DUNGARVAN URBAN COUNCIL.

Mr. J. Butler, Chairman, presided at the weekly meeting of the above held on Friday last. The other members in attendance were—Messrs. M. Clancy, Jas. McEvoy, Jas. Hackett, J. F. Moloney, Mee. Griffin, T. Mc Carthy, M. J. Keane, T. Power, B. Dec.

Payments. The following paysheets were passed General A/c. £18 6s. 5d.; Harbour A/c. £48 11s. 0d.; also a number of cheques were passed to contractors under the New Housing Scheme.

Plumbing. Mr. P. Whelan, Contractor for the plumbing work at the new houses, wrote offering to do the extra plumbing work in connection with closets, not included in his contract, for the sum of 18/- per house.

Mr. Moloney—I was informed that that item was included in the contract. Chairman—We will see what is in the contract. The contract being produced, it was ascertained that the item was not included.

Mr. Moloney—It seems strange. B.S.—The sewer in Sarsfield Street was not completed at the time.

Mr. McEvoy—How many houses. Chairman—Nine.

Mr. McCarthy—Is Mr. Whelan right. Chairman—Mr. Whelan is right to claim it as an extra.

The B.S. said in order not to hold up the work he asked Mr. Whelan to go on with it and come before the meeting. He is at the work.

Mr. Moloney—I was told that this item was in the contract.

Mr. Griffin—Was there not a £1 per house paid for similar work on the four houses build under the last scheme.

B.S.—Yes. The Council decided to accept the offer of the contractor at 18/- per house.

By-laws. The Department wrote asking for information on how the matter re the adoption of by-laws governing the sale of milk, meat, etc., in the Urban Area now stand.

The Clerk was directed to give the required information.

The Shambles. Chairman—As you are all aware there is an offer of £200 by the Vocational Education Committee for the Shambles as a site for a Technical School, provided that the Council give a clear title. We referred the matter to Mr. Williams, solicitor, who now states that the cost of giving such title would be £7 10s.

Mr. Clancy—It would be well to close the offer to-night.

Mr. Keane—What do you intend to do with the money. Will it be earmarked to provide alternative accommodation for our material.

Mr. Griffin—If the Fish Market is cleared out, it is big enough. There is nothing in it at present but rubbish.

Mr. Keane—You have a tenant there. Mr. McCarthy—In only a small portion. It would require to be roofed.

Mr. Griffin proposed, and Mr. Keane seconded that we accept the offer subject to sanction.

The proposition was passed.

Mr. McCarthy—I suppose the Committee are going to start building soon. He thought before a start was made they should be asked to submit the plan to the Council. He thought that the frontage should be on a par with the Bank or the Co. Council office.

Chairman—I think there is no doubt but that the front of that building will be alright. You also have three or four members of the Council on the Vocational Committee.

Mr. Keane agreed with the Chairman, and said that already Mr. Clancy had made a very valuable suggestion re acquiring the Court Clerk's office.

Mr. Hackett thought as the Council were giving the site, they should ask the members on the committee to see that only local men be employed. It is not right to see men cycling in from the country to work while the men of the town are standing idle.

Mr. McCarthy—I agree.

Chairman—I am afraid, unless you make it a condition of the sale that you can't do that.

Mr. Griffin—One thing I would ask the members to do, is to see that no foreign timber is used, or foreign carpentry, while native labour and timber is available. Even in the Gealtacht to-day foreign carpentry is being used.

The Council approved Mr. Griffin's suggestion.

In reply to Mr. Hackett the B.S. said it was his intention to put out all the stone required to complete the job on the road at Shandon.

Mr. Keane—Will you put any more stock on the Skeacrine Road, you undertook to put some stuff from the beach there.

B.S.—I served notice on the owners of the fences. The beach material is too fine for roads.

Vocational Education Committee.

NEW SCHOOL FOR DUNGARVAN. ON SHAMBLES SITE.

CAPPOQUIN SITE. QUESTION OF PRICE.

Rev. L. Egan, C.C., Chairman, presided. Also present Rev. M. F. Hearne, C.C., Rev. Bro. Gibson, Messrs. M. F. Walsh, J. Butler, M. J. Keane, W. Stack, J. Curran, J. Halloran, C. J. Curran and M. Clancy. Dr. Burke, of the Department was in attendance.

Finance matters having been dealt with, Mr. Halloran asked what were care-takers of classes allowed, and the Secretary said 1s. 3d. per night.

Mr. Halloran—The caretaker in Clashmore is a very competent man and has a good deal to do. He also wished to convey to the meeting that Mr. Norton, teacher, was a most energetic young man and he feared he was over-working himself.

The Secretary said the Department had, owing to the increase in the cost of living, increased the total grant from £2,230 to £2,317. Last year's grant was £2,140.

3 Years To Quality. As to the time allowed to officials to qualify in Irish, the Secretary said they had 3 years.

Mr. Halloran—If they won't qualify in 3 years they are useless.

Secretary—They have not much spare time.

Mr. Halloran—Ardmore is crying out for Manual Instruction.

Secretary—At Ardmore the five nights are engaged with other subjects.

About Motor Cars. The Department wrote approving of the purchase by the Committee of 25 motor cars, but refused to approve of the purchase of a Maxwell car for £40.

Dr. Burke—We could get such a car half the price. Pupils would be much better drivers if the car were not in such good condition.

Mr. Halloran said a motor was sold recently in full running order at Bally curran, for £5, but the tax was £20.

Dr. Burke—There is no objection if the price were reasonable.

It was decided to advertise for a second-hand car.

Dr. Burke—It would be part of the work of the class to take down the engine and clean it and examine it and put it back again.

Messrs. D. Crotty and Son, wrote re £6 Buick car they sold the Committee and said it was not correct to say the car wasn't in perfect running order. It was, and went to the class room under its own power.

Secretary—A new battery was wanted now.

Mr. Butler said it was ridiculous to be buying everything like that for £3 or £5. A new battery will cost £3 or more.

Mr. Clancy—We made a bad bargain.

Dr. Burke—It is good value for demonstration.

Secretary—They were not able to start the car since it was delivered.

Bro. Gibson—Has it fulfilled the conditions of the advertisement?

Secretary—Yes.

Fr. Hearne—If a battery were put into it now, it would do its work.

Secretary—Yes.

The Committee agreed to purchase a new battery and to send the old battery to a Cork firm which specialises in righting such things.

Mr. Clancy said when purchasing the car now agreed to, they should get one for driving and demonstration purposes.

Dr. Burke said he saw the Instructor in Tralee get an absolute wreck for nothing. He got his class to repair it, and now it is running perfectly.

Mr. C. J. Curran—Mr. Crotty should be seen about the car.

Chairman—"The car as it stands" is what he says.

Dr. Burke—He did not say "as it moves."

Irish Teachers. The Department wrote approving of the appointment of the three Irish part time teachers as whole-time teachers, and said no further increase in salary to them could be considered until they were qualified in subjects other than Irish to ensure their full employment.

Mr. J. Curran said he was not satisfied until the teachers should get their annual increments and salary as well as superannuation rights.

Dr. Burke said one of the teachers asked him what subjects he would take up. It took a very strong recommendation to get that through.

Chairman—When the teachers are satisfied, why should we trouble any further.

Dr. Burke—In the near future there would not be full time employment for the men who could teach Irish only and in their own interests they should have other subjects. As to the salaries and increments of the new teachers, Mr. Lanigan said no scale was laid down for the new teachers beyond the basic salary.

IN AID OF THE POOR. The Machioness of Waterford, opened a Fancy Fair in the City Hall, Waterford, on Monday, in aid of the poor visited by the Sisters of Charity.

OBITUARY.

DEATH OF MR. JOHN DUNNE, MELLERAY.

Mr. John Dunne, Melleray, has passed away to the regret of all who knew him. An honest upright man, he was ever held in the highest esteem by his neighbours. One of his sons is Very Rev. Patk. Dunne, D.D., Tamworth, New South Wales, while a daughter is a valued member of the Presentation Community Fermoy. At the High Mass for the repose of his soul in Cappoquin, Rev. J. Crotty, C.C., was celebrant. The other clergy present were: Very Rev. Canon Whelan, P.P.; Very Rev. J. Walsh, P.P., Portlaw; Rev. W. Morrissey, C.C., Lismore; Rev. P. J. Flavin, Mayo; The funeral took place to Lismore, the cortege being large and representative. The chief mourners were—James (son); Hannah (daughter); Jas. Dunne, Coolishal and E. Dunne, Cork, (brothers); Mrs. J. Dunne, P. Dunne, Miss B. Dunne, G. Dunne, Ballynoe, Miss B. Heelan, J. C. Heelan, T.C., Mr. and Mrs. O'Sullivan, etc.—R.I.P.

DEATH OF MR. PATK. MORRISSEY, KILMATHOMAS. Mr. Patrick Morrissey, Hill Colage, Kilmathomas, died on Friday, at the early age of 33 years. During the great war, he received five shrapnel wounds while with the artillery in France, one injuring his spine. He was given 6 months to live by the Army Doctors. He was 13 1/2 years confined to bed. While at home he was under the care of Dr. Foley, M.O. He was of a very kind disposition and a member of an old and respected local family. His funeral to Newtown on Sunday was very large. The coffin was borne by Kilmathomas ex-service men—M. Barron, M. Kiersey, J. Collins, F. Cashin, W. Mullins, and J. Power. Fr. Fitzgerald, adm., read the last prayers at the grave.

DEATH OF MR. JAS. BATEMAN, CAPPOQUIN. Mr. James Bateman, eldest son of Mr. Patrick Bateman, Mill Street, Cappoquin, died at his residence, last Saturday. He was a member of a most respected family and was a splendid type of young man, whose early death is much regretted. On Monday after Requiem Office and High Mass for the repose of his soul, the funeral took place to the new Cemetery, Dromore, and was followed by a large cortege. The prayers at the grave were read by Very Rev. Canon Whelan, D.D., and Rev. J. Crotty, C.C.

LISMORE PUBLIC LAVATORY.

At the Circuit Court last Friday, in Dungarvan, before Mr. Justice Sealy, a most interesting case relative to the erection of a Public Lavatory, in the town of Lismore, was heard. A proposal for the Lavatory came from the Lismore Town Commissioners to the Board of Health and the latter body acting as Sanitary Authority obtained a Provisional Order to erect same and the site selected was at the junction of West Street and the road leading to the Castle. The site was 15 square yards.

Mr. Carroll, solr., on behalf of the Lismore Estate Co., appealed against the order.

Mr. McEnery, B.L., (instructed by Mr. O'Gorman, solr.) appeared for the Co. Board of Public Health.

Mr. McEnery said a local inquiry into the matter was held, last year by Mr. O'Dwyer, Inspector, and evidence was taken as to the most suitable site. Two sites were considered, one being that now in dispute, and the other known as the old Pound, at the junction of Main Street and Bridge Street. The site at West Street was the most suitable. He said Lismore had two weekly markets, a monthly fair, Court Point-to-Point Races, Sportsfield, etc., and the parking place was the Square. The Guards Barracks was opposite the site. The water supply to the town would not be affected.

Mr. Carroll said the chief objection was as to the water supply which would not be sufficient for a Public Lavatory. Also the site would interfere with the residents in the area and being in a busy thoroughfare would be dangerous.

Mr. Spreadborough, C.E., said the site on the Square was the most suitable. The other was too far away hidden in Ferry Lane. He was questioned at length by Mr. Carroll as to the water supply and the flushing of the Lavatory.

Mr. O'Gorman, Chairman of the Board of Health and Vice-Chairman of the Co. Council, said the Square was the most suitable site. The water supply was good. The Lavatory would be a great advantage to the people at fairs and markets etc.

Mr. McKenna, Plumber and Contractor, also approved of the site.

Mr. Thomas Crotty, Chairman, Commissioners, said there was no trouble with the water supply. His Lordship said he was not satisfied with the question of the water supply, and he suggested that Mr. Carroll and Mr. O'Gorman, meet and try and settle the matter. He then adjourned the case for further inquiry.

DEATH OF MR. MAURICE FOLEY, BALLINACOURTY. One of the best-known residents of Ballinacourty, passed to his eternal reward on Monday, in the person of Mr. Maurice Foley. He had reached a ripe age and was a splendid type of a hard-working honest man. He was interred in Ballinroad Churchyard, on Wednesday.—R.I.P.

Technical Schol For-Dungarvan.

The Urban Council wrote accepting the offer of the Vocational Committee for the Shambles, Bridge Street, for a site for a new Technical School, at £200, subject to sanction. The Urban Council also asked that the new building be in conformity with the public buildings in the vicinity; that local labour be employed and that no foreign journey for use in the work be imported.

Mr. C. J. Curran—Have the Urban Council the title to the place?

Mr. Butler—It is bought subject to that.

Dr. Burke—We will approve of it if the title is alright. It is a splendid site and a splendid school could be built there.

Chairman—It is the best site in the town.

Mr. Butler—Of course a plan of the proposed building will be submitted to the Urban Council.

Mr. C. J. Curran thought the Urban Council should pay half the costs of the title.

Dr. Burke—That is the usual thing. Chairman—It is only reasonable.

Mr. C. J. Curran—Has the Duke of Devonshire some claim on it still?

Mr. Butler—We are at liberty to dispose of it according to our solicitor. As to getting, as suggested, an alternative office for the Clerk of the District Court, Mr. Bowen wrote explaining the matter, and if considered necessary later, he could put the matter before the Co. Council.

Mr. Butler suggested that the Co. Library Headquarters be provided for also if there was sufficient space. The Co. Library was a public institution and this would be an ideal place for it.

Chairman—Would the Department's sanction be necessary?

Dr. Burke—I cannot say.

Fr. Hearne highly approved of Mr. Butler's suggestion, and if possible they should provide accommodation there and have the Central library in Dungarvan where it should be.

Chairman—What space would be required?

Mr. Butler—It would be the depot for the County.

Dr. Burke—Any building put up must be vested in this Committee. You can charge a rent or let it to them.

Fr. Hearne—I don't see why the Department should object to it.

Dr. Burke—We won't object, but we want value. If the Co. Council are served by this Committee, we want them to come to our assistance.

The Secretary was directed to communicate with the Co. Librarian on the matter.

Cappoquin Site. Secretary—At the previous meeting we offered Sir John Keane £25 for a site in Barrack Street, Cappoquin, for a school, and he replied he would negotiate on a basis of £50 for the plot the size of which was given as 98 feet by 72 feet.

Chairman—It is at the rate of £200 an acre. It is preposterous.

Mr. Walsh—You are not buying land but a building site.

Chairman—In the city of Liverpool recently, sites were sold at the rate of £100 and £105 per acre and is Cappoquin as important?

Mr. Walsh—Parts of it, maybe.

Mr. Butler said at the last meeting he was led to believe by Mr. Walsh that if £25 were offered it would be accepted.

Mr. Walsh—I said nothing of the kind, but I said to offer £25.

Mr. Butler—I was under the impression we would get it for £25.

Bro. Gibson—I was left under the impression that our offer would be accepted.

Chairman—It is a preposterous sum. Dr. Burke—I think it is absurd.

Mr. Walsh—You are getting £200 for a building site.

Mr. Clancy—We must find alternative accommodation for the Urban Council, as their yard is being taken from them. We are building 10 houses and the workmen are working there. We must find other premises.

Mr. Walsh—I know what you are using it for. You are getting £200 for a site in Dungarvan and you object to £50 for Cappoquin.

Chairman—Do you think £50 a reasonable price?

Mr. Walsh—I think it would be too much. There is no objection to £200 for a site in Dungarvan.

Chairman—Are you acting for Sir John Keane?

Mr. Walsh—No. I am acting for the Committee.

Cappoquin Action.

INTERESTING CASE AT COURT.

At the Dungarvan Circuit before Mr. Justice Sealy, K.C. James and Bridget Ronayne, sued Ml. and Mrs. M. E. Scanlon, for £30 alleged to be due by the defendants to the plaintiffs on foot of agreement dated 26th July 1926.

Mr. A. Carroll, solr., for plaintiffs. Mr. Budd, B.L., (instructed by Messrs. J. F. Williams, and son solrs.) defended.

Mr. Carroll said the circumstances of the case were that the plaintiff Ronayne was the owner of a licensed premises with a plot of ground attached at Cappoquin. He offered the premises for sale by Public Auction and a sum of £700 was bid. A second sale was then called some time afterwards, but was not gone on with, as the defendant approached plaintiffs for the purpose of getting the house themselves. An agreement was drawn up by Mr. Williams, solr., whereby the defendant agreed to pay off all debts and to pay Mr. and Mrs. Ronayne £45 a year. The defendant and his wife probably intended buying the house themselves but Mrs. Scanlon being a National Teacher, could not own a publichouse. Ml. Scanlon had a brother John and he was brought to Cappoquin and the agreement was drawn up by Mr. Williams and a deed of assignment by which James Ronayne transferred his property to John Scanlon, was made. A sum of £140 is set out by the defence as having been paid to Jas. Ronayne, but he never got it. He was paid a sum of £3 15s. a month up to January 1931, when it was stopped. The date on the agreement as his Lordship can see was altered.

James Ronayne, deposed to putting the premises up for sale on the 5th June, 1924. The highest bid was £700 made by Mr. John Sweeney. Witness did not accept it, as he wanted more for it. Later he called a second auction but it did not come off, as he had an agreement with Ml. Scanlon to take over the place. They were all present when Mr. Williams read over the agreement to them. The night before the auction Ml. Scanlon told witness not to let the place go for £1,000 as it was worth more. The agreement was arrived at the morning of the auction in a room off the shop. Mr. Williams read it out to them. Witness could not say who he gave over the house to, but thought all the time that he was dealing with Ml. Scanlon. Witness signed a good many documents in Mr. Williams office. He signed one in 1926, Ml. Scanlon was there on that occasion. He never got £140, but some time after Scanlon told him, he paid £140. He knew John Scanlon was getting the place when he signed the agreement. The payment of the £3 15s. a month stopped when John Scanlon sold his place and bought a farm. He was always paid by Mr. Scanlon.

Cross-examined by Mr. Budd—Since my daughter married Ml. Scanlon, he never had occasion to come to my aid until he took over my house. He only paid me what was lawfully due to me, and never paid me anything until 1926. Ml. Scanlon may have paid £10 rent for him, but it would be untrue to say they paid anything for him up to 1926. He admitted he was £206 in debt in 1925. He owed some of it to traders etc., but they were not pressing him. He put the place up for sale because it suited him. Mr. Sweeney, who bid £700 for the premises was a first cousin of witness. The other bid was £500. It was not right to say that Mr. Sweeney's bid was a puffing bid, as he wanted the house for his family, one of whom was at business. The second auction was called in 1925, witness was then going to be evicted for rent. He did not send a young chap named John Barry to Ml. Scanlon, asking him to pay the rent and save him from being evicted. The late Mr. Williams, had carriage of sale at the first and at the abortive auction and was my solicitor at the time up to 1926. He had given certain instructions to Mr. Williams before the second auction and he came to the auction with an agreement prepared which they all four signed. Witness did not know he was agreeing to pay the balance (if any) after all liabilities were paid over to Scanlon. The debts were paid off in 3 instalments. Witness was to be maintained for his life. He did not know what he signed. He got the Old Age Pension in 1930. He did not know if his wife was entitled to it, but she declined to apply for it when Ml. Scanlon brought her, her birth certificate Ml. Scanlon then said he would not pay, when she refused to claim what she was legally entitled to from the State. Since he left his house in 1926 Ml. Scanlon provided for him and made him payments. He was entitled to do that. He paid £3 a month since 1926 and in addition paid the rent and rates. He never gave me pocket money and did not pay for my cloths, but he presented me with one suit that was well earned.

To Mr. Carroll—He worked the garden for defendant and made a new passageway for him. Mrs. Ronayne, deposed that the defendant Mrs. Scanlon was her step-daughter and lived with her up to the time of her marriage in 1922. Witness was married in 27th November 1897. She corroborated her husband's evidence about the two auctions. She remembered going to Dungarvan in Ml. Scanlon's car with her husband and the two Scanlons, but she cannot remember the date. They went to Mr. Williams office. John Scanlon was also there. He had cycled in from Aglish. Ml. Scanlon was always quoting what he would do for them. After signing the agreement she was asked to leave the house about a week later. Ml. Scanlon got a home for him and

paid the £3 a month up to January last.

Cross-examined by Mr. Budd—They were not so very much in debt since 1922. Her step-daughter was away at school since 1914, but stayed for the holidays. Witness had not been continually borrowing money from her. She would not give it to me. She remembered Ml. Scanlon paying the license money one year. She signed the agreement as she had it from Mr. Williams that it was a lifetime agreement. She was thankful to the Scanlons, but she could not be for bringing on all this trouble. Ml. Scanlon came along with my birth certificate and according to that I am 74 years. He never told me that if I went for the pension he would go on making voluntary payment.

His Lordship said the document was an ordinary one, in which the date was obviously changed by someone. He thought if Mr. Budd had Mr. Murphy, solr., Clonmel, who was in charge of Mr. Williams office at the time in Court he might be able to throw some light on the matter. Ml. Scanlon, in reply to Mr. Budd, said he was a secondary school teacher and his wife, whom he married in 1922, is a daughter of Mrs. Ronayne. The Ronaynes were in poor circumstances and were constantly asking him for money. He had paid rent, rates and license for them. At their request he saw Mr. Williams to prevent them being evicted. Witness suggested to them that if they left the house his brother would pay off all their debts. Mr. Williams asked him to produce some money to prevent the creditors coming down on Ronayne. The money was then paid by cheque by witness's brother and an arrangement made with the creditors. Witness gave no authority to anyone to change the date on the agreement. He provided the house and paid rent and rates for the Ronayne's since 1926 and in addition, he gave Ronayne sums of money and bought him clothes. In 1930 he approached Ronayne about the Old Age Pension and he took the pension towards the end of 1930 he saw Mrs. Ronayne about the pension and she asked for 3 or 4 days to consider the matter. Later she said that under no circumstances would she take it. Witness then told her he would refuse to make any further payments as she refused to help him to that extent.

By Mr. Carroll—His wife is a school teacher. Her salary is about £250. He is also a teacher. It was not witness who instructed Mr. Williams about the terms of the agreement. He saw him early in June. Mr. Williams came to Cappoquin with the agreement ready to sign on the morning of the second auction. His brother came into the transaction in 1926. He was at home in the Co. Clare until then. Witness made the suggestion to the Ronayne's that John would take over the premises and pay off the debts. The first cheque paid was for £140. His brother sold the place for £525 after 3 1/2 years. Witness paid the rent and rates on Ronayne's house and also the £3 a month.

Mrs. Scanlon, corroborated. To Mr. Carroll—She denied that her self or her husband were liable to pay the £3 a month. John Scanlon, deposed he took over the premises. The condition was that he would pay off all Ronayne's debts. Ronayne told me the debts were about £200, but if they were £250 he would not take it. He was living at Killaloe up to that time. The total sum due amounted to £238. Witness sold the premises in October 1929, after considerable repairs had been done, to a returned American for £525. He had expended over £100 in repairs.

Cross-examined by Mr. Carroll—The first payment of £140 on the debts was made in July 1926, but he was not sure of the dates of the other two payments. He had the receipts at home. He sold the place to a returned American and he had disposed of the place since, he could not tell Mr. Carroll what price he got for it. Mr. T. C. Williams, solr., gave evidence of the illness and death of his late father in 1926. While his father was ill the office was in charge of Mr. Murphy, Solr., Clonmel. He produced the office diary for 1925-26 and read extracts therefrom at Mr. Carroll's request. Mrs. R. Harris, deposed she was a typist in Mr. Williams office at that time. She remembered the parties to this action being in the office. Mr. Williams was very ill at the time and was not regularly in the office. She admitted sending the document which was overlooked to be stamped in 1926 and changing the date without consulting anybody.

Mr. Carroll, said it was a family arrangement drawn up by Mr. Williams and he asked His Lordship not to allow these people to repudiate the agreement made, simply because Mrs. Ronayne refused to take out the Old Age Pension. His Lordship, after reviewing all the evidence said it was very unfortunate that at this time, 1926, Mr. Williams was very ill and his son was not in the office then. He referred to the evidence of Mrs. Harris as most extraordinary, when she found this document, she went without instruction from anybody and changed the date herself. With regard to the evidence of Mrs. Ronayne, he was sorry he could not place any reliance on it. While the evidence of Mr. Ronayne was hopeless with regard to the agreement he had no doubt but that the Ronayne's were under a misapprehension and he would dismiss the action with costs.

Cappoquin Motor Collision.

SEQUEL AT COURT.

CHARGE OF RECKLESS DRIVING DISMISSED.

At the Cappoquin District Court on Thursday, before Mr. G. P. Farrell, B.L., D.J.

Superintendent Quinlan, summoned Edmond L. Corrigan, Munster and Leinster Bank, Lismore, for recklessly and negligently riding a motor bicycle in Cappoquin on Sunday, October, 11th., as a result of which a collision occurred between his motor cycle and a motor car driven by Miss Ellie Keane, Youghal.

Mr. L. Keane, solr., Youghal, appeared for the defendant. Mr. G. P. Farrell, B.L., D.J., on Sunday, October, 11th., he left his house in Mill Street about 3.15 p.m. and saw a crowd gathered around Mr. Barron's Hotel. Having heard that a motor collision had just occurred he went down and saw a motor bicycle outside the Hotel, while a two seater motor car was pulled up on the opposite side of the street.

He examined the motor car and found that the right hand mudguards on the front and back were bent while the handle-bar of the motor cycle was twisted and it bore traces of other damage. He saw some marks on the road showing the tracks of the motor car, about 10 yards from Barron's Hotel. The road was 29 feet wide at the place. He spoke to Mr. Corrigan, who had been driving fast, but did not know what had happened.

Cross-examined by Mr. Keane, witness said Mr. Corrigan was suffering from some injuries as a result of the collision at the time.

Miss Keane, the driver of the motor car told him that she had to keep towards the right-hand side in order to avoid a crowd of people who were on the left side of the road at that place.

In reply to the Justice, witness said there was an important hurling match on in Dublin that day and a number of people were listening to the wireless on the left-hand side of the street.

Miss Ellie Keane, Youghal, in reply to the Supt. stated that on the day in question, she was driving a two-seater car from Youghal to Cappoquin and was accompanied by her two brothers and a niece. One of her brothers was seated beside her in front and the other brother and niece were in the dickey seat behind. As she was coming up Cook Street, she blew the horn at the railway crossing and also when passing the Industrial School further up the Street. She was driving slowly at the time, but seeing a crowd of people on the left side of the road she had to move over a little more to the right than she would have done if there was no obstruction there. She then saw a motor cyclist coming down Castle Street, in the opposite direction, at a fast rate and thought he had plenty of room to pass between her car and the footpath outside Barron's Hotel. As the cyclist approached, however, she thought there was going to be a head-on collision and swerved the car to the left, but the motor cycle crashed into the right side of the car.

In reply to the Justice, witness said she had been driving a motor car since 1930, but she could give no idea of how many hundreds or thousands of miles she may have driven since, as she had kept no check.

In cross-examination by Mr. Keane, witness maintained that Mr. Corrigan had plenty of room to pass in safety if he had not been travelling at such a fast rate of speed.

Michael Keane, brother of the last witness, stated that he was seated on the right-hand side of the dickey-seat behind with his niece. He saw a motor cyclist riding down against them at excessive speed, and when he approached he suddenly swerved and struck their car on the right side. Witness got struck on the left side of the face and got two of his teeth broken and a split lip through having Mr. Corrigan's head strike against him after the collision.

In cross-examination by Mr. Keane, witness said he had no doubt that the cyclist was travelling at excessive speed and he believed that he had not the machine under proper control at the time. He had a good view of the approaching cyclist, even though he was in the back seat, as the hood of the car was down at the time. In his opinion the cyclist had plenty of room to pass if he had not been travelling at an excessive speed.

Denis Conroy, Cappoquin, in reply to the Superintendent, stated that he was standing on the Square about 3.15 on the day in question when he saw a motor cycle coming up the main Street at a speed which he considered dangerous to the public. The cyclist turned round the corner to go down towards Cook Street, but owing to the speed at which he was travelling he almost ran into the railings around the Square when he was turning. Witness next heard a "Bang" down Cook Street, and on going down he saw some men lifting up an injured man and bringing him into Barron's Hotel. He identified the man as the cyclist whom he had previously seen coming up the Main Street.

In reply to Mr. Keane, he said he could not estimate the speed as to how many miles an hour he was travelling then, as he was not a good judge, but he considered that he was riding at a dangerous speed.

Joseph Gallagher, Cappoquin, examined by the Superintendent, stated that he saw the accident happening opposite Mr. O'Connor's gate at the top of Cook Street, and he thought both vehicles had plenty of room to pass each other at that place. Where Mr. Corrigan fell after the collision could not be more than 3 yards from the path on

PLEASE! DON'T COMMIT ANY MORE MURDERS!

THIS IS THE DE VALERA IDEA OF ENFORCING LAW AND ORDER.

He regards the Gunmen as the real government of the country. On March 14, 1929, he said to the Dail:

"I still hold that our right to be regarded as the legitimate Government of the country is faulty, that this House itself is faulty."

On the same occasion he went further and said:

"Those who continued on in that organisation which we have left can claim exactly the same continuity that we claimed up to 1925."

Government by Gunmen means Anarchy, Loot, Universal Violence and Misery. Mr. de Valera's plan for dealing with murderers is to beg to them for mercy.

On October 15, 1931, after the murders of Supt. Curtin, Sean Ryan and young Carroll, he spoke of them thus in the Dail:

"These men are misguided if you will,

but they were brave men, anyhow; let us at least have for them the decent respect we have for the brave. THEY HAVE DONE TERRIBLE THINGS RECENTLY I ADMIT, if they were responsible for them, and I suppose they are. Let us APPEAL TO THEM AND ASK THEM IN GOD'S NAME NOT TO DO THEM."

The first duty of Government is to secure YOUR life and property. If you put Mr. de Valera into power his way of protecting your life and property will be to go on his knees to the assassins of Curtin and Ryan and say to them:

"PLEASE, Don't Shoot."

President Cosgrave's way is to treat Murder as Murder. With President Cosgrave's Government in power, it is the murderer and the looter who will be unsafe—NOT YOU.

the left-hand side near Barron's Hotel. Witness was cross-examined by Mr. Keane, but nothing material was elicited.

Patrick O'Meara, Cappoquin, stated that he was standing at the Cross at the top of Cook Street, when he saw Miss Keane's motor car coming up slowly in the centre of Cook Street. He then saw a motor bicycle coming down fast and it struck the motor car. In his opinion if the motor bike had been going slowly there would have been plenty of room for it to pass between the motor car and the footpath.

In reply to Mr. Keane, he said the spot where Mr. Corrigan fell was about 2 yards away from the footpath. Guard Thorne, Cappoquin, stated that he was barrack orderly in Cappoquin on the Sunday evening, when the defendant, Mr. Corrigan, visited the barrack and made a statement about the accident which witness wrote down and which was afterwards signed by Mr. Corrigan.

The statement was now handed in by the Superintendent, and was as follows:—"I was motoring in the direction of Dungarvan at about 3.20 p.m., on Sunday, October 11th, 1929, at a moderate speed of about 20 or 25 miles per hour keeping to my left side about one yard from the kerb. I saw a two-seater car driven by a lady containing three other passengers approaching on the right-hand side. Judging from the position of the car, I thought they were going up straight towards the Blackwater Hotel and not around by Mill Street. I pulled in as far as I could to the left, and in doing so the car struck me on the right side throwing me over to the left and on to the footpath. I was picked up and brought into Harrington's Hotel. The car was travelling on its wrong side when it struck me."

The Supt. said that was the whole case for the prosecution.

Mr. Corrigan, defendant, was then examined by Mr. Keane, and stated that he had come from Lismore on the day in question and came up the Main Street, Cappoquin, at about 30 miles an hour. Approaching the corner turning down to Cook Street, he slowed down to about from 5 to 7 miles an hour, but as he saw the road clear then he again put up a speed of about 20 miles. He then saw a motor car coming up against him and again slowed down. The car was on its wrong side of the road and he was left only between a yard and a yard and a half of space through which to pass on his own side. He said that was the whole cause of the accident, and he denied that his motor cycle was out of control, as he had it under perfect control.

Cross-examined by the Superintendent, he said he did not agree with the evidence of Mr. Denis Conroy that he was driving at a dangerous rate of speed when coming up the Main St.,

in Cappoquin.

Had that been the case he would never have been able to get round the corner turning down to Cook Street, as the corner was a right angle. He admitted having accelerated when he saw the road clear going down towards Cook Street, but he slowed down when he saw the motor car approaching him. He said he was not blaming the driver of the motor car for the accident.

In reply to the Justice, he said the motor cycle was a five horse Triumph and was meant for a side-car combination. He sighted the motor car about 20 yards away and it was on its wrong side of the road then. He thought it was coming straight up to town, and it had plenty of room to get over to its own side at the spot where the accident occurred.

This concluded the evidence, and Mr. Keane, solr., asked the Justice to accept Mr. Corrigan's version of the accident, which was the only correct one before the Court, as the witnesses for the prosecution had contradicted each other in several respects as regards the distance the motor cycle was from the footpath at the time. He suggested that Miss Keane, in order to take a wide turn to get round to Mill Street on her left, had gone too far over to the right side and did not allow Mr. Corrigan sufficient room to pass on his own side of the road.

The Justice, having carefully reviewed all the evidence, paid a tribute to the evidence given by the two respectable witnesses for the prosecution, Messrs. Conroy, and O'Meara, but said in a case of this kind it was always dangerous to accept the evidence of bystanders, who had no experience of motoring and who were, therefore, not always reliable in giving evidence of speed. It was not his function to try the civil aspects in a case of this kind, but only the criminal side of the case, and on all the evidence before him he had decided to dismiss the summons.

VETERINARY INSPECTORS' PROTEST.

Munster Veterinary Inspectors' Association protested against the recent salaries (Kinsale, £20; Bandon, £40; Castletownbere, £20; Clonakilly, £25; Schull, £10; with no travelling expenses) offered for meat inspection by the Local Appointments Commissioners. No member of the Royal College of Veterinary Surgeons, it was held, should apply for any of these appointments, as the salaries were utterly inadequate.

RESPONSIBILITIES OF MOTORISTS.

Motorists must treat a dog in the same way as a human being, if they run over one, according to Dr. Smith, Hammersmith Coroner. A motorist he said, must stop after running over a dog, but need not do so if he runs over a cat.

LECTURE BY EMINENT JESUIT.

The first of a series of Lectures under the auspices of the County Waterford Libraries Committee was held in the Town Hall, Lismore, on last Thursday night.

The lecturer, the Rev. S. J. Brown, S.J., the well-known Irish bibliographer, chose as his subject "Reading and Self Culture."

Father Brown handled his subject in a masterly fashion. He pointed out the great work which County Libraries could do towards raising the level of culture throughout the country, and deplored the fact that the importance of the Library movement as an educational factor did not receive due recognition. He said that Davis was the first Irishman fired with enthusiasm for the education of the masses. He (Davis) wished to see reading-rooms established throughout Ireland. His slogan was "Educate, that you may be free."

Contact with the minds of great poets, dramatists, scientists, essayists, philosophers, lifted us into a region where our mental horizons were broadened; made us more intelligent and consequently more useful citizens. "In your Library," said Fr. Brown, "lies the intellectual treasure-store of all ages and climes."

Even the most practical people could not deny the great utility of public libraries. The smith, farmer, carpenter, shopkeeper, engineer, etc., have at their beck and call the necessary implements for the perfection of their knowledge of their various callings.

Too often, alas, said Fr. Brown, in a speaking of education in our schools, does the avid juvenile reader totally neglect books when he reaches the adolescent stage. This is due to the fact that he has not acquired a taste for real literature. The Library can do much towards the education of the school children, by putting in their hands books of a cultural value, to which they would not have access in the ordinary course of events.

I hope the day will soon come, Fr. Brown declared, when the importance of the Library movement as a means to self-culture will be fully realised. We regret that this very entertaining and most instructive lecture was so sparsely attended, but we hope that those who listened to it, have carried away with them some slight idea of what the Library movement means to the agricultural, industrial, literary, artistic, in a word, social amelioration and progress of our beloved Ireland.

A LISMORE CASE.

FIRST APPLICATION UNDER
NEW COURT RULES.

The first application under the new
rules of court, which came into opera-
tion on January 1st last, was made in
the Circuit Court, Waterford, before
Judge Sealy by Mr. Esmonde, B.L.,
when he appeared on behalf of the
Lismore Estates Co., on an ejectment
application against Ellen Noonan, in
respect of the premises known as the
Blackwater Vale Hotel, Main Street,
Lismore. Mr. Esmonde, pointed out

that appearance was entered on behalf
of the defendant in the civil bill by Mr.
E. A. Ryan, solr., but there was no
defence under the new rules, and he
was entitled to ask for summary judg-
ment.

Mr. Ryan asked for a stay of ex-
ecution, submitting that it was hoped
business would improve, especially
during the coming year with the ex-
pectation of increased traffic in the
country.

His Lordship extended the required
stay on the fulfilment of certain con-
ditions regarding the payment of the
amount due.

Agricultural Conditions

1st. JANUARY, 1932.

Weather and Work.—During the
greater part of the month of Decem-
ber the weather in most parts of Saor-
stat Eireann was mild and open with
comparatively little rain for the sea-
son of the year. A change took place
in the last week of the month, when
the temperature fell considerably, and
more reasonable conditions prevailed,
frosts and falls of snow being experi-
enced over many areas. Lands that
had been waterlogged dried up dur-
ing the month and became workable.
Ploughing of stubble land, and in
some cases of lea, was pushed well
forward and in some cases winter
wheat was sown. Farmers were engaged
during the month in ploughing,
sowing winter wheat, pulling and stor-
ing the balance of the turnip crop,
top-dressing pastures, and in clearing
drains, repairing farm buildings, and
other odds and ends of work.

Food Supplies for Wintering Stock.
—Owing to the mildness of the weath-
er during December, grass continued
to grow much better than in a nor-
mal year, with the result that pastures
in most districts provided a greater
amount of keep than usual. Conse-
quently it was not found necessary
to make heavy inroads on the reserves
of fodder, and the sharp rise which
took place in the price of oats led
farmers to exercise caution in the feed-
ing of oats to live stock. At the end
of the month most farms were reason-
ably well provided with stocks of hay,
straw, roots and fodder, and no
anxiety was felt regarding the pros-
pects for the feeding of stock during
the winter.

Live stock were reported generally
to be in good health and in reason-
ably good condition. No reports were
received of outbreaks of disease.

Cereals.—Very little grain was of-
fered at the provincial markets during
December. The bulk of the barley
crop had already been sold during
November, but some sales were ef-
fected in December at prices around 14s.
per barrel. Sales of wheat were prin-
cipally of seed quality and the prices
realised varied from 20s. to 25s. per
barrel. Only limited quantities of oats
were on offer as growers are inclined
to hold their stocks in the hope that
high prices for seed will be obtainable
in the Spring. Prices for white oats
varied up to 17s. per barrel accord-
ing to quality and district, while
black oats realised from 1s. to 1s. 6d.
per barrel less.

Flax.—Owing to continued depres-
sion in the flax market little flax was
on offer during the month. Such
sutchings as were carried out indi-
cated that the yield of fibre promised
to be lower than last year and the qual-
ity only fair.

Potatoes.—Stocks of potatoes on
many farms were reported to be much
lower than at the corresponding
period last year, but were being more
sparingly used, only tubers unfit for
table use being fed to live stock. Tu-
bers were reported to be keeping
well in the pits. In the districts in
which potatoes are grown mainly for
sale, large quantities were sold dur-
ing the month, there being a keen de-
mand for all classes, especially for
seed. Ware potatoes realised 66 11s.
6d. to 66 15s. 0d. per ton, and seed
about 41 more per ton.

Mangels, Turnips and Sugar Beet.
—Although the mangel and turnip
crop did not give yields up to the
average, and consequently the supply
of these roots available for feeding
purposes was below normal, yet owing
to the saving in the consumption
which was rendered practicable in
December by the unusually good amount
of keep obtainable on pastures,
stocks on hands at the close of the
month were regarded as adequate for
all requirements during the winter,
especially in view of the abundant
supplies of hay and straw, provided
the remainder of the season does not
prove exceptionally severe. The sugar
beet crop on the whole yielded a
lower weight of roots than in previous
years, although individual crops
were up to the normal. The sugar
content was satisfactory.

**Winter Wheat, Oats and Catch
Crops.**—Some additional sowings of
winter wheat were made during the
favourable weather in December, but
the bulk of the sowings were made in
October and when conditions permitted
in November. Early sown wheat
germinated satisfactorily and braided
evenly and at the close of the month
of December was looking
vigorous. Sowings made in November
suffered from the heavy rains and was
slower coming above ground. Reports
regarding the areas sown are variable,
but on the whole it would appear that
winter wheat was sown to a greater
extent than last year. The area under
catch crops was reported to be about
the same as last year, and the crops
were growing well.

Cattle.—The fairs held during the
month of December were of normal
dimensions, with the normal attend-
ance of buyers. Prices of all livestock
continued low during the month, and
although the usual seasonal activity
in the demand was observable around
Christmas, no marked increase in
prices was recorded. Well bred
young stores in condition, especially
good young heifers for breeding were
in good demand during the month.
Fat cattle met a steady inquiry, and
choice springers and down calved
cows were in good request at firm
rates.

The following quotations represent
the average range of prices for the
various descriptions of live stock on
offer at provincial fairs held during
the month—

Dropped calves from 22 to 23 10s.
Calves under 6 months from 23 10s.
to 25 2s. 6d., First-class yearlings (6
to 12 months) 26 15s. to 28 15s.; First-

class stores (2 to 3 years) 213 10s. to
215 10s.; First-class stores (3 years
and over) 215 to 218 10s.; Fat But-
locks and Heifers 215 to 220; Best
Fat Cows 211 to 215; choice Spring-
ing Cows and Heifers 218 to 224;
down-calved Cows 217 to 222.

Sheep.—Flocks were maintained
in good health generally. Although
there were somewhat numerous re-
ports of the presence of liver and fluke
disease, the preventive and remedial
measures recommended by the Depart-
ment of Agriculture were adopted in
the majority of cases and mortality
was not serious. In one instance re-
ported deaths occurred apparently as
the result of the sheep having been
dosed on full stomachs. It is, there-
fore, thought well to remind flock
owners that they should study care-
fully the directions for the dosing of
sheep which are set out in Leaflet No.
7 which may be obtained free of
charge and post free from the Depart-
ment of Agriculture.

The fairs held during the month
were well supplied with sheep of all
classes. Demand was fair, and prices
around late rates, the average range
being as follows:—Fat sheep 30/- to
60/- each. Store sheep 30/- to 45/- each.
Lambs 25/- to 36/- each.

Pigs.—The supply of pigs on offer
at most centres during the month was
normal for the season. Pigs suitable
for the bacon trade were in fair de-
mand through the month. Prices
fluctuated during the month the range
prevailing at the close being from 38s.
9d. to 45s. per cwt. dead weight, or
approximately 29s. to 33s. 9d. per cwt
on the live weight basis. Prices for
porkers ranged from 53s. per cwt.
dead weight at the beginning of the
month to 60s. during Christmas week.
Bonhams were in plentiful supply at
prices ranging from 12s. to 25s. each
according to age and quality. The re-
ports continued to indicate a tendency
on the part of the pig breeders to fat-
ten off and sell a proportion of their
breeding stocks, despite the advice
given by the Department of Agricul-
ture in previous monthly reports to
avoid this course.

Horses.—The trade in horses was
practically unchanged during the
month, with no appreciable altera-
tion in values.

Milk.—Supplies of milk to cream-
eries were below the normal for the
season mainly due to the low prices
obtaining for butter which has induc-
ed some farmers to divert some of
their milk to the feeding of calves, and
to the making of home butter. The
prices obtained for milk supplied to
creameries during the month of Novem-
ber averaged 5.34d. per gallon with
the separated milk returned. Milk
collected in County Wicklow during
December for retail sale in Dublin re-
turned 1s. to 1s. 1d. per gallon to pro-
ducers.

Echo of Missing Postman Case

The mystery of the missing Strad-
bally postman found its way into Wa-
terford Circuit Court, before Judge
Sealy, on an appeal brought by Mr.
Peter O'Connor, solicitor, Waterford,
against the District Court order dis-
missing his application for an instal-
ment order against Patrick McNamara,
ex-inspector of the Civic Guards, and
Thomas O'Rourke, ex-detective, of the
same force. Respondents live at Tra-
more, Co. Waterford.

In his original application appellant
sued as assignee of Thomas Corbett,
labourer, Stradbally, who obtained
judgment in the High Courts against
the respondents and two other mem-
bers of the Civic Guard force. Cor-
bett assigned his judgment of £500 to
Mr. O'Connor.

Mr. Connolly (instructed by Mr.
Peter O'Connor) for appellant; Mr.
Budd (instructed by Mr. C. S. Quin-
lan) for respondents.

Mr. Connolly having outlined the
case and described the proceedings in
the Court below, made the point that
two material witnesses had not appear-
ed in the District Court proceedings.
These were Mrs. McNamara, wife of
ex-inspector McNamara, and Mrs.
Burke, of Carrick-on-Suir, her sister.
They had repeatedly tried to serve a
summons on Mrs. McNamara, but ser-
vice could only be effected through
her husband.

Evidence was given by the defend-
ant, McNamara, of the indisposition
of his wife, and his Lordship held she
could not be subjected to cross-examina-
tion in her present condition.

Mrs. Burke's husband, who appear-
ed in Court, said either he or his wife
must remain in their shop at Carrick-
on-Suir. The moment he got back his
wife would be available to give evi-
dence.

Mr. Budd, for the respondents,
raised a preliminary legal point. He
said this action had been brought in
respect of the assignment to plaintiff,
and not in respect of the original High
Court judgment. He quoted authori-
ties to show that under the Debtors
Act an assignee was held not to be en-
titled to issue a judgment summons in
respect of a High Court judgment un-
less he were first granted leave by the
High Court to issue execution. That
Act, he contended, was analogous to
the Enforcement of Courts Orders
Act, under which the original applica-
tion was made by the plaintiff, and
that the plaintiff must now apply to
the High Court for leave to issue ex-
ecution, which he had not done.

His Lordship—What was the applica-
tion before the District Justice?

Mr. Budd—An application for an
instalment order in regard to the de-
fendants means with respect to the pay-
ment of instalment orders.

Mr. Connolly—It is what is known
as an attendance order as to means.

His Lordship—Has the District Jus-
tice power to make an order for the
payment of instalment?

Mr. Budd—Yes, if he is satisfied as

Blackwater Fisheries.

**CRUX OVER SOLICITORSHIP
QUESTION.**

CONSERVATORS MEET.

At the meeting of the Fishery Con-
servators No. 2 Lismore district, held
at the Courthouse, Fermoy, Mr. J. Ken-
nedy, Youghal, (Chairman), presided.
Others present—Messrs. Coroner E. A.
Rice, solr., Vice-Chairman; C. Joyce,
Lord C. Cavendish, Capt. H. Smyth,
Capt. Jameson, T. Murphy, J. O'Brien,
R. Maher, Maj-Gen Davidson, J. Bald-
win, R. G. Annesley, Capt. Maxwell,
Major Longfield, Capt. P. Dunne.

A discussion took place in relation
to the purchase of the proposed new
motor launch, and it was decided to
leave the matter in the hands of the
committee who had been appointed to
deal with the question.

Correspondence was read from the
Minister of Fisheries approving of the
appointment of bailiffs for the protec-
tion of the river.

In reply to a member, the Inspector
stated, that in connection with the ap-
pointment of a bailiff to fill the vacan-
cy caused by the death of the bailiff
at Ballyhooley, a young man named
Condon, had called on him for the
position. He was struck by the man's
appearance, and believed he would
make a good officer, and had promised
him the job.

Mr. Maher said he had also an ap-
plicant for the position, and who was
a very good man. He proposed that
David Pierce, of Ballyduff, be ap-
pointed.

The Inspector stated that he had pro-
mised the vacancy to Condon, who
was a young active man, and it would
place him in a rather awkward posi-
tion if he would not be appointed.

It was suggested that Pierce's name
be noted for a future appointment, but
this was not accepted.

Mr. Baldwin, seconded Mr. Maher,
Major Longfield, proposed an amend-
ment.

It was decided to make the appoint-
ment, as promised by the Inspector,
and also to appoint Mr. Maher's ap-
plicant on the Ballyduff district for a few
months.

The Solicitorship.

The Inspector read the following let-
ter, under date of 27th January, re-
ceived from Mr. A. Carroll, Fermoy,
in regard to the recent appointment
of a solicitor:—Dear sir.—The appoint-
ment by the Board of Conservators of
a solicitor to the district from Fermoy
to Youghal, has been much discussed
at recent meetings of the Board, owing
to a letter from Mr. John L. Keane,
solicitor, in which he states:—"It is
just over 35 years since I was first ap-
pointed solicitor to the Board for this
district, yet now, without assigning
any reason, and without any notice to
me, the Conservators by a majority of
one, appointed another solicitor. I em-
phatically state Mr. Keane did not act
as solicitor to the Board for the period
mentioned. I was asked in 1892 to ac-
cept the position of solicitor to the
Board for the entire district from
Kerry to Ballycotton, and from that
year to 1918, when times became dis-
turbed, I was the solicitor who trans-
acted the legal business of the Board.
I prosecuted, to Mr. Keane's knowl-
edge, in Youghal, Keshmore, Ard-
more and Middleton, and also prosecu-
ted at Cappoquin, Tallow, Villiers-
town and Castlemartyr, being all the
court areas for which he asserts he
was appointed. Mr. Keane's memory
has deceived him. I actually find that
in some of those prosecutions in which
I appeared, and in others in which
that very efficient official, the late Mr.
Drohan prosecuted, that Mr. Keane
defended those charged. He even appear-
ed in an appeal for some defendants in
a prosecution by your Board, which
was heard at Middleton Quarter Ses-
sions. His office entries will show
that the late Mr. Drohan did not give
him the prosecutions of the district.
Mr. Keane claims he should have
been notified that it was intended to
displace his services, and that he
should be informed of the reason
for not being re-appointed. This is
unique. How grotesque, to learn that
a person cannot change from one sol-
icitor to another without giving notice
and assigning a reason. Mr. Keane's
clients must be exceptional if they com-
ply with those requirements, which
he demands as his right from the Con-
servators. The Board decided not to
continue his services, and thereupon
he knew and should have retired. I
certainly would not continue to act for
any client whose full confidence I did
not possess. Mr. Barry Sullivan was
appointed solicitor in 1922, to Mallow
and Fermoy districts. I was not aware
of it until I was asked to defend a sum-
mons for illegal fishing in which he
was prosecuted. I was not entitled to
any notice, and it was not correct for
your Clerk to say Mr. Sullivan wrote to
me on the matter. He did not and I see
no reason why he should. The error in
the wording of the minute recording
the appointment of solicitor is a mat-
ter which concerns the honour and
integrity of the Board. On the day of
the appointment the Board clearly de-
bated the appointment of solicitor for
Fermoy to Youghal. It was put for-
ward by some members that Mr.
Keane should not be passed over. On
that a poll was taken when one of my

to means to pay.

Mr. Connolly, for appellant, argued
contra, and complained that the point
had not been made in the Court be-
low.

His Lordship ruled that the assignee
was not entitled to come in as a cre-
ditor without first obtaining leave to
issue execution in respect of the origi-
nal High Court judgment. Therefore,
he said, the case had been disposed of,
and he dismissed the appeal.

sons was appointed. Mr. Keane, in his
letter of protest, recognised he was
dispensed with. Why then is the mi-
nute so worded that the appointment
is recorded as having been made for
a district from Fermoy to the tidal
boundary at Lismore? That was Mr.
Sullivan's area, and he had been af-
fected by the appointment, as recorded,
and not Mr. Keane. Were it not that
the dignity of the Board is at stake,
the whole business could be treated as
a comedy. The course the Board
should have taken to correct the error
in the signed minute, when discovered
was to serve notice of motion to have
it changed into a record of what the
Board intended, and not render the
proceedings ludicrous. Please con-
vey to your Board the gratitude of my
son for the decision of the majority
of the Board to appoint him to the dis-
trict of Fermoy to Youghal, but hav-
ing regard to what has taken place he
will not accept the position as at pre-
sent recorded in the minutes."

The Inspector said when he made
the statement that Mr. Barry Sullivan
had written to Mr. Carroll at the time
that he (Mr. Sullivan) was appointed
for the Board, that he qualified his re-
marks by stating that he wasn't sure,
but to the best of his recollection, that
Mr. Sullivan had told him so.

The Chairman said he was connect-
ed with the Board since 1914, and be-
fore then and since, he knew that Mr.
Keane had been acting as solicitor.

Mr. Rice asked had the late Mr. Sla-
tery ever acted as solicitor for the
Board?

Mr. Drohan said that Mr. Slattery
had been acting in Lismore, and that
Mr. Keane was appointed in 1896, in
succession to Mr. Slattery, and that
there was a minute to that effect on
the books of the Board.

Capt. Dunne said the position was
this, they liked Mr. Carroll, and they
liked Mr. Keane, but they did not like
a bycote. Anyone who tried to bring
a ring in there would hear more about
it.

Major Longfield said in his mind it
was a most unfortunate error in the
minutes—it was a deplorable business.

The Chairman said that Major Long-
field was present at Youghal when the
minutes were read and signed, and
should have heard them read.

The Inspector said he did not alter
the resolution in any way, and it was
not his fault if it was badly worded.

Major Longfield said the Clerk knew
what was intended by the proposer,
and the resolution should have been
amended by him in accordance with
the intention of the proposer and the
secondor.

Capt. Dunne said Mr. Kent proposed
that Mr. E. Carroll be appointed sol-
icitor for the Board from Fermoy to the
tidal waters, and that was seconded.
They then had a lot of talk, and seem-
ed to lose their heads. The Clerk put
down that, and there was no good in
trying to capsize the Board. They had
worked in harmony and had been uni-
ted and they did not want any bickering
now.

The Chairman said that Mr. Carroll
would not accept the position, and
that ended the matter.

Major Longfield said he thought the
letter ought not appear in the Press.

Capt. Dunne said why not. He saw
no reason why it should not appear,
and all that had been stated as well.

Capt. Maxwell asked were the Board
bound to appoint permanent solicitors?

The Chairman replied in the nega-
tive. They could employ any solicitor
they liked on any particular case.

The discussion then ended.
The Inspector stated that he was
pleased to inform the members that
the prospects for a good season were
evident from inquiries that he had
made, and that he had received a let-
ter from Capt. Holroyd Smyth that on
last week he saw as many as 50 spring
fish jumping and sporting in the weir
pool near his fishing hut at Bally-
deeron, and that in fact he never saw
more fish together in one spot before.

FLYNN—In sad and loving memory of my dear husband James Flynn, Ballyknock, who departed this life February 6th, 1931. R.I.P. In the shadow of the Sacred Heart Dear Jesus may he rest. We loved him well, but still we know, God's holy will was best. —Inserted by his loving wife and daughter, Maura.

LOCAL HAPPENINGS.

DUNGARVAN AND BALLINACOURTY VEGETABLE AND EARLY GROWERS ASSOCIATION. A meeting of the above will be held at the Schoolhouse, Ballinacourty, on Sunday next, 7th inst., at 3 p.m. All interested are requested to attend. P. B. Sheridan, Hon. Sec.

CUMANN NA nGAEDEAL COLLECTION. A collection in aid of the Cumann Na nGaeheil Election Fund, will be made at the Church Gates, at all Masses, on Sunday next 7th inst., at Dungarvan, Abbeyside, Ballinroad, Garranbane, Kilmachthomas, Ballylaneen, Fews and Kilrossanty. (Advt).

GENERAL ELECTION. Nominations for the General Election take place on Monday 8th inst., and polling on Tuesday 16th inst. All the candidates are now selected and electioneering is going on at full speed. All the old arguments are again to the fore—The Treaty, the Oath, what you did and what I did in the past and each Party promises to do best for everybody if elected. The people listen attentively to the speakers and then go their way. We hope when they go to the poll on the 16th inst., they will hearken to the sound advice of Most Rev. Dr. Hackett, and act wisely and well for the good of the country. These are bad times and the outlook is not good. It is bread and butter the people want and not diatribes on academic questions which are only suitable for debating societies. Our people are up against hard facts and the new disease which is killing all the hens in England is of more consequence to our people than any other question at the moment. The workless want work, the poor want food and clothing, the people who sow the seed and reap the harvest, who milk the cow, follow the plough and rear the bonhams want better prices if they can get them. Give us an economic party of men who will attend to those things that matter and leave over debates on fine points until our country is on its feet again. De Valera says Land Annuities should not be paid to England; Mr. Cosgrave says they should be paid. In our view which is not political, Land Annuities are either due or not due. If due they must be paid by the farmers and if not due they should not be paid to anyone, and no land tax should be put on to replace them. If when Land Annuities are paid off a tax is to be put on the land, the last state would be worse than the first, and all the good of the Land Acts was gone for nothing. This question should be finally decided by a competent impartial tribunal, representative of all interests and leave the people know definitely where they are.

FIANNA FAIL. On Sunday last big meetings in support of the Fianna Fail Candidates—Messrs. P. J. Little, Sean Goulding, and Michael Mansfield, were held in various parts of the constituency. Ardmore, Grange, Mt. Stuart, Ballinacourty, Nire and Ballymacarthy were the centres. At Ardmore and Grange, the speakers were Messrs. Little, John Power, Dungarvan, and Mr. O'Connor, Ardmore, at Ballinacourty and Mt. Stuart, Messrs. M. Mansfield, and D. Conway; at the Nire and Ballymacarthy—Messrs. Goulding and Michael O'Ryan. The greatest enthusiasm and good order prevailed.

CUMANN NA nGAEDEAL. On Sunday meetings in support of the candidature of Messrs. W. A. Redmond, John Kiersey and Dr. White, were held in various centres of East Waterford and interesting addresses were delivered by the candidates and Mr. Esmond, B.L., M. Walsh, T.C., and others. On Wednesday evening Professor O'Sullivan, Minister for Education, and Mr. John Kiersey, addressed a big meeting at Tallow after the races and later spoke at Lismore, On Thursday at the Cappoquin Fair, Professor O'Sullivan, and the Government candidates addressed a big gathering of farmers and their speeches were followed with close attention. On Thursday night at 8 o'clock the Minister for Education and the candidates addressed a big gathering on the Square, Dungarvan, a report of which will appear in next issue.

LABOUR PARTY. Mr. Dan Foley, Labour Candidate for the Constituency, has been busy up and down the county addressing meetings and canvassing. Needless to say, all the parties are going strong and have plenty backing. The best of good order prevails on all sides and the election is being fought in a most good-humoured manner.

"45 DRIVE." Last "45 Drive" of the season at Egan's Hotel, on Friday, February 5th, commencing at 8 p.m. Large money prizes. Tickets 2/- each.

MUSICAL SUCCESS. Mr. J. Scott-Allen, the talented Organist, of the Protestant Cathedral, Lismore, has won the "Mayerl Award" for syncopated musical composition from big competition in Great Britain and Ireland. He has been heartily congratulated on his success.

DURROW AMATEUR PLAYERS. The Durrow Amateur Players will stage that sparkling Comedy "Mrs. Mulligan's Millions" at the Hall, Durrow, on Sunday Feb. 7th, at 8 p.m. Admission 1/6 and 1/- Supper extra. This play ranks foremost amongst the present-day comedies of Irish life. A Dance will follow admission 1/-; Orchestral music.

THE NEW TECHNICAL SCHOOL. The Vocational Education Committee, having acquired the site of the old Shambles in Bridge Street, from the Urban Council, for a Technical School in keeping with the proper educational development of the town, will we know have erected thereon a building which will be an ornament to the Borough and in keeping with the public Offices which it will adjoin. In the hands of Mr. Bowen, Co. Surveyor, the work will be carried out in his usual masterly manner and will be something to admire when completed. The old Shambles have long since outlived their time-old use and to no better purpose could they be put than to the development of the educational facilities of our people.

SCOUTS' DEN, ABBEYSIDE. A Whist Drive will be held at the Scouts' Den, Abbeyside, on Sunday next, February 7th, commencing at 8.30 o'clock, and all patrons are assured of a really pleasant time. Valuable Prizes will be given for Ladies and Gents.

NATIONAL FOOTBALL LEAGUE. The Waterford team to meet Tipperary, at Waterford next Sunday, will be selected from—J. O'Donnell, J. Hayes, T. Greany, R. Mulcahy, P. Whelan, A. Sanford, P. Cowman, M. Whelan, T. Parsons, P. Houlihan, M. Sullivan, M. Flannery, J. Moriarty, T. Flynn, L. Dillon, J. Driscoll, P. Gough, T. Lyons, R. Troy, and P. Kelliher. Match starts at 3 p.m. sharp.

WELL-DESERVED TRIBUTE. Dr. Burke, Department's Instructor, paid an eloquent tribute to the efficiency and excellence of the teaching of Miss Flynn, Domestic Economy Instructor, at the Dungarvan Technical Schools, at the last meeting of the Vocational Committee.

JAPS AT WAR. There is big trouble in the Far East. China and Japan are at war and during the past week, the Japs have done a lot of damage. England, America, Italy and France are trying to stop the fight, but the Japs say they will have no interference from any outsiders. All these powers have troops and warships on the spot and the position looks very serious. The Japanese Navy known as "The Imperial Navy of the Rising Sun" seems very efficient and active and has been shelling all round Shanghai and Nanking with deadly effect. Unless saner Councils prevail, the Mikado's people will hurt a lot before they down tools.

RATE COLLECTOR SENTENCED. Three months' imprisonment from the date of his arrest was the sentence of Mr. Justice Sealy on John Kirwan, ex-Rate Collector, Bonmahon, who pleaded guilty to embezzling £170 rates collected for the Co. Council. He was discharged forthwith.

CONCERT IN CAPPOQUIN. A Grand Concert and Variety Entertainment, will be given in the Boat-house, Cappoquin on Sunday evening next, 8th inst., in aid of the Rowing Club Funds. A special feature will be the Shakespearean Selections by well-trained local artists. The "Darkie Troupe" will give solos and choruses and vocal and instrumental items will be a feature of the Concert. As the funds will go to the purchase of a new racing boat, it is hoped the success of the evening will be the greatest yet. Doors open 8 o'clock. Concert commences at 8.30 p.m.

POSTPONED. The "45 Drive" in aid of the Curate's House Fund, at Newtown, as to the second and final rounds has been postponed to March 6th.

"KING JOHN." A reply to "King John's" letter last week, is held over to our next issue.

FEAST OF SA. BRIGID. Monday last, the Festival of St. Bridget, Patroness of Kilrossanty, was strictly observed as a holiday by the parishioners, big numbers of whom attended the Masses in the Parish Church, celebrated by the Very Rev. W. J. Kehoe, P.P., and Rev. J. Hart, C.C. Afterwards the people made "rounds" of St. Bridget's well, and recited the Rosary.

NEW HALL, CAPPAGH. A Grand Dance will be held in the above hall, on Sunday night Feb. 7th, in aid of the Rockfield-Cappagh Hurling and Football teams. Music will be supplied by the Rockfield Dance Band. Admission—Gents 3s/-; Ladies 2/6. Supper included. Dancing starts at 9 p.m.

LATE MR. JOHN WALL, DUNGARVAN. At a meeting of the Dungarvan Show Committee, on Thursday, Mr. J. A. Lynch, in the Chair, touching references were made to the sporting qualities of the late Mr. John Wall, a V.P. of the Show. On the motion of Mr. Dempsey, seconded by Mr. Hunt, and supported by all present and the Secretary (Mr. Lynch) a resolution of sympathy was passed with his family.

Lent, 1932. HOT CROSS BUNS available From Tuesday, 9th Feb. and during Lent. Power's Bakery, Dungarvan. PHONE—17. GRAMS—BAKERS, DUNGARVAN.

TO MEET AGAIN. Stradbally and De La Salle football teams, will meet again in connection with the Kilmachthomas Medal Tournament, which the latter won. The former objected to the composition of the College fifteen and this is the sequel.

DUNGARVAN SHOW. At a meeting of the Committee of the above on Thursday, Mr. J. A. Lynch, President, was in the Chair. There were also present—Messrs. A. Hunt, D. Dempsey, J. Hayes, N. Connors, J. J. Drohan, R. P. Byrne, W. Stack, J. J. Morrissey, P. Sexton, J. Lynch. (Secretary).

Election of President. The Chairman said he was in the Chair since the formation of the Committee in September 1915. They had held 16 successful Shows since, the proof of which was their credit balance to-day. Considering it time to have the Chair go round he tendered his resignation, and asked that somebody be nominated. On the proposition of Mr. Connors, seconded by Mr. Byrne, Mr. A. Hunt, was unanimously elected President.

CO WATERFORD EVICTED TENANTS, UNECONOMIC AND LANDLESS PEOPLES ASSOCIATION. A very important meeting of the members of above Association was held in Dungarvan, on Jan. 20th, in connection with the distribution of a large local grazing ranch, of which a survey was recently taken by an engineer, and also other grazing ranches through the county which are being investigated for distribution with the object of restoring the Representatives of evicted tenants enlarging the small holdings of the uneconomic, and planting landless agricultural people. A number of members were regretting their unavoidable absence through illness. Others tendered verbal explanations, owing to the business of the day, appealing for the continuation, and preservation of their membership claims. The following members were present—Messrs. Nicholas Kirwan, William Fraher, Patrick McCarthy, James Meagher, Michael Hennessy, Michael O'Neill, John Sweeney, John Kiely, Michael Mulcahy, Thomas Keaver, John Cullinane, John Gamble, Wm. Power, Patk. E. McGrath, Edmond Fitzgerald. Letters were read from Capt. W. A. Redmond, regretting his inability to attend on that day stating that his original idea was that the previous Sunday's meeting would be held on Jan. 20th. Engagements made on his behalf to attend on that day in another place prevented him from availing of the pleasure of meeting the members in regard to the ranches which he expected would be distributed without unnecessary delay in the near future, and in recognition of the confidence reposed in him which he very much appreciated, he placed his willingness to do all in his power re the breaking up and division of lands at the service of the members of the organisation, whom he hoped to have the pleasure of meeting at an early date.

In the unavoidable absence of the chairman, Mr. Maurice Terry through illness, Mr. John Kiely, conducted the meeting in a faultless manner and said that apart from politics or party, we will praise everybody as we find them. Capt. Redmond has favoured us on many previous occasions with his ability and influence but as the few small estates of untenanted lands were already acquired, and divided, and there being no law until the latter end of last year to acquire tenanted lands, he was placed in the position of a tradesman without tools or material. He deserved well of us, at any rate, and we must ask him from this meeting to-day to expedite the acquisition and distribution of those grazing ranches which was set in motion. At present we are only speaking of Capt. Redmond as a unit, and do not interfere with any party whatsoever. Members who did not previously understand the cause of our delay will now realize that there being no law to divide those tenanted ranches until a few months ago, that we are only just in the beginning of the working of that Act which our Association was instrumental in getting passed into law. We showed the necessity, and clamoured through the ventilation of our grievances. We have reached a most important stage at present—proceedings are on foot.

WRIT AGAINST A GOVERNMENT

Mr. Lyons, the Commonwealth Premier, has announced, that the Commonwealth Government are issuing a writ to-day against the Government of New South Wales to compel the State Government to pay the amount due to bondholders.

NEW YORK GANG WAR FLARES ANEW.

The grim warfare between rival boot-leggers in the Bronx district of New York City reached a climax last night.

YOUGHAL URBAN COUNCIL.

Present—Mr. J. R. Smyth, P.C., Chairman, Mrs. S. Hurley, P.C.; Messrs. D. Dennehy, M. J. Fleming, E. P. Lynch, Vice-Chairman; T. Beausang, D. J. Linehan, J. Whelan, P. J. McMahon, P.C.; A. J. Fowkes.

Relief Grant.

A letter was read from the L.G. stating that no grants were being made in respect of undertakings such as gas works which were revenue providing concerns, but if the Council raised a loan to cover the cost of the re-laying of the gas mains, the grant of £300 would be made available for road works without any contribution from the funds of the Council to the cost of such works.

After some discussion it was decided on the proposition of Capt. Dunne, seconded by Mr. Fowkes, to raise a loan for the re-laying of the gas mains and to adjourn further consideration to next meeting.

Vaccination Defaulters.

Dr. Murphy, M.O.H., submitted a list of 29 children in the district over 3 months old, who had not been vaccinated.

The Clerk said that was the usual form. The majority of the children had been already vaccinated.

Letter From Stationmaster.

A letter was read from Mr. M. J. Lally, Stationmaster, asking that the gas mains for the proposed scheme of re-laying should be carried by the G.S. The Council's action in appealing to traders to support the Railway Company had been appreciated and he trusted the would instruct the contractor to act accordingly.

Capt. Dunne said it was only fair that they should support the Railway Company by giving them all the trade possible.

Mr. Fowkes said the Railway Company were large ratepayers and deserved support.

Mr. Whelan—Is there not a resolution on the books to that effect.

The Chairman said they were only honouring their own resolution by complying with the letter.

It was unanimously decided to have the mains carried by rail.

Arbour Hill Prisoners.

A resolution with correspondence, was read from the People's Rights Association in connection with the treatment of political prisoners in Arbour Hill jail.

Mr. Lynch, proposed, and Mr. Beausang, seconded the adoption of the resolution.

The Chairman thought the matter was political and outside their jurisdiction.

Mr. Lynch said he didn't see anything political. The prisoners were brother Irishmen not dogs and should not be treated in that awful manner.

Mr. Fowkes agreed with Mr. Lynch. It wasn't fair to keep their people in ignorance of their condition.

Mr. McMahon agreed. He was non-political at present. After the coming election the Free State fellows might find themselves in the same position, and the boot would be on the other foot.

The Chairman said if the allegations made were true, it was astounding that any Government should permit it.

Mrs. Hurley said if it was true it was scandalous and enough to make any mother's blood boil.

The resolution was adopted unanimously.

A letter was read from Clann na Gael, Dublin, submitting a resolution for adoption—protesting against the proposed Great War Memorial in Dublin.

Mr. McMahon proposed, and Mr. Lynch, seconded its adoption.

Capt. Dunne—Is this an objection to the men who fought in the Great War?

The Chairman—That is how it reads. Capt. Dunne said as father of one of those men, he was in favour of the Memorial.

Mr. Lynch said it would be more fitting to erect a memorial to their own fallen heroes.

Mr. Fowkes said there ought be no objection to a memorial to any body of men who fought in the war, in which thousands of their fellow countrymen had laid down their lives.

Mr. Lynch said the money was coming out of the Relief Grant. The Government's first duty ought be to put them in their position.

The resolution was unanimously adopted.

Ambulance Wanted.

Mrs. Hurley said she would like again to raise the question of an ambulance for Youghal and district. It was on the agenda of the Co. Council.

The Clerk—Wait till after the election.

Mrs. Hurley said she was afraid they would never get it unless they pressed their claim. It was badly wanted for a place like Youghal.

Mr. McMahon—We may want it after the election (laughter).

Mrs. Hurley suggested that they ask Mr. Broderick to move on the matter.

Civic Guards Pay.

Mr. Fowkes referred to the proposed cut in the pay of the Guards. The Irish Civic Guards were as a police force, equal to any and superior to most anywhere. He maintained that any body of men carrying out such responsible duties should be paid a living wage so as to be in a position above receiving favours of gifts from anybody. They had good reason to appreciate their work in Youghal, always co-operating with the Council when requested. He proposed that a resolution be sent to the Minister of Finance to the effect that the Council

FARMERS! KEEP A FIRM GRIP OF YOUR HOMESTEADS.

Do not be fooled by Fianna Fail's Land Annuity policy. Do not endanger your claim to the ownership of your land. Remember! You will have to pay your annuities even if Fianna Fail get in. BUT NOW every payment you make brings nearer the day when the land will be absolutely your own. THEN—you would be paying for ever to finance all the fancy schemes of Fianna Fail politicians and at the same time accepting a Bolshevik claim that the State owns YOUR land and must control it.

HEAR WHAT THEY SAY:

MR. DE VALERA:

"Our farmers certainly ought to pay something for THE PRIVILEGE OF USING THE LAND, but what, perhaps they pay should not be annuities calculated to compensate the landlord for his legal claim to rent, but rather a LAND TAX which could be graduated more justly and scaled down in accordance with the farmers' ability to pay." Manchester Guardian, 28th June, 1927.

MR. MacENTEE:

"The farmers enjoyed a valuable property to the exclusion of OTHER MEMBERS OF THE COMMUNITY TO WHOM FUNDAMENTALLY, THE LAND OF IRELAND BELONGED." Independent, 28th Oct., 1931.

Senator CONNOLLY:

"It was a fundamental doctrine of Sinn Fein that the land of the country belonged to the people of the country, and it may be necessary to make that plank an operating clause rather than a pious aspiration. Guidance and direction seeking and securing cooperation, are the desirable means to this end, BUT IF NECESSARY LEGISLATIVE MEANS MUST BE ADOPTED. TAXATION, CONTROL OR EVEN FORFEITURE MAY HAVE TO BE ENFORCED." The Nation, 25th Oct., 1930.

If the money you are paying in annuities is not due to the people who lent you the money, it is not due to anyone. No Government, Irish or English, has any right to the Land Annuities. If a Fianna Fail Government seizes the Land Annuities all the money you have already paid is gone for nothing. Fianna Fail's "wheat policy" means that you are to be compelled to grow a crop which you don't want to grow, and that the price you get for this crop is to be completely at the mercy of Mr. de Valera. FIANNA FAIL believes that everybody else in the country has as good a right to YOUR land—the land for which your fathers and grandfathers have paid by the toil of years—as you have. If you put Fianna Fail in power, you are putting in men who hold—that YOUR land belongs fundamentally to OTHER PEOPLE.

Fianna Fail's policy for Farmers:

1. GRAB Your Annuities—THAT'S "TAXATION."
2. GRAB Your Crops—THAT'S "CONTROL."
3. GRAB Your Land—THAT'S "FORFEITURE."

**LARGE NUMBER FINED FOR
 HAVING NO LIGHT.**

(Before Mr. G. P. Farrell, B.L.)
 Sergt. Vaughan, Villierstown, sum-
 moned Michael Cowming, Wood-
 house, for having no light and his cart
 after Lighting-up time, and a fine of
 4/- was imposed.
 Do. v. John Curran, Knockalara, no
 light on bike. Fined 1/6.
 Do. v. Thos. Morrissey, Villierstown
 same offence. Fined 2/-. Do. v. Ml.

 Fined 2/-. Do. v. John Connors, Bally-
 philip. No light on cart. Fined 4/-.
 Do. v. Patk. Feeney, Dromore, no light
 on bike. Defendant said he had lent
 his lamp to another man that night.
 Fined 2/6. Do. v. John Reynolds,
 Kereen, same offence. Fined 2/-. Do.
 v. Richard Cullinane, Clashmore,
 same offence. Fined 3/-. Do. v. Declan
 Morrissey, Villierstown, same offence.
 Fined 1/-. Guard Buggy, Villier-
 town, v. Thomas Power, Moneyvroe,
 same offence. Fined 1/6. Guard

 2/6. Do. v. James Russell, Aghish,
 same offence. Fined 2/-. Do. v. An-
 drew Hubard, Grawnfoda, same
 offence. Defendant said his lamp had
 been lighting, but had just gone out
 "when this gentleman pulled me up."
 He was let off with a caution.
 Guard Wm. Moloney, Cappoquin,

 Fined 1/6. Sergeant J. Rochford, Cap-
 poquin, v. P. English, same offence.
 Fined 2/-. Guard Teahan, Cappoquin,
 v. Patk. Arrigan, no light on motor
 car. Defendant told the Guard he did
 not know the light had gone out.
 Fined 2/6. Guard John O'Mahony,
 Cappoquin, v. Christopher Coleman,
 Abbeyside, an employee, of the Elec-
 tricity Board, for riding a motor com-
 bination bicycle without a light. De-
 fendant explained that his lamp had
 fused which caused the light to go out.
 Fined 5/-. Guard Teahan, Cappoquin,
 v. James McCarthy, for using a motor
 van without an identification plate.
 Fined 1/-. Do. v. Patrick Carney, for
 driving a motor van without a driver's
 licence and also for having no
 identification plate. Defendant stated
 that he hadn't been long driving at the
 time and had not taken out a licence,
 but he had taken out a licence since.
 With regard to the second offence, he
 said the van had only recently been
 repaired in the local garage and the
 plate must have fallen off, but he did
 not know it was off. He was fined
 3/- in the first case and 1/- for the se-
 cond offence.

Didn't know he had sent for
 the Doctor.
 Guard J. O'Mahony, Cappoquin, v.
 John O'Brien, Balingown, for having
 no light on his bike, and there was a
 second charge against him for being
 drunk on the occasion. The Guard
 stated that he found defendant near
 Drriheen on the night in question and
 owing to his condition he had to take
 him to the barrack where he was de-
 tained for several hours.

Sergt. Rochford, said in this case
 there was a guinea due to Dr. White
 for visiting defendant in the barrack
 that night. The Sergt. added that de-
 fendant insisted on having the Dr.
 sent for to prove he was not drunk,
 but when Dr. White came and exami-
 ned him he pronounced him drunk, and
 told them to keep him in the barrack
 until he got sober.

Later on when he recovered, he was
 told that he should pay a guinea for
 Dr. White's visit, but defendant then
 said that he didn't remember sending
 for the doctor at all (laughter).
 The Justice asked what are the
 Rules relating to doctors in cases like
 this?
 Sergt. Rochford said that when a
 man was arrested for drunkenness and
 demanded to see a doctor the Guards
 were bound to call in a doctor, but
 the person sending for him was bound
 to pay his fee. He added that it was
 not for the sake of the money that Dr.
 White was charging such a fee in this
 case, but he wanted to put an end to
 the custom of calling him out at night
 to visit cases like this in future.

Defendant was fined 1/- and ordered
 to pay 20/- costs towards the doctor's
 fee.
 School Attendance Act.
 Guard O'Connell, School Attendance
 Inspector, Villierstown, had three
 cases against parents for having failed
 to send their children regularly to
 school, but having heard the explana-
 tions of the defendants, the Justice
 said he considered them satisfactory
 and dismissed the three cases.

A vote of thanks to the Hotel Prop-
 rietor for the use of the rooms given
 to the Association was proposed by
 Mr. J. Fives, seconded by Mr. T. Cogh-
 lan.
 Arrangements regarding membership
 fees for the current year were ad-
 opted. Dates on which to hold Com-
 mittee meetings were also fixed. Other
 minor matters having been dealt with,
 the business of the meeting terminat-
 ed.

The following is the report as read
 by the Supervisor—Mr. Chairman,
 and members, I submit to you for your
 consideration the Eight Annual Report
 on the working of your Association.
 During the year 1931, we had 22
 members keeping records with 230
 cows under test. For 210 cows that
 have completed milking periods, the
 average yield of milk is 5,930 lbs. with
 221.24 lbs. of butter-fat, average test
 3.73. This shows a decrease in the
 number of cows on test, the milk yield
 is practically the same, while the but-
 ter-fat has been increased by .07 on an
 average test, over 1930. Valuing but-
 ter at 1/- per lb. and separated milk
 at 1d. per gallon, the average cow in
 the Association earned £13 0s. 7d. Of
 the 210 cows that have complete re-
 cords—4 have yielded over 1,000 gal-
 lons of milk; 9 have yielded over 900
 gallons of milk; 17 have yielded over
 800 gallons of milk; 32 have yielded
 over 700 gallons of milk; 40 have yield-
 ed over 600 gallons of milk. The ten
 best cows yielded 10,400 lbs. of milk,
 359.81 lbs. of butter-fat, average test
 3.72, when valued on the foregoing
 basis shows the average return to be
 £24 15s. 6d. per cow.

The ten bad cows of 5 years old and
 upwards and in normal health, yielded
 2,886 lbs. of milk, 100.39 lbs. of butter-
 fat, and average test 3.66, earning only
 £7 0s. 3d. per cow or a difference of
 £17 15s. 3d. per cow.

public road were bound to have them
 cut and properly trimmed every year,
 and also to have all trees lopped of
 branches to a height of 12 feet in order
 to allow the necessary light and air to
 reach the road. The necessary 14 days'
 notice had been served on all the pre-
 sent defendants to have the work done
 within that period, but none of them
 had complied with the order, although
 a good deal of the work had already
 been done by some of the defendants.

John Brackett and James Tobin,
 gave evidence of having served the ne-
 cessary notices, and Mr. Bowen hav-
 ing described the progress made with
 the work in each instance, the Justice
 said he would make no order in two
 of the cases, as they had most of the
 work already done, but in the remain-
 ing cases he made an order that each
 defendant should have the hedges pro-
 perly cut within 14 days.

Mr. Bowen said if any of the defend-
 ants had not the work completed with-
 in this period he was empowered to
 get the work done by the Co. Council
 staff and have the cost of same charged
 against the defendants.
 Mr. McCoy, applied for costs against
 all the defendants.
 The Justice—What costs do you
 want?
 Mr. McCoy—You are empowered to
 grant me up to three guineas in each
 case.

The Justice (warmly)—Oh, I'll do
 nothing of the sort.
 Mr. McCoy, then explained the ex-
 penses incurred by the Co. Council in
 making searches for the necessary
 folios to establish the ownership of
 the land in each case, and the Justice
 said he would allow 10/- costs in re-
 spect of each summons, which meant
 that one of the defendants, against
 whom there were three summonses,
 was ordered to pay 30/- costs.

Xmas Festivities.
 Sergt. Rochford, Cappoquin, sum-
 moned four local men for drunkenness
 on Xmas Eve night on the public
 street, and having heard the evidence,
 the Justice imposed a fine of 7/6 in
 each case. Adjourned.

Owing to the absence of a number
 of solicitors, who were engaged at the
 Circuit Court, Dungarvan, some in-
 teresting cases were adjourned to the
 next District Court.

£14 9s. 3d. under the ten best.

The highest yielding cow in the As-
 sociation for the year was the 12-year-
 old cow "Brownie" R.A.4100, the prop-
 erty of Mr. T. Coghlan, she has yield-
 ed in 45 weeks 13,671 lbs. of milk,
 438.83 lbs. of butter-fat, and an average
 test of 3.21. The best cow in this par-
 ticular herd in 1924, the first year the
 owner keeping records, yielded 7,549
 lbs. of milk, and for 8 cows in the
 herd in 1924 the average return was
 6,584 lbs. of milk, and the average
 yield in 1931 for 10 cows is 8,459 lbs.
 an increase of almost 200 gallons of
 milk through the keeping of milk re-
 cords.

The 4-year-old cow "Isabel" R.B.1038
 the property of Mr. Ml. McGrath, has
 so far yielded 12,852 lbs. of milk 438.25
 lbs. of butter-fat, average test 3.41, in
 43 weeks and is still milking 2 1/2 to 3
 gallons daily.

The best recognised progeny heifer
 for first milking periods is "Mellera
 Carnation" the property of the Agricul-
 tural College, she has yielded in 45
 weeks, 8,764 lbs. of milk, 346.17 lbs.
 butter-fat, average test 3.95. Another
 recognised progeny heifer in that herd
 "Mellera Beauty 2nd" has up to date
 yielded 7,050 lbs. of milk, in 43 weeks,
 average test 3.70, and is still milking.

The average yield for the best heifer
 in 1924 was 579 gallons of milk; 1925
 741 gallons of milk; 1926 753 gallons of
 milk; 1927 789 gallons of milk; 1928 730
 gallons of milk; 1929 795 gallons of
 milk; 1930 817 gallons of milk; 1931
 876 gallons of milk. From this we
 learn that by exterminating the worst
 cows and breeding only from the best
 the yields of our heifers and conse-
 quently our herd yields have been
 raised to a higher standard each year.

Some of the best herds are as fol-
 lows:—No. 1 a herd of 36 cows, aver-
 age yield, 680 gallons of milk, butter-
 fat 265.22, average test 3.87. No. 2 a
 herd of 10 cows, average yield, 845
 gallons of milk, butter-fat 290.81, aver-
 age test 3.44. No. 3 a herd of 3 cows,
 average yield 994 gallons of milk, but-
 ter-fat 363.63, average test 3.71. No. 4
 a herd of 12 cows, average yield, 710
 gallons of milk butter-fat 260.45, aver-
 age test 3.68. No. 5 a herd of cows,
 average yield 715 gallons of milk, but-
 ter-fat 260.73, average test 3.68. No. 6
 a herd of 9 cows, average yield 705
 gallons of milk, butter-fat 245.68, aver-
 age test 3.53. No. 7 a herd of 7 cows
 average yield 705 gallons of milk, but-
 ter-fat 3.50. Several other herds have
 averaged between 600 and 700 gallons
 of milk.

During the year we got 13 cows
 placed on the Department's Register of
 Dairy Cattle. The total number of re-
 gistered cows in the Association at pre-
 sent is 95.
 188 visits were paid to members
 herds for the purpose of weighing and
 sampling of milk, and 1,237 samples
 of milk were tested. The number of
 calves tattooed is 45.

25 bull calves were bred and reared
 by members of this Association last
 year, 7 of these calves were awarded
 premiums and secured at Cork, Dub-
 lin, and Waterford Shows and Sale.
 two 1st Prizes, three 2nds, and two
 4ths, the average price obtained for
 these calves was 59 guineas each.

In 1923 the first year the Association
 was working, the average for 105 cows
 on test that year was 509 gallons of
 milk, 187.67 lbs. of butter-fat, average
 test 3.68. The ten best cows in that
 year gave only 728 gallons of milk as
 compared with 1,046 gallons in 1931.
 The best cow in 1923 yielded only 783
 gallons of milk as compared with 1,367
 gallons of milk for 1931. Only 6 cows
 were registered in 1924, and 6 calves
 tattooed as compared with 13 cows re-
 gistered in 1931 and 45 calves tattooed.

On comparing the average yields of
 milk and butter-fat of individual herds
 for each year, we find that some mem-
 bers have made a distinct improve-
 ment in production, also in the grad-
 ing up of their herds. A few instances
 are as follows:—
 No. 1 a herd of 8 cows in 1924, aver-
 aged 658 gallons of milk and for 10
 cows in 1931 averaged 845 gallons of
 milk equals an increase of 2 cows
 extra and 187 gallons of milk and now
 8 cows in the herd are recognised pro-
 geny.

No. 2 a herd of 9 cows in 1924, aver-
 aged 551 gallons of milk and for 12
 cows in 1931 averaged 710 gallons of
 milk and equals an increase of 3 cows
 and 169 gallons of milk and 8 cows re-
 gistered.

No. 3 a herd of 32 cows in 1925, aver-
 aged 658 gallons of milk and for 36
 cows including 22 registered cows and
 11 recognised progeny heifers, the aver-
 age return in 1931 is 680 gallons, prac-
 tically all the cows in this herd are
 first and second progeny.

No. 4 a herd of 4 cows in 1924, aver-
 aged 543 gallons of milk and for 7
 cows in 1931 averaged 705 gallons of
 milk.
 No. 5 a herd of 2 cows in 1928, aver-
 aged 933 gallons of milk and for 3
 cows in 1931, averaged 994 gallons of
 milk.

No. 6 a herd of 8 cows in 1928 aver-
 aged 615 gallons of milk and for 9
 in 1931 averaged 705 gallons of milk.
 This proves that the poor milkers
 and cows of poor conformation are fast
 disappearing from the herds of the
 older members, and being replaced by
 the good registered heifers out of re-
 gistered cows and the Associations
 Stock Bulls.
 In conclusion, Mr. Chairman and
 members, I wish to thank you for your
 kindness and co-operation during the
 year and I hope our Association will
 continue to be successful in 1932.

Youghal Dump Case.

At Youghal District Court, (before Mr. G. P. Farrell, B.L.) a young man named Cornelius Griffin, Greencloyne, was brought up on remand, charged with being in unlawful possession of 3 rifles, ammunition, and other military equipment.

The find included:—Rifles, 1 Long L.E. 2 short do.; Revolvers 2 Long Webleys, 1 Parabellum; Rifle ammunition, 22 rounds 45, 11 rounds Parabellum, 4 assorted; 1 Revolver Holsters (including one Bell and Holster), 1 Bandolier (leather), 4 pull throughs, 3 oil cans and bottles, 1 box 50 Detonators, 1 box Percussion Caps, 1 Loading Machine, 1 Powder Measure, 2 Leather Ammunition Pouches, 2 Cloth Bandoliers, 2 Grenades or Bombs and 1 Bayonet.

Considerable interest was displayed in the case, the Court being crowded during the hearing.

Supt. Dennehy, Midleton, prosecuted; and Mr. T. K. Keane, solr., Youghal, defended.

The Justice—Are you proceeding with the summary charge?

The Supt.—I think so.

Sergt. Beirne, said that, in consequence of information received, he went to accused's house on the night of the 23rd, accompanied by Guard Fottrell. They found two hand Grenades in an adjoining stable. Griffin said they were there since 1923. Later on, with Detective officer Slane, they searched accused's bedroom and in a valise they found 3 revolvers in holsters, 2 string canvas pouches containing about 50 rounds of ammunition. Detective Slane found other articles in the corner and later Detective Slane, and Guard Fottrell found the 3 rifles under the mattress of the bed (all the guns etc., were here produced and laid on the table).

Replying to the Court, witness said that the revolvers were in good condition and one was loaded. 2 of the rifles required cleaning before being of use.

Continuing, the Sergt. said they brought the accused to the Barracks, where he made and signed the following statement after being duly cautioned:—

I am a farmer residing at Greencloyne with my brother Andrew. I have three sisters. I have one other brother William. He is in America for the past 5 or 6 years. My brother William, and I were members of the Volunteers previous to the Truce. That is during the Anglo-Irish War and there was ammunition and other military equipment kept in our premises during this time. I am certain that the box of detonators, the cartridge loading machine and the old British Army Ammunition pouch were in the house since the Anglo-Irish War. After the Truce and when the barracks in Youghal were evacuated by the British my brother William and I were members of a party of the I.R.A., that occupied the barracks, and my brother was in charge. I wasn't permanently in the barracks as I used to go home some days. Later in the time the party at the barracks were divided and one party was sent to the Coastguard Station and I was sent with the latter party. When the split in the I.R.A. came, my brother William subsequently joined the Free State Army at Beggars Bush, and I left the Coastguard Station and went home and did not take part with either side, but stayed at home and worked the farm. My brother William became a Commandant in the National Army and I can't say exactly where he served, but I know he was in Co. Kerry somewhere when he resigned. As far as I can recollect, it would be about 1925 or '26 when he resigned from the National Army and he brought with him all the stuff including the 3 revolvers and 2 short Lee Enfield's, but not the long Lee Enfield. That rifle belonged to Lieut. Tommy Power, of the National Army, he gave me the rifle to keep. My brother William and I used sleep in the one bed in a bedroom for ourselves, and all these arms and ammunition were kept in that room. William went to U.S.A. about 5 or 6 years ago and he left these rifles and ammunition after him and it was my intention to leave them there until his return and let him do what he liked with them. I knew from conversations with him that he was very fond of the Parabellum and the Long Webley and in consequence of this I cleaned those 2 guns over a week ago and put them where they were found. Regarding the revolver with the cartridges, it was put there by my brother as it was found with the cartridges, and wasn't interfered with by me. I admit responsibility for the room and I have no other explanation to offer. I wasn't keeping the guns for any illegal organisation of purpose and I am not a member of any illegal organisation.

Cross-examined by Mr. Keane—He put no difficulty in the way of the search? Well, no. From a short conversation I found him all right.

Apart from the guns, most of the equipment was such as was used in the old days. He stated he was Quarter-Master at one time.

As such some of the articles would be in his possession? Some would be.

He had no reason to doubt what the accused said in his statement. He was a hard-working man. His father and mother were dead.

Detective Officer Slane, said he was with the Sergt. when they found the rifles under the mattress. One of the revolvers was a 6-chamber, fully loaded and in perfect working order. They found ammunition for the Webley also and a loading machine. On the following day Sergt. Lupton, and he found several other articles of equipment.

To the Court—The revolver was fully loaded, oiled and ready to fire.

Sergt. Lupton, proved the finding of further ammunition, a box with 50 detonators, a box of percussion caps and a rifle bolt.

Sergt. Beirne, recalled, said that the parabellum and long webley had been recently oiled and cleaned. Where found the ammunition would keep clean for years.

Supt. Dennehy, as Licensing Authority for the District, said the accused had no authority to have those things in his possession.

Mr. Keane said his client pleaded guilty, and stood by everything in his statement. He now recognised the gravity of his offence and was sorry for having disregarded the law. He was an industrious man of good character as would be proved by references from prominent men in the town.

He had no connection whatever with any political affairs. He (Mr. Keane) was glad to say that there wasn't the slightest suggestion in the case that the good name which the locality had enjoyed for law-abiding citizens and for peace was contradicted—one of the most peaceful in the whole 26 counties. In all the circumstances, he would ask the Court to deal as leniently with the accused as possible.

The accused then gave evidence corroborating his statement and the remarks of Mr. Keane.

Cross-examined by the Supt. (holding up a revolver)—Did you see that that was loaded? Yes, I did.

The Supt.—I took upon that as a very serious matter.

The Justice—Why had you it loaded? I hadn't it loaded.

What do you mean—who had it loaded? My brother, who is in America.

The Supt.—Is the oil in that revolver over 5 years there? I expect it is.

He didn't read the papers, but he heard of the laws about firearms and of prosecutions for having them. He didn't go to the Guards about the guns because they were not his. He knew they were in the house.

The Justice—Do you say none of those things belonged to you? The old stuff belonged to me.

Replying to the Court, the Supt. said that the Guards had no reason to doubt the man's statement.

To the Court—The accused said he farmed 28 acres for which he paid a rent of £25, and he did outside work besides. His sisters also helped him. His brother did only an odd job.

The Justice—What was the idea of keeping those things?

Accused—As souvenirs.

The Justice—That is the word I was waiting for—it is used on all those occasions (laughter).

The Supt.—These are rather dangerous souvenirs.

The Justice—Was all this his personal property—I could not say.

The Justice said he couldn't see how any civilian with a grain of sense could think of retaining such an arsenal as that before them. From any point of view it couldn't be looked on as harmless for it was open to any person or persons to raid his place to take them for any questionable purpose. His folly and stupidity rendered him liable to 6 months imprisonment. Even if they were kept as souvenirs they should have been handed over to the Guards with a request to have them earmarked for the owner. Taking all the circumstances into account—the fact that the Guards were satisfied to accept his story and the references he had produced, he would let the accused off with the very lenient penalty of a fine of £5, although his offence was a very serious one.

An order was made for the forfeiture of all the things.

AUGUSTINIAN SEMINARY, DUNGARVAN, V. CAPPOQUIN.

At the Sportsfield of the Augustinian Fathers at Abbeyside, a team representative of the Augustinian Seminary, Dungarvan, met Cappoquin in a Rugby match. Mr. Arrigan was referee. The weather was all that could be desired and a big crowd of spectators lined the field. The home team began well, and showed good judgment in combination. They soon put a try to their credit, and though Cappoquin pressed, they failed to get through. Dungarvan added another try and by converting gained a substantial lead, which they steadily increased, to win by the score of 22 points to nil.
