DUNGARVAN BURGLARIES. SMART SENTENCES.

At Dungarvan Court on Wednesday, before Mr. Justice Troy, D.J. James and Michael Cleary, Ballinamuck, and Peter Delaney, Davis St., Dungarvan, were put forward in custody charged, with robberies from the Railway Stores; Co-operative Creamery and Shandon Dairy Co. Mr. E. A. Ryann, State Solr., prosecuted; Mr. Trainor, Solr., appeared for Del. v.

Mr. Ryan, detailing the case, said, Guards Wren, and Farrell, and Sergt. Malvey, carried out very excellent detective work and as a result were able in a short time to recover most of the stolen property and arrest the defendants as when they saw the Guards were on the right track they made confessions admitting the offences. Guard Wren acted with very considerable skill and showed great detective sense as by observation he discovered certain stolen property in a cave at Shandon and there stationed one of the Guards and hid himself in a cave. After waiting for some time Delaney appeared on the scene and when confronted with the stolen property he admitted it. Guard Wren met Mr. Cleary and after questioning him brought him to where the stolen property was and he confessed.

Guard Wren, said, in consequence of a report made on April 5th, he visited the Railway station and found the goods store broken into. His attention was called to the broken seal of a wagon. Three boxes of shoes and two bales of clothing were missing and shirts and pants from the clothing. He found an iron bar (produced) outside. He also examined the premises of the Co-operative Creamery and found the door of the office broken. The handle of the safe was broken off. As a result of inquiries he went on to the Railway line and searched a quarry beyond the station. He saw stones thrown recently at the mouth of the cave and removing them he found shoes and shirts under a slab—7 pairs, shirts 3 pairs, 3c, a bunch of keys. Witness left Guard Straine in charge of the stuff. Later he went to Kildangan and Ballinamuck. He met the defendant Mr. Cleary, told him what he was inquiring into and asked him some questions and not being satisfied he asked him to come to the station where he admitted breaking into the Railway Stores and the Co-operative Creamery. Asked where the stuff was he said it was in a cave near the Railway bridge. He arrested him and cautioned him. He said nothing. He saw Peter Delaney at the Guards Station the same day. He admitted breaking into the Shandon Dairy with Jas. Cleary.

Sergt. Perrin, said, on April 5th, at the Garda Barracks, Peter Delaney, who had been arrested and charged, made a voluntary statement which he signed.

The statement which was very long showed how he met Michael Cleary, and how he said, he should get some money wherever it would come from. He said he would meet him on Saturday night and go some place. He said they would have a lash at the Shandon Dairy and at K. Williams and Co. That they would go to the Railway Stores. He also said he was sure there was some money in Egan's milk shop. He was watching at the Railway and he saw where the key of the ticket office was put over the office door. He was watching the man there for a week. As to the Shandon Dairy he (Cleary) said, he was going to the Creamery for Morrissey's of Kildangan, and was often in the office of the Shandon Dairy and there was money there. He also said he was looking into Williams and Co., and there was money in the office. The statement then went into details of how they got into the Railway Store and later they went over the wall and into the Co-operative Co's. premises and into the office and tried to break open the safe.

From the Railway stores boots, clothes, shirts etc., were taken. Also manure, Sheep Dip, etc. From the Co-operative creamery about 4s. was taken and from the Shandon Dairy Co. nothing according to Delaney's statement. Cleary said he got a summons for salmon fishing in the Golligan and he should try and get away before Court day.

The Justice asked the accused if they would be tried before this Court, or be returned for trial to the Circuit Court.

The accused elected to be tried by this Court. Mr. Sibbery, Manager, Messrs. Haddon, deposed, the value of the goods taken was 25 lbs. 7d.

Mr. Trainor (Messrs. Spears and Trainor), solrs., said, as regards his client Mr. Cleary he was only 19 years old and was in constant employment for the past 6 years. He was a very good boy all along, working for his people, and only for the fact that he was unable to do plough work, he

would be still employed. He held his client was only assistant to Delaney, all the articles were recovered and as it was his first offence, he would ask that a suspensory sentence be passed or that his client be dealt with under the Probation of Offenders' Act.

Another feature of the case was, while his clients were in custody, their mother had a letter from their sister in England stating that her husband was prepared to get a job for the two boys.

There was also a certificate of character with regard to Mr. Cleary from Fr. Lynch, Kilgobinet, in whose parish he worked.

Justice—What is the previous character of the defendants.

Mr. Ryan—There is nothing against Mr. Cleary. There are six convictions against Delaney.

The case against P. Delaney and Jas. Cleary in respect of the Shandon Dairy Co., was then taken up. Peter Delaney, deposed, that on the night of March 21st, he was in company with Jas. Cleary. He knew the Shandon Dairy premises and went into the yard with Jas. Cleary, who had an iron bar. He tried to open the door with the bar, but failed. He then said there some be someone inside as the door sprang back. They then left and threw the bar into the strand.

Cross-examined, by Mr. Trainor, solr. He knew Cleary 3 or 4 years. They met that night at Davis St., corner. They had no row.

Thos. Tobin, deposed, on March 21st, he went to the pictures with Jas. Cleary, and when the pictures were over they went home towards Shandon. They met P. Delaney, at Davis St., corner. Witness went home and when he came out he met Cleary again, outside the door and they then went in the direction of Kildangan, where witness worked. They met P. Delaney in the Shandon boren and all three walked to Shandon Bridge. Witness left them together at Shandon Bridge at about a quarter to twelve.

Cross-examined by Mr. Trainor, solr., Cleary is a friend of mine and often came to my house.

Mr. Trainor submitted that there was no evidence beyond Delaney's to prove that Cleary was there at all, and a man with 6 or 7 convictions against him was not a very credible witness.

The Justice held, Tobin's was circumstantial evidence and it was for the defence to disprove it.

Mr. Trainor—My client denies all the charges. Jas. Cleary, said there was no truth in the statement that he was with Delaney. He spoke to him for a few minutes that night on the Shandon road. He swore on his oath that he was not at the Shandon Dairy that night.

By Mr. Ryan—He only spoke to Delaney on the Shandon road, Tobin is a friend of witnesses. His evidence was true. Witness only saluted Delaney at Davis St., corner. Witness and Tobin were on their way home when they met Delaney on the Shandon road. When Tobin left the two of us were together. Tobin went home by the Railway line and witness went by the road. Witness asked Delaney why he made that statement and he said he thought witness was gone, and that the Guards promised him they would get him off. He said all the statement of Delaney was untrue. He was summoned that day for fishing. He knew nothing of the Shandon Dairy until he was charged with it at the barracks. Delaney's statement was read over to witness, but he said nothing. Witness was not working at Kildangan, but he sleeps there in an outhouse.

The Justice, said, he was satisfied that the two were together. Asked as to his previous character the Superintendent, said, he was convicted and got one month for illegal fishing and on 7th, July, 1930, he got six months for the larceny of cattle. The Justice, complimented Guard Wren, for the way he did his work, and hoped it would be conveyed to the proper authorities.

Supt. O'Shea, said, it would be done.

The Justice, said, there was nothing previously against Mr. Cleary, James Cleary, was after doing six months. He looked upon Delaney as the ring leader. It is obvious the thing was premeditated and was planned since the night before. He convicted Delaney on the two charges, for the Railway Station he would give him six months with hard labour, and for the Co-operative Creamery six months, one to follow the other, and for the attempt, at the Shandon Dairy six months to run concurrently. Mr. Cleary was sentenced to two months hard labour the warrant not to issue for two months, and not at all if he got this work, as regards Jas. Cleary he got a warning before and he would give him three months with hard labour.

He ordered all goods to be returned to the owners.

DUNGARVAN MARKETS.

Meal (special) 17s.; middlet 16s. 4d.; four 13s. 6d.; bran 11s.; Pollard 8s. 6d.; butter 3s. 3d.; fresh butter 9s. 6d. per dozen.

Dungarvan Rates.

REDUCTION OF 1/6 IN THE 2.

A special meeting of the Urban Council was held on Tuesday night, to consider the estimate of expenditure for the year 1931-32.

The Clerk, submitted an estimate of expenditure amounting to a rate of 15s 7d. in the £, which was a reduction of 1s. 11d. on last year's estimate of 17s. 6d.

The Chairman referred to the work done by the Council during the year. All liabilities were paid off and all loans etc., with interest were paid up to date. The only account outstanding now was the Solicitors' and that was pretty high, and had been going on for a long time. He did not see any provision made for that and he thought the Council should make an effort to at least reduce it by half this year.

Mr. Keane, said, it was a long outstanding account. Chairman—The Council did a considerable amount of work during the past year, roads were put down in tar macadam and houses were erected etc., and provision has been made for the erection of further houses and doing more roads in tar macadam.

Poor Rate.

Chairman Last year the total Poor Rate was 7s. 4d. in the £, the estimate submitted by the Clerk for this year is 6s. 11d. showing a reduction over last year on the Poor Rate of 5d. The rate of 6s. 11d. will realise £3,601 4s. 6d. The County Council demand is £3,275 7s. 11d. leaving a balance of £327 16s. 7d. for other allowances. We must pay the County Council demand so there is nothing to do but strike the rate.

Mr. Griffin—There is not much time to go into the items, why are the Urban Council held responsible for the irrecoverable rates.

Clerk—The irrecoverable rates set out are mostly all on unused buildings. Mr. Keane—Would it not be advisable to go fully into the irrecoverable list.

Clerk—We went very fully into it last year.

Mr. Keane—I know that. Chairman—The collector will put an irrecoverable list before the Council in the near future.

Mr. Keane—The man who is always willing to pay is mulcted for irrecoverable rates. There may be absent landlords etc., who could pay and no stone should be left unturned to get in the irrecoverable rates. A certain person told him when the list was published last year that a man on the list had money in bank.

Clerk—If it was irrecoverable it will be on the list to come before you.

Mr. Griffin—They have to pay their full share to the County Council. Chairman—You are responsible for your share of the upkeep of the main roads all over the County, and you are also responsible for all the various services and must pay your portion. The Council approved the rate of 6s. 11d.

Road Rate.

The Council next discussed the road rate for which 1s. 10d. in the £ was estimated by the Clerk. The Clerk said that he rate of 1s. 10d. would realise, together with Harbour Estate Duty Grant and Rates on Government Buildings a sum of £893 11s. 1d. The proposed expenditure under the various heads was £890 19s. 4d. The estimate of the Urban Roads for the year was £360. Repayment of Loan for improvement of certain main roads £225. The balance was made up of sundry items.

Mr. Hackett—Will the £360 be sufficient to keep the roads for the year.

B.S.—Yes, I think so, there are several roads to be done in tar macadam.

Mr. Hackett—What about the quay, I suggest some provision be made for the rolling of the quay.

Mr. Keane—What exactly is the £360 for.

B.S.—It is for the other Urban roads and has nothing to do with the roads to be done in tar macadam.

Mr. Law—£3,000 would not do the Shandon road.

Mr. Keane—What about the Shandon road, have we lost hope of having it taken over as a main road.

Mr. Hackett—Some provision should be made for the quay, which is in a very bad state. The quay is a big source of revenue for the town, you get a big amount in Harbour dues. The men at the boats want some place decent to walk on and he proposed asking the B.S. what would roll it in water macadam.

B.S.—I gave an estimate last year I think it was about £650.

Mr. Griffin, suggested capitalizing the £200 from the Harbour for a term of years and raising a loan on it.

Mr. Hackett—It will have to be found sooner or later. Chairman—You can capitalize the £200 from the Harbour at any meeting. Mr. Hackett, said, he would not

prove of the quay being done in tar macadam, as it was dangerous for horses.

B.S.—My estimate included the quay and approaches.

Mr. Hackett proposed that the Boro Surveyor estimate for rolling the quay and approaches be approved and that it be done in water macadam.

Mr. McCarthy seconded. Mr. Keane—What would it cost in tar macadam.

B.S.—Considerably over that. Mr. Hackett—The tar macadam would be much harder on the men using trucks.

Mr. Power—I thought there were passages made for trucks. Mr. McCarthy—Yes, at two berths.

B.S.—For a five years loan the average would be £135 so that the £80 capitalized would not do it.

Mr. Griffin—An extra penny would cover it.

Chairman—We have taken account of the £80 in the estimate. Mr. Hackett—When you have the quay done it will be done for years and your expenditure on it will be very small.

Chairman—What will we do with this £350. He had not given up hope of getting the Shandon Road scheduled yet.

Mr. McCarthy—Something must be done to Patrick St.

Chairman, in reply to Mr. Keane, said, the amount spent on roads last year was 2576 18s. 8d.

Mr. Power, said, all the roads were estimated for last year, on some of the Abbeyside roads a man was not seen for the whole year, where was the money expended.

Chairman—On other roads. Mr. Power—They should receive as much attention as any other road. He intended proposing that they be let by contract.

Mr. Hackett, asked to have the resolution taken. Chairman—Yes, but you must mention a sum for the doing of the quay.

Mr. Keane—Where do you intend spending the £350.

B.S.—Doing a good repair to the quay, on the Shandon and all the other roads.

Mr. Keane suggested that the approaches to the quay be struck out. Mr. McEvoy—The approach opposite Millers should be included.

A suggestion was then made that that part of the quay, from Miss Landers corner up to Millers be rolled this year.

Chairman—We could leave the matter stand and get a new estimate for that.

Mr. McCarthy, I am of opinion that if it is not done now it may not be done at all. We may not be here after June.

Mr. Griffin, suggested a 1s 6d. road rate capitalized for 5 years and raising a loan. That would allow all roads to be put in proper condition.

Mr. Hackett's resolution was then put and defeated by 7 votes to 2 and Mr. Griffin's amendment was also defeated by 7 votes to 2.

After much more discussions the road rate was passed at 1s 11d. in the £ and provision is to be made for the rolling of the quay from Landers corner to Millers.

Towns Improvement.

The estimate submitted by the Clerk was 1s 6d. in the £.

The Council after a discussion increased this by one penny to 1s 7d. in the £.

Artizans Dwellings.

A rate of 1s 1d. in the £ was struck for the above.

Sanitary Rate.

The estimate of the Clerk for above viz., 1s 9d. in the £ was increased by one penny to 1s 10d. in the £.

Water Rate.

The rate for Public water which the Clerk submitted at 1s 3d. was increased to 1s 5d. in the £.

Provision Of Meals.

A sum of 3d. in the £ was passed for the above.

Domestic Water Rate.

The estimate of 1s. in the £ for the above was passed.

OBITUARY.

MR. WM. CHRISTOPHER, BALLY-LEMON, CAPPAGH.

We regret to announce the death of Mr. Wm. Christopher, which occurred at his residence on Tuesday 21st inst., fortified by the rites of the Church.

"I Will Keep Away From Her."

DENIS O'MEARA, GARRYDUFF, IN TROUBLE AGAIN.

At Dungarvan District Court on Wednesday, before Mr. Troy, D.J. Superintendent O'Shea, charged Denis O'Meara, Garryduff, with breaking into the house of Mary O'Meara, at Garryduff, on January, 26th and stealing therefrom 1/2 bottle of wine; 2 1/2 lbs. of ham; 18 eggs; 1b. Jam; 1 1/2 lb. tea and 4 loaves of bread value 10s.

He was further charged with having on April 4th, taken 2 loaves of bread and a quart of milk from Margaret Byrne, value 9d. and on the 14th April taking 6 eggs value 4d.

Mr. Troy, asked how the defendant conducted himself of late.

Sergt. Dwyer, Cappagh—He would get no one to bail him.

Dinny—Give me this chance and I won't mind her anymore.

Supt. O'Shea—I am afraid it will end seriously.

Dinny—I won't mind her again.

Mr. Troy—You have got every chance.

Dinny—Give me this chance. Depositions in the case were then taken.

Sergt. Dwyer, deposed—I arrested the defendant, Denis O'Meara, on this date and charged him with the offence of the 26th, of Jan., as set out and cautioned him and he said—I went in and I was hungry; I was out of work.

Mrs. Margaret Byrne, Garryduff, said, on the 26th January, I was unlocking the door of the house at 8 o'clock, when defendant rushed in and locked the door and put the key in his pocket. He took the dairy key off the table. I was so frightened I had no sight in my eyes. He also took the key of the parlour door and taking the poker he went to the room where his sister was in bed. He came back again to the kitchen and ordered breakfast. I wanted to go out, but he would not let me. He went into the parlour and took half a bottle of wine and 1/2 lb. of tea; 2 1/2 lbs. of ham; 18 eggs; 1 lb. of tea; 1 lb. of jam; 2 lbs. sugar; 4 loaves bread; all value about 10s., coming back to the kitchen he ate his breakfast and unlocked the kitchen door and left leaving the keys after him.

Defendant—I wanted some food and that is how I went in. I will keep away from her now.

Justice—You said that hundreds of times.

Defendant—I kept away from her when the Sergt. told me. I have a prospect of getting employment.

To the Justice—I prefer to be tried here.

In giving judgment Mr. Troy, said: I will impose on you a sentence of six calendar months with hard labour not to take effect if you do not commit yourself in the next 12 months. The other charges stand against you in the meantime.

Defendant (mournfully)—I will keep away from her.

OBITUARY.

MR. WM. CHRISTOPHER, BALLY-LEMON, CAPPAGH.

We regret to announce the death of Mr. Wm. Christopher, which occurred at his residence on Tuesday 21st inst., fortified by the rites of the Church.

The late Mr. Christopher, who had reached a ripe age was a large practical farmer keenly interested in all modern agricultural and live stock development and brought to bear on all matters of his business a sound and practical common sense which won the admiration of everybody. Of amiable disposition and kindness of heart he was a good neighbour and true friend, beloved by all who knew him. He reared a most respected family who occupy positions of trust and honour in the Country. He was brother of Mr. John Christopher, one of Dungarvan's most respected citizens. To his bereaved wife and family, brother and relatives sincere sympathy is extended in their bereavement. R.I.P. On Wednesday evening the remains were removed from Ballylemon, to the Parish Church, Ballinacorney, and were followed by a large and imposing cortege drawn from all parts of the County and outside it. On Thursday interment took place in the adjoining burial ground in the presence of his family, relatives and a large concourse of the general public.

The last prayers at the graveside were recited by Very Rev. John Stokes, O.S.A., Prior, John's Lane, Dublin, nephew of the deceased.

MRS. CULLINAN, ABBEYSIDE.

On Sunday morning, one of the most esteemed Abbeyside residents passed to her eternal reward in the person of Mrs. Cullinan, widow of the late Mr. David Cullinan. She belonged to a highly respected South Tipperary family and had for a long number of

Dungarvan District Court.

FISHERY PROSECUTION. WARNING TO POACHERS. SHOOTING A PLOVER.

Before Mr. Troy, D.J. In the adjourned case of Superintendent O'Shea, v. John Flynn, Carriglea, and John O'Donnell.

Sergt. O'Shea, said, Flynn was fined on the last Court day.

His worship fined Flynn 21 and dismissed the case against O'Donnell.

The case of Guard Moloney, Ring, v. Thos. Terry, was withdrawn. This case arose out of an alleged assault on Mr. Templeton, by the defendant, and a civil suit for damages in the matter was brought and settled.

Fishery Prosecution.

Jas. Cleary, and Mr. Cleary, Ballinamuck, and John Kirby, Shandon, were charged by the Fishery Conservators with offences against the Fishery laws on the Golligan river. Mr. Verrington, Solr., for the prosecution.

Guard Farrell, stated, that at Kildangan, on the 12th, March, he saw Jas. Cleary throwing stones into the Golligan, on being searched he found (gaff) produced on him.

Guard Sweeney, said, he saw Mr. Cleary and John Kirby beating the river with long sticks and throwing stones into the river to drive the salmon into the bank.

Kirby—You did not see the stick with me.

Witness—I saw you using it.

Jas. Cleary, was fined 40s. and 20s. costs, the gaff to be confiscated. Mr. Cleary and John Kirby were fined 10s. and 10s. costs.

Mr. Troy, said, if any more parties are brought up before him for poaching in that river, they will get all he could give them.

Garda Cases.

A number of School attendance cases were dealt with and the usual rulings made.

Game Preservation.

Guard Hegan, summoned Nicholas Boreford, Castlequarter, for shooting Plover in the close season, with having a gun in his possession without a license and shooting game without a license.

Mr. Williams, solr., defended. Guard Hegan, gave evidence of being in the neighbourhood of Castlequarter on the 9th, April and hearing the report of a shot gun about 250 yards from him. Going to the place he found the defendant with a shot gun. He also saw a Plover shot. Defendant told him he did not know what kind of a bird it was and when told it was a plover and the close season on those birds he said he did not know. He said his father had a certificate to carry the gun and that he only took it out to scare birds. Another Plover was wounded.

By Mr. Williams—His father who is an extensive farmer had a 5s. license for the gun. I only heard one shot.

Mr. Williams apologised for the defendant for using the gun on the occasion. He did not go out on a shooting expedition.

Supt. O'Shea—The occupier of the land is the only person who can use a gun with a 5s. license. It was unfair to the people with 2s. licenses.

Mr. Troy imposed a fine of 30s. in respect of the charge of carrying a gun and having no license for same £3 for shooting a Plover in the close season, and £1 for shooting game without a license. He said a special Act had been passed to preserve game and it was too bad for any man to go out to shoot birds in the close season.

A WELL DESERVED TRIBUTE.

Never was a tribute more deserved than that paid to Guard Wren, in Court on Wednesday for the able manner in which he tracked down the culprits of the recent robberies at the Railway Station Co-operative and Shandon Dairy. The public at large join in thanking him for his splendid police work and we hope his superiors will give him due recognition for his services, and show that merit is recognised. Guard Wren is an ornament to the Civic Guards.

SENATOR P. W. KENNY.

Senator P. W. Kenny, for many years Chairman, Waterford County Council, and a prominent member of all the local bodies in Co. and city of Waterford, died in Dublin, on Wednesday, He was Vice-Chairman of the Senate; Chairman Co. Councils General Council and of the Roads Advisory Board, while he was also Chairman of an Insurance Co. In Sinn Fein days he was a leading light and on the establishment of the Free State he was appointed a Senator. The funeral took place to Waterford.

What Love Can Do!

CATTLE STOLEN TO ENABLE YOUNG MAN TO MARRY.

At Clonmel Court, before Mr. Troy, D.J., Thomas Tobin, aged 18, of Tinalia, Carick-on-Suir, was charged in custody with the larceny of two cattle off the lands of John Kehoe, at Ballydine, Carrick.

Nicholas Quinlan, Waterford, cattle dealer, said he attended the Clonmel fair on April 1st, and met the accused standing with two cattle, a black polly and roan bullock, outside the Ormonde Hotel.

Witness added that from what he had heard, he thought accused was the victim of circumstances.

Justice—I think it is you are the victim, Mr. Quinlan, having to come here and attend the court to give evidence.

Supt. Fitzgerald—I have seldom met a man to go so far out of his way to oblige the Guards as Mr. Quinlan.

Justice—That is only what we would expect from him.

Detective-Sergeant Murphy said, in consequence of a complaint from Mr. Quinlan he went to Gladstone Street, and saw the accused with two bullocks.

Justice—Do you plead guilty or not guilty?

Accused—I plead guilty.

Justice—What do you say about it?

Accused—I wanted to marry the girl. Supt. Fitzgerald—What he says is, I understand, correct. He wants to marry this girl, and his father is entirely opposed to it.

Justice—What objection have you to the pair getting married?

The Father—She is the cause of it. Justice (who had been handed some letters by accused)—I would not think that from her letters, anyway, (To accused)—Had she anything to do with you stealing the cattle?

Accused—No. A suspensory sentence of three months imprisonment was imposed.

DE-RATING.

To the Editor "Dungarvan Observer." Dear Sir.—The resolution adopted at the Meeting to consider the question of de-rating held in Dungarvan on the 15th, inst., and reported in your issue of the 18th, stated that Mr. De Valera had no mandate whatsoever from the country to suggest any sum less than the full amount required.

When moving the resolution to increase the grant in aid of Agricultural Rates by £1,000,000 this year Mr. de Valera made it quite clear that the serious condition of the Farming Industry made it imperative that immediate relief was afforded and pending the report of the de-rating Commission on which no action would probably be taken to relieve the burden of rates for the current year—the only way in which relief could be granted was by giving this sum at once.

As Mr. de Valera did not propose this as a solution of the de-rating problem and if those who framed the resolution had read his speech in the Dail more carefully they would not have found it necessary to insert this clause. Faithfully yours,

SEAN GOULDING, T.D. Lismore 224-31.

Dungarvan Urban Council.

The weekly meeting of the above was held in the Town Hall, Dungarvan, on Friday last. Mr. J. Butler, Chairman, presided, the other members present were—Messrs C. Lawn, J. F. Moloney, J. Hackett, T. McCarthy, M. J. Keane, Mee. Griffin, T. Power, and D. Foley.

Expenditure. The paysheets for the week which were passed were as follows:—General a/c. £16 16s. 6d. Harbour a/c. £4 17s. 11d. Abbeyside Housing a/c. £4 15s. 8d.

Mr. Moloney, referred to payments from the housing account and asked when the last payment was made.

Clerk—On March 27th. Mr. Moloney, asked what amount was the work done since charged to, such as the knocking down of the old house etc.

Mr. Keane—Was all this work included in the estimate for the houses. B.S.—Yes. It is all included in the all in cost.

Mr. Keane, said, although he would like to see economic rents on the houses, he held we were burdened enough with high rates and any of these charges should not be allowed to go on to the general account.

Chairman—There was a statement of account when the last housing scheme was finished and a sum was set aside for all this work.

Purchase Of Horse. The Council discussed the question of the purchase of a horse for the scavenging and the matter was adjourned until next meeting.

Increased Rates. Notices of appeal against the increase of rates under the New Buildings Act, were read from Mr. P. Casey, Main street, J. J. Crotty, Square, and P. Burke, Emmett street.

In reply to Mr. Keane, the Clerk, pointed out that Mr. Casey's valuation was raised from £10 to £25 in respect of the Parnell street house and from £20 to £32 10s. in respect of O'Connell street. Mr. Crotty's in respect of premises at Cross Bridge street was raised from £7 to £11 and Mr. Burke's valuation was raised from £9 to £11. The valuation of the town was increased this year by about £90.

Mr. Keane—I was assessed this year and knew nothing about it. He asked what was the usual procedure.

Clerk—When the list comes down there are posters issued, also it is advertised and the books are open for 21 days for inspection by anyone interested.

Mr. Keane, said, when the list came down it should be brought before the meeting.

Acknowledgments. A letter acknowledging the Council's resolution of sympathy on the death of the late Mr. M. Brennock, was read from Mr. Jas. Brennock, Cappoquin.

Use Of The Hall. Mr. Cogan, Mary St., Dungarvan, wrote for, and was granted the use of the Town Hall on Sunday evening.

Drainage. The report of the S.S.O. referred to a number of houses which could now take advantage of the new sewer at Sarsfield St., Abbeyside, for drainage purposes.

In reply to Mr. Griffin, the S.S.O., stated that more than half of the King St., houses could also be connected with the new sewer.

Pig Fair. Chairman—We adjourned this matter at the last meeting for the purpose of having a representative of the Pig Buyers Association present, but there was no reply.

Mr. Keane, said, the establishment of a pig fair would be a great benefit to the town and we are holding up a very important business.

On the proposition of Mr. Keane the Council approved of establishing the pig fair, the date for same to be fixed after consultation with the Pig Buyers Association.

Report Of B.S. The B.S., reported the following repairs required to Council's houses, viz.—Guard McGee's house at Abbeyside, at a cost of about £3 5s.; Mr. Sandford's, Mitchel St., at a cost of £1 15s. and Mee. Crawley's house at a cost of about 16s. 6d.

The Council decided to issue advertisements for the repairs to the first mentioned, and instructed the B.S., to have the work carried out in the other cases.

Members Rights. The following resolution was proposed by Mr. Moloney. That the B.S., be requested to withdraw the threat of dismissal made to the Council's employees at last meeting which challenge the rights and liberties of members of this board and that an apology be tendered by the B.S., to the Council.

Mr. Keane, seconded. After a discussion the resolution was put to a vote with the following result:—

Against—Messrs. McCarthy, Hackett, Foley, Lawn, and Chairman (5). For—Messrs. Power, Griffin, Keane, and Moloney (4).

The resolution was declared lost.

Water. The question of the water supply to Granite Lodge and Seabearie was adjourned to a future meeting.

Youghal District Court.

(Before Mr. G. P. Farrell, B.L.)

Milk Case. Sergt. Lupton, charged Mrs. Ellen Beausang, North Main street, with selling milk 11 per cent. deficient in fat.

Mr. W. Hodnett, solr. defended. Complainant, having given evidence and handed in the certificate of analysis. Cross-examined by Mr. Hodnett, said, that since the occurrence he had taken a sample of milk from Mrs. Mary Beausang, who supplied the defendant, it was found correct.

Mrs. Mary Beausang, said, she milked the cows in the morning in question and it was not tampered with in any way. She put about 2 1/2 gallons of her own and 1 1/2 gallons for a neighbouring farmer, Mr. Griffin into a locked churn and sent it into town to the defendant. She could not account for the deficiency in the milk. Her part was alright.

To the Court—She didn't know the particular morning referred to. Cross-examined by Sergt. Lupton, witness said, she milked all the cows herself sometimes—they were not many at that time of the year.

To Mr. Hodnett—She heard about the sample been taken soon after. It was fresh in her memory then. She knew the milk went to town as it came from the cow.

The Justice—When did you hear there was anything wrong with the milk? I suppose the Sergt. knows that (laughter).

Mrs. Griffin, said, she supplied 1 1/2 gallons of milk to Mrs. Beausang. To the Court—She heard about the matter when she got the summons. Witness was sending milk for 40 years and she never got a caution or summons.

Cross-examined by the Sergt.—She milked only one cow for the purpose—about 1 1/2 gallons. She was told about the sample been taken.

Miss Beausang, daughter of defendant, said, they got milk from nobody else. She remembered that particular morning the milk wasn't quarter of an hour in the shop and the Sergeant was the first customer. It was not tampered with.

Wm. Lynch proved the delivery of the milk as he got it in the churn from the defendant.

Mrs. Mary Beausang, recalled, was questioned at length by the Court. She could not give definite replies on some points, but she was positive the milk was not tampered with in any shape or form.

The Justice, said, he did not think that the evidence in the defence of proving exactly that the milk was delivered as it came from the cow was fully discharged. In a case of that kind where there was a chain of evidence regarding the supply of a mixture of two milks to a retailer every link should be clear and distinct.

While there was no reflection on anybody concerned, and no suggestion of any deliberate tampering, he felt constrained to convict and to inflict the nominal penalty of 1s. and costs.

Replying to the Court the Sergt. said, that the costs were 15s. A large number of cases were adjourned owing to the absence of the solicitors engaged, or necessary witnesses.

Serious Charge. Patk. Burke, Adrigole, Co. Waterford, labourer, was charged with having unlawfully carnal knowledge of Nora Mahony, Mauntybrisa.

Mr. A. Ryan, state solr., Dungarvan, prosecuted, and Mr. Wm. H. Moneer, solr., Youghal, defended.

Sergt. Mangar, Arumore, deposed, that on receiving a report, he proceeded to the Dispensary, where he saw Dr. Froy, Guard Gill, and Nora Mahony, and her mother. The girl was excited and crying, and she made a complaint.

At 2 a.m. he went to the house of the accused, who was sleeping in the kitchen. Having duly cautioned and arrested him, he denied the charge adding "good heavens it was good enough to send one man to jail." In the interval the girl pointed out the spot in the Lissarow road, as the scene of the occurrence.

Cross-examined by Mr. Hodnett, witness said, the spot was about 30 yds. from Conways, and if she screamed as she said, she should have been heard. She made a subsequent statement pointing out a spot about a half-mile from the first mentioned, the first report he received was from the village patrol—Guard Gill, Nora Mahony, came to the barrack on the 19th, at his request. It was Dr. Foley and Guard Gill spoke first about the matter to witness, at the dispensary.

The mother said nothing about compensation, she was reluctant to prosecute, but the girl was the reverse. Witness was at Mrs. Mahony's house on March 30th, and she said she would send Nora to the Co. Home, so that Burke could not blame anybody else if anything was wrong. When witness went to Burke's on the 19th, his clothes were wet, but clean, the 19th, was a wet day.

Miss Bridget Linnane, Glenwilliam, step-sister of Nora Mahony, deposed, the girl came 2 1/2 or 3 miles to where she worked for milk on March 18th. She made tea for her and gave her a raincoat as it was very wet. The coat was perfectly clean and dry then.

Mr. Ryan, said, that was the case, when opening it he had felt in duty bound to point out the contradictory statements made by the girl as regards the scene of the alleged outrage. Having heard the evidence it was a matter for his worship to say whether upon

that evidence the accused should be put on trial—whether in view of her contradictory statements and of the whole case, any jury would convict.

Mr. Hodnett asked the Court to refuse informations. What reliance could be placed on the girls evidence when she contradicted herself completely in several particulars. Unfortunately for his client the evidence of Dr. Foley had been taken first—The car had been put before the horse. If the girl's evidence had been taken first they would have had overwhelming evidence to show that her statement was wrong in very many particulars. He could not help describing the girl's mother as the Dea ex machine with the case. He respectfully submitted that there was no corroboration of the girl's evidence.

The Justice—There is the Drs. evidence.

Mr. Hodnett, said, there was no other evidence to associate his client with the occurrence.

Mr. Ryan—That is unnecessary, the Justice said, that to grant Mr. Hodnett's application would be to usurp the functions of a jury.

Mr. Hodnett—You will hear my evidence.

The Justice—If you wish. Mr. Ryan—I take it that no evidence you hear will alter your decision.

The Justice—No. I think it is a matter for a jury. On the charge been read over, accused said, he was innocent, but he reserved his defence.

He was returned for trial on bail, to Waterford Circuit Court.

St. Patrick's Day.

HIERARCHY AND NEW BILL.

Six members of the Irish Hierarchy and delegates from the 32 counties joined in a protest against the clause in the Free State Liquor Bill permitting the opening of licensed houses on St. Patrick's Day, at a meeting held in the Gaiety Theatre, Dublin.

A resolution was passed with acclamation condemning the proposal, and demanding its withdrawal.

Rev. J. Flinn, S.J., who presided, said, they were the representatives of 250,000 Pioneers. There were delegates from Belfast, Derry and Cork, for Pioneer Ireland had no partition or border where the honour of Ireland was concerned.

Letters protesting against the proposal and wishing success to the meeting were read from Most Rev. Dr. Gilman, Bishop of Tuam; Most Rev. Dr. Collier, Bishop of Ossory; Most Rev. Dr. Cullen, Bishop of Kildare and Leighlin; Most Rev. Dr. Finagan, Bishop of Kilmore; Most Rev. Dr. Hackett, Bishop of Waterford and Lismore; and Most Rev. Dr. Mageean, Bishop of Down and Connor.

Most Rev. Dr. Mageean, having thanked Fr. Flinn, S.J., for the opportunity to protest against the reopening of public houses on St. Patrick's Day, stated—"Although I am not a citizen of the Free State, I consider I am within my right in availing myself of the opportunity for the Pioneer Total Abstinence movement extends to every parish in Ireland, and St. Patrick is the National Apostle of Ireland. Most emphatically do I protest against the opening of public houses on St. Patrick's Day, on religious grounds, because it will create opportunities for dishonouring our great saint; on moral grounds because it will increase for many the occasion for sin, and on the grounds of national decency because too often in the past has the celebration of the National Apostle been associated with the practice of intemperance and its unseemly consequences. Our reputation as a nation, our moral standards and our religious ideals demand that the policy of the Pioneer Total Abstinence Association should in this matter have the cordial help of a legislature which like that of the Free State, is predominantly Catholic."

Father Flinn, S.J., said they were told they were cranks and fanatics. If so, they were cranks and fanatics in a good cause. They were told they were nobodies and represented nobody. "I do not know what you think," he said, "but the company I have enumerated is good enough for me. It is representative, it is Irish, it is Catholic—it has a right to speak, and to speak loudly."

YOUGHAL GOLF CLUB.

A general Committee meeting of the above was held in the Devonshire Arms Hotel, Youghal, on Friday evening, Major Arbuthnot, M.V.O., President in the Chair. There was a full attendance of members.

The Chairman, who expressed his regret for being unable to attend the recent Annual General Meeting thanked the Club for their kindness for electing him President for the coming year, and said he hoped that he would justify their selection. Referring to the question of the threatened termination of the Club at the end of his year of office, he entertained the sincere hope that such would not be the case. A Golf Club was essential to Youghal. It attracted numbers of summer visitors, who brought money to the town—to hotel proprietors, house-owners, trades-people and farmers.

Having disposed of some routine business, The Chairman, offered to supply a new flag for the flagstaff at the Club House and submitted designs one of

NICOBRAND

LIQUID SHEEP-DIP.

Mixed instantly in cold water—is an all Tobacco Dip and approved by the Department of Agriculture.

Don't deprive your sheep of the Tobacco that gives so much comfort to yourself. They need it as much as you do, AND IT COSTS EXACTLY THE SAME AS THE HARSH ARSENIC AND CARBOLIC PREPARATIONS.

USE IT FOR TWELVE MONTHS and watch the surprising differences in the health of the flock and the vigour of the lambs in the Spring.

AS FOR MAGGOTS—If you dip with Nicobrand Liquid a double strength, you need not worry about Maggots in the Fly season. You should get a 99 per cent. avoidance of this evil by so doing.

DON'T USE BURNING FLUIDS to cure maggot-struck sheep, it only makes a patchy looking sheep, and there is no need to do so; NICOBRAND LIQUID DIP used at one egg-cup full to a pint kills the maggots in less than a minute, moreover, it is soothing, narcotic, and antiseptic to the skin; it heals the wounds in twelve hours, and there is not the slightest sign of a patch soon afterwards.

NOTE HOW FEW LAMBS DIE OF WOOL-BALL WHEN A NICOBRAND DIP IS USED.

NICOBRAND SHEEP DIP is the one and only Dip MANUFACTURED in Ireland in the true meaning of the word manufacture.

There are people claiming their Dip as of Irish manufacture, but the ESSENTIAL principle is almost invariably bought in England, or elsewhere, and merely mixed in Ireland. This is not manufacturing.

It takes a 100 tons of Tobacco to manufacture a ton of Tobacco Dip. This means haulage for the Irish Railways, and employment for Irish labour.

Here is a case where you can support Home Industry and in doing so benefit yourselves, for Nicobrand is a genuine all round improvement on any of the imported Dips, AND REMEMBER IT COSTS NO MORE.

A different report from various Sources on sheep dipping will appear with each insertion of this advertisement. None of them solicited Testimonials. Here is the first.

WEXFORD COUNTY COUNCIL.

NICOBRAND SHEEP DIP.

Dear Sir,—In reply to yours of the 26th instant I enclose copy of Mr. Hennessy's report.

Yours faithfully, N. J. FRIZELLE, Secretary, NICOBRAND CO. LISMORE.

Copy Report Mr. M. J. Hennessy, Lay Sheep Dipping Inspector for New Ross District.

Monamolin, Rathnure, Ennisclorthy, 7th October, 1930.

Dear Sir—I beg to inform you I tried Nicobrand Sheep Dip on three or four flocks of sheep and in my opinion it is a real gift to Farmers and Sheep owners. Besides being a preventive of sheep scab it is also an excellent dip to keep away the maggot fly. I dipped sheep badly cut with maggots and Nicobrand seemed to heal the skin very quickly. In all other sheep dips if you did sheep cut with maggots it is certain death. In a word I think Nicobrand dip is the dip Farmers and sheep owners have been looking for.

I am, yours obediently, (Signed) M. J. HENNESSY, Sheep Dipping Inspector.

NOTE—This Inspector Dips 30,000 Sheep per annum.

The Hon. Sec., reported that the President had presented the Club with tassels for the Flag Pins.

The Chairman, was cordially thanked for his kindness and for the practical interest he was taken in the Club.

The meeting then proceeded to elect Sub-Committees for the ensuing year.

The Rev. V. W. Darling, M.A. and Messrs. E. J. Ryal and R. C. Farrell, were elected to act on the Green's Committee in addition to the existing members.

A vote of thanks to the Chairman concluded the meeting.

SUGAR BEET CRISIS IN IRELAND.

It is feared that unless the Government steps in as arbitrator and brings about a settlement between the Irish Sugar Manufacturing Company, Ltd., and the Irish Beet Growers' Association regarding the price to be paid to producers of beet, the sugar factory at Carlow will close down this year.

Farmers will not supply beet at 38s. a ton, the price offered by the company.

Negotiations have reached a deadlock. If a settlement is not reached the 15,000 acres under beet last year will be converted to other crops, and the 20,000 to 30,000 people engaged on the crop will have to find other employment, as will also the 600 workers previously engaged at the factory.

Mr. John Donoghue, presiding at a meeting of the Beet-growers' Association at Carlow, said, they were anxious to grow beet, and the least they could expect was a reasonable return for their crop.

They had no objection to foreign capital, but they were entitled to a share of the profits.

Mr. J. M. Green, chairman of the Beet-growers' Association executive, said, the company's offer of 38s. or even 39s. a ton for beet was absurdly inadequate.

The company, he said, had sent out contracts with covering letters. The covering letter said, the company was offering a better price than that paid in England, and that they were only partially subsidised.

The Rev. Father Hipwell, said, the question was one which should be settled by arbitration.

"They sent out this poison notice," Father Hipwell added, holding up one of the company's new contract forms.

At this point the document was handed to a member of the audience, and it was set alight amid cheers.

It was decided, on the motion of Mr. Duggan, Carlow, that: "We, the representatives of Carlow, Leix, Kildare, Wexford, Waterford, Kilkenny, and Louth, realising the lamentable results that would follow on the closing down of the factory this year, respectfully ask Mr. Cosgrave, the Minister for Agriculture, and the T.D.'s of the various counties to use their offices to reopen negotiations with the Irish Sugar Manufacturing Company.

JOHN BOLES AND LAURA LA PLANTE IN

Captain of the Guard!

The golden voice of John Boles is heard to marvellous advantage in "Captain of the Guard," a vivid dramatic musical spectacle of the French Revolution. Glorious in its epic sweep of heart-stirring drama, majestic in its resistance of unrelenting emotions, yet withal one of the most appealing romances ever told! That's "Captain of the Guard." John Boles in his strongest and most colorful role. See him as the dashing Captain of the King's Hussars, who falls in love with the daughter of a lowly inn-keeper. See Laura La Plante as the meek little girl who becomes the fiery centre of a nation gone mad! A great musical drama suggested by the immortal song, "La Marseillaise." A picture whose epic sweep of drama will carry you to the topmost heights of entertainment. Usual Supports.

FLIGHT is the classic of the screen's air dramas; it is the most thrilling aviation story ever filmed; dramatic thrills and comedy moments follow one another in rapid succession; the interest is never allowed to flag for a moment and the story builds up to a terrific climax. The "Sunday Graphic" says "If you want a full-blooded story packed with thrills look out for 'FLIGHT.'" "Daily Sketch" says "FLIGHT" is fine entertainment. There are thrills, humour, action, excitement and charming scenery. Its success with audiences should be a certainty."

The Green Park.

A report was read from the Town Surveyor, on the condition of the promenade at Green Park. The steps leading to it were in a dangerous state and should be closed up until repaired or replaced. Many parts of the decking also required attention.

Capt. Dunne, said, he had seen the place and as the Surveyor had said, it was very dangerous. As Mr. O'Gorman had stated at a previous meeting the Tennis grounds should be looked after.

The Chairman, said, the Town Clerk and he had visited and examined the Green Park. There was no good throwing away money in patching up the promenade or the approach to it by repairs. They should make a proper job of it by spreading work over a couple of years, thereby making a permanent job.

Capt. Dunne, said, the place was neglected. Nothing had been done to preserve the new timber put in some time ago.

The Chairman—The whole structure is half dozed.

Mr. Whehan—Are the supporting beams safe?

The Clerk—They are as sound as a bell.

Mr. Whehan said, they ought invite tenders for the work.

Mr. Murphy—If we are going to expend money, would it not be better to do the work in concrete.

The Chairman—Whatever we do to the platform should be done in concrete. It would not be a very expensive job.

Rate Estimate.

Arising out of a question of the cost the Clerk said, he expected the next rate estimate would be down about 7d in the £.

Mr. Murphy—We ought not cut our wings too tight.

The Town Clerk, said, that these were not times for rate raising.

Improvements On Strand.

Mr. Dennehy, said, it would be a good idea if they could set aside a little sum for improvements in the Strand Visitors complain of the want of proper bathing facilities, the bathing shelter near the Strand Palace should be seen to in proper time and not left over till the season was well in. Something also might be done about the shelter at Claycastle.

The Chairman, said, that the shelter at the Strand Palace would be duly attended to.

Bathing Boxes.

Mrs. Hurley—What about getting nicer bathing boxes, instead of the old "batches" there at present, (laughter), which never even got a brush of paint. They were letting all their attractions lapse. One of the latest was the Golf Links—everything was going.

Mr. O'Gorman—We'll be going ourselves soon, (laughter).

Cars In Claycastle Road.

Mrs. Hurley, said, something should be done to prevent cars parking along Claycastle Road. It was very dangerous. They should be made go into the field.

The Chairman, agreed, the road there was very narrow and cars should not be allowed block it.

Stools.

Mr. Beausang, said, there was some trouble about the want of stools in the bathing shelters last year.

The Clerk—Yes. We put out 37, and after a fortnight there were only two left. 35 had disappeared (laughter).

Mr. Murphy—I thought there was a caretaker.

The Clerk—Yes, but he must have his meals.

Mr. O'Gorman, agreed with Mrs. Hurley, that they should do everything possible to make the place attractive to their summer visitors. Those shelters were his suggestions. The weather conditions that prevailed sometimes on the beach would not permit of any other kind. A good S.E. gale would sweep them all away. Shelters were most essential and he was sure the Council would be unanimous in providing all the facilities possible within their limited means.

North Ward.

Mr. Harrington, said, he had heard a lot about the improvements in the South Ward, but what about the North? He didn't object to improvements in either the South or the Centre, but he suggested they should not neglect the North altogether. There were heavy ratepayers in the ward, and they should get some consideration.

Danger From Motors.

Capt. Dunne, said, he didn't trouble about North, Centre or South, they should all be looked after. He called attention to the necessity of warning motorists to slow down when passing through their narrow streets.

The Chairman, said, that a prominent notice to that effect was re-

quired at the North and South entrances.

Mr. Murphy, called attention to the dangerous practice of some motorists parking their cars outside the Picture Palaces, and then starting them off at high speed just as the people were coming out. He had witnessed several narrow escapes, and something should be done to prevent it. There was room enough at Devonshire Square, to park the cars. That would obviate all the danger.

Mr. Clancy, agreed with Mr. Murphy. It was a most dangerous practice.

The Chairman thought that would be a matter for the Civic Guards. Ultimately on the suggestion of Capt. Dunne, it was decided that a Committee should visit the Strand and see what could be done in the way of improvement.

The Ferry.

Replying to Mr. Murphy, the Clerk said, that the ferry worked out "line ball" last year if £100 instalment on loan and interest was taken into account, up to December there had been a profit of £68. There was no rate struck for the ferry, which was supposed to be self-supporting.

Mr. Murphy, said his object in raising the point was to call attention to the fact that the Council sometime ago had decided to erect a landing stage for the boat at the ferry point.

The Chairman, said, he thought it a remarkably good result considering the weather they had last year.

Mr. O'Gorman, said, it was most satisfactory. There were many business people, who would be quite pleased if they could find themselves in such a position.

The Clerk, said, if they had one or two good years, they would have the loan paid off and the boats their own property to the good.

Mr. Murphy, said, if the landing stage were not erected the boats would suffer considerably.

The Chairman, said, they should move cautiously in the matter. He would not lose sight of it.

Mr. Murphy—The ferry could lawfully bear the cost.

The Clerk—You are expecting the ferry to do too much.

Shelter At Ferrypoint.

Mrs. Hurley—I hope you are going to put the proper shelter over there. It is very badly required.

The Chairman—Probably yes, but we must get time.

The Clerk, said, as regards the shelter, he didn't see why the Youghal Urban Council should be asked to bear the whole cost—providing facilities for the people of both County Waterford and Cork.

Capt. Dunne, said, that the Waterford County Council ought help in the matter.

The Clerk, said, it would not be right to raise the rates in times like the present, and the ferry could not bear the expenses of all the projects suggested.

The Chairman, said, they could consider the matter at a special meeting.

Library Question.

A letter was read from the County Council regarding the proposed transfer of the Council's powers under the Libraries Acts to the County Council.

After a short discussion, it was unanimously decided to adhere to their former decision and remain as they were.

Meat Inspector.

The Co. M.O.H., forwarded copy of the Inspectors report on his inspection of local meat for the month, from which it appeared everything was satisfactory.

LOCAL HAPPENINGS.

BABY'S TRAGIC DEATH AT ARDMORE DROWN IN MILK.

The deepest sympathy is extended to Mrs. and Mrs. Patrick Fitzgerald, Bawnacamera, Ardmore, on the tragic death of their baby boy aged 19 months who lost his life on Sunday morning under sad circumstances. During the absence of some of the family at Mass, the child got into the dairy, fell into a pail of milk and was suffocated, before the accident was reported to his Mother by his elder brother aged 3 years.

GOOD NEWS FOR RATEPAYERS.

Dungarvan ratepayers will heartily congratulate the Urban Council on being able to reduce the Urban rates for the coming year by 1s. 6d. in the £. Last year the rate was 17s. 6d. and this year it is 16s. When it is remembered that the Urban Council had in recent years to face heavy liabilities in the matter of clearing up arrears of outstanding accounts, loans etc., together with undertaking a number of useful and necessary public works—erection of houses, sewers, roads etc., it is a tribute to their business ability and care of the public purse to be able to reduce the rates substantially while at the same time maintaining each service thoroughly. Mr. Butler, Chairman, and the other members deserve the best thanks of the citizens.

SUGAR BEET COMPETITION 1930.

In the competition for the best Sugar Crop in Co. Waterford, Class B, 1st prize £7 10s. was awarded to the reps. late M. Kiely, Ballinacourty. The Beet was grown by Morgans Mooney celebrated manures, supplied by Mr. Moloney and Co. County Seed and implement depot, Dungarvan.

DYRICK RACES.

The races at Dyrick next Thursday, under the auspices of the West Waterford Hunt, promise to be most successful. The entries are big and all the best steeplechasers in Munster will be there. The course is over a beautiful natural country and the arrangements will be perfect.

POPULAR GUARD TRANSFERRED.

Guard Navin, who has been stationed in Dungarvan, for the past 6 years, has been transferred to Kill. During his time here he was a capable and painstaking official and he carries with him to his new area the best wishes of all who knew his worth.

LARCENY OF MONEY, WHISKEY, STOUT ETC.

At Dungarvan District Court, on Wednesday, before Mr. Troy, D.J. Supt. O'Shea, charged James Terry, Friary St., (1) with the larceny of a bottle containing 3 or 4 glasses of whiskey and 3 bottles of stout from Miss Dempsey, Mary St., (2) with the larceny of a bottle of imitation whiskey and for loitering with intent at Mr. Wall's O'Connell St., (3) with the larceny of between £4 and £5 from Mr. John Flynn, Mary St., and a bicycle lamp value 10s. from J. Morgan. Mr. A. R. Farrell, solr., appeared for the accused.

After a lengthened hearing the Justice sentenced Terry to 2 months imprisonment with hard labour for the larceny of the money and to a month in each of the other charges the sentence to run concurrently. Detailed report held over.

BANK OFFICIAL TRANSFERRED.

Mr. J. G. Considine, Provincial Bank, Kilmacthomas has been transferred to Cork. During his time in Kilmacthomas Mr. Considine was the life of the place, sporting and social functions while as an official he was courteous and affable. His departure is much regretted.

Sales by LOOBY & WALSH.

ROSSMORE, BALLYMACARBRY.

HIGHLY IMPORTANT SALE BY PUBLIC AUCTION OF THE RESIDENTIAL PORTION OF THE ROSSMORE ESTATE, to Be Held AT THE SALE-ROOMS BARRACK STREET, CAHIR (Co. Tipperary). On Wednesday, 29th April, 1931. (Fair Day). Sale At One o'clock.

We have been favoured with instructions from the Owner to Offer for Sale by Public Auction, on the above date, Part of the Lands of Rossmore Estate, containing 95 acres, statute measure, or thereabouts, together with the Residence and Farm Offices, held in Fee-simple, subject to the nominal Quit Rent of £1 17s. 8d. yearly.

DESCRIPTIVE PARTICULARS.

Rossmore House, which is a fine modernised Gentleman's Residence, stands on an elevated position, commanding extensive views of charming scenery, approached by Avenue entrance, with Ornamental Tree and Shrubbery, and contains grand glazed Porch, with sliding doors opening into Lounge Hall; Drawing-room, Dining room, 4 Bed-rooms, fully equipped Toilet Room, H. and C. Water, and other requisites; Lock-up, China and Glass Pantry, fitted with hot water; 2 Kitchens, Maids' Double Room, 2 men's Rooms, and the Farm Offices, mostly of stone and slate, comprising cow-house for 10 cows, Cal-house, barn, 2 loose stalls for working horses motor shed, etc.

The farm, all in grass at present save 3 acres of richly manured ground ready for cropping and half acre under potatoes, is sound and highly adapted for dairy and tillage purposes, suitably divided with stone fences, and intersected by the River Nire, which affords excellent trout fishing. It is interesting to hear recalled in the neighbourhood facts proving the fine results achieved from the Dairy and the general management of the Rossmore lands, up to recent years, from which we are assured that if eligible for a safe and lasting investment given consideration to the many advantages of this farm, figuring out its dimensions the "right" size; productive qualities, modern home comforts; held practically free of rent, they shall be readily convinced that in their lifetime no better opportunity need be anticipated.

It is situated within one mile of Four-Mile-Water R.C. Church, 1 1/2 miles of Ballymacarbry Head Postal Telegraph and Telephone Office, likewise of three meets of the West Waterford Hunts, 2 Schools, and three-quarters of a mile of the Clonmel-Dungarvan Bus route, which connects for Cork and Dublin, and within easy distance of several Fair and Market Towns.

Vocational Education Committee.

SCHOOL PREMISES FOR CAPPOQUIN.

Rev. L. Egan, Chairman, presided. There were also present Rev. J. Walsh, C.C.; Rev. Bro. Gibson, Messrs. An Fear Mor, J. Curran, M. Walsh, J. Butler, and M. J. Keane.

Chairman Welcomed. An Fear Mor, said, they were all delighted to see Fr. Egan, back with them again, and they hoped it would be a long time before it would be necessary for him to leave again. All the other members of the Committee expressed their delight at seeing Fr. Egan back again looking fit and well after his recent indisposition. Fr. Egan returned thanks to the members for their kind words.

Finance. The Secretary said the total balance to credit of Committee was £501 14s. 6d. The total grants for Dungarvan School was £280 14s. 3d.

Employment Of Officers. The Department wrote re the Committee's proposal for the employment of Officers and to arrange that four temporary whole-time Irish teachers continue to work on the existing basis until 31st August.

Secretary—the question of their appointment will come up again in July or August.

Mr. Curran—Did you hear anything about a proposed course for teachers?

Secretary—I heard nothing definite about it.

Mr. Curran—I understood from the Inspector here that they were to call in these teachers and give them an extra subject to teach in Vocational Schools.

Bro. Gibson, said, Dr. Burke stated they were handicapped by having only one subject and if they had another they could be re-employed.

Mr. Curran—He also mentioned calling up the Irish teachers at present teaching to give them a course to help them.

Bro. Gibson—He was doubtful, but he said he would do his best.

Mr. Walsh—it would be well to bring it before them again.

An Fear Mor—There is to be a course in Cork for Irish Teachers this summer but the matter is not approved yet, but it is coming. I think they only intend to call about 40 teachers to this Course from the various centres.

As to the number of teachers to be kept the Secretary, said, it is mainly a question of the amount spent on Irish.

An Fear Mor—There would not be much difficulty in retaining the teachers we have at present. It was not the intention of the Department to cashier them when working satisfactorily. The Committee re-appointed the teachers until August 31st.

The Department also wrote granting permission to Mr. Halpin, to conduct classes at Mellery for a few hours one day each week provided his work under the Vocational Committee was not interfered with.

School Premises for Cappoquin. In connection with the provision of premises for continuation classes at Cappoquin, Mr. Bowen, B.E. to whom the matter was referred reported on the premises offered to the Committee viz: those of Mr. Jas. Brennock, The National Bank and Mr. J. J. Smith. Premises had also been offered by Mrs. McGrath, but the Secretary read a letter from Mr. Williams, Solr., with drawing the offer.

In his report Mr. Bowen, said, the premises of Mr. Brennock, and those of the National Bank, could only be considered as sites for new buildings. As to Mr. Smith's house, to make the house fit for school purposes the whole of the inside partitions would have to be renewed, new supports provided for floors, new ground floor, stairs, hall-way, lavatories, etc. The alterations and repairs would cost about £687. He would not recommend the purchase of the premises. He said unless very satisfactory premises could be got at a reasonable price the Committee should care fully consider the question of an entirely new building in a new site.

Chairman—Has it been decided to have classes in Cappoquin?

An Fear Mor—You must get premises there.

Chairman—Would there be any chance of getting facilities for the classes in the National Schools?

Secretary—No.

An Fear Mor—To make a success of it you must have a school of your own.

Chairman—The expense is a serious item.

Secretary—There is special provision for loans for building.

Mr. Walsh—Did Mr. Bowen inspect the building site mentioned by the Secretary? He was asked for an estimate of a new building on an alternative site.

Secretary—In Barrack street there is a good building site near the convent.

Mr. Walsh—I have very fine premises in Main street, with half an acre of garden attached. I would be prepared to sell if I got a fair price. The premises are held for 80 years at a rent of £12. P.L.V. £10.

Bro. Gibson—The Department are not rushing the matter, and you can take your time, they have nothing done in that way.

Mr. Curran—We have lost a fine premises owing to this "festina lente".

Chairman—Mr. Bowen, could see this building site as also Mr. Walsh's premises.

Tramore Premises.

The Secretary, said, he visited Tramore and called on Mr. Fox. They inspected the old Cinema, which was 300 feet long and had a timber and felt roof. They also inspected the Clarence Hotel, in Queen street. It had 14 rooms and the price asked was £2,000.

An Fear Mor, said, it would be advisable for the Secretary to find out if any funds were available for the purpose of securing premises etc., for classes. The Minister of Education, said, a certain amount would be available after April 1st., but, he heard nothing of it afterwards.

Chairman—Unless some fund is available, you cannot touch it.

Secretary—There is provision in the Act for borrowing.

The Secretary, and An Fear Mor, were appointed delegates to the Technical Congress at Enniskillen in June, Mr. Butler, said, that the delegates should not be sent at all.

The Secretary, said, it was very important to be represented seeing they were entering a new plan of Vocational Education.

Mrs. Mullanny, Kilcooney, applied for a Domestic Economy class for the district. Granted.

It was also agreed to revive the Domestic Economy Scholarships this year.

The Secretary, said, at the recent examination for the position of Assistant County Librarian, Maurice Browne, Abbeyside, a pupil of the Technical School secured first place and was appointed to the post. The Committee expressed satisfaction with the result, which was highly creditable to the efficiency of the teaching at the Technical School.

Agricultural Conditions

IN SAORSTAT EIREANN ON 1st. APRIL, 1931.

Weather and work.—March opened over the greater part of Saorstát Eireann with harsh cold weather accompanied by some heavy falls of rain, sleet and snow; but these conditions changed about the end of the second week, and thereafter until the last few days of the month almost every part of the country was favoured with dry, breezy weather suitable to outdoor work of all kinds. Farmers took advantage of this favourable spell to push forward all seasonal operations. Potatoes and root crops were transferred from field pits, and plough and the carting and spreading of manures were carried out. Except in more backward districts, this work had been practically completed at the end of the month; while in more forward areas some progress had also been made with the sowing of grain crops and the planting of potatoes. At the close of the month, spring cultural operations were everywhere well in hand, although perhaps not quite so advanced as in some former seasons. It was forecasted in the reports from some of the principal grain-growing districts that the acreage under cereals would be fully up to the level of that of recent years.

Food Supplies.—Pastures during the greater part of the month were comparatively bare and afforded little keep for live stock. Reserve stocks of home-grown grain and hay on hand at most farms were, however, larger than in any recent year, and these, with the moderate supplies of roots available, were regarded as affording ample provision for the feeding of live stock during the remainder of the season. As mentioned in previous reports, the low prices which have prevailed for grain all through the season discouraged the marketing of home-grown grain cereals, and led farmers to retain such produce for feeding. The liberal use made of the grain for this purpose during the winter was reflected in the improved appearance of live stock, which, in the majority of districts, were reported to be in better condition than usual, despite the fact that outlying stock had been exposed to an unusually inclement winter. Liver Fluke disease made its appearance in many areas, but, owing to the preventive and remedial measures taken by stock owners generally, comparatively few fatalities occurred; and no serious outbreak of any other disease was notified.

Grain.—Very little home-grown grain was marketed during March, and such grain as was on offer consisted principally of oats. Feeding oats made varying prices according to quality and district, the average being about 3s. 6d. to 4s. per barrel. The demand for seed grain was very active through the month. Home-grown seed oats made as high as 4s. per barrel in some areas, and seed barley up to 2s. per barrel. In Dublin imported seed made 18s. 6d. per barrel for white and 20s. per barrel for black oats; 23s. 6d. per barrel for barley and 36s. per barrel for wheat.

Flax.—The position in the flax industry remained unaltered, with unfortunately no indication of an early improvement. Demand continued inactive, with prices at an extremely low level, namely 3s. 6d. to 5s. 3d. per stone, or an average of about 4s. 6d. These prices afforded growers no inducement to market their flax, with the result that very little scutching was carried out during the month.

Potatoes.—During March the bulk of the potatoes in pits were removed from the fields for storage elsewhere. With the exception of those of the Champion variety, the tubers kept well in the pits, and ample stocks remained on hand at most farms. The export demand firmed up during the month

and prices hardened to around £4 to £4 5s. per ton. Up to the end of the month, roughly seven-eighths of the exportable surplus had been disposed of. The demand for seed was exceptionally active and practically all stocks had been cleared at the close of the month.

Wheat, Oats and Catch Crops.—Limited sowings of wheat were made by farmers who had seed on hands which they had intended sowing in the winter but were prevented by the unfavourable conditions which then prevailed. Some sowings of Spring varieties were also made, but the total area under wheat is below that of last year. Early sown wheat made fair progress considering the weather conditions during the season and was looking as well as could be expected. Catch crops also looked healthy despite the check they received during the harsh weather at the beginning of the month, but these crops will hardly be fit for cutting until well on in April.

Cattle.—The provincial fairs held during March were of the usual dimensions for the season. Young cattle in condition were in good demand, but thin and inferior animals were difficult to cash. The demand for fat cattle for export weakened as the month progressed and prices generally had a downward tendency. On the whole the prices of fat cattle compared favourably with those prevailing at the corresponding time last year. Choice springers and down-calved cows continued in fair demand.

The following quotations represent the average range of prices which prevailed during the month for the classes of stock specified:—Calves under 6 months £2 5s. to £4. First Class yearlings (6 to 12 months) £8 to £10 10s. First Class Stores (1 to 2 years) £11 5s. to £14. First Class Stores (2 to 3 years) £15 to £18. First Class Stores (3 years and over) £16 to £19. Fat Bullocks and Heifers £18 to £22. Best Fat Cows £14 to £19 10s. Choice Springing Cows and Heifers £18 to £25. Down-Calved Cows £18 to £22.

Sheep.—Flocks were maintained in good condition during the month. Reports from every district indicated that ewes were strong and healthy. Lambing was almost completed in lowland districts and had made good progress in mountain areas. The crop of lambs was good, being in some districts above the average, and the lambs were reported to be healthy with comparatively few losses. In County Galway the price of wool advanced to 8d. per lb.

The sheep trade at the provincial fairs held during the month was on the whole dull. Lambs realised from 40s. to 45s. each, wethers 55s. to 65s. each and fat sheep 70s. to 80s. each.

Pigs.—The number of pigs marketed at the various centres during the month of March was about the same as that for the preceding month. The total numbers marketed during the first three months of the present year showed a considerable increase over those for the corresponding period of last year. Pigs suitable for the bacon trade were, however, in short supply at most scales and markets during the month. Prices fell as the month advanced but revived towards the end, the top prices ruling in the last week being around 67s. per cwt. dead weight or approximately 50s. 3d. per cwt. on the live weight basis. In the northern markets of Saorstát Eireann supplies were also on the short side and the top prices quoted at the end of the month were around 69s. per cwt. dead weight. Bonhams were in plentiful supply, but demand was more restricted and prices fell to about 20s. to 30s. each for those under 12 weeks. Low prices for pigs combined with improved prices for potatoes, have had a disturbing effect on the industry, but notwithstanding this, reports generally indicate that breeding stocks were being fairly well maintained.

The export of fresh pork during February continued at the same high level as during January. Particulars of those for March are not yet available. Prices during March ranged around 72s. to 84s. per cwt. dead weight.

Horses.—The trade in horses was steady during the month with no special feature worthy of record.

Milk.—The supplies of milk to creameries increased considerably during the month of March but still below normal for the time of the year. Prices for February milk were around 6d. per gallon with separated milk returned.

LISMORE NOTES

NEW MOTOR GARAGE.

Within the past couple of months a splendid new motor Garage has been opened in Lismore by Mr. A. J. Sargent, Cappoquin, which supplies a long felt want in the town. The new establishment is situated in a most convenient and central position, close to Messrs. Paxman's Butler Factory, and the Gas House, and on the side of the road leading from Lismore to Cappoquin, which is the main trunk road between Cork and Waterford. The premises have been beautifully laid-out and fully equipped in the most modern and up-to-date manner by Mr. Sargent, who is brother of Mr. M. J. Sargent, Cappoquin, so that he is thoroughly experienced in every branch of motor and mechanical engineering. The repair shop is a spacious and well-ventilated apartment, and in addition there are splendid offices and show rooms and every other requirement that go to complete the most modern garage.

A huge petrol tank of 1,500 gallons capacity has been laid down underground and the necessary pumps have been erected outside for the supply of the best grades of petrol for passing motorists. The premises are provided with electric light throughout by a private dynamo, and all the latest machinery has been installed inside for the carrying out of the most delicate and intricate work in the motor engineering line.

An expert mechanic himself, all work is either personally carried out by Mr. Sargent, or under his immediate personal supervision by experienced mechanics, so that all orders entrusted to him will always be executed with the greatest satisfaction and dispatch.

The premises are replete with complete stock of tyres, tubes and all motoring accessories, while wireless Sets can also be supplied and installed on the shortest notice. Motor car and wireless batteries are also stocked and charged at reasonable prices, and any type of motor car or motor cycle can also be supplied. First-class Saloon cars can be had for hire, and nothing that the modern motorist or member of the public may require will be found wanting here.

Mr. Sargent has certainly started business on most practical and ambitious lines, and we are glad to hear that he is receiving a most generous measure of patronage from the public, and we wish him the best of luck and prosperity in his new and important undertaking.

SUCCESSFUL GOLF CLUB DANCE. On Wednesday night, 15th, inst., (Race Night) a grand dance was held in the New Hall under the auspices of the Lismore Golf Club. There was an extremely large attendance of ladies and gentlemen from all parts, a large proportion of those who had been at the Point-to-Point Races during the day remaining over to help them forget their losses by backing "losers" or getting "welshed" as many of them did after the last race.

The dancing floor was in capital order, the music supplied by the "Ubique" orchestra was of the best, while the catering arrangements were admirably carried out by Mr. G. Watson, Cappoquin, in a manner which won the highest praise from all.

The young ladies in their brightest and best frocks provided a rare picture of charm and loveliness, and from every point of view the dance proved a most enjoyable and successful function, and was a distinct credit to the members of the Lismore Golf Club.

MOTOR ACCIDENT. Owing to the great congestion of traffic on the streets of the town after the races on Wednesday evening week a couple of rather serious motor accidents occurred, but as we understand that certain of the motorists involved will probably be summoned for reckless driving at the next District Court to be held on Thursday, May, 14th, we must refrain from giving further particulars for the present. On the whole, however, the traffic regulations were most perfectly controlled by the Civic Guards, who had no easy task.

RESTORATION OF CATHEDRAL ORGAN. For the purpose of raising funds for the restoration of the organ in the Protestant Cathedral, a great sale of work was held in Lismore Castle on Thursday afternoon, 16th, inst., and attracted a large attendance of all the leading members of society from Lismore and all the surrounding districts. The proceedings were formally opened by her Grace the Duchess of Devonshire, who, with the Duke, is at present in residence in their famous and picturesque Irish Seat, Lismore Castle, while the various stalls were in charge of several of the more prominent ladies in the town and neighbourhood.

A large assortment of valuable goods was offered for sale, and a brisk sale was conducted in every department, with the result that the event proved highly successful and a good sum was quickly realised for the deserving "Organ Fund."

GREAT HURLING MATCH. On next Sunday the ureth and well-laid-out Galle field here should be the scene of a great hurling match when Dungarvan Senior Hurling team will meet Tallow Seniors in their tie in the first round of this year's Co. Championship.

Both teams have now reached a high stage of efficiency in the hurling field, and their meeting on Sunday should provide a brilliant and thrilling exhibition of the game.
