DUNGARVAN CIRCUIT COURT.

TROUBLE OVER CUNNIGAR. STORY OF A DEPOSIT.

On Wednesday the Circuit Court was opened in Dungarvan, by Mr. Justice Sealy, K.C., and a number of interesting cases were listed for hearing.

Cunnigar Troubles.
 In the adjourned action in which Mr. Patrick Curran, Ballinacourty, Ring, sought £10 damages for trespass and an injunction to prevent further trespass by Patrick Keane, owner of the lands of the Cunnigar, Mr. J. C. Williams, solr., appeared for the plaintiff and Mr. E. A. Ryan, solr., for the defendant.

The case was previously before the Court and was adjourned to enable the defendant to erect a railing to prevent trespass.

Mr. Ormonde, B.E., proved a map of the place.
 Mr. Curran, deposed that since the last Court there was further trespass three and four horses were going through his cattle. If the railing was finished with wire and a few gaps stopped, the trespass would stop. The portion of railing put up consisted of the roof of an old house which was dangerous. Witness objected to the railing because as well as being incomplete, it was erected on his property.

To Mr. Ryan—He objected to the position of the railing, as it is on his land. Witness was not fond of law, or getting fat on it. It is hard to get fat now (laughter). The place in dispute was not worth much, but it was his property. All he wanted was to have the railing put back to the boundary, and completed. He was satisfied with the fencing done, but the boundary was changed.

To Mr. Williams—The last trespass took place last week.

Patk. Keane said that when the case was adjourned he went to erect the fence, but left portion of it there, as Mr. Curran came and said he would bar it down. He is now complaining of the boundary. Witness said the boundary was marked by an Engineer some years ago. Witness reported the matter of Mr. Curran threatening to tear down the railing to the Guards. He denied there was any trespass except when his cattle are going home when the tide was in. They are then pressed up by the tide. He is grazing the Cunnigar for the past 18 years. The paining cost him about £12.

To Mr. Williams—My case is that there is no trespass until the cattle are going home with the children when the tide is in. The children could not keep them off; a regiment of soldiers could not keep them off when the tide is in. His cattle never trespassed on Curran's turpins and mangolds. Curran threatened to tear down the railing at Christmas, but did not do so yet. He would have done it only witness was there at the time. The planks in the railing are not old rotten ones, they are hickory planks that would hold for 100 years. It would only take about 2 days to finish the railing, but what was the good when plaintiff complained of the boundary. The place not raised is out on the beach, and Mr. Curran said if I put up a railing there he would have the Board of Trade working against me with himself. He told His Lordship at the last Court that he was waiting for timber from Dromana, but he did not go to Dromana since, as he used the timber from a house.

His Lordship said he was not going to decide the proper position of the fence. Very probably if the parties are not satisfied it will be in Court again. What he had to decide was if there was trespass, and undoubtedly there was substantial trespass for which I will give a decree against Keane for £3. He allowed £2 expenses to Mr. Ormonde.

A Deposit Receipt.
 This was an action by Mr. Matthew Scanton, Ballyhane, Cappoquin, executor of the Will of the late Thomas Scanton against Rd. Kiely, Knockalara, Cappoquin, asking the Court to determine ownership of a deposit receipt for £263 standing in the joint names of Thos. Scanton (deceased) and Richard Kiely.

Mr. Budd, B.L. (instructed by Mr. Williams, solr.) for applicant.

Mr. Molloy, B.L. (instructed by Mr. E. A. Ryan, solr.) for defendant.

Mr. O'Neill, Manager, Munster & Leinster Bank, Dungarvan, gave evidence of deposit receipts held by Thos. Scanton in the bank from April, 1920. Up to 1930 the amount was £270. Thos. Scanton came into the bank on the 26th November, 1930, and cashed the deposit receipt for that amount. He then re-deposited it in the joint names of himself and his nephew (Rd. Kiely). Witness signed the new deposit receipt. The deceased drew the interest on the 2nd May, 1931 and he reinvested the money again. He drew £5 of the principal on one occasion,

DUNGARVAN URBAN COUNCIL.

Mr. J. Butler, chairman, presided at the adjourned meeting of the above on Tuesday night. The others present were—Messrs. M. Clancy, T. McCarthy, T. Power, J. F. Mooney, B. Dee, and M. Griffin.

Knockatemore Water.
 Arising out of the complaint by the above residents re shortage of water, which was referred to the B.S., for a report. The B.S., now reported that he would not recommend changing the source of supply at present as it might interfere with the Town supply.

Accommodation For Paying Home Assistance.
 The Secretary Co. Board of Public Assistance wrote enclosing a report from Mr. Phelan, Superintendent Assistance Officer, stating that after inspecting the Town Hall as a suitable place for the payment of Home Assistance the only room suitable is the Green Room, and the Assistance Officers and other officials of the Board only should have access to it, so that books, documents, etc., can be locked up, and kept safe.

Mr. Clancy—We could not do that. Mr. McCarthy—No, but some other place should be found. The present place is most unsuitable. It is a disgrace to see the way decent people have to stand out in the street waiting to be paid.

Co. Hospital For Dungarvan.
 A letter was read from the Secretary Ministry of Local Government and Public Health, relative to the resolution passed by the Council stating that the matter would have the consideration of the Minister.

Mr. J. H. O'Sullivan, Secretary, Co. Council, wrote, informing the Council that the resolution was passed unanimously by the Co. Council.

Mr. S. Goulding, T.D., wrote stating that he had discussed the matter with the Secretary Ministry of Local Government and Public Health. Dr. Ward, informed him that so far the Board of Assistance had not made any suggestion to the Department on the matter.

Mr. Little, T.D., also wrote promising to do all he could to obtain the County Hospital for Dungarvan.

Mr. Clancy—Is it the Council's intention to do anything further in the matter before the meeting of the Board of Assistance. Things have advanced since we held the meeting, and the replies from the T.D.s are very satisfactory. He asked the Council for their views on the advisability of holding a public meeting before the meeting of the Board of Assistance.

Chairman—If the members of the Council would interest themselves and meet some prominent people and have their views on the matter, we can discuss the calling of a special meeting.

Shandon Road.
 A letter was read from the Ministry stating that in connection with recent inspection of the work carried out under Relief Grant, the Inspector reports that it is urgently necessary that the Council should surface the water bound section of the road.

Kindly say whether the Council have made any provision to have this work done.

The Clerk was asked to reply stating that as the work was done under a grant, the Council had no provision made.

The Department wrote stating that no objection would be raised to the payment of £30 to the Town Surveyor, in respect of extra work in connection with the £700 loan.

Footpaths.
 The Department also wrote sanctioning the raising of a loan of £250 by the Council for the purpose of completing the footpaths scheme undertaken by the Council.

Mr. Griffin—I would like to know what paths are to be included, the application was made in respect of King Street, and to complete the footpaths at Church Street, Fair Lane, etc.

B.S.—Yes, these paths are included.
 Mr. Clancy—How is the work to be done?

B.S.—By contract.

Mr. Clancy—I would favour contract provided the standard rate of wages is paid.

Chairman—What rate was paid at the work?

B.S.—One and seven pence an hour to tradesmen, and £2 to labourers.

Mr. McCarthy—I am against contracts, it is not Trade Union principle at all.

Mr. Clancy—While I agree with Mr. McCarthy, I hold we got very bad value for the £700.

Mr. McCarthy—That could not be helped, the weather was against it, and Mr. McGrath was trying to divide the work between too big a number of men. It should be different now as other work will be started such as the Housing Scheme.

The B.S. was directed to prepare specifications for the different footpaths and invite tenders from contractors.

KILMATHOMAS NEWS.

RELIGIOUS PROFESSION.

At the Convent of the Faithful Companions of Jesus, Mecle, Brussels, Belgium, on the 14th, March, the religious profession took place of Miss Anastasia Keating, in religion Sister Felicitas. Miss Keating is daughter of Mr. and Mrs. Richard Keating, Kilmacavee, Kilmacothomas.

SYMPATHY.

The many friends in these parts of Mr. Michael J. Keane, U.D.C., Friary Street, Dungarvan, heard with profound regret of his sad bereavement occasioned by the demise of his wife, and the sympathy of all goes out to him in his great loss.

ANENT THE SEASON OF SACKCLOTH AND ASHES.

The Lenten devotions are commanding the zealous piety and attention of the faithful of Kilmacothomas, and the Stations of the Cross are being made with all the impressiveness this great form of devotional exercise demands from Catholics of this country.

FINISHED.

The Kilmacothomas sewerage scheme has been completed. The work is certainly a credit to the contractor, Mr. Downey, Waterford, and to his right-hand man, Mr. Michael Hayes, in whom the whole populace were well pleased. Now that the town possesses a proper sewerage system, each and everyone of its rate-paying and non-or-tariff-paying residents will probably live to celebrate the century milestone of their respective birthdays—higgin thoo!

RUMOUR WRONG.

There is no truth whatever in the rumour that the trousseau vogue for girls will extend to Bonmahon. A seaside holiday and the normal working life are as separated as the poles. Divorced from the call of service and remote from the environment of a job, and intoxicated with the joy of life, a girl will wear clothes by the briny which she would not don at the office or on the street. It is true that some American women are not only emulating the seaside whim, but are adopting masculine apparel in its entirety, but the blessed belles of Bonmahon will certainly not follow 'suit.' As any contract bridge player of Kilmac might put it: "They are invulnerable on this point." The boys of Bonmahon are not sorry. The modes of the maid are associated with the poetry of romance, and a girl in jacket and trousers could not fire the imagination like one in the graceful outlines of a model frock.

A GREAT PASTOR.

Ninety-one priests attended at the Solemn Office and High Mass of Requiem offered up in Clonea Church on Monday morning for the repose of the soul of Very Rev. James Canon Wall, P.P., Clonea-Rathgormack, whose death on the 31st ult., in his 82nd year, is widely regretted. All that was mortal of the deceased Pastor was later laid to rest in the adjoining cemetery in the presence of upwards of 1,200 people, and amid many manifestations of poignant sorrow. The late Canon Wall was indeed a great man. He was great in his priesthood, great in his scholarly attainments, great in his burning zeal, great in his simple humility, and greatest of all, in his fatherly and Christlike kindness. He loved his parishioners as no mother could love her children. And they were justly proud of their worthy Sogarth Aaron. The tender affection and profound respect of those whose spiritual care was entrusted to his keeping over the past three and twenty years is the greatest happiness in death. He built his own monument in the hearts of his hosts of friends who will remember him even when they forget their own kith and kin. His spirit will still be with them; in his great traditions he will guide and guard the parish which he so well loved; in his example and kindness he will show the way to those who loved him during life, and who will not forget him in death.—Requiescat in pace.

DO YOU DANCE.

It will interest the folk of Comeragh Valley and the members of the Committee in charge of the grand dance due to come off at the Mill Hall, Kilmacothomas, on Easter Sunday night (vide advt.), as well as others interested in the poetry of action throughout the Decies, that dancing is a sure aid to longevity. We are told as much by a famous Continental authority on the subject, whose researches have proved that many notable stars of the ballet have lived to over 100 years. There is little doubt that dancing not only keeps the heart young, but the body in the very best of form. It makes for energy, vivacity, and temperamental balance, and fosters a medium of entertainment which nothing can surpass.

THE WATERFORD FOXHOUNDS.

This pack met at Kilmacothomas on Friday of last week, when the Joint Masters, the Marquis of Waterford and Mr. R. Russell, were in attendance with a large party of followers. This marked the last meet for Kilmacothomas this season. Graigue covert was first drawn and proved blank. The party next enlarged at Burke's gorse, at Scrahan, which was also tenacious. Strange to relate hounds had just turned off from it when a fox was seen scurrying out of it in the direction of Cheasty's, Ballybrack. Kilmoylan was the next objective. Here a fox was found, and after circling about the covert for some time hounds were withdrawn, and a little gorse further down by the banks of the Mahon was attended to. This "couched up" the "doins." Reynard was hounded back to Kilmoylan covert, crossing the railway above the old Workhouse buildings, through Drohan's farm Scrahan, on towards the Protestant Church (Rossmire), and was killed in the open in Mr. David Coghlan's farm nearby. Carrieady was next on the card, and hounds weren't long in action when Mr. Carey, 1st whip, viewed a fox breaking away in the Ballyvaeden direction. The "wily one" was headed through Mr. Jim Power's farm Carrieady, on to Ballinassila, swinging left-handed by Knockmahon, thence to Gardenmorris. Hounds were hunting well. Reynard found no refuge in Gardenmorris and retreating his steps, was eventually marked to ground in his original lair in Carrieady. A nice hunt. Tomorrow (Saturday, April 8) the final meet of the season will take place at Durrow. By the way, the Durrow meets do not seem to be popular with the local sportsmen, but we doubt if they are right in fighting shy of this centre. True, Ballyvoile this year drew blank, but in days gone by good, fast runs were gained from there across the hill of Ballymarket to Clonkoskerine. The only link with those memorable days is Mr. Arthur Hunt of Rockmount, who still retains his position in the front ranks when hounds are in full cry. Englishstown and Ballykerogue always held a stout fox, but under the "tutorship" of keeper "Patsy" Lynch, this is not to be wondered at. If on tomorrow the Joint Masters should include amongst the draws the Durrow Bogs, our friend "Patsy" will be seen and heard at his very best—a veritable treat in store!

MOUNT MELLERAY.

ELECTION OF LORD ABBOT.

The election of a Lord Abbot of Mount Melleray, in succession to the late Right Rev. Dom Stanislaus Hickey, took place in the Monastery on Wednesday, in accordance with the rules of the Cistercian Order. The ceremony opened in the Abbey Church with Solemn High Mass of the Holy Ghost, which was sung by the Right Rev. Dom Corentin Guayder, Lord Abbot of Melleray, France. The deacon was Rev. Fr. Ailred, O.Cist., and sub-deacon Rev. Fr. Declan, O.Cist., Mount Melleray. The Right Rev. Dom Justin McCarthy, Lord Abbot, Mount St. Joseph's Roscrea, and the Right Rev. Dom Celsus O'Connell, Lord Abbot, Mount St. Bernard, Leicestershire, being also present, as well as all the priests of the community.

After High Mass, the election took place in secret in the Chapter Room, and after some hours the Lord Abbot of France announced that Right Rev. Dom Celsus O'Connell had been elected as Lord Abbot of Mount Melleray. When the latter had intimated his acceptance of the important position, he was conducted by the Lord Abbot of France to a prie dieu in the sanctuary in front of the high altar in the Abbey Church, the Lord Abbot of Roscrea also assisting at the ceremony, while the community choir sang the "Te Deum," which concluded the religious part of the ceremony.

NEW LORD ABBOT'S CAREER.

The newly-elected Lord Abbot of Mount Melleray is a native of Mourmabey, Mallow, and, as Daniel O'Connell, he entered Mount Melleray Seminary as a student in 1898. He was engaged on the teaching staff for a long period, during which he took out his B.A., degree. He joined the Cistercian Order as a novice in 1901, being ordained priest in 1910, but continued as professor until he was appointed chaplain to the nuns of the Cistercian Order in Slope Hill, Dorsetshire. He later became guest master in Mount Melleray and also sub-prior, and after some years in these positions he was appointed assistant to the Abbot-General in Rome, a position which he filled with rare distinction for five years. He was next appointed Prior of Mount Melleray, which he held from 1925 to 1927, and on the death of the late Rev. Father Louis Carrow, Superior of Mount St. Bernard, Leicestershire, he was appointed Superior Abbot, the strength of the community at that time not permitting of the appointment of a Lord Abbot.

Under Father O'Connell's wise administration, the number of members quickly grew, and this important branch of the Cistercian Order soon found itself entitled to elect a Lord Abbot, and Father O'Connell was elected in 1929.

A priest of outstanding ability and rare administrative powers, a brilliant scholar and a saintly and distinguished churchman, he possesses in a marked degree all the qualities necessary for filling the high position of dignity and responsibility which he has now attained, and, under his wise and experienced guidance, there can be little doubt that Mount Melleray, both from a religious and educational point of view, will fully uphold in the future the high place of eminence which it has so consistently held in the past.

DEATH OF MR. M. FITZPATRICK.

Much regret has been caused by the death of Mr. Michael Fitzpatrick, Affane, which occurred unexpectedly at his residence on Tuesday, 28th, ult. Deceased had spent a number of years in the R.I.C., and was father of Mrs. Brennan, Co. Home Lodge, Dungarvan, and Mrs. M. Sullivan, an expert in Poultry-keeping for many years. He was a most respected and honourable man of a particularly quiet and charming disposition, and had been in Cappoquin on business only the day before his death. The interment took place in the chapel yard, Affane.

A GREAT RECORD.

At Newtown Schools' Grounds, Waterford, on Thursday week, St. Augustine's Senior School Team met a selected fifteen representing Bishop Fey and Newtown Schools in the match for the beautiful Silver Cup, presented by the Waterford City Rugby Club. The Friary boys gave a brilliant display outclassing their opponents in all departments of the field and won by 1 goal and 7 tries (26 points) to nil. The City boys played hard, but were unable to pierce the defence. Thus the Dungarvan College Team set the seal on a most successful Rugby season in which they scored in all 163 points, while the total registered against them was 47.

ST. AUGUSTINE'S SEMINARY, DUNGARVAN.

RUGBY SEASON 1932-33.

A BRILLIANT RECORD.

The successful record of the Rugby Team of St. Augustine's Seminary, is one of which any College might feel proud. In the 10 matches played the team scored 163 points, while only 43 points were registered against them, and crowned a wonderful season by winning the Waterford Schools' Cup from Newtown and Bishop Foy's combined by 26 points to nil. The Senior Schools Team entered for the Munster Cup and in their first match beat Presentation Bros., Cove, by 25 points to 6 and in their meeting with the crack Crescent College Team, were only defeated by 8 to 6 in a game in which all the odds were against them. Further the versatile T. Cahalane, of the local team was capped in the Munster v. Leinster Schools' Championship, and was highly complimented on his play on the occasion. During the season the Friary Boys covered themselves with glory and are deserving of the highest praise for their achievements. Congratulations are also tendered to the esteemed Rector—Very Rev. R. Walsh, O.S.A., and the College Staff.

Here are the results achieved during the 1932-33 season in the Rugby Field:—

- October, 22nd.—Friary (Juniors) v. Newtown, 25—0.
- October 23rd.—Friary v. Cappoquin and Dungarvan selected.—16—6.
- November 17th.—Friary v. C.Y.M.S. Waterford, 9—8.
- November 24th.—Friary v. Dungarvan.—14—3.
- November, 27th.—Friary v. Cappoquin.—14—6.
- December 7th.—Friary v. Pres. Bros. Cork (S.C.T.).—22—0.
- February 1st.—Friary v. Pres. Bros., Cove (S.C.T.) (Munster Cup)—25—6.
- February 9th.—Friary v. Crescent (Munster Cup)—6—8.
- March 23rd.—Friary (Juniors) v. Newtown and Foy's.—9—10.
- March 30th.—Friary (S.C.T.) v. Do. (combined) (Waterford Schools' Cup)—26—0.

In the season the Friary put up a total score of 163 points and their opponents a total of 47.

We heartily congratulate the boys and their trainers and wish them further luck next season.

Jubilee of the Redemption.

HOLY YEAR FROM 2nd APRIL, 1933, TO 2nd APRIL, 1934.

REGULATIONS FOR THE DIOCESE OF WATERFORD AND LISMORE.

Our Holy Father, by a Bull issued on the 6th January, 1933, has proclaimed a Holy Year and Solemn Jubilee to celebrate the nineteenth centenary of the Redemption of the human race by the death of Jesus Christ.

Carrick-on-Suir and Carrickbeg—Four visits to each of the three public Churches.

Dungarvan and Abbeyside—Four visits to each of the three public Churches.

In all other places—Twelve visits to the Parochial Church of the place, or to the public Church of Mount Mellery.

For those resident in Convents or Institutions—Twelve visits to the Chapel of the Convent or Institution.

N.B.—The visits may be made in any order, and on the same day or different days (which need not be successive).

PRAYERS DURING THE VISITS.—The following prayers are to be said at each visit: (1) Before the Altar of the Blessed Sacrament or before the High Altar, the "Our Father," the "Hail Mary," and the "Glory be to the Father," five times; and a sixth time for the Holy Father's intentions; (2) before the Crucifix, the "Apostles Creed" is to be recited three times, with the ejaculation, "We adore Thee, O Christ, and bless Thee, because by Thy Holy Cross thou hast redeemed the world," once (or some other prayer of the same kind); (3) before an Altar or Image of the Blessed Virgin, seven "Hail Marys" in honour of her sorrows, with a prayer to Our Lady to keep us mindful of her Divine Son's Passion and Death.

For those who are unable to make visits to the Churches or Chapels, Confessors are hereby authorised to commute this work to other works of religion, devotion and charity.

If a dangerous illness supervenes when the visits have begun, the Jubilee Indulgence is gained without the completion of the visits.

SUSPENSION OF OTHER INDULGENCES.—All plenary and partial indulgences for the living are suspended during the Holy Year, with the exception of the following:

HOW OFTEN MAY THE JUBILEE INDULGENCE BE GAINED?—The Jubilee Indulgence may be gained as many times (for oneself or for the faithful departed) as the prescribed works are performed.

At a meeting of the Youghal U.D.C. Mr. E. P. Lynch, V.C., presiding, the following letter was read from the Royal Humane Society:—In reply to your letter of the 11th, it is regretted that the case of Mr. R. Maraga cannot be considered for an award by this society, with reference to the cases you mention, viz:—(1), Rescue by Thos. McGrath. A reply to this was sent on October last year. We could not consider it. (2), The case of Messrs. Quaine and Buttiner, which came through our hon. representative at Cork, was also declined on the 20th, October last.

In this Diocese the Ordinary prescribes twelve visits to Churches (in place of the visits to the Basilicas in Rome), to be made as follows:—City of Waterford.—Three visits to each of the four Parish Churches.

New Church for Youghal

NEED FOR SACRED EDIFICE NEAR THE STRAND. PUBLIC MEETING.

A large and representative public meeting of both strand and town residents was held in the Strand Palace, on Tuesday night, in furtherance of the project to erect a church in the vicinity, Mr. R. Savage, presiding. The Chairman said he need hardly emphasise the great necessity of having a church on the strand. Not alone was the district growing rapidly in population, but there was a regular influx of new residents, while their summer visitors would greatly appreciate a conveniently situated church. He had it on good authority that many people would come to reside at Youghal if they had a church near by.

Mr. D. Donnelly, U.D.C., proposed that they go on with the good work-form committees and collect subscriptions.

The proposition was passed with acclamation. The Chairman said that now that the project had taken practical shape, he proposed retiring from the chair.

Mr. O'Byrne, seconded. The proposition was passed with acclamation. The Chairman said that now that the project had taken practical shape, he proposed retiring from the chair.

Mr. Smyth, Chairman, U.D.C., who was warmly received, expressed his warm approval of the project. It would take a few years to put up a church that would be worthy of the object for the place. In his opinion they would ultimately require something like £8,000 to complete it, and they should, therefore, start at once with the indispensable spadework of raising the money (hear, hear).

After the transaction of some routine business, the chairman tendered sincere thanks to all those present for their kindly co-operation. It was a proud privilege to be one of the founders of a church, and they could all rest assured that their cheques would never be dishonoured in the best of all banks (applause).

Higher Rates.

GRANTS NOT TO BE INCREASED. MINISTER'S REPLY TO DEPUTATION.

Following the deputation to the Minister for Local Government from the County Councils General Council asking to have the Grants to Counties made the same as last year, the Minister said that could not be done.

Mr. S. T. O'Kelly, Minister for Local Government, is worried lest the failure to pay rates should lead to a curtailment of the local services during the coming year. He told a deputation from the Co. Councils General Council on Friday last that the Government looked to the local bodies to discharge the duties which devolved upon them to maintain the local services unimpaired.

He also pointed out that the farmers had got the benefit of the reduction of their land annuities by half, which meant £2,000,000 per annum, and that if an effort were made there was no reason why the poor law services could not be maintained.

THE MINISTER ALSO STRONGLY DEPRECATED STATEMENTS MADE BY MEMBERS OF LOCAL BODIES WHICH MADE IT DIFFICULT TO COLLECT RATES.

Mr. O'Kelly, warned the deputation of the unpleasant results of a collapse of the local services, and said that the public would not tolerate a situation in which the essential health services would be placed in jeopardy.

Mr. D. L. O'Gorman (Cork) said the position of Cork was particularly bad. The Council took such a serious view of the situation that they deferred striking the rate in the hope that the Government may reconsider the position and give some relief.

Mr. J. J. Sheil, Chairman, Dublin Co. Council, said the ratepayers of Co. Dublin could not meet the increased rates this year. The burden on the county was crushing.

A big gathering of enthusiasts eyed the Stradbally-Dungarvan senior football challenge set to, enacted at Stradbally (in a field kindly given by Mr. George Crowley), on last Sunday evening. Contrary to expectations the visiting unit controlled the contest from commencement to close, and emerged worthy winners on the score: Dungarvan-2-5; Stradbally-0-2.

YOUGHAL DISTRICT COURT.

Before Mr. J. S. Troy. Sergt. Eddie Killeagh, charged Pk. Murphy with having an unlicensed dog. Defendant's wife said she thought March was the month for licensing the dog. The Justice—Do you read the newspapers? Yes, sir, but to tell you the truth, we're so bothered with the times we didn't bother to read them. I came 4 miles to Killeagh and then to Youghal to-day. Fined 5/-.

accused, who got the local blacksmith to put them on a scuffler.

Miss Morrissey, said the plough was all right on March 9th. About the 19th she missed the handles. On the 22nd, she identified them at the Mount-Uniacke force, attached to a scuffler. It was a good plough, worth £5 at one time. It was quite useless now. Cross-examined by Mr. Macnamara, witness said it was some years since the plough was used because she had another one. It was quite useless without the handles. New handles could be put on for 5/-.

Dungarvan Urban Council.

VICE-CHAIRMAN BEREAVED.

At the weekly meeting of the Dungarvan Urban Council, Mr. J. Butler (Chairman), presided. Also present were—Messrs. T. McCarthy, M. Clancy, J. McEvoy, M. Griffin, T. Power, D. Foley.

Condolence.

Mr. Clancy said that since the last meeting their vice-chairman had sustained a great loss in the death of his wife. The death of Mrs. Keane came as a great shock to them all. She was taken away in the fullness of youth and leaves a young family to mourn her loss. She was always of a genial and happy disposition and was a good Catholic wife and mother. They all felt for their vice-chairman, Mr Keane, and it was with deep regret that he felt it his duty to propose a vote of sympathy with him and his family on their great loss.

Mr. Clancy then proposed a vote of condolence and was seconded by Mr. McCarthy, who said he deeply regretted the occasion had arisen. The late Mrs. Keane was a fine mother and he only hoped that this resolution would, in some way alleviate the great sorrow that had fallen on Mr. Keane and his young family.

Mr. Foley also spoke in support of the resolution. The Chairman said that he sincerely regretted having to put the resolution. In his opinion the greatest tragedy that could happen was the loss of a young mother. He had known the late Mrs. Keane a long time, and he knew her to be a most charitable woman who was beloved by all who came in contact with her. They all felt keenly for their vice-chairman and his young family, and they could only hope that this resolution would in some way lighten the load of sorrow that had fallen on them.

Mr. O'Meara, Town Clerk, associated himself on behalf of the officials, with the resolution and said the late Mrs. Keane was a model mother.

The Chairman announced that the 8 o'clock Mass at the Parish Church on Monday morning would be offered for the repose of the soul of the late Mrs. Keane.

Late Mr. James Croke.
In proposing a vote of sympathy with the relatives of the late Mr. James Croke, N.T., Abbotside, Mr. McCarthy said it was sad to see such a fine young man taken away at such an early age. The late Mr. Croke was a fine gentleman and was loved by the people of Dungarvan.

Mr. Clancy seconding the resolution, said he regretted very much to do so. A nice young man he never met. Mr. Foley said that Mr. Croke would be missed by the children of Abbotside.

The Chairman said that he had gone to school with the late Mr. Croke and he was a most lovable young fellow, who had earned the respect of all. He was indeed sorry to see such a fine type of man passing away at such an early age.

The late Mrs. O'Donovan.
A vote of sympathy was also passed with the relatives of the late Mrs. O'Donovan, and the relatives of the late Mrs. Lynden, Mitchell street.

The resolutions were then put and passed in silence all the members standing, and the meeting was adjourned to Tuesday night as a tribute of respect to the memory of deceased.

DEATH OF VERY REV. CANON WALL, P.P. CLONEA AND RATHGORMACK.

The death occurred on Friday last, at the Waterford County Infirmary, of Very Rev. James Canon Wall, P.P., Clonea and Rathgormack, one of the best known priests of Waterford and Lismore Diocese. The late Canon Wall was born 82 years ago at Ballyquin, near Carrick-on-Suir, and was ordained at Maynooth in 1877. He was a son of the late Mr. Peter Wall, Ballyquin, and a brother of the late Dr. Wall, Carrick-on-Suir, Mr. P. Wall, Mrs. Carroll, Carrick-on-Suir; Sister Colombo, Mercy Convent, Carrick-on-Suir, and the late Mrs. Hamahan, Nine-Mile-House.

He served as C.C., at Ardinnan and St. Mary's, Clonmel, and was appointed P.P., of Clonea and Rathgormack in April, 1912 on the death of Canon Paul Power. He was appointed a member of the Diocesan Chapter 6 years ago.

Zeal in discharge of his spiritual duties and an interest in the spiritual welfare of his parishioners and the children of the schools were outstanding traits of Canon Wall's character as a priest.

Over 80 priests from Waterford and Lismore Diocese attended Office and High Mass at Clonea Church, on Monday, for the repose of the soul of the deceased. The interment took place at Clonea in the presence of a large gathering of parishioners.

Ven. Archdeacon Byrne, Vic-**Cap.**, of the diocese, presided at the Office and High Mass at Clonea. The celebrant was Very Rev. Canon Prendergast, P.P., V.F., Carrick-on-Suir; deacon, Rev. M. Dowley, P.P., Kilsheehan, sub-deacon, Rev. M. Power, C.C., Passage East.

Chanters—Rev. J. Murphy, Ring; Very Rev. J. Donovan, Waterford. The chief mourners were—Mr. P. Wall, (brother); Mrs. Carroll (sister); Mr. T. Carroll (brother-in-law); The Misses Carroll (3) nieces; Miss Hanrahan (niece); Messrs. P. Carroll and M. Hanrahan, (nephews); Mrs. Wall, (sister-in-law).

**INTER-COUNTY FOOTBALL AT
YOUGHAL.**

Before a fine crowd East Cork represented by Imokilly and West Waterford represented by Clashmore tried conclusions in Senior Football. The Cork team combined much better and being speedier, managed to pile up a big score in the opening period with a strong wind in their favour.

Prior to the football contest an evenly contested junior hurling bout between Youghal and Castlemaryr was staged. The home team played with the wind in the first half and at the interval turned over with a point lead, the score being—Youghal 3—1; Castlemaryr—2—0. In the concluding half the Youghal defence was sorely tried, but managed to hold out, the game ending in a draw. The final score was—Youghal—3 goals 4 points; Castlemaryr—4 goals 1 point. Mr. E. Birmingham, Youghal, acted as referee.

Mr. P. Kelleher, Youghal, set the football match underway. Imokilly winning the toss and playing with sun and breeze to their advantage. Clashmore were on the defensive from the start, but a free brought temporary relief. Soon after Imokilly were awarded a free close in and a fine shot resulted in a point. Imokilly again pressed but Clashmore fought back stubbornly and transferred play to midfield. Play was temporarily held up through an injury to one of the Imokilly players. Resuming, the home county representatives by clever passing gained good ground and finished off the movement with a minor. This was immediately followed by a similar score. Clashmore made several attempts to take the offensive, but they met with a stern opposition both on the wings and centre field. The Clashmore custodian brought off a fine save following a "30" but a quick return saw another minor placed to the credit of Imokilly. Clashmore were still on the defensive and they conceded two minors in quick succession. Shortly before the interval Imokilly scored a point and a goal, and at half-time the score was—

IMOKILLY—1 goal 6 points.
CLASHMORE—Nil.
On resuming, Clashmore pressed but their opponents keeping the ball low and adopting short passing movements made several dangerous incursions, but were repulsed. Imokilly defence proved too good and time after time nullified the determined efforts of Clashmore to score. Imokilly were lasting better and following several splendid passing bouts made great headway, the ball striking the upright rebounded into play and was cleared. Shortly after Clashmore made a determining attack and raised the white flag and this was the only score they succeeded in registering. Imokilly following this broke away and in a few seconds brought off a fine goal. No further score resulted and the final score was—

IMOKILLY—2 goals 6 points.
CLASHMORE—1 point.
The teams were—
Imokilly: W. Duggan (Capt.); A. Considine, D. Gleeson, G. Considine, J. Power, (Russell) Rovers; D. O'Keefe, F. Carr (Castlemartyr); M. J. Hennessy, S. Fleming (Middleton); A. Byrne, M. J. O'Mahony, M. Sullivan, D. Sheehan, J. Sullivan, W. Norris, (Youghal).

Clashmore: J. Barrow (Capt.); D. Barron, J. Curran, J. Cunningham, M. Cunningham, J. Rourke, P. Rourke, W. Kelleher, S. Hickey, J. Hickey, P. Phelan, M. Troy, D. Grady, P. Foley, P. Healy.

No. 118.—
**SHOW POINTS IN DOGS.
ARE THEY USELESS?**

CRITICS of show dogs often contend that the standards of points upon which they are judged are either useless or positively mischievous. They would be upon sounder ground if they argued that breeders sometimes exaggerate one or two of these points, and in the course of time produce strains that depart considerably in essential details from the requirements laid down. The commonest fault is to lay too much emphasis upon the head, as if perfection in this feature made the ideal animal. The judge who knows his job, however, will insist upon having a dog that is well-balanced or symmetrical, whichever one pleases to call it, and he will require that it shall be sound and capable of moving freely.

Read almost any standard you please, and not merely those relating to working breeds, and you will find that straight forelegs, hind legs that are neither bowed nor cow-hocked, strong backs and loins, muscular quarters, and either depth or spring of ribs are among the necessary requirements. No judge can tell at a show if a dog has powers of endurance, perseverance at his work, and a good nose, but he can at least see if he is constructed on lines that will permit him to do a day's outing in the easiest manner without tiring. Any dog, whether he is to be used in sport or herding, or is kept merely as a companion, will be all the better if he is built properly and has sound back and limbs.

For instance it will be noticed that most standards have a clause dealing with the shape of the ribs, which either have to be well sprung or rounded or of great depth. In the running dogs we have depth of ribs, because a barrel-shaped formation would detract from their activity, but whichever it is they must have plenty of capacity in this quarter, so that gives them room for the due functioning of heart and lungs. In all probability a dog with a narrow girth will have an indifferent constitution, and will be lacking in the virility that is desirable. So, too, we read occasionally that wide nostrils are preferred, the reason being the same. No one is likely to quarrel with straight legs, which indicate that the puppy was well reared and has strong bone.

I have been asked occasionally if it matters what sort of pads a dog has to his feet. I can assure you from experience that thick pads are of more use to their possessor than thin, and that he will not be as likely to go lame on rough ground. One might go on almost indefinitely. Take the matter of ferrier coats. Those that are harsh and wiry will repel the wet when soft coats would become saturated. In the long-coated breeds we demand a thick undercoat, because of the protection it affords against the weather. A dog is penalised at a show if he is deficient in this respect. Does it make any difference if a dog has a light eye instead of a dark? Certainly, a dark eye looks better in most breeds, and as a rule it indicates a good temper. Light-eyed dogs are often bad tempered, and there is a belief that eyes of this colour do not work as well as the darker. The style of head is important because to a large extent, it indicates breed type, and may also give us an idea of a dog's character.

If there's any kind of dog food Spratts don't make, it's because it's not good for your dog.

SERIOUS MOTOR MISHAP.

Returning from Newtown school about 4 p.m. on Friday evening of last week, Michael Duggan, aged 6 years, son of Mr. and Mrs. James Duggan, Whitestown, Kilmacthomas, was struck by a motor car at Newtown Cross (next Mansfield's forge), and he sustained a fractured arm along with severe internal injuries. The driver of the car, who had as passenger a well-known traveller, drove to Kilmacthomas, where he informed the Gardaí of the accident. Dr. K. T. White, local M.O., was immediately apprised of the affair and he rushed to the child's assistance with all possible haste and administered first aid. The injured boy was subsequently conveyed by motor to the County Infirmary, where he still lies in a precarious condition. The Cross whereat the mishap happened is one of the most dangerous junctions in the whole county, and has been the scene of several similar accidents in recent years. It is high time that some special precautionary signs were erected on all approaches thereto, particularly on the main road where motors are wont to whizz by more often than not over thirty miles an hour.

A Dead Calf is a Dead Loss

Year after year many farmers lose promising calves through curd and scour. You can rear every calf. You needn't lose one through this disease, as a few doses of Cureox are sufficient to effect an immediate cure, and a couple of doses each week is an unfailing preventive. The symptoms of Curd and Scour are head-staggering, grinding of teeth and stretching neck and body. Cureox is an excellent preventive of Wool Ball in lambs.

Note—For animals with scour over six months old give 4 CUREOX, 2/ (post 6d.), 5/- (post 8d.).

EASTER COMMEMORATION.

The annual Easter Commemoration will be held at the Burgery, Dungarvan, on Easter Sunday, at 3.30 p.m. An oration will be delivered by Miss Mary MacSwiney, T.D. A Procession will form up on the Square, at 2.30 p.m. and march to the Burgery.

CO. COUNCIL MEETING.

The adjourned special meeting of the Co. Council, to deal with the estimate for rates for the coming year will be held on Tuesday next. The meeting was adjourned on the last occasion with a view to finding out the final views of the Government on the reduction of the Grants which mean a loss of almost £18,000 to the Co. Waterford. Now that the Minister for Local Government has declared that no further relief will be forthcoming the Council must proceed to deal with the matter. The reduced Grant means an increase of the rates of 1.5 in the £. A full attendance will be, of course, present to consider this very vital matter in the best interests of the ratepayers.

The General Council of County Councils at its meeting on Wednesday declared that no justification existed for the reduction of the Agricultural Grant and held that during the continuance of the economic dispute the agricultural community is entitled to freedom from annuities and rates.

WHAT OUR GIRLS CAN DO.

In the Junior League, Schools Branch of the Lanister Ladies Hockey Union, the winning team for 1932-33 was that of the Dominican Convent, Dun Laoghaire. This school beat all the schools it played 8 in all and never lost a point. It won with 18 points out of a total of 18 and with a total of goals—44 against 5. The Captain of this great team is Miss Anne Foley, of Glendysert, Ardmore, and the goalkeeper is Miss Josephine O'Meara, Mitchel Street, Dungarvan.

C. NAUG, BALLYDUFF UPPER.

At the monthly meeting of the above Branch on the 2nd inst., a vote of sincere sympathy was passed with the Hon. Treas., Mr. T. Stafford, on the death of his wife, Dr. O'Driscoll, was the proposer and Mr. P. J. O'Sullivan, seconded.

INTERESTING HURLING MATCH.

A very interesting Hurling match was played last Sunday evening at Abbesside, between St. Augustine's Seminary and Abbesside. A good hour's game was witnessed and some good hurling was the order. The game was won by the Seminary boys after being led the best part of the hour by Abbesside.

WATERFORD FAIR.

Waterford Fair on Monday was well supplied, but trade was very slow and prices bad. There was a fall of 20/- to 25/- per head in cattle as compared with the Dungarvan March Fair a few weeks ago.

OCEAN VIEW HOTEL.

A grand dance will be held at Ocean View Hotel, Clonea, on Easter Sunday night, 16th inst. The music on the occasion will be supplied by Sean O'Farrell, Clonmel and his Band. Tickets 2/- (including tax). Supper extra. Dancing 10 p.m. This promises to be a rare night's enjoyment by the sad sea waves, and now that the Summer is due according to the programme there is no reason why everyone should not enjoy themselves.

PRICE OF PIGS.

At Cappoquin Bacon Factory, 5s.

DOWN AGAIN.

The mighty American Airship—Akron—that cost over a million to build, was lost with 75 passengers this week while going on a cruise outside New Jersey. Another Airship which went in search of the drowned one also collapsed in the sea.

FARMERS' MEETING.

An Executive meeting of the County Waterford Branch of the National Farmers' and Ratepayers League, will be held in the Town Hall, Dungarvan, on Saturday, April 15th, at 4 p.m. Important business will be transacted on the occasion.

"THE UPPER ROOM."

"The Upper Room"—a Drama of Christ's Passion, by Monsignor Benson, will be produced at the Convent school, Stradbally, on Wednesday and Thursday, April, 19th and 20th. Doors open at 7 o'clock (old time).

A BIG SELECTION.

Of Irish Poplin Ties, in all latest stripes and spots for Easter. The House for Irish Poplin and neck wear, Phil Walsh, Outfitters, Square.

MOTOR SMASH.

At the Circuit Court, on Thursday, before Mr. Justice Sealy, Mr. M. J. Connors, Dungarvan, sued John Ryan, Victualler, Tallow, for £30 damages, resulting from a collision in O'Connell Street, Dungarvan on December, 6th, last.

There was a counter claim by Ryan against Connors for damages to his car on the occasion.

Mr. M. Molloy, B.L. (instructed by Mr. Farrell, solr.), for plaintiff.

Mr. E. A. Ryan, solr., defended. After hearing the evidence, His Lordship held defendant was liable, and gave plaintiff a decree for £10 and expenses. He dismissed the counter claim. Full report next issue.

Stanly v. Waterford Co. Council.

Before Mr. Justice Sealy, K.C., at Dungarvan. This was an action (remitted from the High Court) by John Stanly, Garrison, Tallow, against the Waterford Co. Council, for £500 damages, owing to the flooding of his land by the negligence of the defendants in allowing the bed of a stream which flows on the roadside outside plaintiff's land to become silted up, thereby causing flooding on the lands.

His Lordship, after having heard the evidence dismissed the action and mentioned £5 as damages if the case was to be brought further. Full report next week.

CO. WATERFORD JUNIOR
HURLING CHAMPIONSHIP.

On Sunday an interesting Junior
 Hurling Match in the first round of the
 Waterford Co. Championship was
 played in the new Gaelic Field at Kil-
 bree, Cappoquin, between Villiers-
 town and Cappoquin and attracted a
 very large attendance of Gaelic en-
 thusiasts from many districts in West
 Waterford. The new field had been
 very carefully laid out by the Cappo-
 quin gaeils, being completely railed in,
 with the grass closely cut, and as it is
 within a very short distance of the
 town it should provide an ideal venue
 for many important Gaelic fixtures
 during the coming season.

A second match between Kilgobinet
 and Moorehill in Junior Football had
 also been fixed for the same date and
 venue, but some days previously
 Moorehill had notified the Co. Secre-
 tary that they would be unable to field
 a team for the occasion, so that Kil-
 gobinet did not travel to Cappoquin,
 having been officially notified that they
 had been awarded a "walk-over" in the
 first round.

The hurling match, however, proved
 a very fast and exciting game, but it
 was most regrettable that a series of
 accidents occurred in the course of the
 play, as a result of which several of
 the Villierstown team were "knocked
 out" and had to be replaced by substi-
 tutes. The most serious accident
 happened in the case of Thomas
 White, a postman employed at Cap-
 pagh, who was playing with Villiers-
 town, and who received by the purest
 accident a severe blow of a hurley in
 the mouth which split his upper lip
 for which he had to get four stitches
 inserted by Dr. J. Healy, Lismore, later
 on in the evening.

Most of the accidents were due to
 over eagerness.

The weather proved very fine and
 bracing for the game which was en-
 joyed to the fullest by the large gather-
 ing of spectators present.

Play in the first half was of an un-
 usually fast and closely-contested na-
 ture, the back defences and goal-keep-
 ing on each side being so brilliant that
 a major score was out of the question.
 Villierstown, however, had
 slightly the better of this moiety, and
 turned over at half time with the slight
 lead of one point to nil.

On changing over, Cappoquin put
 more fire into their play and soon es-
 tablished a lead by scoring two points.
 Villierstown soon after responded with
 the equalising point, and excitement
 now ran high with the teams at two
 points each. In the closing stages of
 the game Villierstown made a supreme
 effort and added a further point, and
 no further flag being raised, the vis-
 itors were declared the winners of a
 hard-fought game on the score—
VILLIERSTOWN—3 points.
CAPPOQUIN—2 points.

We understand that an objection has
 been lodged by Cappoquin owing to the
 illegal constitution of the Villiers-
 town team, and the matter will be con-
 sidered at the next meeting of the
 West Waterford Board.

Mr. J. F. O'Donnell, Lismore, acted
 as referee.

WHO'S WHO IN YOUGHAL.

Strand House,
 Youghal, 1/4/33.
 The Editor 'Dungarvan Observer.'
 Dear Sir,—Is your correspondent a
 member of the Urban Council? From
 the following, it seems to me, they are
 one and the same person.—Some days
 after my letter (see below) was read at
 the Council meeting, I was told that
 one of the members of the Council was
 telling his friends that I had taken
 exception to the Council's painting of
 the beautiful young lady's negligee
 back, and had written a letter of com-
 plaint. I was much surprised to hear
 this.

But great is my astonishment to-day,
 on taking up my "Observer" to see my
 letter headed in capital letters "Pamph-
 let Denounced."

Does it denounce, or complain? I
 say it is simply a letter of wonderment
 and speculation from beginning to end.

According to your correspondent,
 the Clerk of the Council said the
 pamphlet was sent only to local medi-
 cal men and nurses "which caused
 much laughter."

I like that! Peals of laughter by
 the Council, at its own cunning in rop-
 ing in the whole medical profession to
 assist!

Why didn't the Council send for
 their own Medical Officer and say—
 "Look here doctor, we notice you're
 not over-worked, so we want you to
 give us a hand and "push" this Radi-
 ator for all you are worth. Show your
 patients this picture and tell them its
 not medicine they want, but artificial
 sun-burn on their backs by one of our
 Radiators."—Yours truly,

L. RONAYNE.

Pamphlet Denounced.
 In connection with a pamphlet on
 "The Radiation Home Clinical Gas
 Lamp" which the Clerk said was sent
 only to local medical men and nurses,
 which caused much laughter, the fol-
 lowing letter was read:—

Strand House,
 19th March, 1933.
 Gents.—I got yesterday your life-like
 coloured picture of the beautiful
 young lady gracefully laughing her
 negligee back before one of our
 radiators.
 I assume you are sending these out
 broadcast—if so, I wonder why the
 picture first submitted to and approved
 by our Spiritual Director. I won-

Dungarvan Cow-Testing Association.

MOST SATISFACTORY RESULTS.

The Annual Meeting of the above
 was held in the Courthouse, on 25th,
 March. Mr. Daniel Dempsey, Presi-
 dent, in the Chair.

The Supervisor (Mr. T. Smyth) sub-
 mitted the following report as to the
 working of the Association during the
 year 1932.

The Supervisor's report was unanim-
 ously considered most satisfactory,
 and after a general discussion on same,
 the meeting ended.

Annual Report.

Mr. Smyth's report was as follows:—
 During the year ended 31st Decem-
 ber, 1932, 228 cows have been under
 test in your Association, and complete
 Records are available for 204. The
 average yield per cow was 6,300 lbs.
 of milk, 239.94 lbs. of Butter-fat, with
 an average Butter-fat test of 3.81 per
 cent., being an increase of 58 lbs. of
 milk and 2.71 lbs. of Butter-fat over
 the 1931 season. At 1/- per lb. for
 butter-fat and 1d. per gallon for sepa-
 rated milk, the average earning capa-
 city of each cow on list was £14 is 11d.

The average yield for the 5 best cows
 in the Association was 11,493 lbs. of
 milk; 456.37 lbs. of Butter-fat, with an
 average Butter-fat test of 3.99 per cent.
 The 5 worst cows averaged 2,813 lbs.
 of Milk, 105.15 lbs. of Butter-fat, with
 an average Butter-fat test of 3.71 per cent.

The cow with the highest milk yield
 in the Association was again Mr.
 Michael Ryan's Registered Dairy Short-
 horn Cow "Chance 1st." Although 10
 years old, this cow yielded 1,251 gal-
 lons of milk with an average Butter-
 fat test of 3.55 per cent. In Mr. Ryan's
 herd, 8 cows exceeded 1,000 gallons
 per cow. The Christian Brothers
 Schools' herd, had again the highest
 average milk yield in the Association,
 the whole herd averaging 8,854 lbs. of
 milk, 354.01 lbs. of Butter-fat, with an
 average Butter-fat test of 3.95 per cent.

Taking the analyses of all cows on
 test during the year—4 gave under
 3,000 lbs. of milk; 46 gave between
 3,000 and 4,000 lbs.; 31 between 4,000
 and 5,000 lbs.; 42 between 5,000 and
 6,000 lbs.; 42 between 6,000 and 7,000
 lbs.; 29 between 7,000 and 8,000 lbs.;
 16 between 8,000 and 9,000 lbs.; 6
 between 9,000 and 10,000 lbs., and 13 ex-
 ceeded 10,000.

You will note from the foregoing
 Table that there are still a number of
 low yielding cows in the Association,
 and it is feared that some members are
 not carrying out the recommendations
 of the Department, and the main ob-
 ject of the Scheme, in getting rid of
 cows which are proved an actual
 source of loss to their owners. A num-
 ber of cows were sold during the year
 as unprofitable, but not at all in pro-
 portion to the number that should
 have been actually disposed of for that
 reason, and it is hoped that an endea-
 vor will be made during the current
 season to get rid of these poor milkers
 whose retention is an obstacle to any
 member with a genuine desire to grade
 up his Dairy Cattle.

It is distinctly encouraging, how-
 ever, to note the consistent improve-
 ment that some members are making
 in their milk yields, and the following
 table showing the steady increase in
 the average yield of one member's
 herd of 20 cows during the past 5
 years is interesting:—

	Milk (lbs.)	Butter-Fat (lbs.)
1928	5,518	192.45
1929	5,889	435.29
1930	6,488	225.54
1931	6,579	244.03
1932	6,841	250.89

Eight cows were put forward for
 inspection in 1932, and of these 7 were
 accepted and placed on the Depart-
 ment's Register of Dairy Cattle. 4,000
 milk samples were taken and tested
 during the year, and 219 visits were
 paid to members herds for the purpose
 of taking samples and checking milk
 weighings.

Twenty-four Calves were tattooed
 during the year. While this number is
 above the average for previous years
 there is still large room for improve-
 ment in view of the fact that there are
 48 Registered cows and 10 approved
 Bulls in the Association.

Three Premiums were awarded at
 Bull Sales and Shows during the year.
 Mr. Hennessy, Killosera, securing two,
 and Mr. Flynn, Ballymacmague, one.
 At Cork February Show and Sale, Mr.
 Hennessy's Pure Bred Entry had the
 distinction of being first in his class,
 and was sold for the record price of
 400 guineas.

Your Association has been strenght-
 ened in 1932 by the addition of three
 new members, and is now in sound
 condition, and I have had no com-
 plaints to make regarding the milk
 records kept by members during the
 year, and I trust that this satisfactory
 state of things will continue during
 1933.

In concluding, I wish to thank the
 President and members for their co-
 operation which has helped to bring
 about a very successful year's working.

Magistrate: "Why did you go for
 a walk through this field?"—Small
 boy: Because there was no notice up
 saying "Trespassers will be persec-
 uted."

der also if it was broadcasted by the
 unanimous decision of the Council?
 Possibly it was sent out surreptitious-
 ly by some of the mixed bathing ad-
 vocates! A sort of breaking us in to
 what we soon expect on the Strand!
 Yours truly,

C. R. L. RONAYNE.

The Menace of Communism.

In a lecture in Dublin, Rev. Fergal
 McGrath, S.J., dealt with the develop-
 ment of the devotion to Christ the
 King, and its effect in preserving a
 just balance in the Catholic mind up-
 on the two vexed questions of civil
 authority and private property.

Father McGrath dealt with Com-
 munism, and said only one aspect of
 it concerned the lecture—its religious
 aspect. Further, the aim of the lec-
 ture was to show that Communism
 was not only always and essentially
 anti-religious, but that it was always
 and essentially anti-religious because
 it had gone wrong on the point of
 civil authority.

To establish the constant and essen-
 tially anti-religious nature of Com-
 munism, Father McGrath quoted pas-
 sages from official Communist publi-
 cations.

"Religion in the U.S.S.R." by E.
 Yaroslavsky, leader of the League of
 the Godless, stated (P.16)—(1)
 Every Communist, every class-con-
 scious worker and peasant, must be
 able to explain why a Communist
 cannot support religion; why Com-
 munist fight against religion." P.34
 (2)—"The history of the Catholic
 Church is . . . a chronicle of unex-
 ampiled villainy and of crimes perpetr-
 ated against the people . . . A man
 may commit any crime, but on the
 payment of a certain sum he can re-
 ceive a pardon from the Pope, and not
 only for sins already committed, for
 cash you may have your future sins
 redeemed in advance." P.10 (3)—
 "The Five Year Plan, which maps out
 our economic construction, is riveted
 to another and a concurrent Five Year
 Plan designed to tear up the roots of
 religion."

Father McGrath said Communism
 was a complete system, in which the
 Communist had endeavoured to get
 rid of the idea of an Omnipotent God,
 but found it cropping up again as the
 omnipotent State.

"As the welfare of the State," said
 Father McGrath, "is the supreme end
 of man, all spiritual aspirations are
 high treason. Hence anti-religion. As
 the welfare of the State is the supreme
 end of man, all classes who assert in-
 dependent rights are criminals. Hence,
 class warfare. As the welfare of the
 State is the supreme end of man, the
 family has no separate rights. Hence
 the attack on family life. As the wel-
 fare of the State is the supreme end of
 man, private ownership of the means
 of production is anarchy. Hence State
 ownership of all means of production
 and distribution."

It was clear that the Communist
 was logically driven into his anti-re-
 ligious position by the fact that he had
 gone wrong on the question of civil
 authority.

He ignored the independent rights
 of the individual, of the family, of the
 Church, and above all he ignored God
 from whom all authority came to the
 State itself.

In this lecture an antithesis had been
 set up between Christianity and Com-
 munist rather than between Christian-
 ity and capitalistic abuses of autho-
 rity, because it was not impossible
 that the future might see a life and
 death struggle between the two for-
 mer. Would the present capitalistic
 system collapse before the onslaught
 of Communism? The issue was not
 clear.

"You have," said Father McGrath,
 "many small countries like Denmark,
 Switzerland, and our own, where the
 evils of capitalism are not so marked.
 You have the anti-communist forces
 of Fascism and Hitlerism, though
 these themselves are forms of material-
 istic State worship. You have the
 conservatism of England and her
 colonies. You have the possibility of
 the rapid collapse of Communism
 even in Russia. But if Communism
 does overrun Europe its only serious
 rival will be the Catholic Church."

Now that the Church will defend
 the present capitalistic system. No;
 she will defend a sane and balanced
 system in which private property is
 neither abused by the capitalist, nor
 abolished by the Communist, but hon-
 ored as the strongest safeguard of
 human liberty.

Father McGrath explained how the
 devotion to Christ the King took root
 and traced its progress, and then said
 that true devotion to Christ the King
 would help Catholics to preserve their
 spiritual balance. It would remind
 them that civil authority, though men
 abuse it, is of divine origin, and that
 all their efforts are exercised in a
 Christian way, thus restoring in the
 minds of men its greatness and sanc-
 tity; would remind them that property
 so often misused, was in itself the
 strongest safeguard of man's liberty,
 and therefore a sacred thing.

It would urge them to work to re-
 store that ideal of property by strenu-
 ously combating the abuses that de-
 feled it, by endeavouring to secure the
 possession of some modicum of prop-
 erty to as many of their fellowmen
 as possible, and where that was im-
 possible, by securing to them the best
 equivalent, steady employment and
 decent homes.

It would remind them of the univer-
 sal sovereignty of Christ. The objec-
 tion was made that the Catholic
 "drags religion into everything." He
 did not and could not, because he
 found religion in everything, which in
 the present order, meant that he found
 Christ in everything. It was as nat-
 ural for the Catholic to turn to Christ
 for the solution of the most modern
 problems in politics and economics as
 to hold up Christ as a model of good-
 ness to his own smallest child.

YOUGHAL URBAN COUNCIL.

Present—Mr. J. R. Smyth, P.C., Chairman, Mrs. S. Hurley, P.C.; Capt. P. Dunne, Messrs. D. Donnelly, E. Clancy, T. Beausang, M. D. Broderick, D. J. Lincan, J. Whelan, P. J. O'Gorman, P.C.; P. J. McMahon, P.C.; J. Kennedy, and M. J. Fleming.

Wages, Etc.

On the proposition of Mr. McMahon, seconded by Mr. Lincan, a cheque for £70 17s. 9d., wages, etc., for the week was passed.

Housing Contracts.

Two tenders were received for the erection of ten Workmen's Houses at the Sea View Site, and ten at the Gas Works Site, according to plan N° 1. The work to be done in concrete.

The tenders were read out as follows:—No. 1, Sea View Site, (all-in cost) £3,200; Gas Works Site (£3,241 4s. No. 2, Sea View £3,285 4s. 1d.; Gas Works, £3,144 10s. 4d.).

Mr. McMahon, proposed that as No. 2 was the lower, it be accepted, subject to the sanction of the L.G.

This was seconded by Mr. Whelan. Mr. Kennedy—Would you not give one lot to each?

The Chairman—We couldn't do that. Mr. McMahon—Why should we?

The proposition was then passed unanimously.

The Chairman said the successful contractors were Messrs. Murray and Son. The other contractor was Mr. P. Kenally.

Acknowledgments.

Letters acknowledging resolutions of sympathy from the Council were read from Mrs. Butler, Knockaverry, on the death of her husband; Mr. P. Griffin, on the death of his brother; Mrs. Griffin, Mall, on the loss of her son John and Mrs. Brennan, Junr., on the loss of her husband.

Royal Humane Society.

The Clerk read a letter from the Royal Humane Society, stating that the recent rescues in Youghal Harbour, having been effected from a boat, did not come within the scope of their recognition. That also applied to the rescue of P. Morrissey, by Richard Maraga. Regarding the rescues effected by Thos. McGrath, and by Messrs. Quaine and Buttiner, they didn't come up to the standard required by the Society.

Mrs. Hurley—As a body the Committee of that Society ought to get medical advice—they must be suffering from softening of the brain (laughter).

R.N.L.I.

The Royal National Lifeboat Institution, wrote acknowledging the Council's letter of the 25th March, relative to the rescue effected off Youghal on the evening of the 21st, March. That Institution had an agreement with the Board of Trade under which a case of the kind off the English coast would fail to be considered by the Board with a view to reward, as both boats were at sea at the time. The Institution only considered cases where the rescuers put out from the shore specially to go to the aid of the boat in difficulties. That principle had been accepted as regards the Irish Free State by the Department of Industry and Commerce, Transport and Marine Branch, and they suggested that the case be placed before them with a request that it should be considered for recognition.

The Clerk said he had already put then facts before the Department as suggested by the R.N.L.I.

Butler Fund.

Mr. Donnelly drew attention to the Butler Fund which had been started by the Council. Further action ought to be taken.

After a short discussion it was decided on the suggestion of Mrs. Hurley to extend the date of closing to the 20th April.

Mr. McMahon thought that all funds of that kind would be better handled by outside committees. That was his experience.

The Chairman expressed his agreement with Mr. McMahon's remarks.

Railway Cottages.

Dr. T. Kennedy, M.O.H., submitted a report regarding the sanitary arrangements of the Railway Cottages. He recommended that the present system should be replaced by a modern one.

The Clerk was instructed to forward a copy of the report to the Railway Company, with a request that the M.O.H.'s recommendation be complied with.

Concert and Ceilidhe.

The local Branch of the Gaelic League, applied for the use of the Town Hall, on April 20th., to hold a Concert and Ceilidhe.

On the proposition of Capt. Dunne, seconded by Mr. Donnelly, the application was granted unanimously.

Building Extension.

In connection with the application of Mrs. Hurley, for permission to enlarge her residence on the Strand, by bringing portion of the front to the railing on the road, the Clerk said that the Committee which visited the place "agreed to differ" on the question of the legal rights of the adjoining owners.

Replying to Mr. McMahon, the Clerk said in his opinion, the question involved didn't come within the scope of their bye-laws. It was a matter between Mrs. Hurley and her neighbours and something that they should not interfere in.

Capt. Dunne—Mrs. Hurley is building on her own ground. No action was taken.

Clerk of Works Sanctioned.

The L.G. wrote sanctioning the appointment of Mr. M. J. Galvin, as Clerk of Works, on the Housing Scheme, at a salary of £4 per week.

Removal of Infected Clothes.

The M.O.H., reported a case of scarlatina. Mrs. Hurley asked how had the infected clothes been conveyed to the Disinfecting Chamber.

The Chairman—I don't know. Mrs. Hurley—I think you ought to inquire.

This was agreed to.

PIG AILMENTS.

CONSTIPATION AND GRAMP.

Constipation is the most common of ailments in pigs, and one of the best cures is medicinal paraffin, 2 ozs. to 8 ozs., according to the size and age of the patient. If castor oil is preferred, a dose should be about 3 ozs.; or, if Epsom salts is given, 4 ozs. to 8 ozs., to which a half to one dram of nux vomica should be added. Little solid food should be given, chiefly wash and a small allowance of roots for twenty-four hours. In serious cases injections of soap and warm water into the rectum must be resorted to.

To correct acidity of the stomach, each pig should be given a teaspoonful of bicarbonate of potash in its food every day for four days.

Cramp is chiefly due to cold, damp sties on low marshy ground, though the retention of urine at night may account for obscure cases. Rheumatism, which is sometimes confused with cramp, is another painful ailment, and the cause appears to be hereditary to a certain extent, or bred in the blood, for some strains are more liable to it than others. Bad conditions will foster it. For cramp and rheumatism a warm and dry sty, with plenty of clean bedding, is best for sufferers, and the food should not be heating. Plenty of vegetables and roots should be given, also an occasional aperient.

The limbs may be rubbed with liniment made up of spirit of turpentine 2 ozs., liniment of belladonna 1 oz., spirit of hartshorn 11 oz., and olive oil 2 ozs. Serious cases should be turned into cash as soon as convenient.

HURLING.

At Davin Park, Carrick-on-Suir, on Sunday, Carricksbock (Co. Kilkenny), had an easy victory over Carrick-on-Suir, in a challenge hurling match. The final scores were—Carricksbock 4 goals 4 points; Carrick-on-Suir—1 goal 3 points.

Blackwater Fisheries.

Mr. J. Kennedy, Chairman, presided at the monthly meeting of the No. 4 or the Lismore Board of Blackwater Fishery Conservators, and the others present were—Capt. P. Dunne, J. Power, W. O'Brien, W. Baldwin, E. P. Maxwell, T. Murphy.

Messrs. Drohan, Clerk, and Inspector and W. Buckley, Assistant Inspector, were also in attendance.

Sanction.

A letter was read from the Minister of Lands and Fisheries, sanctioning the payment of £5 to delegates from the Board attending the Conference of Irish Conservators of Fisheries.

Approval.

The Minister wrote approving of the acceptance of Mr. P. Joyce's tender for the erection of a fishery hut at Clondulane.

Fidelity Bond.

Another letter was read stating that in view of the large sums of money involved, the amount of the Clerk's fidelity bond should be increased to at least £1,000.

The Clerk agreed to comply with the suggestion.

Mr. J. H. Hallman, Clondulane Mills, Fermoy, wrote stating that he hadn't forgotten that it was necessary to put down fry grating. The river was too high just at present; but he expected that the work would be completed within the present week.

Monthly Report.

The monthly report was read as follows:—I have to report the following seizures and detections since the last meeting by the Board's patrols:—Coonen Area, 4 illegal nets; Ardsalagh 5; Youghal area 4. Men detected fishing on Sunday night, 5th March, at 10.30 p.m. The nets, etc., were seized. Summonses had been issued in these cases. A net measuring 115 yards was found abandoned in Ardmore Bay on 13th March. Boats were measured in this area and nets found to be in order. 2 cots were observed on 11th March, about 9.30 p.m., apparently fishing. They escaped downstream. On the following night the bailiffs while proceeding up the river near the Killahalla roadside were stoned. No boats were observed fishing in that area on that night. The Coonen bailiffs were stoned near Ballynash on Saturday night, 4th March, about 10.30 p.m., as they were going towards the land.

The Assistant Inspector said that boats had been interfered with and damaged in the upper reaches of the river.

Votes of Sympathy.

The Clerk said he deeply regretted to call the Board's attention to the facts that since their last meeting three members of the Board had sustained sad bereavements—Mr. Kent having lost his brother, Mr. Stafford, his wife and Major Longfield, his father. Capt. Longfield had been Chairman of that Board for many years under the old regime and a striking tribute was paid to his memory by the large cortege, who attend the funeral.

The Chairman said he felt it his melancholy duty to propose votes of condolence with their esteemed colleagues. He (the chairman) had been vice-chairman under Capt. Longfield and he could truthfully say that he had never met a more straightforward or upright gent. He therefore suggested that the Board adjourn after doing necessary business.

Capt. Dunne, seconded. All the other members asked to be associated with the votes of sympathy which were adopted.

The Chairman also proposed a vote of sympathy with the relatives of the two Youghal fishermen drowned recently.

This was seconded by Capt. Dunne, joined in by the other members and passed.

The Clerk said that Lord Cavendish had sent in his resignation from the Finance Committee and suggested the appointment of Mr. E. E. Hey, Secretary of the Lismore Estates Co., Ltd., in his stead.

On the proposition of Mr. Power, the Chairman was appointed on the Finance Committee.

Mr. Maxwell said it would be desirable to have three members on the Committee.

Replying to the Chairman, the Clerk said they were rather shorthanded at present owing to the financial condition of the Board, but they were doing the best they could in the circumstances.

Mr. Murphy said there seemed to be a lot of poaching going on in the vicinity of Villierstown. There was nothing like that in the Youghal area.

The Chairman—How do you stand for funds?

The Clerk said that after paying the cheques before that day, they would be overdrawn about £150. The valuation of the river was £4,881 and the rate struck at 10/- in the £. Out of the first moiety he had received only £46. There was over £800 that could be easily paid, but it hadn't been.

Mr. Murphy—Before we put a net on the river we have to fork out.

The Clerk—There is also a substantial shortage in revenue from licenses of all kinds this year—snap nets, rods, etc., so that we are hampered.

The Chairman said he couldn't see why the big amounts referred to by the Clerk should not be paid. They wanted the money badly for the protection of the river.

Capt. Dunne said he was informed that one of the big ratepayers mentioned had received £1,700 for his fishery. Therefore there was no excuse for his not paying his rate.

The Clerk—It is the great trouble all over with Co. Council and other bodies.

The Chairman said the Poor Rate was a different thing altogether. The people referred to had got paid for their fishing and why not they pay their rates as the money was needed.

The Clerk—There seems to be a terrible shortage of money.

Mr. Power—The people you refer to are not short of money.

The Chairman—If we don't get the rates in we can't protect the river. Capt. Dunne said if they didn't get the rates in, they ought to withdraw the bailiffs and let the river free.

Mr. Murphy—That is what I was going to suggest.

Mr. Maxwell said there were many farmers adjoining his waters who had not let their fisheries. In the circumstances they might be slow in the payment of their fishery rates.

Mr. Buckley gave the names of a number of riparian owners who hadn't let their fisheries.

Mr. O'Brien—If the men can't pay what are you to do?

Capt. Dunne—Then let it be a free river.

The Chairman said they were unusually short of funds that year.

The Clerk said they had to pay £250 with insurance, etc., in connection with the purchase of the new motor boat.

Mr. Murphy—I said at the time that she would be a big burden on the Board.

The Clerk—And your ordinary revenue has fallen considerably.

Mr. Murphy—And you only struck a 10/- rate.

The Clerk was instructed to write to the large ratepayers mentioned, asking for early payment in view of the financial stringency.

The meeting then took up the question of the appointment of distribution of bailiffs in the upper reaches with a view to coping with the poaching complained of.

Mr. Buckley said there were several points, around Ballyhooly, etc., which required careful watching as there were big runs of fish.

Mr. Murphy—I wish you send some of them down to us (laughter).

LIQUID MANURE.

A VALUABLE FERTILISER.

Liquid manure is the most valuable of all farm waste, more valuable than the solids themselves, for, while a great proportion of the nitrogen in the solids can hardly be said to be of use to plants, the liquid manure is readily assimilated by them. Unmixed it is often too concentrated to be applied indiscriminately, and delicate growing plants may be injured by it, but, where used with discretion, grassland and crops of the cabbage family benefit to a far greater extent than from manure applied in any other form.

Early applications of liquid manure have a particularly beneficial effect upon spring cabbages, autumn-sown spinach, etc. It can also be given advantageously to fruit trees, including apples and pears. Where liquid manure is used for fruit trees, applications should be made only after the fruit has set. In the course of the succeeding fortnight another watering may be given, while if the season is exceptionally dry a third watering will prove beneficial. Old orchards do not get the assistance they deserve, and if this valuable fertiliser could be applied either to poor pasture lands or orchards, the labour expended would be well repaid.

Both from a sanitary and an economical point of view, attention should be given to the storage of liquid manures. If the surface of the farmyard or dungstead is porous the liquid drainage will be lost. It should, therefore, be made watertight, either by a concrete paving or a well-beaten layer of clay, overlaid by rubble. In all cases, the surface should have an appreciable slope away from the cowsheds. A pit or tank can be conveniently situated some seven or eight yards distant from the back of the buildings, and to permit of proper draining the level of the ground should gradually fall from the buildings to the pit. To the latter can be connected flagged drains, leading from the cowsheds, stables, pigsties, etc.

CONSTRUCTING THE PIT. The dimensions of the pit will, of course depend upon the number of animals for which accommodation is provided. For a moderate number—say, twenty cows and two or three horses—a pit 6 ft. deep, 20 ft. in length, and about 7 ft. broad is required, and the sides must be walled in with rough stones or bricks. A thick coating of good cement will make the bottom and sides watertight, and the edge of the pit may be finished off with coping stones or any material which may suggest itself. A cover is necessary, and this can be well provided in the form of railway sleepers.

The pit is emptied by means of a pump, capable of dealing with sediment and not liable easily to get out of order. The manure may be mixed with from three to four parts of water, the latter when animals are being fattened, and it should not be applied until diluted.—"Farmers' Gazette."

**CAPPOQUIN NOTES.****PAINLESS KILLING OF PIGS.**

On last Friday morning a very interesting demonstration was given in the Cappoquin Bacon Factory of the working of a new electrical apparatus for the humane or painless killing of pigs. The old system in vogue in most Factories and Abattoirs is to sing the pig up by the hind legs to an iron rail overhead and then stick the animal through the throat, which naturally causes untold suffering for the animal, as has been proved by its piercing squeals as it slowly bleeds to death.

The apparatus demonstrated on this occasion is named "The S.R.V. Electro-lethalizer, No. 2," which is manufactured by The General Radiological and Surgical Apparatus Co., Ltd., 204-206, Great Portland Street, London, 1.

By the use of this instrument a pair of insulated tongs is attached immediately behind the ears of the pig and connected with the electric current of the premises and the current switched on by means of a control switch on the right handle of the tongs. The current is applied for from five to ten seconds, after which the pig is reduced to a state of complete unconsciousness.

It is essential that the pig should be hoisted and stuck as soon as possible as the animal is by no means dead or electrocuted, but simply reduced to a state of insensibility, and if not stuck quickly it will slowly recover after two or three minutes and will be able to walk around the pen without showing the slightest sign of fear or pain. It is claimed for this apparatus that it provides a humane method of stunning the animal before being stuck, so that the pig feels no pain, and further that "splashing" in pork is entirely avoided and that the bleeding is 13 per cent. better than the old method of bleeding, and 30 per cent. better than when any other form of stunning is employed, while the curing of hams is not adversely affected in any way.

Fortunately, there was a large number of pigs awaiting "execution" on Friday morning, and by means of the new apparatus they were all quickly slaughtered without a hitch, and in complete silence, which proved a welcome contrast to the ear-strain produced by the loud squealing of the animals when killed under the old system. The demonstration was effectively carried out by Mr. Fiencham, on behalf of the manufacturers, and was witnessed by all the employees of the Bacon Factory who displayed the greatest interest in the operations.

Amongst those also present were Mrs. R. H. Keane, and her sister, Lady Hurst, Mr. R. L. Keane, Mr. James Lincoln, Manager, Bacon Factory, Mr. C. P. Hynes, V.S., Lismore; Mr. Maxwell, Moorehill; Captain Maxwell, do.; Mr. Holroyd Smyth, Ballinacraig; Mr. R. Bell, Manager, Cappoquin Estate Co.; Mr. J. O'Leary, Cappoquin; Mr. J. V. Conway, do.; Mr. Aidan Walsh, do., etc., and so satisfactory did the demonstration prove to the management to make the Cappoquin Bacon Factory one of the most up-to-date concerns of its kind in Munster.

Won't all the pigs in the County be anxious to get killed in this Factory in future, knowing full well that they will be properly "cured" after a short time?

EASTER SUNDAY NIGHT'S DANCE.

The annual grand dance under the auspices of the Rowing Club will be held in the Boathouse Hall on Easter Sunday Night, 16th inst., and should prove one of the most attractive social functions held in Cappoquin for a long time.

Music will be provided by the "Ubique" Orchestra, Lismore, which will be specially augmented for the occasion, and with excellent catering arrangements in the hands of Mr. G. Watson, Cappoquin, a great night's enjoyment is assured for all. See advt. elsewhere.

CRICKET AND ROWING.

The members of the Cricket Club intend to formally open the practice season on next Sunday, 9th inst., which will synchronise with the starting of Summer Time, which we hope will also bring us a burst of real Summer weather.

Several important matches have already been arranged by this progressive Club, and a busy and most enjoyable season is promised during the coming Summer months. We hope the members of the Rowing Club will also settle down to real practice after Easter.
