DUNGARVAN URBAN COUNCIL

The weekly meeting of the above was held in the Town Hall, Dungarvan, on Friday. Mr. J. Butler, Chairman, presided, the other members present were—Messrs. M. J. Keane, J. F. Moloney, T. McCarthy, Jas. Hackett, Wm. O'Donnell, T. Power, and Moe. Griffin.

Expenditure.
The pay sheets for the week were as follows:—General A.C. £ 12s. 10d. Harbour A.C. £ 3 18s. 0d. Relief Scheme Grant £ 5 9s. 11d.

Payments were passed.
The question of men employed on the Relief Grant leaving the job for the purpose of working at boats on the quay was raised.

The B.S. said he only heard of one man doing so, and that man was since let off.

Mr. Power—There were two men left the job to work the boat on Wednesday.

Time Limit.
The B.S. reported that as the matter was referred to him at the last meeting he had agreed with the Contractor of the Mitchell St. houses (Mr. P. Fitzgerald) on a time limit of 5 months for the building of the walls.

The Council approved of the agreement.
Abbeyview Sewer.
A letter was read from Mr. McCormoskey, Abbeyview, calling attention to the delay in repairing the sewer there.

B.S., the pipes are on order, but did not come yet, we have some 6 inch pipes from Abbeyside, but would not have enough.

Mr. Moloney—It is long enough open there and should be done this week.
The Council ordered the work to be done immediately.

Purchase Of Horse.
Mr. R. P. Byrne, V.S., reported on his examination of the horses offered to the Council. He recommended the purchase of Mr. Hackett's horse at £14 or £15, which was the full market value.

Mr. McCarthy—What was the price he offered the horse at.
Clerk—£14.

Mr. Hackett—I was speaking to the owner and he said he was not giving the horse less.

Mr. Keane—I propose we offer Mr. Byrne's figure of £15.

Mr. Moloney, seconded.
Thos. Egan, Scavenger, who attended, said, the horse was very satisfactory.

Mr. McCarthy—How is the cart, it looks very bad.

Scavenger—The top boards are broken.

Chairman—There is no danger of the cart falling asunder.

Scavenger—No.

An order was made to have the necessary repairs done to the cart.

Vaccination Defaulters.
A letter was read from the Department re Vaccination defaulters, and asking that active steps be taken to see that the law was enforced.

The letter was referred to Mr. De. Thanks.

A letter thanking the Council for resolution of sympathy passed to him on the death of his brother, was read from Mr. John Christopher, Main St.

Block Making.
The Contractors for the block making in connection with the building of the new houses, were ordered to get extra men on the work, so that there would be no delay.

S.S.O. Officers Report.
The S.S.O., reported he had served notice on the owner to remove manure from a field in Youghal Road.

The Council approved of this course. He recommended that tenders for caretakers for the Ladies and Men's Bathing places and the Park be advertised.

It was decided to invite tenders. He also recommended that the horse be put in Scanlons park during the week-ends.

Mr. McCarthy objected, and said, that would not be fair to the people using it.

The Council decided to invite tenders for the grazing of the horse every night for a period of 6 months.

Ranges.
A discussion took place on ranges, which arose out of a proposal by Mr. McCarthy, to grant a new range to Mr. M. Whelan, as he was willing to pay half the cost.

The Clerk, in reply to a member said three ranges were replaced during the past 12 months for which the Council had only got one solitary pound.

Mr. Moloney—Why order the ranges without getting the money.

Mr. Keane said, it was ridiculous if after getting these special type of ranges 3 years ago, we have to turn around now and replace them. It was

Co. Waterford Library Committee.

The monthly meeting of the above was held in the Courthouse, Dungarvan, on Tuesday. Rev. Jas. Walsh, C.C., in the Chair, the other members present were—Messrs. R. J. Collender, M. J. Keane, J. F. Moloney, M. F. Walsh and J. Butler.

Mr. Murphy, Librarian and Moe. Brown, Assistant Librarian, were also in attendance.

Payments.
Payments submitted by the Librarian amounting to £274, 10s. 1d. were passed.

Tenders For Book Supplies.
Tenders for supplying books to the Committee for the year were received from Messrs. Veritas Book Co., Colum McLoughlan and Co., and Messrs. Brown and Nolan.

The Librarian said the most satisfactory tenders were those of Messrs. Veritas and McLoughlan. He thought the best thing to do was to divide the order between these two firms, as was done the previous year.

Mr. Keane, referred to a few bad books, which came to Dungarvan and asked if it could be traced how they came there. He also inquired if any books were withdrawn from circulation.

The Librarian stated he was making enquiries regarding the books mentioned. Two books were withdrawn, viz., "All Quiet on the Western Front" and "The Sea Hawk." He would like if when people object to a book that they state their reasons and say where it was bad.

On the proposition of Mr. Collender, the Committee decided to divide the contract between Messrs. Veritas, and McLoughlan. The Librarian to arrange to get most of the fiction books from Messrs. Veritas.

Pictures For Schools.
With regard to the procuring of pictures for National Schools a letter was read from the Carnegie Trust, stating they could not agree with the Committee's proposal to expend £15 on the purchase of pictures for circulation in National Schools out of the Trust Funds. The money might be got from the rate fund.

The Librarian, explained that the pictures were being circulated by the Co. Dublin Committee, but that no money was expended on them as they were loaned.

No action was taken.

Insurance Of Property.
The Librarian gave the Committee a list of the Insurance in force for the various libraries in West Waterford, which was considered satisfactory.

Lighting Tallow Library.
The Librarian reported on the necessity for the installation of the Electric Light at the Tallow Library. He had not got a quotation, but thought £5 would be about the probable cost.

The Committee decided to have the light installed.

Selecting Books.
The Librarian was granted permission to go to Dublin, for the purpose of selecting the books at Messrs. Veritas, and McLoughlins, it being considered impossible to select from catalogues.

Books For East Waterford.
Mr. Keane, said he had had inquiries made from Kilmacthomas as to when books would be available there.

The Librarian stated that when books were available he intended opening Tramore and then Kilmacthomas, at present they had something over 2,000 volumes, and to supply the County they would require 25,000 volumes.

Mr. Moloney referred to the condition in which some of the books were returned to the Dungarvan Library, which he described as shocking.

The Committee decided to have rules governing damage to books etc., hung in the offices.

MUNSTER CHAMPIONSHIP.
At Cork last Sunday, Tipperary beat Limerick in Senior Hurling by a big score.

not fair to the Council or the tenants. He agreed with Mr. Moloney that the money be paid down before any ranges were got in future.

Sympathy.
On the proposition of Mr. McCarthy, seconded by Mr. Hackett, a sincere vote of sympathy was passed to Mrs. Harris, and relatives on the death of Mr. Willie Harris, Ardmore.

The Chairman, in putting the resolution referred to in feeling terms of the loss sustained by Mrs. Harris.

The resolution was passed in silence all present standing.

OBITUARY.

DEATH OF MR. W. J. HARRIS, B.E., ARDMORE.

We regret to announce the death of Mr. William J. Harris, B.E., Ardmore, which took place at his father's residence on Friday last, fortified by the rites of the Holy Church.

Deceased who was a young man in the very prime of life was the eldest son of Mr. Harris, and late Mrs. Harris, Ardmore. He was a brilliant student and after pursuing his intermediate studies at the Christian Schools, Youghal, he proceeded to University College, Cork, where he took up engineering and in due time obtained his B.E. Degree with honours. Later he was appointed Professor of Mathematics at the Christian Schools Dungarvan, and while in that capacity he won the admiration of his Superior and pupils alike. About a year ago he was appointed Assistant County Surveyor to the Kerry County Council, and the pity of it is that his professional life was cut so short, as he was a young man of undoubted ability and uprightness and would have made his mark as the days went by. Last November he contracted a severe chill and later complications ensued which eventually caused his death.

He was a general favourite with every one. His charm of manner and amiability endeared him to all, and his untimely death in the flower of his manhood is deeply regretted. Last Autumn he married Miss Rita Morrissey, Square, Dungarvan—one of Dungarvan's most popular young ladies and sweetest singers—and sincere sympathy is extended to her and his father, his brothers Rev. Bro. Harris, Charleville, and Rev. R. J. Harris, China, and the other members of his family in their bereavement. R.I.P.

On Saturday evening the remains were removed to the Parish Church Ardmore, and were followed by a large and representative cortege drawn from near and far. On Sunday afternoon the interment took place in Ardmore Cemetery in the presence of a large gathering of mourners, relatives and friends.

Very Rev. H. Galvin, P.P., Rev. H. Synott, C.C., and Rev. R. D. Walsh, O.S.A., Dungarvan, officiated. The final prayers at the graveside were recited by Rev. R. Walsh, O.S.A.

The Chief mourners were—Mrs. Rita Harris (wife); Mr. Wm. Harris, (father); Miss Ciss Harris (sister); Rev. Bro. Harris (brother); Mrs. J. J. Morrissey (mother-in-law); Patk. and Wm. Morrissey (brothers-in-law); Nan and Mrs. P. Morrissey, (sisters-in-law); Mrs. Canfield (Aunt); Mr. and Mrs. Cregan; Mrs. D. Mansfield and family; Miss and Morgan Lyons (cousins). Amongst those present were—Rev. Bro. Gibson, and Rev. Bro. Keneally, Dungarvan; Rev. Bro. O'Hanlon, Christian College, Cork; Rev. Bro. O'Connell, Youghal; Rev. Bro. Byrne, North Monastery, Cork; T. J. Delahunty, B.E., Co. Surveyor, Kerry, and Mrs. Delahunty; Messrs. McElligott, Killarney, and Madden, Kenmare, Assistant Co. Surveyors; J. Ormonde, B.E., Dungarvan; Messrs. J. Crowley, B.E., J. O'Sullivan, (Kerry County Council); Mr. and Mrs. Dennehy, Rathmore; Mrs. Costigan, Fitzgerald, and O'Keefe Killarney, etc. Wreaths were laid on the grave by his father and family; County and Assistant Surveyors, Kerry; Road Staff Kerry County Council; Mrs. Troy, and family, Ardmore; Jack and Mary O'Brien, do.; Mrs. Hurley, Cafe; Mrs. D. Flynn, and family; Miss B. Troy, Mrs. Rita, Jack and Joe. Mass cards were sent by Mrs. Morrissey, Nan, and Friary Choir, Dungarvan.

RETREAT AT YOUGHAL.

A fortnight's Retreat for the members of the Confraternities of the Holy Family and for the people of the parish in general was brought to a conclusion on Sunday evening. It was conducted by Fathers Michael and Felix, O.S.F.C., Cork, whose untiring and well-directed efforts from start to finish resulted in a most edifying success all round. The first week was devoted to the women and the second to the men, the members of the Confraternities taking up their usual sections at the various exercises. The order was Mass and Lecture at 7 o'clock. Confessions during the day and devotions and sermon in the evening. The good Fathers by their eloquent yet practical and touching discourses got at their hearers. It was therefore not surprising to see the spacious Church crowded morning and evening. The General Communions on both Sundays formed a striking response to their labours, the closing ceremonies on Sunday evening and the previous Sunday were very impressive, including solemn renewal of baptismal vows with lighted candles in hand, imparting of the Most Holy Sacrament. At first Mass on Sunday, the Very Rev. Canon J. O'Donoghue, P.P., warmly congratulated his people on the great success

Dungarvan District Court.

AN EARLY MORNING CHASE.

ALLEGED LOITERING WITH INTENT AT GLIDDANE.

(Before Mr. Troy, D.J.)
Inspector Kelly, charged Patrick Drummy, with loitering with intent to commit a felony at Mr. Jas. Burke's Gliddane, on March, 24th., last.

Mr. A. R. Farrell, solr., defended.
Mr. Burke, farmer, Gliddane, said on the 24th March, he got up at 5 a.m., and looking out saw a light outside the hen-house. He went back to bed again and after a bit he became suspicious and getting up he went out and saw a light and a person bolting from the car-house inside which was the hen-house. He went after him and recognised the person as Patrick Drummy. As witness was about to overtake him, he turned round and ran up his two hands in a hostile attitude, witness did the same and hit him on the jaw and defendant then made one spring and ran away. Witness found two broken eggs at the spot and going back to the house he found two bags not his property. Since last July 12 months they were robbed on two occasions once for £13 and before that for £4.

Cross-examined by Mr. Farrell—Witness said he was certain always it was Drummy was there. Why did you say it was Drummy was in it? I went after him and found out who was in it.

You struck him? He ran up his hands in a hostile attitude and when a person puts up his hands I believe in getting him in the first few rounds.

Did you let him away when you hit him? I did. I only wanted to find out who he was.

You made no attempt to capture him? I did not think it was my duty. The principal thing for me was to find my man.

Was it dark? At the time the visibility was for about 70 yards.

Why was it that when you came back to where your wife and maid were that you said: I am not sure if it was Drummy or Mulcahy was in it? I never used such words. When our maid was being taken last week by her mother she said they all knew it was Patcheen was in it.

Is there such a man as Mulcahy in the area? Yes.

I saw you never got within striking distance of this man at all? Only that I did how could I say on my oath that I hit him.

This happened on Tuesday March 24th., why did it take 6 weeks to bring the summons? The Superintendent can explain why they delayed since 11th., April when I went to the Guards.

Why did you wait so long? Because he was a poor man.
Have you accused him in the wrong? There was no mistake in the world on my part.

What eggs did you find? Two broken.

What were the bags there for? For the hens.

To put the hens in the bag? You can draw your own conclusions.

What time do you usually get up? 5.45 o'clock.

What time do you collect the eggs every night? I don't consider that in my line.

Was it that morning's eggs you saw? It may be.

The hens would lay before daybreak? They may.

How far were you from him when he was running away? 10 or 12 yards witness was barefooted as if he had his boots on his man would get away. My wife and maid got up and went out.

Mr. Farrell—Your maid says she saw no one?

Witness—And why did she say in the presence of her mother "we all know it was Patcheen did it."

Patk. Drummy, (defendant), in reply to Mr. Farrell, said, he was married and had two children. He denied being in Burke's yard on the morning of the 24th., March. It was on the 25th. March he heard about the matter. At the time mentioned 5 a.m., on the 24th. March, he was in bed. When witness returned home in the evening of the 25th., March his wife told him that her mother had been telling her of what was supposed to have happened at Burke's, on the Monday morning 23rd., on Tuesday morning 24th., he got up about quarter to nine and had not been out of his home since the previous evening at 9.30 p.m. He was never inside in Burke's yard, Burke never struck me in the jaw. It must be his ghost he struck.

Cross-examined by Inspector Kelly

of the retreat and, speaking on behalf of his priests, his people and himself, he expressed the deepest feelings of devotion and gratitude to the good missionaries, who had laboured so zealously and so successfully in their midst for the past fortnight.

Dungarvan District Court.

—It was my wife told me first that I was blamed for being at Burke's.

Were you hurt when Burke hit you? No, except he hit me in bed, (laughter).

Is your story a concoction? Yours may be a concoction, but not mine. I know Burke's place. I don't know the hen house.

To Mr. Troy—Once Burke gave me a drive from Abbeyside to Monagh in his trap. That was two months ago, and before this business. I was indignant at hearing I was blamed for robbing his hen house, but I did not go to see Burke about it, we passed it off as a joke. My wife's sister was up there.

Mrs. Drummy, wife of the defendant, said on the 25th., her mother was down at Burke's and they told her that on Monday morning her husband or Davy Mulcahy, was supposed to be there. Her husband was not out of the house on the morning of the 23rd. He never got out of bed at 5 o'clock in the morning and he could not have got out unknown to me. Her mother took away witness's sister who was a maid at Burke's as they wanted her to swear false things about my husband.

By Inspector Kelly—I agree with my husband's story. We passed it at first off as a joke and we thought no more about it.

Rita Power, sister of the last witness who was employed by the plaintiff at the time of this alleged happening said, on the morning in question Mrs. Burke called her and she got up and went out in the yard after Mrs. Burke. It was dark at the time. Plaintiff was ahead of them. She saw no one else there. It was on Monday morning. When Burke came back, I said who was in it and he said it was Drummy, but he said he could not be sure if it was Drummy or Davy Mulcahy.

Mrs. Burke told me to tell the Guards if they came to say to them, that it was Patsy Drummy was there. Mrs. Burke also told her another evening when witness was about to leave the place that if she went there, would put the blame on Drummy.

Did you go? No, she hunted me down stairs again.

Cross-examined—I deny I said to Burke—it was Patcheen was in it.

To Mr. Troy—Burke said to me when he returned he could not identify whether it was Drummy or Mulcahy was in it.

Mr. Troy—I have no doubt whatever it was Drummy was there.

Answering the Justice, Inspector Kelly said, there was no previous conviction against defendant.

Mr. Troy—I understand from Mr. Burke this is only the end of a series of larcenies. If it were a question of want or hunger I would take a different view of it. It is a serious thing when a man goes out in the early hours of the morning robbing farmers' places.

Mr. Farrell asked that a lenient view be taken of the case.

Mr. Troy convicted the defendant and sentenced him to two months hard labour the warrant not to issue if no charge is made against him for 12 months. But that I believe he was hungry more than anything else I would have no hesitation in sending him to jail.

DEATH OF MRS. POWER, DUNDALK.

Deep regret is caused by the death on May 4th., 1931, of Mrs. Mary Theresa Power, Irish Lights, and daughter of the late Thomas and Mrs. Carey, Old Parish, at her residence Point Road, Dundalk, after a rather prolonged illness, at the early age of 48 years, fortified by the rites of Holy Church.

Deceased was held in highest esteem by all. Her charming manner and genial disposition endeared her to everybody. Her remains were removed by motor from Dundalk to St. Mary's, R.C., Old Parish—a distance of 200 miles—and were accompanied by her husband and friends. The cortege bore tribute to the popularity of the deceased. On Wednesday 6th., Masses were offered up for the repose of her soul by Very Rev. J. Nugent, P.P., and Rev. M. Guiry, C.C., after which the interment took place in the adjoining burial ground in the presence of a large gathering of friends and sympathisers.

The Chief mourners were—Laurence Power (husband); Patk. and Augustina (sons); Mary Alice and Teresa (daughters); Declan Carey (brother); Mrs. Kirwan (sister); John Kirwan and Patk. Power, (brothers-in-law); Jas. Thomas, Extrim, (nephew); Mary and Alice Carey, (nieces); Mrs. Carey (sister-in-law); Mr. and Mrs. O'Connell, Clashmore, John and Mary Carey, Dromore, Ed. and Mary Merrin, Ballinacorney, Maurice and Mrs. Tobin, Ring, Wm. Thomas and Richard Harty, do.; Daniel and Mrs. Moore, Rushen, Mrs. Coyne, and family; Mrs. Keane and family, P. Wynne, Ballymore, Mrs. Doherty and family, Pk. Kirwan, etc. (cousins). Wreaths were

sent by her husband and children; Nan and family; Point Road friends; Mr. and Mrs. Jackson; Staff of Station; Mrs. O'Le and Mrs. Lennon; Mrs. Harty, and family, Ballinacorney.

Vocational Education Committee.

At the monthly meeting of the above

An Fear Mor Vice Chairman presided, and the other members present were: Rev. Jas. Walsh, C.C., Rev. Bro. Gibson, M. F. Walsh, J. Butler, Sean Curran, M. Curran, Wm. Slack, M. J. Keane, and C. J. Curran.

Financial Statement.
The Secretary reported the balance to credit on the 7th May was £633. Payments amounting to £294 3s. 11d. were proposed to be made, leaving a balance to credit of £339.

Payments were passed.

Overflow Class.

Rev. Fr. Walsh, asked the Secretary about the proposed class at Ballysaggart.

The Secretary said Miss O'Neill, was at present holding a class at Kilcooney, She had 28 students in a small room. He went there and tried to get some of them to stay away or come to the afternoon class.

Fr. Walsh—Will the class at Ballysaggart be held afterwards?

Secretary—Yes.

Special Course For Irish Teachers.

A letter was read from the Department notifying the Committee of a special course of training to be held for selected Irish Teachers, and asking the co-operation of the Committee.

The Secretary said 40 teachers were to be selected for this special course. The Committee after a short discussion directed the Secretary to notify the Department of the Committee's willingness to co-operate, and to ask the Department to call the four teachers at present employed by the Committee to that course.

Loans For Building.

A letter was read from the Department, stating that information relative to the raising of loans for building purposes will be available from the Commissioners of Public Works, under Section 5 of the Vocational Education Act, which states that a grant may be given in approved cases, in proportion to the amounts raised by the Local Authority.

Chairman—That means there are no funds available.

Secretary—No.

The Committee did not then consider the question further and adjourned all matters dealing with sites for building premises at Cappoquin and Tallow etc.

Audit.

The Secretary reported that Mr. Hurley, Auditor had audited the accounts of the old County Joint Technical Instruction Committee and that a report would be sent in the near future.

Kilmacthomas' Workhouse.

A letter was read from Mr. Flynn, Secretary, Co. Board of Public Assistance, agreeing to let rooms at Kilmacthomas, Workhouse, at 2s. 6d. per week. Any repairs or improvements necessary to be carried out by the Committee. The matter was approved by the L.G.D.

Chairman—Are the premises suitable.

Secretary—Yes, except for the repairs I visited the place and find the Boardroom will require 24 panes of glass, the walls, ceiling, and mantelpiece and the Hallway will have to be repaired.

The Secretary was directed to get an estimate for the repairs and take tenders, and also to sign an agreement with the Board of Assistance on the matter.

BALLPDUFF'S NEW P.P.

The Very Rev. T. Galvin, who was recently appointed P.P., of Ballyduff, took up his residence in the Parochial House here on last Saturday fortnight, and despite his short connection with the place he has already won the hearts and affections of all sections of the faithful in this extensive Catholic parish. A kindly and saintly priest his appointment has been hailed with the greatest satisfaction and enthusiasm here, as the people justly feel that in Father Galvin they now have a P.P., who will not prove an unworthy successor to the many brilliant priests who have so ably guided the spiritual destinies of Ballyduff in the past.

During the long interval of about five months which elapsed between the death of Father Callanan, P.P., and the appointment of Father Galvin, as his successor, the important duties of this big parish were admirably carried out by the Rev. T. Dunphy, C.C., who is a most active and energetic young priest and extremely popular with all so that Father Galvin, found the parish in a state of complete preparedness for him when he took up his duties as Pastor here, three weeks ago.

Youghal Urban Council.

Present—Mr. J. R. Smyth, P.C., Chairman, Mrs. S. Harley, P.C., Capt. Dunne, Messrs. J. Whelan, A. J. Fowkes, D. J. Linehan, M. D. Broderick, M. J. Fleming, D. Dennehy, P. J. McMahon, P.C.

Shelter For Fishing Boats.
Mr. M. J. Hennessy, T.D., wrote stating that he had been following up the question of protection for the local fishing boats with the Department over the past 3 months. The Department decided the scheme was one for which a grant from the Relief Vote could not be made. He understood that the Department were examining a smaller scheme and that an officer of the Department was visiting the place.

Mr. M. J. Corry, T.D., wrote stating that the Ministers case against the proposal was that there were no motor fishing vessels in Youghal to need shelter. If, however, there was a definite scheme for the purchase of motor fishing boats or large vessels for sea-fishing in Youghal. The Department would then consider it. He, (Mr. Corry), put up the case for protection of the present boats and he said if there was a scheme put up for those boats the Department would contribute 50 per cent. of that scheme. He said, his Inspector, considered suitable protection could be put up, slips etc., at a cost of about £600 (he didn't think the Board would have any difficulty in getting 50 per cent. of a £1,000 scheme for that purpose). If on the other hand the fishermen of Youghal proposed to go in for sea-fishing, an official of the Sea Fisheries Organisation would attend in Youghal for the purpose of organising the fishermen and considering a scheme for loans to purchase large boats. The Commissioners should consider the matter themselves, and any further assistance he could give would be at their disposal.

Proposed Landslips.
A plan and estimate of about £95 was submitted for the construction of a landing slip at the Ferry point for the use of the Ferryboat.

After some discussion it was unanimously decided on the proposition of Mr. Broderick, seconded by Mr. Linehan, to invite tenders for the work, the cost to be refunded to the Harbour Board by the Urban Council, by instalments.

Southern Hurling Club.
The Hon. Sec. Southern Hurling Club wrote thanking the Council for having granted them the use of the Butter Market during the winter months. They had now vacated it leaving it in the best condition.

Anon. Letter.
The Clerk said he had a letter signed "A Resident".

Mr. McMahon, said that was anonymous and they never read the like.

Mr. Broderick—Throw it into the wast paper basket.

This was unanimously agreed to.

Cappoquin Y.M.S.

A letter was read from the Hon. Sec. Cappoquin Young Men's Society, applying for the use of one of the ferry-boats for a river trip on some Sunday in August.

It was unanimously decided to grant the application.

Proposed Strand Lavatory.

A letter was read from the Sec. Great Southern Railways stating that the Council's application for a site for a public lavatory on the strand had been sanctioned subject to the Company's requirements being complied with.

Mr. Broderick—This is very satisfactory.

Ex-Gas Fitter.

The L. G. Wrote with reference to the Council's letter of the 25th, ult., relative to the case of Mr. John Daly, formerly Gas Fitter, at the Youghal Gas Works, pointing out that Mr. Daly's ineligibility for a pension remained unchanged, and the Minister could not alter the decision in the matter communicated to the Youghal Urban Council in previous correspondence.

The Chairman, said the Town Clerk had done all he could in the matter.

Mr. McMahon—And the Council, too.

The Chairman—It is very hard on the poor man.

Ferry Fares.

A letter was read from Mrs. E. J. Donovan, Hotel Monatrea, applying for a season ticket on the ferry for her self and family. She need hardly remind them that the Hotel enhanced the ferry receipts to a considerable extent.

Mr. McMahon—And the ferry enhances the Hotel, too. They could not deal with the matter without notice of motion.

Mr. Broderick, gave notice to consider the matter at the next meeting.

Improvements On Strand.

A report was read from the Committee appointed to visit the Strand, recommending a number of improvements in the bathing accommodation.

After some discussion on matters of detail, the Commissioners' recommendations were adopted almost entirely.

Proposed Tannery.

The Town Clerk submitted a report of a visit of a delegation from the Council to Messrs. O'Callaghan's Tannery, at Limerick, in connection with the proposed scheme for Youghal.

The delegation included Major Arbuthnot, Messrs. McMahon, M. D. Broderick, Linehan, and the Chairman, and Town Clerk. They were received by the Manager, Mr. Patterson, who showed them over the works and gave

a lucid explanation of the process involved from beginning to end. They were deeply obliged to Mr. Patterson, and desired to express their sincere thanks for his kindness in going to so much trouble.

Mr. Dennehy, said, the Committee had acted very promptly and properly and they all hoped that their efforts would be crowned with success.

Meat Inspector.

Dr. Condy, Co. M.O.H., submitted the usual monthly report and meat inspection. Everything was satisfactory.

Vaccination Defaulters.

The Clerk read a letter from Dr. D. J. Murphy, H.O.H., submitting a list of vaccination defaulters, including 42 over three months not vaccinated.

The Clerk, said that was a very defective form, as most of those children had been since vaccinated.

Sympathy.

Mr. Whelan, said that since their last meeting a respected old resident of the town, Mr. Maurice Quirk, had died. He proposed that the Council tender their sympathy to his family.

Mr. Broderick, seconded said that the late Mr. Quirk, was a most industrious and exemplary member of the community, who had reared a family that was a credit to the town.

The Chairman, and other members having associated themselves with the proposition it was passed.

MR. DE VALERA ON BUDGET PLAN

Mr. De Valera, at Cahir, maintained that Mr. Blythe's Budget proposals for the relief of agriculture were really an additional burden on that industry.

Everyone, he said, who supported the treaty believing that it would bring prosperity to Ireland, should examine their conscience and see if it had done so. The Free State Government had not set out to undo the effects of British policy. They had not tried to go back on the British policy, but they had continued it, with the result that not only the people, but the wealth of the people was disappearing.

The alternative to that was to put the people back to the land; but, instead of that the present Government was driving them away. The opponents of his Party were forced to admit that the main industry of the country was agriculture, and during the recent by-elections the Government had promised to relieve agriculture to the extent of £1,000,000.

The Fianna Fail Party saw that they did not intend to carry out that promise, and themselves put forward a motion to give £1,000,000 to relieve farmers.

The Government voted against that, and when the Budget came, they reduced the promised £1,000,000 relief to £750,000. That sum was to be distributed partly on the basis of valuation and partly on that of population; but that was not the way to relieve the small farmer, who deserved relief most.

It was proposed to raise that money partly by tax on petrol, and partly by a tax on sugar. The tax on petrol would hit the small farmer to some extent, and the tax on sugar would mean an extra 40s. per year to the small farmer with a family of five or six.

In Tipperary South Riding the grant would amount to £28,000 or £29,000, which, to the farmer under £4 valuation, would be 1s. 8d. or 1s. 9d. in the £, and to get the relief he would have to pay a sugar tax of about 10s. per year. That also applied to the case of the larger farmer.

The Government did not propose to increase the income tax, but they took good care that the poorer classes of the community would have to bear the full burden. The Fianna Fail party had been accused that they did not favour discrimination on behalf of the small farmer, but that was not true.

Their proposals was to relieve every farmer of half the burden he had to bear.

The Government's scheme was an inequitable one, because in a county with a very large population the few large holders there would get relief out of all proportion to what similar holders in other counties would get.

The most valuable suggestion in the report of the De-rating Commission was that complete relief should be given to people under a certain valuation. The Fianna Fail suggestion was that the small holder should be completely relieved, and that the large holder should be relieved to a certain extent.

There were other means by which relief money could be raised than by increased taxation. There were economies that could be effected without impairing efficiency, such as in the Army and Garda forces, and in the higher salaried officials. The Government refused to effect these economies, and refused to exploit another source from which relief could be obtained—the Land Annuities.

These annuities were handed back to the people in Northern and Southern Ireland by the British in 1920. They were being retained in Northern Ireland to relieve the farmers and no one said that the stock holders were being robbed.

They would not be robbed if the Land Annuities were retained in the Free State, because the payment of the interest was guaranteed by the British Government.

There was no bond between the Irish people and the stock holders; the money for the relief of the Irish farmers should be retained at home instead of being given as a free gift to the British Government.

Policy of the State.

THE DE-RATING QUESTION.

Speaking at the Annual Convention of the Cumann na nGaedheal Party in Dublin, on Tuesday, President Cosgrave, said: the fact that the Convention immediately preceded the Budget was somewhat of a handicap, because the Minister for Finance could not disclose in advance his proposals for the year, and, as Government policy was closely bound up with financial proposals, they could not have the details of the Government's plans on certain subjects which interested them very much.

No doubt the subject uppermost in their minds was that of assistance to the farming community. The Commission on De-rating, though unable to arrive at unanimous conclusions, agreed that complete de-rating was not feasible.

The majority of the Commission held that assistance to agriculture could be more effectively and economically extended on direct methods of increasing production and employment. The minority reports differed, holding that no case existed for withholding from the farmer relief from the ratecharge, on the suggestion that other methods of increasing employment were feasible.

Between these two divergent views the Government had had to decide. Whatever the decision, he was quite satisfied as he said in Cork, that any assistance which it might be possible to provide for agriculture would be productive of lasting results only to that extent to which it is utilised by the farmer to increase his productive activity. The farmer was the largest producer in the country, producing probably two-thirds of the wealth produced annually. The remaining third which was attributable to industry other than agriculture was, however, of vital importance, and they must be careful to maintain a reasonable balance.

If the assistance to be afforded to the farmer was expended along productive lines it would, to some degree, benefit the industrialist; if, on the other hand, it was frittered away by inefficient management or through any extravagance it would mean the imposition of a burden on industry which would in the long run benefit neither the farmer nor the country as a whole.

"It is known, of course," said the President, "that we have promised to provide assistance for the agricultural community and to indicate the nature and extent of that assistance to-morrow. I sincerely trust that the confidence of the minority on the De-rating Commission that this assistance, whatever form it takes, will be wisely employed, and that it will make for increased production will be vindicated. And I hope, too, that it will not be forgotten that since 1925 we have provided, through the doubling of the Agricultural Grant, relief to the farmer in the matter of rates alone to the extent of over seven million pounds apart from many other contributions by way of grants for local services.

"I do not propose at this stage to enter upon an elaboration of the work which your Government has accomplished during the nine years of existence, but there are one or two aspects upon which I should like to touch. One of these is the work of the Land Purchase to which the Land Bill just passed puts what we may hope are the final touches. Delays on the part of the Land Commission are a very common subject of complaint.

"In the activities of a Department which has to deal with such a vast problem delays are inevitable, but a little consideration of the picture which I shall present to you will show that the progress has been remarkable. The total area of Saorstát Eireann is about 17 millions acres; the total area of agricultural land is estimated at approximately 15 million acres. Of this, 11,300,000 acres have already been vested under the Acts prior to 1923.

Under the 1923 and subsequent Acts 578,000 acres of tenanted land and 380,000 acres of untenanted land have been vested in the Land Commission. The preparatory work is rapidly nearing completion on 2,300,000 further acres of tenanted land and on almost 800,000 further acres of untenanted land.

"If we add these figures we find that out of a total of 15 million acres over 12 million acres have already been dealt with and the balance of 3 million acres is nearing the point when it, too, will be vested in the tenant farmers.

"In other words, out of a total of between 375,000 and 400,000 occupiers of holdings, about 340,000 have purchased their lands, and as you may have seen in last Saturday's Press, 70,000 of the balance will enjoy the benefits of the 1931 Act as from the 1st of May.

"In passing, I may recall that over £5,000,000 of public funds have been expended on the improvement of these holdings of which between normal and special works, £2,000,000 have been spent since we took over the service. These figures are striking inasmuch as not alone do they show the magnitude of the problem which has been tackled by the Land Commission concerned, as it was with every acre of arable land in the country, but they also give a measure of the revolutionary change in land-tenure which, thanks to the operation of the Land Purchase Acts, has taken place in this country within the memory of many of us.

"The result in terms of cash is that the Irish farmer is now paying by way of annuity or interest in lieu of rent an annual sum less by about 4 million pounds per annum than he was paying in rent before the Land Acts came

into operation, and the reduction is still greater if one makes allowance for the portion of his present payment which, represents repayment of capital.

"It is a matter for congratulation that in the life-time of our children the vast majority of farmers will enjoy their land in the right of full ownership subject to no payment what ever by way of rent or annuity.

"When you have regard to the vast amount of work and the complicated questions of title and tenure which had to be examined, and to the vast capital sum advanced for Land Purchase—it will probably be little short of £150,000,000 when the operations are concluded—you can realise that it is only those who lack perspective could fail to appreciate what has been done on this one matter.

THE GAELTACHT.

"Neglect of the Gaeltacht is another stand-by of those whose sole political stock in trade consists in destructive criticism of Government work. The Gaeltacht and the congested counties generally have benefited as much as, if not more than, any other part of the country from the operations of the Land Acts, and special measures have long been employed to relieve conditions there. Historical and natural causes have created in these congested areas a problem which cannot be dealt with to a conclusion in a few years. Density of population, combined with poverty of soil and natural difficulties of cultivation have made this a problem distinct from the general land problem. The fashion of relief grants under various guises was set in days gone by, but relief grants are, at best, a temporary expedient. Our special efforts are, therefore, being directed to fundamental improvements in conditions which will, we hope, in time render such grants unnecessary. Whatever progress we make, it will take a long time to arrive at this result. Meanwhile, we believe that so far as possible any measures taken and any monies expended should be spent with the intention of helping this area to become entirely self-supporting.

"We believe that in following this policy we are much closer to what the people of the Gaeltacht desire than our opponents, who seek to make them or to picture them as perpetual objects of charity.

"The problem of the Gaeltacht is not one that can be dealt with in terms of land alone. It must be solved by an extension of the available outlets for energy by way of fishing, kelp, and rural industries. Migration and the consequent provision of economic holdings will do something, but the possibilities in this direction are limited. Consequently, we have turned our attention to fastening the kelp industry and to the development of the fishing and cottage industries. The fishing industry has fallen on comparatively difficult times, but the new Sea Fisheries Association has powers and opportunities for its reorganisation which have never previously been enjoyed by any body entrusted with the development of sea fisheries.

"The output of kelp was increased last year in quantity by about 40 per cent. and the value of the industry to the kelp-maker was raised from £15,000 to £28,000. With the establishment of an iodine factory in Galway, further considerable development should take place in the quantity, quality, and value of the output.

"The revival of Cottage Industries is a slow one. It is gratifying, however, to be able to record that the hand-woven tweed industry has been revived in a number of centres, that the knitting industries have been reorganised and are being greatly extended, and that a fresh start is being made on embroidery and poplin.

"The establishment of a Central Marketing Depot for the sale of Gaeltacht products, should in time prove a real asset. Experimental work in the reorganisation of carrageen moss has been undertaken, and already the price to the gatherers has shown a large increase.

"The Gaeltacht Housing Act was an effort to deal with the housing problem in a manner adapted to the special conditions of the Gaeltacht. Over 12,000 applications have been received under the Act. The preliminary work has been difficult and tedious, but even so, the applications are being dealt with at a rate of 350 per month. 1,120 applications amounting to the sum of £400,000 have already been sanctioned, and the benefits of the Act will begin to be felt during the present summer when building operations will become general.

BUTTER MAKING CHAMPIONSHIP.

VICTORY OF CO. WATERFORD LADY.

At the Royal Dublin Society's Spring Show, at Ballsbridge, last week, the Championship Butter Making Competition was decided and was confined to competitors who had won prizes at the Show or at any previous Show. Needless to say there was very keen competition and after a most exciting contest the Judges awarded the Championship to Miss Margaret Browne, Prologue, Youghal, who is at present a pupil at the Convent of St. Louis, Ramsgrange, Wexford. It may be mentioned that Miss Browne, was awarded one of the Scholarships offered by the Waterford County Committee of Agriculture, in May 1930 and is pursuing her Scholarship course at Ramsgrange, Convent.

Ad Interim Transfer. Mr. J. Morrissey, solr., Cork, applied on behalf of Mrs. Hannah Meagher, for an ad interim transfer of a license lately held by Miss Norah O'Brien, 46, South Main St. Formal evidence having been given, and there being no objection. The application was granted.

Raeburn and Clarke, v. Whelan. This was a Civil Bill for 33s. balance due for boots sold and delivered to defendants' mother (deceased).

Mr. Wm. Hodnett, for plaintiffs and Mr. J. R. N. MacNamara, for defendant.

Evidence was given by the plaintiffs to the effect that 2 pairs of men's boots were sold to the late Mrs. Whelan, in 1925, defendant at the time living in the cottage with her, and Mr. Hodnett proved the payment of 2s. in account of that particular debt by defendants wife in November '29.

Mr. MacNamara—My defence is that there was no authority from the defendant to the buying.

Mr. Hodnett—She wore the men's boots herself. Replying to the Court, Mr. Clarke, said, he entered the boots against Mrs. Whelan, who had been dealing with them 10 or 11 years.

Mr. MacNamara, submitted he had no case to meet. There was no evidence that the defendant had authorised his mother to pledge his credit.

The Justice, said, in view of the payment in account he thought there was. Defendant said he didn't authorise his wife to pay anything on account. The boots were not for him, and he had not worn them.

The Justice—I think the defendant is entitled on strict law to a dismissal. The case was then dismissed.

Rates. Mr. John Farrell, Town Rate Collector, and Mr. Justin Condon, Poor Rate Collector, obtained decrees against a number of defaulters.

Several Charges.

Guard P. J. O'Connor, charged Denis O'Brien, Chapel Lane, with being drunk and disorderly on 14th, March.

Complainant said that O'Brien came up to another Guard and himself and asked were they looking for him and put up a fighting attitude, attempting to take off his coat, on the way to the station his language was most abusive.

Justice—Any question to ask?

Defendant—No Sir.

Guard Downes had a like charge against him for March 14th, when they found him staggering around the street and shouting and fighting.

The Justice—Any question?

Defendant—No Sir.

Sergt. O'Beirne, charged O'Brien with assaulting him in the discharge of his duty.

Complainant said defendant hailed him on the 28th, March, called him a C.I.D., who was watching him all night. He gave O'Brien a chance to go home, but he wouldn't go and he had finally to take him to the Station, his language on the way being something terrible and anything but nice for the children who were following him to hear.

The Justice—Any question or anything to say?

Defendant—No Sir.

The Justice, said, he noticed that all those incidents happened on Saturday nights. How had he conducted himself since?

Guard Downes, said he had been in twice, but there had been some improvement since the last occasion.

The Justice, said, the worst feature of the matter was the use of the bad language on all those occasions.

Sergt. O'Beirne, said there was an improvement all right, but whether it would continue was the question.

The Justice said he would take a certain course with the object of giving defendant an opportunity of amending. The use of the bad language was a most disgusting feature, which he was determined to stop. Why he should attack the Sergt. above any of these Guards he (the Justice) could not understand.

Defendant—Only for I having a few drinks I wouldn't do it.

The Justice—You were not drunk when you attacked the Sergt.

He was sentenced to one month in one case, the warrant not to issue as long as he conducted himself, the other cases were adjourned.

Defendant—I'll close my eyes passing the police, (laughter).

Sergt. O'Beirne, charged Bernard Duggan, with driving a motor car with out a driver's license, on 29th, March. The license he produced having expired on 6th, February.

He was fined 5s.

Sergt. O'Connor, charged Patk. Lynch, Knockadoon, with being drunk and disorderly on licensed premises, and with refusing to leave when asked.

Complainant said that as the result of a complainant he visited Mr. O'Donoghue's premises on April, 18th. He found the defendant there drunk. He refused to leave and witness had to eject him. Becoming disorderly witness had to take him to the barack.

Defendant said he had been at the Chapel and he only went to look for his brother John, who had been invalided from the Great War. The Sergt. asked him to go for a walk, and the walk was to the barack, (laughter). He had been in the Great War himself "look at them" (producing several medals, and he saved a Yankee priest swimming ashore with him on his back.

Dungarvan Cow-Testing Association.

ANNUAL MEETING.

The Annual meeting of the above was held in the Courthouse, Dungarvan, on Saturday, the 9th, inst.

The following were present—D. Dempsey, (President); Rev. Brother Gibson, William Murphy, John Hickey, Patrick Morrissey, and T. D. Smyth, (Supervisor).

The Supervisor, submitted his Annual Report as follows:—

Mr. Chairman and Gentlemen,—During the year 1930, 236 cows have been under test in your Association, and of this number complete records are available for 206. The average milk yield per cow was 6,089 lbs., of milk and 226.74 lbs., of Butter Fat, with an average Butter Fat Test of 3.70 per cent. Calculating Butter Fat at 1s. per lb., and separated milk at 1d. per gallon, the average earning capacity of each cow was £20 13s. 5d.

The average yield from the 10 best cows in the Association was 10,056 lbs. of milk, 398.14 lbs., of Butter Fat, with an average Butter Fat Test of 3.74 per cent. The ten worst cows averaged 2,423 lbs., of milk, 89.19 lbs., of Butter Fat, and an average Butter Fat Test of 3.73 per cent.

At the figure given above for butter fat and separated milk, the average earning capacity of the 10 best cows was £23 9s. 2d., while the 10 worst averaged £5 5s. 3d., a difference of £18 3s. 11d. between the earnings of the good and bad cow.

Taking a summary of all cows on test during the year—11 gave under 3,000 lbs., of milk, 19 gave between 3,000 and 4,000 lbs., 33 gave between 4,000 and 5,000 lbs., 32 gave between 5,000 and 6,000 lbs., 48 gave between 6,000 and 7,000 lbs., 31 gave between 7,000 and 8,000 lbs., 12 between 8,000 and 9,000 lbs., 10 between 9,000 and 10,000 lbs., and 7 went over the 10,000 lb. mark.

The best cow in the Association for the year was the 13 year old Registered Dairy Shorthorn Cow, "Chance 1st" the property of Mr. Michael Ryan, Buttery St., Dungarvan. This cow yielded 13,517 lbs., of milk and 479.85 lbs. of Butter Fat, with an average Butter Fat Test of 3.55 per cent. Mr. Ryan, is also to be congratulated on having the highest milk yielding herd in the Association, 9 of his cows averaging 10,471 lbs., of milk per cow while the average for the whole herd was 9,267 lbs.

23 cows were submitted for inspection in 1930, and of these 9 were accepted and placed on the Department's Registrar of Dairy Cattle. 1,095 samples of milk were taken and tested during the year. The total number of calves tattooed was 22, while this number is an increase on previous years there is still room for improvement where the mating of Registered Cows and approved Bulls is concerned.

There are now 5 Pure Bred Premium Bulls 1 half bred premium Bull and 1 special Dairy Bull in your Association. All Bulls of outstanding merit, so you are exceptionally well situated in this respect, and there is no excuse for not taking full advantage of the scheme where the improvement of your stock is concerned.

The Association was well represented at the Waterford Bull Sale, and Show, and Mr. J. Hickey, of Knockroe, Colligan, secured 2 Premiums, and Mr. P. Morrissey, Ballycoo, 1. Mr. Hickey, is to be congratulated on having been awarded 5 Premiums, within the past two years, he is also to be commended for having purchased at Cork Show, the Prize Winning Pure Bred Shorthorn Dairy Bull "Lismore Ace."

Milk weighing have, on the whole, been carried out regularly and accurately, and I would earnestly request members to ensure that this most important part of the Scheme be thoroughly carried out during the present Season.

In conclusion, I would wish to thank the President, and members for the Co-operation and courtesy extended in the course of my duties as Supervisor.

The Supervisor's Report was unanimously approved.

After some minor business had been transacted the meeting ended.

said he had 3 pints, he was sober. He didn't remember speaking to the publican.

Mr. J. O'Donoghue, vintner, said he advised defendant to take his brother home. He gave them no drink that time.

The Justice—Was either of them drunk? They were a bit obstreperous, (laughter).

There were similar charges against John Lynch. At the suggestion of Supt. Dennehy, all the cases were adjourned for three months.

HIS SECOND WIFE.

WHAT AN OLD MAN SUFFERED.

The second matrimonial venture of a 67 year old widower named Thomas Timmons, of Lifford, Ennis who is now aged 70, was not blessed with happiness, judging by Tom's description of his troubles to Justice Gleeson at the Ennis Court. Tom had summoned his wife, who did not appear for assault.

Relating his troubles, he said that he had been on his way to see a sick cow when he met a woman named Mrs. O'Neill, with whom he had a chat. His wife saw him, followed him and after shouting, "Ah, you done it," two or three times, threw two stones at him. He had been married three years and three months, and this was not the first time his wife had assaulted him. The house in which they had lived was his property, but it was impossible for him to live in it with his wife, because she was continually raising rows.

Justice—Has she hunted you out of your own house? Plaintiff—I have not lived in it since 25th April. She told me to go away, and that she never wished to see my face again, dead or alive, this side of the grave or the other. My wife hates me, and I have no peace at all with her.

Are you able for her?—No, I am not. And what age is she?—She is between 50 and 60 years. I am about 70 myself. My first wife died about four years ago, and for the 28 years I was married to her I had peace and happiness.

Your second venture was apparently a bad one. But you should have a bit of courage and go back to your house. —I can't. She does not want me, and will give me no peace. She'll strike me with the first thing to her hand.

Can you give me any reason for all this trouble?—There is no cause in the world. The last assault was because she saw me talking to Mrs. O'Neill. I do not begrudge her to stay in the house, but I will take the road.

Justice—Well, I have no power to intern her on the top of O'Connell Monument, and that appears to be the only remedy that would give you the peace you crave. As an alternative I will bind her to the peace in the sum of £5, and if she comes before me again I will send her to prison.

Rafe defaulter: I want a night watchman's work, because what with a public house on one side and a dance hall on the other, I cannot sleep at night.

Landlady: He is only related to me as a lodger.

Constable, giving evidence: I surrounded the factory after getting assistance.

MORE MONEY from Pigs

Here is the experience of a farmer from Enniskillen, Co. Cork. I fed about 50 pigs and during the last 9 months I have given them a penny packet of Fostoria 3 times a week. The result has been a great surprise to me. I have never had a sick pig or a pig that I suspected of having worms during the whole 9 months. That is indeed a good enough—but the best of all is that I have all my pigs fattened 4 weeks earlier than I was able to do before, even though I used other means of pig-feeding. The result of a regular dose of Fostoria are marvellous. 36 penny packets for 1/- Try 156 tin (400 doses) from Chemists and Meat Dealers.

try and parade—a picture that will bring tears
and laughter and will live long in the memory of
all who see it. All Music, Sound and Dialogue.
Also Motion News, Comedy and Cartoon
Film.

CINEMA NEWS.

The attractions at the Cinema next week include
"Words and Music," a musical medley of Col-
lege days introducing the "Biltmore Quartette,"
a famous combination of the four leading musi-
cians in the United States, ably assisted by one
hundred ladies and gentlemen of the Chorus
David Percy, the principal baritone in this musical
masterpiece, will be remembered for his ex-
ceptionally expressive rendering of the old Scottish
ballads in "King of the Khyber Rifles."

Another successful play to be screened during
the week is "Swing High," a spectacular musical
romance of Circus life. This picture effectively
utilizes the largest Circus ever assembled as a
background for the story, and it includes 3 bands,
200 performers, 6 elephants, 300 horses, 25 clowns,
16 trapeze artists, 4 camels, 6 lions, and 4 tigers.
In addition, seven of the best composers in Amer-
ica contributed to the musical score and the re-
sult is that this production includes a song cycle
that for variety of rhythm, romance, and comedy,
is the finest that has been presented since the event
of talking pictures.

To conclude this week's programme, a super-
bustrel show "The Grand Parade," will be pre-
sented on Friday and Saturday nights. This
picture will appeal to everyone and it's song hits,
"Mossin' for you," "Molly," and "Alone in the
Rain," are sure to be very acceptable. "Grand
Parade," is a story of old-time minstrelsy with
all it's pageantry and parade. Music, songs and
romance have all been blended together to make a
picture that will bring tears and laughter and
that will live long in the memory of all who see
and hear it.

Tallow Cow-Testing Association.

ANNUAL GENERAL MEETING.

The Annual General Meeting of the
above was held in the Devonshire Arms
Hotel, Tallow.

Mr. Wm. Coleman, presided, and
there were also present—Messrs. Jerh.
Canning, Daniel O'Neill, Robert Con-
don, Noel Condon, and Michael Cole-
man (Supervisor).

The Supervisor, acted as Secretary.
The minutes of the previous General
Meeting were read and signed; all cor-
respondence on hands was dealt with
in detail, and other business matters
of importance were also considered.

The Supervisor submitted the An-
nual Report, which was as follows—
Gentlemen,—I have much pleasure in
submitting for your consideration, the
16th Annual Report on the work car-
ried out in your Association during
the year 1930.

We had 43 members with a total
number of 153 cows on test; out of this
number, 146 had complete records and
gave an average yield per cow of
5,725 lbs. of milk and 210.31 lbs. of
Butter Fat, with an average test of
3.66 per cent. Calculating butter fat at
1s. per lb. and separated milk at 1d.
per gallon, the average earning cap-
acity of each cow was £14 6s. 7d.

The average yield of the 10 best cows
was 9,584 lbs., of milk and 357.48 lbs.,
of butter fat, having an average test of
3.76 per cent. Calculating butter fat
and separated milk on the same basis
as above, the average cow in the best
top would earn £21 1s. 0d. in an aver-
age period of 43 weeks.

The ten worst cows yielded on an
average the remarkably low yield of
3,075 lbs., of milk and 109.05 lbs., of
butter fat, with a test of 3.51 per cent.
in an average period of 27 weeks, and
valuing butter fat and separated milk
on the foregoing basis, gave an average
return of only £6 9s. 5d. per cow;
comparing this with the average cow
in the 10 best, it shows a difference in
yield and returns respectively of 6,009
lbs., of milk 248.13 lbs., of butter fat,
and £44 8s. 1d. in favour of the aver-
age cow in the 10 best.

The yields of the average cow in the
10 best cows in 1930, superceded those
of the average cow in 1929 by 279 lbs.,
of milk and 17.80 lbs., of butter fat,
which would mean in cash at fore-
going rate, 19s. per cow.

The best cow in the Association in
1930, was "Fatty," a Non-Pedigree Re-
gistered Shorthorn, owned by Mr.
Hugh Higgins, Curraglass, in 45 weeks
she yielded 12,628 lbs. of milk, with
388.94 lbs. of butter fat, and had an
average test of 3.08 per cent. earning
on the above basis £23 10s. 11d.

The second best cow was owned by
Mr. M. Waters, Sheanmore, a Non-
Pedigree, Registered Shorthorn, named
"Reddie." In 45 weeks, this cow
yielded 10,559 lbs., of milk with
397.01 lbs. of butter fat, and had an
average test of 3.76 per cent.

The best three year old heifer (1st.
year in milk), was owned by Mr. J.
Canning, Waterpark, "Monica," which
yielded in 45 weeks 7,066 lbs. of milk
with 258.61 lbs. of butter fat and an
average test of 3.63 per cent.

Another three year old owned by
Mr. M. Waters, Sheanmore, gave
6,800 lbs. of milk with 238.68 lbs. of
butter fat, and an average test of 3.51
per cent. in 41 weeks.

Mr. J. Canning had the best average
for any herd in the Association with
7,429 lbs. of milk 264.64 lbs. of butter
fat, and an average test of 3.53 per
cent. When this herd was first tested
in 1923, its average yield was 4,991 lbs.
of milk and 178.83 lbs. of butter fat,
or a difference of 2,432 lbs. of milk,
and 85.81 lbs. of butter fat in favour
of the average cow in 1930.

A six-year-old cow named "Red Hei-
fer," the property of Mrs. Bridget Con-
don, West End, Tallow, with a milk
yield of 800 gallons, produced 390 lbs.
of butter fat in 45 weeks, having an
average test of 4.80 per cent. This cow
through her high butter fat percentage
yielded more butter than any other
cow in the Association with a milk
yield of 1,223 gallons and an average
test of 3.08 per cent. This is a case in
point, which emphasises clearly that
the quantity of milk yielded is by no
means a guide in itself, to the value or
earning capacity of a milch cow, with-
out the consideration also of the other
important factor which is the quality
of the milk, and which cannot be ac-
curately ascertained except by the
usual process of milk-testing.

The following are some of the aver-
age yields of the Association for years
preceding 1930:—1916—milk yield
4,756 lbs.; Butter fat 168 lbs.; 1919—
milk yield 5,200 lbs.; Butter fat 180
lbs.; 1924—milk yield 5,853 lbs.; but-
ter fat 203 lbs.; 1929—milk yield 6,061
lbs.; butter fat 225 lbs.; average test
3.7 per cent. Thus in 1929, the aver-
age cow in the Association was up to
the minimum standard in milk and
butter fat, as required by the Depart-
ment of Agriculture for Registration
purposes. From the foregoing it will
be seen that the yields of the Associa-
tion in general were gradually increas-
ing since its formation in 1915, and it
is a clear proof of the value of milk
recording and testing apart even from
the other benefits derived through
good breeding and the production of
good store cattle.

The following is an analysis of cows
according to milk yields:—3 cows yield-
ed over 1,000 gallons; 4 cows yielded
between 900 and 1,000 gallons; 7 cows
yielded between 800 and 900 gallons;
24 cows yielded between 700 and 800
gallons; 23 cows yielded between 600
and 700 gallons; 33 cows yielded be-

tween 500 and 600 gallons; 27 cows
yielded between 400 and 500 gallons;
13 cows yielded between 300 and 400
gallons; and 12 cows yielded under
300 gallons.

10 cows were presented for inspec-
tion last June, and out of that number
8 cows had been registered.

The number of tests carried out dur-
ing the year was 725. The number of
cows sold was 5, and the number of
calves tattooed was very low, being
only 5.

In conclusion, gentlemen, I wish to
thank you all sincerely for your kind
co-operation with me in carrying out
the work of the Association and also
for the kindness extended to me al-
ways on the occasions of my respective
visits to your herds.

The President in a brief statement
congratulated the members on the
steady progress their Association was
making even in spite of adverse condi-
tions and circumstances.

The meeting then ended.

£750,000 GRANT.

The Co. Waterford share of the
£750,000 Grant to relieve rates is
£20,394 equal to a reduction of about
1s. 10d. in the £ on the rates.

these fairs, under the auspices of the
Urban Council, acting in conjunction
with all interested.

CAPPOQUIN NOTES.

A RECORD.

Three victories in the Gaelic Field,
Cappoquin, within a week is a record
for Cappoquin Gaels. On May 6th, in
a return match with a selected team
of Guards the local Junior Hurling
team won by 4 goals 3 points to 2 goals
and 1 point. On Saturday evening the
Cappoquin Schoolboys beat Lismore
Schoolboys by 8 goals 1 point to 1 goal
for the visitors. On Sunday last at
Dungarvan, Cappoquin Junior Foot-
ball team beat Kilmacothomas by 5
goals 4 points to 1 point. That is a
splendid start for the season and
proves the value of co-operation and
practice. In the replay match with
the Guards the scorers for Cappoquin
were W. J. McCarthy, Joe Mason, J.
Croly, and R. O'Donoghue. M.
Ormonde was referee.

THE LAWN TENNIS CLUB.

For the purpose of electing officers
and Committee, a general meeting of
the members of the Lawn Tennis
Club was held in the Pavilion on Sat-
urday night.

Mr. M. F. Walsh, presided, and
there was a good attendance of mem-
bers of both sexes present.

Mr. Walsh, was elected President,
Mr. Ebrill, as Captain; Mr. Lincoln
as Treasurer; and Mr. L. D. Dunne,
as Hon. Sec.

A gentlemen's Committee was elec-
ted as follows:—
Messrs. M. J. Sargent, C. Mansfield,
T. Lincoln, and L. D. Dunne, it being
decided that a Ladies' Committee be
also elected on an early date.

Arrangements were made for the
purpose of organising Tournaments
with outside Clubs during the Season,
and other details dealing with practice
and the proper working of the Club
during the Season were also discussed.

AN IMPORTANT WORK.

Since taking over the Pastoral
charge of Cappoquin Parish a few
years ago several important improve-
ments have been carried out, in the
town and parish by the Very Rev.
Canon Whelan, P.P., who seems never
to tire of doing good work in one direc-
tion or another.

He has now undertaken the heavy
and expensive work of completely re-
novating the exterior of St. Mary's
Catholic Church, which for a long
time past has presented a weather-
beaten and rather neglected appear-
ance. When this Church was built
in 1820, to replace the old-fashioned
and inadequate building which up till
then had to do duty for the Catholics
of Cappoquin, a half mile outside the
town on the old road leading up to
Salterbridge, the outer walls covered
with a rough coating of mortar "dash,"
which was much in vogue at that time,
Canon Whelan has now had all this
rough plaster knocked down and in-
tends to have all the walls re-plastered
with cement in the popular "block-
shape" fashion which will greatly add
to the attractive appearance of the
Sacred edifice, as well as adding to
the stability of the building.

ACKNOWLEDGMENTS.

Mrs. Christopher and family, Ballyloman, desire to return sincere thanks to all who so kindly sympathized with them in their recent sorrow.

Mrs. Fraher and family, Cappoquin beg to return thanks to many kind friends, who sympathized with them in their recent sad bereavement; also to those who sent letters and telegrams of condolence and trust they will accept this as a most grateful acknowledgment.

LOCAL HAPPENINGS.

DIED IN NEW YORK.

It was with deep regret that his many friends in Dungarvan heard of the death in New York, of Mr. Tommy Power, after a short illness. The deceased young man was very prominent in Gaelic and Musical circles. He was Secretary of the Dungarvan Football Club, and a player of more than ordinary merit, and was also a member of the local Brass and Reed Band. His funeral in New York was a most impressive one, the Church being crowded as was his house during the wake, all the prominent Gaels and Waterford men of New York being present.

No man took more to heart the Athletics and social welfare of the Irish people in America than did Tommy Power. His spare time both here and in New York he devoted unselfishly to the games of the Gael. He was married to Miss Cowling, of Killrossanty, who with three young children are left to mourn his death.

CAPPAGH GARDENS OPENS.

Owing to bad weather last Sunday, the opening of Cappagh Garden to the public was postponed till Sunday next May 17th. Garden opens 3 to 5 o'clock (new time) admission 6d. Tea 4 to 3 o'clock (new time) 6d. Proceeds in aid of Dungarvan Nurse and Nurses Pension Fund.

MOTOR ACCIDENT AT SCRAHAN.

On Sunday last a collision took place at Scrahan, Kilmacomas, between motors owned by Supt. O'Shea, Dungarvan, and a tourist named Lane from Australia. Supt. O'Shea, with his wife and family were proceeding to Waterford and the other car was coming towards Dungarvan. Both owners were driving, seeing the other car approach Supt. O'Shea swerved to his own side and it is alleged the oncoming car struck him violently on the hind wheel causing his car to great was the force of the impact that Supt. O'Shea's car was reduced to a proper wreck, while Mr. Lane's was also badly injured. Supt. O'Shea and his wife and family luckily escaped with very minor injuries. None of the occupants of the other car were hurt either. Supt. O'Shea is the most esteemed and popular Garda Officer we have had in this area since the initiation of the Garda, and his numerous friends congratulate him and Mrs. O'Shea and family on their fortunate escape from serious injuries.

ACCIDENT AT BONMAHON.

On Sunday last at Bonmahon, Mr. Harte, a well-known Campile, (Co. Wexford), merchant, had a miraculous escape from death, when his motor struck the wall adjoining the Bridge with considerable force. The car was wrecked, but Mr. Harte, a gentleman with him escaped with minor injuries.

On Sunday next at Dungarvan, Kilmacomas and Touraneena, meet in Junior Hurling; Bonmahon and Dungarvan meet in Minor Football and Kilmacomas and Lismore in Minor Football. On the same day at Aghish Knockanore will meet Ballycurran in Junior Football and Ardmore will line out against Ballyduff. Thus Gaels will have a very interesting card to follow. At Tralee next Sunday, Kerry and Waterford meet in Senior and Minor Hurling, in the Munster Championship ties. A special train in connection with these matches will leave Waterford on Sunday at 8.30 a.m., Kilmacomas 9 a.m., Dungarvan 9.30, Cappoquin 9.55, Lismore 10 a.m., Tallow Road 10.10, Ballyduff 10.20, arriving at Tralee 1.15 p.m., returning at 7 p.m. Cheap fares.

GARETAKER APPOINTED.

The Vocational Education Committee has appointed Patrick Lynch, O'Connell St., Caretaker, of the Technical School in rooms of J. Coleman, resigned.

FARMERS TO PAY LOWER RATES THIS YEAR.

Following the introduction of the Budget last week which provides for giving £750,000 to the relief of rates on Agricultural land this year, the L.G.B., has issued notice to all County Councils to prepare their rate books in accordance with the new order. Accordingly in this County the rate demands which were already prepared as per the estimate approved by the County Council have been cancelled and instructions are awaited as to the exact amount of the £750,000 to be allocated to the County Waterford, before anything can be done in depressing the demands to the required amount, we have no idea of what the reduction will mean, but it should be between 1s. 6d. and 2s. in the £. reduction on rates on Agricultural land. This £750,000 to relieve the farmers is to be levied by a tax of 4d. per gallon on petrol and 4d. in the lb. on sugar, and as this tax must revert back on the farmers again the net gain will be a very small one. So long as no economies are made in expenditure and over head taxation there can be no real relief to the people. Our little

Country cannot afford high expenditure it has to meet, and unless economy is enforced there will be trouble some day. Those who are paying heaviest have to economise most and there is no help given them from the top. All should suffer equally, but, they do not. The man who gets up at 5 a.m., to milk his cows and sell his milk at 4d. a gallon, should not have his sugar taxed, that is wrong. The poor workman with a big family must economise in sugar, why not the official with a £1,000 a year pay a bit to relieve him? To do so would be healthy.

RUSSIAN BUTTER.

During the past week huge consignments of Russian Butter, have been landed in London, and the price is anything offered for it. How can our farmers compete with those tads?

VALUABLE FARMS FOR SALE.

MISSION IN DUNGARVAN.

A three weeks Mission conducted by the Redemptorist Fathers will be opened in the Parish Church, Dungarvan, on Sunday next after last Mass.

DEATH OF VERY REV. PATRICK LONERGAN, P.P., KNOCKANORE

We regret to announce the death of the Very Rev. Patk. Lonergan, P.P., Knockanore, which occurred at the Paoochia House, on Tuesday last, at the age of 81 years.

Father Lonergan, was one of the most esteemed Fathers in the Diocese and during his priestly life of 55 years, he had ever worked zealously for the spiritual and temporal welfare of his people in the several Parishes in which he laboured he was beloved by his people and today they mourn his loss. He was a native of Ballyporeen and was educated at St. John's, Waterford, and after his ordination laboured at Ballyporeen, Kilsheelan, and Touraneena. Some 19 years ago he was appointed P.P., Knockanore, on Wednesday evening the remains were removed to the Parish Church, Knockanore, in the presence of an extremely large gathering of his late parishioners and friends. On Thursday the interment took place in the adjoining graveyard. On Sunday next at 11 o'clock (old time), there will be Requiem Office and High Mass for the repose of his soul.

HIGHLY IMPORTANT AUCTION OF

Attractive, Select Drapery and Millinery Establishment

Patrick Ryan, has received instructions from Mr. John Meagher and Miss Margaret Landers of Grattan Square, Dungarvan, to sell on the Premises on Thursday May 20th at one o'clock (Summer Time) ALL THE Premises known as No. 9, Grattan Square, consisting of dwelling-house (embracing extensive shop), yard and appurtenances held on a yearly tenancy at the yearly rent of £28 16s. 0d. Poor Law Valuation £28 0s. 0d. Rent of right-of-way 6s. per annum.

The dwelling-house is an extensive three storied building in excellent repair and comprises:—

Ground Floor: Large shop, Fitting room, Kitchen and yard with lofted storeroom built thereon. Modern sanitary arrangements.

First Floor: Drawing room, Dining room, and one bedroom.

Second Floor: Three large bedrooms.

Top Floor: One Bedroom and spacious attic. Besides shop door entrance there is also a hall door entrance to large hall leading to a splendid staircase and an entrance right-of-way from the Quay. Goods, etc., therefore, can be conveyed by rare entrance without in any way interfering with the shop business activities. The greatest care has always been exercised over the premises, it is now, therefore, in perfect repair, needing no outlay whatsoever.

A remunerative general Drapery and select Millinery business has been carried on for over 30 years and the shop is fitted in an up-to-date manner for such business, with plenty of front space and large plate glass window for display purposes.

A splendid opportunity is now at hand of purchasing one of the finest business premises in an ideal situation in the busiest thoroughfare of Dungarvan. Subscribers respectfully invite the inspection of intending purchasers and are hopeful for keen competition because of the spacious dimensions, the attractive situation, the perfect condition of repair and the reasonable terms under which the premises are held.

Fittings, furniture and effects will be sold later. Conditions at Sale, 5 per cent. Commission. PATRICK RYAN, Auctioneer and Valuer, Dungarvan. J. F. WILLIAMS and SON, Solicitors (Having Carriage of Sale), Dungarvan.

DELL LODGE, ARDMORE CO. WATERFORD ATTRACTIVE AUCTION OF A BEAUTIFULLY-SITUATED RESIDENCE.

Standing in Ornamental Grounds of about one Acre. HELD FOR EVER FREE OF RENT. JOHN CONDON AND SON Have been instructed by Mr. and Mrs. Barron, to sell by PUBLIC AUCTION, ON THE PREMISES.

At the hour of one o'clock, p.m. (S.T.), on THURSDAY, JUNE 4th., 1931. The Valuable Fee-Simple Interest in the Residence, known as "Odell Lodge," situate in the Parish of Ardmore, in the Barony of Decies with, in Drum and County of Waterford. Poor Law Valuation—Land, 15s.; Buildings, £34 5s.; Total, £35.

The Property is very beautifully situated in its own Private Grounds overlooking Ardmore Bay. It has been used as a Private Hotel for some years past, but its Residential character is unimpaired, and it is, therefore, equally suited for either purpose. The Residence from an Architectural point of view is picturesque as well as practical, the Reception Rooms being beautifully placed on the front overlooking the Grounds. The Accommodation comprises:—On GROUND FLOOR—Large Drawing-room with bay window, commodious Dining-room, Conservatory with Side Entrance, Central and Back Corridors, Breakfast-room, Store-room, Pantries, Kitchen with range and sink and 2 Maids' Rooms. The UPPER FLOOR, which is approached by a well-constructed staircase, contains 10 well-lighted, airy and comfortable Bedrooms, arranged from a Central Corridor, also Bath-room and Lavatory.

There is also a Garage and Coach-house, which are well lighted and ceiled, conveniently placed and built in harmony with the outline of the Residence. The whole Property is laid out and constructed on most excellent lines amidst Ornamental Grounds and Shrubbery in front, and nicely planted Orchard and Garden at rear, giving a very charming and secluded effect, without interference with the extensive view from the Grounds. The other Out-houses include—Store-rooms and Open Garage to contain 3 Motor Cars.

Vendors will pay all Outgoings up to 31st. March, 1931. Subscribers have pleasure in introducing the Sale of this beautifully situated Property to the notice of the Public. It is equally suited for Hotel purposes, or for Private or Community use, and undoubtedly commands the best position in the well-known Sea-side Resort of Ardmore. Churches of both Denominations, Schools, Post Office and Strand are within a couple of minutes' walk. There is also a Daily "Bus Service" to and from Cork and Waterford, and Youghal Ferry is about 4 miles by level road.

Full Particulars at Sale, or on application to Messrs. E. A. RYAN and CO., Solicitors, Dungarvan, Co. Waterford; or to JOHN CONDON and SON, M.L.A.A., Auctioneers and Valuers, Youghal, (Established 1869).

ATHLETICS.

CONTESTS AT THE CORK ATHLETIC GROUNDS.

SCHOOLS CHAMPIONSHIPS.

The promoters of the Secondary Schools and Colleges Athletic Championships held at the Cork Athletic Grounds on Saturday were unfortunate from the point of view of weather. Rain had been falling long before the sports had started, and continued at intervals during the running off of the many items which the programme contained. The attendance, however, having regard to this disadvantage, was fairly large. The grounds were splendidly laid out, and if perhaps a shade on the heavy side were otherwise in good order. The large number of 160 competitors took part in the competitions representative of the city and county colleges and schools. The various events were characterised by remarkable keenness. The Greenmount Band was in attendance and discoursed a selection of popular airs. The starting and handicapping arrangements were in the capable hands of Mr. J. J. Buckley, while the various officials rendered very efficient service. Performances of quite an outstanding character were witnessed. The talent was excellent. Considering the extensive list of events, the meeting should have been made a two-day fixture. Medals were offered in addition to the cups presented for competition. The Very Rev. Canon Scannell's Cup was carried off by the North Monastery, the Dowdall Cup was taken by the Christian Brothers College, the Kelleher Cup went to the Youghal Christian Brothers, and the Cosgrave Cup was conditionally awarded to the Patrician Academy, Mallow. Waterford Conny Board of Public Health.

The monthly meeting of the above was held in the courthouse, Dungarvan, on Saturday last, Mr. Patk. O'Gorman, Chairman, presided, the other members present were—Messrs. J. Kiersey, Mcc. Keane, J. Butler, P. J. Fox, Ml. Curran, and Wm. Stack.

Dunmore Cottage. Three applications were received for the tenancy of a vacant cottage at Dunmore, viz., Mrs. Murphy, the midwife of the area, J. O'Sullivan, Knockboy, and Jas. O'Connor.

Mr. Moloney, Cottage Rent Collector wrote recommending Mrs. Murphy, as a suitable tenant, she had lived in the cottage and paid the rent for the past four years.

Chairman—Referred to a letter from the L.G.B. to the Kilkenny Board of Health which stated that cottages can only be let to bona-fide agricultural labourers.

A letter recommending Mrs. Murphy was also read from the Doctor of the area. On the proposition of Mr. Kiersey, seconded by Mr. Curran, the cottage was given to Sullivan.

Shanballyanne Cottage. John Prendergast, being the only applicant for the tenancy of the above was appointed.

Regarding the arrears of rent £2 3s. 6d., on the cottage the tenant promised to pay £1.

Ballinamertina Water. In connection with the proposed pump to be sunk in the above area all the parties interested appeared before the Board.

Mr. Farrell, solr., attended in support of the pump being sunk in Mr. McCarthy's land. He would like to hear what Mr. Keane, the member for the area had to say on the matter.

Mr. Keane—There was an order made at the second last meeting to abide by the recommendation of the Engineer, and he thought it unfair on the Engineer to have a deputation appointed again to go and see the place.

Mr. Curran who was one of the deputation favoured the repairing of the old well.

Mr. Spredboro', Engineer, reported meeting the deputation and after going carefully into the matter he suggested postponing it until the dry season to find out if the existing springs go dry.

Mr. Farrell, solr., suggested that samples of the water from both springs be sent for analysis in the meantime.

This was agreed on and the matter was then adjourned until the September meeting.

Villierstown Water Supply. Mr. Spredboro', Engineer, reported that the reservoir of the above supply was leaking badly, the feed pipe, scour valve etc., were badly encrusted. The probable cost of repairs would be about £37.

The matter was referred to the Engineer to get done.

Clashmore Graveyard. For the cutting down and removal of three trees from the above Mr. Spredboro' recommended that the caretaker be asked to have the work carried out at a cost of 5s. per tree.

Cottages Unoccupied. Arising out of the Board's request for a report from the Rent Collectors on cottages in which the tenants were not living.

Mr. Dee, Collector, Dungarvan., area reported on some tenants in the Ring area, who were reported not to be living in the cottages.

The Secretary was directed to write to the parties mentioned.

Water Diviner's Fees. Mr. D. J. Murphy, a water diviner, who was engaged by the Board for the location of water at Ardmore, wrote complaining of the delay in the payment of his account for £3 9s.

The Board passed payment of the amount.

Lavatories At Lismore. The following resolution proposed by Mr. O'Gorman and seconded by Mr. Kiersey, was passed unanimously. "That this Board desires to be informed by the Local Government Department if any action is being taken by them to facilitate and hasten the erection of public lavatories and urinals in the town of Lismore.

CANADIAN CATTLE FOR BRITISH MARKET. Mr. Weir, Minister of Agriculture, announces that arrangements have been made to ship 15,000 live cattle to Great Britain during the present season at the freight of 15 dollars per head. Under the present higher U.S. tariff Canadian cattle are practically shut out of that market, and under the present low costs of feed with increased cattle production, it is believed that Canada can again enter the British market on a profitable basis.

creameries signify their intention to become members the Committee will not proceed further.

The signatories are:—A. Hazlett, T.D., (Chairman); J. J. Cole, T.D.; P. J. Gorry, T.D.; J. Hennegan, T.D.; F. Hartly, (Abington), E. Lane, (Berrings), E. Maher, (Freshford), Senator McEllin, J. S. FITZGERALD FOR BIKES, DUNGARVAN.

LATE MRS. TOBIN, MODELIGO. REQUIEM HIGH MASS IN BUFFALO

The "Union Times" of Buffalo, N.Y., to hand gives the full account of the Requiem Mass for the repose of her soul in Buffalo where two of her sons are distinguished Clergymen: Friday brought the sad news of the death of Mrs. Mary Ann Tobin, at her home in Cappagh, County Waterford, Ireland, to her sons Rev. William J. Tobin, pastor of St. Benedict's Church Eggersville, and to Rev. Patrick Tobin assistant pastor of Immaculate Conception Church, Buffalo. Mrs. Tobin also gave another son to the priesthood in the Diocese of Buffalo, the late Rev. Michael Tobin, former pastor at Lewiston, N.Y.

On Tuesday morning at St. Benedict's Church, a solemn High Mass of requiem was offered for the repose of Mrs. Tobin's soul, in the presence of the Right Reverend Bishop. Rev. Wm. Tobin was the celebrant of the Mass, assisted by Rev. Patrick Tobin, deacon, and Rev. M. J. Fitzgerald, sub-deacon. Rt. Rev. Msgr. Edmund J. Britt was first master of ceremonies, assisted by Rev. George O'Neill as second master of ceremonies. Rt. Rev. Msgr. F. McGloin and Rt. Rev. Msgr. Thomas Donoghue, D.D., were deacons of honour to the Bishop. Other officers of the Mass were: Rev. David Cahill, thurifer; Rev. Richard Deasy, and Rev. James Donovan, acolytes.

Other clergy in the Sanctuary included: Rt. Rev. Msgr. John J. Nash, D.D.; Rev. Thomas Harrigan, Rev. Daniel O'Brien, Rev. Patrick J. O'Dwyer, Rev. Denis Donovan, Barker, Rev. Eugene

B. Regan, Rev. William Bernet, Rev. John C. Carr, Rev. Albert F. Rivers, Rev. Thomas J. Timmons, Rev. J. O'Brien, Silver Creek; Rev. W. Kelly, Silver Creek; Rev. Raymond Curtin, Rev. Daniel Ward, Rev. James E. Scanlon, Rev. John J. Manning, Rev. Joseph E. McDonald, Rev. Francis Garvey, Rev. Charles E. O'Donnell, and Rev. John Dawley. Also present at the funeral were Mrs. Tobin's daughter, Miss Kathleen Tobin, supervisor of nurses at Our Lady of Victory Hospital in Lackawanna, and her niece, Miss Bridie Sheehan of Eggersville. The children of St. Benedict's school sang the Mass of Requiem and a large part of the congregation was present. Bishop Turner pronounced the absolution. Besides the two Fathers Tobin, Mrs. Tobin leaves to mourn her loss, one son, John of Ireland, and five daughters, Kathleen, Nell and May Tobin, Mrs. Bridie Sheehan and Mrs. Nan Quinn.

IMPORTANCE OF TRIFLES.

Little drops of water, Little grains of sand; Make the mighty ocean, And the pleasant land. Little deeds of kindness, Little words of love; Make our earth an Eden, Like the Heaven above. Little puffs of powder, Little dabs of paint; Make the merry widow, Look the thing she ain't.

Ardmore District Court.

JUSTICE'S WARNING TO OWNERS OF DOGS.

(Before Mr. G. P. Farrell, D.J.) Guard Gill, charged James Quaine, Ardmore, with driving an unlighted motor lorry. Complainant said that defendant had no light beyond a flash lamp attached to the radiator. Same defendant was also charged with having no driver's licence. He was fined 2s. 6d. in each case it being stated that he was only driving the car in the owner's absence. Guard McGeehin, charged Patrick Roche, senr., and junr., with cruelty to a donkey. Mrs. Roche said her husband was out fishing and could not attend. The boy was only nine years old. Complainant said he found the boy working a donkey suffering from a sore breast. The sore was the size of a shilling and was covered with dried blood, with matter adhering to the inside of the collar which was rubbing against the sore. The Justice—Did I see this boy in court before? Complainant said he had been witness in a recent larceny case. Complainant said the animal had sore patches all over the body. He could not ascertain its age. Mrs. Roche told witness she had bought him from tinkers (laughter). Mrs. Roche said they did not know there was anything the matter with the animal. The sore wasn't the size of a quarter of a farthing (laughter). The Justice dismissed the case with a caution, but warned them they must be more careful in future. In a number of cases for having unlicensed dogs the defendants said they always took out the licence in April, and thought that that would meet the requirements. The Justice said it seemed to be a kind of unwritten law in the district not to licence dogs till April. In those cases he would suggest that they be withdrawn this time, but in future all licences must be taken out at the proper time, or fines would be imposed. John Cashman, was charged by Guard Lynch with using a motor van without a rear light. A letter was handed in from defendant stating that he had left the district to look for employment. The case was dismissed with a caution. Edmond Hickey, was charged with maliciously damaging a fence and with the larceny of 40 yards of barbed wire, value about 5s. the property of James Mooney, Killeoleman, and with being in illegal possession of same. Supt. O'Shea, Dungarvan, prosecuted. James Mooney, said he had land on the 11 months' system adjoining Hickey's cottage at Liskeelly. He had to repair the wire fence three times after being damaged. It was cut down last August, left on the ground and taken away about Christmas. He subsequently saw it with Sergt. Mangan last month. He identified the wire produced as his. Sergt. Mangan said that the wire produced was found in Hickey's. Defendant's case was that he wire was originally put up by him. Subsequently he bought a cow, and as he feared she might get injured by the wire he took down. A labourer named Linnane said he had worked 29 years on Mrs. Whelan's land, now held by Mooney, and he had never seen any wire put up by Hickey. After a very lengthened hearing the case was marked "D.V.P." and the wire ordered to be returned to Mooney who had the Justice said, his civil remedy if he wished. A young man named John Curran, Summerhill, was charged with the larceny of a quantity of copper wire, the property of the Postal authorities. Supt. O'Shea, who prosecuted, said that the wire was discovered by a linesman to have been broken from the telephone pole, and was subsequently found in defendant's house. After a short discussion as to the section under which the case was brought, the further hearing was adjourned to next court.

OBJECTIONABLE FILMS.

WATERFORD REJECTS A LIMERICK RESOLUTION.

At the monthly meeting of the Waterford Corporation, the Mayor presiding, a resolution was received from Limerick Borough Council calling on the representatives of all Parties in Dail Eireann to introduce legislation to ensure that "all cinematograph pictures dealing with matters of objectionable or criminal nature shall not be publicly exhibited to young persons under the age of 16 years, and to establish a special supplementary censorship for the licensing of films suitable for the young. Mr. Coppinger proposed the adoption of the resolution. Mr. T. Ryan, seconded. Mr. O'Donovan said he could not see that special pictures could be produced for children, and it was up to the parents to keep them at home from objectionable pictures. "But," he said "girls of to-day are as precocious and know as much as women of 25 knew in my young days." He proposed they take no notice of the resolution. Mr. Forrest seconded the amendment. He thought the pictures in Waterford were invariably good. Aid. Keane opposed the adoption of the resolution. This amendment was carried, and the resolution rejected.

CAPPOQUIN ANNUAL BULL SALE.

The Annual Bull Sale held by Mr. M. F. Walsh, M.I.A.A., Cappoquin, in his Salesyard, Pound Lane, Cappoquin, on Thursday, 7th, inst. (fair day), attracted large entries of promising pedigree yearling bulls, from many of the leading stock-breeders in West Waterford and East Cork. There was a big attendance of bidders, so that competition was brisk and keen from the start, and most of the best animals offered for sale were quickly disposed of at satisfactory prices. The following were amongst the principal sales effected:—Mr. James Doocey, Ballingown, Cappoquin, sold a roan yearling to Mr. Jas. Meskill, Dromore, for 20½ guineas. Mr. T. Coughlan, Ballinara, Lismore, roan yearling to Mr. J. Crotty, Shrough, Lismore, for 20 guineas. Mr. James Doocey, Ballingown, roan yearling to Mr. Barron, Dromore, for 19½ guineas. Mr. Jas. Hennessy, Salterbridge, Cappoquin, red and white yearling to Mr. P. Fletcher, Ballyteomon, Dungarvan, for 19 guineas. Mr. Thomas Hanrahan, Ballinamult, roan yearling to Mr. P. Griffin, Camphire, Cappoquin, for 19 guineas. Mr. E. Coffey, Mellary, roan yearling to Mr. B. Weale, Knockalara, Cappoquin, for 18½ guineas. Mr. Wm. Coffey, Ballymacarbery, red yearling to Mr. Barron, Knockalong, for 17 guineas. Mr. Joseph O'Keefe, Boola, Cappoquin, roan yearling to Mr. R. Downey, Ballinamult, for 14 guineas. Several other animals were sold for slightly lower prices and a speedy clearance was effected the Sale in every sense being a pronounced success.

PRICE OF BREAD REDUCED.

There was a welcome reduction in the price of bread in Cappoquin last week when the 4lb. loaf was reduced from 9d. to 8d. When will the price of "Paddy Flaherty" be reduced? The time is certainly ripe for drastic reductions to be made in many other directions as with falling prices in everything the farmer has to sell at present it seems strange that prices still remain high for practically everything necessary to keep body and soul together.

A BACKWARD SPRING.

When "winter lingering chills the lap of May," the farmer sometimes wonders if ever the proper conditions for growth will come again.

The promise of the return of the seasons seems afar off, but he is generally a patient man, and knows from the experience of previous years that Spring will again come, though perhaps later than he would like. He has, no doubt, taken ordinary precautions to see that his crop gets a fair chance to make good, but these may be insufficient in an abnormally late season.

If the crop had been planted at a normal date, the time available for growth would have been sufficient and a normal yield would have been likely. This season sowing was often unavoidably late and growth must now be rapid if good results are desired.

Spring growth depends mainly on the supply of available nitrogen in the soil and the rate by which this element is rendered available to the plant is very closely related to the activity of soil bacteria. The action of these bacteria can proceed satisfactorily only when soil temperature and moisture are suitable.

TO FARMERS!

Do you realize the opportunities which are offered you at present of placing on your farms two of the most important things to help you in your every day work—

HAY BARNs AND CATTLE SHEDS. You have prices practically down to Pre-War rates and you are offered from 25 to 30 years for the repayment of same at a reasonable rate of interest.

Don't you think it worth while dropping me a post card asking me to call on you and give you all particulars, and you will be under no obligation to purchase.

I represent one of the leading Firms in the Trade for above and if you are purchasing for cash and will advise me, I will take you to the Works where you can select your shed, which will be delivered to your haggard per lorry, with scaffolding.

If you are thinking about a barn I hope you will place your order with me. By doing so you are supporting local industry and labour, and dealing with a firm of 100 years reputation for solid workmanship and material.

Local Agent—R. J. DEE, Moyrang, Dungarvan. Agent for GRAVES & CO., Limited Hay Barn Contractors, WATERFORD.

SAVE EVERY CALF. Don't let Curd and scour take its toll of your stock. You can rear every calf. Just give them a few doses of Cureox weekly for the first three months after birth. This has never been known to fail. Prevention is better than cure. Symptoms of Curd in the stomach are—head drooping—and head stagger, grinding teeth and scurrying neck and body, sometimes scour with an offensive odour. Read what users say:— "I tried a hundred remedies, but Cureox was the only cure. It never failed when used in time."—Charles M. C. Eganey, Corvish, Cappoquin. "I have used Cureox for over four years. It is the best remedy for Scour I have ever known."—J. Battister, Ballymore. "Your Cureox was excellent, and we have fine calves"—A. McInerney, Ballyglass, Cappoquin. "Every time I use Cureox it seems to act like a charm."—J. Conroy, Kilmoyry, Cappoquin.
