Relief Grants.

Waterford T.D.'s Charge, AGAINST LOCAL PUBLIC BODIES.

Speaking in the Dail on the debate regarding Relief Grants, Mr. Goulding, T.D., said:— Much as I would wish to make this a broad issue, I suppose like the rest of the speakers, I will be compelled to make it parochial. With reference to the expenditure on the bye-roads, I think there is a reluctance on the part of the County Boards of Health to embark on schemes of this kind. Take the County of Waterford, which has the greatest mileage of roads in proportion to its valuation of any county in the country, and the position is that the Waterford Co. Council are very reluctant to vary or extend the mileage. They fear that if these roads were put into repair the people interested would endeavour to get them on to the County Council register of roads and so add to the mileage.

If I make a suggestion it would be that any expenditure incurred on these roads will be of such a nature that it will not be necessary to have them re-stocked for years to come. Roads of this nature are used by comparatively few people, but these people are ratepayers and they are entitled to these roads passing their houses should be put into repair and kept in repair. The present position is that everybody's business is nobody's business. Once a road of this kind is repaired very little will be needed to keep it in repair. If the road were once put into a fairly decent state of repair it would be easy for the farmers themselves to keep it so. If the county council could get power to expend a very small sum occasionally in keeping water off the road there would be no necessity to keep stock on it for years to come. I endeavoured to get something like this done by the Waterford county council but I failed. The result is that the money spent on the roads previously was wasted.

I am afraid some of the county Boards of Health are not very keen on taking up these schemes. Some of the county Boards of Health are not very favourable to the present administration and are not at all keen to execute or expedite some of the schemes put forward. If such is the case, I would ask the Minister for Local Government and Public Health to see that pressure should be brought to bear on these bodies and thus that they might be got to execute the works.

A considerable amount of the grant has been spent on our main roads. This matter has been raised before and I do not want to go over the same ground, but I think it would be a good idea if we people in Ireland again went back to the burning lime. We have used a tremendous quantity of limestone in the past few years—putting it on the roads and covering it with foreign tar. I know mountain areas in my district where lime is a very valuable manure. In the old days they could get lime at a cheap rate and it was used extensively. For years past the people are giving up the use of lime. If they want to they have to go miles away, any pay a very heavy price for it, while practically at their doors is one of the finest limestone districts in the country. I remember myself seeing many limekilns working there and those limekilns are still in existence. Of course I can understand that it would be a difficult matter for a Government Department to take over the burning of lime. The limestone quarries are private property.

If it were possible—I do not like subsidies—to make it an economic matter for those owners of lime kilns to again produce lime, that lime would be readily bought.

It would go back into the land that needs it badly, and I think it would be one of the best ways of spending this money we have to spend.

Now there is another aspect of the matter. The quarrying of the stone used in the making of lime is entirely hard work, and in this work it would not be necessary to use any machinery whatever, so that practically every penny of the money spent on the work we want to do would go to the relief of unemployment. One of the greatest complaints we have met with during the past few months has been the fact that a lot of the money we gave for the relief of unemployment has gone across to England for tar and machinery. The men employed on the roads have told me that a considerable portion of the money that they were supposed to get to relieve them has gone in this way. I am inclined to agree with that. If we give money for the relief of unemployment we should endeavour to see that every penny of that money goes to the unemployed. In the production of lime I think practically every penny of the money spent would go into the hands of the unemployed. If we want to reclaim mountain land in this country and make valuable arable land of it we will have to go back to lime. I would suggest that we make a start now, and give an opportunity to those who own kilns to put those kilns working. The effect will be immediate—this lime will go into the land for the coming Spring, and will help the farmers in mountain areas, who find it very difficult to buy their artificial manures, in producing their crops.

In many parts of this country the embankments are in a very bad way. Breaches are occurring here and there, and if they are allowed to go on it will necessitate considerable expenditure later on. The Land Commission is supposed to do this work, but the Land Commission is unable to cope with it. It would be a good idea if

some of the money we are spending could be devoted to this purpose. The small breaches which now exist could be repaired at small cost, and if they are allowed to develop it will entail the expenditure of vastly more money later on. In this case we should adopt the old principle of the stitch in time. With reference to forestry, I think more attention should be paid to it. Now I do not want to make this a parochial matter at all.

I think in any forestry schemes more attention should be paid to the scenic point of view. Some of the finest districts in this country, from the scenic point of view, have been destroyed by the compulsory cutting of timber in places that would be a valuable asset from the tourist point of view. Those places could be rendered again to that valuable asset by judicial planting. I think a lot of planting that has been done has been done in remote mountain areas. I do not object to it, of course, because those areas will quickly be improved in that way, but I think two purposes could be served—the purpose of utility and the purpose of beauty—if more attention were paid to the scenic point of view in forestry schemes.

Now I go on to the principle of helping those who wish to help themselves, and this is purely a parochial matter. The Waterford Harbour Committee have offered to put up £500 if they get £1,000 grant. I think they should get it. One of the best principles in helping people is to help those who help themselves. Any man who comes forward with a scheme which he is prepared to back with his own money should get all the help possible in carrying it out.

The Minister should endeavour to translate into action—of course I recognise his difficulty—the suggestions put up by Deputy Goulding, and where there is a will there is a way. If it could be found possible to translate into practical economics the suggestion put by Deputy Goulding with regard to the development of our lime kilns, it would give direct labour to many of our unemployed. The vast sums which are spent on relief grants and spent on machinery and other things of that character not made in this country, are altogether out of proportion to the amount of labour given. In the development of lime kilns we would have little or no machinery requisite, and if there was anything in the nature of tools and machinery required they are already in the country and available.

YOUGHAL MENTAL HOSPITAL.

At the monthly meeting of the Committee of Management of the Youghal Auxiliary Mental Hospital, Mr. M. O'Donovan, presided and the others present were—Very Rev. D. Canon Dinneen, D.D., P.P., Messrs. D. Gamble and D. Hinchin.

The Manager reported that since last meeting 5 patients had been admitted from the Cork Mental Hospital; 2 patients had been transferred at the request of the Resident Medical Superintendent and one patient had died. The total number in residence at present was 427—250 men and 177 women. The Manager recommended Nellie O'Sullivan and Frances Hennessy for the position of attendants on the permanent staff. They had been temporarily employed for the past 2 years and had given satisfaction. Much inconvenience had been caused by the non-delivery of the Eggs and Butter at the appointed time. Owing to the delay it was necessary to purchase a supply of eggs locally. The Contractor was informed and his replies were submitted. Foleys were due to Misses Evans and Foley, Youghal, for a supply of magazines and pictorials for the patients.

Some discussion took place on the failure to supply the eggs and butter at the appointed time. It was pointed out that it was a very serious matter. Mr. Hinchin suggested that the matter be left over for the Cork meeting, but it was finally decided to take very serious notice if the like occurred again.

Satisfaction was expressed by the committee as to the state of the health of the patients, there being only one death reported since last meeting, at there had been none reported.

Dr. M. Twomey, Visiting Physician, reported that since his last report there had been one death, the deceased belonging to the Cork Mental Hospital. Four patients were confined to bed on the male side of the house, and 7 on the female side, owing to debility and other causes. There had been no case of seclusion, restraint, injury or violence. There had been no complaint of the water supply. The food supplies had been regularly examined and found up to standard requirements. There had been no case of gynecotic disease and the general health of the Institution was excellent. A letter was read from the L.G.D., in connection with the stamping of supply of meat for the Institution and after a short discussion, it was referred to the Cork meeting. On the proposition of Canon Dinneen, seconded by Mr. Gamble, a cordial vote of thanks was passed to Misses Evans and Foley, for their kindly thoughtfulness in supplying magazines and periodicals for the patients.

CAR GOES ON FIRE.

Motoring near Dundrum, Tipperary, in the early hours of the morning, a car struck a fence, overturned and went on fire, burning the occupants, Charles Brazil, a mechanic, aged 23, and James Donnelly, a labourer, aged 28, of Dundrum. The two men are in Tipperary District Hospital.

Co. Board, G.A.A.

At the West Waterford Convention of the G.A.A. in Lismore, on Sunday week, Mr. Frank Ryan, Tallow, chairman, presiding, many matters of interest were discussed.

District League Matches. Mr. V. O'Donoghue, called attention to the unsatisfactory results experienced by having some good teams knocked out of the championship in the early round and having nothing to do but twirl their fingers and act as spectators for the remainder of the season.

He suggested that the Western Division should be divided into sub-divisions, and League matches introduced which would do much to end the present unsatisfactory state of affairs. He also complained of the hardships inflicted on Minor teams by having to strip and play their matches on cold winter days, and said something should be done to have all Minor matches played off earlier in the season.

The Secretary agreed with the latter suggestion, and said he believed they lost the Minor Championship last year through not having the Minor matches played early, as several better players were out of the team than those included, but they had no means of knowing this at the time owing to all the Minor matches not having been played.

Dealing with the question of a League he said the Cappoquin Club had tried to get it going last year, but failed, as the great danger seemed to be that League matches would clash with Co. Championship fixtures, but with proper co-operation between all the Clubs concerned, he thought it would be possible to run off such matches without great difficulty.

Messrs. John F. O'Donnell, the Chairman and other members having also spoken, it was decided to refer the matter for fuller consideration to a committee of the Divisional Board on an early date.

Mr. E. Lonergan, Cappoquin, urged that all Co. Championship matches should be finished earlier in the year, and the Secretary agreed and said that all Minor Championship matches should be finished in future before the Inter-County Championships were started.

"The Daly Cup" Tournament

Mr. M. Connors, Dungarvan, complained of the long delay caused by the Cappoquin Club in finishing off the above Tournament, which had now been hanging fire for over 20 years. There was a set of medals to go with the Cup, and as the semi-final had been played some months ago, Dungarvan and Lismore were now left in for the final game, and he thought that Cappoquin should be directed to finish the Tournament without further delay.

Messrs. Ahearne and Lonergan, on behalf of Cappoquin, vigorously replied and maintained that the Cappoquin Club was not bound to put up a set of medals now in addition to the Cup, because according to the Rule governing Tournaments all trophies should be lodged with the Co. Board before a Tournament could be started, and as this Rule had not been complied with, they held that they could not be called on to put up a set of medals now after 20 years.

The Secretary replied that it had often happened that when a Club was starting a Tournament it had not sufficient money to purchase medals in advance, and therefore, the Co. Board did not always adhere to the letter of the law in this respect, but allowed such clubs to play off a few matches before demanding the medals, and this was, probably, what had happened in the case of Cappoquin.

Mr. Ahearne contended that the whole Tournament was illegal when this rule had not been complied with. Mr. Connors replied that it must have been therefore illegal for the Cappoquin Club to pocket the gate receipts of the semi-final match recently played between Lismore and Cappoquin (laughter).

Mr. John F. O'Donnell said the whole question of the "Daly Cup" should be left for settlement between the "old veterans" who first played for it over 20 years ago, and as he was a member of the old "Blackwater Ramblers Club" in Lismore at that time, he was game now to take off his coat and play for it again, (laughter and applause).

After a prolonged and rather heated discussion, the whole matter was referred to the entire Co. Board for final decision.

Cappoquin Again In The Picture

The following motions from Cappoquin Club, which appeared on the agenda, were next considered:— (1) "That any Club, or combination of Clubs, known by the same name be not entitled to more than one representative on the Co. Board," and (2) "That the Parish Rule be put in force again and strictly enforced, and that a member must play with the Club next to or nearest where he resides, if there is no Club in his Parish."

Mr. O'Leary, Moorehill, said if the Parish Rule was strictly enforced it would lead to certain confusion, and hardship on many players, and referred to his own case in playing with Moorehill Club although he resided in Tallow.

Mr. Connors, Dungarvan, was not in favour of the Parish Rule, as he had no objection to Dungarvan men playing with Ring, Brickey Rangers and other such Clubs, and it would be a great hardship to country Clubs like these, who often found it difficult to field a full team, if they were de-

prived of the services of outside players.

Mr. John F. O'Donnell, said he was also opposed to the Parish Rule, and quoted cases of hardship which would be caused, say in Ballyduff, where the Tallow parish extended to Ballyduff Bridge, or in Lismore where Cappoquin parish also extended almost to Lismore Bridge.

The Secretary said there were good points both for and against the Rule, and he appealed to the various Clubs to consider the matter in a broad sporting manner and not in any narrow Parochial spirit.

Mr. Ahearne, Cappoquin, having strongly defended the Rule, the Secretary suggested referring the matter to the Co. Board, and this was agreed to.

Dates For Championships. It was decided to have all affiliation fees from Clubs paid on the first Sunday in February, 1933, when the draws and fixtures for the first rounds of the Co. Championships for next season will also take place.

Vote Of Thanks.

The Secretary having announced that this completed the business on the agenda, the chairman, Mr. Frank Ryan, proposed a hearty vote of thanks to the members of the Lismore Club for the splendid arrangements which they had made for the holding of the Convention that day and also for the general assistance which they had given to all the delegates (hear, hear).

Mr. J. Hearne, seconded the vote of thanks, which was warmly supported by the Secretary, who said he was sure that the Cappoquin Club would have similar arrangements made for them when their next Convention was held there next year, (hear, hear).

ENTERTAINMENT AT LORETTO CONEVRT, YOUGHAL.

The pupils of Loretto Convent, Youghal, gave a delightful and highly appreciated entertainment before a large and representative audience on Friday week. The various items were enthusiastically received and both the selection of the pieces and the all-round proficiency of the artists fully deserved highest ecomiums.

The entertainment opened with a splendid rendering of "Springtime" by the school choir. This was followed by a "Minuet" gracefully danced by four pupils attired in Victorian Costume. Two of the younger pupils recited in excellent Irish with the real bias, "An Duban alla agus an mioltoig." The Operetta "Princess Tots Birthday" was loudly applauded. Miss Margot James filled the role of "Princess" with grace and ease as did the twenty-five little tots who attended at her "Birthday Party" as Nursery Rhymes. The Irish Step-Dancing which was a notable feature of the programme was capably performed, in appropriate costume. O'Rourke's Request" was feelingly recited by G. Downing. The "Martyr Acolyte" where Isagan takes the place of Declan Og Macroy, was touchingly rendered by Joan Osborne, while "Grandma's Minuet," by Marjorie Osborne, caused much amusement in the audience. Master Cal Condon—the youngest performer—as the "Real Santa Claus" excited much merriment. The big item of the evening was "Thompson in Tir-na-n-Og." The story of Thompson is well known to all play goers, but as portrayed by the Loretto pupils it received new life and vitality and all the characters were interpreted in a manner that sustained the spectators lively interest to the very end.

Beggy Condon as "King," Anne Purcell as "Queen Maeve," Teresa Flynn as "Grainne," Eva Walshe as "Angus," Kathleen O'Neill as "Finn Mac Cumhail," Joe Harkham as "Cuchulian," Abina Creedon as "Conan" each did their part admirably, but H. O'Halon as "Thompson" brought down the house.

The success of the evening was completed by the "Burglar's Alarm," a very enjoyable and perfectly produced farce which followed the longer comedy. The parts were filled by K. O'Hanlon, as "Mrs. Browne," V. Condon, as "Miss Amanda Browne," Dinah a coloured servant—Jennie Murphy; Mr. Smyth, Mrs. Browne's brother—G. Downing and Mr. Browne—Tep Murray. The choice of artists assured the complete success of this little farce and they thoroughly deserved the warm applause which their efforts were awarded. The programme concluded with the singing of the Adeste Fideles by the school choir.

The Very Rev. D. Canon Dinneen, D.D., P.P., in proposing a cordial vote of thanks to the artistes, on behalf of the audience, paid a warm tribute to the ability of the pupils and the skill and care of the good Sisters, and heartily congratulated them all on the wonderful success of the evening's entertainment.

The Public Health Committee of the Waterford Corporation have decided to oppose the application of Mr. D. Barry, Tramore, for a dance hall licence in respect of a room over Messrs. Burton's premises in Michael St., Waterford. Enquiries were directed regarding other dance halls in Waterford.

Dungarvan Urban Council.

Mr. J. Butler, chairman, presided at the Finance Meeting of the above held on Friday last. Also present—Messrs. Moloney, Keane, Foley, Griffin, McCarthy, Hackett, McEvoy, Power.

Payment For Holiday. Mr. McCarthy after the reading of the minutes, said at the last meeting the Council agreed to pay a half day's wages in respect of the holiday, he had received complaints from some men that they were not paid, and would like to know if such was the case.

Chairman—I cannot say. All I know is that there was a supplementary paysheet made out which I signed. Mr. McCarthy—I am sure these men would not come to me and tell me they were not paid, if they were.

Mr. Keane—If Mr. McCarthy's information is correct, he is right to bring it up, there should be no exception. After the B.S., had gone over the paysheet in question he pointed out to Mr. McCarthy that the men in question had not worked three full days before the holiday and therefore, were not entitled to the half-day's pay.

Mr. Hackett referring to the loan of £700 raised by the Council to do the footpaths, said it was now gone outside that this Council got a grant of £7,000 to do the paths, and he wanted to contradict that and to tell the people outside that it is the Ratepayers of Dungarvan who put up this £700.

Mr. Foley—I am surprised at Mr. Hackett or anyone like him to believe or pay heed to such stories.

Financial Statement.

The Clerk submitted the following statement showing the state of the Rate Collection to date:— Poor Rate—Amount of warrant—£2,152 7s. 11d.; collected £1,844 18s. 11d.; outstanding £307 13s. 0d. 2nd moiety—Amount of warrant £2,027 9s. 0d.; collected £508 11s. 2d.; outstanding £1,518 17s. 10d. Town Rate—Amount of warrant £1,362 4s. 8d.; collected £1,137 3s. 2d. outstanding £225 1s. 6d. 2nd moiety £1,205 5s. 9d.; collected £324 2s. 2d. outstanding £881 3s. 7d. Domestic Water Rate—Amount outstanding £29 2s. 7d., 2nd moiety—Amount outstanding £94 16s. 7d.

Cost Of Services.

Roads Estimate overspent by £63 4s. 2d.; Towns Improvement Account overspent by £66 3s. 11d.; Water Account overspent by £6 14s. 8d.; Sewers Account overspent by £43 13s. Artisans Dwellings—£1 8s. 5d. overspent. Scavenging balance to credit £51 7s. 1d.

Mr. Moloney—We are roughly £180 overspent.

Clerk—Yes.

Mr. Moloney—We have no good account but one.

Mr. Hackett—Was there money spent in erecting the platform on the Square for last Sunday's meeting by this Council.

Chairman—Surely that is not suggested.

Mr. Hackett—It is. Is it scandalous the way the people outside talk against this Council.

Chairman—The rate collection is good, and there is still three months to go.

Mr. McCarthy asked the B.S., if the men employed up to this (Friday) night were to be working on Saturday.

B.S.—Yes.

Mr. McCarthy—As it is Xmas week, I propose that to-morrow's pay be included in the paysheet.

Mr. Power—I will second that.

Clerk—You cannot do that.

Mr. McCarthy said it was done by the Council for years, until it was stopped by Mr. Moloney.

Mr. Moloney—It was illegal.

After some discussion, the B.S., promised to make out a supplementary paysheet for the men working on Saturday.

Footpaths.

The clerk referred to the expenditure to date on the £700 footpath scheme was as follows—Spent to date £334 18s. Balance to credit £4165 2s.

B.S.—It does not look as if we can finish the scheme with that amount. He wanted to make one remark—that is that he is going to employ only two men against every man laying the concrete until the work is finished. He will only have 14 or 16 men working during the next week.

Mr. Griffin—Is it your intention to do King's Street.

B.S.—If the money holds.

Payments.

The following paysheets were then passed. General Account £14; Harbour Account £2 12s.; Shandon Road Account (per Mr. Bowen) showed expenditure £143 9s. 3d., previously certified £1,618 0s. 1d., making a total of £1,761 9s. 4d., and leaving a balance of £438 10s. 8d.

Mr. Moloney asked how the members who sign those paysheets would stand and if they were liable to be surcharged. My point is I signed a paysheet the last night and would like to know my position, as there is a very big margin between the prices of some items, particularly cement, the prices being 43/6 and 52/.

Mr. McCarthy—Eight shillings is a big margin in a ton.

Mr. Keane said the last paysheet signed by him, he also noticed the different prices for certain items and he would like to know can we be surcharged for that.

Mr. Moloney said he noticed that there was 50 tons of the 52/- cement as against 14 tons of the 43/6 cement.

Chairman—As far as I know unless an official draws the attention of the members to matters which the Auditor may afterwards take exception to, the official is liable to be surcharged. If he does draw attention to it and we

afterwards sign, we are liable. Mr. Keane—If the responsible official does not say it is illegal we are not liable!

Chairman—I think so.

Mr. McCarthy asked what proportion of cement was being put in the Shandon Road path, if it was two to one, six to one, or ten to one.

As the information was not available the clerk was directed to write to Mr. Bowen for particulars.

Home Rule Street.

Mr. McCarthy said this is his fourth time recently drawing the Council's attention to the condition of the above street, stones and gravel were drawn there and put up against the walls, but were not spread. He then referred to the flooding of a house there and asked what would remedy it.

B.S.—The houses are from 12 to 18 inches underneath the road. The residents tell me that it is not the road water, but the surface water from Nugent's field which goes into their houses.

Mr. Power—explained where there were open and closed drains in the vicinity of that street in his young days and there was no flooding then.

Mr. Griffin said if they connected up from Young's house to the man-hole at Sarsfield Street, it would do away with the flooding.

The matter was again referred to the B.S.

Scallon's Yard.

Mr. John Flynn and Mrs. A. O'Neill, Mary Street, wrote calling attention to the condition of Scallon's Yard, as a result of which their kitchens were flooded.

The letter was referred to the B.S.

New Lane.

A letter from the residents of the above calling the Council's attention to its almost impassible condition owing to potholes, was also referred to the B.S.

Building Site.

Mr. Michael Needham, wrote offering the Council his plot at Sarsfield Street, Abbotside, as a building site. The letter was ordered to be sent to the L.G. Department.

Different Rates Of Pay.

John Cashman, appeared before the meeting and asked if the Council had decided to give him 10/- a day while working on the footpaths as it was not in his contract. Seven shillings a day is no wage for a man and horse, with the price of oats, etc.

Chairman—It is a pity you offered yourself to the Council for seven shillings.

Mr. Cashman—It is a pity the Council put it up for tender when I had nine shillings. I am sure it wasn't looking for a higher man ye were.

Mr. Power—I thought we settled that the last night.

Mr. McCarthy—My opinion is that this work is outside his contract but in order to save the Council, I will now propose that he be paid subject to sanction.

Chairman—That is the proper way. The proposition was passed.

Compensation.

The Council decided to allow Mr. Patk. Halley, Sarsfield Street, £2 in respect of a footpath laid down by him outside his house at a cost of £4 10s. The Council now being saved that amount.

Painting Tenders.

The following tenders were read for the painting (outside) of twenty houses the Council's property, in St. Garvan's Street, St. Monica's Street and St. Augustine's Terrace—J. Sanford and Sons, £5 17s. 6d.; Michl. O'Brien, £6 0s. 0d.; Wm. Burke, £15; and J. F. Sandford, £7 10s.

The tender of J. Sandford and Sons, was accepted.

At a meeting of the Cappoquin Postal Workers' the following resolution was unanimously adopted:—"That we strongly protest against any further reductions in the already inadequate pay of Post Office Officials, and call on the Government to suspend the reductions which are to take place on the 1st of January, 1933, pending the report of the committee which was set up to inquire into the method of computing the cost-of-living index figure."

PRIEST CONDEMNS "WREN BOYS"

Rev. M. Moane, C.C., preaching in St. Patrick's Church, Ballyhannis, referred to some abuses associated with the festival, and deprecated particularly the practice of groups of young boys and girls, on St. Stephen's Day, dressing themselves up in hideous disguises of rags and tatters, and going about from door to door, to the great annoyance of the people, soliciting coppers.

## MULCAHY'S, DUNGARVAN.

### Christmas in Youghal.

The festive season was appropriately ushered in at Youghal by the celebration of Midnight Mass in the Chapels of the Presentation Convent of St. Raphael's. The day broke beautifully with a brilliant sunshine and remained fine all through. The Very Rev. D. Canon Dinneen, D.D., P.P., said Mass in the Parish Church at 7.30 and 8 o'clock, and High Mass was sung at 12 o'clock. The Rev. J. Ahern, C.C., was celebrant; Rev. E. J. O'Riordan, C.C., deacon; Rev. T. Nelligan, sub-deacon and Canon Dinneen, Master of Ceremonies. The Parish Choir, under the conductorship of Mr. Egan, Organist, sang 'Nunus de Angelis', with Gregorian 'Introit', 'Graduale' etc. The Offertory piece being the old but ever-new 'Adeste Fideles'. At the conclusion, Solemn Benediction of the Blessed Sacrament was given. A very large number of communicants approached the altar rails at the 8 o'clock Mass.

The mails on Christmas Day were lighter, and delivered earlier than usual, but the preceding days mails more than made up for it. Indeed it would appear that the custom is growing of posting the usual Season's Greetings some days beforehand, there by giving the officials and staff some relief. On Christmas Day itself, the American letter and parcel mails were as heavy as usual, the former bringing the ever-welcome P.O.s. but, as a set-off, the latter brought exorbitant demands for tariff duties. The Postmaster and his capable staff, with the assistance of several extra men handled the heavy and complicated business in record time.

Both traders and public were seriously handicapped by the rain on a couple of days, but Friday and Saturday turned out fine and a good volume of business was transacted.

The Cinemas filmed elaborate and excellent programmes, and both the afternoon and the night performances were largely patronised.

Taking it all round, it was a really quiet and enjoyable Christmas tide.

### First Mass.

#### IMPRESSIVE CEREMONY AT YOUGHAL.

A very devotional and impressive ceremony took place in the beautiful little chapel attached to the Presentation Convent of the Sacred Heart, Youghal, on Friday. The Rev. Thos. Nelligan, celebrated his first Holy Mass. He was ordained the previous day, the Feast of St. Thomas, by the Most Rev. Dr. O'Doherty, Bishop of Galway, in Dalgan Park, for the Maynooth Mission to China. Father Nelligan, is son of the late Mr. Michael Nelligan, Youghal, and Mrs. Nelligan, who was present at the ordination ceremony and at the Mass, and who was the first to receive Holy Communion at the hands of her son. Father Nelligan was assisted at the Mass by Rev. Dominic Egan, The Mall, Youghal, who will sail on the 27th inst, for his mission in the diocese of Goulburn, Australia. The servers at the Mass were two students of the Maynooth Mission to China from Youghal. The 'Veni Creator' before the Mass and the 'Te Deum' after were intoned by Father Nelligan and sung in plain chant by the choir of the Sisters of the Convent. Present at the Mass was Father Nelligan's aunt, Mrs. O'Loughlin, whose son, the Right Rev. Monsignor O'Loughlin, was celebrating at the same time and day the silver jubilee of his first Mass in far away Nebraska, U.S.A.

### Ring Irish College.

#### MEETING OF COMMITTEE OF MANAGEMENT.

Mr. T. De Veale, presided at the quarterly meeting of the Committee of Management of Ring Irish College, held at the Ormonde Hotel, Clonmel. Also present An Fear Mor, Sean Curran, B.L., M O'Keenally, W. Meehan, P. O'Foley, Sean O'Flóinn.

Various matters relating to the work of the College summer session, 1932, were discussed, and suggestions made were approved of. The Committee agreed to proposals submitted for grants from the Kirwan (Sydney) Bequest. It was decided to formulate a scheme for more extended application of Kirwan Bequest to residents of Ring district.

A discussion took place re the high standard of English required in schools in Irish-speaking districts, and the impossibility of attaining such a standard if school work is to be done through Irish, the minds of pupils Gaelicised and the position of the Irish language strengthened in school hours. It was decided to send a deputation to the Minister for Education on the matter, and submit suggestions to him.

The Committee tendered sympathy to the relatives of the late Mr. Padraig O' Daluigh and Aine Ni Fhoghluin (Bean Seumas Uí Neill), both of whom had been closely associated with the work of Ring College since its foundation.

The Committee tendered congratulations to Mr. Domhnall O' Buachalla, on his appointment as Seansascal. It was mentioned that Mr. O' Buachalla, was a diligent student of Irish at Ring College over twenty years ago, a generous subscriber to the College funds, an ardent supporter of the Irish language and a man who has been deeply interested in the welfare of the people of Ring for a quarter of a century.

### Assault Charge.

#### BALLINAMULT MAN GETS JAIL IN HIS OWN INTEREST.

At the Cappoquin District Court, before Mr. Farrell, D.J., Supt. Quinlan, Lismore, summoned Patrick Dalton, farmer, Lyrattin, Ballinamult, for assaulting a neighbouring farmer, named Patrick Hassett, who had declined to prosecute.

Patrick Hassett stated that on Nov., 14th, while he was speaking to a neighbour, Denis Striffaun, Dalton came on the scene and struck him with a stick on the left side of the head without the slightest provocation. Witness received a bad wound, and was all covered with blood, and he then grappled with Dalton and took the stick from him, and they both struggled down the hill, in the course of which Dalton took the stick from him. While they were still struggling, Striffaun came to the rescue and separated them and witness later went to the guards at Ballinamult barrack, where he reported the matter, and where his wound was dressed by the sergeant.

In reply to Justice Farrell, B.L., witness said that defendant's sister was married to his nephew, but they had been on friendly terms up to this, and he had given Dalton no reason for the assault.

Defendant said he had no questions to ask witness.

Denis Striffaun, who said he was thatching a house, and was speaking to Hassett, when Dalton approached with a stick in his hand and struck Hassett. He did not hear the latter speak a word, and as far as he knew there was no reason whatever for the assault. Witness then described the struggle which followed between the two men, and his efforts to separate them after they had rolled down the hill.

Defendant declined to cross-examine Sergeant Scott, Ballinamult, stated that Hassett came to the barrack on the date in question and reported the assault. He had a long wound on the top-left-hand side of his head, and his face was covered with blood, which he washed off and dressed the wound. He then sent Guard Daly to investigate the matter.

Guard Daly said that when he went to interview the defendant he admitted having struck Hassett, and said he was not sorry for having done so. Dalton also told him that when he went to Striffaun for the loan of a ladder, Hassett commenced winking and "making faces" at him, and that was why he struck him.

Defendant was then sworn, and in the course of his statement said that he had some trouble with his mother, and he blamed Hassett for causing the trouble, and when he met him that day and saw him "making faces" and winking at him he lost his temper and struck him with his stick.

#### HOLIDAY FATALITY ROLL IN U.S.A.

Three hundred and eleven people were killed and five hundred persons were injured in the U.S. during the Christmas week-end.

Motor accidents were responsible for a large number of the fatalities, while eleven persons were drowned, eight were killed in train mishaps, and ten perished as the result of fires.

A family of five, including three children, died from eating a Christmas cake in which insect poison had been mixed by mistake as one of the ingredients.

NOTICE—The Lands of Mapstown and Springmount in our possession are preserved.—T. Broderick, M. Flynn. 23/12/32.

### CAPPOQUIN NOTES.

#### STRANGE MOTOR ACCIDENT.

A rather strange motor accident occurred here on Tuesday, when a motor car, the property of Senator Sir John Keane, which was standing outside Tivoli House, some 50 or 60 feet above the level of the road over Cappoquin Bridge, suddenly moved away and rushing down the steep slope ran over the dividing wall and crashed on to the main road between Cappoquin and Lismore, about 70 yards beyond the Bridge. It appears that Sir John Keane had gone off with a shooting party to Glenshelane Woods, earlier in the day, and towards noon Miss Keane drove the car up to Tivoli House, where Sir John and Lady Keane and family have been residing since Cappoquin House, was burned down during the troubled times over 40 years ago. The car had been packed with luncheon baskets which were to be taken out to the shooting party and was left unattended for a few moments, when it started off down the incline towards the road before anybody could attempt to arrest its progress. It was providential that no motor cars or pedestrians were passing along the Lismore road when the car crashed over the wall, as otherwise the consequences would be terrible to contemplate. As it was, nobody sustained the slightest injury, but the car was, of course, badly wrecked, and it was the object of much attention, as it lay on the roadside all day before being removed to Mr. Sargent's Garage.

#### QUARTER OF A CENTURY FINISHED.

The end of 1932 marks the close of the first quarter of a century's trading of the Cappoquin Bacon Factory, which was first opened by the late Col. R. H. Keane, on January, 2nd, 1908, 25 years ago. Mr. Keane's principal object in embarking on this heavy undertaking at the time was for the purpose of providing remunerative employment for the men and women of his native town, and how fully that object has since been attained is gladly and gratefully testified to by all classes of the people of Cappoquin to-day. It was a sad irony of Fate that the gentleman who had set his heart so fully on the prosperity of the people here should have met his death in such a tragic manner in November, 1925, but it is a matter of great satisfaction to know that the work to which he had set his generous and kindly heart has since been carried on by Mrs. Keane, and the members of his family in a manner which he would have appreciated, had he been spared.

Since Mr. Lincoln was appointed Manager of the factory some years ago, he has shown wonderful initiative and enterprise in developing the business of the concern, and he has received the hearty co-operation at all times of Mrs. Keane, Miss F. Keane, and Mr. R. L. Keane, who since they came to reside in Belleville Park, devote much valuable time to the business of the factory every day. Like other concerns of a similar nature, the factory has had its adverse periods from time to time owing to the shortage of pigs, the depression in the markets, and other unavoidable causes, but, whether in sunshine or storm, the firm has bravely carried on and was never shut down for a single working day, and the management now deserves the congratulations of all on having completed its quarter of a century's existence, and everybody interested in local enterprise will wish it a still more successful and prosperous time during the next 25 years.

#### CAPPOQUIN ROWING CLUB DANCE.

#### A WONDERFUL SUCCESS.

Many successful dances have been held under the auspices of the Cappoquin Rowing Club within recent years but it is no exaggeration to state that the Annual Christmas Dance, held in the Boathouse Hall, on St. Stephen's Night, was easily the most successful social reunion ever witnessed in that large and spacious Hall.

Ladies and gentlemen who had never before been at a Cappoquin Dance attended in force from Cork City, Fermoy, Mitchelstown, Clonmel, Cahir, Clogheen, Dungarvan, Youghal, Aglish, Clashmore, Villierstown, Cappagh, Modeligo and other distant parts while the attendance from Lismore and Cappoquin alone constituted a record, and at the lowest computation, there must have been between 150 and 180 couples present on the occasion. The fine Hall was beautifully decorated with brightly coloured streamers and ever-greens which lent a really festive appearance to the scene, while the bright and becoming toilettes of the ladies completed a picture of such rare brilliancy as almost baffles description.

With a dancing floor as smooth as glass, and with all the arrangements so admirably carried out by the efficient officers and committee in charge, nothing was left undone to ensure the comfort and enjoyment of all, and the function was pronounced a brilliant success by the vast crowd present.

The music provided by the talented "Ubique" Orchestra, Lismore, was the best ever heard in the Hall and the special features of old-time waltz tunes introduced at frequent intervals proved a source of delight to all.

The catering arrangements carried out by Mr. G. Watson, Cappoquin, were on a most sumptuous scale and were praised by everybody, and the members of the Rowing Club have earned the gratitude and congratulations of all on having provided the best and most brilliantly successful dance ever experienced in Cappoquin.

### Dairy Shorthorn Society

#### DUNGARVAN CONGRESS.

The 12th Annual Congress of the Irish Dairy Shorthorn Breeders' Society, will be held in Dungarvan, on Wednesday next, and promises to be the most successful yet held. The Cinema has been specially engaged for the purpose and its spacious accommodation will be taxed to the utmost. The Committee in charge have the arrangements perfect in every detail including the installation of a microphone and amplifiers to broadcast the proceedings and enable all to hear what is being said.

The Earl of Dunraven, will preside at the opening session, after which the newly-elected President, Mr. Nicholas Fitzgerald, Co. Co., Bonmahon, will take the Chair. Delegates to the Congress have been appointed by every Co. Committee of Agriculture and Cow Testing Association and kindred Associations in the Free State, so that the attendance should be a record one.

Sir W. Arbuthnot Lane, the distinguished Specialist of Harley Street, London, will deliver a lecture on "Milk and milk products as pre-eminent Foods." He is perhaps the greatest living authority on this subject, and his lecture will be one that no one who can help it should miss.

Professor Boyle, M.A., D.Ph., Dean of the Faculty of Dairy Science, University College, Cork, will speak on this paper as also Mr. E. J. Cussen, the able Secretary of the Cork Farmers' Union. An interesting discussion will follow Sir W. Lane's lecture.

Mr. Dulanty, High Commissioner of the Free State in London, will be also present and will lecture on the "Marketing of Dairy Products." Dairy farmers will eagerly look forward to what the High Commissioner has to say on this very vital and important subject which means so much to their successful working.

Mr. J. O'Mahony, A.R.C.S.C.I., Inspector of the Department, will read a paper on "The Agricultural Education of Dairy Farmers" which should provoke a highly intelligent discussion amongst the practical Dairy Farmers present.

Dr. Ryan, Minister of Agriculture, as well as many leading officials of the Department of Agriculture, will be present. No farmer should be absent from this great Congress where all have much to learn and the healthy debates which will follow the several lectures will give food for thought to all who are interested in the future prosperity of Dairying in this country and its many subsidiary branches.

Ample provision has been made by the Congress Committee for the catering of the visitors. We have the best hotels and restaurants to be found in any provincial centre in the country, our people know how to handle and feed a big influx of visitors and next Wednesday will prove that what we say is correct and that all who visit the Congress will go home delighted with the manner in which they were treated.

#### CONGRESS DANCE.

The Congress Dance, will be held in the Town Hall, on Wednesday night, and promises to be the greatest event ever staged in that spacious Hall. The Dance committee has left nothing to chance. They have perfected the arrangements in a most thorough manner and when the Ball opens on Wednesday night at 9.30 o'clock the display will be a dazzling one. Miss Mollie O'Shea's famed Band, has been specially engaged for the occasion and the catering is in the hands of Mrs. Monahan, Ocean View Hotel. It will be a great dance and one that will be a landmark in the memory of those whose pleasure it will be to be present. Those who miss it will long regret the fact, for they shall not see its equals in their day. All the latest in Dance frocks will be worn by the ladies and we deliberately say that the girls who will grace the 12th Annual Congress Dance, at Dungarvan next Wednesday night, will be the most charming and attractive that ever graced a ball room floor, and that they will win the admiration of the visitors in such a complete manner as to make them settle down in these parts for good.

#### CHRISTMAS IN CAPPOQUIN.

Despite the strange times in which we live, and the talk of general depression everywhere, this year's Christmas proved as gay and jolly in Cappoquin as in any previous year, and we are glad to be able to state that everything passed off with the greatest smoothness and good humour and nothing occurred to mar the harmony of the great Festival.

Although business has not been too prosperous for some time past, the various shopkeepers rose nobly to the occasion and gave their customers the usual "Christmas Boxes" with the same generosity as of old, while Mount Melleray Monastery, the Sisters of Mercy and Canon Whelan freely distributed welcome assistance to the most deserving cases in the same unostentatious manner as in previous years.

The Brass and Reed Band turned out at midnight on Xmas Eve and played a choice selection of Sacred hymns and appropriate music through the town, while Midnight Mass was celebrated in the pretty Convent of Mercy Chapel which was largely attended by the faithful of the town and parish.

The various Masses in St. Mary's Church on Xmas Day also attracted very large congregations, and altogether the Feast of the Nativity was observed everywhere in a manner which reflected the greatest credit on the fervour and devotion of all classes of the people in Cappoquin.

LOCAL HAPPENINGS.

XMAS. The Xmas Festival of 1932, was one of the most peaceful and happy on record. The weather was fine and mild. There was a complete absence of unruly scenes due to over-indulgence in alcohol and on all sides there was evident a spirit of charity and brotherly love in keeping with the Feast.

IN THE CHURCHES. At the Parish Church, there was Midnight Mass on Xmas Eve. The spacious Church, the High Altar of which was artistically decorated, was crowded. The celebrant of the Mass was Very Rev. T. O'Brien, P.P. An augmented Choir supplied the Sacred Music. Miss Boyle, presided at the organ. Father O'Brien, wished the congregation a Happy Xmas and delivered a short address on the great Feast they were celebrating. Big numbers approached the Communion rails subsequently. During Xmas morning there were Masses every hour and at 11 a.m. there was Solemn High Mass in the presence of an immense congregation. Very Rev. T. O'Brien, P.P., was the celebrant; Rev. L. Egan, C.C., was deacon and Rev. M. F. Hearne, C.C., sub-deacon. Rev. P. F. McGrath, C.C., was Master of Ceremonies. Members of the Brass and Reed Band and other instrumentalists were present and rendered Sacred Music. The Choir sang the Mass, the Adeste, and other appropriate hymns with finish. Subsequently Benediction was given. A beautiful crib erected in the Church has been the object of much admiration during the week.

ST. AUGUSTINE'S. At St. Augustine's Church, there was Solemn High Mass at Midnight on Xmas Eve, at which Very Rev. P. J. Redmond, O.S.A., was the celebrant; Rev. P. Donegan, O.S.A., deacon and Rev. P. Byrne, O.S.A., sub-deacon. The Church was thronged in every part, many being unable to gain admission. Mrs. O'Hara, presided at the organ, and was aided by several leading local instrumentalists. The choir sang the Mass with their usual finish. The Adeste Pideles, Hymn of Angels, etc., were beautifully rendered. Special praise being due to Mrs. Ryla Harris and Mr. Jas. Keohan. The celebrant extended the compliments of the season to the congregation and in a brief and learned address he dealt with the glories of the wonderful Feast of the Nativity, and all it meant for the world. From 8 to 11 o'clock on Xmas Day there were Masses every half hour at the Augustinian Church.

AT ABBEYSIDE. At the Parish Church, Abbeyside, the esteemed Pastor, Very Rev. M. C. Crotty, P.P., celebrated Midnight Mass on Xmas Eve, in the presence of an immense congregation most of whom approached the Holy Table. The Mass was sung by the Choir, and the appropriate Christmas Hymns were also rendered. Mrs. Christopher, N.T., presided at the organ. Father Crotty, wished the congregation a Happy and Holy Christmas and in a brief address outlined the great Feast about to be celebrated. On Xmas Day Masses were as usual, and at the 10 o'clock Mass Benediction was given.

CONGRESS DANCE. Call and see our special Selection of Evening and Dance Frocks. New styles at Bargain Prices. W. & G. Hadden, Ltd., Dungarvan.

MUSICAL PROMENADE. On Xmas Day, after last Mass, the Dungarvan Brass and Reed Band gave a Musical Promenade on the Square, which was much enjoyed.

HUNTING THE WREN. St. Stephen's Day was also fine and mild. The old favourite sport of hunting the wren, was indulged in as usual, but to keep abreast of the times many "wren boys" travelled by motor. Dungarvan was treated to a musical display by the Touraneena Fife and Drum Band, while an outlying Jazz Band and a Piper's Band also came to regale us lest we should be disappointed. The various Dances on St. Stephen's Night were well attended.

A RECORD. From the point of view of freedom from accidents or anything untoward it was a record festive season.

HOUSE COLLAPSES. While a man named Kiely of Kibrien area was peacefully slumbering last Friday night, half the house he occupied and which had been undermined by the recent heavy rains collapsed, and he woke up in the morning to find all his house gone except the room in which he slept.

DEATH OF MR. M. DALTON, PIKE. On Wednesday, the death took place at the Hospital, Dungarvan, of Mr. Martin Dalton, Pike, Garabane, after a brief illness. A member of an old local family, a decent upright man a lover of dogs and a true sportsman of the old school, Martin was one of the most lovable of men, and all who knew him and his simple, homely honest ways will regret his death. His funeral to Garabane on Thursday, was largely attended.—R.I.P.

VALUE OF LICENSED PREMISES. During the past week, the licensed premises of Mr. Maurice Terry, Square, Dungarvan, has been disposed of at the sum of £400 and auction fees. Messrs. J. F. Williams and Son, soirs., had carriage of sale, and the Auctioneer was Mr. Patrick Ryan, Auctioneer and Valuer, Dungarvan.

Browne, 15th Hussars, and the late Mrs. Browne, of Breanise, Northumberland, and Dorothy Frances, second daughter of the late Sir Richard Musgrave, Bart., and Lady Musgrave, of Tourin, Cappoquin.

WHIST DRIVE AND DANCE. A Whist Drive and Dance under the auspices of the Dungarvan District Nursing Association, will be held in the Town Hall, on Friday evening, January 6th at 8.15 sharp. Valuable money prizes will be given. Tickets 2/- each.

XMAS TREE. In Ballinacourty Xmas time is truly Children's time, thanks again and again to Mr. and Mrs. E. A. Ryan, who gave their usual Xmas "Spread" in the National School, to the young folk of the district. The happy smiling faces showed how the children enjoyed their treat which must be, and undoubtedly will be ever linked up in their memories with gratitude and good wishes for their kind benefactors.

MARRIED. The marriage took place at St. Michael's Chester Sq., S.V., of Mr. Frederick Harold Deming Courtney, only son of Col. and Mrs. F. H. Courtney, of Burleigh Wood, Ascot, and Miss Mary Lavender Smyth, daughter of Capt and Mrs. R. Holroyd Smyth, of Ballynatray, Youghal. The Rev. W. H. Elliott officiated, and the bride, who was given away by her father, was attended by her cousins, Masters John Martin and Sir Patrick Walker, as train-bearers, and two grown-up bridesmaids, her cousin, Miss Mary Chetwynd-Stapilton, and Miss Monica Elwes.

DEATH OF MR. W. DOWER, CREGGS, CLASHMORE. On Christmas Eve, the death took place at an advanced age, of Mr. William Dower, Creggs, Clashmore. He had borne his illness with exemplary Christian fortitude, and had lived a life of true Catholic piety. All the rites of Holy Church were administered by the local clergy during the illness of the deceased, and the best medical skill was called in. A successful and prudent farmer, he has left to his family a home and a farm which bear the marks of industry, skill and progress. He was pre-deceased about three years ago by his wife, who was a genuinely loving partner and mother. Rev. Peter Dower, at present on a Liverpool mission, is their son. There was a solemn Requiem High Mass in Clashmore Church, for the repose of his soul, and the immense funeral and attendance at High Mass testified to the respect and esteem in which the family are held. The condolence of friends and the public is offered to the family and relatives.

RING MAN. CHARGED WITH MURDER OF HIS BROTHER. A sensation was created in Galway on Tuesday last, by the arrest, on a charge of the murder of his brother, Patrick Walsh, of William Walsh (21), a soldier in the National Army, and a native of Ring, Dungarvan.

AT THE POST OFFICE. Quite a heavy Mail was handled at the Post Office, Dungarvan, during the Xmas Season, but the excellent and capable staff discharged their work with such skill and accuracy that not the slightest hitch occurred throughout and perfect satisfaction was given to the general public. We congratulate our Postal staff from the general Postmaster down, and hope that never will their salaries be reduced while a generous public is at their back to aid them.

CHRISTMAS TREAT FOR POOR CHILDREN. The Tea Party and Xmas Tree so thoughtfully provided by a committee of gentlemen, with Father McGrath, C.C., for the poor children of Dungarvan, was given in the Town Hall, on Thursday evening, and was a perfect success and provided a wonderful afternoon for over 400. The Town Hall was decorated and six large tables laden with cakes, etc., ran the length of the Hall. To these tables the youngsters sat down with gusto and were waited on by a number of local ladies, who ministered to their wants most zealously. The stage was occupied with a huge Xmas Tree every branch of which was laden with Gifts and when Santa Claus (personified by Master Joseph Power, O'Connell St.), descended from the roof by means of a ladder, the children gave him a worthy greeting. After the Tea Party, the Gifts were distributed and happy were the faces of those little boys and girls, heartily did they show their appreciation of the good things provided for them.

**Tallow District Court.**

(Before Mr. G. P. Farrell, B.L.)  
Sergt. Conboy, Ballynoe, charged George Bradley, of no fixed address, with using a motor cycle without a tax, and also without having a drivers licence.  
Complainant stated defendant was running a Cinema show and said that he was putting up posters for his brother. He gave no excuse. He couldn't say if defendant had taken out a licence since.  
The Justice—I would like to know. The case was adjourned to next Court.  
The same complainant charged Thos Flynn, Park, Aghern, with not burying the carcass of a horse, his property.  
Complainant said the horse was skinned after being killed by a motor car, and the carcass was left over the ground in Miss Barry's Wood.  
The Justice—How long was it over-ground?—3 weeks, it had been pulled open by dogs.  
Defendant said he buried the pony, but some boys with beagles came along and exposed the animal for the dogs. He buried it secondly, deeper.  
Owing to his circumstances, the defendant was fined the nominal sum of 1/6.  
Benjamin Keane, Lyne, Tallow, was charged with the rescue of a horse on its way to the pound.  
Supt. Quinlan, Lismore, prosecuted. John Healy, Court Messenger, stated that on November, 30th the Co. Sheriff handed him a decree against John Morrissey, Knockanorig, for £4 17s. 0d. income tax. On the following day he seized a horse on the lands and proceeded towards Tallow. On the way, at Glenboy, the defendant came up and said the horse was his and getting very angry he forced witness to give up the animal. Next day he came to witness, apologised and said he would pay any expense. Having put the facts before the Sheriff, he didn't wish to press the case. The horse wasn't worth anything except from a sentimental point of view.  
The Justice—Is the decree still unsatisfied?—Yes. Apparently you would have to give up the horse eventually?—Yes, but not till I got to Tallow.  
The Justice (to defendant)—Why were you so forcible?—I didn't know he was a man of authority.  
Healy said he produced his warrant, but the man said he couldn't read.  
The Justice said in consequence of what he had heard, and the Sheriff's letter, he would discharge defendant with a caution.  
Michael Prendergast, Tallow, applied for an occasional license for Dec. 26th and 27th in connection with the local Coursing Meeting.  
There being no objection, the application was granted.  
Mr. Wm. J. Magnier, Junr., solr., Fermoy, applied on behalf of M. J. Maye, Fermoy, for an occasional license in connection with the Duhallow Hunt Ball, at Castlehyde, on Jan., 3rd.  
Supt. Brady said there was no objection, but as regards the question of his.  
After some arguments the application was granted.  
A similar application in connection with the Avondlea Hunt Ball, on Jan., 10th, was also granted.  
Another like application for the United Hunt Club Ball, on 17th, Feb., was referred to the Fermoy Court.  
There were a large number of cases of using bicycles and other vehicles without lights after lighting-up time, and the usual fines were imposed.  
John Meagher, Curraheen, Conna,

farmer, was charged on remand with a number of larcenies.  
Supt. Brady, Fermoy, prosecuted; and Mr. Wm. J. Barry, solr., appeared for the accused.  
The Supt. said there were 7 charges in all, and he proposed to take up first the charge against the accused that he did on the night of Nov., 25th, at Creggs North, Fermoy, steal a double-iron gate, value £15, the property of Daniel Noonan, farmer.  
Daniel Noonan, Creggs, North, Fermoy, farmer, deposed his house was 200 yards off the main road with an avenue up. At the entrance was a double wrought iron gate, painted white, worth about £15 or £16. They were fastened by bolts and nuts to the piers. On the 25th Nov., he went to Fermoy and returned about 8 p.m. He closed the gates after going in. On the following day the Civic Guards called to his house and he went and found the gates gone. He next saw the gates at the Guards barrack, Fermoy, on the 26th November, and identified them as his property. On 14th Dec., the Guards handed him over the gates, and he had them at present.  
Cross-examined by Mr. Barry—He had the gates 8 or 10 years. They would cost £13 10s. 0d., at the works. Second-hand they would be worth about £12. They were as good as new.  
Guard Lavin, Castleownroche, deposed he went to Cork on 25th November. He was on leave and in civilian clothes. He travelled home by motor passing through Fermoy about 11.15 p.m. Between Fermoy and Ballyhooley he saw a man leading a pony and tub trap going in the direction of Ballyhooley. It had no light. He passed out the pony and trap and pulled up on about a quarter of a mile, leaving the car in a gateway. He then walked back the road and saw the same man and pony and trap on the road. He passed him by about 200 yards. He next saw a motor car coming from the direction of Fermoy. He then doubled back again and by the motor light he saw the man with the pony and trap on the road about 100 yards off. He next rushed in a gateway and laid down inside. He heard the pony coming in his direction. (The motor driver was with him). It turned round and backed inside the gate where he was concealed. After about a minute he saw half the gate on the left-hand side disappearing and heard a noise as if putting on the trap. A few minutes later a man entered the gateway and took the other half of the gate. He could hear the man loading the gates on to the car. Witness remained three-quarters of an hour during which the loading was going on. The pony then moved away in the direction of Ballyhooley. They followed up the car and overtook it a quarter of a mile off. The man was still leading the pony. Witness stopped him. It was the accused John Meagher. He had never seen him before. He asked Meagher where he was going that hour of the night and he replied he was going to Castlelyons. He gave his name as John Meagher, Curraheen, Conna. He asked what he had and he said gates which he had got at the Station. He then arrested him and charged and cautioned him. He said "I got them at the Station." He afterwards said "I admit taking the gates. I was at a Concert at Fermoy and came out this road. I saw the gates and put them into the trap. If you let me go I'll leave them back again. Then there will be no harm done." Witness took him to Castleownroche barracks with the pony and the gates. The gates were covered with an old quilt and tied with ropes. Beside the gates there were 2 wrenches and a wire cutter in the trap. There were rubber tyred wheels on the trap.

The horse was dark brown.  
Justice—What became of the gates?  
Witness—On the 26th Nov., I sent on the gates to the Guards barracks at Fermoy and brought in the accused for a special Court.  
Mr. Barry asked no question.  
Witness added that during all the time he was accompanied by Patrick Ash, the driver of the motor car.  
Accused was next charged with stealing a sheep, the property of Miss Bridget Gubbins, Ballinwilling, Rathcormac, value 25/-, on the night of the 19th or the morning of the 20th Nov.  
Miss Bridget Gubbins, Ballinwilling, Rathcormac, deposed she had three sheep, one a young ewe. It was marked with a black mark on the forehead and a tuft of wool. She kept it on one acre and the road sometimes. About two months ago she sent the ewe to J. O'Connors farm to graze. On the 20th, Nov., P. O'Connell, told her something about the lamb and she looked for it about a week and couldn't find it. Then she told the Guards. On the 20th Nov., she went with the Guards to Conna to John Meagher's farm. There were 16 sheep in the first field, but her's wasn't there. They went into another field with 4 sheep and her's was amongst them and also one of John Barry's. The black mark on her sheep had been covered over by red, but the black was still there. She was quite sure it was her sheep. She then took it home and was keeping it there. On the way home her sheep stood at her own gate and wouldn't go beyond it.  
To Mr. Barry—When Sergt. Cotter, came to her on the 29th Nov., along with John Barry and a detective, they asked her to come to Conna about the sheep. They said nothing about John Meagher. She didn't know where they were going.  
Sergt. Cotter said Meagher was up for stealing gates and sheep. Sergt. Cotter caught her sheep. She identified it first. The Sergt. asked her what marks were on her sheep. If there was no mark at all she would know her own sheep. They didn't see Meagher on the 29th Nov. She took the sheep without giving Meagher an opportunity of saying anything.  
Pak. O'Connell, Ballinwilling, farmer's son, deposed that on the 19th Nov., there were 9 sheep on his father's place, six of his own, 2 belonging to Mrs. Gubbins and John Barry. On 20th Nov., there were 7 there, 2 lambs were missing. Mrs. Gubbins and John Barry's. He found the fence battered down and signs of wool on the briars.  
To Mr. Barry—Witness said he saw the lamb in Mrs. Gubbins' acre afterwards. He wouldn't know one sheep from another. There was a large tuft of wool on Mrs. Gubbins' lamb and that was very rare. Some boys had tufts of hair on their foreheads.  
The Justice—And some had not (laughter).  
He wouldn't swear it was the same lamb.  
Guard Lavin deposed that on the 20th Dec., he arrested the accused J. Meagher, at Tallow and charged him with the present charge. He made no statement. He also charged the accused with stealing a sheep, the property of John Barry on the 19th or the 20th, Nov. He made no statement. He made another charge that on the night of the 4th Nov., or morning of the 5th, at Ballyhooley South, he stole 2 sheep, the property of Michael Carey, Ballyhooley South. He said "Why didn't you claim all the sheep."  
John Barry, Ballinwilling, deposed he had 4 sheep. About 2 months ago he sent one to graze to Mr. J. O'Connell's. It was a young ewe. Before doing so he marked her with tar on the poll. He had a mark on each of the hind legs. On the 20th Nov., he went looking for the sheep in consequence of something he was told. Young O'Connell was with him. He didn't find the lamb. On the 29th Nov., he went to Meagher's farm, at Conna. There were 16 sheep in a field, but his wasn't amongst them. In a second field there were 4 sheep and he identified his lamb as one of the 4, by the mark on the poll and the mark on the hind legs. He also had some of the wool clipped off the tail. There was red paint put over the tar mark on the poll. The lamb was worth about 25/-. After picking it out he drove it home and had it at present. When they got home the lamb walked to the gate and stopped.  
Mr. Barry—Your lamb was trained to stop at her own gate like Mrs. Gubbins' (laughter). The tar mark on his wasn't the same as that on Mrs. Gubbins'. He identified his own marks. They were there on the 29th Nov. He told the Guards about them. He didn't see the accused at all. He took the sheep without giving Meagher an opportunity to say whose it was.  
Accused was also charged with stealing 2 sheep the property of Richard Ryan, Kilbarry.  
Richard Ryan, farmer, deposed he usually kept 40 to 50 lambs and sheep. He looked after them. In September '31 he bought 8 lambs. Soon after they all got "crampy" in the hind legs and all got out of it except one. He kept them all, but two. On the evening of the 27th Nov., he saw his sheep were in the field where they always were, and were all right. He missed two of them on the following Wednesday. He had 19 and they included 18 he had bought from Barry. He reported the matter to the Guards. At a later date on the 27th Nov., he was brought by the Guards to Meagher's farm. There he was shown some sheep which he examined. He at once said these were his two sheep. One of the sheep was "crampy" and he'd know her any place. The other sheep was old, 7 or 8 years, he was looking at her. They were worth about £1 for the two. He took them home and had them still.  
To Mr. Barry—Witness said he thought he was going to a place where the man was in trouble about gates. He knew nothing at all about the owner of the farm. Mr. Hayes, Fermoy,

detective, asked him to go to Meagher's. He saw Meagher on the farm the day he was there. He had no conversation with him. He had no branded mark on his two sheep. He could know his own well—one by the way she walked going "crampy" on the hind legs. He'd know the old sheep anywhere.  
To the Court—He was mistaken in saying that the 8 lambs he bought from Tom Barry were amongst the 19. Six of them were there. He had sold the other two.  
In reply to the Court—The Supt. said there were three other like charges against the accused. They would occupy some hours hearing.  
The Justice said he would adjourn further hearing to Rathcormac, but Mr. Barry suggested that Youghal Court, on the 30th would be more suitable.  
Accused was then remanded on bail to Youghal Court.

**RE A THREATENED REDUCTION.**  
At a specially convened meeting of the Kilmathomas Branch of the Post Office Workers' Union, a resolution was unanimously passed, calling upon the Government to suspend the threatened reduction of bonus, in view of the low wages of the Post Office staff, and the severe reduction they have already suffered.

**POLITICAL ACTIVITY.**  
The coming by-election campaign in this constituency promises to pan out one of the most intensive battles that have ever taken place in the Decies. Cumann na nGaedheal are confident of retaining the seat. Counting on the 3,000 or so votes cast for the official labour candidate at the General Election, the supporters of the Government's nominee are highly hopeful Mr. Mansfield will head the poll by a comfortable majority.

East Waterford Comhairle Ceannntur, F.F., was held in the Temperance Hall, Kilmathomas, on Sunday. Ten Clubs were represented. The following Officers were elected:—Chairman—Mr. John Power (Kilmathomas); Vice-Chairman—Mr. M. Keating (Kilrossanty); Hon. Treas.—Mr. Mce. Power, (Newtown); Hon. Sec.—Mr. Patk. Tobin, (Rathgormack). The meeting voted condolece to Mr. Jas. Crotty, Rathgormack, on the death of his mother. A resolution congratulating the Government on its patriotic stand in the present economic crisis, was passed. Mr. M. Mansfield (candidate), who was given a great ovation, delivered an able address, and Mr. Keating (Organiser), also spoke. Subsequently Cumann was established at Kilmathomas and Ballylaneen, and the Officers elected were:—Kilmathomas—Mr. Mce. Power, President; Mr. J. Flynn, Hon. Treas., and Mr. Patk. Flynn, (junior); Hon. Sec. Ballylaneen—Mr. Patk. Kiely, President; Messrs. M. Power, and M. Keane, joint Hon. Treas., and Mr. M. Brett, Hon. Sec. Mr. Keating has also formed a Cumann at Stradbally.

Mr. M. Keating presided at the Annual Meeting of the Kilrossanty Cumann, F.F., held. Mr. Keating, Organiser, was present. The following Officers and Committee were appointed for the coming year:—President—Mr. M. Keating; Treasurers—Messrs. J. Drohan and T. J. Power; Hon. Sec.—Mr. Sean Kirwan; Committee—Messrs. J. Brown, M. Walsh, P. Whyte, Patk. Ryan, and M. Brown. Mr. Keating, (Organiser), pointed out that every effort must be put forward in the coming twelve months to win the economic war. He appealed to all to realise the importance of being thoroughly acquainted with the rules of the organisation, so that sincere attention and loyal co-operation in every detail would be reflected in the actions of each and every one of them. The issue at stake was a large one, and their claim was equitable.

Resolutions were passed asking the Co. Council for a proportionate share of the Government Grants to relieve unemployment in the district, and calling on the Board of Health to expedite the erection of Labourers' Cottages, thereby removing the evil of insanitary dwellings and to help to give employment.

Upwards of 30 new members were enrolled.

At a largely attended meeting of the Kilmathomas branch, C. na nG. Mr. J. Kiersey, T.D., spoke at length and outlined the present position. Having dealt with the forthcoming by-election, all promised to do their bit, and encouraging information was received from the canvassers of the local area. Letters thanking the branch for their kind vote of sympathy, were received from Mrs. Foley, The Rectory, Kilmathomas (widow); Mrs. Foley, Roxborough, Limerick (mother); and other members of the family, on the death of the late Dr. Brian Foley, who was President of the branch.

**BREVITIES.**  
Kilmathomas R.F. team, playing at home, were beaten by a strong city combination, to the tune of 8 pts. to nil on last Sunday week.  
At a special market for porkers, held at Kilmac on last Saturday, 52/- was the ruling price.  
Mr. John Kiely, Cambridge, Boston, U.S.A., who was run over and killed by a lorry near his home on a recent date, was nephew of Mr. Patrick Kiely, President of the Ballylaneen F.F.  
Messrs. J. Kiersey, T.D., J. O'Donnell D. Coghlan, J. G. Greene, J. Power, P. Fitzgerald, L. Hallahan, and M. O'Ryan, (all Co. Councillors), will meet at the Courthouse, Kilmathomas, on the 7th prox., to consider the applications for the new cottages about to be built in the division.

**FIANNA FAIL MEETING IN CAPPOQUIN.**

Mr. Thos. Kelleher, presided over a largely attended Fianna Fail meeting which was held at Cappoquin and addressed by Mr. Sean Goulding, T.D., Waterford, and Mr. Martin J. Corry, T.D., East Cork.

Senator Quirk had also been announced as a speaker, but owing to a motor breakdown he was unable to attend.

Mr. Goulding, who spoke first referred to the useful work which had been carried out by the present Government since it came into office, and quoted the New Pensions Act, Housing Schemes, revival of industries and other important schemes which had been put into effect for the benefit of the country. He appealed for the support of the electors of the Co. Waterford in the forthcoming by-election, and hoped they would vote for Mr. Mansfield, the F.F. candidate, and thus strengthen the hands of the Government in carrying out the many important schemes on which they were at present engaged.

Mr. Corry spoke at some length and dealt with the Land Annuities question and justified the action of the Government in refusing to pay them to England, as they were neither legally nor morally due to that country. He said the Government was fully carrying out all the pledges made to the people, and he outlined an important scheme which they intended to carry out for the benefit of the small farmers and labourers in the near future.

Having indulged in some criticism of Messrs. Cosgrave, Hogan, and other members of the C. na nG. Party, he said he felt confident that the votes of Waterford and East Cork would give those gentlemen their answer by returning two Fianna Fail candidates at the head of the poll in these two by-elections to be held on an early date.

Mr. Goulding, in proposing a vote of thanks to Mr. Kelleher for presiding, also thanked the people of Cappoquin for the orderly and patient manner in which they had listened to the speeches, and he hoped that their supporters would give an equally quiet and orderly hearing to their opponents when they came amongst them during the election. (hear, hear).

**Boola (Cappoquin) Cob and Pony Races.**

Judges—J. Prendergast and R. O'Donnell.  
Starter—J. Prendergast.  
Clerks of Scales—J. O'Keefe, and W. Coffey.  
Clerk of Course—P. Morrissey.  
Measurers of Ponies—J. Quann and W. O'Donoghue.  
The above races were held on St. Stephen's Day, over a picturesque all-grass course midway between Cappoquin and Mount Mellera, kindly given by Mr. Joseph O'Keefe, Boola.

The weather proved beautifully fine and mild for the event, but the heavy rains of the previous week had left the ground very soft and sodden, so that the going was on the heavy side and proved rather trying to the lighter Cobs and Ponies which ran.

Although over 30 entries had been received, it was a matter of regret that most of these failed to turn up, so that the fields in the first two races were confined to three runners each, but two splendid races were witnessed, only narrow margins dividing first and second at the winning post.

Five competitors faced the Starter for the third race, but Mr. J. Sullivan's Merry Boy proved too strong for the rest of the field in the soft going and won in a canter by over 20 lengths.

All the arrangements were faultlessly carried out by the various officials, who knew their business thoroughly, and had the enjoyable programme run off with the greatest expedition and regularity which was much appreciated by all.

The promoters had gone to great trouble and expense in organising this fixture, and it was a pity their sporting action was not more generously supported, but we wish them better luck the next time.

**KILMATHOMAS MONTHLY DISTRICT COURT.**

Before Mr. F. J. McCabe, D.J.  
A heavy calendar of undefended Civil Bills were disposed of, decrees for the full amounts claimed, together with costs, being granted in each instance. Decrees were also granted against a number of farmers from the Ballylinch district for land annuity arrears. Dr. Counihan, Messrs. E. A. Ryan, T. Power, and P. Hally were the professional gentlemen engaged. Informations were refused against J. Hannigan, Garrunturton, charged with the larceny of a quantity of oats value £1, from Mr. Matthew Coffey, farmer, Carrigcastle. Gd. John Park, Leamybrien, was complainant in a big number of cases of breaches of the Lights and School Attendance Acts, in which fines ranging from 1/- to 2/- and court costs were inflicted. Similar fines were imposed in other prosecutions of a like nature brought forward by Sergt. O'Connor, Kilmac, Guard Rice, do., Guard Boyle, do., Guard Carroll, Kill and Sergt. Lynagh, Stradbally.

**CO. WATERFORD LANDSLIDE.**

A large portion of the cliff between Anestown and Bonhamon, Co. Waterford, has collapsed, hundreds of tons of rock and earth being involved in the movement. As a result it is stated, the roadway in the vicinity has become affected, and large cracks are showing on the surface. This road does not carry heavy traffic, fortunately, and should extensive repairs be necessary, the closing of the route will not cause serious inconvenience. Additional details to hand show that the whole roadway at Kilmurrin Cove, on the Bonhamon side, has given way and has slipped into the sea. The road which is a recognised trunk artery for traffic, has become absolutely impassable. The necessary repairs are being undertaken by the County Council.

**GREETINGS.**  
Your correspondent respectfully desires to start off here this week with right good wishes for a truly bright, happy and prosperous New Year to Mr. Editor and his staff, and to every reader of the "Observer" at home and abroad. May all your best resolutions bide with you over 1933, and in the fullest enjoyment of the choice and chief graces and blessings a-crowning the coming annum—may your shadows never grow less. Again, good health—good luck everybody!

**THE YULETIDE.**

The days of Xmas Week, were all of them, save Saturday (Christmas Eve) wet and windy and generally disagreeable out of doors. The volume of business, in the way of Christmas shopping transacted here in Kilmac, compared quite favourably with similar periods of former years. That should be a source of supreme satisfaction to all who are interested directly or indirectly, in the shop-trade of the Mahon-veined Deme. It is indeed hoped that in the coming year there may be a general revival in all trades and businesses, and that a brighter time is in store for all. Christmas Day was observed with becoming dignity and decorum. There was a record number of communicants during the early Mass at the Mercy Convent Chapel-of-Ease. Peace and Goodwill was in evidence on all sides. Several bands of "Wren Boys" were out and about on St. Stephen's Day. A little bird—a real wren, if you must know!—tells us that those troupes had no cause to boast of their "returns". A couple of "gangs" who came the way had motor cars. We wonder if they "netted" enough "oof" to pay for the petrol that day. Anyway, it is well to record that no genuine Jenny was suspended from any of the many wren-bushes borne through Kilmac on Boxing Day. Substitutes only were observed—little bundles of old feathers, red rags or ribbons of varied hues. That which hung upon the "holly bough" carried by the "longest-legged" member of one particular party of "mummers" seen here and hereabouts on the occasion was merely a mouse which no person, even with a Christmas "head," could possibly mistake for "the king of all birds"! But every group had their own little song by heart, and all were dressed pat and perfect for the part. A grand all-night dance at Newtown (under the auspices and in aid of the local Football Club) on St. Stephen's Night, was largely patronised and proved a tremendous success in every shape and form.

**THANKS.**  
Thousands of letters and parcels passed through the local Post Office during Xmas Week, and Mr. George Brown, Postmaster, and his staffs (indoor and outdoor) again deservedly merit the sincere thanks of the wide public whom they so courteously, so readily and so accurately cater for—in Yuletide bustle as in less strenuous season of the year.

**SYMPATHY.**  
At a specially convened meeting of the Kilmathomas Beagle Club, the following resolution was passed in respectful silence:—"That we, the members of the Kilmathomas Beagle Club, desire to express our sincere sympathy with the Misses Carolina Grace and Louise Fairholme, Comeragh House, in their recent bereavement occasioned by the death of their sister, Miss Minnie Fairholme."

**DEATH OF MRS. WALSH.**  
The death of Mrs. Walsh, relict of the late Mr. Thomas Walsh, P.C., Ballykerogue, Stradbally, occurred on the 21st inst., after a short illness and while yet in her early sixties. She belonged to an old highly-respected Co. Waterford family. Extremely popular, she was of a kindly and charitable disposition, and was held in the highest esteem by her many friends. This was amply testified to by the large concourse of people who, on Thursday evening of last week, conveyed the remains to Stradbally Parish Church, and who again on the following morning thronged the Church when Solemn Requiem Mass was celebrated for the happy repose of her soul. The interment subsequently took place in the adjoining cemetery in the presence of innumerable relatives, friends and sympathisers.—R.I.P.

**DEATH OF MR. M. O'DONNELL.**  
The death of Mr. Michael O'Donnell, which occurred at his residence, Kilmacraige, Kilmathomas, on Christmas Eve, occasioned feelings of profound regret in these parts, where he was held in the highest esteem. The deceased was ailing for some months past and bore his sufferings with true Christian fortitude. An exemplary Catholic, an excellent neighbour, and an extensive, practical and highly-successful farmer, his passing was as peaceful as his life of over 70 years had been holy and good. The funeral to Kilrosshanry Parish Church, on Christmas Day, was extremely large and representative. After Requiem High Mass for his soul on Monday, the burial took place in the adjoining Churchyard. We join with his numerous friends in tendering to his bereaved brother, Mr. Thomas O'Donnell, Leamybrien, and all other relatives, our deepest sympathy. May he rest in peace.

**The All-Steel Raleigh!**  
The local Agent at Dungarvan, J. B. Cooke, has received the following letter from Dublin:—  
DEAR SIR—We regret that owing to the recently imposed tax on complete cycles our deliveries for the past month have been seriously dislocated. We have pleasure in announcing, however, that arrangements have been made for the assembly of all machines for the Irish Free State at our Dublin Depot under skilled supervision. We have decided not to make any alteration in our existing prices, and we will make every endeavour to reduce the accumulation of orders with as little delay as possible, for which we crave your kind indulgence.  
Yours faithfully,  
**THE RALEIGH CYCLE CO.,**  
S. GUY, Irish Manager.  
The above letter speaks for itself. The All-Steel Raleigh is now an Irish product. Duty Free. Prices from 8/11 per month upwards.

**Have your Cylinders Re-Bored at POWER'S GARAGE.**  
Nothing stands in the way of giving you the speediest service in the trade. If difficulties arise, these are not pegs upon which to hang excuses. Every order must go through to time and promise, no matter how many hours are worked. It is this policy of unfailing delivery that has secured our Customers.  
Although speed in delivery is the keynote, yet it would be wasted effort on our part if the workmanship was not of the usual high standard demanded and expected by our Customers.  
Your cylinders re-bored for £2-10s at Dungarvan, and only takes one day.
