### Bathing Fatality at Dungarvan.

**COLLIGAN YOUNG MAN LOSES HIS LIFE UNDER SAD CIRCUMSTANCES.**

#### THE INQUEST.

On Sunday evening at 6.30 p.m., a young man named Patrick Dahill, son of Mr. James Dahill, Colligan, met his death under very sad circumstances.

The deceased, who was 23 years of age, left his home on Sunday afternoon in his usual good health and cycled to Dungarvan to see the inter-county football matches, which were being held for that evening. Having spent a few hours at the Gaelic Field, he returned to town after the matches and sometime later accompanied by a young boy he went to Stokes Baths, with the intention of having a swim in the pond. Diving himself in his clothes he went in and was seen swimming about by Liam Tobin, Main St., as he was passing along to the dressing room. When Tobin returned in a few minutes, he saw Dahill crouched against the wall of the pond. George V. Stokes (junior), and George Hamilton, (caretaker of the baths), were on the scene at once and had the poor fellow taken out and every attempt was made to resuscitate him. The Priest and Doctor, were sent for and arrived forthwith. Dr. Moloney, tried artificial respiration for sometime, but without avail. The sad fatality cast a gloom over the town and much sympathy was expressed to the family of the deceased, who was a quiet, harmless and popular young man, who was very widely esteemed by all who knew him.

#### THE INQUEST.

On Monday, at noon an inquest into the circumstances of the death of Pk. Dahill, Colligan, was held in the Courtroom, Dungarvan, by Mr. T. C. Williams, Solr., Deputy Coroner.

Inspector Hart, appeared for the State; and Mr. E. A. Ryan, Solr., represented Messrs. Stokes, proprietors of the Baths.

The following jury were sworn:—Messrs. John Bransfield, (foreman); Thos. Morrissey, James Curran, Ed. Power, D. McGrath, John Power, and Ml. Flynn.

James Dahill, Colligan, farmer, father of the deceased, said he last saw his son Patrick alive at dinner time the previous day, when he had dinner with witness. After dinner, deceased cycled to Dungarvan, to the football matches. He was then in his usual good health. He was about 23 years of age.

Witness identified the body lying in the morgue as that of his son. The deceased was attended by a Doctor, but to witness knowledge he was not suffering from any complaint that would cause his death.

Examined by Mr. Ryan—He was attending Dr. McCarthy recently. Witness did not know what for. He cycled to Dungarvan immediately after dinner.

Liam Tobin, Main St., Dungarvan, deposed to going to the baths about 6.20 p.m., on Sunday evening. Deceased was swimming up the pond at the time. Witness did not know him. There was a young chap standing there who was not swimming. There was nobody else in the pond. Witness went into the room and got undressed. He was about three minutes inside, and when he came out he noticed the deceased in a crouching position against the wall at the sea side of the pond. Part of his head was over the water and he was leaning against the wall. Witness heard no shout or noise while he was undressing. When he saw deceased he ran for Mr. Stokes, and a man named Hamilton, and they lifted him out. They applied artificial respiration. Deceased showed no sign of life. From the time witness saw him swimming until he saw him against the wall about 4 minutes would have elapsed.

Examined by Mr. Ryan—Deceased probably saw me going in to undress. There was no shout or call. Witness did not notice if the hair of deceased was wet or dry. There was 4 feet 10 inches of water in the pond at the time. Witness saw no sign or mark on the head of deceased.

George Hamilton, Strand St., deposed he was employed at the baths, and was on duty on Sunday evening. At about 6.30 p.m., he was called by Tobin, who said there was a man weak in the pond. Witness ran in and saw deceased leaning against the wall. His chin and mouth were under the water, but the rest of his head and shoulders were over the water. His head was stooped forward. We pulled him out, and he gave a kind of a snore. We tried artificial respiration without any result, only a little froth came from the mouth. They sent for the Priest and Doctor. Witness did not see deceased going into the baths.

Examined by Mr. Ryan—Yesterday was very warm. No water came from

### Waterford County Council.

ELECTION OF CHAIRMAN.

TRIBUTES TO COUNCIL'S WORK.

NEW AGRICULTURE COMMITTEE.

£600 FOR SHAW'S BRIDGE.

The Annual Meeting of the County Council was held in Dungarvan Court-house, on Tuesday. Mr. John Kiersey, outgoing Chairman, presided. There were also present—Messrs. N. Fitzgerald, J. Kirwan, John O'Donnell, G. J. Greene, C. J. Curran, J. Butler, M. McGrath, D. Heskin, M. F. Walsh, P. O'Gorman, P. Cunningham, P. Fitzgerald, W. Power, L. Hallahan, T. Shipsey, M. Curran, W. Stack, J. P. Moloney, M. O'Regan, T. Hart, J. Power, Thos. Power, Geo. Torpey, W. Walsh, M. O'Brien.

**Outgoing Chairmen Re-elected**  
Mr. John O'Donnell, proposed the re-election of Mr. John Kiersey, as Chairman, and Mr. Patrick O'Gorman, as Vice-Chairman. He did not think they could get better men; they were regular attendants and entitled to the positions.

Mr. C. J. Curran, seconded.

There being no other proposal, the motion was unanimously passed.

Mr. Kiersey, returning thanks for his re-election, said, he found it very hard to convey to the Council how he appreciated the compliment they had paid him, in re-electing him for the 7th year in succession. New legislation was now coming along dealing with County Councils and whether that legislation will take away the power they exercised at present from the hands of the elected representatives of the people, he could not say. It would not be out of place for him to say that the majority of the County Councils in the county have done their work well, and even if some little irregularities in some isolated cases took place, he did not think that would be justification for taking away the powers they already possessed. The County Councils

deceased mouth. His hair was not wet so I would not say he had dived.

Mr. George V. Stokes, deposed he was a nephew of the proprietor of the baths and was in the office yesterday evening, at about five or ten past six when the deceased came into the baths. He paid 2d. to witness when going in and he stated he had his own fogs. Witness saw nobody with him, about 10 minutes afterwards he was called by Tobin. He went in and found the deceased leaning against the wall. His chin was under the water, but from the chin up was over the water. They lifted him out and he gave a kind of snore. There is no diving board in the pond.

Examined by Mr. Ryan—From what I saw it appeared as if he just collapsed while standing against the wall. Where he stood the water would be only up to his middle.

Mr. George Stokes, deposed he was proprietor of the baths. He was not inside the baths when this occurred. He was outside in the street. In the presence of Inspector Hart, he measured the depth of water where deceased was got and found it to be 4 feet 6 ins.

Examined by Mr. Ryan—The baths were founded in 1884 and during all that period there was never an accident of any description.

Dr. M. F. Moloney, deposed he was called to the baths about 6.30 p.m. He found the deceased lying on a couch in the dressing room. He was pulseless and his eye reflexes had disappeared, but the body was still warm. He got the body into a prone position and tried artificial respiration for ten minutes, but found it was useless. Witness learned from his relatives that deceased had been attended by Dr. McCarthy, so he got into communication with Dr. McCarthy, this morning, but found he could not throw any light on the tragedy as it was for a minor illness he was treating him. In witness's opinion death was due to syncope or sudden failure of the heart. There was no mark of any kind on the body.

Examined by Mr. Ryan—He was perfectly satisfied that death was not due to drowning and that the attendants at the baths did everything possible for him.

A verdict of death from natural causes was returned.

Mr. Ryan solr., said he was asked by Mr. Stokes to tender to Mr. Dahill, his very deepest sympathy in the loss he had sustained. The Coroner, jury and Inspector Hart, also joined in the expression of sympathy to Mr. Dahill.

Mr. John Dahill, (uncle), said he knew that Mr. Stokes could not have done any more. He returned thanks for the expression of sympathy.

On Monday evening the remains were conveyed to Colligan Church and were followed by a large concourse. On Tuesday the interment took place in the family burial ground at Colligan in the presence of a large gathering of friends and relatives and the general public.

had done great work in the past 30 years, and he could not express an opinion as to whether any irregularities here and there were sufficient justification to rid the representatives of the people and the powers they had.

He would say that in the years to come, when Counties had Commissioners or Managers—and even if it were possible that 28 super men could be found—that many counties may not do as well as when they had their own elected representatives. He would say for the County Waterford, not speaking of 4, 5, or 6 years, but for 30 years since the establishment of County Councils, that at all times their Co. Councillors had done their duty to the people who elected them. In recent years, not one penny was spent unnecessarily, no doubt a Manager could reduce rates, but by so doing some section of the people would suffer. They could reduce their public services—Hospitals and Public Assistance etc.—and they need not spend so much on the roads. But remember if they neglected any portion of their work that it should be made good later on, and in the end they would lose more than they would gain. On behalf of the Co. Council of the County Waterford, he said all the members had done their work well in every department of the County service—in the upkeep of the hospitals and relief of the poor, and unemployment. He again thanked the members for the honour paid him.

Mr. O'Gorman, returning thanks for his re-election as Vice-Chairman, said, he was a member of the first County Council elected 30 years ago. That Council had great powers. This was the last Council that would be in office, as under the new Bill Councils would be abolished, and he doubted if the new system will please the people as well as the old. Everything had been done, and done well up to this, and it was easy for the new Commissioners or Managers to carry on. They had only to plod along until the control was taken out of their hands, and then, he hoped the new Appointments would do better than they had done, and if they do, the people will give them every credit. He doubted very much if they would ever do as much for the people as the County Council did. At that time the landlords had the people on their knees, and at their mercy, but the County Councils helped to straighten things up, and now the people were fairly independent. It was the County Councils brought about many of their greatest reforms, (hear, hear).

**Appointment of Committee of Agriculture.**

Under the new Agricultural Act, recently become law, a new Agricultural Committee, for the County had to be elected.

Mr. Stack—How many members can you appoint?

Secretary—According to the Act you can have not less than 3 nor more than 4 members for each Co. area, which is 15 or 20. The Council could elect members from the Council or outside it.

Mr. Stack, reading from a red book containing the name of the members of the old Agricultural Committee, said there were men on it who never attended.

Chairman—You can take 4 members from each area.

Mr. Butler—it is your intention not to have any outsiders on the Committee?

Chairman—No.

Mr. Greene—We have some very good men outside the Council.

Mr. Stack—Read the list of the old Committee and you can easily settle it.

Chairman—There were 60 members on the Committee.

Mr. Stack—I see here the names of Ml. Curran, John Halloran, Ml. O'Brien, John Butler and Wm. Stack—strike them all out as they never attend.

Several members—You are always there.

Mr. Stack—I am called in to form a quorum now and then, and I want to be off it.

Mr. O'Gorman said if they appointed four Councillors from each area there would be no room for outside gentlemen. It was not fair for the Council to monopolise the Committee.

Mr. C. J. Curran—You must first decide whether you will have 15 or 20 members?

Chairman—Unless you decide it today, you cannot do it afterwards.

It was decided to have a Committee of 20.

Mr. Curran—The members of the Council should have first preference on the Committee.

Chairman—No one should be proposed on the Committee who did not attend in the past.

Mr. Stack—I meant to knock off those Councillors who never attended before.

Mr. C. J. Curran—There is no use in putting on members on this Committee who will not attend. Around Dungarvan there are some who attend regularly. Mr. James Daly is a first-class man. Is he disqualified now?

Mr. O'Gorman—Not if he is interested in farming.

Mr. Stack—Sure Mr. Daly was the man who advocated Irish for the Agri-

cultural business. I object to Jim Daly being put on the Committee at all.

Mr. A. Curran—I am sorry Mr. Daly has incurred Mr. Stack's displeasure over Irish.

Mr. Stack—And with his motion on Irish he knocked out a good man at the Agricultural examination who had no Irish. The Department rejected him because he had no Irish. Irish for Agriculture—did you ever hear the like.

Mr. P. Fitzgerald—Mr. Daly is a man can attend.

Mr. Stack—Who told you he would attend. I never saw him there but once.

Chairman—Those who do not mean to attend should not go on.

After further discussion, the following Committee was elected:—

Clashmore Area—Messrs. M. Curran Co. Co.; T. Hart, Co. Co.; Ml. O'Brien Co. Co.; and Jas. Daly, Dungarvan.

Dungarvan Area—Messrs. M. McGrath, Co. Co.; J. F. Moloney, Co. Co.; C. J. Curran, Co. Co.; and P. B. Sheridan, (Kilrush).

Lismore Area—Messrs. J. Roche, Dunmoon, P. Morrissey, Affane, M. F. Walsh, Co. Co.; and D. Heskin, Co. Co.

Kilmacthomas Area—Messrs. D. Coghlan, Co. Co.; P. Fitzgerald, Co. Co.; L. Hallahan, Co. Co.; and P. R. Power, Rathgormack.

Tramore Area—Messrs. N. Fitzgerald, M. O'Regan, Thomas Flynn, (Coolnagour), and John Greene, (Burgery, Dungarvan).

In the Tramore area, Mr. Thomas Power, was proposed, but resigned in favour of Mr. Greene.

Mr. Stack said Mr. Flynn, and Mr. Greene were always at the meetings of the Agricultural Committee.

Mr. Hart—Mr. Stack is a regular attendant and he should be on the Committee.

Mr. O'Regan said room should be made for Mr. Stack on the Committee.

Mr. Stack—I don't care a d—

Mr. Curran—That is a great slur on the Councillors not to be returned. You have put on people who went before the electors and would not get 10 votes.

Mr. Stack—Did you go before the electors. If you did you would not get many.

Mr. Hart—Some member should go off for Mr. Stack.

Mr. Stack—There is no money in the job.

Mr. C. J. Curran raised the question of the membership of the Diseases of Animals Committee, and said its personnel hitherto was the same as the Agricultural Committee. As the two Committees met on the same day it would facilitate the Clerk if the Committees were the same.

It being held that the Diseases of Animals Committee could not be touched at the moment the matter will be dealt with later by notice of motion.

**Lismore Vacancy.**  
Mr. O'Shea, Co. Co., Lismore, wrote regretting that owing to ill health, he was unable to attend the meetings for some time. The explanation was considered satisfactory. No reply was received from Mr. J. G. Duke, as to his absence from the meetings of the Council for some time, and it was decided to fill the vacancy at the next meeting.

**Shaw's Bridge.**  
A proposal to expend £600 to £700 on Shaw's Bridge, Ballymacbray, was approved. It was at this Bridge that a young man lost his life in the flood a few months ago.

**Overdraft.**  
The Council decided to apply for a renewal of an overdraft for £20,000 up to the 30th September next.

**TO Be Paid.**  
The L.G.D., wrote re refund of law costs incurred by Collector Barry, for the recovery of rates in the years 1923-'24 and 1924-'25 and said no objection would be raised where the County Council authorised proceedings against defaulters.

It was decided to pay the costs.

**No Closing.**  
An application from the Tramore Development Committee, for permission to close the promenade for 6 days for the holding of sports, and to make a charge for admission thereto, was refused.

Mr. McCoy, Solr., said the Council had no authority in the matter.

**HARRY TEBB AND HIS BAND.**

Don't Forget—The New Route to Paris is via The Strand Palace, Youghal.

Mr. Bowen—Widows are very hard to please. I sent a pile of correspondence and if she read it, all would be right. I would suggest the Council should leave the widow to me, and I will try and deal with her.

**Hard Hit.**  
Messrs. J. McCarthy, N. Queally, P. Cullinan, T. Barry, J. Condon, J. Hart, N. Connors, A. F. Quirke, and E. J. Nugent, Rate Collectors, wrote that owing to the increased grant of £20,000 to relieve the rates of the County, they suffered serious loss in poundage fees, while having the same duties to perform and asking the Council to pay them poundage on their original warrants prior to the reduction granted under the recent grant.

Chairman—Supposing we were able to reduce the rates by a few shillings in the £, what position would the rate-collectors take up?

Mr. Greene—They would canvas and get us all thrown out at the next election.

Mr. O'Donnell—I propose that the letter be marked read.

Mr. O'Gorman, seconded.

The application was unanimously refused.

## YOUGHAL NOTES.

**THE TECHNICAL SCHOOL.**  
The local Technical School has just concluded the Session 1930-31, and is now closed for the Summer Recess. At the last meeting of the local Committee, the Head-master submitted the names of those students to whom Class Prizes had been awarded for the previous Session, also the list of candidates who sat for the Department of Education Sessional Examinations. Eight First-Class and seven Second-Class Passes were obtained as well as first place and Department's Prize in the Fourth Year Motor Car Engineering Course. 2nd. Place and 2nd. Prize in Fourth Year Workshop Practice, and second place and prize in Third year Drawing from Natural objects. 45 Students having made more than 75 per cent. of possible attendances and received more than 75 per cent. marks for work, were entitled to attendance Certificates.

The Chairman, Rev. W. H. Hayes, congratulated the Head master, on the success of the school and desired him to convey the congratulations of the Committee to the students and teachers concerned.

The Head master thanked the Chairman and members for their complimentary remarks regarding the teaching staff and himself. No matter how efficient a teacher might be, if the student did not willingly co-operate good results could not be obtained.

**PROPOSED EXTENSION.**  
The question of providing more Class room has been under consideration for some time. When the school was built everyone concerned believed that there was sufficient accommodation for all purposes. The past session proved that further development must be carried out and that is impossible until suitable room was available. An extra room for the Motor Car Engineering Class is also a necessity, the present room having to serve the double purpose of Machinery Room and Assembly Room. It is satisfactory to state that the Head master was in a position to inform the Committee that the building and one additional room would be undertaken immediately. The County Committee while willing and anxious to provide sufficient buildings, have to consider the needs of other towns, which are not yet provided with any sort of Technical School.

## CAPPOQUIN NOTES.

### AN ABANDONED EXCURSION.

The members of the Committee of the Catholic Young Men's Society, decided several weeks ago to have a grand river excursion run to Yougal on Sunday 21st., inst.

There being no regular passenger steamer running on the Blackwater now between Cappoquin and Yougal, the Yougal Motor Ferry Boat was chartered for the occasion, but as the fee for the day was a rather stiff one, and her accommodation was limited to 35 passengers, the promoters of the excursion found it necessary to charge 5s. per passenger for the return journey. As this was more than twice the amount charged for a return trip by the various boats running in former years, and also owing to the unsettled state of the weather, the excursion did not receive sufficient support and the Committee were obliged to cancel the arrangements.

Had the original programme materialised, it was intended to have the recently reorganised Brass and Reed Band accompany the party.

### LAWN TENNIS CLUB DANCE.

A most enjoyable dance was held in the Boathouse Hall, on Wednesday night, 17th. inst., under the auspices of the local Lawn Tennis Club. The attendance reached very satisfactory proportions, and all the arrangements were admirably carried out by the officers and members of the Tennis Club.

The music was supplied by the Ubique Orchestra, Lismore, and the catering arrangements were in the hands of a committee of local ladies, assisted by Mr. G. Watson, the well-known catering expert. Messrs. M. J. Sargent and T. Lincoln, proved themselves efficient M.C.'s. With the welcome improvement in weather conditions, a very busy time seems to be in store for the Tennis Club, as several important Tournaments with various Munster Clubs are to be held here in the near future, and another grand dance will be held before the finish of the Tennis season.

### TOWN PARK AND ATHLETIC CLUB.

The Annual meeting of the Town Park and Athletic Club, was summoned for last Friday night, but was later adjourned to a future date. It is hoped that when the meeting is held practical steps will be taken to place the Club on a sound basis, so that the fine Sports field can be raised in and other necessary improvements effected, to make it once again suitable for important hurling and football matches. During some of the fierce storms in the early part of this year a large portion of the hoarding which enclosed the field was blown down, while all the railings which enclosed the playing pitch had to be removed owing to their broken condition. As it will cost a considerable sum to put all these matters right, it is hoped that all classes of the townspeople will work in a spirit of good-fellowship to have this Sportsfield preserved for the town, as with the support of all it can be very easily made a most valuable asset to the townspeople.

### THE ROWING CLUB.

Although the rowing season is now in full swing all over Ireland, it seems rather extraordinary that the Irish Amateur Rowing Union has not yet allotted any definite date to the Cappoquin Rowing Club, for the holding of the annual regatta this year. It is some months since the Hon. Sec., of the Rowing Club applied to the governing body for the necessary permission to have the Cappoquin regatta held on Monday, July 13th., as there will be no other aquatic fixture in Ireland to clash on this date, and further, the tide will suit admirably on that evening.

Another strong point in favour of having our regatta held on this date is that it will be two days before the Cork City Regatta, which comes off on Wednesday, July 15th., while the Limerick Regatta will be held on July 16th., so that all the Leinster and Munster crews will be in the pink of training by that time, and a large number of entries from outside Rowing Clubs may be confidently expected.

The members of the Rowing Union, or at least some of their paid officials in Dublin, seem to have made a speciality of treating Cappoquin Club, one of the oldest Rowing Clubs in Ireland, with rather scant courtesy within recent years, and only two years ago the regatta, which was to have been held on the August Bank Holiday, had to be abandoned, because the Dublin authorities would not grant a permit to Cappoquin on the flimsy ground that another regatta was being held in Carrick-on-Shannon, on the same day.

Nobody knows the most suitable date for a regatta in Cappoquin better than the members of the local Rowing Club, who thoroughly understand the suitability of the tide and other important local factors, and we trust they will now press their claim so insistently as to render it impossible for the Irish Rowing Union to refuse to grant them the necessary permit for the event to be held here on Monday, July 13th.

### A BEAUTIFUL CAR.

We wish to direct the attention of motorists to the important announcement from Mr. M. J. Sargent, Motor Agent and Engineer, in our advertisement columns this week, giving full details about the new Saloon Chrysler Plymouth motor car which has only recently been put on the market by the Chrysler Co. No modern motorist should fail to get a catalogue and full specification of these beautiful cars, as their price are now offered at the reasonable price of £235, plus carriage. We are not surprised that Mr. Sargent has already booked numerous local orders for them. See advt. elsewhere.

### "LET US SPRAY."

In view of the rather widespread prevalence of potato blight all over the country, and the urgent necessity for early and frequent spraying of the crop many farmers have started a new form of prayer which begins with the words—"Let Us Spray!"

### Kilmacthomas District Court.

Held at the Courthouse, Kilmacthomas, before Mr. F. J. McCabe, D.J. The light list of cases disposed of was mainly composed of civil bills, for which decrees for full amounts claimed, together with costs in each claim, were recorded.

Messrs. E. A. Ryan, solicitor, Dungarvan, and D. R. Counahan, L.L.D., solicitor, Kilmacthomas and Waterford, were the professional gentlemen engaged.

Patrick Pigott, farmer, Cumeen, Kilmacthomas, sued Michael Wade, farmer, Kilcanavee, do., for £10 compensation for the alleged trespass of about 30 sheep, the property of the defendant on divers dates between July 1st, 1930 and December 1st, 1930, on his lands.

Mr. Counahan, solr., appeared for the complainant, and Mr. Ryan, solr., for defendant.

This case had stood adjourned from a previous court, when the Justice suggested that both parties should come together and try to effect an amicable settlement.

Mr. Ryan, now informed the Court that, although his client had done everything possible to effect a settlement, Pigott had refused all offers made.

Mr. Counahan, held his client was entitled to a decree, and would take the matter to a higher Court if he failed here.

Justice—I will give a decree for 10s. only. If he does not think this amount sufficient, he can take his case elsewhere.

General Beer Licenses were granted to Mrs. Kate O'Donoghue, Spirit and General Merchant, Kilmacthomas, and Mr. John Kent, do.

Mr. Counahan, solr., acted for both applicants.

Thomas Dee, Kilnagranee, sought an instalment order against Patrick Whelan, Kilmacthomas, for the payment of £17 19s. 5d. arrears of rent due for which sum a decree was given against Whelan at an earlier sitting.

Mr. Ryan, solr., appearing for Dee, said that since the decree was served on Whelan no effort to pay had been made. Whelan was employed as a signaller on the railway, and his weekly wage would be from £2 10s. to £3. He was a bachelor and had nobody depending on him.

Patrick Whelan, was called, but failed to appear.

The Justice made an order that the full amount be paid in three equal monthly payments—the first payment to take place on July 1st. He allowed £1 12s. costs.

For permitting goats, their property to wander on the public road, John Kiely and Margaret Kiely, of Leamybrien district, were each fined 2s. and Court costs.

Guards John Park, Leamybrien, and John Murray, do., were the respective prosecutors.

### YOUGHAL TRADERS.

A preliminary meeting of local traders was held in the Town Hall, Youghal, on Friday, for the purpose of taking steps to protect their interests. Mr. Richard Farrell, was moved to the Chair, and there was a large and representative attendance.

A deputation from Cork Co. Traders Protective Association, including Messrs. T. Geany, P.C., Chairman; P. Drury, L. Walsh, - O'Shea, and W. Cox, Sec., attended.

The Chairman, having stated the object for which the meeting was called, pointed out the stern necessity of forming a real live organisation to safeguard their vital interests as a Commercial Community, which were being encroached on and injured materially in many ways of late.

There was very little good in looking for fair play from the powers that be unless their demands were backed in a manner to carry weight. Individually they were powerless, but as an active branch of an Association like that represented by their visitors, they would be in a position to make good.

It was unanimously decided to affiliate with the Cork Association.

Some discussion having taken place on matters of detail, the meeting adjourned to next Friday.

Solicitor: Have you ever assaulted your wife?—Man: Well, just a little flick like.

Magistrate: Any questions to ask the constable?—Woman: No. If he is satisfied, so am I.

Mother: My son is a very good boy indeed, except for lying and stealing on several occasions.

**KERRY, TIPPERARY, WATERFORD AND LIMERICK IN COMPETITION.**

**KERRY AND TIPPERARY TRIUMPH**

The Dungarvan Gaelic Field, looked its best on Sunday, and the glorious sunshine, so long awaited, came forth in all its splendour to gladden the hearts of the thousands who, came to see Kerry, Tipperary, Waterford and Limerick try their luck in Munster Football Championships. The enclosure was laid out in faultless style by Mr. Fraher. The Dungarvan Brass and Reed Band, under the baton of Mr. McHugh, rendered a choice musical Selection on the grounds during the afternoon.

Kerry and Waterford Minors, were first to take the field and from the start the traditional supremacy of Kerry was established, and they had an easy victory.

In Senior Football Waterford and Tipperary played a very good sound game, but the Waterford men seemed unable to stand the pace set them, and were unable to score. An outstanding feature of this game was the splendid defence of E. Hayes, in goal. He saved about a dozen deadly shots at his net. He did his work so excellently between the posts that no goal was registered during this game. Feeney, and Greany, were also excellent in attack and defence.

In the minor Football re-play between Tipperary and Limerick, the former won by a small margin after a very interesting display.

**MINOR FOOTBALL—KERRY'S WIN.**

In the first match played, Kerry v. Waterford, in minor football, the play was one-sided. Kerry, at half time, were 1 goal 1 point to 1 point. In the second half Kerry did much as they liked, winning by 4 goals 5 points to 1 point.

The following was the Waterford team:—Farrell (goal); M. Whelan, M. Coleman, R. Dalton, L. Cluney, J. Mountain, F. Houlihan, J. McCarthy, R. Galvin, J. Good, D. Good, R. Granville, Sullivan, Murphy, and Granville. Mr. T. Rogers, Tipperary, was referee.

**TIPPERARY V. WATERFORD SENIOR FOOTBALL.**

This match was looked forward to with great interest. The teams were set in motion by Alderman Condon, Mayor of Clonmel, who threw in the ball. At the start the play was fast. Waterford were playing against the wind. After a few interchanges Tipperary made a point per Keane, from a free. Tipperary again attacked. A Waterford man, Matty Ryan, got hurt, and play was delayed for a few minutes. When the game was resumed Tipperary made a dash for the goal, which was well saved by Greany. Tipperary pressed and again went wide. Then Waterford got a free from midfield, and after a tussle sent wide. Tipperary attacked and a straight shot for the goal was saved and cleared by Hayes. Tipperary got a fifty, taken by Feehan, but again a clearance was effected. The Waterford goal was attacked again and again, but the defence was splendid. Feeney for Waterford being particularly good. Tipperary next scored a point with a fine kick by O'Keeffe. Waterford attacked in turn and Keohan sent wide. Play continued very fast, Tipperary having the advantage. Keane, for Tipperary, added another point. A nice movement by Tipperary sent the ball from midfield for another attack, but Waterford cleared and attacked without success. Waterford next got a free, but Lee, for Tipperary cleared, and play continued in midfield. Dunne, for Tipperary, put on another point. The Waterford defence was splendid all the time, thanks to the great work done by Hayes in goal. At half-time the score was:—  
TIPPERARY—5 points.  
WATERFORD—Nil.

On resuming, Waterford had the advantage of the wind. Tipperary were the first to attack, but Waterford saved and got a fifty yards free. Nothing resulted, and now Tipperary was in danger, but the ball went wide. Tipperary were going well and had Waterford mainly on the defensive. Following another minor, Tipperary again attacked, but the goalie saved. Waterford now got a free but Tipperary cleared. Tipperary showed great skill in passing the ball and were generally in

**A DISTINGUISHED VISITOR.**

A distinguished dignitary of the Catholic Church and a past pupil of the Christian Brothers' School, Lismore, in the person of the Very Rev. Monsignor Maher, Salina, Kansas, U.S.A., will visit Lismore next week for the purpose of performing a very pleasant ceremony in his old school.

When Mons. Maher, was home on holidays two years ago he visited the Christian Brothers School and expressed a wish to know how he could best show his gratitude in some practical manner to the community, and it was then suggested that an extension to the existing Monastery was the most pressing need of the moment.

Thanks, mainly, to the Monsignor's munificence the necessary extension to the building has now been completed, and a marble slab has been erected over it recording his great kindness and generosity towards the Community.

Monsignor Maher, is coming specially to bless the new work on Wednesday morning, when the Very Rev. Canon Burke, P.P., V.F., will sing the Mass which will be celebrated in the Monastery Chapel in connection with the ceremony.

On Wednesday afternoon at 3 o'clock (S.T.) the pupils of the Christian Brothers School will give a grand Gymnastic and Drill display in honour of the event in the Gaelic field, Castle Farm, the display being conducted by Mr. J. Frazer, Gymnasium Instructor. This display should prove a most attractive treat to the public as the Christian Brothers boys are remarkably proficient in all forms of physical drill and exercises.

There will be no charge for admission to this event, and all interested in the welfare of the school will be heartily welcome on the occasion.

**MR. TIM HEALY'S WILL.**

**EXECUTORS TO DISTRIBUTE ESTATE.**

The will of Mr. Timothy Michael Healy, K.C., the first Governor-General of the Irish Free State, has been proved and lodged for probate purposes in the Irish Free State Courts at Dublin Castle.

Mr. Healy, who died on March 26 last, appointed Miss Elizabeth Healy, his daughter, Mr. Joseph and Mr. Timothy Healy, two of his sons, to be the sole executors for the administration of his personal estate, which is estimated to be of the gross value of £18,887 in the Irish Free State.

Messrs. O'Keeffe and Lynch, Molesworth St., Dublin, are the solicitors, who have lodged and proved the will for probate. The date of the will is August 21, 1928.

Mr. Healy bequeathed all his real and personal estate to his three executors, to be distributed in such proportions as they thought just and equitable.

His portrait by Orpen would be given to his daughter, Maeve, and it was stated that his friends Annie Healy, Catherine Healy, and Margaret Healy and daughter, and Senator John McLoughlin, his friend, would have such gift or keepsake in memory of him from Glencaulin as they might decide.

Should his son, Rev. Paul Healy, S.J., and his daughter, Sister Dermot, of the Ursulines, Waterford, desire assistance and kindness at any time, he knew they would have it from those whom he remembered.

He besought the prayers of all his friends amongst the laity and the priesthood for the repose of his soul, and he felt that those in the priesthood who remembered him at the altar of God during his lifetime would not forget him in death.

He thanked all his old friends for their assistance and fealty, and expressed his gratitude to his children for their constant love and affection towards their mother and himself.

**Youghal District Court.**

(Before Mr. G. P. Farrell, B.L.)  
The Irish Land Commission had a large number of tenants summoned for non-payment of annuities, defendants being from the adjoining districts of County Cork.

Mr. T. K. Keane, solr., (for Mr. D. Casey, State Solr., Mitchelstown), for plaintiffs.

Decreases were granted in those cases not settled beforehand, a stay being given where asked. In one case from the Ballycotton district. The amount of the Civil Bill was 6s. 6d., on which 3s. 3d. had been paid on account.

A number of Civil Bills, in which Mr. Keane, or Mr. J. R. N. Macnamara, appeared for the parties concerned were adjourned.

Guard Jas. Byrne, charged Denis Doyle, Ballydaniel, with the absence of his son from school.

Complainant said that the boy was aged 12 and only in the 3rd class.

Defendant admitted the offence. He was in poor health, having been in hospital and he kept the boy home to help him sometimes. He had three other children.

Supt. Dennehy—Will you send him to school in future?  
Defendant—I will, sir.

Guard Byrne, said he believed the boys went "mitching" sometimes.

The Justice said he would adjourn the case for three months and he told the Guard to warn the boy that if he went "mitching" again he would be sent to an Industrial School where he would be kept till he was 16.

Man: I have followed my profession for five years.—Magistrate: What are you?—Man: A sandwich man.

Magistrate: Why do you say that the defendant was drunk?—Constable: He resented being arrested.

**Dungarvan Urban Council.**

The weekly meeting of the above was held in the Town Hall, on Friday last. Mr. M. J. Butler, Chairman, presided. The other members present were:—Messrs C. Lawn, J. F. Moloney, W. O'Donnell, Jas. Hackett, T. McCarthy, Mce. Griffin, B. Dee, D. Foley, and M. J. Keane.

**Paysheets.**  
The following paysheets were submitted and passed. General A/c. £35 18s. 10d.; Harbour A/c. £1 15s. 0d.; Housing A/c. £60 8s. 10d.; Relief Scheme, (Abbeyside sewer) £12 7s. 8d.; Relief Scheme (Church St.) £9 10s. 2d.

**Annual Meeting.**  
The Council fixed Monday June 29th as the date for the holding of the Annual Meeting for the purpose of electing a Chairman and Vice-Chairman for the year.

**An Overdraft.**  
The Ministry wrote authorising the Council to raise an overdraft not exceeding £500, pending the receipt of the grant in connection with the Housing Scheme from the Department.

The Clerk stated that on receipt of the letter he applied to the Treasurer, the latter he applied to the Treasurer. The Council approved of raising the overdraft.

**Cost Of Relief Schemes.**  
In reply to Mr. Moloney, the Clerk gave the following figures in connection with the expenditure of the Relief Scheme Grant, on the following works. Church St., Sarsfield St., and O'Connell St., sewers. The estimate for the three works was £602 7s. 6d. divided as follows:—Church St., £58 2s. 6d.; Sarsfield St., £280 5s. 0d.; O'Connell St., £246; The amount spent on wages to date was £371 19s. 9d., made up as follows:—Church St., £30 12s.; Sarsfield St., £81 7s. 9d.; O'Connell St., £141 18s. 3d. Small amounts for sand, gravel, compensation and Insurance brought the figure up to £371 19s. 9d. The materials cost the following:—Pipes £152 18s. 3d.; cement £32 11s. 0d. metal extensions £12 0s. 0d.; manhole frames and covers £33 12s. 0d.; other expenses roughly £10; making a total of £613 1s. 0d., expended on wages and materials.

Mr. Keane—The estimate is £602, so we have exceeded it by £11 odd.

Chairman—And I suppose there is a considerable amount of work yet to be done.

Boro' Surveyor—Yes. There is a short stretch in O'Connell St., and Abbeyside is to be finished, but Church St., is finished. He referred to the water schemes at New Line and Granite Lodge where they would have a balance to credit of £49.

In reply to the Chairman, the B.S., said he expected £40 to £50 would complete the O'Connell St., and Abbeyside sewer.

Chairman—Then we owe the Railway Co. something for wages for their men.

B.S.—Your part of the cost was £4 5s. 9d.

Chairman—I suppose the Railway Co., will be about the same.

B.S.—Yes.  
Chairman—Must you order anything else, have you enough material etc.

B.S.—There may be about one ton of cement to be ordered.

In reply to Mr. Griffin, the B.S., stated that in the Abbeyside sewer they ran 95 yards of sewerage which was not included in the estimate.

Chairman—I am afraid the estimate will be exceeded by £60 or £70.

B.S.—I don't think so.  
The Council then debated the Rice's St. sewer for which there is an estimate of £520 to connect same with Mitchell St., sewer and an alternative estimate for £693 to bring the sewerage out the Youghal road to the Strand. The matter was finally adjourned for further consideration.

**A Deputation.**  
A deputation consisting of five of the Council's employees appeared before the meeting and complained regarding the statement of a member made at the last meeting—that the men were idling on the Sunday that the sewer was laid under the Railway at Abbeyside.

Mr. McCarthy, I do not know if all the members were present when that statement was made by Mr. Power. I told him he was wrong and that it was an unfair statement to make.

Chairman—The member is not present to-night.  
On the suggestion of Mr. McCarthy, the matter was adjourned to the next meeting when Mr. Power would be present, and the workmen be also asked to attend.

**Ladies Bathing Place.**  
A letter was read from the caretaker of the Ladies Bathing place complaining of the condition of the strand, which was full of sharp stones and seaweed, etc.

**Hawkers A Danger To Public Health.**  
Dr. Casey, M.O., wrote that as a result of blowing about the streets of refuse deposited on the Square on Wednesday last by the hawkers, some inhabitants are suffering from serious inflammation of the eyes. This material must have contained some bacterial contamination or other irritant. In his opinion it is a nuisance and a danger to Public Health. He recommended that no such refuse be allowed to accumulate on the streets, to be blown about by the wind.

Chairman—If we refer this to the S.S.O., what action can he take.  
Mr. McCarthy—He could ask them to have platforms to leave their goods on.  
Chairman—It is no good asking.  
Mr. McCarthy—Compel them.  
The matter was left in the hands of the S.S.O.

The Summer Number of "The Tail-Wagger" Magazine is unlike the usual doggy journal in that it is designed to interest the ordinary dog lover rather than the canine fancier and specialist. Good dog stories—as distinct from anecdotes—are rare, but there are several excellent examples in this magazine, including a charming fantasy, "The Masterpiece That the Angels Made." Mr. S. S. Van Dine, author of "The Canary Murde" and other popular detective novels, writes entertainingly on his experiences in "Breeding Scottish Terriers for Fun"; Professor Sir J. Arthur Thomson discusses on "The Mind of the Dog"; and there are many practical and seasonable articles such as "Look after Your Dog in Summer," by A. Croxton Smith, and "Your Tail-Wagger at the Seaside." In the special supplement devoted to the "Goings of the Tail-Waggers Club," Lady Kitty Ritson writes vivaciously on the wonderful progress that organisation is making. Practically every one of the 48 pages is adorned by photographs or line drawings of dogs, many of these pictures being extremely attractive. Despite the increase in size, the Summer Number of "The Tail-Wagger" Magazine is on sale at the usual price, 3d. All who like dogs will revel in it.

## Lismore Rate Collection

### APPOINTMENT OF COLLECTOR.

**POUNDRAGE QUESTION IN DISPUTE**  
7d. 6d. OR 5d.

### INTERESTING DEBATE.

At the meeting of the County Council, on Tuesday, Mr. John Kiersey, Chairman, presiding. The appointment of a rate collector for Lismore No. 1 Collection District came up for settlement. The vacancy was created by the resignation of Mr. Wm. Connors, Park, Stradbally, whose poundage during the year he occupied the position was 4d. After much discussion at the previous meeting of the Council, it was decided to advertise the position for public competition the poundage rate to be that paid to the other collectors viz., 7d. in the £, provided certain conditions as to lodgment of the rates were complied with.

The Secretary read applications for the position from the following—  
Mr. Wm. Connors, Park, Stradbally, who gave as his sureties, Messrs. P. Kirwan, Drumlohan, and P. Dunphy, Ballylanean, and references as to character from Very Rev. J. Lennon, P.P., Stradbally, and Mr. Newport, Manager Provincial Bank, Kilmacthomas.

Mr. John Sullivan, Villierstown, in his application said he would collect the rates at 6d. in the £. He gave as his sureties Messrs. Ion Villiers Stuart, Dromana, and Mr. Gerald Villiers Stuart, Kiltree, and reference as to character from Mr. Redmond Treacy, P.C., and Mr. J. McGrath, P.C. He had considerable experience and had acted as Income Tax Collector for some years and also as agent for the trustees of the Dromana Estate, from 1914 to 1920. As he had no permanent employment at present he was offering to do the work at a flat rate of 6d. in the £, instead of 7d., as advertised in the "Dungarvan Observer" while at the same time he undertook to comply with all the other conditions of the advertisement.

Miss Mary Monica Walsh, Main St., Cappoquin, also applied for the position, and gave as her sureties Messrs. J. J. Barron, and Aidan Walsh, Cappoquin. She submitted references as to character from Rev. J. Crotty, C.C., Dr. Wm. White, P.C., and Ven. Archdeacon Burkitt. She undertook to do the collection at 6d. in the £, if one-third of the first moiety and arrears were lodged before 30th September, and the whole amount before March, 1st., in each year, or at a poundage rate of 5d., if these conditions were not complied with.

The applications having been read the Chairman held a consultation with Mr. McCoy, Solr. Subsequently he (the Chairman), said:—I have consulted Mr. McCoy, as I could not take the responsibility on myself. There is one application which I have to rule out as not complying with the advertisement—that is the application from Mr. Sullivan.

Mr. Greene—On what grounds?

Chairman—He cannot depart from the conditions laid down.

Mr. C. J. Curran—We have two candidates here one offering to collect the rates at 6d. poundage, and the other at 5d., and why can we not postpone the election and—

Chairman—This was all discussed at the last meeting of the Council and a vote taken as to whether the poundage should be 4d., 6d., or 7d., and the Council decided by a majority to advertise the position at 7d. poundage.

Mr. C. J. Curran—That is quite right, and now you have two candidates offering substantial sureties and anxious to do the work at 6d. and 5d.

Mr. O'Gorman—If we could save £50 for the ratepayers we should do it. It is our duty and the duty of the L.G.D. The L.G.D. want to come down and take everything out of our hands, while they try to do the opposite to us and saddle it on the ratepayers.

Mr. Cunningham—The majority of this Council think the ratepayers have too much money.

Mr. Greene—A few months ago we passed a resolution asking for a reduction in salaries and had it sent to all the public bodies, but some of these would not touch it, as they said it was only an election job, it was only giving them grounds for their statement if now they paid more for getting the rate collection done than others were prepared to do it for. Why should they pay 7d. when they could get the rates collected for 4d., 5d., or 6d.?

Was there any justification for it. They were there to do justice to the ratepayers and not to make jobs.

Mr. O'Gorman—There is no justification when you can get people just as good to do the work at a lesser rate.

Chairman—It was the County Council fixed 7d.

Mr. M. Curran—And is not that sanctioned?

Chairman—Yes.  
As Miss Walsh's stipulation re poundage at which she proposed to do the work was not on her application form, but in a covering letter, the Chairman held the covering letter did not interfere with the application which was in order. In Mr. Sullivan's case his proposed poundage rate was included in his application form.

Chairman—There are two applications in order according to the terms of the advertisement viz., Mr. Connors and Miss Walsh's.

Mr. Greene—I beg to move that the election of Rate Collector for Lismore No. 1, be deferred and re-advertised at a rate to be fixed at the next meeting of the Council and that all existing rates be rescinded, Mr. C. J. Curran, seconded.

Mr. Curran—What is going to become of the world if a notice of motion can upset it.

Mr. O'Gorman—Deferring the motion will pay the ratepayers, if they save £50 a year.

Chairman—I will take Mr. Curran's resolution only as a notice of motion. We will now take a vote between Miss Walsh and Mr. Connors.

Mr. O'Gorman—Would not the notice of motion come before the voting?

Chairman—No.

Mr. O'Gorman—When there is a notice of motion it should come first.

Mr. McGrath—On what rate of poundage are you taking the vote?

Secretary—In accordance with the terms of the advertisement.

Chairman—I am taking Miss Walsh's application at 7d., poundage and if elected, she can refund it if she wishes.

Mr. C. J. Curran—I am afraid you are acting in a rather high-handed manner.

Mr. O'Gorman—It is very unusual to force an election when notice of motion is given.

The Chairman said he would take a vote, and the result was as follows:—

For Mr. Connors—Messrs. M. Curran, T. Hartly, J. Butler, M. McGrath, W. Stack, L. Hallahan, P. Fitzgerald, J. Power, T. Shipsey, N. Fitzgerald, J. Kiersey, M. O'Regan, T. Power, G. Torpey, and W. Walsh, (15).

For Miss Walsh—Messrs. C. J. Curran, J. F. Moloney, G. J. Greene, J. O'Donnell, G. Cunningham, D. Heskin, P. O'Gorman, W. Power, M. F. Walsh and M. O'Brien, (10).

The Chairman declared Mr. Connors elected and he duly returned thanks.

Mr. M. F. Walsh, on behalf of his daughter, thanked the members who had supported her and trusted the matter would go before the proper quarter.

Chairman—Had Miss Walsh, been elected she would have been paid at the rate advertised.

Mr. Walsh—Why didn't you take notice of the covering note.

Chairman—I only took notice of the official Application which, conformed with the advertisement.

Mr. Green's resolution above was then handed in, as a notice of motion, and was signed by Messrs. G. J. Greene, C. J. Curran, P. O'Gorman, J. O'Donnell, D. Heskin, and M. F. Walsh.

The Refrigerator, has been erected by Keating and Gaule, Engineers, and is worked by a water cooled automatic stop Engine. Under the new cooling and hygienic system all meat supplied will be the last word from the public health point of view. See advertisement elsewhere.

POPULAR PASTOR'S GOLDEN JUBILEE

On June 19th Very Rev. John Lennon P.P., Stradbally, celebrated the Golden Jubilee of his ordination to the Priesthood when he received numerous congratulatory messages. On Sunday evening a grand vocal and instrumental concert was held at Stradbally Convent, in his honour, the occasion being availed of to present him with a charming illuminated Address, on behalf of the Parishioners of Stradbally, Faha, and Ballynaneen. His countless friends wish him many long years to continue his noble work for his flock.

DEATH OF MR. M. L. WADE, COOLNASMEAR.

Last Friday evening the death took place of Mr. M. Wade, Coolnasmear, after a short illness, only that day he came from Kilmacneave, Kilmacchomas, where he was staying with his son to Dungarvan and looked fit and well. Soon after going home, with his daughter, Mrs. O'Dwyer, to Coolnasmear, he became unwell and after receiving medical and spiritual aid he passed away. He was a fine honest type of man, widely respected by every one, and his funeral to Kilgobnet, was largely attended.

OUR SPORTSFIELD.

Despite all the changes of the times, the Shandon Field, Dungarvan, is still an easy first amongst Gaelic Arenas. On Sunday last on the occasion of the Munster Championships, it looked its best, and Mr. P. McInerney, Secretary Munster Council, was loud in his praise of the excellent manner in which it was laid out. We hope many further big events will be fixed for here, where such satisfaction can be given to the players and the public.

LOCAL WINNERS AT CORK SHOW.

At the Cork Show this week, Mr. L. O'Donnell, Kilmahalla, won 3rd., prize in the Class for Hunters, 12 to 13st., and Mrs. Bowen, Clonsa Castle, was reserved. T. DUNGARVAN SPORTS ABANDONED.

The Dungarvan Athletic and Cycling Carnival advertised for Sunday, 12th July, will not take place. These Sports which created such a favourable impression last year by the number of the entries and the excellence of the prizes will not be held as there seems to be a lack of enthusiasm locally for such events. This is a lamentable state of affairs as it was our turn to get the Munster Athletic and Cycling Championships here in 1932, but our representative on the Munster Council has now resigned. The following is a complete list of those who subscribed to the Dungarvan Sports of September, 1930.

Messrs. R. A. Merry and Co. 10s.; Mr. T. C. Williams, Solr., 10s.; Messrs. A. Moloney, and Sons 10s.; Mr. M. Fraher, 10s.; Mr. W. J. Nolan, (Hon. Sec.) 10s.; Mr. P. F. Ryan, 5s.; Mr. J. DUNGARVAN PRIEST APPOINTED PASTOR.

It is with pleasure we note among the recent appointments of The Most Rev. T. Henshaw, D.D., Bishop of Salors, that the Very Rev. Laurence A. Casey, has been appointed Parish Priest of St. George's Parish, Nelson, Lanes. Father Casey, was ordained in St. John's College, Waterford, in June 1916, and comes from an old and respected County Waterford family. His Uncle, the late Very Rev. R. J. Casey, P.P., was for many years stationed in Dungarvan and Waterford and later was appointed Parish Priest of Powers-town, Clonmel. His Father the late Mr. M. J. Casey, took a prominent part in the affairs of the Old Boro and the County. His brother, Dr. Michael Casey, M.B., D.P.H., was recently appointed as Medical Officer of Health, Dungarvan. We congratulate Father Casey on his new and important charge and we wish him length of years to administer to the needs of his Parishioners, the majority of whom are of Irish descent.

OVER THE WATER TO WATER-FORD FROM YOUGHAL.

The very enjoyable trip by the Municipal Motor Boat across the Harbour to the Ferry Point Co. Waterford was largely availed of, especially by our country visitors and the pleasant cliffs of Monareta with the tips of their toes in the ocean and there many advantages were eagerly patronised. It would be difficult, indeed, to better this maritime adjunct to the "old town by the sea." It has not a big stretch of silver Strand, perhaps, but, all around the coast are cosy little beaches, that form ideal spots for picnickers, such as Caliso and Mangaris Bays. Farther on in the coastline direction of Ardmore is the splendid Strand known as Whiting Bay. Coming back to the Ferry, it may be added that the service is simply splendid and cannot be beaten for civility and trustworthiness.

DUNGARVAN COURT.

Held on Wednesday, before Mr. W. Troy, D.J. The calendar was light Report crushed out this week, but will be in detail next issue.

BAND PROMENADE.

On Friday and Sunday nights, there will be a Band Promenade in the Park, at 8.30 p.m.

Death of Mrs Odell, CLONOSCRAINE, DUNGARVAN.

On Friday, June 19th., the death occurred at her residence, Clonoscraine, of Mrs. Elizabeth Nugent-Odell, at the age of 84 years. She was widow of the late E. G. H. Odell, of Mount Odell, and daughter of the late Sir John Nugent-Humble, Clonoscraine.

A member of one of the oldest families of the County Waterford, she was a lineal descendant of William of London, who in the thirteenth century established himself at Clonoscraine, and became owner of the Manor of Dungarvan. Down the centuries her family have been prominently identified with every phase of our history—National and Local—and her passing even in the fullness of years is deeply regretted.

She was without doubt one of the greatest horse-women and most fearless riders to hounds in her day, and her daring deeds on horseback would fill volumes. She hunted with every pack in Munster and Leinster and was never known to cry halt at any obstacle no matter how difficult to negotiate. On one occasion, at Curraghmore, she jumped her horse over a high spiked gate as a protest against the boasting of a number of the hunt followers, of what they would do and called upon any who cared to follow her lead. Her challenge was not taken up. And like the true Sportswoman she was she had a soft heart and was kind and charitable to the poor and solicitous of their well-being.

Though advanced in years, she was in perfect health until a few months ago. During her illness, she was attended by Dr. McCarthy, and Rev. J. Going, Rector of Dungarvan.

On Sunday evening the remains were removed to Dungarvan Church. A representative cortege accompanied the sad procession. At the Church a service was held by the Rev. J. Going, Rector, after which the interment took place in the family burial ground at Abbeyside. A large number of beautiful wreaths were laid on the grave from Miss Nugent-Humble (sister); Miss Joan Nugent (niece); Lady Nugent (sister-in-law); Rev. J. Going and Mrs. Going; Mrs. Carroll, Lacken, Patrick Dwan, and Joe Kennedy. Amongst those present or represented were Miss Nugent-Humble, (sister), Miss Furlong, Mrs. Carroll and family, Messrs. B. G. Ussher, A. Hunt, Rockmount; A. Carroll, Solr., Dean and Mrs. Mayers, Lismore, M. C. Chapman, Solr., Dr. McCarthy, Dr. Moloney, Mr. Williams, Solr., T. Flynn, Coolnagour, M. Flynn, P. J. Crotty, P. Dwan, P. J. Moloney, etc., etc. There was a full representation of the surrounding districts.

Kissing Cup Race.

A thrilling story of the racecourse with a wonderful cast, including John Stuart, Madeline Carroll, Richard Cooper and Stewart Rome. The story of a gallant thoroughbred's race for victory against the schemes of a treacherous jockey. See the great race actually filmed on Windsor racecourse in the presence of an enthusiastic multitude of race-goers; the thrilling dash by aeroplane, only just in time to prevent disaster; and finally, the wildly exciting neck-to-neck race between "Sugar Cane" and "Kissing Cup," which carries the latter's colours to victory. John Stuart and Stewart Rome as rivals in love and on the turf and Madeline Carroll as the lady for whose favours they compete. A picture with plenty of variety; flashes of a thrilling Polo Match; a gay party in the West End of London; trainers and stable lads at work in their training quarters; fashionable throngs on Windsor racecourse; and the most thrilling race ever filmed. Magnificently acted throughout by one of the most notable casts assembled for a picture. Don't miss "Kissing Cup's Race." It is an excellent entertainment. Also Movietone News and Comedy.

Wednesday & Thursday July 1 and 2.

Wild Company.

Starring H. B. Warner, Sharon Lynn and Frank Albertson in a gripping drama of flaming youth caught in the whirling kaleidoscope of life, and saved from its folly by a father's great sacrifice. The story is that of a modern youth with more money than is good for him, who in the course of an affair with a beautiful night club entertainer becomes involved in a robbery and murder for which he is tried and convicted, though not actually guilty of the crime of murder. In the most moving court-room scene, the boy is saved by the pleading of his heart-broken father who takes all the blame for the faults of his son, and finally secures his liberty. A modern parable of an indulgent father and an erring son; a blend of tragedy and romance, interspersed with many subtle touches of comedy. The story of a jazz-mad youngster who challenges tradition, only to find it leads to the shadow of prison walls. Also Movietone News and Cartoon.

Friday and Saturday, July 3rd. & 4th.

Conspiracy.

Starring Bessie Love, Hugh Trevor and Otto Matieson, in an absorbing dramatic story, with the most unusual feature that the heroine of the picture is also a murderess. In a moment of blind terror, she stabs to death the leader of a gang who plans to kill her brother, the District Attorney. Making her escape, she gets a position with an eccentric old author—a writer of detective stories, who unknown to her, is working out the plot of a new novel, based on the murder of the gang leader. He fits all the facts together so well, that he has no difficulty in recognising his secretary as the girl who murdered the gangster. He sends for the gang who have sworn to avenge their leader, but in the meantime on hearing the girl's side of the story, he realizes that her actions were justified, and in order to save her and allow her to make her escape, sends for the police and in a series of the most amusing situations, he plays the officers of the law, against the lawless and in the wild confusion that follows, the girl escapes to find happiness with the young newspaper reporter, who had helped her.

### Tallow District Court.

(Before Mr. G. P. Farrell, B.L.)

Assault Case Settled.  
In a case of assault by Mike McCarthy, against Thos. O'Keefe, Kilmacn.

Mr. J. W. O'Gorman, solr., Lismore for the defendant, said the case had been settled and the plaintiff was willing to have the case withdrawn.

Replying to the Court, the plaintiff said he was willing to have the case withdrawn.

It was accordingly marked withdrawn.

Ad Interim Transfer.  
Mr. L. O'Carroll, solr., Fermoy, applied on behalf of Mrs. Mary Josephine O'Keefe, Roseville, for an ad interim transfer of the license held by her son Bernard, at Tallow.

Formal evidence having been given and there being no objection, the application was granted.

No Lights.  
Guard S. O'Leary, Tallow, charged Michael Morrissey, Glencairn, with cycling without a light.

The Justice—What is the excuse. The defendant said he was attending the Mission at Tallow, and they were kept late. He was a labourer, and he came to answer the case.

He was left off with a fine of 6d. John Kearney, Glencairn, aged 15, was left off on a similar charge.

John and Patrick Scanlan, Coolowen, farmers, were each fined 6d. on like charges.

Licensing Case.  
Supt. Quinlan, Lismore, charged Mrs. Mary Collins, Carnias, Knockanore, with a breach of the Licensing Act, on March 17th, and R. Cunningham, P. Walsh, and J. Morrissey, were also summoned.

Mr. J. L. Keane, solr., defended. Guard McGinn, Killenagh, said that about 3.30 p.m., on the day in question he watched the premises from a distance of 330 yards, concealed in a hedge. He saw a man entering the premises, remaining 4 or 5 minutes. Coming out again he walked along the road, returned and entered again remaining inside 5 or 6 minutes. Witness was about approaching when a man came out with the licensees son Daniel, who went back. The man turned into a plot of ground about 20 yards from the premises. Witness remained in the same position and at 3.45 he saw Cunningham approach on horseback.

The Justice—Did you know the man who went into the plot?—I didn't, but I thought he was either of the two men.

Witness resumed said Daniel Collins came out with Cunningham, returned to the premises and came out with some kind of drink, which he gave to Cunningham, who drank it, and returned the container. Witness approached to question them, but Collins had returned to the premises, and Cunningham jumped up on his horse and rushed away. Witness then entered the premises unchallenged, the hall door being ajar, and the door leading into the bar being also open. Dan Collins was in the bar, where witness found 3 glasses and 2 empty bottles on the counter. The glasses showed signs of recent drink. Mrs. Collins, who came along, said they were there since the night before. Witness saw a whiskey measure and questioned the licensee about it. She said it was all right and threw the contents into the fire-grate before he had time to examine it. He then examined the rest of the premises and found everything right. He next proceeded to a plot 15 yards from the premises and found Dan Collins up in a ditch before him shouting something to two men, who attempted to run away, but he called on them to stand, which they did. The men were Patk. Walsh, and John Morrissey. He found 5 empty stout bottles near where the men were standing, with traces of having been recently used. Walsh said he had no drink and witness asked him to blow his breath, but he refused. The other said he had taken a drink at home before coming out. He brought the empty bottles back to the premises and Mrs. Collins said he could get plenty in the hedges if he looked for them. He questioned Dan Collins, who denied giving drink to Cunningham. Witness said he had seen him and Collins replied "you're a liar," and if you don't keep your mouth closed I'll get the tunic taken off you."

Cross-examined by Mr. Keane, witness said he saw Dan Collins bringing out the drink to Cunningham. He could see the door if it were opened; he could see a few yards into the walk. The door might be 3 yards inside where he could see.

How then could you see the men going in?—I didn't see them going in. You said you saw one man going in twice?—I saw him as far as I could see him.

Exactly—and you are prepared to swear it?—To the best of my belief.

Cunningham came along and remained outside till Dan Collins came out, spoke to him and went back to the house, and brought out a drink to him. They got away before witness could get near them. There were two doors leading into the house—one directly to the bar.

Is the other leading into the private part of the house?—Yes, and into the bar.

Did you satisfy yourself that the bar door was locked?—I didn't look at it.

There was nobody in the parlour, kitchen or upstairs. He never left till he went to the rear of the premises. In the bar the licensee said the bottles and glasses on the counter were there from the night before, but he didn't believe it. She didn't say it was spring water in the whiskey measure; she threw the contents into the fire-

place. He searched every place including two outhouses, but found nothing wrong. He didn't ask about Cunningham at the time. Coming out witness asked what was the stain on the doorsteps, and Dan Collins said it was the dropping from the eave, he didn't say it was porter. He found the two men in a plot about 20 yards from the premises.

I suggest it is 120?—No, it is not. The licensee didn't say that the bottles he brought back to the house were dirty. There were labels on them, but he didn't examine them. Walsh and Morrissey denied they had drunk.

Mr. Keane said he thought he could satisfy the Court that the case before him was brought more by imagination than fact. It would be a very dangerous thing to convict any defendant on what a witness had seen 330 yards away. The psychology of the human mind was very peculiar sometimes leading a man to see what he wanted to see. It would be proved he said that the drippings from the eave were porter. In like manner the liquid in the whiskey measure he thought to be whiskey, whereas it was merely water. Why hadn't he smelt it?—In a word his imagination ran away with him. He clearly was anxious to get a conviction. He said he had seen one man going twice into the house, but on cross-examination he had to admit he couldn't see the door at all. He had searched the house upside down and having drawn a blank, went out and found these two men. It was only then he mentioned about seeing Dan Collins give drink to Cunningham.

Mrs. Mary Collins, said the Guard came in the hall-door went through all the rooms and the kitchen. She went with him into the shop, where he found the whiskey measure under the counter. She told him there was only water in it. She put water into the vessels at night to keep them pure. Going out he said pointing to the droppings on the cement flag, "look at the porter." She said it was nothing of the kind. After a close search he left the house towards the mountain, and came back with five bottles which he asked her to account for. She said they were all dirty with clay on some of them. He didn't say he saw a man going into the house.

Cross-examined by the Supt.—Witness said the hall door was on the latch. In the bar the Guard found the whiskey measure in a drawer way and put it on the counter. She said there was only water in it and she threw it across the fire-grate. She didn't think there was any harm in doing that.

If it were spring water why didn't you say "here smelt it?—I wasn't clever enough.

The bottles he brought back were dirty; there was no label on them. After he left she put them outside the railings—she didn't want them.

Would it not be useful to produce them here to-day?—I don't think it right to bring dirty bottles here. Morrissey didn't come for drink that day. He often took a bottle of stout in her premises. Walsh took a bottle of stout, too. Her son helped her when she was busy. There was nobody allowed in that day.

The Justice—Do you say those men were not in your premises that day?—No sir. Did you know whether you were entitled to sell that day?—I did—the shop was closed up.

Daniel Collins, son of the previous witness, gave corroborative evidence. He gave no drink to Cunningham, but he did give him matches to light his cigarette. Witness didn't go up on the ditch shouting to the men in the plot. Cunningham denied that he got drink from Dan Collins that day. He merely stopped up to get a light. He didn't jump up on his horse and ride away when the Guard came along.

Walsh and Morrissey, also denied having got any drink at Collins' that day. Morrissey said he didn't enter the house at all and both said that the bottles found by the Guard were dirty and must have lain where he got them for some time.

All the witnesses were cross-examined at length by the Supt.

After a protracted hearing. The Justice said that was a case in which the publican was virtually charged with selling drink outside the public house, carrying on what might be described as an "off business." She said she knew she had no right to do it and didn't do it. He didn't disbelieve anything the Guard had stated. He saw some kind of traffic between the man who had come along on horse back and the public house. But the Guard was some distance from the premises and there was a possibility that he might have been mistaken in some of the movements he saw 330 yards away. It was a very peculiar case, a good deal of circumstantial evidence being involved. But there certainly was a very strong suspicion about it. Having regard to the extraordinarily staunch concentrated evidence given by those defendants—although, as he had said, he didn't think for a moment that the Guard was saying anything untruthful—he was not prepared to hold that they were perforce dismiss the case, juring themselves, and he would there

School Case.  
Guard Kehoe, Tallow, charged Samuel Roberts, Moorehill, with the absence of his child aged 7 years and days.

3 months from school, 24 out of 57.

The Justice said he had a letter from defendant stating that Dr. Mahony said that 3 days a week would be often enough for her to attend. In cases of that kind a Doctor's Certificate should be produced.

Replying to the Court, the complainant said the child didn't look strong.

Defendant was fined 1s.

Sergt. Conboy, Ballynoe, charged Bridget Neville, Ballyknock, and

Matthew Dineen, farmers, with having unlicensed dogs.

They were each fined 5s.

Supt. Reynolds, Fermoy, charged Ellen Brown, Ballyluskey, with the larceny of tobacco, value 1s 4d, the property of Mrs. Colbert, Ballynoe.

The Supt. said the defendant made some purchases at the shop on April 24th and left. As a result of information, a search was made and a two ounce plug of tobacco was found in her possession. She admitted taking it.

The Justice—How does she plead? Defendant said being in poor circumstances she took the tobacco for her husband till she would be able to pay for it.

Justice—That is no plea.

Evidence was then given by Miss Margaret Bransfield, shop assistant, and Guard Hayes, who discovered the tobacco under bread in her bag.

The Supt. said there was nothing against her before. She was in very poor circumstances.

The Justice said he would take it upon himself to discharge her under the P.O.A.

THE PROBLEM OF WINTER FEED. WHY NOT MAKE GRASS SILAGE NOW.

In these days of low prices for agricultural produce my method or process which reduces the cost of production deserves the attention of every farmer. Those who have adopted the intensive system of grassland management know that the stock-carrying capacity of their land is greatly increased by intelligent handling and treatment of their pastures. Considerably more grass than the stock can control is often produced, and the problem then arises as to the best way of dealing with the "surplus" grass. It may, of course, be made into hay, but an alternative—and a very profitable one is to make it into good silage.

In the dead winter months, it would be an immense advantage if material of high feeding value could be obtained for 8s. or 10s. a ton, and by making grass silage it is possible to have such material on hand all through the winter. Why buy winter feed when one's own grassland will supply it?

Surplus grass should be made into silage during the early summer months, when the demands on labour are light and when the grass is about a foot or so high. It is advisable, where possible, to set aside certain fields for this purpose. Where, for instance, there is a prospect that the intensive management of grassland will result in certain fields not being required for grazing during the flush period, one or two of them may be reserved for a grass silage crop.

Many people have not taken to the idea of making silage, being under the impression that an expensive tower or special building is necessary. This is not so. Perfectly good silage can be made from grass in a stack provided a few very simple instructions are followed.

Fields intended for grass silage should be shut up in the months of April or May, and the field that has been used for the early bite can well be made to serve the further purpose of producing silage. A top-dressing of 14 cwt. per acre of Nitro Chalk or Sulphate of Ammonia should be given when the stock are removed, and the field will be ready for cutting about the end of June or early in July. The grass will then be thick on the ground and of high feeding value. It should be cut with a mower when about a foot high, raked into rows and gathered into heaps for carting.

The site on which the stack is to be built should be decided upon only after careful consideration. If the stack is built in the fields, a man and a horse will be carting every day during the winter, and it is therefore much better to build within easy reach of the farm buildings.

The stacks should be round in shape and grass from four or five acres will make one of convenient size. If it is properly made there will be little waste either round the sides or on the top. The cut grass should be built up when as green and fresh as possible. No anxiety need be felt even if it is raining at the time, but in any case do not build too quickly. A layer of 4 or 5 feet thick should be made and allowed to settle for three or four days before the next amount is put on. The partially made stack should be covered with an old tarpaulin as each layer is put on, or some other means to safeguard the heap during the settling process. Each layer will then generate sufficient heat to make sweet silage. Do not put in any material that is partially wilted, as this will spoil the quality of the silage by overheating. Cover the stack, when finished, with a layer of rough dried material, such as ditch trimmings, and about a foot of earth over all.

The silage will turn a dark coloured pulp-like material of sweet and agreeable flavour, with a high feeding value, which can easily be cut with a hay knife.

Where a second crop of grass is wanted for silage, it can be obtained by applying another dressing of Sulphate of Ammonia or Nitro Chalk immediately after the first cutting, and this will produce by the end of August as much grass as before. Moreover, the aftermath, even after the second cutting, will provide very valuable late grazing.

The value of this cheaply produced grass silage is considerable. It is available at a time when food is scarce, and being well-balanced and fairly concentrated, can be fed to all fattening cattle along with home-grown grain, thus considerably reducing the cost of winter feeding. Another im-

### DEATH OF MR. MARTIN POWER.

Fortified by the rites of his Church, Mr. Martin Power, of Kilmoylan, Kilmacnathomas, was called home on Wednesday, after a protracted illness and at a venerably ripe age. A man possessed of innumerable fine traits of character, he was a fast favourite amongst a very wide circle of friendships. He was a most progressive and successful farmer. His wife and family of three sons and two daughters are left to mourn his demise. With these much public sympathy is felt in their bereavement. Accompanied by a cortege of imposing dimensions, the remains were removed to Newton Parish Church at 3 o'clock p.m., on Thursday. At the Church gate they were met by Very Rev. John O'Donnell, P.P., who recited the prayers for the dead. After the celebration of Masses of Requiem for his soul on Friday morning, the interment took place in the adjoining cemetery amidst scenes of profound regret.

Father O'Donnell, officiated at the graveside, assisted by Rev. W. O'Mahony, C.C., Kilmacnathomas, and Rev. M. Dowley, C.C., Kill.—R.I.P.

important point is that store cattle fed on silage begin to grow much quicker in the Spring. Silage making on these lines fits in admirably with the intensive system of grassland management, and the practice is one which should commend itself to all grassland farmers in these difficult times.

Agricultural Grant. A resolution was received from Castlebar Urban Council, calling on the Government to introduce legislation whereby Urban Areas, which are almost exclusively comprised of buildings, and which accordingly receive only a small share of the £750,000 Grant in relief of rates, would receive such Grant as would at least reduce the liability on foot of demands from County Councils to a sum equal to that in the year 1923-25.

Mr. Powkes-No one will fall out with that. The resolution was unanimously adopted.

G.S. And Youghal. The Town Clerk said that an advertisement of resorts appeared from the Railway Company, in the 'Cork Examiner, on the 12th and he had written to Mr. Floyd, Sec., reminding him of his promise that Youghal would be included in all their advertisements, and had received the following reply:-

Dear Sir,-In reply to your letter of 12th, inst. I am sorry you should have again to complain of this matter. All the newspapers were advised of the omission at the time, but through some inadvertence the 'Cork Examiner' was omitted. You will, no doubt, have observed that Youghal appears in the Dublin and Belfast Press Advertisement. Yours truly-P. J. Floyd.

Vet Insp. Salary. A letter was read from the L. G. Department, stating that when the contemplated Meat Inspection Scheme came into full operation in the Urban District, the Minister would be prepared to approve of the increase proposed by the Council on the remuneration of Mr. J. J. Walsh, Vet. Insp., and requesting that the Minister might be informed in due course of the date from which the Scheme came into operation.

The Clerk-From the letter one would think that it didn't start yet, (laughter).

Mr. Lynch-It takes them a long time to see things-after 2 years.

Mr. McMahon-Could you not pay Mr. Walsh now?

The Clerk-You can't until you get a reply to my reply to the Department's letter.

Mr. Lynch-Some of their officials must be very lacking.

The Chairman-And they are tumbling over each other, (laughter).

Mr. Lynch-The bosses must not be minding their business at all, (laughter).

Milk Vendors Licenses. The Clerk said he had issued 40 notices to Dairywomen, Cowkeepers and Purveyors of Milk, calling on them to make the required application for Licenses. He had received only 28 applications in reply.

It was unanimously decided to issue Licenses to the 28 applicants.

Mrs. Hurley-Can you prevent anybody from selling milk.

The Clerk-Nobody can sell milk without being registered, and the time was up that day.

Mr. McMahon said if the remaining 15 didn't register within a week, they should get no license to sell.

Meat Mark. Dr. Condy, Co. M.O.H., forwarded the Vet. Insp's, report for the month. Everything was marked "good."

The Chairman-That is very satisfactory.

Mr. McMahon said some people objected to the big blob used as a mark. It was most unsightly.

The Clerk said the reason was that it might be easily seen.

Mr. Lynch said that a lady customer of his on seeing the mark, asked if the meat was foreign. The mark would be as effective and not so objectionable if it were smaller.

The present stamp was as big as a balloon, (laughter).

The Clerk said the ink used in the stamp was that issued by the Board of Agriculture.

Mr. Lynch said those big marks were stamped on both neck and flank. He thought one small mark would be sufficient.

The Clerk-It is certainly a fine big stamp, (laughter).

Mr. Beausang said the mark on the foreign meat coming in was only about a square inch. The home brand was about three.

Mr. Linehan said he found many purchasers objecting to the big plaster of a mark.

The Clerk said he would get a smaller stamp if desired, but the Council decided to "wait and see."

Public Health Conference. A letter was read from the L.G.D.,

regarding the Public Health Conference to be held in Dublin in October, and stating that the Council could appoint two members and the Clerk to attend.

Mrs. Hurley, the Chairman, and the Town Clerk were selected to attend.

Strand Lavatory. A letter was read from the L.G., sanctioning the loan for the proposed Lavatory on the Strand and suggesting that the Council confer with the Co. M.O.H., as regards the location.

Replying to a member, the Clerk said that everything was now in order.

It was unanimously decided to have the work started at once.

A Hoarding. Mr. McMahon, called attention to the hoarding outside the new houses in Friar St. It had been there a considerable time and people were complaining about it. It should be removed at once.

Mr. Murphy agreed with Mr. McMahon. There was great motor traffic in that street.

The Chairman said they all agreed that the hoarding ought to be removed.

Mr. Lynch said it was a danger to the public, who had to go on to the roadway.

The Clerk was directed to call on the builders to have it removed.

Dunne's Park. The Clerk read the reports of the Committee (Mrs. Hurley, Capt. Dunne and Mr. Clancy), who visited Dunne's Park in connection with the proposed amusements for the place.

Mr. Whelan proposed that some of them be put in the Green Park.

Mr. Lynch, seconded. He thought the children of the South end ought to be catered for to some extent.

Capt. Dunne said the money was got for Dunne's Park and he didn't see how it could be spent elsewhere. He was willing to help any project for the Green Park.

The Clerk said Capt. Dunne, was right. They could not accept Mr. Whelan's proposition in the circumstances.

Mrs. Hurley said the children from the South would be heartily welcome to amuse themselves in Dunne's Park.

Mr. Murphy asked who would be responsible if any accidents happened to any of the children.

The Clerk said that was a question for the Solicitor.

Mr. Lynch claimed that something should be done for the Green Park.

Capt. Dunne-Playing to the gallery for the election.

The Clerk-There is no election (laughter).

Mr. McMahon-Was it not for Dunne's Park the Grant was got?

The Chairman-The application was made for Dunne's Park.

Mr. O'Gorman said no one could be under any misapprehension that the Grant was for anywhere else but Dunne's Park.

The Town Clerk said he agreed with the Vice-Chairman that something should be done for the Green Park.

Capt. Dunne-You have Lawn Tennis in Green Park.

The Clerk-You couldn't play Lawn Tennis in Dunne's Park, (laughter).

Mr. Murphy said they had a caretaker in the Green Park, but not in Dunne's Park.

Capt. Dunne proposed that the minutes of the Committee be adopted.

Mr. Clancy, seconded.

The minutes were adopted. Mr. Lynch objecting.

Mrs. Hurley and Capt. Dunne, agreed to visit Fitzgerald's Park, Cork, to see the arrangements there.

Complimenting The Clerk. During a discussion on the question of the condition of the piling at Green Hole.

Capt. Dunne said the Town Clerk deserved great credit for the manner in which he looked after the interests of the Council and the town.

The Chairman said the Council had no idea of the amount of work done by the Town Clerk. During that week no less than 80 letters many of them of importance-had been despatched.

Recent Drowning Tragedy. Mr. Lynch referred to the recent sad tragedy in the Harbour. They didn't know the young man was, but he was some poor mother's son and they all sympathised with her in her affliction. There were some extraordinary reports going round regarding the occurrence, and he hoped the authorities would make close investigation.

Capt. Dunne said he would probably be a witness in connection with the matter and he could assure them that the authorities were doing everything possible to get it at the real facts.

The Chairman said it was rather premature to take any action in the matter.

CAPPOQUIN BACON FACTORY.

Several improvements are at present being carried out in the premises of the local Bacon Factory, including the complete renovation of the various bacon-curing cellars, and many other improvements in other branches of the concern which had not been touched since the Factory was first fitted up 24 years ago.

At a time when there is general depression in the bacon trade all over the country, it is a most encouraging sign to see such important work being carried out in the Cappoquin Factory, but this is only a sample of what would and could be done if business were in a more flourishing condition at present.

Improvements are being carried out by Mr. Jeremiah Dempsey, Contractor, Cappoquin, in his usual thorough and satisfactory manner.
