir, which flowed on to the Quay and adjoining streets. The Old Bridge and low-lying land near the town are submerged and the water is rising. Houses at the Quay are completely isolated and are reached by planks. ants are in a bad way, being forced to leave or keep to the upper rooms.

Above the town, the Green and Island district is like a big lake. Water is getting into the Gas Works. Magner's Theatre had to shut down owing to the flooding of the engine room. In the threatened districts pigs are being removed from yards. Stores on the Quay are all flooded.

Owing to the flooded state of Powerstown Park, the big Hunt race meeting town Park, the big Hunt race meeting the first of the season, fixed for Thurs-day, was abandoned.
