The matter was referred to the Engineer.

Increase of Salaries.
Mrs. Foley, Secretary of the Co. Waterford, Midwives' Union, appeared before the meeting in support of an application by the Irish Nurses' Union for an increase of salary from £2 2s. per week to £2 10s. per week, for temporary midwives, employed under the Board. The Nurses Union also asked that the Board employ Union members in preference to non-members. Mrs. White had a notice of motion dealing with the matter to increase the remuneration.

Mr. Butler, said, the men were on strike, consequently they would be destitute and it would be the duty of the Board to relieve them. He thought there should be no victimisation because of the strike.

Mr. Dunne, supported.

The Board decided to ask the Assistance Officer to deal with the cases as of ordinary unemployed people.

Sewerage.
Mr. Butler referred to the outlet of the sewerage from the Co. Home, Dungarvan, which was most unsanitary. He thought the Board should do something to have the sewerage carried out to the sea, at present it was going into an open drain by the roadside, and was offensive.

The Board referred the matter to the Engineer to give an estimate of the cost of a piped sewer to the sea.

NATIONAL THRIFT.

MEETING IN LISMORE.

A meeting was held in the Carnegie Library, Lismore, on Tuesday evening last, under the auspices of the Lismore Local Savings Committee, at which Very Rev. W. P. Burke, P.P., V.F., presided. Rev. The delegates representing the Co. Waterford are Alderman Jones, Mayor of Waterford, and Mr. M. Cassin, President Chamber of Commerce.

BEEF GROWERS' ASSOCIATION.

CHAIRMAN'S STATEMENT.

When interviewed by our correspondent as to what effect the injunction would have on the Beef Growers' Association, the Chairman of the Association, Mr. John N. Greene, remarked that the Executive Committee were surprised that such a course should have appeared necessary, but of course it does not really affect us because we rely and have always relied on the commonsense of the farmer to judge for himself how best to act in this matter and our duty is to be sure that every farmer should be in possession of the full facts concerning the price offered for sugar beet this year. The result of our extensive distribution of these facts has resulted in practically every farmer of reputation both large and small having refused to contract this year. The I.S.M. Co., through the influence they have with their Manure Credit Scheme and their Cash advances are relying on the poverty stricken farmers of the country to supply them with beet for the coming campaign. These farmers should realise that the so called assistance offered by the factory is really an inducement to encourage them to further impoverish themselves and their fellow-farmers. The loyalty of farmers in this crisis demands the greatest admiration and they are fully determined to see this fight through.

BACK AGAIN.

The Marquis and Marchioness of Waterford arrived at Carrigrohane, on Friday, from London, where they had been for the past few weeks.

A REQUEST.

Responding to the request of an esteemed Bonmahon reader, who is deeply interested in the matter, we hereby appeal to all and sundry to help to put an end to the wanton destruction of birds' nests and their eggs by ramblers.

Funeral of the Very Rev. P. Lonergan, P.P., Knockanore.

The fact that for some years past he had been prevented from taking part in the affairs of his parish, in no way minimised the close tie of endearment so firmly cemented between the late V. Rev. Fr. Lonergan, P.P. Knockanore, and his parishioners. Evidence of this was given when the mortal remains of the dead pastor was interred in the cemetery adjoining the hillside Parish Church. Father Lonergan died on the 12th, inst., and by his demise there has been severed a connecting link with Church and people that extended throughout a long and saintly life. He had attained the ripe age of 81 years, and, save that he suffered from ill-health that for some time previously precluded him from carrying out his duties, he retained up to the last his full faculties. Those who were with him to the end say that even his sense of humour—a characteristic that was not least amongst his many estimable ones—did not fail him. He passed peacefully to the reward of a truly priestly career.

A native of Burnscourt, Clogheen, the late Rev. Fr. Lonergan had the distinction of being one of the first students to be ordained in the present St. John's College, under Dr. Delaney, the founder of the college. He served on various missions throughout the diocese, the greater portion of his ministry being devoted to Ballyporeen, and Touraneena. From the latter parish he came as pastor to Knockanore in 1912, and here, where he gave the remaining period of his life's labours he was beloved for his very many lovable qualities. Congratulations were showered upon him when he celebrated his golden jubilee four years ago. Those who knew him most intimately always refer to his quiet and retiring disposition, and his unobtrusive public life. Nevertheless, in his younger days Fr. Lonergan was a staunch supporter of the Land League Movement, and in more recent times he did not hesitate to use his influence in furtherance of the newer national cause of Sinn Féin. In one case, though the dead parish priest was one of the now rare types of old school of priests, whose love of old times, and old things was ever with them—one of those who would not too readily laud the advantages of modern progress and modern invention. He preferred the less crowded and easier way of the people of his younger days. In his passing, the diocese of Waterford and Lismore has lost one of its oldest priests, a man who was genuinely revered for his sanctity and his goodness by all who knew him, and whose decease has created a void that, in more than one respect must remain unfilled.

The parishioners by their large numbers at the interment, testified their respect for their dead pastor. They were agitated by numbers of others who came from Cappoquin, Lismore, Dungarvan, Youghal and other places, to pay tribute to his memory. No doubt, too, were the day other than a holiday, the attendance of the clergy would have been of marked proportions.

At the burial service, Very Rev. Professor Canon Power, U.C.C., presided. The other Clergy attending were—Very Rev. Canon Burke, P.P., Lismore; Rev. P. Murphy, Clashmore; Rev. T. O'Brien, P.P., Portlaoise; Rev. J. McCarthy, C.C., Knockanore; Rev. J. Murphy, C.C., do.; Rev. T. O'Gorman, C.C., Lismore; Rev. J. Walsh, C.C., do.; and Rev. W. O'Mahony, C.C., Kilmacomas.

Amongst the general public were—Capt. and Mrs. Holroyd Smyth, Ballintra, Youghal; Mr. E. A. Ryan, State Solicitor, Dungarvan, and Mr. J. L. O'Sullivan, Secretary, Waterford Co. Council.

The chief mourners were—Messrs. John Lonergan and Patrick English (nephews); Miss Mary Lonergan, and Miss Kate English (nieces); Rev. T. O'Brien, P.P.; Rev. J. O'Mahony, C.C.; Mrs. Johanna O'Brien, Mr. John O'Brien, and Mr. Ed. O'Brien, (cousins).

The grave was lined throughout with moss, and around the top were inserted plants of primroses in bloom.

OBSEQUIES.

At the obsequies of the late Fr. Lonergan, P.P., on Monday at Knockanore, Parish Church, His Lordship Most Rev. Dr. Hackett, presided.

He was assisted at the throne by Very Rev. Canon Burke, P.P., Lismore, and Very Rev. Canon Prendergast, P.P., Carrick-on-Suir.

The celebrant of the Mass was Rev. T. O'Brien, P.P., Portlaoise; deacon, Rev. M. Murphy, C.C., Clonmel; sub-deacon, Rev. R. Power, C.C., Cappoquin, and master of ceremonies, Rev. R. Power, Bishop's secretary.

Practically the entire congregation waited in the Church grounds until his Lordship, Dr. Hackett, emerged from the sacristy. For quite an appreciable time the Bishop was kept engaged, first with the women, and then the men parishioners, each one of whom kissed the episcopal ring.

GRASSLAND DEMONSTRATION.

Many farmers who have visited Mount Mellery in recent years to inspect the Grassland which has been intensively treated with fertilizers for the past five years should attend again this year, and see for themselves the actual results. In addition to those who have already come, there are many more who would be well repaid by spending a day at Mount Mellery. Under the present period of depression increased production per acre must be the aim of every farmer who wants to maintain his position. Mount Mellery has shown how this can be done, and even the smallest farmer can follow this example by increasing his output from one-acre of land. The outstanding advantage of this Grassland treatment is the early bite in April which is invaluable to every farmer. Concentrated Fertilizers are now being used at Mount Mellery and those interested should attend a meeting there on Friday May 29th, at 3 o'clock (old time). Mr. O'Reilly, B. Agr. Sc., of Imperial Chemical Industries Ltd., will attend and explain intensive Grassland management and the value of fertilizers in increased production from the land.

MR. WM. ORR, EX.R.M.

Mr. Wm. Orr, B.L., who was for many years Resident Magistrate, for Co. Waterford, prior to the Treaty, has been on a visit to Dungarvan during the week, and stayed at the Devonshire Arms Hotel. Mr. Orr, while living here amongst us was held in high esteem by all classes, and during his visit has renewed acquaintance with many old friends, who were glad to welcome him back to the old Borough.

Kilmacomas News.

A COSTLY CASE.

Patrick Power, Faha, Kilmacomas was at Waterford District Court charged with the larceny of a bicycle value £3, the property of David Power, Ballyrobin, Kill. Accused, pleaded guilty to the offence, but said he was drunk at the time it happened.

Sergeant Mullen, Kilmacomas, told his Worship that when he was drunk was arrested he said he was drunk and that only he was he would not have taken it. When he took the bicycle he brought it to a bicycle agent in Portlaoise and left it there. He was subsequently brought before a special court at Kilmacomas and admitted to bail, but later absconded. He was afterwards arrested by the English police in Monmouthshire. The occasion, which the bicycle was taken to the yard in Kilmacomas where the bicycle was and looked around first before taking it. He left the bicycle in Portlaoise and returned to his employer Mr. Patk. Maher, of Kilmovee, Kilmacomas. On the morning following he made a statement that he had purchased the bicycle for £1.

D. J.—He said that before he knew you knew he had stolen it?

The Sergt. said that was so.

Answering further queries by his Worship the witness said there was nothing previously against the accused, who was a farm labourer.

The defendant re-asserted that he had drunk taken when he took the bicycle, and that he was not used to drink.

His Worship asked Power why he ran away when men had gone bail for his appearance in court.

To this the defendant offered no reply.

D. J.—Were you drunk that day, too?

Defendant—No, Sir.

D. J.—What were you doing on the other side?

Defendant said he was a collier, but had only done a fortnight's work when he was arrested.

D. J.—Have you any way of getting back there?

Defendant—Yes; my missus will send on the money.

His Worship, remarked it was a pity the State should be put to the expense of bringing a man like this back again from England. That, he said, must cost a lot of money, of course a big principle was involved, and it had to be done. So far as the evidence was concerned, as this was defendant's first offence, he was a young man and his Worship did not feel inclined to send him to prison. He had been penalised enough on being taken away from his work after being arrested, and he (D.J.) would stretch a point and dismiss the case under the Probation of Offenders' Act.

RENOVATING LOCAL GARDAI BARRACK.

Mr. Hamilton, builder, Waterford, has secured the contract of carrying out an extensive series of much-needed repairs at Kilmacomas Civic Guards' station, and his tradesmen begun operations on the structure this week. When the work is completed, the barrack will undoubtedly be one of the finest buildings in our midst.

THE LATE P.P., OF KNOCKANORE.

The late Very Rev. Fr. Lonergan, P.P., had the distinction of being one of the first students to be ordained in the present St. John's College, Waterford, under Dr. Delaney, the founder of the College.

THE "MUTT AND JEFF" OF IT!

Of the amount each county will receive of the £750,000 Government relief grant to farmers, Cork receives £81,624 (or practically three times the sum allocated to any other area); while Waterford gets £20,394 (the smallest portion in the South). The amounts for other Southern areas, read—Limerick, £41,382; Kerry £39,959; Clare, £33,664; Tipperary £30,819; Riding, £30,085; Dublin, £27,904; Kilkenny, £27,118; Tipperary North Riding, £20,947.

KILMAC ABU!

The local junior hurling and minor football representatives gained easy wins in their engagements—against Touraneena and Lismore, respectively—at Dungarvan, on Sunday last. The winners and their supporters were naturally highly elated over scoring the "double." In the minor match the now famous brothers "Moss Koe" and "Minnie Maisun" (for Kilmac), and little "Jackie" Ryan (for Lismore), were a truly top-notch trio. We are sorry to learn that, owing to circumstances over which they had no control, Touraneena were unable to field at full strength on the occasion. The forthcoming clash between our campaigners and those of Eire Og (Dungarvan) should pan out a set-to well worth journeying any distance to witness.

Mr. Meehan recently received an order for 36 hurleys from a son of "Gallant Tipp," resident in Paisley, Oregon, U.S.A.

DUNGARVAN FAIR.

There was a large fair in all Departments on Wednesday, but trade was quite and prices ruled low. Yearlings made £8 10s. to £11 each while a few extra finished lots made up to £13. Two-year-olds sold at £10 10s. to £13 and three-year-olds in forward condition made £15 to £19. Springers were in good demand and made from £16 to £23; young fat cows sold well at £16 to £18; while the sheep were a slow trade with prices ranging from £2 10s. to £3 5s. There was a large supply of store pigs on offer and were sold at from 35s. to 55s. according to quality. Bonhams ruled at about 25s. each.

School Attendance Cases. Guard D. O'Connell, Ballyduff, Attendance Inspector, summoned Maurice Feennessy, from the same area for, having failed to send his niece, a girl aged 13 years, regularly to school.

The Guard explained the child's parents were dead, but defendant now lived in the place and was acting as guardian for his niece and as such it was his duty to see that she was sent regularly to school.

He added that the case was before the Court two months ago when the defendant stated that the girl would not go to school because she had no "bib," and he had no money to buy one for her, and his worship then adjourned the case to see how she would attend in the meantime.

Her attendance had been very bad since then, as she had been 18 days absent out of 40 school days, and when witness spoke to the defendant about her he became very hostile and abusive and told him to do his best, as no Justice would convict him for not sending her to school.

Defendant who failed to appear and a fine of 5s. was imposed. The same complainant summoned Wm. Collins, Glencairn, for failing to send his son, Thomas, regularly to school.

Defendant's wife and the truant son appeared in Court.

Complainant said this was a very bad case, as the boy persistently refused to go to school, and although he was aged 8 years and 9 months he was now only in the first standard, and he should now make an application to have the boy committed to an industrial school, for which he had already secured a vacancy.

In reply to the Justice, the boy's mother said they couldn't get him to go to school, as he wouldn't go there for them.

The Justice (sternly)—Very well, I shall now send him to an Industrial School until he is 16 years of age, and he will have to go to school regularly there.

He then asked Guard O'Connell when would he be ready to send the boy away?

The Guard—To-morrow, Sir. The mother and the boy then burst into tears, the former saying she would be afraid to go home to her husband if she didn't bring the boy back home with her.

They both continued to create a scene in Court, and the Justice told the Guard to take the boy and send him away that day.

This led to a fresh outburst of tears, and the Justice eventually told the mother to take the boy outside the Court and wait until the other business was over when he would consider what he would do with them.

At the close of the other cases the mother and boy were again brought into Court and the Justice said it was with great reluctance he had now decided to give the mother one more chance of sending the boy to school, and he would therefore, adjourn the case for a month to see how he got on in the meantime.

Addressing the mother in rather stern tones he said:—"Unless the boy is sent regularly to school between now and the next Court here it will be perfectly useless for you to come here shedding your tears like you are to-day because I will have no hesitation then in sending him to an Industrial School without further notice."

Guard O'Connell, said, he didn't think it would be any use in adjourning the case, as he felt confident the boy would not be sent to school.

The Justice—I don't think it will be much use either, but, however, I will give the parents this last chance if they wish to keep him from being sent away from them.

After The Hurling Match. Sergeant J. Kavanagh, Lismore, summoned Augustus Power, Dungarvan, for being drunk and disorderly on the public street in Lismore on Sunday evening, April 26th.

Defendant did not appear. The Sergt. stated that on the date in question there was a hurling match in Lismore and a large number of young men from Dungarvan attended it. About 8 o'clock on that evening some of them indulged in disorderly conduct by knocking at doors and otherwise creating a scene, the defendant being one of the most prominent offenders.

A private Bus was waiting for them near the monument to take them home but there was great difficulty in getting them into it, and considerable disorder prevailed until they had eventually left the town.

Defendant was fined 10s. Guard McDonald, Lismore, summoned Richard Stanton, Aghish, Glencairn, who was described as a horse-trainer, for drunkenness on April, 22nd, and a fine of 5s. was imposed.

No One In Charge. Guard Martin, Lismore, summoned Nicholas Mahony, Cooldoody, Tallow, for leaving a horse and cart unattended on the street at Lismore on the Fair Day when there was a good deal of traffic about.

Defendant, who did not appear, was fined 2s. 6d. The same complainant summoned Michael Roche, of the same address, for a similar offence on the same date.

Defendant appeared and said he had tied the animal to a telegraph pole while he was doing some business in a house for a short time. The horse was a very quiet one and wouldn't have moved in any case.

Complainant said, the horse had nearly pulled the winkers off in its efforts to get away when he arrived on the scene.

The Justice—Well, the defendant had made some effort to keep the animal under control by tying him to a telegraph pole, so I will let him off with a caution this time. Defendant—Thank you, Sir.

Civil Bills. In a number of Civil Bills, in which Mr. Hodnett, solr., Youghal, appeared for the plaintiffs, decrees were granted for the full amounts sued for, while several other cases of a like nature were adjourned to the next Court owing to the absence of Mr. J. W. O'Gorman, solr., Lismore, who was engaged for the plaintiffs.

A few cases at the suit of the Irish Land Commission against defaulting annuitants were also adjourned for a month.

SUCCESSFUL GHARDA SIOCHANA DANCE IN CAPPOQUIN.

The Garda Siochana Athletic Association of Lismore District, held a most enjoyable all-night dance in the spacious Hall of the Boathouse, Cappoquin, on Tuesday 12th inst., which was largely attended by young ladies and gentlemen from the West Waterford area and also by numbers from Youghal, Fermoy, and other outside districts.

The arrangements for the event were in the hands of a most efficient committee, including Superintendent Quinlan, Lismore, President; Sergt. C. Vaughan, Cappoquin; Sergt. Kavanagh, Lismore; Guard M. F. Teahan, Cappoquin; Guard D. Connell, Ballyduff; Guard J. Lynch, Villierstown; and Guard Mullooly, Knockanore; while Guard J. O'Leary, Tallow, was Treasurer and Guard M. F. Mason, Clerk in the Superintendent's office, Lismore, was the capable Hon. Sec.

The dance hall was beautifully decorated by all the above-named gentlemen, a very pretty effect being produced by the display of the Free State and the Garda Siochana flags, which were crossed at the end of the hall, while the walls were tastefully draped with crimson curtains, interspersed with laurel and other evergreens, while myriads of vari-coloured balloons and other decorations were suspended from the ceiling, the entire scheme of decorations having a most pleasing and artistic effect which was a distinct credit to all concerned in the work.

The music was supplied by the popular "Ubique" Orchestra, Lismore, augmented by Miss Crowley, the talented Youghal Violinist, and under the able Conductorship of Mr. J. Scott-Allen, Lismore, the performance of this talented Band won the praise and admiration of all, persistent encores being the order during the night. Several of the old-time dances were introduced and proved extremely popular, whilst all the modern dances also figured on the programme, so that the tastes of all were amply catered for during the night.

The catering arrangements were admirably carried out by Mr. Wm. A. Roe, Lismore, in a manner which won general approval, while Guard D. O'Connell, Ballyduff, proved a most capable and courteous M.C., and left nothing undone to ensure the comfort of all. Assisted by Guard Mason, Hon. Sec., and the other members of the Committee, all arrangements were carried out with wonderful smoothness and harmony, and the large attendance of close on 90 couples spent a most enjoyable and delightful night's dancing, and the members of the organising Committee, one and all, deserve to be warmly congratulated on providing such a highly social event for their numerous guests.

The announcement in the Press that Mrs. Cosgrave, wife of the President, will christen the new Youghal Motor lifeboat in July, has aroused great interest locally. For some months the Boathouse on the Mall Strand has been undergoing extensions and alterations and preparations for her housing under the supervision of skilled workmen from across Channel. The building was extended towards the seafront and a powerful motor, operated by the Shannon Electricity installed for the purpose of launching and hauling up the boat. The work has now been completed for the men in charge left for home during the past week. In this connection the following letter has been received by the Y.C.Y.M.S.:

Glanymor Cemaes Bay, Isle of Anglesey, 15th, May 1931 To the Officers and members, Y.C.Y.M.S. Gentlemen.—Please allow a stranger far away from home to sincerely thank you for your kindness and hospitality while at Youghal. Yours faithfully, O. T. EVANS, Foreman, R.N.A.I.

Hitherto the Youghal lifeboatmen, were seriously handicapped in going on rescue work by first having to row a heavy boat out the Harbour against wind and tide and then sailing to the scene against a strong breeze. With the advent of the new motor lifeboat, they will be enabled to make directly and quickly at all times for the spot on their errand of mercy.

Woman at County Court. I collect rents, so am used to bad language.

Dungarvan Urban Council.

The weekly meeting of the above was held in the Town Hall, Dungarvan, on Friday. Mr. J. Butler, Chairman, presided, the other members present were—Messrs. T. McCarthy, Jas. Hackett, Wm. O'Donnell, M. J. Keane, J. F. Moloney, Mce. Griffin, D. Foley, and T. Power.

Abbeyview Sewer. Mr. Keane asked the B.S., if there was any hope of getting the sewer at Abbeyview finished. B.S., said that owing to the various schemes he could not spare a man during the week. He would have a man available next day and the work would be completed.

Expenditure. The following payments were passed. General A.c. £8 1s 10d. Mitchell St. Houses £1 17s. 3d. Sarsfield St. Sewer £21 9s. 11d. Church St. sewer £4 7s. 3d.

Sarsfield St. Water Supply. Mr. Griffin referred to the proposed Water extension at Sarsfield St., and asked was there not an order made to have the pipes laid in the same trench as the sewerage pipes.

B.S. said the extension of the water main would be carried out, but the pipes would not be put in the same trench, as it would not be the proper thing to do. The extension was to be made to the first fountain below the Railway gates.

Mr. Griffin asked about the tenants between the first and second pumps, who were preparing for newsantary arrangements. He would propose that the extension be brought to the second pump.

Mr. Foley, seconded. Mr. Moloney—If this work is undertaken I will propose that it be by contract.

Chairman—There may be a possibility of working it with the relief scheme. B.S.—I don't think so.

Asked how its extension would affect the high levels in the town, the S.S.O. stated it may affect the supply in the dry weather.

Mr. Griffin's proposition was passed on a show of hands. Mr. McCarthy then proposed as an amendment to Mr. Moloney's proposition that the work be carried out by direct labour.

On a show of hands the amendment was passed by five votes to four. Mr. Keane asked if there was not an order on the books that anything over £3 should be contracted for.

The Clerk—I often heard such an order mentioned, but I never saw it. Mr. Keane—I suggest we defer consideration of this and allow the Clerk to look up the order.

The B.S. said, before the work was begun, they should first find out the number of pipes they had available and order the balance. Further consideration of the matter was postponed for a week.

Medical Officers Report. Dr. Casey, M.O., wrote regarding the open sewers at O'Connell St., and Church St. which he described as being dangerous to health. He recommended that the O'Connell St. sewer be filled in and that only one sewer be opened at the time.

B.S., said, the laying of the pipes would be started on Monday. Chairman—This Council ordered all that work to go on at the same time. The Council held to their order.

Time Limit. The question of a time limit on the building of the walls or 4 new houses at Abbeyside for which Edward Fitzgerald is contractor was referred to the B.S., to fix.

Petrol Pump. Messrs. Merry, and Co. Dungarvan, wrote asking permission to sink a petrol tank inside the iron railings at their store in Main St. The pump which would be a private one would be inside the store.

The Clerk stated that a rent for the plot was paid to the Council years ago, he did not know how it stood now. The matter was referred to the Clerk and B.S., to investigate.

Cinema Licence. Messrs. D. Croft and Son, Dungarvan, wrote applying for a renewal of their Cinema licence for the 7 days of the week.

On the suggestion of the Chairman the matter is to be put on the agenda for the next meeting.

Loan. A letter was read from the Department sanctioning the proposal of the Council to obtain a loan of £3,750 under the Public Health Act, for the Housing of the Working Classes, in respect of the erection of fifteen houses under the Act.

Acknowledgments. A letter was read from Miss C. Cullinan, Sexton, St., Abbeyside, thanking the Council for resolution of sympathy passed to her on the occasion of the death of her mother.

Notice Of Motion. Mr. Griffin moved the following notice of motion standing in his name viz. I beg to give notice that I will move at the next or subsequent meeting that this Council consider contracts separately or in whole for the upkeep and maintenance of the following roads—From Abbeyside Chapel to end of Shakerline including New Road to Railway Bridge. The Old Hospital Road. Fr. Twomey's Road.

YOUGHAL NOTES.

SIGNS OF SUMMER. We have had Summer time for some time now; but forming an opinion by the prevailing atmospheric conditions Summer itself seems to be still somewhat off. An occasional blast of sunshine makes itself felt now and again for the moment, but it is succeeded by anything but summery weather. Nevertheless signs are accumulating that tend to announce its approach.

NAUTICAL. Amateurs are preparing to launch their craft, and some are actually in the water already. A new yacht has just been launched from their yard on to the Mall Strand by Messrs. Aherne Bros., for Lt.-Col. Ronayne, South Abbey. This staunchly-built craft shows what can be done locally and by local artisans. She is at present being rigged and fitted out and will soon be ready for her trial trip.

The Urban Council have ordered the usual bathing boxes to be placed on the beach and have given instructions for the preparations of bathing shelters and other facilities.

A number of men are busily engaged in the erection of the various booths, that constitute Barker's Fancy Fair. Motor cars are beginning to arrive at the neighbourhood of the beach, on Sundays and Wednesdays especially, the occupants parking their cars nearby and then proceeding to disport themselves on the sands. There are various other harbingers of the summer season in evidence, but those mentioned will show that the locality is up and doing in anticipation of the good days to come.

THE STRAND PALACE. As will be seen by our advertising columns, the go-ahead Proprietor of the Strand Palace is holding forth an enticing programme for Whitsuntide. Previous to the erection of this fine building below the famous Moll Goggin's corner, that particular portion of the Strand was a patch of dreary waste but his advent changed all that and now thanks to his initiative and energy it has become a centre of attraction and amusement. No more suitable venue could be had for the purpose in view—ten minutes' walk from the town, over-looking the bracing, briny and quite close to the Railway Terminus, while buses pass the spot frequently.

The Boys of the local Christian Brothers Schools, and their teachers are to be cordially congratulated on their fine display on the Athletic Field in the city on Saturday 10th May. They brought home the principal Cup and it is said just missed another. This is all to the good for it proves that the pupils physical development is receiving the attention it deserves, as well as the mental, at the hands of the good Brothers. After a bout of suitable exercise in the open air the boys are the better able to tackle the various items of their pretty heavy school work. Some people complain that the general curriculum of studies in our Irish schools is made too extensive now-a-days. Well there is it. It must be faced and perhaps, the most potent factor in the struggle is a sound body, which can hardly be had in the absence of good healthy exercise. This is amply provided by the games in which the boys were so successful.

DEATH OF FATHER LONERGAN, P.P. News reached Youghal on last week of the death at an advanced age of the Rev. P. Lonergan, Knockanore. In an interview with a parishioner of the deceased clergyman, he stated that Fr. Lonergan, came to the place some 15 years ago, and that from the very start he won a place for himself in the hearts of all his flock. He was a fine old type of Irish priest, who devoted himself heart and soul to the spiritual and temporal welfare of all those over whom he was placed. For some years he was unable to officiate owing to failing health, but he never lost his hold in his people's esteem and affection and his death caused general sorrow.

Husband: My wife went away and did not leave a bed or piece of bread to sleep on.

Further that we ask the County Council to take over the roads which are at present under dual control, this Council to contribute half the cost of maintenance.

Speaking on his motion Mr. Griffin referred to the condition of the first-mentioned, from which you had a panoramic view which for scenic beauty was unequalled in Ireland. On the Old Hospital Road nothing had been done to it since it was handed over by the contractor. The same applied to Fr. Twomey's Road. He referred to the roads under dual control and cited Boheravilla, which he said could not be called a road in its present condition. The Bore Surveyor will be taken up with the various schemes, therefore, he suggested that, the roads under dual control, be given to the County Council.

Mr. Power, seconding, said, some time ago he advocated lifebuoys for the Boheravilla Road to save some one from being drowned.

After a discussion the notice was defeated by six votes to three.

MOST REV. DR. HACKETT ON THE SPANISH OUTBREAK.

THE CAUSE OF THE EVIL.

Most Rev. Dr. Hackett, Bishop of Waterford, speaking at St. Mary's Clonmel, on the occasion of his visitation, after congratulating the priests and people on religious conditions in the parish, said: "See the picture that is presented to-day in Spain, which is Catholic to the core, by some of her children who are unfaithful to its glorious traditions devastating its noble monuments of piety and religion that hitherto were their pride and glory."

It was the sequel, he stated, to people allowing principles to influence their lives which were devoid of any religious influence.

There was but one course for the man who relied on himself, and that course would lead to destruction. "Look at the contrast at home in their own happy Catholic country, where the people were faithful."

One great thing in Irish life, no matter what might be said against the people, was that their lives were influenced by the supernatural and they followed the religion they professed, which was a consolation and support in their lives and their hope at death.

At the same time, to one occupying his position, he could not but look forward—he would not say with anxiety, but with some apprehension—to a spirit that was creeping into the lives of people, a spirit which could not be approved. He had spoken elsewhere of the sanctity of the oath. Those who taught lightly of the sanctity of an oath would bring down on them a visible judgment, whether that oath be taken for one purpose, or another which he was not going to specify.

Murphy v. Lee.

This was a Civil Bill by Michael Murphy, farm labourer against John Lee, Creemore, farmer, for £25 wages due.

Mr. J. N. R. MacNamara, solr., for the plaintiff; and Mr. T. K. Keane, solr., for the defendant.

Plaintiff sworn, said he hired with defendant on July 27th, '27, and worked for him up to the 20th, March 1931. There was no agreement at first, but he got 6s. weekly and his keep. In the winter after he was to get 8s. He was not paid regularly, but defendant gave him pocket money and money for clothes etc., when he required it. He had entered all the payments received in his book and it was out of that book that defendant got his accounts. He was sick for 13 weeks, during which he drew benefit and he did light work about the cattle. In January last he had a conversation with the defendant who told him to go to all the solicitors in the town, (laughter). The total paid was £38.

Mr. Keane, said, they had been served with particulars.

Mr. MacNamara—These are slightly inaccurate.

Mr. Keane—These are in the Civil Bill.

Mr. MacNamara, said, they were waiving anything over the £25.

Mr. Keane, said, he was going on the Civil Bill.

Cross-examined by Mr. Keane, witness said he was 70 years of age. There was something wrong with his back. He couldn't lace one of his boots, but he could the other. There was no agreement at first. No farmers refused to take him for his keep alone. The usual wage in the district for farm labourers was 10s. weekly and keep.

Mr. Keane, solr., here questioned witness at length regarding certain credits, one of which didn't appear on his book. He took 19 days off. He didn't give credit for the portion of Insurance stamps paid by the defendant. Do you think he was going to keep you for 13 weeks you were drawing Insurance benefit? I was doing a little work for him.

Mr. Keane, said, he was instructed only yesterday. He tried to get an adjournment, but the plaintiff wouldn't agree.

The Justice, said, he would take the responsibility of adjourning the case, if he thought it advisable, and they could try and arrive at a settlement meanwhile.

Defendant sworn, said, he took Murphy into his employment in '27 at 1s. per working day. There was no question of 8s. a week with 3 meals on week days and no food on Sunday's. The plaintiff had 4 meals a day for the 7 days of the week. He didn't want to take advantage of the man's age to do him out of his wages. He kept his own accounts. In a conversation with plaintiff last April, he said, there might be a few pounds due, but he hadn't time to make up his accounts.

To the Court, witness said, his agreement was to pay Murphy 1s. for every working day. There was no work on Sundays or Holidays. He had a small farm of 22 acres, worked by his wife and himself. Murphy lived in the house while drawing the Insurance benefit. He did nothing during the time.

What happened on Sunday's? He used to card playing, (laughter).

The man was very old and suffered from hip disease. He could clean turnips or mangolds, but couldn't follow a horse. Witness milked the cows himself. The plaintiff came to him and said he was very hard up and witness took pity on him and employed him. He paid the insurance, but plaintiff was to pay his own share.

Mr. MacNamara—Why didn't you pay him his wages regularly? Because he didn't ask for it. He got money when ever he wanted it.

The Justice, said, he decided that the rate of employment was 6s. weekly and that the employer was not entitled at that stage to claim for plaintiff's share of Insurance stamps. Defendant should get credit for 19 days off and for 27s. 11d. not entered.

Mr. Keane, said, they would claim for his keep while drawing sickness benefit.

The Justice—You want to hire him from a workman into a sick lodger, (laughter).

Replying to the Court, witness said he knew that plaintiff was drawing the benefit, but he didn't want him to be on the road sick. He could not tell what the man was doing with the money he received.

After a further protracted hearing a decree was granted for £4 5s. Interesting Application.

Patk. Whelan, Kilmagner, charged, Miss Mary Beausang, with abusive language.

Mr. MacNamara, solr., for plaintiff, and Mr. Wm. R. Hodnett, solr., for defendant.

Plaintiff said on December 9th, he took the grazing of a horse from defendant's brother. Defendant came to his place on the 14th, December loudly demanding an explanation, which he gave. She said her brother had no authority to let the grazing and called him a robber.

The Justice—Why didn't you bring this case before? This happened in December—Why did you wait till now?

Defendant—That is Mr. MacNamara's business.

Mr. MacNamara, said, there were other proceedings against the defendant.

Mr. Hodnett—This is an after thought.

Mr. MacNamara—My client is entitled to some protection.

Cross-examined by Mr. Hodnett—You brought an action for slander in connection with the same occurrence at Fermoy Circuit Court? Yes.

It was dismissed? Yes.

Would we ever have heard of this case if you got damages in that action? You might.

The Justice—Why didn't you do it the other way round?

Witness—That was Mr. MacNamara's instructions.

Mr. Hodnett—This lady goes to town every day on business? Yes.

And she passes your house every morning? Yes.

Has she by act or word interfered with you in any way since the day in question? No.

The Justice—Mr. Hodnett, will you give an undertaking that there will be no further interference?

Mr. Hodnett, said certainly. Their only claim was that he should pay what he owed them. That case was an attempt to constitute his worship as a Court of Appeal from Judge Kenny, (laughter, in which the Justice joined). Not succeeding in getting satisfaction from Judge Kenny, defendant wanted to get it there. The essence of that jurisdiction was very peremptory and any person who had reason to fear that another would do him bodily harm should come before the Court as soon as possible. Under the old law a magistrate had power to exercise that Jurisdiction out of Court altogether.

The Justice—That is so.

Mr. Hodnett—This is an absurd case.

Mr. MacNamara said his client had to safeguard against Miss Beausang coming to his house and repeatedly proceeding. Even if he happened to owe her money she should not come and call him names. He was entitled to protection.

The Justice said, there was no evidence of interference with that man since 14th, December last, the date of the alleged offence, and the summons was issued on 14th, May. When he saw that he had asked why the delay, then, too, it had been the subject matter of Civil proceedings before Judge Kenny. Having reviewed the facts, he said he didn't see any ground for exercising that peremptory Jurisdiction. If plaintiff had a claim against her he could make it as he had already done. If she had any claim against him, she must come to Court. He would take her solicitor's undertaking that there would be no further interference.

The case was dismissed.

Mr. MacNamara—I will ask for costs.

The Justice—Refused.

In the adjourned case against Timothy Cronin, Forty Acres, Killeagh, for intimidation in connection with the disposal of a farm from which he had been evicted by the Land Commission.

Supt. Denney, said, the Court had adjourned the case for six months, and he asked for a further adjournment, the defendant had since kept the peace but the farm was still undivided.

Mr. MacNamara for defendant, said there had been no interference since with the man concerned.

The Justice—As the farm is still undivided, it is better to adjourn the case for a further period.

Nobody's Net.

David Ellis, water bailiff, applied for the forfeiture of a salmon drift net, 80 yards long, found abandoned in the harbour, at Monareva.

Applicant having given evidence of the finding of the net.

The Justice—What is illegal about the net? Is it not under the legal limit? Witness—it was not attached to any fishing boat.

The Justice—Under what section can I deal with an abandoned net? I don't see anything wrong with the net. Was it a fixed engine? No, but it was left by some boat as we approached.

Did you see it fishing? It was out with the water in fishing order.

Was it during the close season? No, it was on Friday the 1st., of May.

The Justice—I fail to understand how I can deal with it as an illegal net.

Witness—A boat is supposed to be attached to each net.

Replying to the Court, Mr. Hodnett, solr., said he thought it was "flotsam" and therefore belonging to the State.

The Justice—I will adjourn the application for inquiry.

RUSSIAN BUTTER IN BRITAIN.

The great bulk of the Russian butter imported into Britain Mr. Graham, (President of the Board of Trade) stated at Westminster was blended with other butter and had not a separate retail price. He did not reply when asked if it was not a fact that this butter was sent to Britain well under the cost of production, and in what conditions it was produced.

STRUGGLE WITH A SHARK
A fight took place on Tuesday in Ardmore Bay between a Shark and fishermen. A fleet of fishing-boats sighted a huge shark two miles out to sea and sailed to the attack. They surrounded the monster, and when within range opened fire with rifles.

Thoroughly enraged the shark turned on the boats, but in his fury he became entangled in the fishermen's nets and was towed ashore still alive to Ardmore Pier. Then the rear battle.
After a fierce tussle lasting two hours the shark was killed but not before he had done much damage to the nets.

CINEMA NEWS.

Next week's programme at the Cinema opens with a thrilling adventure film, "The Girl from Havana," which will be screened on Monday and Tuesday nights. From Los Angeles to Havana via the Panama Canal the swift-moving action of the "Girl from Havana" sweeps, carrying with it all the sound and dialogue of a gripping detective story, played against picturesque backgrounds of colourful cities and the rolling ocean. This picture is remarkable for its dramatic presentation many of the scenes being filmed on board a liner at sea, and passing through the Panama Canal, while all the sights and sounds of Havana, gay city of romance and hard-fighting smugglers, are faithfully recorded by the magic of Movie-tone.

On Wednesday and Thursday nights a sparkling, comedy romance entitled "One Romantic Night" will be screened. In this picture, Lillian Gish, the idol of the silent screen, makes her debut as a "talkie" star, supported by such great artists as Marie Dressler, Rod La Rocque, and Conrad Nagel. This smart, modern comedy romance, electrified London and New York with its crackling dialogue and delightful situations. Only the finest of actors—great artists backed with a world of accomplishment and experience, could vitalise this gloriously human story, played to the accompaniment of a wonderful Gypsy Orchestra under the direction of Verdie, the noted Hungarian virtuoso and with the gay city of Vienna as its background.

To conclude the week's programme, a musical drama of stage life "New York Nights" will be screened on Friday and Saturday nights. Norma Talmadge is the star of this thrilling drama, which revolves round New York's famous "Tin Pan Alley," the home of America's musical geniuses and composers of popular songs and dance tunes. Supporting the star is Gilbert Roland, sensational Latin star, who plays the part of an Italian-American song-writer. Donald Novis, the possessor of a classical tenor voice, was selected out of 60,000 contestants in a national singing contest, to present the theme song "A Year from To-day."

Read what the "Sunday Referee" says: "An excellent melodrama, full of pathos, simple humanity and lively conflict. All through, Norma Talmadge's acting is beautiful."

AT LOUGH DERG.

On Sunday last very impressive ceremonies were witnessed at Lough Derg on the occasion of the consecration of the New Church erected there. H. E. Cardinal Mectory, Archbishop of Armagh, and the Papal Nuncio were present.

Most Rev. Dr. McKenna, Bishop of Clogher, preached the sermon.

Having given examples of the austerities practised by St. Patrick, Dr. McKenna said the mere recital of these marvellous daily and nightly practices of prayer and penance fill us with wonder and admiration. But our glorious Apostle was not content with these. He felt that something more was needed to make his mission the success he desired from it. For it was his desire and aim to lead the Irish people not only to embrace the faith, but to become so attached and devoted to it that no power of man could ever destroy or weaken their allegiance to their religion or lessen their fidelity to its practice. To attain this object he determined to train his spiritual children by words and example according to the mode of life which had been the means under God leading himself to that wonderful love for and attachment to the faith.

In a cave in that lonely island St. Patrick found a retreat for prayer, penance, and meditation, and they should well believe that it was his favourite place of retirement when he wished to give himself wholly to the practice of prayer and penance. After St. Patrick's death one of his disciples, Saint Dabheoc founded a monastery on an island close by to imitate and teach St. Patrick's way of life and make and keep the purgatory a sanctuary of prayer and penance wherein the pious pilgrim would find great happiness of soul a strengthening of attachment to the faith, and an increase of love for virtue and holiness of life. Down through the ages St. Patrick's purgatory had continued to produce these results in rich abundance. For about four centuries down to the so-called Reformation, pilgrims of every rank of society came in ever increasing numbers to Lough Derg. They came from every nation of Europe, braving all the difficulties, trial and dangers of travel in those days to reach the holy island in order to do penance for their sins and to share in its manifold spiritual blessings.

Out of the pilgrimage grew a large literature from which it was possible to form a picture of the pilgrimage as it was observed in the middle ages. For the greater part of this period down to the middle of the sixteenth century, when it was reduced to nine days, the duration of the pilgrimage was fifteen days. During all this time a rigorous fast was observed and cruel enforcements failed in their purpose. The pilgrimage continued to be observed with all its rigour down to the beginning of the nineteenth century, when its duration was reduced to three days, and with the building of the Church to replace the cave the austerities of the vigil were somewhat modified.

Having referred to the tribute paid by the present Pope to Lough Derg, and having thanked the Nuncio Apostolic for coming to assist at the consecration of the New Church, Dr. McKenna said that from the outset the Holy Father had taken the deepest paternal interest in the project of building this new Church. "To-day," said his Lordship, "he has crowned our glory by the deeply touching paternal blessings he has so graciously sent us, and by another most special favour, the raising of the new Church to the title and dignity of a minor basilica. This great dignity is conferred on all great and beautiful Churches, but only on those which, in addition to being in themselves beautiful and majestic in design and finish, can claim some special appropriateness for participation in the title dignity and privileges of a basilica, either because of their great antiquity or of the venerable religious associations of the place of which they are to be memorial, and, as it were, an embodiment."

His Lordship read the following from his Holiness the Pope to the Nuncio: "The Holy Father, greatly pleased at the consecration of the new Church on Lough Derg, recalls cherished memories of the traditional piety of the people of Saint Patrick. He earnestly wishes for an ever-increasing growth of the spiritual life amongst his beloved children, and, in token of paternal benevolence and as a foretaste of abundant favours, most lovingly send them the Apostolic Benediction."

His Lordship sent the following reply:—"Profoundly grateful to your Holiness for the Apostolic Blessing on the occasion of the consecration of the new Church of Saint Patrick's Purgatory, Lough Derg, and for the elevation of the same by your Holiness to the dignity of a minor basilica. In the name of the Cardinal Primate, and the Apostolic Nuncio and all the Bishops present, and of a vast concourse of clergy and laity here assembled, and on my own behalf, we desire to express to your Holiness the renewed assurance of our undying fealty to the Apostolic See and of our filial attachment to the sacred person of your Holiness."

LOCAL HAPPENINGS.

MISSION IN DUNGARVAN.

On Sunday last a three week's mission was opened in the Parish Church, Dungarvan, by Rev. Fathers Cleary, Regan and Boyle, of the Redemptorist Order, and each morning and evening during the week the spacious Church was thronged to overflowing with the faithful. Mass is celebrated each morning at 7 a.m., followed by a lecture. At 9 o'clock there is Mass for the children followed by a short instruction. In the evening at 8 o'clock the Rosary is recited followed by a sermon. The sermons delivered by the eloquent preachers are Masterpieces of eloquence and reasoning, and are worth travelling a long way to hear.

COUNTY COUNCIL.

A Quarterly meeting of the County Council will be held in Dungarvan, on Tuesday next. The agenda is a heavy one and includes many items of public importance including notification of a Grant of £20,394 to relieve the County rates on land and a request from the Co. Councils General Council for the views of the Council on the report of the De-rating Commission and the Government for the relief of the Agricultural Industry.

We hope the members of the Co. Council will state their views specifically on what they think of the £20,394 for the relief of rates in this County which means a reduction of about 1s. 11d. in the £ in land, considering that to meet the reduction an extra tax of 3d. per lb. is put on sugar and 4d. per gallon on petrol it is very questionable where the gain of the rate payer comes in. As there is practically no industry in this County but Agriculture and road-making it is the land must pay for all and any relief given only reverts backways on the ratepayer and is payable in another form. The only solution to that would be to run a sweepstake as it would hurt nobody and would benefit all.

NO SURRENDER.

The L. G. Department has notified the Secretary of the County Council that with regard to the resolution of the County Council asking for an increase of poundage fees from 3d. to 7d. for Collector Wm. Connors, of Lismore-Cappoquin, District. The Minister sees no reason for departing from the terms of his previous letter refusing the application.

HOW THE MIGHTY HAVE FALLEN.

Time was when Co. Councils filled a very big place in the public eye, and how they did the work handed over to them by the Grand Juries won the admiration of experts in administration. To-day after 31 years of sound and faithful service they are threatened with extinction and their place is to be taken a year hence by County Managers. Here in County Waterford our County Council was indeed well served, since its first meeting in April 1899. It preserved its honour unsullied and not a stain was ever put on the County's escutcheon by any of its actions. It was most honourably and loyally served in every way by its public men and its officials. And when the time comes for its surrender it will be found to stand unique in the land—in its administration and in its finance. For that all credit is due to its members and to its public officials. If we are to have a County Manager, let us then have a man who will have made his mark in the administration of our public affairs, a man who knows what the people of this County want, and a man who will have the confidence of the people whose affairs he will be called on to administer. In this County we have been who would be an ornament to the County Managership and who have proved their worth as public representatives over a long number of years.

IMPORTANT ANNOUNCEMENT.

We are having a special Sale for cash only, of a Manufacturer's surplus stock of Ladies Coats, Frocks, and Millinery. As this entire stock must be sold, it is important to come early and secure the best bargains. Mulcahy's, Dungarvan.

DEATH OF MR. M. L. KELLY.

MAIN ST., DUNGARVAN. On Sunday last, 17th, inst., the death took place of Mr. Michael Kelly, 23 Main St., Dungarvan, after a long illness, and fortified by the rites of Holy Church.

The late Mr. Kelly, belonged to a most respected family in the Cashel district, and was a retired member of the R.I.C., in which he served for many years. He was an upright, honorable man ever held in the highest esteem. Since his retirement he lived in Dungarvan and was deservedly respected by all who knew him. For the past two years he had been in failing health, and his death in the fullness of years is deeply regretted.—R.I.P.

On Monday evening the remains were removed to the Parish Church, and were followed by a large and representative cortege. On Tuesday the interment took place in the adjoining cemetery in the presence of his family relatives, friends, and a vast concourse of the public. The chief mourners were—Miss Nellie Kelly, (daughter); and Mr. Michael Lynch, (Managing Director, Robertson, Ledlie and Co., Waterford), (brother-in-law).

DERBY SWEEP.

The Derby Sweep is drawing to a close and it is estimated that it will exceed the million mark. Everybody young and old is interested, as unless a very extraordinary person there is no one but has either a ticket or a share in a ticket. The first prizes will be all £30,000 each with second and third prizes of lesser degree, while there will be over 2,000 other prizes. Pending the drawing of the prizes, all ticket holders are persons of wealth. The chance is anybody's to win and until the draw is over you need not lose hope. On the Grand National—Co. Waterford did remarkably well and we hope our people will do far better this time. Nurse Mary Fitzgerald, Co. and City Infirmary, Waterford, daughter of Mr. Thomas Fitzgerald, Moorard, Dungarvan, will represent the Co. Infirmary in the Drawing of prizes and we hope she will succeed in drawing one of the first prizes for somebody in these parts.

ADVERTISING PAYS.

Last Friday we advertised for a pony that strayed from Helvic recently, giving particulars of markings, height etc. A reader of the "Observer" in the North West of the County seeing the notice was able to locate the stray pony in his lands and after travelling 25 miles on Saturday last had the pony safely handed back to her fair owner.

ON HOLIDAYS.

Rev. James Casey, P.P., Brooklyn, U.S.A., is home on holidays and staying with his uncle Mr. Lacey, Old Parish. Miss Casey, his sister is also home. They have travelled England, and the continent and are now enjoying a well-earned rest.

RELIEF OF RATES ON AGRICULTURAL LAND, 1931-32.

The L. G. B. writes as follows to the Secretary County Council.

I am directed by the Minister for Local Government and Public Health to refer to my circular of the 7th inst. and to state that the allocation of the additional Grant of £750,000 provided by the Government has been decided as shown by the subjoined list.

It will now be necessary to ascertain the rate in the £ represented by the share of the ratepayers in the County from this relief on the valuation of the Agricultural land in the County Health Districts. In any County where a portion of the original Agricultural Grant is payable or applicable to an Urban District or Districts under Section 50 (1) of the Local Government (Ireland) Act, 1898, a proportionate allocation from the total new County Relief should be made before the foregoing calculation is made. When the rate per £1 has been ascertained the Demand Notes, Rate Receipts and Counterfoils should be altered in red ink so as to show under the normal abatement for agricultural land the "Additional abatement for Agricultural Land, 1931" in respect of the land valuation in each rated holding and the various totals altered accordingly. One half of the Grant should be credited to each moiety of the rate. A superscription by way of rubber stamp in the following terms would be desirable:

"Amended as shown in red ink to provide for additional abatement of rates on Agricultural Land authorised for year, 1931." The amount of the abatement in the case of each rated holding should also be recorded in the Rate Book with the necessary alterations in the sums demanded. Alterations of a similar character in the Demand Notes, etc., relating to "Small Dwellings" should also be made including the discounted amounts. If it be not possible to carry out these alterations in time to enable the Demands to be served within one month from the date the rate was made it will be necessary to fix an extended date for the allowance of the discount. This should be not less than two months from the date of service of the Demand. A uniform date should be fixed for this purpose and every effort should be made to deal with the Small Dwelling Demands, etc., so expeditiously as to obviate any need for an alteration in the discount date. These cases should be placed in hands first and it should be borne in mind that service of the Demands may be effected by post.

The Minister agrees to the employment of such clerical assistance as may be necessary for the alteration of the Rate Demands, etc., the cost incurred to be reported in due course. In some Counties the Demands have already been served. In such cases it will not be possible to alter these documents but the Receipt and Counterfoil forms can be changed as indicated. As regards the Demands press notices explanatory of the rate of relief on the agricultural land valuation in each holding should be published. In the few cases where the original rates demanded may have been paid refunds of the appropriate amounts should be made.

Owing to the exceptional circumstances in one or two Counties the Rate Collectors' Books have not yet been prepared. In such cases the various documents should be completed so as to include the additional abatement straight away and the note on the back of the Demand Notes amplified so as to show that the additional relief is included in the agricultural grant mentioned. A suitable rubber stamp superscription might also be advisable to give prominence to the relief.

The amount allocated to the County Waterford is £20,394 for the relief of rates this year.

CAPPOQUIN NOTES.

BANK HOLIDAY ATTRACTION. On Whit-Monday, a most acceptable Bank Holiday attraction will be provided here when the Rowing Club will hold their annual Scrambling Races on the Blackwater, commencing at 4 o'clock, (S.T.).

Several races for four-oared outriggers will figure on the programme, and as these events are meant to test the qualities of the various crews with a view to the final selection of crews to represent the Club at most of the Regattas during the season, competition for the much-coveted "Caps" is bound to be very keen and exciting contests on the occasion. Many other interesting aquatic events will also be brought off on the same date, and the entire programme should ensure for all a most delightful afternoon's sport.

On Monday night a grand Cinderella Dance will be held by the Rowing Club, in the Boat-house Hall, commencing at 8 p.m. (old time).

The charges are most reasonable, being only 1s. each for ladies and 1s. 6d. for gentlemen.

TERRIBLE HAILSTORM.

Capoquin had a very unwelcome visitation on Sunday in the form of a terrific hailstorm which was one of the worst and most prolonged experienced here for years. By way of variety, we were also favoured with thunder and lightning, and the sample of weather experienced was more suggestive of mid-winter, than the "Merry Month of May."

The hailstones were as large as good sized marbles, and for over an hour, they poured down pitilessly with the velocity and force of machine-gun fire. Serious damage was done to fruit trees which were in full bloom and as a result we fear that this will be the wrong year to sing the old "popular song, 'Eat More Fruit.' A few miles outside the town not a hailstone was seen and brilliant sunshine prevailed.

EAST CORK JUNIOR FOOTBALL CHAMPIONSHIP.
MIDLETON V. YOUGHAL.

The neighbouring urban teams Youghal and Middleton, met at Killeagh on Sunday in the opening round of the East Cork Junior Football Championship. The weather which was somewhat showery and threatening beforehand cleared up splendidly and held good throughout, but the uncertainty must have had interfered with the attendance which was on the small side, as well as the numerous counter attractions fixed at the other East Cork venues. The teams fielded out pretty punctually, the whistle being in charge of Sergt. Duggan, Ballycotton, who performed his duty in a capable and very satisfactory manner. The Middleton team appeared the heavier and used this advantage with success in the opening exchanges, but their opponents fought so well that at the conclusion of the first half they were a goal and a point in the lead. On the change over Middleton drew level after some dogged football, but Youghal exerted their superiority and were comfortable winners in the end. J. Sullivan, R. Forrest, M. Cronin, and C. Duggan did splendid work for Middleton whilst Youghal were well served by Norris, M. Sullivan, J. Walsh, and King.

Details.—Middleton won the toss and elected to play with the slight incline in their favour, the wind giving but little advantage, as it blew almost across the field. Middleton were first to invade and narrowly missed a score. They were soon again on the offensive and this time were successful scoring a major. This put Youghal on their mettle and combining well brought off two minor scores in succession. Play remained in midfield, some fast exchanges taking place, resulting in Middleton increasing their lead with a minor. Before the short whistle arrived Youghal had turned the tables by placing two fine goals. The score then was:—

YOUGHAL—2 goals 2 points.
MIDLETON—1 goal 1 point.

Resuming Middleton made repeated determined efforts to increase their register and were rewarded, after a hard struggle, scoring a goal. Excitement amongst both spectators and players became evident when Middleton equalised by raising the white flag. As a result of a "50." Play was temporarily held up on several occasions through injuries to the contestants. One player from either side had to be replaced. Play improved with the progress of the game and Youghal were slowly gaining the advantage. One fierce attack on the Middleton goal ended in a goal for Youghal. Elated by this success and despite a stubborn defence, by Middleton, Youghal continued the pressure and again raised the green flag. The concluding score was:—

YOUGHAL—4 goals 2 points.
MIDLETON—2 goals 2 points.

The teams were:—Youghal—McC. Sullivan, M. Sullivan, J. Sullivan, J. Sullivan, G. Walsh, W. Norris, S. O'Connor, A. O'Beirne, T. Sweeney, P. Ring, D. Fennessey, J. Walsh, T. Griffin, T. Donoghue, J. Brooder, Middleton—J. O'Sullivan, W. Murphy, J. Murphy, R. Forrest, J. Ramsall, R. Daly, T. Moriarty, M. Forrest, J. Ring, P. Murphy, M. Cronin, J. Moynihan, J. Crowley, C. Duggan, J. Fleming.

BALLYMACODA V. BALLINCURRA.
The above Junior Hurling fifteens, met at Ballymacoda on Sunday in a benefit match for a member of the local team who was injured some time ago. The weather was anything but promising in the afternoon, but cleared up, providing ideal Hurling conditions. The clash evoked great interest owing to the fact that both are aspirants for the East Cork honours. The local team has made wonderful progress during the last year, several new and young players being introduced to its ranks. Their performance on Sunday does them credit and those responsible for the welfare of the Club are to be congratulated on its management. The game itself, at times, provided some sparkling passages, but on the whole Ballymacoda were superior in almost all departments. The visitors seem to have lost a good deal of their customary cleverness and dash and will have to make headway if they are to retain their fine reputation as wielders of the ash. There was a good gathering present when shortly after the appointed hour, Mr. J. Whelan, Youghal H.C., set the game under way.

Details.—The homesters won the spin of the win and played with the village goal to their backs. Play centered at mid-field in the opening stages when Cashel initiated the opening attack. Daunt got possession and transferred to Cotter the locals scored first blood with a major. Following the delivery Ballymacoda again invaded, but Walsh assisted by Donovan, cleared in admirable fashion. At the other end Connell was prominent in the ensuing stages and Donnelly transferred play to midfield. Play was fast and clean and Ballincurra getting the momentary advantage sent the forwards attacking, but Fenton just missed the upright. Daunt raised the white flag and Cotter followed up with a major. O'Keefe shot a fine point from a free a long way out. The homesters more than had the measure of their opponents by now, though on several occasions Ballincurra were through but for the sterling defence of Connell and the Donnelly brothers. Daunt again came into prominence, securing possession and dodging several players to bring off a minor score. J. Lane notched a goal for the visitors and the ensuing changes were of a brisk character. The Ballincurra custodian made several fine saves but Daunt beat him with a strong drive. Following a hot attack Ballincurra were awarded a 70, which, though well placed, was nullified. Hartnett was doing excellent work for Ballincurra, but his centres were not availed of. No further score resulted when the initial period concluded. The score then was:—

BALLYMACODA—3 goals 3 pts.
BALLINCURRA—1 goal.

On resumption Ballincurra had reshuffled the positions of their players and for some time stood up well. Cotter had to retire and his place was taken by Shanahan. Cashel with powerful drives, repeatedly created openings for his front line. Keefe, intercepted a fine delivery and shot over the bar, which Daunt immediately supplemented with a major score. A 70, to Ballincurra taken by Hartnett narrowly missed the upright. The visitors were striving hard to reduce the lead and at length Lane sent over the bar O'Keefe, who was playing a great game, sent in a major. Ballymacoda has matters all their own way for the rest of the game, gaining several further scores. The result was:—

BALLYMACODA—7 goals 6 pts.
BALLINCURRA—2 goals 2 points.

The teams were:—Ballymacoda—B. Donnelly, J. Donnelly, W. Connell, W. Daunt, B. Daunt, D. Shaughnessy, M. Cahill, P. Motteway, E. McLoughlin, M. Cotter, M. Millerick, G. Cashel, M. O'Keefe, D. Ahern, J. Cashman. Ballincurra—W. Donovan, M. Walsh, D. Hartnett, M. French, J. French, C. Hart, M. Driscoll, E. Driscoll, C. Driscoll, S. Mulins, M. Fenton, J. Cooney, Jas. Cooney, J. Lane, E. Mahony.

CARRYING PIGS IN LORRY
INTERESTING CASE AT CARRICK-ON-SUIR.

At Carrick-on-Suir District Court on Monday, before Mr. F. J. McCabe, D.J.

James McDonald, Clodge, Co. Kilkenny, was summoned for causing pain and suffering to pigs by carrying more than the proper number of pigs in his lorry.

Guard Carroll, Piltown, stated that his attention was directed to the lorry by squealing pigs. He ordered defendant to remove seven of the pigs from the lorry.

Defendant said he had 33 young pigs in the lorry. He denied that they suffered any pain or suffering. That was the usual number he carried. The pig buyers for whom he carried the pigs would not allow him to put 33 animals in the lorry if they thought they would suffer injury or hardship. He (defendant) was repairing a puncture when the Guard came on the scene. The pigs naturally screamed when witness was fixing the puncture.

The Justice said, he would adjourn the case to next Court in order to have some expert give evidence on the points in dispute.

Clonmel Motorist Fined.
John Minchin, Clonmel, was summoned for using a motor car in which the license had not been paid.

Guard O'Gara, Carrick-on-Suir, gave evidence of having found defendant's brother driving the car in Carrick-on-Suir.

Mr. Buckley, solr., for defendant, said, at the time this car was driven to Carrick-on-Suir by Mr. Minchin's brother—his client Mr. J. Minchin, who owns the car had a good deal of domestic trouble, following the death of his wife and his mother-in-law. He omitted to take out the license on the car. It has since been licensed.

The Justice fined the defendant £30 mitigated to £1.

What Small Fines Mean To Poor People.
In some school attendance cases from Carrick-on-Suir and Parlaw, the Justice warned the defendants that they will be fined at next Court if they will not send their children to school. He said people who find fault with the fines inflicted in school attendance cases are probably not aware that these people are the poorest of the poor, and that small fines of a couple of shillings mean quite a lot to them and that they find it very difficult to pay even such small sums without leaving themselves short of necessities.

Point About Price Of Bicycle.
In a case in which the Armstrong Cycle Co. summoned James Shea, for 18s 2d. balance due on a bicycle sold on the instalment system to defendant by Ed. Walsh, Templeoran.

Defendant said he did not owe the 18s 2d. balance at all. He had paid £7 3s. 0d., the price he understood that they charged him for the bicycle.

In reply to Mr. Binchy, solr., for plaintiff, witness said he had seen the card bearing the figures £8 2s. 0d. on the bicycle in the shop of the agent but he understood he got a concession in getting the bicycle for £7 3s. 0d.

The case was adjourned for the evidence of Mr. Ed. Walsh, agent, who was not in Court.

Thrashing Engine Used For Drawing Furniture.
Jas. Phelan, Clonmel, was summoned for using a road steam engine for the purpose for which it was not licensed.

Guard O'Sullivan, Piltown, gave evidence of having found the defendant drawing loads of furniture with the engine. If it was used for that purpose the annual tax would be £28. The defendant had the engine registered as an agricultural machine and paid only 5s. a year on that class of registration.

Defendant said he was not aware that he could not have used the engine for carrying the furniture.

these stories of ignorance of the law. What do you usually do with the engine?

Defendant—I use it for thrashing machines during the season and I am idle most of the year.

Guard O'Sullivan, said he had warned defendant's son about using the engine for other than agricultural purposes.

In reply to the Justice the defendant said he was 10 days drawing the furniture.

He got £35 for the job, but most of it went on coal and the driver's pay.

The Justice fined defendant three times the amount of the license £74, and mitigated the amount to £2.

LOCAL COUNCIL ELECTIONS.

THE BILL'S PROVISIONS.

The text of the Local Elections and Meetings (Postponement) Bill, now available, suggests that the new system under which the Co. Councils are to be remodelled and a managerial system introduced, may not become operative until after the General Election, due to be held not later than September.

The Bill proposes to postpone not alone Co. Council, Urban Council, and Town Commissioner elections until not later than July 15, 1933, but it also says that the annual meetings for the election of Chairmen, due to be held between June 23 and July 1, 1932, shall be postponed to the dates August 23 and September 1, 1932.

This provision has been inserted in the Bill so as to avoid the holding of the annual meetings when all public bodies will be participating in the Eucharistic Congress celebrations.

All the Committees or Boards appointed by the Co. Councils will continue in office under the present Bill in the same way as if no election was due this year.

The four Co. Boroughs of Dublin, Cork, Limerick, and Waterford are excluded from the Bill.

Elections are due in the latter three cities between June 23 and July 4 next, and will be held as usual.

In centres like Bray, Howth, and Ennis, where Commissioners are acting for the Urban Councils, the elections due to take place in June are also postponed.

The Bill under which the Co. Coun-

cils are to be remodelled is under consideration at the Department of Local Government. The Managerial system in operation in Dublin and Cork will be altered to suit rural administration. The number of persons composing Councils will be considerably reduced. A large amount of the Committee and administrative work which now occupies much of the time of the Councils and Boards will be transferred to the Manager.

JOSEPH GEARY, Authorised Shipping Agent, LISMORE.

Established over 70 Years. American money exchanged and drafts issued on any part of the United States or Canada.

Youghal Urban Council.

President Mr. E. P. Lynch, Vice-Chairman, presiding, Mrs. S. Hurley, P.C.; Capt. P. Dunne, Messrs.—Beausang, A. J. Fowkes, D. J. Linehan.

Pictorial Posters. Tenders were received for Pictorial Posters for Youghal from the Eagle Works, Cork and Messrs. Dollard, Dublin.

After some discussion the tender of the latter being cheaper was unanimously accepted.

School Meal Buns. A report was read from the Inspector under the School Meals Scheme, stating that some of the buns which should be 4 oz. in the weight were only 3, and also suggesting that the supplying of milk provided should be increased.

The Clerk said that some time ago the Chairman and he paid a surprise visit to the Schools and weighed a number of the buns. They found that while some were under the 4 oz. specified others weighed over.

Mr. Beausang, said, it was unfair to weigh the buns singly. He thought that a dozen ought to be taken and weighed together. As the scheme was stopped for the present, it was decided to take no action now.

Vet. Inspector's Salary. In connection with the increase in salary granted to the Vet. Inspector, considerably over 12 months ago, but not yet sanctioned, a letter was read from the Department asking for certain details in connection with his work.

The Clerk said that the particulars originally asked for had been supplied 12 months ago. Now they wanted more.

The Chairman—At the rate those Dublin officials are working, he may get his increase in another 12 months, (laughter)—if he ever gets it.

Mrs. Hurley—it is positively disgraceful to treat any official in that way.

The Chairman—They will try and keep the money as long as they can that is their motto in Dublin. If they owe you money, it will have to be dragged out of them, but if you owe them anything, God help you! (laughter).

The Clerk said he had sent on all the information required.

The Chairman—You might have added that you hoped they would not ask for it a third time, (laughter). If I were in the Inspector's shoes I'd take a holiday till I was paid.

Mr. Fowkes said it was a queer way to keep a man all that time out of his money.

Mrs. Hurley, said, what made it worse was the smallness of the salary for a professional man.

Complaints.

Mr. C. O'Flynn, Secretary Tourist Association, Cork, forwarded a letter received by them complaining of the want of proper train facilities, and of the inaction of the council in providing amusements, such as Pierotts Band Promenades, etc. The writer suggested that there should be an express train up at 9 a.m., and a down train at 2 p.m., especially on Saturday.

The Chairman said that the Council had year by year made representations as to the necessity of improving the train service, but the Railway Company did nothing.

Mr. Fowkes, said as regards Pierotts, when they did come during the several years past, they received little or no support from the visitors.

The Chairman said the same thing applied to Band Promenades. The Council went to the expense of bringing down a first-class Band, but the attendance was miserably small.

Mrs. Hurley said, it was an expensive undertaking to run a train especially for 4 or 5 passengers.

Mr. Fowkes—Suggested that they ask the 'Bus Company to run the morning 'bus from Youghal at 8.30. That would give people an opportunity of getting to the city about 10 o'clock.

Mrs. Hurley asked what about the small 'bus that plied last season between the Strand and the town.

The Chairman said he supposed the Council would put it on again if it suited them.

The Clerk was directed to write to both the Railway and 'Bus Companies on the matter.

Tenders.

Two tenders were received for the erection of a concrete stair-case to the promenade at Green Park, the amount being £40 10s. and £25.

The Clerk said the Surveyor's estimation was from £55 to £60. The lowest tender, sent in by Mr. P. Kenally, was unanimously accepted.

Books For Library.

A letter was read from the Corresponding Secretary of the Carnegie United Kingdom Trust, regretting that they could not do anything in the way of supplying books for the local Free Library.

Replying to a Councillor, the Clerk said, that the County Library Committee wanted £75 from the Council. For that sum they were prepared to pay the Librarians Salary, keep the place heated and give an unlimited supply of books, but the Council should do any necessary repairs. The Council was not in a position to give the amount asked for.

The matter was adjourned awaiting replies from other quarters.

Gas Works.

The Chairman, complained that while the majority of the men engaged at the Gas Works, had been paid

CAPPOQUIN EXILE'S DEATH IN CHICAGO.

Regret has been caused here by the news of the death in Chicago of a most respected and popular Cappoquin man which occurred towards the end of April after a brief illness.

Deceased was the eldest son of the late Mr. and Mrs. Colbert, Bakers and Merchants, Main Street, Cappoquin, and emigrated to America about 35 years ago, where he since got on most successfully and prosperously. Before leaving Cappoquin, he was a famous allround Athlete and one of the best footballers in the old Club which flourished here between 1885 and 1895, of which Mr. Michael McGrath, Victualler, Lismore, was the able Captain and Mr. R. J. Callender, Cappoquin, Hon. Sec.

The news of his death caused feelings of the deepest sorrow amongst his many old friends here and much sympathy is now felt for his respected relatives in their sad bereavement.

CAPPOQUIN MAY FAIR.

The Fair held here on Thursday, 7th inst., was one of the largest in Cappoquin for a long time. The streets were packed with people and cattle, and the weather was fine and Summer-like.

Owing to the plentiful supply of grass there was a brisk demand for young cattle and sheep, and many bunches changed hands at remunerative prices during the day.

for St Patrick's Day, one man was not.

The matter was referred to the Gas Manager for an explanation.

G.S.R. and Youghal. Mr. Linehan, said his attention had been called to a Press advertisement issued by the G.S.R., in which was given a list of "Health Resorts served by the G.S.R." The list began with Achill and ended with Woodenbridge. There was no mention of Youghal; the summer traffic to which was probably one of, if not the best-paying, in the whole system. As the Council had frequently to complain unfair treatment of Youghal in the past, the omission could hardly be accidental. They should protest most strongly against this extraordinary policy of the Railway Company as regards the principal seaside resort of the South.

Several members having endorsed Mr. Linehan's remarks, the Clerk was instructed to take the necessary steps in the matter.

A WATERFORD DOUBLE.

HURLING VICTORIES OVER KERRY AT TRALEE.

On Sunday Waterford had a double and most decisive victory over Kerry in both Minor and Senior Hurling for the Munster Championship at Tralee Sportsfield. In the minor match Kerry were hopelessly outclassed and were defeated by 10 goals and 3 points to 1 goal.

In the Senior contest Kerry put a sturdy fight, and though Waterford had the heavy score at the final whistle of 8 goals and 4 points to 3 goals and 2 points for Kerry. The disparity in the scoring must not be taken as an index of the all-round play for Kerry contested every inch of the ground with the visitors, and made repeated attacks on the Waterford goal. The latter's backs were too reliable, and J. Ware, the custodian, effected many magnificent saves. It must be remembered of course that some of Kerry's best hurlers are playing with the Kerry football team in America.

THE SENIOR MATCH.

The senior contest began rather briskly, Waterford registering a goal in less

DEATH OF MRS. JANE CLIFFE, CAPPOQUIN.

Much regret has been caused in Cappoquin by the death of Mrs. Jane Cliffe which occurred on Friday morning, 15th, inst., at her residence, Main St., after a rather brief illness.

The deceased lady was wife of Mr. Jacob Cliffe, Coal Merchant, Cappoquin, and was daughter of the late Mr. George Taylor, and of Mrs. Taylor, The Deepark, Dundrum, Co. Tipperary.

She had been resident in Cappoquin for some seven or eight years, and during that period she had won the respect and affection of all classes of the townspeople by her kindly and genial manner and her unfailing courtesy and integrity in business matters, and the deepest sympathy is now felt for her respected husband, daughter and relatives in their sad bereavement.

On Saturday evening the remains were removed to St. Anne's Protestant Church, Cappoquin, and were followed by a large and most representative cortege of the general public from the town and surrounding districts whose presence proved an eloquent tribute to the great respect held for her by all.

The coffin was received at the Church by the Ven. Archdeacon Burkill, M.A., Rector, Cappoquin, who conducted a short burial service in the presence of a large congregation, and on Sunday morning the funeral took place to the family burial ground in Ballintemple, Dundrum, when a large cortege from Cappoquin followed the remains the entire journey to their yast, resting place. The funeral was met en route by contingents of mourners at Dundrum Church. Ven. Archdeacon Seymour, conducted a special burial service, after which the funeral proceeded to Ballintemple cemetery where the interment took place.

The Ven. Archdeacon Seymour, officiated at the grave.

The Chief mourners included:— Jacob Cliffe, Cappoquin, (husband); Miss E. Cliffe, do., (daughter); Mrs. E. Taylor, Deepark, Dundrum, (mother); James Taylor, Deepark, and John Taylor, Dublin, (brothers); Mrs. R. Graves, Ballintemple, and Mrs. A.
