YOUGHAL NOTES.

URBAN COUNCIL.

If one may form an opinion on or come to a conclusion from the two latest meetings of the Youghal Urban Council, he would be apparently, if not evidently, justified in saying that some of the members—and no small proportion at that—have lost all sense of proportion, and all appreciation of perspective. Business begins at 8 o'clock and is supposed in accordance with some law, written or unwritten, to automatically come to an end at 9.30, thereby giving the members an opportunity of taking a little fresh air and exercise before retiring to rest after their arduous labours in the interest of the ratepayers by whom they were elected for that very laudable purpose. On last Thursday night they unconsciously, as it were, slipped beyond the appointed time, and it was 10 o'clock before the meeting broke up. On the previous night the Standing Orders were suspended owing to the unusually heavy agenda and the business apparently was disposed of at 10.15 when all present stood up to leave. However, instead of dispersing another racket was started, and a supplemental Standing Meeting took place, which lasted until 10.45. The proceedings were, it is said, of a most lively character, charges and counter-charges being bandied about in anything but an edifying manner for a public body of such a character. Some, if not many of the discussions, could be justly described in the words of the immortal bard of Avon, as "Much ado about nothing." In a very neat and terse phrase a certain councillor dubbed it as "snowing fog." Well, if it was not for it, it was "gas" of various kinds—coal gas, carbon monoxide, otherwise "laughing gas," "hyperbolic gas," "choleric gas," etc. Some months ago the Chairman of the Board laid down a rule that each member was entitled to speak once, and once only, on the ground that there could be no reasonable finality in the conduct of public business if every member was at liberty to jump up every few minutes like a "cock robin" and indulge in a jawing match of reports, courteous or discourteous. Unfortunately the rule is observed in the breach rather than in the observance, with the inevitable result that discussions on some of the most commonplace and ordinary subjects deteriorated into what are charitably termed "heated interchanges" in the Press reports. Some are rather apt to lose themselves in their lavish display of legal and logical argument, making mountains out of molehills and razing mountains to shell-holes. At this stage of our country's freedom our public men ought endeavour to set a better example to their successors of the future by the exercise of more economy in the important matters of time and thought and talk. On dit "time is money"; thought, serious, well-directed thinking, is the foundation of all success; and the "silver tongue" has a value of its own, which can't be over-estimated.

THE SALMON FISHING.

The season drags its way along, with very poor results, speaking generally, for the fishermen. An occasional day turns up in which some boats luckier, shall we say, than others, fishing cheek by jowl with them, put a number of salmon to their credit. However, taking it all round, the results so far have belied the promises held out by certain indications earlier in the season. The high prices obtaining as a rule have in some small way made up for the scarcity of the fish, but not to any very appreciable extent. Some authorities say that it will take a few years more to make good the damage done in recent years by that mysterious disease called furunculosis. More than half of the season has already gone, and since the practical disappearance of the "deal" season the big majority of the men haul up their boats in June, so that in reality the season lasts something less than five months instead of six.

THE SUMMER SEASON.

Like all other seaside resorts, Youghal is looking forward to the forthcoming tourist season with great interest. Already there has been a few harbingers of its arrival. On every fine Sunday, numerous motor cars arrive in the afternoon, park in the vicinity of the Strand and discharge their living cargoes on the beach to enjoy the ozone-laden atmosphere of the Atlantic shore. At last week's meeting of the Urban Council it was announced that some 300 members of the Irish Civil Service Association have arranged to spend their Whitsuntide holidays at Youghal. During their stay they have arranged to visit some of the many interesting scenes of interest around—the Blackwater, Mount Mellerey, Lismore, etc. As may be seen by the report of the council meeting in our columns, the City Fathers have decided to extend a civil welcome to them, to provide all the facilities at

their disposal, and to make their stay as enjoyable as possible. In July the National Reserve are coming to Youghal for their training. The "Butts" where the rifle of Tommy Atkins resounded during their July practice under the old regime are apparently available, and the new derelict military barracks can be also requisitioned, if they are required. With anything like a decent spell of fine weather the coming summer season ought to be a good one, and all our seaside towns will have their quota of "gaybricks" and "olishers"—it is to be hoped so anyway.

NEW BUILDINGS.

In spite of all the prevailing pessimism, expressed or suppressed, there has been a bit of a stir in the building trade of late. Two fine houses are approaching completion on the Upper Strand, another on the famous hill of Knockaverry, beside a few reconstructed items. If the project of converting the old workhouse building into an annex of the Mental Hospital for the relief of the congestion in the Cork Mental Home be put into execution soon, there will be quite a busy time in the trades immediately concerned.

CYCLE CLUB.

Intending members of the proposed local Cycle Club are invited to hand in their names to Messrs. Fowkes, North Main street. It is high time that something were done in this way. Youghal compares very unfavourably with other towns in this respect. There is plenty of material in the town to form Clubs of various kinds now non-existent—literary, musical, etc. Nothing could be better than to bring numbers of young people together for the purpose of developing some of the many talents with which Heaven has blessed them. Some of our ambitious youth may get ahead working on their "Only O." But for our youth at large, much good could be done by the establishment and determined working of Clubs joined together for their mutual benefit, education or amusement.

INTERESTING AUCTION AT BALLYSGARTMORE, LISMORE.

On three days last week Messrs. John Condon and Son, auctioneers and valuers, Youghal, were occupied with the sale of effects at Ballysgartmore, for the Hon. Claud Anson. The beautifully situated mansion and grounds assumed the aspect of a fashionable racecourse, so numerous were the visitors, whose motor cars were parked there. The sale began on each day at 12 noon. The first day's auction included the furniture of the reception rooms, silver, pictures, glass and china. There was much interesting and keen bidding. Her Grace the Duchess of Devonshire and Lady Susan Dawson were amongst the largest purchasers. A beautiful cut glass chandelier was one of the first lots bought by the Duchess, who is a keen judge of antiques. A set of six old shield back English and two Jacobean small chairs fell to Mrs. Waddell, of Reading, who had been staying at Castle Hyde for fishing, at 7½ guineas each. Some fine pieces of old mahogany, pictures and bric-a-brac were sold to Lady Dobbs, Camphire; Mr. Ian Williams Stuart, Lismore; Lady Gordon and Mrs. Penrose, Lismore; Messrs. James Daly, J. Punch and C. O'Connell, Cork; Mr. and Mrs. Hugo Flynn, Cobh; Mr. J. Moloney, Mr. Bowen, Dr. McCarthy and Mrs. E. A. Ryan, Dungarvan; Mrs. O'Donnell, Hotel, Lismore; Mr. J. O'Hanlon, Kiltworth; Very Rev. Canon Tobin, St. Coleman's College, Fermoy, and Mr. R. B. Martin, Youghal. The silver aroused keen interest. A silver centrepiece with five cut-glass dishes, London make, dated 1816, made 50 guineas or 2½ per ounce. A lovely old coffee pot (London, 1780) weight 17½ oz., made 40 guineas. An old Dublin circular sugar basin, by M. West realised the very high figure of 48 per ounce, or, say, twice its own weight in gold. The above lots were all secured by Mrs. Waddell. A pierced bon-bon basket at 20s. per oz., and an old London tea caddy at 15s. per oz. were knocked down to Mr. A. H. Jones, Doneraile; whilst nice lots of silver, Sheffield plate, glass and china, were sold to Dr. Barter, Mrs. Percy Ross and Mrs. Daly, Academy street, Cork; Messrs. Cussen, Naylor, O'Reilly and Weldon, antique dealers, Dublin, the latter purchasing an interesting unframed oil painting of a lady for 45 guineas. It is reputed to be the work of Sir Peter Lely. On the second day a beautiful 2-piece bedroom suite consisting of tallboy and chest of drawers to match were purchased by Dr. McCarthy, Dungarvan, for 80 guineas. Some bow-fronted chests of drawers elicited keen competition, making 15 guineas each. There was again a large attendance, and the auction concluded on the third day with the remainder of the household furniture, cattle, sheep and outdoor property, which finished an interesting and highly-successful sale. The sale was conducted throughout by Mr. Justin Condon.

MARKET PRICES.

Cork—Creamery, 127s. to 129s. per cwt.; bacon pigs, 88s. per cwt.
 Manchester—Free State eggs (selected), 10s. to 10s. 6d. per 120; medium, 9s. 9d. per 120; duck eggs, 11s. 6d. to 12s. per 120.
 Liverpool—Irish creamery butter, 128s. to 129s.; Danish, 136s. to 140s.; Swedish, 136s. to 140s.; Australian, 136s. to 137s.; New Zealand, 136s. to 137s.; Irish eggs, 7s. to 7s. 6d. per 120.

Open Letter to the Urban Council, Youghal.

Gentlemen—I hear the skipper of the ferryboat has resigned.

As a result of long absence from the town, I am not au fait with the pros and cons of the ferryboat question; but judging by what I read from time to time in the papers, it seems to be more or less a perennial one. This cannot be in the interests of the town, and so I would like to bring a few points to notice and make a suggestion.

Whenever I visit London I go for a row on the Serpentine, or on one of the suburban park lakes where boats can be hired. As I have been doing this for about 30 years, I am now quite familiar with the owners of these boats, and during that time there has been no change. The point is—the London County Council has evidently standing satisfactory agreements with the various boat owners, and the contracts evidently are not put up periodically, and given to the highest bidder. These owners are all practical boat builders with establishments at Richmond, and at the other upper reaches of the Thames, where they build and hire out boats, and, of course, also build and repair the boats they hire out on the London lakes.

I know of one or two ferries in England where much the same arrangement exists. For instance, Creeksa ferry on the Crouch connecting Burnham with the road to Southend. The traffic there is very small in winter, and about the same as Youghal in the summer. It is a motor boat service, nominally under the Burnham Council, but has been run for many years, by a firm of yacht and boat builders. I submit that to pay the skipper and engineer wages which will ensure their cheerfully enduring the long working hours necessary, or to provide competent reliefs for them during "off hours," cannot be done—except at a cost the council cannot afford. This is the crux.

I therefore suggest the best solution of the ferryboat question is on the lines of the London parks and English ferries, which I have outlined, and so I suggest shipwright Mr. D. Ahern be asked to take over the ferry.

Notwithstanding the increase of motor cars and buses, the ferryboat service will always be necessary. It caters for shopping facilities for many families "across the water," and is an attraction and asset to the town from a visitor point of view; and so I think the council should be content with it as an indirect asset, and give up all idea of hoping to make it a direct one also. I therefore suggest Mr. Ahern be asked to take it over under the most favourable terms possible to him, and he be given every reasonable facility to make what he can out of it, provided an adequate service is supplied. There should be no irritating restriction preventing him "making a bit" during the summer months, by excursions up the river, etc., or uncertainty about his holding the appointment. In short, he should have it for ever, like the English firms, and no questions asked—as long as he maintained an adequate service. Of course he would keep the boats in repair and running order.

(It should be easy to come to terms and adjust about the payment of the new boat or any minor points). It may be said, by-law this or that, insists on this or that. If there is any obstructive ancient law, our T.D. could—I mean should—bring forward a short Bill to have it removed.—Yours faithfully,

L. RONAYNE.

South Abbey, Youghal,
4th May, 1930.

TRIBUTE TO CO. WATERFORD BREED BULLS.

At Tipperary Bull Show last week Co. Waterford dairy breeders maintained the high reputation they have already won. In the Open Class for Non-pedigree Registered Dairy Shorthorn Bulls calved after 1st September, 1928, Mr. C. O'Connor, Cusack, Grange, won 1st prize with Jack Mac. Mr. John Hickey, Knockree, Colligan, was 2nd with Foreman. Both these bulls were awarded premiums. At the subsequent sale Mr. O'Connor sold Jack Mac for 57 guineas and Mr. Hickey's Foreman realised 65 guineas. Both the above-mentioned bulls were the admiration of all who saw them, being of extra quality and general conformation.

G.A.A.

A drawn game of 1 point each was the result of the meeting between Kilgobnet and Bonmahon in the first round of the Waterford Junior Football Championships at the Gaelic Field, Dungarvan, on Sunday last. At the same venue the Dungarvan junior hurlers defeated Abbeyside in a friendly challenge. The attendance was fairly large.

VARIED WEATHER.

Even though the tempo is at large this weather, summer has not come. On Sunday last, bathing and sun-baths were indulged in by many people in the numerous caves along our coast, but on Monday such summer-like proceedings were out of the question, due to an foggy or some other such present from the Northern climes visiting our shores.

Garden Fete at Lismore Castle.

IN AID OF JUBILEE NURSES' ASSOCIATION ETC.

On Thursday week, half-holiday for West Waterford towns Lismore Castle and grounds was open to the public by the kind permission of her Grace the Duchess of Devonshire, and a charge of admission of 1s. was made to visit the interior of this magnificent building with an addition of 6d. to see the fruit and flower gardens. At the banqueting hall of the Castle tea was provided at the nominal charge of 6d. each. The public attended in pretty large numbers, and showed their practical appreciation to the organisers for the object for which the fete, etc., was raised, a very laudable one, viz., to provide funds for the securing of pensions for nurses of the Queen's Jubilee Funds, and Lismore residents are aware of what valuable assistance that has been raised by having in their midst a nurse of that Association in the person of Miss Hickey, whose skill, coupled with courtesy and kindness, is unequalled. We were not therefore surprised to see such a large crowd of local people in attendance notwithstanding the fact that it was a week-day, but many hold to the opinion that if the grounds were opened on a Sunday the attendance would be much larger.

The grounds of the Castle never looked to better advantage, but favoured with brilliant sunshine, which lasted throughout the entire afternoon, these weather conditions gave one the opportunity of seeing the gardens at their best, and to say the least the gardens and grounds of the Castle were a credit to those responsible for having them in such a state of perfection. Lovers of horticulture, both male and female, loitered leisurely through the grounds and now and again interrogated the gardener (Mr. P. O'Brien) on any unusual or choice specimens which came in view, and although a man of big physique, his replies came as courteous and as willing from his lips as from one of half his calibre. The gardens and grounds are a credit to his staff and himself. At the tennis ground Mr. James Goulding and his troupe of boys gave a display of gymnastics and horizontal bar display, while some lady members gave an exhibition of Indian Club swinging and these items attracted their own quota of the visitors among whom were to be found the two Roman Catholic curates—Rev. James Walsh and Rev. Thos. O'Gorman, C.C.'s, Lismore.

Perhaps at the banqueting hall the most animated scene of the afternoon was witnessed. The Right Hon. Claud Anson (D.L.), acted as doorkeeper where the teas together with a plentiful supply of cakes, confectionery of all classes were dispensed with for 6d. each. Young and old were here enjoying themselves with the staff, male and female, now at Lismore Castle waiting on the guests. At one side of this spacious hall ladies sold confectionery at very moderate prices and got a ready market.

Coming to the financial side of the afternoon's enjoyment as a party with a guide in charge were being shown through the interior of the Castle (Her Grace the Duchess of Devonshire, who, by the way, very much interested herself, and was here and there during the afternoon) was heard to say by the writer: "A day like this at Chatsworth brought us in £200." We are pleased to state that something nearly like half that amount was taken at Lismore Castle on May 1st, 1930, in what may be called an initial venture. That close in the vicinity of £40 was raised for a deserving object such as this is very creditable, and those associated with the good work are to be congratulated. There were many willing helpers whose names we did not ascertain and who will, we are sure, now accept "the will for the deed." Many also were late for the gymnastic display, but will later on have an advantage of seeing the boys at more difficult exercises. Mr. Goulding is to be congratulated in having his troupe in to such a state of perfection in such a short time.

Before concluding it must be stated that the public behaved most orderly, and not a flower or even weed was disturbed, and this is what one should expect when privileges are extended.

FEIS NA MBEISE.

Preparations for the Feis are proceeding apace. It is hoped to introduce a number of items that will be new to Feis programmes—amongst them a competition in physical drill, open to teams from Dulse Schools. Those who have seen exhibitions of drill in the Gaelic Field and in Waterford will be glad of an opportunity of seeing the pick of the schools perform. The County Committee of the Gaelic League is negotiating for a special train from Waterford on the day of the Feis. Working committees are being formed in Dungarvan and in Waterford to complete all arrangements. The Feis Secretaries appreciate the consideration of those who have already forwarded entries, and cordially appeal to other intending competitors not to hold over their applications till the last day, May 24th.

CAPPOQUIN NOTES.

A GREAT EVENING'S SPORT.

A most interesting and enjoyable evening's aquatic sport is promised here on next Monday, 12th inst., when a grand programme of Scratch Races will be run off by the Rowing Club over the picturesque stretch of the Blackwater extending from Cbearney's Quay down to the Boat-house, a distance of one mile. Boat races of this kind have been held in the early part of the season for several years for the purpose of stimulating a better spirit of rowing amongst the young members of the Club and inducing them to train properly for the various regattas during the ensuing season. Next Monday's event promises to be well up to the standard of similar events in previous years, as no less than six crews will compete in the four-oared outrigger races, and some very keen and exciting finishes should be the order of the day. A special feature of the programme will be a great Challenge Outrigger Race between two of the best crews in the Club, and this in itself should provide a rare treat for the spectators. Several other aquatic events will also figure on the programme, which will start at 5.30 (summer time). An appropriate wind-up will be provided on Monday night when a grand dance will be held in the Boat-house Hall. High-class orchestral music and splendid catering are guaranteed.

DEATH OF MR. JAMES HACKETT.

We much regret to announce the death of Mr. Jas. Hackett, The Square, Cappoquin, which occurred at his residence on last Monday week after a comparatively brief illness. Deceased, who had reached a good age, was a carpenter by trade, and had been employed on the Cappoquin Estate for many years, where his upright and honourable character won him the highest respect from Senator Sir John Keane, Bart., and all associated with this important estate. Only a few months ago we paid special tribute to the excellent and highly-artistic work executed by him in connection with the re-building of Cappoquin House, while he had many other outstanding works to his credit in various parts of Cappoquin. He was father of Messrs. Luke, James and "Moss" Hackett, three famous oarsmen and footballers several years ago, and was connected with some of the oldest and most respectable families in the district. The remains were removed to St. Mary's Catholic Church on Tuesday evening week, and after Requiem Masses for the repose of his soul on Wednesday, the funeral took place in Agane Cemetery, the funeral being of an unusually large and representative character and an eloquent tribute of respect to the memory of this esteemed townsman. R.I.P.

DANCE AT CAPPAGH.

An enjoyable Ciderella dance will be held in the New Hall, Cappagh, on next Sunday night, which promises to be a most successful social event. As the arrangements on this occasion both as regards catering and music will be on the same high level as heretofore, we expect to see a bumper attendance present on Sunday night for the last dance of the season.

FRESH BUTTER MARKET.

Messrs. Jas. Daly and Sons, the well-known Cork butter merchants and exporters, opened their fresh butter market here last week, which will be conducted during the season by their popular buyer, Mr. T. Beecher, who has enjoyed the respect and confidence of the farmers and general public for many years past. Messrs. Paxman and Co., Lismore, and Messrs. Dowdall and O'Mahony, Cork, are also buying here in season, as usual, so that farmers will have no difficulty in disposing of their butter at the highest market prices, which, however, promise to remain at an unusually low figure this year.

PRICE OF PIGS.

The price of pigs at the Cappoquin Bacon Factory this week was 88s. per cwt., dead weight, a decrease of 6s. on last week's figure of 94s., so that with the prices of butter and bacon pigs falling to such an alarming extent, the outlook for farmers is anything but reassuring this year.

SUNDAY'S FOOTBALL MATCHES.

At the Gaelic Field, Dungarvan, on Sunday next two important football games will be played. The newly-formed Kilminion Bovers meet Kinsalebeg-Cashmore in first round of junior championship at 3.15 p.m. A keen game is promised. In senior football Dungarvan will try conclusion with the classy fifteen from Pouli-vanogue, who have beaten each of the best teams in Tipperary and Waterford. Both teams are in good form and should provide a first-class exhibition of Gaelic football. Game starts at 4.30 p.m. T. McCarthy, referee. At Aglish another good game is assured, Cappagh meeting Ballycurane at this popular venue in the first round of the junior football championships. The local Club have everything in readiness, and with Paddy Moloney in charge, a sporting tussle is promised to the many patrons in the Aglish area.

SHIRTS AND TIES.

Tunic Shirts of quality and all our Newest Designs in Irish Poplin Ties at Phil Walsh's, Square, Dungarvan.

BISHOP HACKETT CUP.

At the Gaelic Field, Dungarvan, on Thursday last Mount Eion College, Waterford, defeated Lismore C.B.S. by 5 goals 5 points to 3 goals 1 point in the final of the Bishop Hackett Cup.

Kilmaothomas News.

THANKS.

We must register this expression of our unfeigned gratefulness to Mr. Bowen, County Surveyor, for having his employees attend to the bus-used bit of road off the main (Waterford-Cork) route through our township, the polished condition of which we had occasion to complain of in this column. The pot-holes have since been filled in with chips and tar. We are well aware of the fact that had he money enough at his disposal Mr. Bowen, who is one of the ablest members of his profession in Europe, would have all traffic-ways in old Decies trunked and surfaced on a par with not only the best, but the very best road-routes in all territories.

A LOCAL VACANCY.

It is admitted on all hands that Maternity Nurse Mrs. Mary Margaret Doody, of Kilmaothomas, should be appointed to fill the position of midwife for the local dispensary district, rendered vacant by the death on the 17th ult., of her deservedly popular mother, the late Mrs. Bagge, by whom the post was occupied ever the past four and thirty years.

THE MISSING POSTMAN.

During the past few days it is being freely rumoured in Kilmaothomas that Inspector Hunt (the Garda Officer lately in charge of the police investigation into the mysterious disappearance on Christmas Day of the local postman, Laurence Griffin), is now in possession of the full facts concerning Griffin's fate; that the body will be found within a week, and that developments not less sensational than as before experienced in connection with the affair will speedily follow. The recovery of the postman's remains for Christian burial would, indeed, be a source of much solace to Mrs. Griffin and her children. On Tuesday evening of last week Mrs. Griffin's eldest daughter, Bridie, returned to Manchester, where she had been employed up to the time her father vanished. She was very lonely leaving here. Jack Griffin was learning motor engineering at Messrs. Sheridan's automobile establishment in Waterford, but the sad event of last Christmas Day has caused him to change his course, and he is now employed at Mr. P. Kiersey's bakery establishment in Kilmaothomas in the capacity of motor van driver. Mrs. Griffin and her family have the sincere sympathy of all in the bitter blow that has befallen them.

OBITUARY.

Fully fortified by the last Sacraments, Mr. Geoffrey Cummins, postmaster, Kill, passed away into his eternal reward on the 1st inst., after an illness of some few weeks' duration and at the comparatively early age of 66 years. The deceased, who held the postmastership of his native village over the past twenty years, was esteemed and respected for his integrity, industry and amiability. The equities, accompanied by a large cortege of the general public, were removed to Kill Church on last Friday evening at 6.30 o'clock, and were received at the church portals by Rev. M. Dowley, C.C. Next morning after the celebration of Requiem Masses for the repose of his soul, all that was mortal of the late Mr. Cummins was reverently laid to rest in the family plot in the adjoining cemetery in the presence of hosts of relatives, friends and sympathisers. R.I.P.

G.A.A.

The final round of the Kilmaothomas Gold Medal Tournament (Hurling) will be played at the local Gaelic Sportsfield on tomorrow (Sunday), when Kilmaothomas face Four-Mile-Water. It is generally felt that the homesters will have to go all out to successfully cope with the vigorous, dashing tactics of the visitors. This will be a truly titanic tussle, and patrons are assured of an A1 exhibition of our ancient code craft. Kill and the Nire football fifteens, fielding in friendly opposition, will form a "curtain-raiser" to the big bout. This encounter, too, will be certain to excite excitement, as the Nire men are of the "no surrender" type, and the Kill "kickers" are never beaten till the final siren sounds. Mr. Frank Drohan, P.C., will referee both set-toss. With such a pit-pat programme for our O.K. pitch, a record attendance is confidently anticipated.

BREVITIES.

Kilmaothomas market—Creamery butter, 1s. 4d. per lb. (retail); farmers' fresh butter, 10½d. and 11d. for best quality; farmers' butter (salted), 1s. 2d. and 1s. 3d. per lb. (retail); eggs, 8d. and 9d. per dozen; chickens, 11d. and 1s. per lb.; old fowls, 6d. and 7d. per lb.; potatoes, 6d. to 8d. per stone; milk, 2d. per pint; sour milk, 2d. per quart.

On to-day (Saturday), May 10th, the citizens of Tarentum, in Italy, recall with grateful hearts the labours and miracles wrought on their behalf by a saintly son of Eire—St. Cataldus, who was either a West Waterford or a South Tipperary man by birth, and was a pupil of St. Carthage at the latter's renowned seat of learning at Lisore.

Clonaca-Power Gaelic Sportsfield last Sunday, Portlaur minor hurlers outplayed the home unit in their tie in the opening round of this year's county championship.

BAND PROMENADE.

The Dungarvan Brass and Reed Band will play in the Park on Sunday next at 8.30 p.m.

BACON DOWN AGAIN.

Dunny's bacon and pigs' heads reduced in price. For best values in Groceries, Teas, Provisioners, Wine and Whiskies shop at P. F. Ryan, Main street, Dungarvan.

DUNGARVAN URBAN COUNCIL

The weekly meeting of the above was held on Friday last at the Town Hall. Mr. J. Butler, chairman, presided. Also present were—Messrs. Moloney, Clancy, Hackett, Griffin, Dee, Foley, O'Donnell, Lawn, McCarthy, Keane, Power and McGrath.

Expenditure.

The pay sheets for the week, which were passed, were as follows—General account, £14 4s. 11d.; harbour account, £6 0s. 0d.

Burgery Sewer.

Thomas Quinn appeared before the meeting and asked the council to give him the contract of keeping the sewer at the Burgery clean. The council promised to consider the matter.

Glendine Waterworks.

The caretaker reported that the water in the intake tank at Glendine was getting low.

Mr. Power said that there was a big bank of gravel there, and if that was removed the supply would improve. It was decided to have the gravel removed.

Cinema License.

A letter applying for a license under the Cinematograph Regulations was read from Mr. Daniel Grotty.

Mr. Lawn—Does that include Sundays? Chairman—Without reservations it does. There has always been controversy over this matter.

Mr. Foley—I would be in favour of the 7-day license.

The council decided to have the matter put on the agenda for next meeting.

Superannuation.

A letter was read from the Minister of L.G. and Public Health with regard to the council's proposal to grant superannuation to Mr. P. Mulcahy, ex-Town Clerk, and asking to be informed under what Statute it was proposed to make the grant.

Mr. Power referred to the amount of work done for the town by Mr. Mulcahy during his term as Town Clerk, and for the country, too. He helped us out and he helped the cause.

Mr. Hackett—I am in favour of Mr. Mulcahy getting it.

Mr. O'Donnell—The whole council is in favour of it.

Mr. Power suggested that the matter be referred to the solicitor, who would tell them what Statute.

This was agreed to.

Acting Clerk.

With regard to the appointment of Mr. M. O'Meara as Acting Clerk, the Minister wrote asking the council for particulars of the appointment, and stating that same was subject to sanction what the proposed payment was to be, etc.

On the proposition of Mr. Clancy, seconded by Mr. Power, a resolution was passed fixing the salary at £2 2s. per week during the Clerk's illness.

Danger to Health.

A letter was read from Dr. McCarthy, M.O.H., recommending that the open sewer at the rear of Mr. Dempsey's house and others at the Square be piped or covered as at present it constitutes a danger to health.

The following letter was also read from the undersigned:—Respecting sewerage and wall at the back of our premises. The sewerage nuisance is still existing and is now becoming dangerous to the public health. We therefore appeal to you for the last time to have the matter attended to immediately. First, sewerage made right, and secondly the wall built, otherwise we will take whatever action our solicitor will advise us.—Signed—John Cummins, Daniel Dempsey, Jas. Curran, Patk. O'Toole, Matt Cummins, George Stokes, Wm. Stokes and Kathleen Healy.

Mr. Keane—Instruct the Borough Surveyor to cover it up as we are more or less responsible for its downfall. We might as well face the fact now as later.

Mr. Clancy—If it is the intention of the council to build the wall I would be opposed to it. It is a very delicate matter and should be carefully handled. The residents should also contribute something for the laying down of pipe sewerage there. We should not rush into this matter without careful consideration. There is no hurry with the wall.

Mr. Power—The sewer is a public scandal.

Mr. Keane proposed, and Mr. McGrath seconded, that the Borough Surveyor be instructed to proceed with the work of covering in the sewer at the rear of O'Connell street.

The proposition was passed.

Manure for Sale.

Mr. James Hayes was appointed as auctioneer for the sale of all the manure in the council's depot at Young's road on Saturday, May 17th.

Report of S.S.O.

The S.S.O. reported that he inspected the water main at the Hermitage, Abbeyside, as directed, and in his opinion the pipe should be taken up and cleaned a distance of 500 yards.

It was decided to advertise for contractors for the work.

Regarding the shortage of water at Turnmore, the cause was incrustation in the main between Burgery and Mrs. Williams' house. He recommended that the main be taken up and cleaned, a distance of 275 yards. The probable cost would be £20.

A list order was made in this case. He also reported that at the request of the medical officer of health he had

to supply buckets, etc., at the Morgue in the case of a post mortem examination held there recently, and suggested that a supply of water and wash basin be installed. The council did not consider this necessary. He also recommended appointing caretakers for the ladies' and gents' bathing places and the Park.

It was decided to advertise for same and a list of duties are to be drawn up.

Purchase of House.

The council decided to purchase the house occupied by Patrick Morrissey, Abbeyside, from Mrs. Christopher for the sum of £75.

Opening of Hall.

Arising out of the recent complaint against the hall porter by the Secretary of the Dungarvan Dramatic Class—That although the class were granted the use of the Hall for rehearsal of play on a recent Sunday night the porter refused to open it.

A letter was now read from the porter admitting that he did not open the Hall, and stating that it was owing to the conduct of the class, who simply go there for a chat at times.

Mr. McCarthy—As Secretary of the Class I could not contradict every statement in that letter.

Mr. Lawn—I suggest a small committee be formed to draw up regulations in connection with the lettings of the Hall.

Mr. Clancy said it was his intention to hand in notice of motion regarding the charges, etc., for the Hall. The committee could also deal with that.

The council approved of Mr. Lawn's suggestion.

May Processions.

On the suggestion of Mr. Griffin, the Borough Surveyor was instructed to send men to Abbeyside to clean the streets through which the procession in connection with the annual May devotions would pass.

Acknowledgments.

Letters thanking the council for resolutions of sympathy passed by them were read from the following:—Mary J. Walsh, Abbeyside; Daniel Morrissey, Square; Michl. Ronayne, Coolmack.

Sympathy.

The following resolution was proposed by Mr. McGrath, and seconded by Mr. Dee, and passed in silence:—"That we, the Dungarvan Urban Council, tender to the family of the late Nicholas Curran, Abbeyside, our deep sympathy."

LISMORE NOTES.

LISMORE GOING AHEAD.

A highly successful concert and dramatic performance was held at the New Hall, Lismore, on April 29th by the recently-formed Lismore Variety Entertainment Co., which reflects great credit on the members and augurs well for the future. The proceedings commencing with an opening chorus, "Laugh and the World Laughs," by the Pierrot Troupe, followed by a song, "The Pride of the Pier," most effectively rendered by Miss Peggy O'Gorman. After that the operetta, "A Lady Dick Turpin" and the 17th Century Gavotte, with Miss Kitty O'Gorman as Lady Barbara Saville, and Mr. Jack Barnes as the Earl of Exbridge evoked rounds of applause, being a most graceful performance throughout. Then followed a song entitled "Mandy" by Mr. Vincent Noonan, who was as usual warmly received by the audience. An amusing play, "Which is Which," was greatly enjoyed, and reflected great credit on all who took part, especially Miss Norah O'Riordan as "Mrs. Mills" and Mr. J. Barnes as "Robert Capper." The entertainment then concluded with the following songs:—"Keep that Little Twinkle in Your Eye," most cheerily rendered by Miss Eileen O'Connor; "Dream, Mother," in which Mr. Herman Foley received great praise; "Persian Rosebud," sung by Mr. Jack Fogarty, who was as usual greatly encored; "A Spanish Lover," a comic song evoking much laughter, by Mr. J. Barnes, and an operatic finale by the Troupe, consisting of the Misses Noreen and Eileen O'Connor, Kitty and Peggy O'Gorman, Kitty Foley and Noreen O'Riordan; Messrs. Jack Fogarty, Vincent Noonan, Herman Foley, Jack Barnes and John Scott-Allen.

A large and appreciative audience was present, and the energetic hon. sec., Mr. Barnes, with Mr. F. C. Guest as stage manager, and Mr. J. Scott-Allen as musical director, were all that could be desired.

MISSION.

On Sunday last at the late Mass a three weeks' mission was opened by two members of the Redemptorist Fathers—Rev. Fathers Donnelly and Cleary—two weeks for Lismore Parish and the third or one week will be for the parishioners of Ballysaggart (Lismore). The various exercises are well attended so far, and it is to be hoped these numbers will be greatly increased in the coming week, and that all Catholics in the parish will avail of the opportunities in their midst on this occasion.

P. O. CHANGES.

Mr. John O'Grady, a Lismore man, who had been appointed postman in the rural area out of the Lismore Post Office, has now been appointed town postman at Lismore in lieu of Mr. Wm. Lyons, resigned after 30 years' service. Mr. Patk. Curtin, who had been telegraph messenger at Lismore Post Office, and who had attained the maximum age for that position, has been appointed town postman at New Ross. Both appointments have given satisfaction locally.

Tallow Cow-Testing Association.

ANNUAL REPORT.

At the general meeting of the above Association held at the Hotel, Tallow, Mr. Wm. Coleman, chairman, presided. Also present—Messrs. Thos. Stafford, Robert Condon, F. T. O'Leary, N.T., N. Condon, M. Coleman, Supervisor, and D. O'Donovan, Cow-Testing Instructor.

The minutes of previous meeting having been read and confirmed, some correspondence from the Department in connection with the working arrangements of the Association for 1930 was read and discussed, and some minor matters having been dealt with, the Supervisor submitted the 15th annual report of the Association, which was as follows:—

Gentlemen—I beg to submit to you the 15th annual report of your Association for the year ending 31st December, 1929, for your consideration. I have found much pleasure in working amongst you since my appointment as Supervisor last September, and I deem it my duty to thank you most sincerely for your kind co-operation with me in the execution of my duties as the Supervisor of your Association, and also for the courtesy extended to me by each member on the occasions of my respective visits. I am glad to state that your Association, which was formed in 1915, was the first Cow-Testing Association established in the Co. Waterford, and great credit is due to the members for keeping the Association in existence for such a long period, and your Association have made steady progress since its inception, especially with regard to milk and butter-fat yields and the improvement of dairy stock in general.

During the year 1929 there were 13 members keeping records, and the number of cows on test was 155, out of which 141 had complete records, and the average yield of the 141 cows with complete records was 6,061 lbs. of milk containing 225.01 lbs. of butter-fat, with an average test of 3.70, and the average return per cow valuing butter-fat at 1s. 6d. per lb. with separated milk at 1d. per gallon was £19 6s. 5d.

Comparing the average yield per cow in the Association with previous years we find that in 1924 the average yield per cow was 5,853 lbs. of milk and 203.00 lbs. of butter with an average test of 3.46. In 1919 the average yield per cow was 5,490 lbs. of milk and 180.00 lbs. of butter-fat. In 1916 the average yield per cow was 4,756 lbs. of milk and 168 lbs. of butter-fat, with an average test of 3.43. Calculating butter-fat and separated milk on the same basis, we find the average return per cow for 1916 would be £14 2s. 8d. From those figures it will be observed that the average yield per cow in the Association has increased by 1,305 lbs. of milk or 127 gallons and 57.01 lbs. of butter-fat, and average butter-fat test have increased from 3.43 in 1916 to 3.70 in 1929, and the average earning capacity of each cow on test has increased by £5 3s. 9d., which would mean an annual increase £731 8s. 9d. in the income from the 141 cows on test in the Association.

Those figures show clearly the great benefit derived from continuing the system of recording the milk and butter-fat yields of our dairy cattle through a Cow-Testing Association. The best cow in the Association for the year 1929 was a 6-year-old Shorthorn, which gave a yield of 1,002 gallons of milk and 382.80 lbs. of butter-fat with an average test of 3.70, and would earn on the same basis as the average cow in the Association £32 17s. 8d., and is the property of Mr. James O'Donoghue, Glencairn. The second best cow in the Association was an 8-year-old Shorthorn named "Nan," which yielded 907 gallons of milk and 375.69 lbs. of butter-fat with an average test of 4.01 and earned £31 19s. 1d., and is the property of Mr. Jeremiah Canning, of Waterpark. The 10 best cows in the Association had an average yield of 901 gallons of milk and 359.39 lbs. of butter-fat with an average test of 3.65 and earned £29 4s. 4d. per cow or a total of £292 0s. 10d. The ten worst cows had an average yield of 343 gallons of milk and 128.47 lbs. of butter-fat with an average test 3.64, and earned £11 1s. 3d. per cow or a total of £110 12s. 6d. The difference between the total earnings of the ten best and ten worst cows in the Association was £181 8s. 4d. The average yield of the 10 best cows in 1916 was 686 gallons of milk and 241.85 lbs. of butter-fat with an average test of 3.30 per cent. earning on the same basis £20 19s. 11d. per cow. Those figures show an average increase of £8 4s. 2d. per cow in the earning capacity of the 10 best cows for 1929 over the average earnings of the 10 best cows in 1916.

Taking a summary of the 141 cows with complete records, we find that 12 cows gave between 300 and 400 gallons; 18 cows gave between 400 and 500 gallons; 42 cows gave between 500 and 600 gallons; 32 cows gave between 600 and 700 gallons; 21 cows gave between 700 and 800 gallons; 10 cows gave between 800 and 900 gallons; 4 cows gave between 900 and 1,000 gallons, and 2 cows gave over 1,000 gallons of milk.

The best average for any herd in the Association was 6,998 lbs. of milk and 255.25 lbs. of butter-fat with an average test of 3.7 for a herd of 14 cows, and would earn on the foregoing basis £22 3s. 7d. per cow, and are the property of Mr. Jeremiah Canning. There are at present 34 registered dairy cows in the Association and I tattooed 10 calves during the year, and a pure-bred Shorthorn premium bull has been purchased by the president at a high price at the recent Dublin Show and Sale of bulls for the use of members of

the Association.

The Chairman said—From figures given in the report of the working of the Association, they had made very good progress in the average increase of the milk and butter-fat yield of their cows, but the number of cows on test was rather small, and the Department had fixed a minimum of 200 cows entered for test in the Association every effort should be made by each member to bring the number of cows entered for test up to at least that number by increasing the membership of the Association. He wished to congratulate Mr. Canning on having the best herd in the Association, and Mr. Canning had set a good example for them to follow, as he fed his cows according to their milk yield on a properly-balanced ration. He also advised members to go in more for winter dairying, and to get their cows to calve earlier in the season as a cow calving in the winter months will produce from 150 to 200 gallons more milk than if she calved in the late spring or summer months, and will milk for a much longer period. Besides the calf born in the winter months is much more forward for sale on the market in the spring months when a year-old, and is much less subject to contagious disease such as White Scour. A dairy cow will require a maintenance ration of about 20 lbs. of hay and roots, about 40 lbs. per day in the winter and spring months, whether she is producing milk or not, and the only extra cost involved for the production of milk in the winter and spring months is the amount of food required for each gallon of milk produced after the first gallon, which would be 34 lbs. to each gallon of a properly-balanced ration, which may be made up from a mixture of 2½ parts of crushed oats to 1 part of decorticated cotton cake, and the cost of same will be amply repaid from the extra amount of milk produced from the system of winter dairying.

On the proposition of Mr. T. Stafford, seconded by Mr. R. Condon, the report was unanimously adopted.

A vote of thanks to the Chairman for presiding concluded the proceedings.

Outfits for Confirmation.

For Girls.

Exclusive Dresses in Crepe-de-Chine, Georgette and Satin.

Lovely Wreaths and Veils in New Designs.

A great Variety of Gloves, Stockings and Shoes to select from.

For Boys,

A wonderful selection of Boys Suits in Tweeds and Serges, also a large assortment of Boys Fancy Shirts, Ties, Stockings and Shoes.

LAND ANNUITY DEFAULTERS.

At Tuesday's meeting of the County Council, the Secretary read a long list of defaulters in paying annuities. In many cases the arrears ran into 4, 5, 6, 7 and 8 years. The list was furnished by the Land Commission and was up to the 5th April last. The amounts due were from £5 to £750. In reply to Mr. Kiersy (chairman) the Secretary said the non-payment of these annuities meant a loss of £1,500 to £2,000 a year on the rates.

Mr. Stack—And we are told the country is flourishing, but I think we are going back, and in place of being turned the corner, we are in debt tooth and nail. What I ask is—Are we late for the Budget? A man named Blythe is bringing on a Budget to-day and we will be late for it. We should wire

him the condition we are living in in this county, and tell him we are only surviving and living on outdoor relief.

Mr. O'Gorman referred to the hardship on people who paid their rent and rates caused by those defaulters, and said it was the cowardliest Government under the sun to allow this thing to go on.

As to publishing the names of the defaulters, Mr. McCoy, Solr., pointed out the danger of an action against the council by any of those in the list who may have paid their annuities, and said it would be injudicious. The matter was allowed drop.

Messrs. J. O'Donnell and D. Coghlan were appointed ex-officio members of the Committee of Management of the County and City Infirmary, Waterford.

The recommendations of the L.G.B. were adopted re the appointment of a County Librarian.

Missing Postman.

SEQUEL TO STRADBALLY CHRISTMAS MYSTERY.

ACTION FOR DAMAGES AGAINST CIVIC GUARD MEMBERS.

In the High Court, Dublin, last Friday, before Mr. Justice Hanna, in an action in which Thomas Corbett is the plaintiff, and James O'Driscoll, Thomas O'Rourke, Joseph Gantly and Patrick McNamara are the defendants. Mr. M. Binchy (instructed by Mr. A. Carroll) applied on behalf of the defendants for an order transferring the action to the Circuit Court of County Waterford.

The statement of claim sets out that the plaintiff is a labourer residing at Knockgower, Stradbally, Co. Waterford, and that the defendants are Civic Guards and officers residing in the barracks, Stradbally. On Christmas Day, 1929, a postman named Lce. Griffin disappeared, and a number of persons were arrested and charged with having murdered him in the licensed house and premises known as Whelan's public-house at Stradbally. The plaintiff was not present in the house at the time when it was alleged Laurence Griffin had been murdered. On or about the 6th of February, 1930, the defendants wrongfully and maliciously conspired together to falsely imprison the plaintiff, to assault and beat him, to threaten to murder the plaintiff, and to inflict serious bodily injury on the plaintiff, and to coerce the plaintiff into making false and untruthful statements as to his movements on Christmas Day.

ASSAULT ALLEGATIONS.

In pursuance of the said conspiracy and combination the defendants on the night of the 6th and morning of the 7th February, 1930, wrongfully and maliciously did the following acts:—The defendants assaulted the plaintiff and caused him to be detained in custody and imprisoned at the Civic Guards Barracks at Stradbally and other places in the neighbourhood for a period of ten hours. They endeavoured to coerce him to say that he was in Whelan's public-house on the previous Christmas night, and to give evidence at a witness accordingly. When he refused they threatened him and said if he did not give the evidence he would disappear as Griffin did; that they would break his jaw; that they would bring him down beside the hole and throw him down beside Larry, meaning Laurence Griffin. The defendant, James O'Driscoll, assaulted the plaintiff by snapping a cigarette from his mouth and then said he was going to put the plaintiff alone with Larry. The defendants then threatened to murder the plaintiff and forced him into a motor car to drive him off. The defendants then drove the plaintiff away from the barracks in the motor car, and while doing so declared that they were taking the plaintiff to the mine hole as they had previously threatened to do. After going some distance in the motor car the defendants took the plaintiff therefrom and brought him to a cliff and threatened to throw him over the same into the sea if he did not say that he was in Whelan's public-house on Christmas Night.

The defendant, Patrick McNamara, then caught the plaintiff by the throat and collar of the coat, saying that the plaintiff was in Whelan's on Xmas Night. The defendant, James O'Driscoll, then drew a revolver from his pocket, and having presented it at the plaintiff, shoved the barrel of it in the side of plaintiff's mouth, and soon afterwards opened the plaintiff's coat and put the revolver at plaintiff's heart, and moved it round to his back, and for some minutes kept the plaintiff covered therewith, and threatened to break the plaintiff's jaw and to shoot him if the plaintiff did not give the evidence which the defendants wanted. Defendants from about 2.30 a.m. until 5.30 a.m. on the morning of 7th February, 1930, before he was brought back by defendants in the motor car to barracks when he was discharged from custody by the defendant, James O'Driscoll, who ordered him to go home and remain silent as to his treatment at the hands of the defendants, and during that time the plaintiff was constantly being assaulted and threatened with violence and death by the defendants, and was put in fear and terror of his life. By reason of the acts hereinbefore complained of the plaintiff was put in terror of his life, and suffered serious mental and bodily injury. The plaintiff claims £1,000 damages.

EMPHATIC DENIALS.

Mr. Binchy referred to affidavits sworn by the plaintiff containing the allegations set forth in the statement of claim, and to affidavits made by Patk. McNamara, Inspector Officer of the Civic Guards, Lady Lane Station, Waterford, and by the other defendants.

All denied plaintiff's allegations as to conspiracy and other charges. Patk. McNamara stated that from information received in connection with the death of Laurence Griffin he deemed it advisable to interview the plaintiff. The other defendants were not informed by him of his intention to have this interview, which took place on 5th February. The plaintiff was reluctant to give any information, but seemed friendly, and defendant was absolutely sure that he had no injuries. The other defendants asserted that he received no injuries from them.

JUDGE'S COMMENTS.

Mr. M. J. Conolly with whom was Mr. Joseph O'Connor, K.C. (instructed by Mr. Peter O'Connor), who appeared on behalf of the plaintiff, opposed the application, and remarked

that the four defendants were present at the assault upon his client.

Mr. Justice Hanna said that if the charges against the Guards were not capable of being proved, he thought they would seek the greatest publicity possible, which they would obtain by having the trial of the action in the High Court, where it would be shown that they could be exonerated or otherwise.

Mr. Binchy replied that the Guards did not shrink from publicity in regard to the action, and thought there would be an ample opportunity for it by having the trial in the Waterford Circuit by the Judge or the tribunal, or by a jury in that jurisdiction. In that way they would have as much publicity as elsewhere. Counsel contended in any event if the plaintiff proved his case, and obtained a verdict, the utmost damages, which he would obtain would be £300, though he would say that that would be not only against the weight of evidence, but would be against the evidence which would be discussed. Any heavier damages or verdict would be set aside.

Mr. Justice Hanna—the plaintiff is very circumstantial in what he says, and you would have to satisfy the court that what he says is wrong before they could set aside the verdict in his favour if he got one.

Mr. Conolly said if the jury gave the plaintiff £1,000 damages he did not think that any court, in the circumstances, would interfere with the discretion of the jury. Having regard to what was disclosed, he submitted that the case was a fit one for trial in the High Courts.

CASE RETAINED IN HIGH COURT.

Mr. Justice Hanna refused the application. Giving judgment, he said:—There are two tests as to whether an action should be transferred to the Circuit Court: (1) Is it an action fit to be tried in the High Court; (2) or is it an action which should have been commenced in the High Court. This is an unique case of grave public concern, and deals first with the efforts made by the Guards to trace whoever committed a very serious crime. The case also involves an allegation by the plaintiff, which may or may not be true, and grave objections on four members of the Garda Siochana. Having regard to these matters—first that the case involves a matter of the highest importance to the State and to their guardianship of the peace and safety of the people, and secondly that the measure of damages for assault is not limited by the physical injuries or loss of trade or occupation suffered—I am of opinion that on no principle could I hold it not a fit action to be tried in the High Court, nor could I hold that it should not have been commenced in the High Court.

THE SEARCH FOR BODY.

A solicitor who acted for a number of those defendants said the villagers confidently hope to find the body themselves in a short time, and in the bog near Stradbally, so often referred to during active search proceedings. But it was winter then, and the countryside around was much flooded, and now, with good dry weather likely to last, optimism is running high that the discovery of Griffin's body is at hand. Meantime Inspector Hunt, of the Dublin Depot, and local Civic Guards continue to search for the body there, and around Stradbally village.

HINTS ON BEET GROWING.

The following points culled from the successful growers' methods in competitions for the past few years should be studied carefully by growers:—

Cultivation—The seed-bed should be fine and firm. The cultivator rather than the plough should be used to prepare the soil for drilling. Rolling and harrowing as often as necessary to produce that very fine tilth so essential for a successful bed.

Drilling—The drills may vary from 18 inches to 22 inches according to soil and circumstances.

Manuring—The autumn or early winter is the best time to put on the farmyard manure at the rate of 10 to 12 tons per statute acre. Where farmyard manure is put on in the spring it should be well rotted and very evenly distributed.

Fertilisers—The tendency amongst many growers is to eliminate top-dressing on the score of time and trouble, and put on all the necessary fertilisers at the time of sowing.

The following fertilisers have given uniformly good results over a period:—2 to 2½ cwts. sulphate of ammonia per statute acre; 4 to 6 cwts. superphosphate or semsol, per statute acre; 4 cwts kainit per statute acre. On the very light soils the kainit may with advantage be increased.

Sowing—Prior to sowing, all scutch grass should be removed, as in the subsequent hoeing operations many of the plants are injured in the endeavour to get rid of the scutch.

Subsequent Operations—The drills should be rolled before sowing.

Sowing—18 to 20 lbs. of seed per statute acre. An even distribution of the seed cannot be stressed too strongly. Misses or gaps apart from making the crop unsightly are a source of loss to the grower.

Top-dressing—Top-dressing with nitro-chalk, nitrate of soda or sulphate of ammonia should be done in the case of an unhealthy growth as soon as the plants have developed leaves. In the case of healthy crops, top-dressing should be done immediately before or after thinning.

Thinning—Leave 8 to 10 inches between plants.

Cultivation—Frequent cultivation is necessary until the leaves meet across the drills.

Moulding—This operation should be done very carefully.

G. A. A.

MATCHES AT KILLEAGH.

BALLINCURRA v. CARRIGTWOHILL.

May Sunday as usual was a gala day at Killeagh and two fine attractions in the shape of clashes between Ballincurra and Carrigtwohill in junior hurling and Youghal and Middleton in football drew huge crowds to this popular East Cork venue. The hurling match was the tit-bit of the programme, both teams being well-known in East Cork as clever exponents of the hurling code, and, indeed, they lived up to their respective reputations with a wonderfully fast and spirited exhibition of the code. Carrigtwohill captured the lead in the opening portion of the game, but on the change over Ballincurra turned the tables, and were eventually winners with a good margin to their credit. Rev. Fr. Cotter, Ballymacoda, held the whistle, and his handling of two such spirited teams, with his usual fairness and strict impartiality, gave complete satisfaction. Youghal beat Middleton in a slow-scoring game, and there was little between the teams. Everything helped to the success of the day, arrangements, weather, etc., were ideal and punctual to the pre-arranged hour the hurling combinations took the field. The game was not long in progress when the spectators were assured of a fine game, and this was seen in their frequent and loud appreciation of the exchanges. Details:—Ballincurra won the toss and elected to play against a strong sun. The wind was also to their disadvantage, but it was not enough to militate against play. Ballincurra were first to invade, but recorded an over. From the start both combinations got down to play, and the opening exchanges were marked by clever play on both sides. From a fine centre by Hartnett, Ballincurra again took the offensive, but the ball went dead. A lengthy delivery brought a change of play, and despite a good defence W. Aherne broke through to register the first score, a major, for Carrigtwohill. A fine bout of overhead play followed, and transferring play well within their opponents' territory, Ballincurra again narrowly missed the objective. Play was very fast, the ball travelling up and down, with both teams giving a splendid display. Working along the wing Carrig made a determined attack, but the backs were on the alert and play was transferred to centre-field. Keffe in the Carrig goal made some grand saves, but the opposing forwards were not to be deprived of a score and succeeded in raising the white flag. Ballincurra were on the offensive again, but found the custodian hard to beat. In one raid Ballincurra were awarded a 70, but no result came of it. A great tussle between the Carrig back division and the opposing forwards took place, but Sullivan eased the situation. Some splendid back play on both sides was next witnessed. Ronayne in the Ballincurra and his opposite, Keffe, were warmly applauded in turn for their clearances. Aherne registered a minor for Carrig. Lee, for Ballincurra, notched a similar score. Ronayne again brought relief to his side by a fine clearance, but Flynn getting possession, sent the ball over the bar. At this stage one of the Carrig team was temporarily out, and on resuming play became very spirited. Keffe again distinguished himself in the Carrig goal, while Donovan soon after effected some timely saves for Ballincurra. Excitement grew when Ring sent through a grand goal for Ballincurra, and Carrig breaking away were met with a sound defence. Ronayne saved, but Aherne got possession and smashed through for a goal. A fine drive by Hartnett just missed the Carrig goal. Hard knocks were given and taken and before the interval came Carrig supplemented their register by a point. Half-time score:—

Carrigtwohill—3 goals 2 points.
Ballincurra—1 goal 2 points.

On resumption of play Ballincurra set out to wipe out their deficit and succeeded well in doing so. Hartnett gave to Ring, who was playing a wonderful game, and he shot a major. Shortly afterwards Lane sent wide. The play of the Ballincurra centre-field men was responsible for the breaking up of the Carrig morale, for they kept their forwards well on the move with beautiful centres. Hartnett and Ring distinguished themselves in the ensuing exchanges and were instrumental in launching several successful attacks on the Carrig goal. Ballincurra were just through when a free eased the situation, but Ballincurra returned to send wide. Carrig succeeded in transferring play to the other end, where Ronayne brought off a fine save, and the ball was returned to Carrig territory, and a goal by Ring and a point by Cleary quickly followed one another. The delivery brought, but temporary relief, Ballincurra again attacking to see Duggan bring off a major. Carrig made several attempts to score, but the backs had the measure of their opposites. The game then developed into a contest between Carrig defence and the opposing front division. The saves of Keffe were well-deserving of the applause they drew, but Duggan beat him on a few occasions with some stinging shots. At this stage a Carrig player had to be replaced. Ballincurra had now the upphand, but several attacks by Carrig were almost fruitful. Carrig did not succeed in adding to their score of the initial period, and when the final whistle went Ballincurra

emerged winners with a comfortable margin.

Ballincurra—3 goals 3 points.
Carrigtwohill—3 goals 2 points.

The teams were:—
Ballincurra—W. Donovan (capt.), J. Ronayne, L. Carey, D. Hartnett, M. French, J. French, J. Cooney, J. Ring, J. Lane, C. McSweeney, P. Walsh, W. Duggan, D. Duggan, G. Lee, C. Hart, Carrigtwohill—J. Keffe (capt.), J. Lambert, J. Shea, T. Casey, W. Aherne, W. Moey, E. Forrest, T. Sullivan, J. Flynn, D. Flynn, M. McCarthy, Jer. Connell, J. Connell, D. Aherne, J. Verling.

At the conclusion Mr. P. O'Mahony, Dromdiah, Killeagh, presented Mr. Higgins, hon. sec. Killeagh H.C., with a fine set of hurleys for the winners. Mr. Higgins said that some disappointment was felt by the Middleton Club at not being asked to compete, but it was now their intention, with the sanction of the divisional being forthcoming, to offer another set of hurleys to be put up between Middleton and the winners. He then presented the set of hurleys to Mr. E. Fleming, Vice-chairman of the County Board, who in a few well-chosen words returned thanks to the Killeagh Club and the teams engaged. He complimented them on their fine exhibition. A special word of praise was due to Rev. Fr. Cotter, who offered his services, and for the most capable way in which he handled the game. He then presented the hurleys to the winning captain.

Mr. M. J. Duggan, Ballincurra H.C., suitably replied, and added that if the necessary sanction of Divisional Committee was available, his Club would only be too willing to meet Middleton. He then called for three cheers for their Divisional Secretary and Vice-chairman County Board, which was warmly responded to.

Mr. M. Guiry, Youghal, set the football game under way. It was a pretty evenly-contested game, with at times some sparkling football evident. Youghal at the commencement recorded a major score, and added a minor before the interval. Middleton, though playing sound football, made no impression on the opposing back division, and it was just before the conclusion that a point was conceded to them. When the full period arrived Youghal emerged victorious on the score:—

Youghal—1 goal 4 points.
Middleton—4 points.

SAORSTAT EIREANN.

IN THE HIGH COURT OF JUSTICE, COURT No. 2.

In the Matter of the Estate of JAMES LONERGAN, Deceased.

Between Mary Lonergan Plaintiff. John Lonergan & Others Defendants.

Part of the Lands of CARRIGEEN containing 136 Acres, statute measure, situate near Kilmacthomas, in the Co. of Waterford.

TO BE SOLD BY PUBLIC AUCTION, In One Lot.

Pursuant to Order of the Court, dated the 21st day of October, 1929, By JAMES HAYES, Auctioneer.

ON THE LANDS, ON THURSDAY, 29th MAY, 1930, At One o'clock (new time).

The Property for Sale consists of:—Part of the Lands of CARRIGEEN containing 136 Acres, statute measure or thereabouts, situate in the Barony of Decies Without Drum, Electoral Division of Newtown and Co. Waterford.

By a Fair Rent Order date the 5th December, 1884, the above-named James Lonergan, being tenant, and Henry P. T. Barron, the landlord, the Fair Rent was fixed at £63 yearly. A reduced rent of £50 8s. was accepted for some years up to the 25th March, 1920, and the sum in lieu of rent at present payable under the Provisions of the Land Act, 1923, is £37 16s. yearly. The P.L.V. is £62 10s.

The Lands are situate about 3 miles from the Fair and Market Town of Kilmacthomas and are divided into convenient-sized fields, having an abundant supply of water. There is a spacious and newly-built dwelling-house on the Lands, which is in perfect repair.

The Purchaser will not be required to pay Auctioneer's Commission.

For further particulars and Conditions of Sale apply to

J. F. WILLIAMS AND SON, (having Carriage of Sale), 32 Nassau Street, Dublin and Dungarvan; or to HAYES AND SONS, M.I.A.A., Auctioneers and Valuers, Dungarvan.

WATERFORD COUNTY COUNCIL. SHEEP DIPPING (IRELAND) ORDER, 1915.

MOUNTAIN SHEEP RANGER REQUIRED.

The Executive Committee of the above Council, acting as the Local Authority under the Diseases of Animals Acts, will, at a Meeting to be held on Saturday, 31st May, 1930, consider applications for the position of Mountain Sheep Ranger for the Dungarvan and Kilmacthomas Mountain Areas during the Summer and Autumn Dipping Periods, 1930.

Applicants must state the lowest bulk sum for which they are prepared to act during both periods, and Tenders endorsed "Mountain Sheep Ranger" should reach these Offices not later than Friday, 30th May, 1930.

The lowest or any Tender will not necessarily be accepted. M. A. FOLEY, Clerk Local Authority. County Council Offices, Dungarvan, 8th May, 1930.

DEATH.

DANIEL—May 5th, 1930, at her brother's residence, Kilmish, Dungarvan, Mary Anne Daniel, deeply regretted by her brother and sisters, nieces and nephews. R.I.P.

NINTH ANNIVERSARY.

QUAIN—In loving memory of our darling boy, James Mary Quain (Jimmie), Cork City Battalion No. 1 Brigade I.R.A., defencelessly shot dead by British soldiers at Piltown, near his home, Youghal, 10th May, 1921. Mother Most Pure, intercede for him. Masses this day.
Inserted by his ever-sorrowing parents, brothers and sisters.

Local Happenings.

ALLEGED CATTLE STEALING.

At a special court held in Dungarvan on Thursday, before Mr. John Murphy, P.C., Abbeyside, two young men named Jas. and Thos. Cleary, Ballinacree, Dungarvan, were charged with the alleged larceny of five head of cattle, the property of Timothy Brown, Colligan, and value £80, on the night of the 6th or morning of the 7th May.
Detective Officer Driscoll proceeded to arrest the accused on the 7th inst. He charged them with the offence. They made no statement. As inquiries were not yet complete he applied for a remand to the next District Court to be held in Dungarvan on Wednesday, 14th inst.
Accused (who were not professionally represented) declined to cross-examine, and were remanded in custody to Waterford Jail.

DUNGARVAN MARKETS.

Meat, 2s.; special, 2s. 6d.; flour, 2s.; bran and pollard, 1s. per cwt.; butter, 1s. 4d. per lb.; fresh butter, 10d. per lb.; salt butter, 1s. per lb.; eggs, 8d. per doz.; oats (black), 8s. 6d.; oats (white), 9s.; coal, 40s.

KEEPING WITH THE TIMES.

In order to keep pace with modern progress, Mr. D. Dempsey has had installed at his premises, Square, Dungarvan, a cooling and pasteurising plant for the production of Grade A milk under the most perfect and hygienic conditions. By this new process the public can have their milk supply delivered to their residences daily in hermetically sealed bottles. The proprietor invites inspection of the new plant confident that the public will appreciate to the full the great advantage it bestows from the point of view of the health of the people, young and old. All orders will be received at the premises, Square, where on and from Monday next, May 12th, pasteurised milk in sealed bottles will be at all times available. Mr. Dempsey also announces his intention to open a high-class bar at an early date.

DEATH OF MR. N. CURRAN, ABBEYSIDE.

On Friday last the death occurred at Abbeyside of Mr. Nicholas Curran, son of the late Capt. P. Curran, Abbeyside. Deceased was for many years engaged in the mercantile service, and was a young man of gentle disposition, held in the highest esteem by all who knew him. Some months ago he became unwell, and his death after a brief illness is deeply regretted, and much sympathy is extended to the members of his family. R.I.P. On Saturday evening the remains were removed to Abbeyside Parish Church, and were followed by a large cortege. On Sunday the interment took place in the presence of a large gathering.

NOTICE.

The Suiway bus will run to Old Parish via Ring every Tuesday leaving Dungarvan at 11 a.m. and 3 p.m., leaving Old Parish at 11.30 a.m. and 3.30 p.m. (summer time).

MAY PROCESSIONS.

On Sunday evening a May procession of imposing dimensions took place around the grounds of the Parish Church. There was an enormous attendance of the parishioners present, and the Brass and Reed Band discoursed appropriate music.

At Abbeyside the May procession was a treat to behold. The route lay via Hermitage, Shears street, Sarsfield street, Sexton street and the Strand, and all the school children of the parish, together with the Children of Mary and Men's Confraternity and altar boys marched. The Children of Mary were resplendent in their blue cloaks and veils, while the men wore red sashes. A statue of the Blessed Virgin was borne in front of the Children of Mary. The Rosary was recited on the way by Rev. Ver. M. C. Crotty, P.P., Rev. Phelan, C.C., marshalled the processionists.

POSTPONED.

Owing to the closing of the schools in connection with the measles outbreak the Prize Drawing in aid of the C. B. Schools, Dungarvan, has been postponed to a later date of which due notice will be given.

THE TOTE.

If you have not seen the Tote, you have not seen the latest and most up-to-date system of extracting money from the man in the street. The Tote is a betting machine now duly legislated in which you buy a ticket for a win or place on whichever horse you fancy will win a race. If he wins the Tote will pay you at a rate fixed by a mathematical calculation, having first deducted from the amount available 10 per cent. That 10 per cent. on the takings of the Tote at a race meeting is divided thus: Half goes for the expenses of the Tote staff, and of the other half 50 per cent. is given as tax to the Government and 50 per cent. goes to the credit of the Race Executive to improve racing. If you have no money you do not bet as the Tote gives no credit. Since its advent in the Free State on Easter Monday the new betting system has become very popular with racegoers.

THE BUDGET.

In introducing the Budget last week our Finance Minister announced a reduction in tax on French sparkling wines. As very few of our people can afford to drink champagne, it would be a real boon if the tax were lightened on Guinness, and so give the man who has to work late and early a chance.

HADDEN'S DRESSMAKING.

Through the meticulous care devoted to every order entrusted to this department, satisfaction is assured at the outset. Just now Hadden's are showing a most attractive range of the newest materials, and ladies or children can have their individual requirements in costumes, frocks, etc., made up to their own designs. Special attention is given to Confirmation orders, and the prices are very reasonable.

We beg to inform our Friends and the Public that we are at once placing on the Market

MACHINE-MADE BREAD AND CONFECTIONERY

Having installed a Plant second to none, the careful blending of flour (personally supervised), the kneading of which will be carried out in a manner possible only to very modern machinery. Those facts we are confident, will make BARRON'S BREAD indispensable in every home—an article in tune with palate and with pocket.

Having purchased the Premises known as HARRINGTON'S HOTEL, we will shortly Open them for Business, and Customers will find in the Bar none but the Best Drinks, viz.—J. J. and Sons' Whiskies, Sandeman's 3 and 5-Star Port, Guinness's Extra Stout, Bass's Sparkling Ale, Groceries at Lowest Prices consistent with quality.

As we hope to give satisfaction, we confidently ask the public patronage.

JOHN BARRON & SONS, Bakery, Grocery, Tea, Wine, Spirit and General Merchants.

SQUARE AND HOTEL, CAPPOQUIN.

14th April, 1930. Cappoquin, Co. Waterford.

RE JAMES O'KEEFE AND CO., MOTOR CYCLE ENGINEERS AND AGENTS, CAPPOQUIN, CO. WATERFORD.

SIRS—We beg to inform you that by an Agreement dated the 2nd day of December, 1929, and a supplemental Agreement dated the 8th day of March, 1930, and made between Michael J. Sargent, of the one part, and Alfred J. Sargent, of the other part, partners trading as above, it was (inter alia) agreed as follows:—

(a) That the partnership existing between the partners should be dissolved as from the 10th day of March, 1930;

(b) That the Debts and Liabilities of the said Firm of James O'Keefe and Co. should be discharged by the said Michael J. Sargent, who should by Deed Covenant with the said Alfred J. Sargent for payment of same and by way of indemnity and charge;

(c) That the said Michael J. Sargent agreed with the said Alfred J. Sargent that so long as any debts due at the dissolution of the said partnership to Firms with whom the parties had done business remained unpaid, that all payments made by him, the said Michael J. Sargent, to such Firms should be appropriated to the reduction and discharge of the debts due by the partnership in preference to debts incurred by the said Michael J. Sargent after dissolution;

(d) That the notice of dissolution of the said partnership to be published by the said Michael J. Sargent should be in the following words:—

NOTICE OF DISSOLUTION OF PARTNERSHIP.

NOTICE IS HEREBY GIVEN that the partnership which has for some time past been carried on at Cappoquin, County Waterford, by Michael J. Sargent and Alfred J. Sargent under the style of James O'Keefe and Co. in the Trade or Business of Motor Engineers and Agents, has been dissolved by mutual consent, the said Michael J. Sargent undertaking liability for all Debts of the partnership Firm. The said Michael J. Sargent continues the business.

Dated this 30th day of April, 1930.
Signed,
M. J. SARGENT,
ALFRED J. SARGENT.

CO. WATERFORD COMMITTEE OF AGRICULTURE.

SCHOLARSHIPS TENABLE AT A SCHOOL OF RURAL DOMESTIC ECONOMY.

The above Committee have made provision for two Scholarships tenable at a School of Rural Domestic Economy during the 1930-31 Session.

The Scholarships will be confined to girls whose parents derive their livelihood wholly or mainly from farming and who are rated occupiers of County Waterford.

Intending applicants must be not less than sixteen or more than thirty-five years of age on the 15th July, 1930. Girls who have already attended a Residential School of Rural Domestic Economy are not eligible to compete for these Scholarships.

The Course of instruction given is intended to qualify the pupils to perform efficiently the work of rural life, and includes Dairying, Poultry-keeping, Household Management, Cookery, Laundry Work and Needlework.

The School year extends from July to June and is divided into two terms which begin, respectively, in July and January.

Intending pupils are required to produce certificates of good health and character.

The Scholarships will be awarded on the result of an examination which will be conducted by the Department of Agriculture, and Forms of application for admission thereto may be obtained from the undersigned by whom all applications must be received not later than 14th MAY, 1930.

The Examination will be held at the Courthouse, Dungarvan, on Wednesday, 21st May, 1930.

The Examination will comprise questions in English (including Essay and Dictation), Irish and Arithmetic. The Examination in Arithmetic will involve a knowledge of fractions, decimals, percentages and mensuration.

The standard required will not demand higher educational attainments than are usually achieved by pupils who have passed the Sixth Standard in a Primary School. There will also be a viva voce examination for the purpose of testing Candidates' general knowledge of rural conditions.

Signed, **JOHN O'DWYER,** Secretary to Committee, Courthouse, Dungarvan.

Youghal Urban Council.

Present—Messrs. M. D. Broderick, presiding; Capt. P. Dunne, E. Clancy, E. P. Lynch, T. Beausang, D. Dennehy, D. J. Linehan, J. Whelan, J. Power, P. J. McMahon, P.C.; P. J. O'Gorman, P.C.; T. Murphy, A. J. Fowkes, Mrs. Susan Hurley, W. J. Broderick.

Proposed Tax on Hawkers. Mr. Clancy called attention to the proposed tax on motor hawkers, and asked was it intended to apply to traders of the towns.

The Chairman said that was a matter for the Authorities. Mr. McMahon presumed the question would be fully discussed before being finally decided.

The Chairman said that now would be an opportune time to go before the Minister on that question. He suggested that the Clerk should get into touch with the other towns interested with a view to forming a reputation to wait on the Minister.

The Clerk said he had received letters promising to support the council in any action they would take in that matter from Nenagh, Birr, Athlone, Mallow, Killarney, Fethard, Athy, Castlebar, Galway, Callan, Fermoy, Navan, Arklow, Tinneary, Templemore and Skibbereen.

Mr. O'Gorman proposed that the Chairman's suggestion be adopted. Now that they had put their hands to the plough, they should do all in their power to protect the traders of the towns from the unfair competition of the hawkers.

Mr. Murphy seconded. Mr. Beausang moved that they do no more about it.

Mr. McMahon seconded. On a poll they voted for Mr. O'Gorman's proposition—Messrs. O'Gorman, Fowkes, Whelan, Murphy, Linehan, Dennehy, Clancy, Broderick and the Chairman—9.

Against—Messrs. Harrington, Power, McMahon, Dunne, Lynch and Beausang—6. Mrs. Hurley did not vote. Mr. O'Gorman's proposition was therefore carried.

Lavatory on Strand. Some discussion having taken place regarding the proposed lavatory on the Strand, it was decided to instruct Mr. Hodnett to take proceedings for the ejection of the occupiers of the two shacks near the site.

Appointments. Mr. McMahon handed in notice of motion that in future all appointments be made by the council, not by officers of the council.

Ferry Boat. The Clerk asked the council to have the second ferry boat launched in view of the approach of the season.

This was decided on. Mr. Clancy pointed out the necessity for an awning in the boat. It would be a shelter from sun and rain. It was decided to make inquiries into the feasibility of the project.

Shelter on Ferrypoint. Mrs. Hurley asked was it not possible to erect shelter at the other side. Something of the kind was badly needed.

The Chairman said that unfortunately the other side was on the County Waterford and outside their jurisdiction.

Landing Stage. Mr. O'Gorman said that last year they were about erecting a landing stage for the boat at the County Waterford side. The boat's bow was very high and a landing stage would be a great convenience. In fact they had procured some of the material for the work.

Mr. Lynch—I'd like to know what that is going to cost.

Mr. McMahon said the vice-chairman had asked the manager's opinion, and he said that the stage would require to be very strong. Better leave things as they were.

The Chairman said they had managed very well hitherto and there was no necessity for throwing away any more money.

No action was taken.

Skipper's Wages, Etc. The Clerk read a letter from the skipper of the boat applying for the bonus promised him, and tendering his resignation owing to the long hours and the law wages.

The Chairman said they would be very sorry to lose him as he had done his work well. He suggested to let the matter stand over till next meeting when the Clerk would submit full particulars of the working of the ferry.

Replying to Mr. McMahon, the Clerk said that there was no record on the books of a bonus being promised to the skipper.

Mr. McMahon said that nobody outside the council had any authority to promise a bonus.

The matter was adjourned to next meeting.

Whit-Monday Influx.

The Clerk said they would have a visit from 300 members of the Irish Civil Service Association on Whit-Monday, and they applied for the use of one of the ferry boats.

Mr. Fowkes said the council would facilitate them in every possible way. They ought extend them a civic welcome.

Mr. O'Gorman said it was their duty as representing the town to make their visit thoroughly enjoyable.

Mr. W. J. Broderick proposed, and Mr. Harrington seconded, that one of the boats be placed at their disposal. This was passed unanimously.

Marquee in Green Park.

In connection with Mr. Bert Letimer's application for permission to erect an amusement marquee in Green Park.

The Chairman said he was one of the committee who saw the applicant for the purpose of getting some detailed information as to the manner in which the proposed schemes for the season would be financed, but nothing very definite was elicited.

Mr. W. J. Broderick asked was it seriously suggested that a portion of the People's Park was to be given for a marquee. Much resentment was aroused when the Tennis Courts were set up and the marquee would cause even more. They were in a better position as regards a public park than many other towns, and they should preserve the park for the people's use.

Mr. Lynch said it would be a great shame to give the park for anything like that.

Capt. Dunne proposed that the application be granted, but there was no seconder.

Mr. Dennehy—What about Dunne's Park?

The matter then dropped. A protracted and at times heated discussion took place regarding the employment of a workman by the Gas Manager. It was described by Mr. McMahon as "shovelling fog."

Capt. Dunne said the Manager should be allowed manage the concern to the best of his ability.

The Gas Manager having stated that he overlooked reporting the matter to the council the matter ended.

Gas Fitter.

There were 40 applicants for the position of temporary gas fitter, and on the proposition of Mr. McMahon, seconded by Mr. Linehan and Captain Dunne, it was unanimously decided to appoint the man selected by the Gas Manager.

Congratulations to Canon Bowler.

Mr. McMahon proposed that the congratulations of the council be tendered to the Rev. T. Bowler, P.P., Carrigtwohill, in his appointment as Canon to the Cathedral. Father Bowler was a very old friend of theirs, having laboured in Youghal for many years during which he endeared himself to all.

Mr. W. J. Broderick said he felt it an honour to second that proposition. He had a lively recollection of Fr. Bowler's stay in Youghal and of the high place he won and held in the hearts of its people. The honour conferred on him by the Bishops would be nowhere more highly appreciated than in that old town he laboured in and loved for such a long term.

Mr. O'Gorman associated himself with the proposition. He had known Fr. Bowler since he (the speaker) was a child, and he could therefore endorse all that had been said of him, and add a good deal more if it were necessary. Fr. Bowler's heart was still with the old town.

Mr. Fowkes said that Fr. Bowler was not alone a dear friend to all the members of his own flock, but to others as well. He was a "sagart a ruin" to all.

Other councillors having joined in the proposition, it was passed.

The Strand.

Mrs. Hurley said as they had the Chairman of the County Council present, she would like to express the thanks of that council for the good work done on the Strand of late. The improvements were much appreciated.

Mr. O'Gorman said the surface of the promenade required attention. In some parts it represented the appearance of "miniature volcanic craters." Now that the summer season was at hand, it was to be hoped that something would be done to the place before the visitors flocked in.

Spring Cleaning.

Capt. Dunne said that two months ago he proposed the carrying out of the Spring Cleaning from the Green Park onwards, but there was nothing done.

The Clerk said the men were engaged at the work at present.

WATERFORD MAY FAIR.

The annual hiring fair, held at Ballybricken on Monday, proved to be one of the most successful markets held in Waterford for a considerable time past.

The supplies were strong in every section, and, despite the fact that the cattle rather lacked condition, prices were unusually high, and a brisk trade was conducted by a large number of buyers representing English and Scottish centres. Beef was scarce, but quite a number of sales were effected, making an average of about 45s. per cwt.; while mutton made 1s. per lb. Pigs ranged between 50s. and 24. Three-year-old cattle were in strong demand at between £20 and £22, and 2½-year-olds made from £16 to £18 10s. The top price for 2-year-old cattle was £17, but they were purchased for £15. One-and-a-half-year-old beasts fetched from £12 to £14 10s., and yearlings changed hands at figures ranging from £10 to £11 10s.

Solicitor—Has your wife ever had a holiday? Husband—Oh, yes; she has been to see her aunt, three miles away.

Registrar Friend—The only gardening I know anything about is connected with Moses, who had something to do with bluishness.

Youghal District Court.

Before Mr. G. P. Farrell.

Cunningham v. Murray.

This was a civil bill by Margaret Cunningham against Patk. Murray for £10 10s. 10d., damages for breach of contract.

Mr. Wm. R. Hodnett solicitor, for plaintiff. There was no appearance for defendant.

Mr. Hodnett said on the 19th April Messrs. Condon, auctioneers, put up for sale defendant's interest in a farm at Ballycurrane. Plaintiff being the highest bidder, it was knocked down to her for £510. One of the conditions of sale read at the auction was that defendant was to pay up all rent to the 25/3/29. That the defendant failed to do, and they were now suing for £10 10s. 10d., compounded arrears.

Mr. Justin Condon gave evidence supporting Mr. Hodnett's statement. Mr. Hodnett said the plaintiff, who lived a distance away, had not yet come, but she could add nothing to what Mr. Condon had stated.

The case was adjourned for her attendance.

Rate Cases.

Mr. Condon, rate collector, had a number of persons summoned for arrears of poor rate, and decrees were granted.

Overcrowding Buses.

Supt. Dennehy charged John Murray, bus driver, with doing 30 miles per hour.

Guards Stack, Griffin and Ceasor having given evidence of the "trap," the case was adjourned for the production of the notice.

Guard Downes charged Jeremiah Kelleher, bus conductor, with having 16 passengers in excess.

Complainant said the bus was leaving Youghal for Waterford. It was fair day.

The Justice said he didn't wish to take the man short, but he intended to fine more heavily in future for bus overcrowding.

Replying to the Court, witness said that two passengers got out to give him an opportunity of getting it. They went back afterwards.

Superintendent (to witness)—What effect would overcrowding have on the springs?

Justice—That is a matter for the Bus Company if they wish to risk the springs. I am concerned with the public. If an accident occurred, overcrowding might have very serious results. I will fine defendant 10s. this time. In future I will double the penalty.

Guard Griffin charged Wm. Desmond with a similar offence.

Complainant said that he found eight passengers in excess in the bus for Cork. It was fair day.

Justice—Did this excess of eight block the passages inside? There was plenty room around the door. The eight were standing in the back passages.

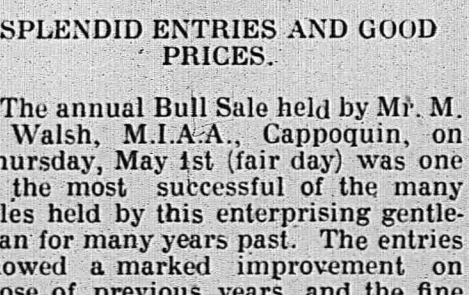

The Justice, in fining defendant 2/6, said the case was not so bad as the previous one.

CAPPOQUIN ANNUAL BULL SALE.

SPLENDID ENTRIES AND GOOD PRICES.

The annual Bull Sale held by Mr. M. F. Walsh, M.I.A.A., Cappoquin, on Thursday, May 1st (fair day) was one of the most successful of the many sales held by this enterprising gentleman for many years past. The entries showed a marked improvement on those of previous years, and the fine display of well-bred yearling Short-horn bulls offered for sale by most of the leading stock-breeders in West Waterford and East Cork won the admiration of all. The attendance also was much larger than usual, and included many prominent cattle dealers from the Counties of Waterford, Tipperary and Cork, so that the bidding was of the most brisk and spirited nature from the start, and close on 20 of the bulls on the catalogue were quickly disposed of at prices which gave the fullest satisfaction to the respective owners. It is quite apparent now that this important annual sale is increasing in popularity each year, and Mr. Walsh is to be congratulated on this satisfactory state of affairs.

REDUCTION IN PRICE OF HAY BARN FOR SEASON 1930.

We are pleased to announce a further Reduction in Price of our Hay Barns for Season 1930. Assistance given to borrowers to negotiate Agricultural Credit Corporation or Board of Works Loans.

SIRE FOR 1930.

Registered under Department of Agriculture. SERVITUDE.

A good winner of over 40,000 in Stakes. Unbeaten in Show Ring. Won every title shown in 1928—Dungarvan, Kilkenny and Royal Dublin Society's Show. Also won Croker Challenge Cup for best weight-carrying Stallion in Show in 1926.

Servitude is a bay or brown horse by Captivation by Oylene out of Bushy Heath by Bushy Park. He will stand in Waterford at Mr. Macey's Yard Ballybracken, every Wednesday and Saturday; at Qually's Yard, O'Connell street, Dungarvan, from 1st May, every Tuesday, and on Wednesday up to 10 o'clock. Remainder of the week at Woodstown.

Terms—Gentlemen's Mares, £5; Thoroughbred Mares, £9; Farmers' Halfbred Mares at Fees fixed by the County Committee of Agriculture and £3. Groom's Fee 5s.; to be paid at first visit. Season ends 12th July. All Fees due on 1st September. No responsibility for accident or disease. Keep of foaling Mares £1 per week; other Mares 10s. a week.

For further particulars apply to F. Arnold, Woodstown, Waterford or the Proprietor.

KING'S QUARTER.

Bay or brown horse, foaled in 1924; 16 hands, a fine upstanding horse on the soundest and best of legs. He never raced, having broken his leg as a yearling. He is an ideal type of Thoroughbred Sire to produce high-class hunters.

King's Quarter by Ulster King by Persimmon by Tullyglass by Isinglass by Isonomy. His dam Maggie McKenzie by Opposer out of Adagia. Opposer by Oppressor by Gallinule out of Runagate.

Terms—Thoroughbred Mares, £5; Groom's Fee, 5s.; Farmers' Mares, £3; Groom's Fee, 2s. 6d. No accountability for accidents.

For all particulars apply to R. P. BYRNE, V.S., Dungarvan.

ROCKEN

(Registered by County Committee of Agriculture).

The property of Richard Fitzgerald, Kilmaloo, Kinsalebeg, Youghal.

Chestnut with white marks, 16 hands 1 1/2 inches high, short back, good bone and perfect action. Won three races. Has proved himself a sure foal-getter, and his gets are very promising. Sire Rockfinn, who has got many winners; by Rocksand, winner of the Derby; dam Lady of Hereford by Harry of Hereford; grand-dam Lady Redfern by Carrington; great-grand-dam Redwing by Gallinule. See Stud Book Vol. 25, P. 450.

Will stand this Season—At Cappoquin on Tuesdays; Lismore on Wednesdays, and remainder of week at home.

Terms—Thoroughbred Mares £7 7s.; Half-bred Mares, £4; Nominated Mares at Fees fixed by Co. Committee of Agriculture and £2 at service; Groom's Fee 3s. Service money to be paid in October. Reduction given if paid at service. No responsibility for accidents.

R. FITZGERALD, Kilmaloo, Kinsalebeg.

Half-Bred Sire PERFECTION II.

(Registered by County Committee of Agriculture).

Grey, 16 1/2 hands, short back, good bone and perfect action. Winner of 28 First Prizes at Shows, and in great order. He has proved himself a sure foal-getter. His gets are perfect hunters and fetch high prices.

Sire Perfection by Speculation; dam by Reveller; g.d. by Arthur (O'Briens). He will stand this season at Owner's Stables. No service on Tuesdays and Wednesday.

Fee—£3 10s.; Nominated Mares £1 with Ticket. Groom's Fee 2s. 6d. Service Fee to be paid in October; reduction will be given if paid at Service. Owner will not be accountable for accidents.

For all particulars apply R. FITZGERALD, Kilmaloo, Kinsalebeg.

REGISTERED THOROUGHBRED SIRE.

SARN HILL (1929).

SARN HILL is a magnificent bay horse 16-1 hands with great bone and is most fashionably bred.

Sire Spion Kop by Spearmit out of Hamnet. Kop by Gallinule—Concussion. Dam Hill (dam of K.C.B.) by St. Serf out of Rapid Street by Riversdale.

Sarn Hill was a great racehorse and won the Maiden Plate, Alexandra Park; Nelson Plate at Yarmouth and Autumn Handicap at Thirsk and Durham Handicap at Yarmouth, while he was placed in several races.

Terms—Thoroughbred Mares, £9; Groom's Fee 5s.; Farmers' Mares, £4; Nominated Mares, £2; Groom's Fee, 2s. 6d. No accountability for accidents.

For all particulars apply to R. P. BYRNE, M.R.C.V.S., Dungarvan.

PERFECTION III.

The Property of Ed. Navin, Ballinavougha, Kilsrossanty.

Will stand this Season on Tuesdays at Mr. D. V. Stokes's Yard, Dungarvan; on Thursdays at Mr. Kent's, Kilmacthomas, and on Saturdays at Ballymacarbery; remainder of week at Owner's Stables. Fair days, foul weather and illness excepted.

Sire, Perfection II, by Perfection, dam by Blueskin; g.d. by Zingane. He is a powerful chestnut horse, 8 years old, 16-9 hands, with plenty of bone and perfect action. Terms—£3 10s.; Groom's Fee 2s. 6d. No responsibility for accidents. Service money to be paid on or before 1st October. For all particulars apply to the Owner.

ROYAL ORB (1924).

Registered by the Department of Agriculture. Winner of 9 races, 21 seconds, 10 thirds. By Orb by Orb, winner of the English and Irish Derby. Out of Royal May by Admiral Critchton by Isinglass, winner of the Triple Crown. This is a powerful chestnut horse 16 1/2 hands with great bone and substance and ought to produce some race-horses as well as high-class hunters. This being his first season as a Stud, he will be limited.

He will stand at Tallow on Tuesdays; remainder of week at the above Stud during the season. Terms—£3 10s.; Groom's Fee 2s. 6d. No responsibility for accidents. Service money to be paid on or before 1st October. For all particulars apply to W. and M. FITZGERALD, Ballinacorney, Lismore.

(Registered by Department of Agriculture). THOROUGHBRED SIRE.

GOLDEN BUD

By Golden Sun by Bessie by Amphion—Sire, Dan Rossmal by William III. G.D. Postponed by Orvieta.

He will stand at Tully's Yard, Dungarvan, on Tuesdays at 11 o'clock, on Thursdays, on Thursdays, and remainder of week at Owner's Stables. No attendance on Sundays. No responsibility for accidents. Fees to be paid to Owner only. GOLDEN BUD is a dark brown horse, 9 years, standing 16 1/2 hands. As a 2-year-old he won the Home Bred Plate at Gwicks; the Salisbury Foal Plate at Salisbury; the Great Foal Plate at Lingfield Park, 1926. He was placed twice as a 3-year-old and as a 4-year-old he won the Downton Handicap at Bibury Club. His Sister, Golden Araby, was sold as a 2-year-old for £7,100 at Newmarket. She won £2,000 in Stakes.

Terms—Thoroughbred Mares, £5; Gentlemen's Mares, £2; Groom's Fee, 4s.; Nominated Mares at Fees fixed by Co. Committee of Agriculture and £1; Half-bred Mares £2. All Mares Second Year £1; Groom's Fee 2s. 6d. Service money to be paid by 1st September. After 1st November book will be handed to a Solicitor for collection. Reduction given if paid day of service.

YOUNG KILTEEL

(Registered by Department of Agriculture). By Kiteel, dam by Bend/or, winner of Derby. Dam Discoverer (Zingane—Knaave of Hearts).

YOUNG KILTEEL is an 8-year-old dark brown horse, 16 hands, with best of bone and short back. He will stand during the Season on Thursdays at Kent's, Kilmacthomas; Saturdays at Conway's Hotel, Ballymacarbery, and remainder of week at home. No attendance on Saturdays.

Terms—Gentlemen's Mares, £3; Groom's Fee, 3s.; Farmers' Mares, £2; Groom's Fee, 2s. 6d.; Nominated Mares at Fees fixed by County Committee of Agriculture and 10s. day of Service; Groom's Fee, 2s. 6d.

YOUNG RAGLAN

(Registered by Department of Agriculture). By Discoverer, dam by Lord Frederick, g.d. Monarch (Zingane—Knaave of Hearts).

He will stand during the Season on Tuesdays at Tully's Yard, Dungarvan; on Thursdays at Kent's, Kilmacthomas; on Saturdays at Conway's Hotel, Ballymacarbery, and remainder of week at home.

Terms—Gentlemen's Mares, £3; Groom's Fee 3s.; Farmers' Mares, £2; Groom's Fee, 2s. 6d.; Nominated Mares at Fees fixed by the County Committee and 10s. day of Service; Groom's Fee, 2s. 6d.

With young Kiteel and Raglan two years' chance given, but must be successive years. No responsibility for disease or accident. Service money to be paid to Owner only by 1st September. After 1st November book will be handed to a Solicitor for collection. Reduction given if paid on day of Service.

J. BAKER, Comeragh, Kilmacthomas.

PEACE WITH HONOUR.

The Thoroughbred Stallion Chestnut Horse. Registered by the Department.

PEACE WITH HONOUR is by that famous racehorse, Genera Peace, by Captain of the Army, dam Troublesome by Ben Battle out of Inamorta by Lotharis. Inamorta was also dam to the Jilt, winner of the Liverpool Cup (See Stud Book Vol. 11, p. 82).

PEACE WITH HONOUR was a horse of brilliant speed. As a 3-year-old he won the Velter Plate, carrying 9st. 12lbs. at the Curragh April Meeting. He won his next race, the Shannon Handicap, at Limerick Meeting, 11 runners which included the great racehorses Ballynally, Pacolet, Gerard, Golden Jubilee, etc.

After this he was purchased by Mr. Wyndham for £1,000. He won the White Knight in his work and Cup Races in the Liverpool Autumn Cup, value £1,000.

In his own race in England as a three-year-old (13 runners) he finished close up with the placed horses, level weights, with 1st and 2nd, and conceded 1st, 9lbs. to 2nd, 12lbs. one of the best long-distance horses in England, and having behind him Polar Star, Hayden, etc. As a 4-year-old he won the White Knight, and broke down in the race for the Goodwood Cup. He would have won this race without a doubt had not his jockey forced matters too soon.

His produce have won leading prizes at all principal Shows, including Rathfrum, at which a yearling filly and a foal by him won 1st Prize in their respective classes; and at Gorey Show 1st Prizes were awarded to his yearling and 2-year-old fillies. A hunter by him also won 1st Prize at the Royal Show.

PEACE WITH HONOUR stands 16 1/2 hands and measures 9 ins. under the knee. Terms—Thoroughbred Mares £7; Groom's Fee 5s.; Gentlemen's Mares £5; Groom's Fee, 5s.; Farmers' Mares, £3 3s.; Groom's Fee, 2s. 6d.; Nominated Mares at Fees fixed by the County Committee and £1; Groom's Fee, 2s. 6d.

This horse was at Owner's Stables, Kilmaloo, within 3 miles of Cappoquin and Lismore, and one mile from Camphire Bridge. Every care will be taken of Mares, but Owner will not be responsible for accidents. Season ends 1st July. All money to be paid on or before September 1st, 1925.

For further particulars apply to JAMES WILKINSON, Kilmaloo, Lismore.

REGISTERED THOROUGHBRED SIRE.

DRAGON.

Foaled 1919. Chestnut white face, neat fore and hind legs white, 16 hands, with great bone and perfect action.

DRAGON is by Sir Eager by Eager out of Dana 2nd or Dan Drake by Orlingbush by Domino; grand dam Miss Eugenie by Orwell out of Constance. As a 3-year-old he won Longleat Stakes of one mile at Salisbury; won Jersey Stakes, etc.; at Ascot, beating Westwester, etc. He won nine other races with five second places and placed on five other occasions. He won his last three races as a 7-year-old.

Terms—Thoroughbred Mares, £6; Farmers' Mares, £3; Nominated Mares at Fees fixed by the County Committee and £1; Groom's Fee, 2s. 6d. All Fees due the 1st September, 1930.

He will stand at Mr. J. Qually's Yard on Tuesdays, 6th May to the end of the season; on Thursdays at Mr. Donoghue's Yard, Main street, Cappoquin; remainder of the week at home.

J. BYAN, Ross, Ballinacorney.

Registered Thoroughbred Sire

SAXHAM BOY.

By Saxham by Desmond out of Usquebagh by Fitzjames. His dam Coverdale by Wenlock out of Blue Ridge by Young Melbourne.

Saxham Boy is a rich bay, 16 hands 1 1/2 inch with good bone and substance and true level action. He won 1st prize as a yearling at Ballsbridge. He won the Maiden Plate at Baldoyle of £100; the Nursery Stakes, Curragh, £137; Downshire Plate (Down Royal) of £214; and April Stakes at Curragh of £248. He will stand at Mr. Power's Yard, Youghal, on Saturdays; remainder of week at home. Terms—Thoroughbred Mares, £5; Groom's Fee, 5s.; Half-bred Mares, £3 10s.; Groom's Fee, 2s. 6d.; Nominated Mares at Fees fixed by Co. Committee of Agriculture and £1 with ticket. No accountability for accidents. For further particulars apply to W. M. CURRAN, Glebe, Clashmore.

Reveler at Court—I met a few pals so here I am.

Prisoner—A man gave me a drink to fight with him. He gave me this black eye and I was locked up, but he got away.

Thoroughbred Sire

PERCIVAL KEENE

(Half-brother to Corcyra and Baneworth).

Perceval Keene, winner of the Wynyard Plate of £535; Richmond Nursery, £455; Newmarket, Lonsborough Nursery, £437, and other races carrying big weights, beating China Cock, Short Grass, Seremond, Halos, Flippan and other good winners. He was very fast and consistent and proved his ability to win good races under heavy weights. With few chances he is sire of seven winners of 12 races value £2,437, including Understudy, winner Weston T.Y.O. Stakes, Bath, and 2nd in Prince of Wales Nursery, £1,000 at Doncaster. There have been several winners by him in the past few years, and his gets fetched low prices at Newmarket and other Sales.

Perceval Keene is a chestnut horse by Eager (sire of Jaeger) out of Pearl-main (dam of Corcyra), best 3-year-old in 1914, and won Middle Park Plate, beating Kennemore, Black Jester and Stormy, and of Beneveto, best 2-year-old Pilly 1917, and of Pomace, the dam of Polemarch (winner of the St. Leger, 1921) by Persimmon out of Penemootha, winner of £1,947, and dam of Cyanean, winner of over £2,000 by Hagioscope out of Winonah, dam of Pistol.

Perceval Keene will stand during the season at Glenmore Stud Stables. No accountability for accidents or disease. All fees due in October. For all particulars apply to TERENCE DONNELLY, Glenmore, Dungarvan.

CAPPOQUIN BILLIARDS TOURNAMENT.

VICTORY OF ROWING CLUB TEAM.

The interesting Billiards Tournament started in Cappoquin some weeks ago between teams of six players representing the Rowing Club and the local C.Y.M.S., respectively, was concluded in the latter Hall on Wednesday night, 30th ult., and resulted in a victory on the total scores for the Rowing Club team by the rather narrow margin of 41 points. The games, which were all off the scratch mark, were of 250 points up, the first round being played on the Rowing Club table and the second round on the table of the C.Y.M.S.

It has sometimes been said that playing on a strange table makes little difference to a good billiards player, but that contention was not borne out in the present instance, because while the C.Y.M.S. players were outpointed by 161 in the first round on the Rowing Club table, they put up a much better fight on their own table and beat the Rowing Club team by 120 points in the second round. The total scores registered in the first round were—Rowing Club, 417 points; C.Y.M.S., 1,256, giving a lead of 161 points to the former.

In the second round the total scores were: C.Y.M.S., 1,431; Rowing Club, 1,314, so that the former had a clear lead of 120 points in this round. They were unable, however, to wipe off the lead of 161 established by the Rowing Club in the first round, but deserve much credit for the fine display they made in reducing this lead to 41 points, by which they were defeated.

The tournament provided some brilliant displays of billiard playing in both rounds, the best-contested game of the lot being between Messrs. F. X. O'Leary and Thos. McCarthy in the second round. McCarthy had beaten his opponent by 119 in the first round, but O'Leary played with much greater judgment in the second round, and reversed the previous result by winning a great game by only four points. Mr. M. Walsh, who was beaten by Mr. L. D. Dunne in the first round, also reversed this result on the C.Y.M.S. table, while Mr. J. V. Conway had a similar experience with Mr. John Regan, who had beaten him by 14 in the Rowing Club, but who was beaten by Mr. Conway by 88 in the second round. Regan appeared to be entirely "off form" in this round, while Conway played a remarkably brilliant game, and fully deserved his victory. The Rowing Club players won five out of the six games played in the first round, Mr. M. J. Sargent winning the only game for the C.Y.M.S., and thus saving the latter team from total extinction. The C.Y.M.S. won four of the six games in the second round, so that, taken as a whole, the tournament proved a remarkably close and interesting event, and a return contest between both sides on a future date should be even more interesting still. The following were the total scores:—

First Round—L. D. Dunne (R.C.) beat M. Walsh (C.Y.M.S.) 250—242; T. McCarthy (R.C.) beat F. X. O'Leary (C.Y.M.S.) 250—131; J. Lennon (R.C.) beat Jas. P. Olden (C.Y.M.S.) 250—208; Thos. F. Olden (R.C.) beat J. E. Crowe (C.Y.M.S.) 250—180; John Regan (R.C.) beat J. V. Conway (C.Y.M.S.) 250—236; M. J. Sargent (C.Y.M.S.) beat J. McCarthy (R.C.) 250—167.

Second Round—M. Walsh (C.Y.M.S.) beat L. D. Dunne (R.C.) 250—182; F. X. O'Leary (C.Y.M.S.) beat T. McCarthy (R.C.) 250—162; J. Lennon (R.C.) beat Jas. P. Olden (C.Y.M.S.) 250—214; Thos. F. Olden (R.C.) beat J. E. Crowe (C.Y.M.S.) 250—217; J. V. Conway (C.Y.M.S.) beat John Regan (R.C.) 250—162; M. J. Sargent (C.Y.M.S.) beat J. McCarthy (R.C.) 250—221.

A woman, trying to explain at a County Court that her house had been taken over by the Ecclesiastical Commissioners, referred to them as the "enthusiastic committee."

A Problem Solved! Thanks to DAY-SHU! The New Polish.
Made in Co. Waterford

Messrs. E. Flahavan & Sons, Millers and Oatmeal Manufacturers.

Have pleasure in stating they have been appointed distributing Agents for Messrs. Sutton & Sons, the World Renowned Reading Seedsmen, and solicit orders for their Pedigree strain of Root Seeds.

Ample stocks of Sutton's Leading Varieties on hand in sealed packets.

N.B.—A limited quantity of Victory No. II Seed Oats grown from pure line Department's stock and Garton's Marvellous now on offer, also a very choice sample of Spratt's Archer Barley.

All of the above-named Seeds have been tested for germination and Purity. We are now carrying a large stock of high-grade ARTIFICIAL MANURES, and we are in a position to quote for any quantities ex store or wagon lots at lowest prices.

We would remind our Oatmeal Patrons that our Manufacturing Plant will soon be closing down for the summer months, and we would like to have any lots intended for manufacturing to be sent in early as possible.

PRICES ON APPLICATION.

Kilnagrange Mills, Kilmac-thomas, Co. Waterford.

COUNTY COUNCIL OF WATERFORD.

NOTICE TO ROAD CONTRACTORS.

Persons willing to enter into Contracts for Works on Roads in the above-mentioned County are invited by the County Council to submit Tenders for certain Roads which have been decided upon.

Particulars of the Works open to Tender are as per Schedule hereunder, and Specifications of the Works can be inspected at the County Council Offices.

Tender Forms and a list of the Conditions on which Tenders will be received may be obtained free of charge on application to the County Council Offices.

The last day for receiving Tenders is WEDNESDAY, 14th MAY, 1930.

J. H. O'SULLIVAN,
Secretary County Council.

County Secretary's Office, Dungarvan,
28th April, 1930.
