M. J. CASEY, AND CO.
DUNGARVAN.

Waterford County Council.

CO-OPTION.

"LIFT THE PUB" SAYS MR. BOWEN.

A CLONEA GRIEVANCE.

COUNTY OR DISTRICT CHARGE.

Mr. John Kiersey, Chairman, presided. Also present—Messrs. P. O'Gorman, L. Hallahan, M. O'Ryan, J. Hallahan, C. J. Curran, P. J. Fox, M. Curran, D. Coghlan, M. F. Walsh, J. Power, W. O'Donnell, W. Stack, T. Harty, M. Keane, G. Torpey, W. Walsh, D. Heskin, W. Power, J. O'Donnell, G. J. Greene, M. O'Regan, J. Butler, M. McGrath, W. Power, and P. Fitzgerald.

Co-Option.

To fill the vacancy in the Council, caused by the death of Mr. Brennock, Mr. Stack proposed that Mr. J. F. Moloney, Priory House, be appointed. Mr. M. F. Walsh, seconded.

Mr. O'Ryan—I don't agree with this election as I think Mr. Michael Hickey, Cahernalega, should be elected. He was previously elected, but was disqualified for having a premium Bull. I have not Mr. Hickey's authority to move, but still I move that he be elected as that part of the County has no representative at all.

Chairman—If I remember rightly Mr. Hickey resigned.

Mr. O'Ryan—He was disqualified.

Mr. M. Curran—The reason I support Mr. Moloney is that the town of Dungarvan was represented by Mr. Brennock, and it is a town man should be again elected and not a member of the farming community as farmers have full representation here.

Mr. O'Ryan—Dungarvan has already two representatives in the Council and there is no one from the Touraneena area at all.

The voting was as follows—

For Mr. Moloney—Messrs. M. Curran, Harty, Butler, Stack, Greene, J. O'Donnell, Coghlan, J. Power, W. O'Donnell, O'Gorman, M. F. Walsh, Fox, Kiersey, and O'Regan, (14).

For Mr. Hickey—Messrs. Halloran, Keane, McGrath, Hallahan, O'Ryan, Fitzgerald, Heskin, W. Power, Torpey, and Walsh, (4).

Mr. C. J. Curran, did not vote.

The Chairman declared Mr. Moloney Co-opted.

Explanations Accepted.

Messrs. Torpey, and Walsh, Tramore, area apologised for their absence from meetings of the Council for some time past and their explanations were considered satisfactory. Mr. W. Power also apologised for his absence.

"Lift The Pub."

Mr. Skinner, Solicitor, Clonmel, appeared before the Council on behalf of Mrs. Bridget Flynn, Clonea, asking that something be done by the Council to right a very serious wrong from which his client suffered. Her house was on the bank of the Clodagh river and when the flood comes the bridge gets bottled up and is not able to carry the water, with the result that it floods the premises of Mrs. Flynn. In the floods of 1928 she lost pig and hay for which she paid £4 a ton was carried away or ruined. The water rose to a height of 6 feet in her house. That was a matter more for the County Surveyor than for the County Council and he was sure they would do all they could to prevent her property being destroyed. He suggested cleaning the river for 30 yards above and below the bridge to prevent the repetition of the flooding. When the road at the place was being steamrolled some years ago, the road was raised over the pathway with the result that the river in flood time comes in his client's front door. He was sure the Co. Surveyor would be very happy to rectify it. Further as a consequence of a pipe put in by the County Council near her house not being properly laid the gable of the house was being undermined. He would ask the Council to devise some means to prevent his client being ruined. She was suffering great loss.

Mr. Bowen—I don't think the Council has any liability in the matter. The Bridge is there for hundreds of years and has carried the floods in the river. Some one pushed out the walls of the river and that banked up the water. No doubt it was the owner of the pub did it, and that adds a great deal to the flooding. As to the gullet complaint of it was put in by Mr. Flynn himself, it was put in by District Councillor at the time. The percentage of harm coming to the place due to anything the Council did would be a very small fraction. The pipe at the end of the house was a very small matter. The raising of the road was only 3 or 4 inches and was very small compared with the damage done by the river. I don't see what the Council can do and they are not bound to do anything. It may involve a very heavy expenditure and I cannot recommend the Council

to do it. The simplest solution of the trouble is to lift the pub 8 or 4 feet.

Mr. J. O'Donnell, suggested that Mr. Bowen visit the place and make a report on it and see what could be done.

Mr. Greene, seconded, and said very serious damage was done to the place.

Mr. Bowen—I admit all that, but it is not our job. That is not the Council's work. Is Mrs. Flynn prepared to help?

Mr. O'Donnell's suggestion was approved.

Resigned.

Ven. Archdeacon Burkill, Cappoquin, wrote resigning his seat on the County Library Committee and nominating Canon Leslie, Lismore, in his place. Approved.

Lismore, V.S.

The Executive Committee of the Diseases of Animals Act recommended the County Council to fix the remuneration of the vacant position of Vety. Surgeon for Lismore District at an inclusive sum of £167 10s. per annum of which £125 12s. 6d. should be payable by the County Council and £41 17s. 6d. by the Board of Health.

The recommendation was approved and a resolution was passed asking the Appointments Commissioners to recommend a Vety. Surgeon for the position.

County Or District Charge.

The Board of Health recommended that the sum of £3,050 the cost of building a protecting wall in connection with the Tramore Sewerage Scheme be made a County at large charge.

Mr. Fox, said the wall being constructed is protecting the County road as also 30 cottages the property of the Board of Health. Further there should be a road there maintained by the Council under the Act of 1852. This wall protects the County road and the 30 houses as well as the sewerage scheme and it could not possibly be made a local charge.

Mr. O'Ryan said the cottages were a local area charge and it was not fair that the ratepayers of other areas should be called upon to pay for such protection for cottages in Tramore area.

Chairman—This wall is really an extension of the old sea wall which was a County at large charge.

Mr. O'Ryan—There was a Grant given for this wall.

Mr. Heskin—I understood at the last meeting that the County Council in the near future should build a road there.

Chairman—Was not it to protect this particular part of the coast that people were prevented from taking sand or gravel?

Mr. Bowen—That is a most desirable work and the application is a reasonable one. Before many years we should do some of it ourselves.

Mr. Heskin—How far do you think the County Council's liability would go?

Mr. O'Ryan—It is not fair to other districts who have to pay their own costs.

Chairman—This particular work is necessary for the outlet of the sewerage of Tramore and it will also help to protect County works.

Mr. O'Ryan—The County Surveyor has not said we are liable for the whole of it. I am not against the Council being liable for the portion of it to protect the road, but the portion of the road for the protection of the cottages should be a Tramore charge as in every other district where they have to pay for their own cottages.

Mr. Fox—It is the duty of the Council to save the 30 cottages.

Mr. O'Ryan, asked was it Mr. Fox's contention that Lismore and other districts should protect their cottages themselves and be also liable for protecting Tramore cottages as a County at large charge.

Mr. W. Walsh, said they were entitled to have the work done as a County at large charge.

Mr. C. J. Curran said a very expensive wall was built in Tramore some years ago and they had some difficulty in making it a County at large charge. He wished to know if the liability of that were paid off.

Mr. O'Ryan proposed that the County Council be responsible for the portion of this demand which the County Surveyor thinks justified in protecting the road and that the remainder be borne by the Tramore district.

Chairman—I propose that the recommendation of the Board of Health for £3,050 to build a protecting wall be made a County at large charge.

Mr. Fox, seconded.

Mr. O'Ryan—I understand there is no road there.

Mr. Bowen—There are three roads—one which Mr. Fox talks about and which does not exist and two others which we maintain.

Mr. Fox—The cottages are liable to be washed away.

Mr. O'Ryan—That is for the district charge.

Mr. O'Gorman asked would money

spent on the road protect the cottages and Mr. Fox said it would.

Mr. O'Ryan said if they were going to spend the money of the ratepayers on Tramore it should be made a national charge. They should only spend what was necessary to protect the road and Tramore should make application to the Ministry for a suitable Grant to protect the Esplanade.

Answering Mr. C. J. Curran, Mr. Bowen said £2,000 would be for the benefit of the road and would be well spent. It was useful work and should be done by someone.

Mr. O'Ryan—I propose that £2,000 of the amount asked be for the County at large charge and £1,050 be chargeable to Waterford No. 4 area.

The Chairman proposed that £3,050 be made a County at large charge.

On a show of hands 14 voted for the making £2,000 a County at large charge and 9 voted for having the whole amount £3,050 charged to the whole County. The balance £1,050 is to be a district charge.

An Old Account.

Messrs. Carroll and Co., Carrick-on-Suir applied for payment of £86 4s 4d. for goods supplied to the old Carrick-on-Suir No. 2 Council.

Mr. Carroll, explained how the amount was left lapse through no fault of his until it was out of date, and undertook if the Council paid him to indemnify them in the event of there being a surcharge by the Auditor on the matter.

Mr. McCoy, Solr., explained as the payment would be illegal any indemnity would be illegal.

Mr. Greene supported the application and said he and Mr. O'Donnell were prepared to support Mr. Carroll's claim. He proposed: That being satisfied that goods to the value of £86 4s. 4d. were supplied by Messrs. Carroll and Co. to the late Carrick-on-Suir Rural Council No. 2, and that Messrs. Carroll and Co. not having received payment is due to the default of the late Clerk Mr. Hickey in not submitting the bill to the Rural Council, we order that the sum be paid to Carroll and Co.

The Secretary explained the Local Government law as regards payment in such cases and a vote was taken as follows—

For payment—Messrs. M. Curran, Harty, Butler, C. J. Curran, Stack, Greene, O'Ryan, J. O'Donnell, Fitzgerald, Coghlan, W. O'Donnell, J. Power, Heskin, M. F. Walsh, Fox, Kiersey, O'Regan, Torpey, and Walsh, (19).

Against—Messrs. McGrath and Hallahan, (2).

Did not vote—Messrs. Halloran, Keane, O'Gorman and W. Power, (4).

The resolution was passed.

Reduction In Rates.

In connection with the Grant of £20,394 to relieve the rates on Agricultural land in this County, Mr. O'Ryan asked what was the cost of rewriting the demand notes.

Secretary—About £100.

Mr. O'Ryan—Does not it seem strange that a few months ago when we wished to postpone the estimate until we would know from the Government what help they would give, we were told proceed as anything given would not affect this year's rates. The Council then had the demands made and at much cost and now they have to be done again. Were it not for De Valera's resolution in the Dail demanding a million for the farmers nothing would have been done.

Mr. Heskin—What relief will the £20,394 give?

Secretary—1s 11d. in the £ on land.

Answering a question the Secretary said the gross valuation of the County was £269,000 and the gross valuation on land £213,576.

Mr. C. J. Curran, said their total estimate was about £135,000 which showed their rates were extremely high. If their total rate was in accordance with the other Counties their proper share of the Grant would be three times what they got. The grant they got was only one seventh of their estimate whereas it should be one third. Taking credit for the Grants their share was only one fourth in place of being one third. Except Co. Dublin their rates were the highest in Ireland.

Travelling Expenses.

Messrs. Kiersey, Butler, and M. F. Walsh, the Committee appointed to report on the question of the travelling expenses of the County and Travelling Surveyors, after considering the question and hearing the parties concerned decided to leave the matter to the Council to determine.

Mr. O'Gorman proposed that the existing rate be continued and referred to the fact that petrol had gone up 4d. per gallon.

This was approved.

New Road.

Mr. Fitzgerald moved that 357 perches of road between Briska Lower and

Lyre be declared a main road.

Mr. Butler, seconded.

Passed.

Recent Floods.

In connection with the damage to bridges in the recent floods, Mr. Bowen said the bridge at Shanakill, Rathgormack, was swept away and the cost of a new bridge would be £1,200.

Mr. O'Ryan, proposed that Mr. Bowen proceed with the erection of that bridge.

Lacken Bridge in the same locality would cost £500.

Mr. Bowen—This Bridge went down and down the pub at Clonea.

Mr. O'Ryan, referred to the recent disaster at Shaw's Bridge, when a young man was drowned in a roaring torrent at the place.

Mr. J. Power, said he reported Shanakill Bridge 2 1/2 years ago as being in a dangerous state, but nothing was done to it. About £15 would have made a good repair of it and now the cost was £1,200.

Mr. Bowen—The bridge in question was hopelessly too small for the floods and was at a dangerous angle and had no chance of standing against the force of the water. The river went over the top and the bridge had no chance at all. As to the flooding by the Nire river at Shaw's Bridge, he said the flood rises there 12 to 15 feet in a few hours and was very dangerous. The Council were in no way liable for the accident that happened there. To do any real good there it would be necessary to excavate the rocky bed of the

river above and below the Bridge for 200 yards and some of the material taken up could be used to build a retaining wall and some to raise the road a bit. It was a desirable work, and would be a lasting benefit. If the Council approved it could be quickly done with their drilling plant. It would cost something like £600 to £800. There was a great deal of traffic over the road.

Mr. O'Ryan, proposed that Mr. Bowen be instructed to take the necessary steps to do the work.

Approved.

Tramore Esplanade.

Mr. Fox raising the question of the closing of the Esplanade at Tramore on the occasion of the Motor Races to enable the Committee to make a small collection. He thought the Ministry would raise no objection to sanction such a proposal as in other places.

Chairman—The Council has no power to do it.

Mr. Fox—You can request the Ministry to grant the application.

Mr. Bowen—You would have to advertise it and go to a lot of expense.

Rate Collector Resigns.

Mr. Wm. Connors, Park, Stradbally, wrote that owing to the inadequate rate of the poundage allowed him for the collection of the rates in Lismore District, he wished to tender his resignation. Even with the full warrant, the present rate of poundage was totally inadequate to pay for his time and expenses. Now with a considerable reduced warrant in consequence of the additional Agricultural Grant, he could not see his way to continue on the conditions. The Council were good enough on two occasions to have his poundage increased, but the L.G.D., refused to sanction the Council's proposal.

The resignation was accepted.

Mr. Butler, said he was sorry Mr. Connors resigned. He had the full amount of his bond lodged in March which was most satisfactory. He was considerably out of pocket by so doing. Twelve months ago the Council fixed the poundage fees at 4d. because some other man said he would do it for that sum. The Council should pay rate collectors a sum that would compensate them. The best thing the Council could now do was to advertise at the fixed rate they hitherto paid.

Mr. O'Gorman, said a very substantial farmer said he would do the work at 4d. and the Council advertised the job at 4d. and Mr. Connors was elected. Other men, he was sure, would be glad to get it and he did not think they should be raising the cost to the ratepayers. The man who offered to do it at 4d. would give you the best of security. The Rate Collector in Lismore has no bother in collecting the rates on all houses under £6 valuation as the Land Lords pays them and it is the same in Cappoquin.

Mr. O'Ryan—The man who undertook to do it at 4d. did not get it.

Mr. Heskin—Advertise it again at 4d. and see how many will go for it.

Mr. J. O'Donnell—Advertise it at 6d.

Mr. O'Regan, said all the rate collectors should be on the same level.

Mr. M. Curran, said Mr. Connors was out of pocket at the poundage paid him and he gave them good service and was entitled to a decent salary.

Mr. Greene said 6d. would be the happy medium. 7d. was fixed in war

Dungarvan District Court.

ASSAULT CASE.

"YOU'LL HAVE TO FIGHT ME NOW."

(Before Mr. Troy, D.J.)

Land Commission Cases.

A number of cases for non-payment of annuities to the Irish Land Commission were heard and decrees granted in several cases, while others were adjourned.

Mr. E. A. Ryan, State Solicitor, for the Land Commission.

School Attendance Cases.

Guard Regan, prosecuted the following for failing to send their children to school: Kate Morrissey, Thompsons Lane, Luke, Dalton, Pk. Longan, Bridget Delaney, Wm. Sandford, and Ml. Walsh. All the cases were adjourned for a month.

Wandering Animals.

Guard Strane, charged Mrs. Julia Walsh, Cappagh, with allowing her donkey unattended in O'Connell St. A fine of 2s. 6d. was imposed.

Assault Case.

Patrick Portle, Bellehean, Kilrosanty, prosecuted Edward Connors, same place for assault on the night of the Kilmacthomas April Fair.

Mr. E. A. Ryan, Solr., for plaintiff, and Mr. T. C. Williams, Solr., defend.

Mr. Ryan, said the defendant Connors was for a considerable period annoying the plaintiff. On the occasion in question he went out of his way to pass Portle's house. He met Portle on the road and when defendant saw him coming as he was galloping his pony along the road he pulled up and turned the pony across the road and shouted that he would have to fight him. He struck plaintiff three times with the tail board of the cart. Plaintiff struck him and knocked him and when he got up he pursued plaintiff along the road with the board. He asked that defendant be put under a rule of bail.

Patrick Portle, deposed he was a farmer, the defendant was a small farmer and cattle dealer. Witness was subject to a lot of annoyance from defendant. He stops at the gate when going home from the Dungarvan fair, asking witness out to fight and using disgusting language. On this evening witness was going to Power's Cottage, to play cards. He saw the defendant galloping the pony at Downey's Cross. When defendant saw witness he pulled up and said: "You'll have to fight me tonight," and said he would sweep the head off me, he stood up in the cart. Witness passed by and defendant jumped out and followed him and struck him with the board across the shoulders and hand. Witness caught the board and left it on the road and when defendant fell witness fell on top of him, witness got up and went away and met two men named Power and Fitzgerald. Connors came running after him with the board and witness went into a field. He made a statement to the Sergt.

By Mr. Williams—They were not friends for about 10 years. The trouble started with the Volunteer movement. He never spoke to witness since 1921, and he was looking for trouble since. He reported him to the Guards some years ago. He did not know if defendant complained him to the Guards but the Guards never visited him. He did not remember having a row with defendant in O'Donoghue's public-house, Kilmacthomas, in 1924, or at Crotty's Leamybrien. Witness never threatened him at his own house. He never heard of anyone interfering with Connors. Witness was bruised and his arm skinned by the board. He did not know if defendant got the worst of the encounter, defendant went to the Guards. He did not bring a case for 10 years as he was never assaulted.

time when money was plentiful.

Mr. O'Ryan—The position is a new one and if you could get it done at 4d. all the better.

Eventually it was agreed to take a vote as to the poundage rate which would be paid to the new Collector either 4d. 6d. or 7d., which is the rate with existing collectors provided they fulfil certain conditions as regards closing of collection.

The voting was—

For 4d. in the £—Messrs. O'Ryan, and O'Gorman, (2).

For 6d.—Messrs. Greene, J. O'Donnell, W. O'Donnell, P. Fitzgerald, Heskin, and M. F. Walsh, (6).

For 7d.—Messrs. M. Curran, Halloran, Harty, Butler, McGrath, Stack, Hallahan, Coghlan, J. Power, Fox, W. Power, Kiersey, and Regan, (13).

It was decided to advertise the position at 7d. poundage on the prevailing conditions.

Witness did not hit or kick defendant on the ground.

John Power, deposed he lived at Downey's Cross. On the evening in question he was standing on the fence on the main road. He saw defendant galloping the pony and shouting. Defendant turned up the bye-road and when about 25 or 30 yards he met a man and pulled up the pony. Witness did not know the man at the time, but he heard defendant saying: "You'll have to fight me now, I am a long time waiting for you, you will have to fight tonight you coward." Witness saw the board lifted, but could not say who lifted it. He next saw Portle coming, and Connors came after him with the board. Connors then went on towards Leamybrien.

Cross-examined by Mr. Williams, witness was about 30 yards from where it occurred. He remained where he was on the fence and did not interfere.

Patrick Fitzgerald, deposed he was cycling along to Powers Cottage. As he approached he saw Connors making a swipe of the board at Portle. Portle came up to me and when he saw Connors coming he went over the fence and witness went off on the bike.

Witness was cross-examined by Mr. Williams.

Edward Connors, defendant, deposed he lived near Downey's Cross and did a little jobbing. He had a field opposite Portle's gate. On the night of the assault witness was coming home and on the main road he met two men who were buying the pony. They asked him to pull the pony. When going up the bye-road the board dropped out of the car and witness went out to get it, Portle came along to witness and said "Boo" witness put up the board before him and he ran into me and knocked me down and kicked me. Portle was looking for fight for 40 years. Witness went to the barracks to complain. He saw no sign of Power or Fitzgerald that night.

Cross-examined by Mr. Ryan—He went home the long way to see the bit of land opposite Portle's. He did not see Power or Fitzgerald. He had a few bottles that day. He was selling the pony to two men, so he galloped him along the road. He knew Portle since he was a child, they were not friendly. There was no bad language, what Power swore did not happen at all.

Sergt. Hamilton, Leamybrien, deposed, Connors came to the barracks on that night with a wound under the eye, which witness dressed. He complained that Portle was after striking him. He thought the wound would not be caused by a fall.

By Mr. Ryan—Connors had drink taken, witness interviewed Portle and he told me that Connors struck him and he struck him back.

The Justice imposed a fine of 10s. with 20s. costs, and bound defendant to the peace, himself in £10 and two sureties of £5 for 12 months.

LISMORE COURTHOUSE.

At a meeting of the County Council, on Tuesday, Mr. Kiersey, Chairman, presiding.

The County Surveyor, reported that Lismore Courthouse was practically completed. Several unimportant extra works had to be carried out and owing to the work being done almost entirely in the winter months the cost was higher than was anticipated. It may be necessary to exceed slightly the figure allowed when all the accounts were presented. A very substantial job had been done and one that would give very little trouble for a long time. Three rooms could be let permanently as offices as well as the large hall on the ground floor. The upper floor could be used for various entertainment purposes. The letting should be on a strictly business basis and if properly handled should go along way towards repaying the cost to the ratepayers.

We have secured from Manufacturers a Big Consignment of

NEW SEASON'S GOODS

At a very big Reduction, and can supply our Customers in all Departments at fully 25 per cent under to-day's prices.

Boys' and Girls' First Communion Outfits a Speciality.

NOTICE TO BEET GROWERS

The Irish Sugar Manufacturing Co., Ltd. is open to give Acreage to Farmers. Applications should be made to Local Agents who can supply seed.

The Company hereby guarantee to take all Beet which may be delivered by

Growers.

Agricultural Conditions IN SAORSTAT EIREANN ON 1st MAY, 1931.

Weather and Work.—The month of April opened with a downpour of unusual severity, which caused considerable flooding to low-lying lands, and put a temporary stop to all field work. Conditions changed after a few days, and there followed a comparatively soft weather not unfavourable to outdoor farming operations. The remainder of the month was changeable, but afforded many spells of dry weather during which the farmers were able to make considerable progress with seasonal cultural operations. Work on farms was confined almost entirely to the preparation of the land for cereals and potatoes, and to the sowing or planting of these crops. The Spring, however, was late generally and much leeway had to be made up. Consequently, in some parts of the country those operations are not so advanced as would have been the case in an ordinary year. In the more favoured districts the sowing of the cereal crops was completed, the greater part of the potato crop planted, the preparation of land for roots was well in hand, and in some districts the sowing of mangels was begun. Considerable areas of pasture and meadow lands were treated with artificial manures. In some places a start was made with the cutting of turf.

State of Pastures and condition of Live Stock.—The harsh conditions prevailing at the beginning of April retarded growth, and pastures remained rather bare until well on in the month, affording comparatively little keep for live stock. Grass lands which had received suitable dressings of artificial manures were at the close of the month much ahead of undressed pastures. Reports indicate that while the wisdom of manuring grass lands to secure an early bite of grass for live stock is becoming increasingly realised, circumstances this year were unfavourable to the widespread adoption of this practice, farmers having in many cases been hampered by weather conditions. Live stock were reported to be in good health and condition generally, and to have satisfactorily withstood the inclement weather.

Progress made with the Sowing of Grain: Appearance of Brairds.—The great bulk of the cereal crops was sown during April under satisfactory soil and weather conditions. Earlier sown spring cereals germinated well, except in some isolated instances where, owing to bad weather conditions, re-sowings had to be made, and the brairds looked healthy at the close of the month. The area under wheat was estimated to be smaller than last year.

From the counties in which during the past few years the main supply of Sugar Beet for the Carlow factory has been grown, it was reported that as the price offered by the Sugar Manufacturing Company for beet of this year's crop was not considered satisfactory by prospective growers, much of the land originally intended for beet had been devoted to some other crop, in most cases to grain.

Towards the close of the month the demand for seed oats was unusually keen, and prices in some districts rose as high as 21s. per barrel. Catch Crops.—Catch crops made fair progress having regard to the inclemency of the season, but the area sown was smaller than usual owing to the unfavourable conditions which prevailed during the sowing period. In some districts cuttings of autumn sown Italian Ryegrass, Vetches, and Rape were being fed from about the middle of the month, while in others it was reported that the crops would not be ready for use until early in May.

Flax.—The market demand for flax continued inactive during the month at prices around 5s. per stone. Rather more than half of last year's crop had not been sold at the end of April and of this the greater part was still unsold. The prospects for the coming year are unfortunately not reassuring, and reports indicate that the area devoted to the growing of flax will be relatively very small.

Potatoes.—Notwithstanding the liberal use that has been made of potatoes for the feeding of pigs, it was reported from most districts that stocks on hands were rather above the normal for the time of the year. In the counties in which potatoes are grown for export all surplus stocks had been virtually cleared at the close of the month. Prices towards the end were around 25s. per ton. The planting of the new season's main crop was almost completed during April, under generally satisfactory soil conditions. The earlier varieties already planted were then well over ground, and in some cases had been mounded.

Cattle.—The provincial fairs held during the month were of average dimensions. Well conditioned good quality store cattle were in keen demand, but, except for local consumption, fat cattle met a slow trade. Springers and down-calved cows held their own. The following quotations represent the range of average prices prevailing for the various classes of stock specified:—

Calves under 6 months £2 10s. to £5 10s. First Class yearlings (6 to 12 months) £7 10s. to £11 10s. First Class Stores (1 to 2 years) £11 to £15. First Class Stores (2 to 3 years) £14 to £19. First Class Stores (3 years and over) £17 to £20. Fat Bullocks and Heifers £18 to £23. Best Fat Cows £14 to £19. Choice Springing Cows and Heifers, £19 to £23. Down-Calved Cows, £18 to £21.

Sheep.—Flocks were maintained in good health and in fair condition. The lambing season was completed during the month, and the crop was well up to the average, with fewer losses generally than usual. The numbers on offer at the fairs held during the month were normal. Fat sheep made up to 30s., Hoggets up to 53s., and lambs up to 45s. each, with something more for lots of outstanding quality. No fatalities from Liver Fluke disease were reported.

Pigs.—The number of pigs on offer at the Markets and Scales during the month showed a considerable increase over that for the corresponding period last year. The supply of pigs suitable for the bacon trade was short of requirements in most centres. Top prices ranged from 68s. per cwt. dead weight, or approximately 49s. 6d. on the live weight basis at the beginning of the month to 66s. per cwt. dead weight, or 51s. 9d. per cwt. live weight at the end. In the northern markets of the Saorstad the top price obtained during the month was 80s. per cwt. dead weight. The porker trade experienced the usual seasonal decline, top prices falling from 77s. per cwt. dead weight at the beginning of the month, to 69s. 3d. per cwt. at the end. Bonhams were plentiful at from 20s. to 30s. each. The breeding stocks were reported to be well maintained.

Horses.—The horse fairs held during April were mostly of small dimensions, and trade was comparatively quiet, prices realised being about the same as during March.

Milk.—The supplies of milk reaching the creameries showed the usual seasonal increase, but the total quantities received were not as large as during the corresponding period last year. Prices for March milk ranged from 6d. to 6½d. per gallon with separated milk returned. Milk collected in County Meath for retail sale in Dublin returned 9d. per gallon to producers.

THE HOUSEWIFE'S EXTRA HOUR.

We are once more enjoying the extra hour of daylight provided by Summer Time. After a number of years this scheme of a visionary has become natural to us, and is heralded with joy by millions of workers, who are thus able to indulge in outdoor recreation and sports after business hours. But does it affect the housewife who stays at home, prepares the meals and looks after the needs of the majority of these workers? Does she get the full benefit of this extra hour of daylight?

There is an old saying that a housewife's work is never done, and in the days when houses were shrouded in draperies, when room were crowded out with pictures, ornaments and knick-knacks, when coal fires and coal ranges made dust, dirt and labour, this was doubtless true. To-day, however, no housewife need be a slave to her house, for everything possible to lighten her task has been done by modern science and domestic engineering. In fact, it is possible for her extra hour to be doubled, tripled or even quadrupled.

For instance, the modern house is planned first and foremost for convenience. The kitchen is near the dining-room, very often connected with it by means of a hatchway, instead of being at the end of a long passage. This in itself, saves both time and labour. Running water in every bedroom saves not only labour but space, and enables the rather ungainly washstand to be dispensed with. Tape, door knobs, window fastenings of stainless metal, wooden stair rods, dark-painted or stained floors, doors and window frames are easily maintained in good condition.

As to the kitchen, where most of the work is done, this will always be clean and fresh when all the cooking is done in a gas cooker and hot water is provided by a gas thermal storage water heater. Moreover, as both these devices are automatically controlled, they can be lighted and forgotten until, in the case of the cooker, the food is ready, or in that of the water heater, until hot water is no longer required.

Modern furniture also conforms to this new desire for comfort with simplicity. Most of it is plain, almost severe in line, but vastly more comfortable than the straight-up chairs and stiff sofas of the Victorian age. It is easy to dust, for there are none of those wonderful tracteries with tiny holes to act as dust traps. The idea of furnishing is very different to-day. There is no longer any burning desire to cover every inch of the floor and wall, consequently cleaning the house is a very much simpler affair, while the fact that in most cases, gas fires have displaced coal grates, has meant a still greater reduction in the work.

When the housewife reviews the situation in the light of these facts, she will find that if she can not enjoy some extra hours of leisure there must be something very wrong with either her house or her domestic apparatus. She will see that by adopting modern methods and introducing modern appliances into her home, her housework can be reduced very considerably, even if her house is not one of the newest. Spring is the time for carrying out any alterations and for getting ready to make the most of whatever summer we may have. While she blesses the name of Willett and the year 1916, she must remember that Willett, the idealist, and the Summer Time Act of Parliament can only give her opportunity. She herself must be responsible for taking full advantage of her opportunity. In a word, the housewife's extra hour does not depend on any lay; it depends upon herself.

Good Tailoring for the Summer

COOKERY CLASSES AT CAPPOQUIN.

Under the auspices of the Vocational Committee, Classes in Cookery and Housewifery were opened in the upper room of the Carnegie Library on last Monday, 18th, inst., and will be continued until July 3rd, so that pupils will have a sufficient period at their disposal to acquire a sound and practical knowledge of these essential domestic subjects. We were glad to see such a large attendance of the young ladies of the town at the opening Classes on Monday, and we hope to see this number greatly increased by next week, as the Instructress, Miss E. Flynn is a local lady, being daughter of Mr. John Flynn, Carrigeen, Cappoquin, so that her local associations and her great personal popularity should ensure the success of the Session.

**Death of the Very Rev.
Canon Kiely, Knockalara,
Cappoquin.**

On Sunday last, the death took place
at Knockalara, Cappoquin, of Very
Rev. Canon Kiely, who was until
October last when he resigned Senior
Canon of the Plymouth Diocese. He
belonged to a most respected family.
He received his early education at
Mount Mellera, and subsequently
completed his theological studies at
the English College, Rome, where he
was ordained in 1873. Having served
in various missions in the Plymouth
Diocese he was appointed in 1881 offi-
ciating Chaplain to the Army and
Navy at Portland.

It was while he was ministering as
temporary chaplain in Portland Pri-
son that the late Michael Davitt was
incarcerated there. Canon Kiely was
also acting chaplain during the 1916
troubled period in Ireland, and when
many of the present members of the
Free State Government were impris-
oned there, including President Cos-
grave. His associations with the then
political prisoners from Ireland were
of the kind that were subsequently and
are still cherished memories with
these Irishmen, for in Canon Kiely
they had one of themselves, a fellow-
countryman whose genial presence in
the place of their enforced detention
was something in the nature of a silver
lining to their cloud of trouble. Owing
to advancing age the deceased Canon
retired from Mission on the 1st Oct.,
last, and came to reside in his old
homestead in Knockalara. There with
all the memories of his boyhood re-
vived about him he passed peacefully
away on Sunday last. He attained the
age of 87 years. He was made a mem-
ber of the Plymouth Chapter in 1899.

The remains were removed to the
Ballinacree Church on Monday and
were on Tuesday escorted by a large
body of mourners. When Office and
Solemn Requiem Mass were offered in
the Church for the repose of Canon
Kiely the people from all over the
district attended in very representative
numbers, afterwards accompanying
the remains to Affane, wher they were
interred in the family burial ground
attached to the Church.

Very Rev. Canon Burke, P.P., V.F.,
Lismore, presided at the Office and
Mass. The celebrant was Rev. John
Gleeson, P.P., Aghis; the deacon,
Rev. T. O'Gorman, C.C., Lismore; the
sub-deacon Rev. T. Dunphy, C.C., Bal-
lyduff, and the master of ceremonies,
Rev. T. Gibbons, C.C., Ballinacree.
In the choir were: Rev. T. Galvin,
P.P., Ballyduff; Rev. P. Murphy, P.P.,
Clashmore; Rev. M. J. Carroll, P.P.,
Modeligo; Rev. M. Crotty, P.P., Abbe-
side; and Rev. J. McInty, Carrigah.

As the long line of motor cars and
horse-drawn vehicles moved off from
the Ballinacree Church for Affane, it
formed an impressive spectacle—one
that was a striking tribute to the
memory of a much revered priest, and
of condolence with his popular family
members. The cortege was joined at
intervals along the route by other
mourners, and the attendance at the
interment was thereby greatly augmen-
ted. Rev. Fr. Gleeson, P.P., officiated
at the graveside service.

The chief mourners were: Mrs. Col-
lender and Miss Kiely, Ballyhane,
(sisters); Mrs. Wm. Kiely, Knockalara
(sister-in-law); Patk. J. Kiely, Bally-
hane; Richard W. Kiely, Knockalara,
(nephews); Mrs. John Kennedy, Wood-
stock, (niece); H. J. Collender, Mrs. P.
Pender (Poultatha), Mrs. Tobin, (Kil-
nafarna), Ed. Dineen (Ballyhane), Wm.
and Miss Tobin, (Quarter), Richard
and Mrs. Collender (Cappoquin), Mrs.
Collender (Nicholastown), P. Collender
(do.), Mrs. Barron, (do.), J. J. Barron,
(do.), Patrick and Miss Collender,
Brook Lodge, (do.), Richard and Mrs.
Meagher (Ballyduff), James and Mrs.
Mara (Ballyhane), Michael Scallan,
(Lismore), Miss Scallan, (Mallow),
Mrs. Scallan (Glencairn), Matthew
and Mrs. Scallan, (Castlelyons), Miss
M. Heaphy, (Cappoquin), Richard and
Mrs. Scallan, (Conna), Mrs. Quinlan,
(Dungarvan), Misses Mary and Peg
Hilliard, (Dungarvan), Walter and
Mrs. H. Hilliard, (Dungarvan), Dr.
Casey, M.O., (Dungarvan); P. Casey,
(do.), Thomas and Mrs. Walsh, Bailica,
Cappoquin; (cousins and relatives).

There was a very large attendance of
the general public drawn from all
parts of the County and outside it.
The funeral arrangements were
very satisfactorily carried out by Mr.
P. Walsh, Cappoquin.

ABBESIDE, DUNGARVAN.

**IMPORTANT SALE BY PRIVATE
TREATY.**

13s. 6d.; bran 10s. pollard 8s.; butter
1s 2d. per lb.; eggs 7d. a dozen; fresh
butter 10d.

LOCAL HAPPENINGS.

DUNGARVAN PIG FAIR—A GREAT SUCCESS.

The opening of the bi-monthly Pig fairs at Dungarvan last Monday was a complete success. There was a big supply of pigs on offer drawn from all parts of the surrounding districts while buyers were in full strength representative of every part of Munster. Between 40 and 50 buyers were present. Buying, which was brisk, began punctually at 10 a.m. (new time), and in a short time every pig in the fair was sold at the top rate prevailing. Farmers were delighted with the fair being re-established and there is no reason to doubt but that it will be a great advantage to all interested and will be a great benefit to the Agricultural community. The fairs will be held on the 2nd, and 4th Mondays of each month. Next fair on Monday June 8th. Farmers are specially requested to have their pigs in the fair early as buying will start punctually at 10 o'clock (Summer Time). The whole community are under a deep obligation to the Urban Council for re-establishment of those fairs.

THE MISSION.

The three weeks Mission now being conducted at the Parish Church, Dungarvan, by Rev. Fathers Cleary, O'Regan, and Boyle, of the Redemptorist Order is drawing immense congregations to the morning and evening ceremonies, who listen to the eloquent sermons with rapt attention and who display a fervency of spirit that is truly wonderful. All day the confessionals are thronged and from far outside the Parish, our people are taking advantage of the blessings of the mission. That is a tribute to the good pious people of the Parish and worthy of the self-sacrificing efforts of our zealous Parochial Clergy. The Mission will be continued next week.

THE DERBY SWEEP.

The draw for the Derby Sweep begins on Saturday 30th inst., and will be continued for about three days until all prizes are dealt with. Over £2,600,000 was received and consequently between £1,800,000 and £1,900,000 is to be distributed. The division of the funds will be in units of £100,000 each so that in all there will be 18 first prizes of £30,000 each; 18 second prizes of £15,000 each, and 18 third prizes of £10,000 each while in addition there will be about 4,500 Gash Prizes of £100 each. The value of the Derby Race itself this year is £14,425 with £11,761 to the winner, £1,443 to the second and £721 to the third horse. As everybody has an equal chance all ticket holders are people of potential wealth until the drawing of the prizes is completed. After that the unlucky ones can start off with the next Sweep and hope for better luck on the November Handicap.

BOYS CLUB FOR ABBEYSIDE.

Very Rev. M. C. Crotty, the esteemed Pastor of Abbeyside, has been doing noble work for the people of the Parish since his coming amongst them. In addition to his many other activities he organised the Boy Scout Movement locally and now he is about to have a Boys' Club erected at a cost of £200. Capt. Thomas O'Donoghue has very kindly given a site for the building free of cost for which he deserves the best thanks of the entire community. The work is being entrusted to the capable hands of Mr. Bowen, B.E., and Abbeyside will we know, have a Boys' Club second to none. Father Crotty's work for the rising generation is unlimited and we are sure he will have the fullest support and co-operation not only of his own people, but of all who duly appraise the value of his endeavours in this materialistic age.

A HIGH CLASS PERFORMER.

At Shelbourne Park, Dublin, on Saturday last, the well-known local greyhound—Future Cutlet, belonging to Mr. Thomas Fitzgerald, Shanbally, broke the Track record in the Shelbourne Stake, 600 yards. His running was described as amazing. Previously at Cork Track he had broken the record in the 525 yds. race, Future Cutlet (Mutton Cutlet).—Wary Guide was subsequently sold for £250 and should have a great future on the track or at the stud.

POPULAR YOUNG MEN INJURED.

Two popular young men—James Delaney, Square, Dungarvan, and Patrick Foley, Ballyguiry, were injured when a motor cycle on which they were riding met with a mishap on Monday evening near McGrath's Cross. Both were thrown off the machine and received minor wounds in the face and head. The bicycle was uninjured. They were attended by Dr. Foley, and later conveyed to the District Hospital, Dungarvan, where under the skill of Dr. McCarthy, they are O.K. again.

MOTOR NEWS.

Get the best market value for your present car at Power's in part exchange for a new Ford. If you are a buyer of a used motor vehicle your safeguard is found in the words—Power's conditioned car. Every car is examined for the guidance and protection of purchasers. D. Power and Co. Garage, Dungarvan.

TENNIS.

Those who wish to become members of Clonca Tennis Club, are invited to join. 10s. Ladies, 15s. Gents.

FIRST COMMUNION AND RELIGIOUS EXAMINATION AT OLD PARISH.

At the first Mass on Sunday last, the Rev. J. Nugent, P.P., congratulated the parents, the children and the teachers on the very efficient training displayed by the children at the Religious Examination held recently. It was a pleasure to listen to the intelligent answering in the schools, and it was pleasing also to see the devotion and understanding shown by the little ones going to their First Communion today. He exhorted parents to give good example to the young by frequent and regular reception of the Sacraments. The Rev. Preacher said that he feared that the good work of the teachers was not properly appreciated by the people.

COLLEGE UNION APPOINTMENT.

At the Annual Meeting of the Rockwell College Union, on Monday last, Mr. John O'Dwyer, Dungarvan, the able Secretary of the Co. Waterford Committee of Agriculture, was unanimously elected Vice-President.

HOUSE VALUE.

On Thursday Mr. Patrick Ryan, Auctioneer, Dungarvan, put up for Sale for Mr. John Meagher, and Miss M. Landers the interest of their house at 9 Grattan Square, held at the yearly rent of £28 16s. 0d. After keen competition Mr. P. Casey, Main St., was declared the purchaser at £250 and fees. Messrs. J. F. Williams and Son, Solicitors, had carriage of Sale.

THE CINEMA, DUNGARVAN.

THE HOUSE WITH PERFECT SOUND.

Monday and Tuesday June 1st and 2nd

Marion Nixon, Lowell Sherman and Hugh Trevor in "THE LOSING GAME."

An exciting mystery drama, adapted from the sensational stage play "Crime" Marion Nixon and Hugh Trevor as a pair of "innocents" who are unsuspectingly drawn into a net of intrigue and who dramatically turn the tables on their leaders, when they learn the true nature of the exploits they are expected to perform. Thrills, romance and a climax that will leave you gasping. Also Movietone News and Comedy.

Wednesday and Thursday, June 3rd, and 4th.

"THREE LIVE GHOSTS."

A side-splitting comedy drama; the story of "spoopy" ghouls and foster, three snu-snooked squoosers who return from the war, only to find that they have been reported dead and are forgotten in all their old haunts. They set to work to let the whole world know that they are very much alive and the result is a succession of delightful antics which will make you quake with laughter one minute, and hold you in the grip of suspense watching them struggle out of the many ridiculous situations they get themselves into. Apart from its comedy values this picture presents with stark realism the war scenes in "no man's land," showing the men going "over the top," the machine-gun bullets piercing the air, and the joyous and colourful Armistice scenes in London.

Also Movietone News, Cartoon and Novelty Musical Film.

Friday and Saturday June 5th and 6th.

Fannie Brice, famous Comedienne of Stage and Screen in "BE YOURSELF."

The funniest picture you will ever see, with the queen of comediennees talking, singing and dancing her way in a dynamic romance of the night Clubs and the prize-ring. Watch Fannie cut capers as Fatima and a Butterfly, plead with her as she tries to turn her weak-kneed sweetheart into a winner; thrill with her as he wins the biggest prize-fight of his career. This medley of songs, dances, flying fists, gay parties, knockouts, jokes and heart-throbs will entrance you from first to last.

Usual Supports.

DROMANA GARDEN OPEN TO THE PUBLIC.

On Thursday week the beautiful Gardens of Dromana, were open to the public in aid of the funds of the Irish Jubilee Nurses' Pension Fund by kind permission of Mr. and Mrs. Villiers Stuart, who have always taken a deep and sympathetic interest in the welfare of the Irish Jubilee Nurses. The weather, unfortunately proved cold and blustery in the early afternoon, but nevertheless, there was a very large attendance present from Cork, Waterford, Youghal, Fermoy and other distant centres as well as from Tallow, Ballyduff, Lismore, and Cappoquin, the full attendance reaching close on 300.

The Gardens looked wonderful, fresh and attractive with their myriads of choice flowers and rare plants, and were a distinct credit to the skill and artistic taste of Mr. A. Dawson, and his efficient staff of assistants.

The Upper and Lower Gardens were the admiration of all and having spent some time amid the rich and fragrant atmosphere of both places, the visitors were next shown through the

ODELL LODGE.

ARDMORE CO. WATERFORD ATTRACTIVE AUCTION

OF A BEAUTIFULLY-SITUATED RESIDENCE, Standing in Ornamental Grounds of about one Acre.

HELD FOR EVER FREE OF RENT. JOHN CONDON AND SON

Have been instructed by Mr. and Mrs. Barron, to sell by PUBLIC AUCTION, ON THE PREMISES, At the hour of one o'clock, p.m. (S.T.), on THURSDAY, JUNE 4th, 1931. The Valuable Fee-Simple Interest in the Residence, known as "Odell Lodge," situate in the Parish of Ardmore, in the Barony of Decies with, in Drum and County of Waterford. Poor Law Valuation—Land, 15s.; Buildings, £34 5s.; Total, £35.

The Property is very beautifully situated in its own Private Grounds overlooking Ardmore Bay. It has been used as a Private Hotel for some years past, but its Residential character is unimpaired, and it is, therefore, equally suited for either purpose. The Residence from an Architectural point of view is picturesque as well as practical, the Reception Rooms being beautifully placed on the front overlooking the Grounds. The Accommodation comprises—On GROUND FLOOR—Large Drawing-room with bay window, commodious Dining-room, Conservatory with Side Entrance, Central and Back Corridors, Breakfast-room, Store-rooms, Pantries, Kitchen with range and sink and 3 Maids' Rooms. THE UPPER FLOOR, which is approached by a well-constructed staircase, contains 10 well-lighted, airy and comfortable Bedrooms, arranged from a Central Corridor, also Bath-room and Lavatory.

There is also a Garage and Coach-house, which are well lighted and fitted, conveniently placed and built in harmony with the outline of the Residence. The whole Property is laid out and constructed on most excellent lines amidst Ornamental Grounds and Shrubbery in front, and nicely planted Orchard and Garden at rear, giving a very charming and secluded effect, without interference with the extensive view from the Grounds. The other Out-houses include—Store-rooms and Open Garage to contain 3 Motor Cars.

Vendors will pay all Outgoings up to 31st, March, 1931.

Subscribers have pleasure in introducing the Sale of this beautifully situated Property to the notice of the Public. It is equally suited for Hotel purposes, or for Private or Community use, and undoubtedly commands the best position in the well-known Sea-side Resort of Ardmore. Churches of both Denominations, Schools, Post Office and Strand are within a couple of minutes' walk. There is also a Daily Bus Service to and from Cork and Waterford, and Youghal Ferry is about 4 miles by level road.

Full Particulars at Sale, or on application to Messrs. E. A. RYAN and CO., Solicitors, Dungarvan, Co. Waterford; or to JOHN CONDON and SON, M.I.A.A., Auctioneers and Valuers, Youghal, (Established 1869).

DAVID NOONAN, Auctioneer and Valuer, Lismore.

historic Mansion, Dromana House. Where relics and articles of unusual interest were to be found in every apartment.

Teas were afterwards served in one of the large rooms on the ground floor and here the comfort and enjoyment of the various guests were carefully looked after by Mr. and Mrs. Villiers Stuart, Mr. A. Dawson, and the members of the household staff.

Several interesting games were carried on in the grounds in front of the house by Mr. M. J. Sargent, Cappoquin, Mr. P. Walsh, do., Captain Jack Wall, Dungarvan, and others and these resulted in very considerably swelling the funds in aid of the Nurses' Pension Scheme.

Apart from the rain, the entire proceedings proved most enjoyable and entertaining for all, and as a result the substantial sum of close on £50 was raised for the Nurses' Pension Fund.

D. POWER & CO.,
DUNGARVAN.

Youghal Auxiliary Mental Hospital.

At the usual monthly meeting of the Committee of above on Monday, Mr. W. J. Broderick, Chairman, presided and others present were—Very Rev. C. J. Canon O'Donoghue, P.P., Messrs. D. Gamble, M. Donovan, R. Daly.

Replying to Mr. Daly, the Chairman said the new fireman was giving satisfaction.

Arising out of the monthly payments Mr. Gamble raised the question of the use of margarine.

The Chairman said the dietary was the same as in the Cork Mental Hospital.

Mr. Gamble—Do the officials get butter?

Chairman—Yes.

The Chairman asked how they stood as regards the sugar accounts. If they had to pay for unexpected contingencies such as tariffs, they should also get the benefit when the occasion arose.

Mr. Donovan agreed. A saving clause ought to be inserted on all future tenders.

The Chairman said the question could be dealt with at the Cork meeting.

Mr. Gamble said, he would like to see a sample loaf of bread.

The Chairman said, they could visit the stores and see it.

Mr. Donovan said, they also had difficulties in the city. He had got a sample loaf made at Cork. It was excellent bread.

The Committee decided to visit the stores after the meeting.

A letter was read from the Town Clerk, Youghal, asking the Committee to carry out the necessary repairs to the Hospital sewer at the outfall.

The Chairman said, the matter had been hanging fire for a considerable time. Their Engineer suggested that the work might be carried out by the Urban Council at his estimate, but evidently the Council would not undertake it.

After some discussion, the question was referred to the Cork meeting.

A long report was read from Capt. Ring, regarding the provision against fire. He recommended among other things that two extra hydrants be laid down, that further lengths of hose be got etc., and that printed rules and directions in the case of fire be hung up in various parts of the Institution.

The Chairman said the present conditions could not be allowed to continue any longer. The question of pressure to the high levels should be tackled.

Mr. Donovan said, the report was a most important one. They should purchase the requirements suggested by Capt. Ring.

The Chairman said, they would recommend it and adopt the report.

Canon O'Donoghue—What is the use if you haven't pressure?

The Chairman said, that that difficulty could be got over. It was a question between a Booster pump and a tank on high level. The Engineer would be asked his opinion.

Canon O'Donoghue said, they had been playing with the question for the past 6 or 7 years. An order was made to get a tank.

The Chairman said, they would deal with the matter at the Cork meeting.

The Resident Manager's report was read as follows:—Since last meeting 4 patients (2 male and 2 female) had been admitted from the Cork Mental Hospital and 4 patients have died. The total number in residence at present is 428 in the proportion of 250 men to 178 women. Charge attendant T. Foley, has been ill with tonsillitis during the past week and has developed erysipelas. I submit for the consideration of the Committee report and instructions re fire drill from Capt. Ring. I submit letter from the Town Clerk again calling attention to repairs for Mental Hospital sewer.

The report of Dr. M. Twomey, visiting Physician read:—

Since my last report there has been 4 deaths and the deceased belonged

to Cork Mental Hospital. Seven patients are confined to bed on the male side of the house and six on the female side owing to debility and other cases. There has been no case of seclusion, injury or restraint. A male patient got violent and assaulted an attendant without provocation. There has been no complaint of the water supply. The food supplies have been regularly examined and found up to the standard requirements. There has been one case of sryopelas and otherwise the general health of the institution is excellent.

A letter was read from Dr. James Beausang, Kilmagner, stating that he was prepared to do temporary duty at the Hospital during the visiting Physician's months holidays.

Dr. Twomey—I am not going on holidays yet.

Having disposed of some routine business the members proceeded to the stores and examined the bread, which they found very satisfactory.

THOSE WHO "MAKE A LIAR OF GOD."

"Any man or woman who perjures himself or herself, asks God to bear witness to a lie. They make him cooperate with their falsehood—They make a liar of God," said the Most Rev. Dr. Hackett, Bishop of Waterford and Lismore, addressing a large congregation in St. Mary's Church, at Cahir, after Mass on the occasion of his biennial visit. It was, he said painful to see comments in the newspapers by those in authority, that the sanctity of the oath was not as it should be. He was sorry to say that those remarks were justified. He impressed on his listeners the importance of respecting the sanctity of the oath, because it was made in the presence of Him in Whom we live, move and have our being. Those who disregard the sanctity of the oath would have God's bitter judgment on them sooner or later. His Lordship solemnly blessed a new Mortuary Chapel which forms part of the new Church. He said the object of the Mortuary chapel was to encourage people to bring their dead to spend their last night in the Church under the shadow of the Tabernacle.

South Tipperary Co. Council passed a resolution disapproving of the majority report of the De-rating Commission.

A NEW INDUSTRY AT YOUGHAL.

South Abbey, Youghal 24.5.31.

Sir,—I read your Youghal Correspondents' remarks concerning my yacht "Stauinath" which has just been launched. Will you kindly allow me to supplement them as follows:—

Messrs Ahern Bros., (Dan and Jack), of course, second to none as regards boat building, and shipwright work generally—but they make no claim to experience in yacht building, and this was their first venture. Those familiar with the lines and design of a yacht, know how different they are from those of a boat or ship. The cutaway "forefoot," the sharp "dead rise" and "reverse curves" of the mid-ship sections, are but a few of the differences, and difficulties—to which must be added, the putting on of a heavy mass of lead on the keel only mastered all these, but they "layed-off" the moulds from the paper designs of the architect.

Should Sir Thomas Lipton happen to come along this way, and hear the foregoing, and then see the result for himself—there could be little doubt about who would build the next "Shamrock." Yours truly,

L. RONAYNE.

Police Constable: I saw the prisoner knock down another Irishman. Magistrate: How did you know he was an Irishman? Police Constable: I can pretty well tell them, sir.

G. A. A.

SARSFIELDS V. REDMONDS.

The Youghal Christian Brothers Gold Medal Senior Hurling Tournament, was advanced a further stage at the Copperalley (Youghal) Venue on Sunday, when the above teams decided their tie. The weather, which was anything but promising, cleared up in the forenoon and held fine all through.

The measure of support accorded to the fixture showed the keen interest which was taken in the meeting of two such well-known exponents of the game, as well as the popularity of the object. The game itself was contested at a fierce pace right up to the final minute, but the height of the grass, interfered, to some extent, with the standard of hurling. Redmonds played with some of the customary team short, and in the first half were well tried by a much lighter and clever Sarsfield fifteen. Sars took charge in the second period, which was due to the alertness of their forward line who made good use of the scoring opportunities presented. Punctually at the hour appointed, Mr. J. Whelan, Youghal, H.C., set the teams under way, and conducted the game with his usual fairness and impartiality—Details:—Sarsfields won the choice for ends and played towards the town goal, and immediately attacked to bring off a surprise goal. Following the delivery Sars again attacked to send wide. Play centered at midfield and Redmonds made rapid progress sending into the square, but the goalie effected a lengthy clearance. Redmonds maintained the pressure and following a determined onslaught Sars acceded a "70" which was beautifully directed over the bar. Sars, at the other end forced a similar concession, but the ball was sent slightly wide of the upright. Fast exchanges took place, a slight advantage coming to the Sars and following up recorded a minor. Play was temporarily interrupted through an injury to one of the Reds, and on resuming Sars, again notched a point. Sars took the offensive and forcing a "70" were successful in raising the green flag. As a result of the puck Redmonds made headway along the wing and a lightning attack shortly afterwards reduced the lead with a major score. No further score was recorded when half-time arrived leaving the score:—

SARSFIELD—2 goals 2 points.
REDMONDS—1 goal 2 points.

On resuming Sarsfields began to hurl in fine style and though severely pressed kept out the opposing front line. Play was transferred to Reds territory, and in a scrimmage in front of the goal were awarded a "70" from which a goal resulted. Both back lines were in turn tested, but cleared, till Sars came away in a fast rush and further increased their lead with a goal. The Reds combining made a successful raid securing a major, but Sars immediately replied with a similar score. Several interruptions occurred through injuries and one Sars player was replaced. Following a free to Reds a fine point was recorded. Though Redmonds strove hard to increase their register they failed owing to the sterling defence of Sars. The latter team scored a few major scores and of the final whistle were comfortable winners on the score:—

SARSFIELDS—6 goals 2 points.
REDMONDS—2 goals 3 points.

The teams were:—Sarsfields—D. Linehan (Capt.); R. Latty, J. Mahoney, J. Sunners, J. Murphy, C. Crowley, T. Murphy, J. Lotty, M. Lewis, R. Walsh, R. Driscoll, T. Murphy, B. Murphy, W. Horgan, J. Hurley (goal).

Redmonds—M. Madden, M. Mullally, D. O'Keefe, J. McCarthy, J. Barry, J. Seymours, R. Long, M. Coughlan, D. Hegarty, C. Gould, D. Regan, M. Dennehy, J. Sullivan, F. O'Leary, J. Harly.

In order to be a successful angler it is necessary to pay attention to the selection of your Fishing Tackle. We have hundreds of Rods, Baskets, Reels, Trout Lines, Sea Lines, Hooks, Casts and Baits of every description in stock. We devote a special department to the care and selection of Trout Flies, which are all hand tied from carefully selected material. The cut is particularly fine-drawn and the wings are matched so as to be exactly the same as the real fly. Every hook is made from the finest steel and will stand the hardest strain. We have over 200 varieties in stock and every one is true to name. We sell them at the lowest possible price consistent with quality.

Cobbler's Son.

MAKES BOOTS BY THE MILLION. EXTRAORDINARY STORY OF DEVELOPMENT.

A Cobbler's son named Thomas Bata, of Zlin, Czechoslovakia, has developed the biggest business in the world in the boot and shoe line.

Here is an epitome of Thomas Bata. He is worth £10,000,000. He owns the world's greatest boot and shoe factory, with a pay-roll of 17,000 hands.

His retail shops number 2,000. His output is now more than 135,000 pairs a day.

All this success has been gained within ten years. More than half of the cheap shoes for women on sale in Great Britain to-day come from the factories of Thomas Bata. Recently he signed a contract for the supply of 2,000,000 pairs to an English house with multiple shops.

Lately he flew to Berlin and dealt with an order for 5,000,000 pairs for the United States.

Whenever he moves about the country or travels about Europe he flies in his own airplanes with his own pilots because "time is money." He cannot afford to travel by trains or steamboats.

The man himself is a stoutly-built energetic peasant, but with brains and immeasurable imagination. He sits in his office in Zlin with a revolving globe before him, and on that globe he marks what he thinks should be the sale of Bata shoes in any particular area. What he marks in figures must be reached by his sales organisation or Thomas Bata must know the reason why.

A system of signal lights show near his plain deal table-desk. Those lights indicate whenever Thomas Bata is wanted personally in any one of the forty factory buildings of his town.

When the lights call him he goes, and he has such technical skill that he can put any intricate machine to rights or show any craftsman what should be done.

Efficiency in Zlin has been carried to the nth degree. There is no such calculated and studied efficiency in any factory—no matter what it may make—in England.

Zlin itself is a wonder town. It seems to have no reason for being where it is—no coal near by, no water communication, no railways except a branch line. Set in a lap of the hills, it is the last place one would imagine would ever have become industrialised.

You come to it on a rambling railway through a countryside where the land workers still plough by oxen-power, and then you find Zlin the model factory township—wide streets, fine buildings—all light, and air, and electricity.

Forty factory buildings stand in ruled lines behind grass plots and tree avenues, and around them on the hills are the apartments and homes of the workers.

The whole reason of Zlin as a factory centre from the point of view of Thomas Bata is cheap labour. There is an infinite supply of cheap labour from the Moravian countryside, and he draws it in, and uses it.

Neither English nor American people would stand the Bata system of mass production and wages, but the simple Moravian village folk flock to the factories.

Every girl and every man in the mammoth factory works to a production standard. They must each do "so much" each day, and if they do not do it or cannot do it then their wages suffer.

Shoes are made in the factory in the same way as motor-cars are made in the mass—on the conveyor system, all working to a point of output. The girls and the men by the conveyor belt must finish their individual task on the shoes as they pass in the carriers, otherwise there are penalties.

The work in the factory shops is at such intense speed that mentality becomes dulled. The whole business is production without soul.

Wages are low by English standards but they are much better than elsewhere in this country of cheap labour.

An average girl will receive 15s. for a forty-five-hour week, but she will live in a dormitory home provided by Thomas Bata, feed in a restaurant provided by Thomas Bata, go to a cinema provided by Thomas Bata, dance in a hall provided by Thomas Bata, buy all her goods and chattels in a store provided by Thomas Bata, and finally hand in her savings to receive interest from Thomas Bata.

The houses he has built around the factory—good houses, too,—he lets at a rent of about 3s. a week. A single man or girl can stay in one of his dormitories at a cost of 1s. per week. The best of meals in his restaurants cost 5d. Entrance to the cinema is only a penny.

So a girl who makes only 15s. a week can live well for 10s. a week, and be much better off than if she stayed in her mountain village and worked on the land for 8s.

Everything the worker can need, from a hat to a motor-bicycle, is sold in Thomas Bata's universal store in the town.

One of the finest buildings in the town is a club for the workers. There are playgrounds, swimming baths, and a most efficient hospital. Thomas Bata himself lives in a modest villa much less pretentious than the workers' club.

Every single unit in the Bata system has to make its profit. Even the hospital must pay its way.

If there is a loss in any department

there is a deduction from the workpeople's wages in that department. There is a collective responsibility, collective gain, and collective loss.

Whether it be the swings or the roundabouts, Thomas Bata is the man who eventually gains.

Here at Zlin is real rationalisation of industry. It has been planned and carried out by an industrial genius; but to English factory ideas it is the negation of humanity.

All the workers who live in the dormitory centres live by rule. They must be up by 5.30. They must have physical exercises. They must be at the factory by seven o'clock.

They must use their evening spare time in this or that way. They must be in bed by nine o'clock. They must not smoke at work, and they must not drink.

They must save a certain proportion of their earnings. When they sign a contract to work in the factory they must give all manner of personal particulars—about their debts, their resources, and their families.

Yet the workers at Zlin like the system; of that there is no doubt. Thomas Bata to them is their master their king, and their world.

The shoes Thomas Bata makes in his factories are the cheapest in the world, and for their price they are good. At his retail stores he provides service as well as sales. The cost of re-soling a pair of shoes is only 1s. "while you wait," and while you wait you can have free chiropody.

Always Thomas Bata and his boot town of Zlin are developing. He could now—if the demand came—make boots and shoes at the rate of 200,000 pairs a day—much more than the combined output of all the Northampton factories.

He has put forward schemes to the Government of the country which will make Zlin a town of 100,000 people before 1940.

He is making shoes, but he is scheming to make other things as well. There is no logical end to his self-contained system. He is more complete than Henry Ford or Sir William Morris.

Thomas Bata with his brains and uncontrollable energy, is striding from Central Europe across the world. He has built an organisation of young men and women. Scarcely any one in his executive or his factory is more than twenty-five years of age. He has caught them young and has trained them.

SIRES FOR 1931.

(Registered by Department of Agriculture). THOROUGH-BRED SIRE GOLDEN BUD By Golden Sun by Sundridge by Amphion-Sierra. Dam Rosental by William III. G.d. Pontoon by Orietta.

M. J. SARGENT,

Sole Agent—Dungarvan, Lismore, Tallow, Cappoquin and Districts.

TO FARMERS!

Do you realize the opportunities which are offered you at present of placing on your farms two of the most important things to help you in your every day work—

HAY BARNs and CATTLE SHEDs. You have prices practically down to Pre-War rates and you are offered from 25 to 30 years for the repayment of same at a reasonable rate of interest.

Don't you think it worth while dropping me a post card asking me to call on you and give you all particulars, and you will be under no obligation to purchase.

I represent one of the leading Firms in the Trade for above and if you are purchasing for cash and will advise me, I will take you to the Works where you can select your shed, which will be delivered to your haggard per lorry, with scaffolding.

If you are thinking about a barn I hope you will place your order with me. By doing so you are supporting local industry and labour, and dealing with a firm of 100 years reputation for solid workmanship and material.

Local Agent—R. J. DEE, Moynang, Dungarvan.

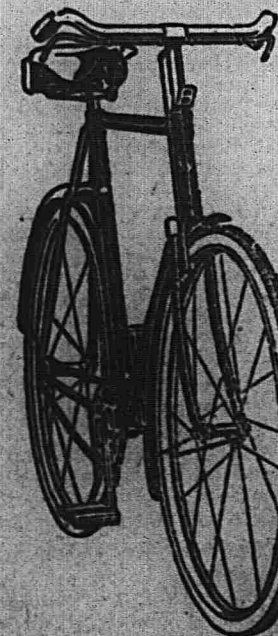

Agent for GRAVES & CO., Limited Hay Barn Contractors, WATERFORD.
