SATURDAY, MAY 28, 1932.

Price 2d.

### DUNGARVAN URBAN COUNCIL.

#### ABBEYSIDE PARK AGAIN.

#### APPLICATION FOR REDUCTION IN RENT TURNED DOWN.

#### NOT A COUNCIL OF NATIVES

#### MR. GRIFFIN AND JUDICIAL RENT.

The weekly meeting of the above was held on Friday. Mr. M. Clancy, president. Also present—Messrs. T. McCarthy, J. Hackett, J. Moloney, M. Griffin, T. Power.

#### Public Lighting.

Mr. Algar, E.S.B., engineer, appeared before the meeting in connection with public lighting. Mr. Algar made suggestions to the Board, but owing to the small meeting no action was taken and the matter was adjourned for a week.

#### Payments.

Weekly payments passed were—Harbour—\$ 17s 9d. General—11 3s. 10d.

#### Bulwark At Abbeyside.

Mr. Griffin drew attention to the necessity of repairing the Bulwark at Abbeyside. He said that it was done up to a point, but from that further down stones were loose and immediate attention should be given to the wall.

Mr. Moloney agreed with Mr. Griffin. The Borough Surveyor stated that the pointing of the quay wall would be done by Wednesday next and he would have the part of the bulwark referred to by Mr. Griffin also done by that time.

#### The Moresby Tablet.

Mr. McCarthy referred to the tablet erected on the Esplanade in memory of those who went to the Moresby rescue, and stated that the inscription was obliterated and the Council should have the stone redressed.

The B.S. was instructed to attend to the matter.

#### Defects In New Houses.

Mr. McCarthy stated that a complaint was made to him by a tenant of one of the new houses at Abbeyside that the mantlepiece was coming out from the wall.

B.S.—The wooden plugs may have shrunk. It is not uncommon in new houses.

Mr. Power—I am told that the floor in one house is parting in places.

B.S.—That may be on account of shrinkage also.

Mr. Power—They wouldn't shrink an inch and a half.

B.S.—They couldn't.

Mr. Griffin—I have also being informed that the ceilings are coming down.

B.S.—There might be a hair crack.

Mr. Power—Were the houses inspected before they were let.

B.S.—No.

Mr. Power—I understand that we made an order to have them inspected before they were let.

Clerk—There was no order made.

Chairman—I cannot understand how the floor would shrink one inch and a half.

Mr. Power—It is the cement floor.

B.S.—I wouldn't agree with that. Perhaps they are breaking wood on the floor.

Chairman—I suggest that the B.S. and any member who wishes, inspect these houses.

The Chairman's suggestion was agreed to.

Mr. Power—I understood that the remainder of those houses would be let six weeks ago. We have lost six weeks rent.

B.S.—There were things that had to be attended to, so they could not be let six weeks ago.

Mr. Griffin—At a meeting held a fortnight ago, they were to be let the next day.

where the cut was freshly filled in. Mr. Moloney—There is no provision made to let the water off.

Mr. Power—The job is as well done as we expected. No one expected a good job to be done there and it is no use criticising.

#### Abbeyside Park.

Miss Broderick, wrote requesting the Council to reduce her rent to a sum not exceeding 10/- per year. She stated that it was most unfair that her rent was so grossly out of proportion with another party who had got the whole park for £1 per year.

Chairman—Mr. Power has a notice of motion in connection with that.

Mr. Power—It was adjourned to tonight. All I have to say is that it is unfair to give a person the whole place for £1 per year and charge such a high rent to Miss Broderick.

Chairman—I think you should leave the other person out and deal with the case on its merits.

Mr. Power—Miss Broderick is paying £8 odd a year for a place and another person for a much larger space is paying £1 per year. I consider that the application before you is justified. I think the Council must agree that Miss Broderick's rent is unreasonable.

The Council are up against Miss Broderick because as I hear outside she is not a native. How many members of the Council are natives. I like to have the thing discussed as from men to men.

Mr. Griffin—I can't agree with the Chairman that the other person should be left out of it. One thing hangs on the other. I do not agree with a reduction in the rent, but I would suggest that we make the rent of Mrs. Griffin's house equal to that of Miss Broderick's, and if she doesn't agree let us take it to Court and get a judicial rent fixed.

Mr. McCarthy—I think Miss Broderick's application just, considering you gave such a large portion away to another party for £1 a year.

Mr. Power proposed, and Mr. McCarthy seconded that Miss Broderick's rent be reduced to 10/- per year, and that she be made a yearly tenant.

Mr. Moloney—I would like to know can we do this.

Mr. McCarthy—You can pass it subject to sanction.

Chairman—This is a very serious matter for the Council to make what is a temporary structure a yearly tenant.

Mr. Power—I suggest you give her a lease for 10 years.

Chairman—From the beginning I was against giving that place away to anybody. I wanted to see it made into a public park. I hold we did a wrong thing at the start and we shouldn't make a second wrong. The rent of 3/- a week is, I think very reasonable for a person in a privileged position. Recently you refused a grant to a young lady who built a shop at a big expense further up the road, and I doubt if she will do better than Miss Broderick.

The Clerk stated that he had no interest in any of the parties but he felt it his duty to warn the Council that the giving of a yearly tenancy would mean that the place was given away for ever.

At this juncture, Mr. Griffin asked to have the deed between Mrs. Griffin and the Council read.

The Chairman read the deed which in the main, stated that the place was to be used as a public tennis court. The charges to be fixed by the Council. And that the place be at all times open to the public to enter on.

Mr. Griffin asked that a copy of the deed be put on the Press.

After a short discussion, it was decided not to follow this course, but to let the public know through the report of the meeting that they were at all times free to enter the park.

Mr. Power withdrew the original resolution, and proposed that Miss Broderick's rent be reduced to 10/- a year.

Chairman—That is equal to about 3jd. a week, plus rates.

Mr. Moloney—I think we should let the matter drop to see what can be done in the other case.

### Technical Schools for Dungarvan and Cappoquin.

#### CO. COUNCIL APPROVE LOAN OF £6,000.

At a meeting of the Co. Council on Tuesday, Mr. O'Gorman, V.C., presiding, a deputation consisting of Rev. M. F. Hearne, C.C., Messrs M. Clancy, M. J. Keane, and J. Lanigan, (Secretary) representing the Vocational Education Committee, asked the Council for a grant of £6,000 to enable Technical Schools to be built at Dungarvan and Cappoquin.

In their application the Vocational Education Committee stated:—

School buildings must be provided before the Vocational Education Committee can fully carry out its duties under the Act. Part III of the Vocational Education Act, impose on the newly appointed committees, the duty, amongst other things, of establishing and maintaining Day Continuation Schools and classes throughout the county. These continuation classes are intended for young people, between 14 and 16 years of age, who have left the primary or secondary schools. The instruction is to be given in whole time or part-time Day Schols, and is to be additional to the ordinary evening Itinerant Classes, which are held for adult students.

The subjects taught are to have a distinctly practical bias towards the future occupation of the students.

Separate courses of instruction will be available for those who will be occupied at Agriculture, and for those who have to take up other occupations. The subjects will include Rural Science, Practical Mathematics (including Mensuration and Simple Accounts), Drawing, Woodwork, Metalwork (including maintenance of machines), with Cookery and Homecraft for girls.

For young people living in the country, who have to seek employment in Urban Areas, a training in Commercial subjects will be provided. Now as this work will require additional equipment and teaching staff, as well as accommodation, it must necessarily be developed gradually. The Committee has appointed teachers for Rural Science, Metalwork and Motor Engineering.

These are engaged in conducting classes in temporary premises throughout the county, and in Dungarvan. A site has been secured at Cappoquin, and the Department awaits the Committee's proposals for financing the erection of a suitable building thereon.

It is also proposed to acquire a site at Kilmacthomas.

A site has been chosen at Dungarvan. The existing accommodation at the latter centre, where 50 per cent. of the students are from the rural area, is inadequate and unsuitable.

The Manual Instruction and Building Trades class is housed in an unhealthy basement, and the classes generally have to be carried on at an inconvenience to the staff and students, owing to the want of suitable accommodation. Separate temporary premises had to be rented for the Metalwork and Motor Engineering classes. The Committee aims at getting all the classes under one roof, with suitable and healthy accommodation.

The raising of a loan for building purposes on the security of the Committee's funds, would prevent any development of our work in the county, for a considerable number of years. It is with a desire that these Day Continuation classes may be started at an early date that we venture to ask your Council to raise a loan under Section 51 of the Vocational Education Act.

Fr. Hearne, C.C., in the course of an interesting statement said a school in Dungarvan was urgently needed. Their present building was too small. The Manual Instruction room in the basement was most unhealthy. Owing to the large increase in students, extra teachers had to be appointed. This was the most important town in the county and adequate provisions should be made for its technical education. With the new tariffs recently imposed the development of local industries would be stimulated and these schools were preparing boys and girls for the purpose. The boys and girls must be technically finished and these are the schools to do it. Grants had been given to several towns for the purpose and why not to Dungarvan? He asked the Council to accede to the application made.

Mr. Butler said the Vocational Committee appointed by the Council was administering the Act to the best of their ability, but to do it they required more money for buildings which were badly needed. The money they receive from the Council is spent on education. They must put up buildings in Dungarvan and Cappoquin and for that they asked £6,000. 50 per cent. of that to be given by the Department so that the annual payment by the Council would be only £200.

Mr. Butler then proposed—"That the Co. Council, with the consent of

### Dungarvan District Court.

Held on Wednesday before Mr. Troy, D.J.

**Licensing Prosecution.**  
Supt. O'Shea, prosecuted Thomas Devine, Kilgobinet, for a breach of the Licensing Law, on Sunday April, 24th. Mr. Lee, Lynch, was also prosecuted for being found on the premises.

Mr. Farrell, solr., appeared for the defence.

Guard Wrenn, gave evidence of entering the premises at 4.15 p.m. on Sunday April 24th and finding Lee, Lynch, inside. The door was on the latch.

By Mr. Farrell—Lynch is an old man. He did not explain at the time that he was a relative of the publicans. The publican stated that he brought him in for a drink. There was another man, a traveller, on the premises. Lynch lived about a quarter of a mile away. Witness found the door on the latch, but Devine gave no explanation about it. The bar and kitchen are one, and anyone coming in could be seen. There is no back door to the premises.

Mr. Farrell said his instructions were to plead guilty, and explain to the Court that Lynch is a relative of Devine's, he is married to an aunt of his. With regard to paying for the drink, the explanation is that Lynch would not accept the drink free, as he said that publicans at the present time are too hard hit.

Thos. Devine, deposed he was on the premises when Guard Wrenn came on April 24th. Lynch was a relative, being witness's aunt's husband. Witness saw Lynch coming along and he left him in, he called for a bottle. Lynch always gave witness advice about cattle, etc. Why the door was on the latch witness was bringing in timber to the fire at the time. He admitted the offence under these circumstances. He would not leave another person in except Lynch, unless he was a bona fide traveller.

To Supt. O'Shea—The defendant Lynch was not in to see a cow on that day, as the cow had already perished earlier.

Lee, Lynch said he was on the premises on that day. He was a relative of the publicans. The publican left him in and he paid for the drink.

Mr. Farrell submitted that under the circumstances a very small fine would meet the case.

The Justice said that owing to the way the case was met, he would allow it to stand adjourned for 3 months, and if no charge was brought in the meantime, he would give a decision.

**Road Tax.**

A case against Stephen Henchery, for using a car without the tax been paid was withdrawn.

**Exemption Order.**

On the application of Supt. O'Shea, an exemption order was granted to Dungarvan Licensed Traders on Sunday, June, 5th the hours being 12 to 1 p.m. and 6 to 8 p.m.

**CARRICK RATES, ETC.**

Carrick Urban Council adopted a rate of 16/- in the £. 17/6 was the rate estimated by the Clerk. Owing to Land Annuities not being paid the Council lost £82. Mr. Cleary (Chairman), resigned the chair and membership of the Council, owing to pressure of business.

There will be a procession of the Blessed Sacrament through the streets of Carrick on Sunday evening, June 5th.

**G.A.A.**

At Dungarvan on Sunday, in the replay between Abbeyside and Brickey Rangers, after a hard contest ended in a draw—1 point each. Finisk Rovers and Rockies also drew at 1 goal each.

Debtor: They say live and learn, but the difficulty is to live so that you can learn.

the Minister for Local Government make a grant of £6,000 to the Vocational Education Committee for the purpose of building schools in Dungarvan and Cappoquin, provided the Minister for Education with the consent of the Minister for Finance would make to the Co. Council a grant of one-half the amount in aid of the rate. The money to be borrowed from the Commissioners of Public Works.

Mr. Walsh seconded.

Mr. Fox asked were Dungarvan and Cappoquin the only places it was to apply to.

Mr. Butler said other centres would get buildings as they went along.

Mr. Halloran supported the resolution.

### Agricultural Rate Grant.

At the Co. Council meeting on Tuesday, Mr. O'Gorman, V.C., in the chair.

The L. G. Board wrote:—

I am directed by the Minister for Local Government and Public Health to advert to the announcement made by the Minister for Finance in his recent Budget speech to the effect that it is intended to provide additional relief for agricultural ratepayers and to explain that it is not contemplated that there should be any alteration at the present juncture in the normal machinery for the ascertainment and assessment of the rates upon the individual ratepayers.

In any county where the rate may not yet have been struck it should forthwith be made on the basis of ascertained requirements exclusive of the grant now in contemplation. In all cases the rate warrants and demand notes should be completed and served upon the ratepayers without delay and without advertence to this grant. In fact in the majority of counties it is too late for any alteration in the demand notes in view of the requirements as to discount in the Local Government (Rates on Small Dwellings) Act, 1928.

The allocation of the additional grant is at present engaging the attention of the Government with the object of limiting its application to the first £10 or lesser valuation in each case. I am, therefore, to request that you will be good enough to prepare and furnish to this Department with the least possible delay a list of the ratepayers occupying small farms not exceeding £10 in the valuation of the land. In compiling this list care should be taken to exclude any farmer who may be in occupation of more than one holding where the combined valuations of the lands would exceed £10. A statement should also be furnished showing the total valuation of the remaining land in the county and the number of rated occupiers thereof including in this number those mentioned in the previous sentence. If there be any Urban Districts in the county entitled to a share in the original Agricultural Grant similar particulars should be obtained in relation to the agricultural lands in those Districts.

When the allocation of the new Grant has been decided, particulars of the method of allocation will be conveyed but it may be indicated that the present intention is that this should be done by way of a credit note system so as not to interfere with the rate demand notes already issued or on the point of issue.

The Secretary was directed to supply the information sought.

**DERELICT FARMS.**

**APPEAL TO LAND COMMISSION.**

At Tuesday's meeting of the County Council, Mr. O'Gorman, V.C., presiding.

Mr. Roche, proposed—"That we request the Government to look into the question of the efficiency in Land Commission officials; also that officials be given more latitude in dealing with individual cases such as where the holder owing to conditions over which he has no control became involved through pests on farm, family disease, natural causes, floods, etc., Under present conditions Land Commission Officials are inclined to treat all cases alike. No allowance is made for the man who has tried with all his powers to make good. He is put into the same class as the wasters, and we have plenty of them. Whether the majority of our derelict land is due to inefficiency of officials or want of latitude in their powers is a question which should be rigidly examined. Certainly the land our father's fought for it in danger of going back to primitive conditions or else fall to a new type of Irish farmer, who unfortunately fall short of the old landlords in their efforts to keep a rural population in economic circumstances. They should ask the Government to look into the whole question of the Land Commission and their powers. It is not yet too late to fight for the land."

Mr. O'Ryan seconded.

The resolution was passed, copies to be sent to the Land Commission, and every County Council in the Free State.

**DEATH OF VERY REV. CANON O'DONOGHUE, P.P. YOUGHAL.**

On Wednesday night at 11 o'clock, the beloved Parish Priest of Youghal, the Very Rev. Canon O'Donoghue, passed to his eternal reward. His death is deeply deplored. He was noted for his zeal for souls, love of prayer and a spirit of self-denial. He was beloved by his people who now mourn his loss.

Man when asked whether his wife had not been bound over: No, another woman was bound over for twelve months' hard labour to keep the peace.

### LISMORE NOTES.

**OVERHEARD IN "FERRY LANE."**

The old inhabitant speaking to a friend:—

Danny are ye going to the Fianna Fall dance on Thursday night?

Danny, contemptuously. Dance did ye say? "Yerra man there's no dancin' now. Le' ye call shuffling over the floor dancin'? And they have what they call an orchestra." Saints in glory! When we were youngsters we had rale dancin' and rale music. Twasn't hoppin over the floor like a turkey-over stubbles, and twasn't a rusp of a noise we had for music. Orchestra magn! The meowing iv a cat, the filin iv a saw, the barkin iv a dog and a few squeals from a pig, all mixed gatherrum with a jerk now and agin, as if they all had scrumps, and they think 'tis music.

The old Inhabitant broke in to stop the tirade as Danny was evidently getting into high gear. Do they call this Bridge street now Danny?

"Yerra they do, sum iv 'em. Shure they wance thried to call it Djook St. 'Ferry Lane it 'twas in our time when we played ball agin the corner house above and made "tubbers" in the channel, an Ferry Lane is good enough for us an we'll stick to it.

The resolution of the last speaker on being put to the vote was passed unanimously and the meeting adjourned to resume at—oh well! no matter where they resumed, don't be too curious. Why can't people mind their own business? Suffice to say that the consump— Ah, that is we mean to say the resumption was satisfactory to all parties concerned, and there let the matter rest.

**FESTIVAL OF ST. CARTHAGE.**

In connection with the entertainment in celebration of above, we understand that Mrs. Sean Currin (Theresa Halpin), who acted as Director and Organiser, is preparing a balance sheet, details of expenditure in which will be fully vouchered and certified. When ready it will be open for inspection by anyone desirous to see it.

**GREYHOUND COURSING.**

There is no regular coursing Club established here, but it is hoped that one will be formed in the near future. Meantime a number of enthusiasts in this form of sport are indulging in it in the sportsfield and their efforts have been very successful.

By means of an ingenious contrivance made with a bicycle wheel, they can pull a drag at top speed for a distance of 350 yards. This is not exceptional, being done elsewhere, but here, an important improvement has been made, whereby the drag is pulled clear around 2 bends without diminishing the speed.

This vastly improves the training of the dogs being so much better than merely running a straight course and it makes the sport so much more interesting to the onlookers.

The promoters are to be commended for their efforts and we wish them every success.

**THE NEWER LEARNING.**

It seems we of the older generation will have to revise our knowledge, and give up our beliefs in the meanings of many things which we thought were beyond question.

For example we thought a 'blizzard' was a blinding storm of wind and snow. Dear me! what ignorance. A little schoolgirl recently informed all and sundry, "That a 'blizzard' was the inside of a hen."

Here are a few more gems from the higher intellectuals, boys and girls. "A skeleton is a man with his inside out and his outside off."

"A grasswidow is a grasshopper that has no husband."

Girls kill the breath by wearing tight corsets which squeeze their diaphragms. Diaphragms are delicate things and girls are fools to squeeze them just to look thin.

"Paul was the wisest man mentioned in the Bible and that was because he never married. Father says so—

Goodbye everybody, we are going out to look for a night school—

**THE SWEEP.**

The Draw for the Sweep on the Derby will be held on Monday and Tuesday next, and as everybody is expecting to draw a prize, there is no reason to be despondent at the moment. The Sweep is the largest on record, there being over £3,000,000 in the pool, so we hope Co. Waterford will win several first prizes and cash prizes.

The Derby will be run on Wednesday next at Epsom. There are 23 horses. The favourite is the Irish-bred Orwell, who is expected to win. If he does not Dastur, April 5th, Hesperus or Summer Planet, will be close in, and don't forget Cockpen and Corey.

Woman: I may say a few words to my husband, but it is a bit thick when the lodger starts.

Prize Day at Mount Melleray.

INTERESTING ADDRESSES.

The Annual "Prize Day" celebrations at Mount Melleray have for a long number of years past been always looked forward to with the greatest interest and most pleasurable anticipations...

This year's celebrations lacked nothing of the interesting character of previous years, but, on the contrary, they proved by far the most attractive and educational, perhaps, ever previously attempted in Mount Melleray.

The Concert programme was brought to a close by the singing of "Hymn To The Pope," by the well-trained choir, all the audience standing, after which the prizes were distributed to the successful pupils during the past scholastic year by the Lord Abbot, amidst rounds of applause from all present.

After this portion of the celebrations, the Lord Abbot, addressed those present and started by cordially welcoming the clergy and laity and thanking them for their kindness in coming there that day and also for the kindly interest which they had always taken in Mount Melleray.

It is appropriate to the present Centenary year of St. Patrick's advent to Ireland was greatly appreciated by all, and it may be mentioned that the work has been dedicated to his Eminence, Cardinal McRory, from whom it has received the highest praise.

When around St. Patrick's arrival at Tara, it was crystallised with several beautiful melodies, more especially the one sung by the character representing "St. Patrick," beginning with the words, "Heavy, Lord too heavy," after his unsuccessful attempt to convert "Milcho," and we think that such a masterpiece should be frequently performed in other Sacred Colleges and Schools during the present appropriate year.

The Right Rev. Dr. Stanislaus Hickey, Lord Abbot, presided over the proceedings, and in addition to the Community priests, the following clergymen were also present:— Ven. Archdeacon Byrne, P.P., V.F., Ballybricken; Ven. Archdeacon O'Regan, V.G., Sydney, Australia; Very Rev. Canon D. Whelan, D.D., P.P., Cappoquin; Very Rev. T. O'Brien, P.P., Dungarvan; Very Rev. P. Ahearne, P.P., Clogheen; Very Rev. J. O'Shea, P.P., Ballyporeen; Very Rev. M. C. Crotty, P.P., Abbeystead; Very Rev. J. Gleeson, P.P., Aglish; Very Rev. T. Galvin, P.P., Ballydaff; Very Rev. M. Carroll, P.P., Modeligo; Rev. T. O'Gorman, Adm., Lismore; Rev. R. Power, C.C., do.; Rev. L. Egan, C.C., Dungarvan; Rev. M. Hackett, C.C., Clogheen; Rev. J. Dwan, C.C., do.; Rev. T. Dunphy, C.C., Ballyporeen; Rev. M. Power, C.C., Abbeystead; Rev. T. Dunne, Bathurst, Australia, etc.

The following Professors from Mount Melleray Seminary were present:—T. E. Ebrill, B.A.; P. Mulcahy, B.A.; Sean Curran, B.A.; J. McCarthy, High Dip. Ed.; Thos. F. Olden, Joseph Berry, M. Scanlan, P. C. O'Flanagan, James J. Lavelle and P. Kelly.

Choir; Scene, "Julius Caesar," Act 1, Scene 2, "Brutus," James Wareing, "Cassius," Gerald Stannell; Instrumental, (a) "Airs and Dances," (b) "Classical Selection" S. McMahon, E. Wilcock and W. O'Brien; Drill Display, "Bolas," Vincent O'Connor and Thomas Walsh; Irish Vocal Solo, Francis Gleeson; Dance, Junior Class; Piano Solo, (a) "Cyrdus No. VI," Oscar Flood, (b) "Entr'acte," Thomas Ryan; Gymnastic Display, "Horizontal Bar and Tableaux," pupils of Mr. J. Frazer; Instrumental, "Petite Barcarolle," Trio; Chorus, "The Garden Scene" from "Faust."

The most interesting item on the programme was the Oratorio, "St. Patrick's Advent To Ireland," by the Rev. A. Luddy, O. Cist., and Dr. Staf Gebruers, in which the principal characters were as follows:— "St. Patrick" (M. Drea); "Ard-Righ" (P. Higgins); "Chief of Druids" (P. Clifford); "Angel Victor" (T. Gleeson); "Chief of Christians" (T. Mulcair); "Angelic Choir, Christians, Druids, Warriors, etc."

The impersonation, acting and singing of the various characters and choir reached a very high stage of efficiency, while the musical accompaniments played by Dr. Staf Gebruers, proved a tribute to this gentleman's rare musical accomplishments, and the entire performance both from a vocal and dramatic point of view held the large audience spellbound, and their loud and prolonged applause at the close was a fitting and well-deserved tribute to the excellence of the performance of all concerned.

The Concert programme was brought to a close by the singing of "Hymn To The Pope," by the well-trained choir, all the audience standing, after which the prizes were distributed to the successful pupils during the past scholastic year by the Lord Abbot, amidst rounds of applause from all present.

After this portion of the celebrations, the Lord Abbot, addressed those present and started by cordially welcoming the clergy and laity and thanking them for their kindness in coming there that day and also for the kindly interest which they had always taken in Mount Melleray. He deeply regretted that both the Bishop and Dean Walsh were unavoidably absent from those proceedings, but he knew that although they were not there in person they were with them in spirit.

(Applause). In reviewing the work of the School year he had great pleasure in saying that the conduct of the students was excellent and their attention to their studies was exemplary, and he wished in an especial manner to thank the Professors of the Seminary for the good work they had done during the past year, (applause). He paid a warm tribute of praise to Dr. Staf Gebruers for his beautiful work the Oratorio, to which they had just listened, and he regretted that his collaborator in its imposition (Fr. Ailbe Luddy) was not present to rejoice with him on its great reception on the occasion of its first performance in public, (applause).

Ven. Archdeacon Byrne, S.T.R., on behalf of the clergy present thanked the Lord Abbot for his kindly welcome and paid a high tribute to the great work which Mount Melleray had done, and was still doing, for the cause of Christ the King, (applause). He referred in feeling terms to the death of the late Lord Abbot Maurus, who was the very personification of kindness but he felt sure that his place was now ably filled by the present Lord Abbot, who was honoured in all parts of the world for his great and scholarly work on "Scholastic Philosophy." He also praised the general standard of excellence of the Concert programme, and referred especially to the beautiful Oratorio, which had so delighted and impressed them all, (applause).

Catholic Action. Continuing the Ven. Archdeacon said—I would venture on another consideration which has been occurring to me in view of the composite character of the studentship here, preparing for various walks of life. Some aspire to the Clerical state, others—the vast majority—will be in one class or another of the laity. But, my Lord Abbot, in view of multiplied pronouncements from the present illustrious occupant of the Papal Throne, may I not say that all the students here have to a great extent a vocation in common, and that all can share, in varying degrees, in the pursuit of an ideal which is simply resplendent with inspiration and attractiveness? The vocation and ideal to which I refer are the Christian Apostolate. The place of the Apostolate in the clerical vocation is obvious. But in regard to the laity I ask what more urgent or more ardent or more resounding call has gone forth from our present Holy Father, than the call to the lay Apostolate, and to Catholic Action? Why, it is a call to a crusade on a vast, unprecedented scale, and it is the Commander-in-Chief himself who sounds the tocsin and the call to arms throughout the vast masses of the Catholic laity of the world, and it has been well observed that, if the faithful of all nations give a worthy response to the appeal of the Vicar of Christ, it will be true to declare not merely that Catholic Action is the most characteristic and crowning feature of the present glorious Pontificate, but that the situation created—if there be an adequate response from the laity—will form one of the culminating points of the entire history of the Church. I fear that here in Ireland our Catholic laity—even our educated laity—with many worthy exceptions—have not at all adequately grasped or realised the significance of the Holy Father's repeated appeals, and that the loss to themselves in consequence and to the country and to the Church, has been immense. What a vast expenditure of

energy—mental, moral, and material—is devoted, especially by the young men and young women of the laity, to profane and earthly ideals, which energy if devoted instead, or to any considerable extent, to the sacred cause of the lay apostolate, would so vastly ennoble and enrich their characters and render their lives so fruitful, for themselves and others, in the treasures of Heaven. The very definition which the Holy Father has repeatedly given of Catholic Action is pregnant with meaning and radiant with inspiration. "Catholic Action is the participation of the laity in the hierarchical Apostolate." It is not for me to elaborate this definition. But I would venture to say here to the young students: be sure before you leave these halls to make a special study of the nature of Catholic Action and of its claims upon you. If you do, you will have established within yourselves a very fountain of inspiration, you will have formed an ideal whose light and warmth will transform and ennoble your lives, and you will be in a position to render invaluable service to the country and to the Church.

This concluded the interesting ceremonies, after which all the clergy and lay visitors were hospitably entertained to lunch by the Lord Abbot and members of the Community.

KILMATHOMAS NEWS.

CO. GARDEN SCHEME. The members of the general public will have an opportunity of viewing the beauties of Mount Congreve when these picturesque gardens are thrown open on to-morrow (Sunday, May 29th), in aid of the Jubilee Nurse's Pension Fund. With the flowering trees and shrubs in full bloom, this delightful sylvan retreat will look its best, and granted favourable weather, a most enjoyable afternoon and evening is assured all those who pay a visit. The gardens will be open from 3 p.m. to 7.30 p.m. The Waterford-Dungarvan bus stops on the Corrib road about a quarter of a mile from the entrance gate.

LEVEL-CROSSING COLLISION.

On Friday last week, Mrs. Croke, gatekeeper, Currahaha level-crossing, Kilmathomas, was in the act of closing the gates against road traffic until an expected train had passed through, when a huge motor-van, the property of the Motorways' Company, which was being driven along the main road towards Waterford, collided with the pillar to which she was about to fasten one of the gates. The force of the impact knocked the pillar, but fortunately, Mrs. Croke and the driver of the van escaped unhurt. The crossing is in the centre of a sharp bend in the road, and the driver stated he thought the way was clear as he approached. The crossing is believed to be one of the most dangerous of the kind in the country, and is the scene of numerous accidents. A former gatekeeper, one James Power, was killed there by a motor car (owned and driven by a Limerick man) on the 6th of September, 1924.

ANOTHER ACCIDENT.

On the 20th inst., a motor lorry, belonging to Mr. Thomas Cheasey, carrier, Waterford, was being driven by its owner down Ballyduff hill, near Kilmeehan, when it suddenly went all right at the engine end. Mr. Cheasy jumped clear and escaped injury. With the aid of Mr. James P. Kirwan, driver of the "Colleen" bus, Waterford, who happened in the way at the time, Mr. Cheasy managed to save the body of the lorry. The engine was rendered inoperative, and the glass wind-screen and entire woodwork of the front part were destroyed. Mr. Cheasy was not travelling fast when the outbreak occurred. It is stated that the vehicle was only covered with an insurance policy against third party risks.

THE BISHOP'S ILLNESS.

Prayers for the speedy and complete recovery of Most Rev. Dr. Hackett, were offered up by the faithful during the Masses on Sunday last.

R.I.P.

Fully fortified by the rites of the Mother Church, Mr. James Galvin, Briskey, Killostrant, died on the 20th inst., after a protracted illness and at a comparatively early age. A strictly honest, upright and industrious man, he possessed wonderful energy in the days of his robust health, and was reputed as being the best agricultural worker of his day in the ancient and historic parish of St. Bridget. Because of his cheery disposition, he was warmly welcomed in his wide friendship circle, and his demise will be deeply regretted. His remains were removed to the parish church on last Saturday evening, where they were received by Very Rev. W. J. Kehoe, P.P., who recited the prayers for the dead. After the late Mass on Sunday the funeral left for Knockboy graveyard, where the interment took place in the presence of hosts of relatives, friends and sympathisers.

ANNUAL PROCESSION.

On Thursday (26th inst.), the annual May Procession in honour of Our Blessed Lady took place over the grounds attached to Stradbally Parish Church. The local Children of Mary and members of the Men's and Women's Confraternities of the Sacred Heart were amongst the many who participated in the grandly inspiring truly edifying spectacle. Benediction of the Most Blessed Sacrament was imparted by Very Rev. John Lennon, P.P.

YOUGHAL DISTRICT COURT.

Before Mr. G. P. Farrell, B.L., D.J. Thos. Drohan, Inspector of Fisheries, Mallow, charged Daniel and John Harris, Summerfield and M. Ahearne, Redbarn, with obstructing him in the discharge of his duties, and with using abusive and threatening language.

Mr. J. L. Keane, appeared for complainant and Mr. J. N. R. Macnamara, solr., for defendants.

Mr. Keane, said they were proceeding under the 24th Section of the Act of '24, and he was instructed that the complainant looked on the case as very important—the only one of its kind, he was glad to say, during his time in Youghal. Mr. Drohan, was a very efficient officer, who always tried to do, and succeeded in doing his duty with as little trouble as possible to anyone, and he (Mr. Keane), thought the general body of the fishermen would admit that. On the occasion in question, complainant got suspicious as regards the defendants' nets, and he asked them to allow him examine them, but they refused, adopting a threatening attitude and using very filthy language. Some people seemed to think that at the present day there was no law at all. The sooner it was brought home to them that the law was there and that every man was subject to the law the better for all.

Mr. T. Drohan, stated that on April 22nd, while in the Conservator's launch in the bay with four bailiffs, he observed a boat beaching at Redbarn. He and three of the men got into the punt and approached the boat. When they got near, he saw three men coming down the beach. Dan Harris was in front with a kind of "shillelagh" over his shoulder, followed by his brother, John, with a similar implement. Aherne was in the rear. They shoved off the boat and witness said to them he wanted to overhaul their nets. They were about 15 yards away from him. John Harris said they wouldn't let him examine the nets using terrible language.

Witness here handed up a slip of paper to the Bench.

The Justice—Is this the language that was used?—Yes.

Did he allow you examine the net?—Not at all, and they kept using the language until they got away in the direction of Knockadoon. It was the foulest I ever heard.

Cross-examined by Mr. Macnamara—There were other boats fishing in the bay that day. Some of them might have been using overlengths, but his attention was drawn to Harris's boat by their landing on the beach. He did not go out to examine any particular boat, but he suspected the Harris's.

Was there a Knockadoon boat there using a 400 yards-net?—No.

Mr. Keane—If you give us the name we will prosecute them.

Mr. Macnamara—Isn't it a fairly common practice to exceed the limit?—They do so at their own peril. You passed 20 or 30 boats and pulled up to examine Harris's—I have already told you I didn't pick out Harris's. Were not the "shillelaghs" you refer to rollers used for launching the boat?—And to tap my head, maybe.

Mr. Macnamara—That is only a matter of conjecture.

Was their conduct threatening apart from their language?—I think their conduct was unpardonable.

What language did they use?—They all used the same, but Aherne wasn't quite so bad as the others.

Mr. Keane—What they did had the effect of intimidating you?—Absolutely.

Harris's boat was the only one that went ashore. He had no notion it was Harris's boat till he got near. He had not prosecuted the Harris's during his 23 years in Youghal.

Bailiff Ellis said he was in the punt with Mr. Drohan. He recognised the three men as they passed them in their boat. When Mr. Drohan said he wanted to examine their nets, they answered with dirty language, and said they wouldn't let him.

Cross-examined by Mr. Macnamara—Witness said Aherne used language something to the same effect.

Bailiff Hayes stated he was on the shore at the time, and the Harris's and Aherne were laying down on the bank using that language to one another. When they saw the punt coming in they went down to the water. One had a stretcher on his shoulder and another had one in his hand. The second man broke the stretcher he had.

Cross-examined—Witness said he wasn't positive that Aherne used the language complained of, but he heard John Harris. He didn't hear Dan.

The Justice—You say you heard one of the brothers using the bad language to the other?—Yes, he was telling him hurry up and get out the boat.

Mr. Macnamara said they pleaded guilty to the charge of obstruction, but denied that there was any threatening language used and Aherne denied that he used any bad language.

John Harris stated they were hauling their nets when they saw the launch rounding the head of the rock. There were 20 or 30 boats fishing at the time. They had just beached their boat at Redbarn when the launch approached. They were then going ashore for dinner. The launch passed one Knockadoon boat using a net they would "want a spy glass to get around" (laughter). He proceeded to launch his boat when they saw Mr. Drohan coming.

The Justice—You were going ashore for dinner, but changed your mind?—We stopped to see what the launch was doing.

You didn't go in for dinner?—We

DUNGARVAN DISTRICT COURT.

(Before Mr. Troy, D.J.) Thos. Barry, Mary street, sought a decree for £6 18s. 9d. against John Flynn, Carriglea, for goods sold and delivered.

Mr. T. C. Williams, solr., for applicant; Mr. Farrell, solr., defended.

Mr. Barry said that the defendant owed £6 18s. 9d. for goods. The bill extended over the period Sept. 1924 to August 23rd, 1930. A lot of items in the amount were drunk. The last drinks not paid for and entered are December 1924, Brandy and 4 large stouts, and January 1925, a naggon of brandy. The ledger was written by a man named Ryan of Dundrum, and himself. Defendant paid £1 on account in 1930. Witness also carried on the business of undertaker and carpenter as well as the publichouse.

Mr. Farrell said his instructions were, to plead the Statute of Limitations. His client denies paying any money off the account and denies the amount due to be more than 25/-.

Barry in reply to Mr. Farrell said the £6 18s. 9d. was made up mostly of drink, but there were other items. Defendant took home brandy, witness also paid the chemist for medicine got for a sick cow of defendant's. He also had his meals there. He did not know the exact date defendant paid him the £1, but it was in or about the time entered in the book. He took a trough at the same time. Witness charged the trough and credited him with the £1, but he did not know why they were entered on different dates. The entries were made by him. He was probably rushed at the time. He had not charged him at one time with owing the price of a coffin.

Defendant said that he did not owe the amount, and he thought 25/- was the most that was due. It was all for drink. Witness never paid £1, on account. He bought a trough for 18/- and paid Barry in the yard for it. He was positive he made no payment since 1924.

By Mr. Williams—He had an idea that 25/- was right. He kept the account in his head, although it is 7 years ago. He was not in Barry's house for 6 years. They never had a row and were friendly always. He bought the trough last March twelve months down in the yard. He got no receipt. He was sure that the items in the ledger were false.

To the Justice the witness said he never offered to pay Barry the 25/- as he was asking for £6 18s. He never asked Barry for the items to see what they were. Witness never drank brandy and had nothing there but bottles of stout. He did not ask for a receipt for the trough. Barry asked £1 for the trough and he bought it for 18/-. I paid him and he then asked me to reduce the old bill.

To Mr. Williams—He did not refuse to give me the trough unless I paid something off the account. I am satisfied to pay the 25/- as I acknowledge it is due.

The Justice made an order granting a decree for 25/- by consent.

Mrs. Terry, Ballinacourty, also sought a decree for £5 6s. 10d. against the same defendant in respect of goods sold and delivered, which included two half barrels of porter for threshing operations, groceries, etc.

Defendant admitted that the amount was due in full.

A decree was granted.

Examination Order.

Mr. Farrell solr., on behalf of J. J. Morrissey, O'Connell street, examined John Power, Shandon, as regards his means to pay the sum of £3 15s. 8d., for which a decree was granted at a previous court.

Mr. J. J. Morrissey, deposed he knew the defendant for a long time. He was employed by the County Council, as an engine driver and on the roads. He worked for the Co. Council even since the decree was granted. He thought engine driver's were paid about 50/- a week. He is at present employed on the roads by the Co. Council. The defendant is a widower with two children living. The children are not living with him, he is living with a sister. Witness's wife gave the defendant money to bury another child. He considered that the defendant should be able to pay 10/- a week.

The defendant in reply to Mr. Farrell said he only started work yesterday for the Co. Council after being five weeks idle. The last two weeks he worked for the Co. Council 20/- a week. He was not constantly employed by the Co. Council. He pays his sister 10/- a week and had to keep his two children, one of the children stayed with him, but he paid 5/- a week to another sister for the other child. He only worked 6 weeks this year, and four months last year. Mrs. Morrissey lent him money to bury his child. He was not disputing that and he was satisfied to pay 10/- every pay day while working for the Council.

The case was then allowed to stand over to next court. The defendant agreeing to pay the money to Mr. Farrell.

At Newtown Gaelic field on Sunday, a big crowd witnessed a good junior football game between Rathgormack and Windgap "B's" and Fenor in their first round tie in this year's divisional championship. The Fenor XV. were defeated by 2 points. Mr. Frank Drohan, P.C., was an impartial referee.

The Supt. (to Kennedy)—You were paying him so much a head?—Yes. Kennedy was fined 20/- and Riordan 10/-.

The Supt. applied for 6/- expenses for Mr. Watchhorn.

The Justice—Yes.

DUNGARVAN DISTRICT COURT.

(Before Mr. Troy, D.J.) Thos. Barry, Mary street, sought a decree for £6 18s. 9d. against John Flynn, Carriglea, for goods sold and delivered.

**COUNTY OF WATERFORD. DIPPING REGULATIONS**

**NOTICE TO SHEEP OWNERS IN KNOCKMEALDOW AND COMERAGH MOUNTAIN AREAS.**

NOTICE IS HEREBY GIVEN that the Executive Committee of the Waterford Co. Council acting as the Local Authority under the Diseases of Animals Acts, at their meeting held in the Courthouse, Dungarvan, on the 23rd day of April, 1932, by virtue and in exercise of the powers vested in them under the Agricultural and Technical Instruction (Ireland) Act 1899, the Diseases of Animals Acts, 1894 to 1914, the Orders made thereunder and of every other power enabling them in this behalf made the following regulations:—

1. All sheep in the areas specified hereunder required to be dipped under the Sheep Dipping Order of 1915, shall be caused to be dipped by the owner or person in charge thereof at such times and at such Dipping Stations as may be specified in a notice signed by an Inspector of the Local Authority, and served by post or otherwise on the owner or person in charge of the sheep referred to in the Notice. It shall not be a compliance with these regulations to dip sheep at any other times or places save those as prescribed in the Notice above referred to.

2. All sheep in the areas specified shall be dipped, under the supervision of a Dipping Inspector appointed by them under the Sheep Dipping (Appointment of Inspectors (Ireland) Order of 1915, 3 times in each year, viz., once in the period between the first day of June and the thirty-first day of July, and twice (with an interval of not less than seven or more than fourteen days) in the period between the first day of August and the fifteenth day of November. Provided that in any case inclement weather renders dipping impossible on the date appointed, the Dippings shall be carried out on the next day that the weather is suitable therefor without any further notice being given by the Inspector.

3. A fee of one penny per sheep (except as provided in Clause 4) (the expression sheep includes lambs) shall be paid to the Inspector of the Local Authority in all cases by the owner or person in charge at the time of the dipping of the sheep.

4. (a) Where the Local Authority are satisfied that an owner or person in charge of sheep in the specified Areas has in his possession or under his charge a proper swim tank, the Local Authority may, subject to such conditions as they think fit, allow the sheep of such owner to be dipped in such swim tank on such dates as may be appointed for the purpose by an Inspector of the Local Authority, and such dipping shall be deemed to satisfy the requirements of these regulations, provided (1) the dip used is a dip approved by the Department of Agriculture under the Sheep Scab (Ireland) Order of 1905 or otherwise, and (2) the dipping has been supervised by the aforesaid Inspector.

Every application under this Article for the approval of a tank should be made by the owner thereof to the Local Authority's Veterinary Inspector for the District in which such tank is situated, and must be made on or before the 1st day of June, 1932.

(b) Any exemption given under this Article may at any time be withdrawn by the Local Authority or their Veterinary Inspectors.

(c) Where, with the permission of the Local Authority or their Veterinary Inspectors, an owner uses his own tank and approved dip, no charge shall be made.

(d) Exemption may be given on the following conditions, viz., that the Dipping Inspector shall carry out the dipping process, including the mixing of the dipping bath, the disposal of the spent dip, and the cleansing of the dipping place.

5. Dip as supplied by the Local Authority shall be used in all cases except where exemption is granted under Article 4 (a).

6. Whenever required by the Inspector of the Local Authority the owner or person in charge of sheep in a specified area shall accompany the Inspector to the mountain or place where such sheep graze, at such times as required by the Inspector, and shall collect all the sheep off such mountain or place.

7. The owner or person in charge of sheep in a specified area shall comply with all reasonable requirements of an Inspector of the Local Authority as to the collection and penning and dipping of all sheep in his possession or under his charge, or on lands in his occupation, and shall afford all reasonable assistance and facilities that may be required for the dipping of all such sheep.

8. No sheep in the specified areas shall be exposed for sale (a) between the 1st day of July and the 31st day of August, unless they have been dipped in accordance with these Regulations after the 31st day of May previous, or (b) between the 1st day of September and the 15th day of November, unless they have been twice dipped in accordance with these Regulations after the 31st day of July previous, and unless in each of the aforesaid periods they are accompanied by a Certificate of Dipping signed by an Inspector of the Local Authority, which Certificate shall be produced by the person in charge of the sheep to any member of the Garda Siochana or an Inspector or other Officer of the Department of Agriculture or of the Local Authority, who may record on such Certificate of Dipping particulars of the sale of any

such sheep at such Fair and Market. 9. Any owner or person in charge of sheep in the specified Areas who fails to comply with any of these Regulations shall be deemed guilty of an offence against the Diseases of Animals Act, 1894.

These Regulations shall apply to the areas specified hereunder and shall come into force on the 1st day of June, 1932.

**Knockmealdow Mountain Area**

Parts of the County of Waterford within the following boundaries:— Commencing at the county boundary at Aragin Bridge, and thence southwards by the direct road via Glencullen and Lyrenaglogh to the point of intersection on the Fermoy to Ballyduff road, thence by the latter road to Ballyduff, thence by the main Lismore and Cappoquin road north of the River Blackwater to Cappoquin, thence by the road to Baylickey Bridge thence by the road to Redgate Cross Roads, thence by the direct road to Ballinamut Bridge, thence by the road to Prieststown Bridge as far as the county boundary, and thence westward by the county boundary to the point of commencement.

Owner will not be accountable for accidents.  
Apply—**RICHARD FITZGERALD,**

**ADVERTISING WATERFORD. PROSPECTS OF NEW INDUSTRIAL SCHEME.**

Efforts to induce English manufacturers or packing firms to come to Waterford were advocated by Mr. Martin S. Breen, (President), at a meeting of the Chamber of Commerce, Mr. Breen stressed the necessity of advertising Waterford's facilities, so that some new form of labour-giving enterprise might be attracted here.  
Mr. A. A. Farrell, agreeing with the President, urged more support should be given to Waterford by Waterford people. When representatives of Cork, Dublin or other outside firms called on him to buy goods he could buy in Waterford shops, he always told them he could buy them in Waterford. Waterford people should do this in their own interests. If the people declared they would buy only goods made or packed in Waterford, he believed it would be the most effective means they could adopt.  
Mr. Mercer said it was certainly a good idea to let the big firms in London, Liverpool, Glasgow and such places, know that 16 sites were available in Waterford, ready to be built on, or premises to be turned into a packing station. He had much pleasure in proposing:—"That the directors co-operate with the Harbour Board in this matter or any other matter good for the business community in the City of Waterford."  
Ald. Edwards seconding, said another point which might be worth recommending from the Chamber, that it would be an excellent thing if the Government, even if retaining the 5% income tax would revert to 3% in the £ in the case of the business community in the Irish Free State, that would be a great relief to the business community.  
The resolution was put, and carried unanimously.

**ADVERTISING WATERFORD. PROSPECTS OF NEW INDUSTRIAL SCHEME.**

These supplies have now been almost exhausted. When the Danish supplies are ready there is bound to be a glut, and prices will come down with a rush.  
The lowest retail price for Danish bacon was 3d. a lb. for what is known as flanks. The effect of the slump is likely to bring down this price to 2d. a lb.  
When the Danish dumping begins, the price will most likely be 1d. a lb. Other cuts of bacon will fall accordingly.  
It is also certain that other countries besides Denmark will catch the dumping fever, as Poland did a year ago. When Denmark increased her weekly supplies of bacon to England by 9,000 cwt. Poland sent us 31,000 cwt. Most of it came to London, and some of it changed hands for 2d. a lb.  
The British market is vital to the Danish pig industry. In the first quarter of this year more than 2,000,000 cwt. of Danish bacon, valued at more than £5,000,000, were sent to this country.  
Bacon imports from all other sources, foreign and Empire, totalled only slightly more than £2,000,000. The British producer, who might have expected to obtain some advantage owing to the Danish lock-out, will be dealt a knock-out blow now. Bacon is on the free list, and he has no possibility of relief. He is further penalised by the fact that he has to obtain most of his pig fodder from abroad, on which a 10 per cent. duty is levied.

Some of the prices obtaining in Kilmac this week read:—Meal, 16/- sack; flour, 15/- per 10s.; bran, 10/- per cwt.; pollard, 10/- per doz.; presto, 8/6 per doz.; eggs, 7d. per doz. (delivered at store); and fresh farm butter, 9d. per lb.  
Husband: She told me what to expect if I came home. I would rather be without a home.  
Magistrate: Is your dog obedient?  
Man: No. He is a terrier.

NOTICE—The Registered Dairy Bull, my property, will be let to a limited number of cows at 5/- each.  
M. KELLY, Kilgobinet.

## Inquest at Youghal.

### CORONER'S STRONG COMMENTS.

Coroner E. A. Rice, sdr., Fermoy, held on inquest without a jury at Youghal, on Monday evening, into the circumstances attending the death of the newly-born illegitimate infant of a married woman, named Mary O'Connell, of Tallow Street, on Saturday last.

Supt. Dennehy, Middleton, represented the authorities.

Catherine O'Connell, Tallow street, Youghal, widow, deposed that on Saturday 21st inst., at 5 o'clock she was in bed asleep, Mary O'Connell, her daughter-in-law, and the little granddaughter, Annie, were sleeping with her. Mary called witness and said she was dying. She was standing near the foot of the bed. Witness asked her what was the matter and she said she was after giving birth to a child. Witness jumped out of bed got very excited and said she would go for her mother. Witness made an attempt to go, but fell, she wasn't able. She returned and told Mary she was finished with her for the rest of her life. She said to make no alarm that she would go home to her mother and witness told her to run away—she was dying herself, lying down on the side of the bed. Mary put on some clothes and took a small bundle from the end of the bed. It was wrapped up witness didn't know what it was. She then went down the stairs and out the street home. Witness didn't notice anything unusual about her daughter-in-law up to that morning, but she thought she was in bad health. Mary O'Connell was married to witness's son, John, who was in America nearly six years. Witness never challenged Mary about the rumour she had heard as to her condition, she was constantly advising her to go to the doctor. She suffered from kidney trouble. Witness didn't see the child nor hear it crying.

Mrs. Alice Kelly, Pender's Lane, deposed she was mother of Mary O'Connell. Her daughter arrived at her house between 5.30 and 6 o'clock on Saturday morning. She had come in through a window and called "mother." Witness went down immediately and found her sitting on a chair in the kitchen. She said she was after giving birth to a child out at Kate's, meaning her mother-in-law. Witness ran down to the mother-in-law who advised her to go for a doctor and get herself out of all trouble. She called Dr. Beausang, who told her to send for a nurse, which she did. She then returned home and put her daughter to bed. She asked where was the child and Mary said it was under there. Witness then took the child upstairs. The child was dead. It was wrapped up in cloths. The child was taken to the hospital.

Dr. Jas. B. Beausang, Youghal, deposed that he went to Mrs. Kelly's on Saturday morning, Mrs. O'Connell was in bed and on a box near the bed he saw the body of a dead female infant. It was partly covered with clothing and lying on its back. The umbilical cord was tightly coiled around the child's neck twice. He removed the cord which left two grooves in the neck. Dr. Kennedy and he made a post mortem examination at about 2 p.m., on Saturday. They came to the conclusion that the child was born alive. It was a fully developed female child, full time. The cause of death was asphyxia due in his opinion to strangulation. The cord could have caused it. The winding of the cord around the neck could have happened in the natural process and sometimes occurred in normal labour. The cord was attached to the after birth and wasn't divided. It was very doubtful if the mother could have deliberately tied the cord around the child's neck.

Dr. T. Kennedy, Dispensary M.O., Youghal, agreed with the evidence given by Dr. Beausang.  
The Coroner found a verdict in accordance with the medical evidence, adding that the mother had not been attended at the birth. He said there were too many of those cases happening in the country. It seemed strange that the mother-in-law didn't notice the girl's condition, but unfortunately there were numerous instances of the kind. He had heard of one case in a well-known doctor's house, which wasn't discovered till 12 months after when the body of the child was found in a chimney. In the present case the mother-in-law believed the girl was suffering otherwise, which was proved by the fact that she allowed her sleep in the same bed. He had hope that the Bill passed by the late Dail, placing heavy responsibilities on putative father's, when properly functioning, would have a wholesome effect in stopping what was a disgrace to the country. In the old days if a thing like that occurred the girl would clear out and the man would be off to the United States. Now-days there were a lot of "human devils" going around who thought nothing of bringing girls to ruin. In the present case he would like to make the man responsible amenable for his guilt; but the woman herself was not altogether devoid of blame. It was most regrettable that they were called on so frequently to deal with cases of the kind.

### GAELIC ATHLETIC ASSOCIATION

HURLING & FOOTBALL TOURNAMENT.

(Under the auspices of Four-Mile-Water Hurling Club).

TABLE POTATOES FOR SALE—Best quality. In cwt. weight bags. Apply P. B. Sheridan, Kilrush, Dungarvan.

**LOCAL HAPPENINGS.**

**DERATING—IN TABLOID FORM.**

According to the letter sent by the Local Government Department to the Waterford Co. Council on the question of the £250,000 Grant in relief of rates this year, the benefit of the same is to apply only to the first £10 of each Poor Law Valuation, which means that farmers with valuation of £10 and under will get the full benefit of the grant, those over £10 valuation must pay the full rate and will get the Grant reduction on the first £10 only. Co. Waterford's share of the £250,000 Grant is only £7,000 which is very small indeed. As we have said more than once in this column, one good fair would be worth more to the farmers, large and small than all the derating grants about which so much talk has been made. It is not the rates or the annuities are making our farmers poor, but the wretched prices they get for their farm produce and the high and still increasing prices of everything they require. Pigs had a serious fall this week and on Monday at Dungarvan market prices ruled in the region of 50/-.

The Butter Bounty Bill was before the Dail this week. By this Bill the price of our Creamery Butter will be 4d. per lb., dearer at home than in the English markets. Eggs are so cheap at the moment that it is surprising that hens do not refuse to lay them at the price. In the meantime everything from a needle to an anchor is to be cut; those with no salaries or wages are told not to worry. The Income tax man wants his bit to keep the pot boiling and the business man is left to live on the interest of what he owes or is due to him. And yet this is a free country?

**FLYING FOR ALL.**

On Sunday June 5th, and following days, a "Bluebird" aeroplane, will give a thrilling aerial display at Clonea. Everybody who feels so disposed, can have a flight. See advt.

**WATERFORD V. CORK.**

On Sunday June 5th, Waterford and Cork meet in the Senior Hurling Championship at Dungarvan, and their clashing should be a real thrilling event. Everyone knows the story of the two encounters between these counties last year and though Waterford went down it was with flying colours. This year they will make amends and being in perfect training and fully out to win, they will play the game of their lives and give the All-Ireland Champions the best game they ever had.

Mr. Fraher has the field arrangements perfect as usual, and no matter how large the attendance, they will all be able to witness the display with the utmost comfort. The people of the town will cater for the visitors in that thorough and satisfactory manner for which they are noted. An exemption order has been granted to the licensed traders on the occasion from 12 to 1 p.m. and 6 to 8 p.m.

**DUNGARVAN SHOW.**

Thursday July, 14th 1932. Prize Lists and entry forms can now be had on application to the Secretary.

**OCEAN VIEW, CLONEA.**

A new dance Hall of the most up-to-date description having just been completed at Ocean View, Hotel, Clonea, the grand opening dance will be held on Sunday, June 5th, 1932, commencing at 10 p.m. A high-class orchestra has been specially engaged for the occasion, and the event will be something to talk about. Earlier on the same day and evening, an Aerial display on a "bluebird" machine will be given and when you are tired of flying you can trip the light fantastic to your hearts content. Full details next issue.

**POTATO BLIGHT.**

Prevention is better than cure. Now is the time to spray your crops. Spray early and spray twice and use our SPECIAL SPRAYING POWDER made up in bags or pure sulphate of Copper Soda Crystals. Sprayers and all parts in stock. Crotty's Ironmongers, Square, Dungarvan.

**TO-MORROW'S PROCESSION IN DUNGARVAN.**

On to-morrow (Sunday), the Annual Corpus Christi Procession will be held in Dungarvan, and granted good weather it should be a most imposing display. The decoration of the houses and the streets will be as usual by process. Our Priests assisted by an energetic Committee have the arrangements complete. All that is required is sunshine.

All school children will assemble in their respective schools and march to Fair Lane. Children of Mercy will assemble in Emmet street; Women's Confraternity in St. Mary's street; Boys Club and Men's Confraternity in the Church Yard. All processionists must be in their places at 2.30 o'clock sharp so that the procession can start at 3 o'clock precisely.

Order of Procession. The Order of the Procession will be as follows:—Crossbearer; Children of Presentation Convent; Children of Mercy Convent; Christian Brothers' Boys; Children of Mary; Dungarvan Brass and Reed Band; Choir; Mercy House Girls; Women's Confraternity; Boys' Club; Mens Confraternity; Dungarvan and Abbeyside Urban Council members; Crossbearer; Altar Boys; Clergy and Canopy.

The route of the Procession will be the same as in previous years with Benediction of the Most Blessed Sacrament on the Square, and at the Church gates, where beautiful altars are being erected.

**RETREAT IN DUNGARVAN.**

The Retreat for the women of Dungarvan parish was closed on Sunday evening, after a most successful week, during which the spacious Church was thronged at the morning and evening ceremonies. This week the retreat was for the men of the parish and it was most edifying to see the numbers present at the morning Mass and lecture and at the evening sermons. Not an inch of the Church was empty and it is a tribute to the religious fervour of our men and their piety. Rev. Fathers Phelan and Slattery, the distinguished Redemptorists, who are conducting the retreat must, with the good Priests of the parish rejoice at its success. The closing ceremonies will be on Sunday evening, at 8 p.m.

**CAPPOQUIN MUSICAL SUCCESSES.**

Some weeks ago Miss McCarron, Examiner for the Leinster School of Music, Dublin, held an examination of pupils of the Convent of Mercy School, Cappoquin, when eight pupils were examined in the middle, junior and preparatory grades. The results of the examination have been received, and it is a great tribute to the talent and accomplishments of the music teacher, as well as to the pupils themselves, that the entire eight pupils have passed several of them with first and second class honours, which is a very creditable performance.

The results are as follows:—Middle Grade—Miss "Dillie" Kelleher, pass with first-class honours. Junior Grade—(2nd year)—Miss Clair Curran, pass with first-class honours and awarded a valuable prize. Miss Bridie Murphy, pass with first-class honours. Preparatory grade—Miss Angela Colleder, pass with first-class honours. Miss Amy Kelleher, pass with first-class honours. Miss Eleanor Crowe, pass with second-class honours, while Miss Teresa Watson and Miss Pauline Brennan, both secured meritorious passes. We congratulate the Sisters of Mercy and the pupils concerned on their brilliant successes.

**PREVENTION OF POTATO BLIGHT.**

The time is now at hand when steps should be taken by potato growers to spray their crops as a means to secure an increased yield in order to preserve the potatoes. In many instances growers seem to realise that spraying is a preventive measure, not a cure, and that it is effective it must be carried out thoroughly before the disease makes its appearance. It is idle to think, as unfortunately some farmers do, that spraying is useless. Its efficacy has been too fully demonstrated to warrant such a view. Progressive potato growers spray their crops at least three times during the growing season, and all growers would do well to do likewise. To carry the work out properly it is essential that the bluestone and soda should be thoroughly dissolved in separate vessels, the dissolved soda then poured into the barrel containing the solution of bluestone and the whole mixture well stirred before it is used. The spray should then be applied without delay. Where ever spraying does not prove successful the failure is due to one of three causes:—(1) not having the mixture properly prepared, (2) spraying after the disease has appeared in the crop, (3) want of sufficient spray. Potato growers should consult the Agricultural Instructions and should procure a copy of Leaflet No. 14 which may be had free on application to the Secretary, Department of Agriculture, Dublin, C.17.

**NOTICE.**  
COUNTY OF WATERFORD.  
SALE BY AUCTION.  
TO BE SOLD IN FEE-SIMPLE.

In pursuance of the Land Purchase Acts, by Instructions of the Irish Land Commission under their Conditions of Sale,  
ON WEDNESDAY, the 8th Day of JUNE, 1932.  
By Messrs. Palmer Auctioneers, at their Sale Yard, Parnell Street, Waterford.

At the hour of ONE o'clock.  
TENURE AND DESCRIPTIVE PARTICULARS:

The Lands for Sale are comprised in a Vesting and Charging Order of the Court of the Irish Land Commission, dated the 27th day of March, 1888, and consist of part of the Lands of Ballinella, containing 112 acres and 3 roods (statute measure), or thereabouts, with the appurtenances, situate in the Barony of Gaultiere, and County of Waterford now or formerly in the occupation of William Power, held in Fee-Simple, subject to a terminable annuity originally fixed at £48 0s. 0d., payable to the Irish Land Commission from the 1st day of May, 1888, but which has been reduced to £34 13s. 6d pursuant to the provisions of the 25th Section of the Land Law (Ireland) Act, 1890. Said annuity is payable by half-yearly instalments on every 1st day of May and 1st day of November, and the next payment which will be due on the 1st day of November, 1932, shall be payable by the Purchaser.

The Lands will be sold subject in so far as the same are legally affected thereby to any tenancy thereon.  
The Purchaser to pay 5 per cent. Auctioneer's Fees.  
In the event of the Sale by Public Auction proving unsuccessful, the Irish Land Commission will sell the Lands by Private Treaty.  
The Lands are situated about 5 miles from Tramore.  
For Particulars and Conditions of Sale apply to the Auctioneers, or to W. J. O'REILLY, Solicitor for the Irish Land Commission, 21, Upper Merrion Street, Dublin. 14/c1333 W.H.Co.

RULES AND REGULATIONS.

- 1.—All persons resident in the County shall be entitled to borrow books free of charge. 2.—All borrowers must become registered by signing a registration card on which they undertake to replace or repay the value of any book which may be lost or materially injured by them. 3.—Non-ratepayers will be required to obtain the signature of a ratepayer as guarantor, whereby such guarantor will undertake to replace or repay the value of any book lost or materially injured by them. 4.—Children may become borrowers their registration cards to be filled or signed by a ratepayer and a teacher. 5.—On leaving his registration card with the Librarian the borrower will receive his library ticket on which is written his name and address. 6.—Each borrower may have two tickets, one for fiction, and one for non-fiction; one book may be borrowed at a time on each ticket. 7.—When borrowing a book the borrower hands in his ticket, which is kept until the book is returned. 8.—Books must be returned within 14 days from date of issue. If not returned, a fine of one penny will be charged for every week, or portion of a week, the book is detained. 9.—Borrowers' tickets are not transferable. 10.—There will be a register kept at headquarters of the names and addresses of all borrowers. Borrowers must report to the local Librarian all cases of infectious disease occurring in their homes, while library books are in their possession. 11.—No books will be issued in Adult Centres to Juveniles under 16 years of age. 12.—Legal proceedings will be taken against all persons refusing to return books after the expiration of three months, or refusing to pay fines on books overdue, after due notice has been given.

WATERFORD COUNTY COUNCIL.

RATE COLLECTORS APPLICATION.

ABBEYSIDE PLOT TO BE PUT UP FOR SALE.

P.R. ABOLISHED.

Mr. P. O'Gorman, V.C., presided. Also present—Messrs. G. J. Greene, J. O'Donnell, M. O'Regan, D. Heskin, J. Roche, J. Power, G. Torpey, W. Walsh, P. J. Fox, J. Butler, M. O'Ryan, J. Kirwan, M. McGrath, P. Cunningham, J. Halloran, M. Keane, L. Hallinan, W. Stack, J. F. Moloney, M. Curran.

Sympathy.

Mr. O'Ryan moved, and Mr. Kirwan seconded, a resolution placing on record the sincere sorrow of the Council on the death of Mrs. Pearse, one of the greatest Irishwomen of this or any age and mother of Patrick and William Pearse of immortal memory, and that copies of the resolution be sent to her daughter.

Mr. O'Ryan moved, and Mr. Halloran seconded, a resolution of sympathy with the family of the late Mr. Maurice Doyle, Pilltown, who was a member of the Council for many years, a sterling Nationalist and a Fenian; also with the family of the late Mr. John Sheehan, Mothel, a prominent member of the Council up to a few years ago.

Mr. Greene proposed, and Mr. O'Donnell seconded, a resolution placing on record their deep regret at the death of Capt. W. A. Redmond, T.D., who rendered such noble service to the country, as did also his illustrious father and uncle and that they tender to his widow their sincere sympathy.

The resolutions were passed in silence, the members standing.

Superannuation.

The L. G. Department wrote re the superannuation granted by the Council to Mr. Guiry, clerk in the Secretary's office and stated he had 28 years service for pensionable purposes and his appropriate pension would be £93 13s. 4d., and they would sanction that amount.

Mr. E. A. Ryan, solr., who appeared for Mr. Guiry, said the Council were quite entitled to grant him two-thirds of his salary as pension subject to sanction.

Mr. Butler proposed, that they request the L.G.D. to sanction superannuation to Mr. Guiry at £134 3s. 4d., being two-thirds of his salary, having regard to the special circumstances of his case. He had given 34 years faithful service to the Council, and had retired through failing health, defective eyesight and old age.

The resolution was passed unanimously.

Public Assistance.

Mr. Kiersey, T.D., wrote that owing to pressure of business he would not be able to attend the meetings of the Board of Assistance. Mr. Fox was appointed to the vacancy.

Diseases Of Animals.

On the motion of Mr. Butler, Mr. Stack was appointed a member of the Diseases of Animals Committee.

Helping The Railways.

A deputation on behalf of the Railway Employees Protection Association, appeared before the Council to solicit support for their cause and to ask the Council to use their influence in seeing that merchants and traders in the county availed of the Railway in every instance for the carriage of their goods.

Mr. Griffin (Dungarvan) said the means of livelihood of thousands of Railway workers were being imperilled and the matter was one of public interest.

Mr. Hosford, Secretary, referred to the enormous amount of wages paid by the Railway Co., all of which was spent in the country.

Having heard the statements of the deputation, the subject matter of which has already appeared.

Mr. Butler said in Dungarvan district £90 a week was paid in wages by the Railway Co. and the employment by the Railways in the country was very considerable. He proposed a resolution calling on the Government to introduce legislation dealing with the matter and to restrict the number of road vehicles until the question of utility to the country had been proved by an expert body of economists; also calling on the traders to give the Railway their goods and pledging themselves to have a proviso put in all their contracts to have their goods carried by the Railway.

Mr. Stack seconded. Mr. O'Ryan said in the olden days the Railway Co., would not accede to any request made to them and treated the business people with contempt. That was due to the type of men they had at the head of affairs. All they wanted was to get dividends on their capital. Unless some change were made in the management of the Railways they could do no good.

Mr. Butler—That will be dealt with by the Government and they will see that the interests of the public are guarded.

Mr. Bowen asked the Council not to bind themselves to have all their goods carried by rail. It would interfere with his department.

It was agreed to do so as far as possible. The resolution was then passed and Mr. Griffin returned thanks.

Plot At Abbeyside.

In connection with the plot at Abbeyside, purchased some years ago by the Co. Council, as a site for a Central Tuberculosis Dispensary and sold a few months ago as a building site to

the Urban Council for £20, the L.G. Department wrote asking if the best price had been secured for the plot, and if the former owner had got the right of pre-emption.

Mr. E. A. Ryan, solr., (on behalf of the reps. of the late Capt. Curran, the former owner) now offered £25 for the site.

Mr. Butler said the Co. Council accepted the offer of £20 from the Urban Council and took into account it was one public body selling it to another for the purpose of erecting thereon working class houses.

Mr. McCoy, solr., said in his opinion the right of pre-emption by the former owner did not apply in this case at all, and quoted law on the point. He said the Council could put it up for sale and sell it to the highest bidder. There was no right of pre-emption.

Mr. M. Curran proposed, the site be put up for sale by Mr. Hayes, Auctioneer.

Chairman—That is fair.

Mr. Butler—In view of what Mr. McCoy has stated that there was no right of pre-emption, the Co. Council should accept the offer of the Urban Council at £20.

Mr. McCoy—I don't think they could as there is a higher price before us. Chairman—We will put it up for auction and we are bound to give it to the highest tender.

Mr. Butler—The Co. Council paid £75 for that plot and those who sold it at the time were paid for it.

Mr. O'Ryan—It was sold here to the Urban Council for £20 for the benefit of the poor and to give employment, and now the parties who sold it for £75 want to get it for £25. He proposed they keep the plot. Mr. Butler seconded.

Mr. Curran—It is going to be utilised as a building site.

A vote was taken as to whether the plot would be sold or not as follows:—For selling—Messrs. Curran, Halloran, Stack, Greene, Hallahan, O'Gorman, O'Donnell, Cunningham, M. F. Walsh, Fox, O'Regan—11.

Against—Messrs. Keane, Butler, McGrath, Moloney, O'Ryan, Power, Torpey, Heskin, Kirwan and Walsh—10. Mr. Roche did not vote.

It was decided to sell the plot by auction subject to sanction.

Dunabratlin Harbour Master.

For the position of Harbour Master at Dunabratlin. Applications from three men named Byrne, Dunabratlin, Murray, (do.), and Whelan, Stradbally, were received.

Mr. Bowen said Byrne had been 5 or 6 years assisting his late father-in-law in the job and that was a good recommendation.

Mr. Butler said Byrne and Murray canvassed him on the matter. Byrne said he wanted the job for sentiment and not for the £6 salary, while Murray said it was the job he wanted to help him.

On a vote Byrne was elected by 12 votes to 7 for Murray.

In Generous Mood.

Rate Collectors Claim Granted. The application from the Rate Collectors for remuneration to cover loss of poundage due to the increased Agricultural Grant, was considered and Mr. Hallahan moved his motion that the order of the Council last June refusing to pay poundage fees to the Collectors on the amount by which the rates were reduced by the Agricultural Grant in relief of rates be rescinded and that the application be granted.

All the Rate Collectors were present. Mr. Hallahan referred to the efficiency of the Collectors and said they should be treated decently. It was a great hardship on the men to have their poundage reduced by the Agricultural Grant.

Mr. O'Ryan seconded, and said he never supported increasing salaries. There were a lot of irrecoverable rates and the collectors had to go to the Bank for an overdraft to close their warrants. £1,000,000 relief Grant would take away half the poundage of the collectors and even in reducing salaries it was not intended to reduce salaries of £200 or £300.

Mr. Greene said he was not convinced by the remarks made. Which of them could say he was as well off as this time last year. He could sympathise with the reduction of the collectors income when he thought of his own case and his neighbours. The collectors had not very much to complain of. They were the highest rated county in Ireland and their rates were as high after the Grant as other counties were before it. That Grant only helped them on as otherwise with the increasing rate the rate collectors in a short time could not collect it. The present Government was advocating cuts in every direction, except in taxation, and he was surprised some of the members were not following the lead of the Government and in for cuts. He asked would it be meeting the wishes of the ratepayers to grant the collectors their application, seeing their rates were up 5d in the £; that £3,500 was deducted from their grant for non-payment of annuities and the road grant was down £2,500. He thought even with the reduction that the rate collectors were getting less of a louch of the times than the general ratepayers.

Mr. O'Ryan said when the ratepayers got relief out of the million grant, the rate collectors should get relief

also. Mr. Butler said many counties were working on overdrafts and paying heavy interest, but their rate collectors lodge their full warrants at a specified time and save the Council expense.

Mr. Heskin said by collecting the rates as they were they were saving money to the ratepayers.

Mr. O'Donnell—All our rate collectors are large ratepayers themselves, and they are getting the benefit of the grant as much as any one and more than some of them, as they are very large ratepayers. All the ratepayers in my area are opposed to this application.

The voting was as follows:—

For paying the Collectors—Messrs. M. Curran, Halloran, Keane, Butler, McGrath, Stack, Hallahan, O'Ryan, Power, Cunningham, Roche, Heskin, O'Gorman, M. F. Walsh, Fox, Kirwan, O'Regan, Torpey and W. Walsh—19.

Against—Messrs. Greene and O'Donnell—2.

The motion to grant the Rate Collectors poundage on the amount of the relief grant was declared passed subject to sanction.

Co. Surveyor's Report.

The outstanding feature of the past quarter's bearing on the road work of the County is that the weather for the greater part was the driest experienced here for many years. This had a very beneficial effect in reducing wear and damage. Contractors generally have done a fair amount of work, and nearly all are recommended for payment. The mileage maintained by contract is now very much reduced, and few roads of importance are included.

On dirt roads only a little work was done, to complete the year. Generally these roads are in good condition. Quite a number of roads now reached a stage when ordinary maintenance is difficult and expensive, re-rolling being required. The present year's work is now in full swing. Plant and machinery is in good working order and repair. The additions authorised by you have been purchased, and some have already been delivered and put to work. Two extra Fordson tractors and trailers have been purchased, to cope with the hauling work, and should go far towards paying for themselves in two seasons' work.

The road improvement grant has been indicated to us, and shows a reduction from £12,275 0s. 0d., last year to £10,746 0s. 0d., this year. This is serious, particularly when an increase instead of reduction was expected. It was recently stated in the public Press that a further sum of a million pounds would be made available for road work this year. It would be of the utmost importance that the earliest possible information should be given to us regarding this money, as we could make certain arrangements in advance that would lead to economy and efficiency. Our work is entirely of a seasonal character, and a large portion of it could not be done in the winter months.

In connection with any further grants that may be received, I would like to point out that quite a considerable mileage of our main roads have never yet been regularly steamrolled. These should have a strong claim for first preference. Some of these are as important as tourist routes, such as the Lismore-Clogheen road. Again a number of important county roads are sorely in need of rolling, as otherwise their maintenance is a matter of heavy expenditure of an uneconomical nature. The road from Capouquin to McLeray is one of this class, and although not a main road is certainly one of the most important roads in this county.

A resolution comes before you relative to the declaration of main roads. It is not competent for the Council to declare main roads, as that power is reserved to the Minister for Local Government. The Council might ask the Minister to revise the main roads declaration for this county by way of the addition of several roads.

A dispute has arisen between us and the Official Contractor for the supply of tar compound, regarding the quality of material supplied, which we contend is not equal to the Specification. The dispute is governed by the Local Authorities (Combined Purchasing) (road Surfacing) Regulations, 1930—Statutory Rules and Orders, 1930, No. 34. It would be desirable that the County Surveyor or other Officer should be specifically authorized by the Council to act on their behalf in all matters affected by these regulations, so as to simplify the procedure and safeguard the interests of the Council as far as possible.

On the motion of Mr. O'Ryan, seconded by Mr. Cunningham, Mr. Bowen, Co. Surveyor, was deputed to represent the Council in connection with any dispute arising with the Combined Purchasing Board.

Mr. Bowen said such a question arose at the moment in connection with the purchase of tar which he maintained was not up to a specified standard.

Tarred Roads. Mr. Butler said sometime ago members of the Council asked the County Surveyor to leave a margin at each side of the road untarred for the convenience of horse traffic. Complaints had been made to him by merchants and traders in the town that on account of the perfect roads Mr. Bowen had made farmers were unable to come to town to do their business with the result that their goods have to be sent out to them by lorries. He would ask the Co. Surveyor when tarred the roads to see that a margin for horse traffic was left at each side.

Chairman—People all over the county are complaining of the tarred roads and that they cannot drive their

We hold very large stocks of New Goods which were bought in anticipation of the New Tariffs

This is a splendid opportunity of saving money by buying at the pre-Tariff Prices

MULCAHY'S DUNGARVAN

Kilmacthomas District Court.

Held before Mr. F. J. McCabe, D.J. At the outset, his worship said he wished to announce again—lest there should be any doubt about the matter—that the hour for opening the Court here had been changed from 11 to 11.30 a.m.

Major Jones, solr., on behalf of Mr. Patrick Kiersey, merchant, Kilmacthomas, applied for and was granted a committal order (43 days) against Mrs. Ellen Cooney, for her failure to comply with an instalment order in respect of the sum of £11 7s. 5d., due for goods delivered.

Dr. Counihan, acting for Messrs. M. H. Gill and Sons., Publishers, Dublin, sought and was given against the same respondent a decree for £2 9s. and costs.

Dr. Counihan, applying for the execution of the late Mrs. Ellen Boushel, draper Kilmacthomas, also obtained decrees against Julie Fitzerald, and John Walsh, for amounts totalling £3 15s. 5d., and £3 11s. 11d., respectively, together with costs in each application.

Appearing for Mr. John Kent, merchant, Kilmacthomas, Dr. Counihan, secured a decree against Mrs. Ellen Organ, Ballylaneen, in respect of a balance of £18 10/- outstanding.

Messrs. E. Hill, M. Coffey, and P. Kiersey, Kilmacthomas, were granted renewals of their petrol licences.

John Lenihan, Ballinlough, Kill had two summonses issued against Thos. Kiely, do., for the trespass of 4 goats and a donkey. Defendant, who was not professionally represented, admitted the trespass, and offered to give an undertaking to stop all further trespass and to repair the part of the fence knocked down by his animals.

Mr. O'Connor, (junior), solr., for Mr. Lenihan, said his client was willing to accept the undertaking. The gap made in the fence which the defendant would have to repair, was about 3 yards wide. He asked his worship to make an order in accordance with the terms of the undertaking, and applied for costs, covering his clients outlay in respect of both summonses.

His worship made the necessary order and allowed 10/- costs in each case.

Prosecuted by Guard Boyle, Kilmacthomas, Patrick Heame, and Rd. Tierney, motor drivers, Dungarvan, were fined £1 and costs for driving without a driver's license. The Guard informed the Court that both men had since complied with the requirement of the law on the matter.

The same Guard charged John Osborne, Aglish, Cappouquin, with having no red light on his motor car passing by Kilmacthomas after lighting-up hour on a recent date. A fine of £1 and court costs was imposed.

Fines ranging from 1/- to 5/- and costs were imposed in a list of Gardaí cases—breaches of the Lights and Dog Licensing Acts—in which Guards Rice (Kilmacthomas); Ryan (Stradbally), and Cullen (do), were the complainants.

Owing to the unavoidable absence of the solicitors engaged, the hearing of some additional cases was adjourned to the June sitting, and the Court rose.

PITH. On to-day, (Friday morning), Quarant Ore commenced at St. Anne's Church, Ballylaneen. There was sung Mass (Missa Cantata) at 8.30. Rev. T. O'Shea, C.C., officiated, and there was a crowded congregation. There will be a procession of the Blessed Sacrament after the late Mass on Sunday, and Benediction will be subsequently given by Rev. P. Farrell, C.C.

Magistrate: Did you use bad language?—Prisoner: Not what is called bad in our street.

Abolishing P.R. Mr. Stack moved, that they do away with the system of Proportional Representation at elections. He said at present it takes a week or a fortnight to count the votes where if they had the X as of old they would have the results known at once.

Mr. Fox seconded. On a show of hands, the resolution was declared carried by 3 to 1.

Electricity Charges. Mr. Butler moved that they request the E.S.B., to have charges for electricity reduced as the present charges were exorbitant and in some cases were 300 per cent. over what they were before the Shannon Scheme was introduced. He quoted instances to show where the present charges were 3/- per unit in the town.

Mr. Stack seconded. The resolution was passed unanimously and a copy ordered to be sent to the Ministry of Industry.

Closing A Road. Mr. Fox on behalf of the Traimore Amusement Committee, moved that the Council ask the L. G. Department for permission to close the road near the Strand, Traimore, for the motor Races on July 24th.

Mr. Bowen said there was no power to do it. Mr. Fox—You are asked to recommend it.

Mr. McCoy, said a certain procedure should be adopted before it could be closed.

Mr. Bowen—It is the Ministry will deal with it and not the Co. Council. The Council agreed to ask the L.G. Department to close the road on the particular day.

Tallow District Court.

(Before Mr. G. P. Farrell, D.P.)

Supt. Quinlan, charged Mary Collins, Curriglass, with supplying drink to a drunken person and Patk. Landy, Knockanore, was charged with being drunk on the premises.

Mr. J. L. Keane, solr., defended. Guard McGinn, Killeenagh, stated that he visited the premises on the day in question. It was 8.30 p.m., on an ordinary week day. He found Landy drunk in the bar, leaning against a partition and on the counter. He had a bottle of stout before him after being served to him. He questioned Landy about a complaint that had been made against him and he saw that the man was drunk. Witness then questioned the publican's son, who said that the man didn't appear drunk to him. His clothes were dirty, his lip swollen, and he admitted that he had fallen on his way to the house. Witness asked him to accompany him to inquire into a report received against him. On his way out he staggered all over the road and witness supported him. On the way he used obscene language and took off his coat to fight. Witness had to separate him from his brother, and he called his mother and brother filthy names. They had to restrain him and take him to the barrack. They released him after two hours. Witness didn't see Mrs. Collins at all at the time.

Cross-examined by Mr. Keane, witness said the complaint was that Landy had broken a window in his mother's house. He denied the charge. He didn't bring him to the barrack at first, but asked him to come and meet his accusers. Witness didn't tell Landy to finish his stout before coming with them.

Did you hear that while on the way with you he turned to the fence and drank a "Baby Power"?—Yes, I heard that the story was put out by the publican. And that he told the Guard who served him with the summons—I didn't hear it from the Guards. Did you know he said he got it at Morrissey's at Knockanore?—No.

Young Collins didn't appear indignant or ask any questions?—On the way from Collins' Landy partly walked and partly held on to the Guards. Witness didn't arrest the man at Collins' for being drunk. He came willingly with them. He wasn't fit to go home.

Mr. Keane—Our case is that he did not want to go, but you arrested him?—I deny that I arrested him. You thought it your duty to bring a drunken man face to face with his mother and brother, instead of letting him go home?—He wouldn't go home. Did you ask him to go home?—I asked him to come with me.

To Supt. Quinlan—Witness said Landy couldn't have taken the "Baby Power" while turned to the fence—witness flashed a torch on him. He didn't drink anything from the time he left Collins' and he didn't drink anything at the barrack. Only for the row he made at his mother's, witness would have got him to go home.

Guard Gill, stated he remained outside the publichouse when Guard McGinn went in. Landy came out and accompanied them as far as his mother's house. He was drunk. They took him to the barrack and kept him there till he got sober.

Cross-examined by Mr. Keane—Witness said Landy couldn't have drunk anything while turned towards the fence as Guard McGinn flashed a lamp on him.

Do you swear that Guard McGinn kept the lamp on him all the time?—No. What was to prevent him taking the "Baby Power"?—I couldn't say, I was behind him. As far as your evidence is concerned you can't swear he didn't take the "Baby Power"?—No.

Mr. Keane said his case was that Landy wasn't drunk that day—he had some drink taken, but wasn't drunk. Guard McGinn had evidently not a very clear recollection of what had taken place. Landy would swear that he took the "Baby Power" but up to that stage and while at Collins' he was perfectly sober.

Patk. Collins, son of the publican, said he was in the bar when Landy came in and asked for a bottle of stout. He had no sign of drink on him and witness gave it to him. Guard McGinn came in shortly after and asked Landy why he broke the window in his mother's house, and said he should come to the barrack with him. The Guard then charged witness with supplying drink to the man while drunk. Witness said he wasn't drunk. The Guard then told Landy to finish his stout and come with him. Landy went with the Guard. He hadn't to catch hold of him.

Cross-examined by the Supt.—Witness said Landy had no sign of drink at all. It was an extraordinary charge on the Guard's part. Landy wasn't leaning against the partition and on the counter. The Guard arrived about 5 minutes after Landy.

The Justice—What sort of light had you in the shop?—A candle—the bar is rather small.

Landy was in the habit of getting a bottle of milk from them during the winter. He cycled to the place and put the bike in a shed. He finished the stout before he left and put a 2/- piece on the counter to pay for it, but witness had no small change. Landy's bottle was in the house for the milk.

The Justice—He went away without his bottle of milk?—Yes. Was it sent to his house?—No.

Patk. Landers, stated he was known as "Landy." He had travelled a lot of the world. He was invited home to see after his father's house. He went to Youghal on the day in question to

consult a solicitor about it. He was a blacksmith and worked in a forgu attached to his mother's house. On his way home from Youghal, he got a "Baby Power" at Morrissey's Knockanore. He then went to his mother's to get some clothes. There was nobody there and while trying to get in a loose pane of glass fell out and got broken. He then cycled to Collins'. It was very dark and he had no light. At Collins' he was taking a bottle of stout when Guard McGinn came in and accused him of breaking the window in his mother's house and then asked Patrick Collins why he served a drunken man, making awful remarks about witness's mother and brother. The Guard then asked him to go to the barrack and witness asked him where was his warrant. He finally went with the Guards. He was perfectly sober and got no assistance from them. On the way he turned aside and drank the "Baby Power." He had some drink during the day—in Youghal, at Knockanore and at Collins'.

Cross-examined by Supt. Quinlan—Witness said he was sober when he arrived home at 7.30 from Youghal. The "Baby Power" he took on the way from Collins' affected him—he could not take much drink. He wasn't leaning against the partition in the bar. He might have had the smell of drink, but that was all. He wanted to go into his mother's, but the Guard said to come to the barrack—he didn't want to be down for breaking the window. He limped on the way, his foot being sore. He didn't stagger till he took the "Baby Power." The Guards hadn't to help him. They didn't assault him at that time, but they did after. When released from the barrack he felt too tired to go home and he went to his mother's place. Not being able to get in he went into a shed, sat on a table and fell asleep. After a short time Guard McGinn came in caught him, hit him a blow in the eye, split his lip and caught him and threw him into the yard. He made no complaint to the Sergt., but he told the Guard who served the summons on him. He was idle for a week after the assault.

To the Court—Witness said he told the Guard he wanted to go home with the bottle of milk when they were taking him to the barrack, and also after the Guard beating him. The Guard made insulting remarks about his mother, his brother and himself at Collins'. He turned into the fence to drink the "Baby Power," because he didn't want to bring it to the barrack. The window was broken accidentally—his brother saw what happened. He cycled to Collins' but had some trouble with the chain on the way.

Do you recollect everything that happened after you took the whiskey?—Yes, but not so clear as before I took it, though.

The Justice said he would like to hear Guard McGinn regarding the further evidence given.

The Guard was recalled. The Justice—You heard the evidence of Landy as to what happened after he left the barrack—what have you to say?

The Guard said Landy was released after giving an undertaking not to interfere with his mother. The Sergt. told witness to go after him. When he got to the mother's place he heard Landy saying, he would murder her and rot in jail for her. Witness had to go between and separate them. Landy had no black eye, he had a swollen lip at Collins'. Witness did not strike him. He made no insulting remarks about the mother or brother, but Landy himself did.

To Mr. Keane—He had a swollen lip in the barrack?—Yes, and at Collins'. He said he fell on the road. Why not have given this material evidence before?—I intended to.

Recalled by the Court—Patk. Collins said that Guard McGinn said to Landy—"What kind of a low crowd are ye" and Landy said what was that to him. They then exchanged some words.

After some legal arguments, the Justice said he naturally had some doubt on the evidence as to whether that man was drunk and he gave the defendants the benefit of the doubt.

Both cases were dismissed.

Sergt. Conboy, Ballynoe, charged John Barry, Christopher Fitzgerald, and Thos. Murphy, all of Middleton, with a breach of the Game Preservation Act, 1930.

Complainant stated that on April 12th, he found the three defendants at Curradarra, catching birds, Goldfinches, with bird-lime on sticks. They said they were unemployed and wanted to make a few "bob." They had cycled 16 miles to the place which was reputed to be the resort of good breeding birds,—on the banks of the Bride—the best of the kind.

The Justice—What is the defence? One of the defendants said they wanted to get a few good breeding birds and were tempted. They were all idle. They cycled that day to attend the Court.

The Justice said he didn't like to fine the men in the circumstances.

The Sergt. said he didn't want to press the case, but just to bring the law under the notice of the public.

The Justice said it was well that people should know that bird-lime must not be used. They were liable to a penalty of £5 for doing so, but he would merely fine them 1/- to show that it was illegal.

Sergt. Quinlan, Tallow, charged Patk. Collins, Carriglass, with burning heather on his lands within the prohibited time.

Guard Gill having proved the offence, stated that the defendant said he didn't know it was an offence, and he set about putting the fire out immediately.

The Justice—Are the Guards satis-

FITZGERALD FOR BIKES. DUNGARVAN

TO AVOID POLITICAL ACTIVITIES, TO COURT CLERKS.

The Minister for Justice has issued a circular to District Court Clerks, directing them as public servants to avoid having anything to do with political movements in the country, and warning them not to be influenced by political or party motives in the discharge of their duties.

The Minister accordingly has made the following regulations:— (1)—Court clerks to maintain a certain reserve in political matters and not to put themselves forward on any side.

(2)—To refrain from acting on any committee having for its object the promotion or the prevention of the return of a particular candidate or candidates at a Dail election.

(3)—Not to support or oppose any candidate by public support or writing.

(4)—Not to take part in any public discussions with regard to the public conduct of Ministers or the policy of the Government.

It is understood that these regulations have been made as a result of the political activities of court clerks at the General Election.

Early Spring is generally the forerunner of a good season. We invite all our customers to look up their stock of Garden Tools, Spades, Rakes, Digging Forks, Hoes, Trowels, Lines, etc. All our tools are made from the finest Sheffield Steel and are fully guaranteed. Our prices are the lowest in the city.

HARPUR BROS. 48, The Quay, Waterford.

MINISTER'S NEW SALARIES. FREE OF INCOME TAX. The salaries of members of the Executive Council, the Ceann Comhairle, and the Leas-Ceann Comhairle, have been fixed as follows, the figures in parenthesis representing the old scale:— President (£2,500) ... £1,500 Ministers (£1,700) ... £1,000 Ceann Comhairle (£1,700) ... £1,000 Leas-Ceann Comhairle (£1,000) ... £700 As new salaries are free of income tax the saving to the taxpayer is not as substantial as it first appears. In the late administration Cabinet members were assessed on their salaries less £300—the allowance of Deputies. This levy at the increased rate of 5/- instead of 3/6 in the £ would reduce the old salaries very considerably.

### YOUGHAL URBAN COUNCIL.

Present—Mr. J. R. Smyth, P.C., Chairman; Mrs. S. Hurley, P.C.; Capt. P. Dunne, Messrs—J. Whelan, T. Murphy, E. P. Lynch, Vice-Chairman; M. D. Broderick, D. J. Linehan, D. Dennehy, A. J. Fowkes, T. Beausang, P. J. McMahon, P.C.; J. Kennedy, P. J. O'Gorman, P.C.; E. Clancy.

**The Pier Head.**  
Mr. Murphy asked how did the harbour stand as regards funds. The Secretary said they had a small balance to credit.  
Mr. Murphy said something should be done to the Pierhead front. It was in a bad way.  
The Harbour Master said neither the weather nor the tides at present were suitable for work of the kind.  
After some discussion as to the best method of carrying out the necessary repairs, the Harbour Master was instructed to attend to it as soon as conditions favoured the work.

**Duggan Dependents' Fund.**  
A long discussion took place on the question of apportioning the Duggan Dependents' Fund. Mrs. G. Simkins, attending on behalf of the British Legion.  
The Clerk suggested that the safest method of dealing with the small amount on hands was to lodge it in the bank and pay the funeral expenses, etc., by cheque.  
It was pointed out that it would mean a bank charge of 10/6 in addition to the cost of cheques.  
A member—Surely the Bank would not charge 10/6 in the circumstances (laughter).  
The Clerk's suggestion was adopted.

**Ladies Cloakroom.**  
There were 11 applicants for the position of two waitresses at the ladies cloakroom on the strand.  
After a lengthened discussion and numerous polls, which occupied about three-quarters of an hour, two women named Sullivan were appointed.

**Acknowledgment.**  
A letter of acknowledgment of the Council's resolution of sympathy was read from Mrs. J. Redmond and family.

**Housing Scheme.**  
Mr. Murphy asked was there any further development regarding the proposed Housing Scheme.  
The Clerk said it was finished for the time being.

**Mr. Murphy—Why?**  
The Clerk—Because the rents would be too high.  
Mr. Murphy—They are building houses for £200 a piece at Clonmel—why not Youghal?

The Clerk said since that tender was accepted the price of building materials had gone up. He knew of one local merchant who had to pay a duty of £10 on 20 tons of galvanized sheeting. They all knew what that implied.

Mr. Beausang suggested that the Clerk write to Clonmel for particulars.  
The Clerk said he had already written to several places and the replies he received showed that the rents of three-roomed houses would be 7/- and above, while the 4-roomed would be 7/6 to 9/-.

Mr. Murphy said they ought to go ahead with their scheme as far as possible.

Mr. O'Gorman thought it better to wait for the decision of the Ministry regarding the Clonmel scheme. If they approved of it then the Council could proceed with the scheme at once.

The Chairman and others agreed with Mr. O'Gorman.

Capt. Dunne—The Government said they would have houses built to let at 4/- weekly.

The Clerk said he would write to Clonmel as suggested.

### FESTIVAL OF ST. CARTHAGE.

Lismore, May 1932.  
Dear Sir,—In reference to your correspondent's report of the St. Carthage Festival at Lismore, it may interest your readers to be made aware of the sequel which took place at the Devonshire Arms.

Dr. Gebruers, of the Universities of Liege and Louvain, was so impressed by the vocal powers of Miss Nagle of Ring College, that he came to interview the young lady and stated to me personally, that he was prepared to take her up and be responsible for her musical training, gratuitously if necessary. There is said he, promise of a Tetraxini or Patti in her charming voice.

And by the way, how did your correspondent omit a notice of Miss Dent of Ring College, whose rich and cultured voice, won the rapturous applause of the audience.

It may be some recompense to whatever individual or group was responsible for the entertainment to know that the Doctor stated—"that it was one of most cultural entertainments at which he had been present since his advent to this country."  
Yours faithfully,  
"A LOVER OF MUSIC."

### YOUGHAL SUICIDE.

### MAN FOUND HANGED IN OUTHOUSE.

Michael Kennaally, North Main St., carpenter, aged 28, unmarried, having been missed on Thursday morning, search was made and he was found dead by his brother, Thomas, hanging in an outhouse, at the rear of his father's residence, where he lived. He worked with his father, James Kennaally, builder and contractor.

The total sum payable by the occupier of any Agricultural Land in respect of the above Poor Rates will be reduced, owing to the division of the Agricultural Grant, by a sum equal to 67 pence in the £ on the valuation of such Agricultural Land.

The Rate Books are now in my custody, and may be inspected by any person affected thereby at the Council Offices between the hours of 10 a.m. and 4 p.m., exclusive of Sundays and Bank Holidays. The said Rates will be payable from and after the publication of this Notice.

Signed this 24th day of May, 1932.

J. H. O'SULLIVAN, Secretary to the Council.
